### Student Found To Have Hepatitis

The ailment of a fifth grade student in Bronte School has been diagnosed as infectious hepatitis, according to Supt. C. B. Barbee. The student is Debbie Geist, daughter of Mr. and Mrs. Jack Geist. The superintendent issued a memorandum Wednesday to parents and students which stated that this one case is the only one

known among Bronte School students. Some of the symptoms of the disease were listed in the memorandum, but it was emphasized that anyone who suspects that he has the disease should consult his family physician. Barbee stated that there is no reason for undue alarm, and there is no reason to keep children

home from school.

He suggested that parents watch for the symptoms of the disease and take proper steps to determine its presence if symptoms are found. Debbie is not considered seriously ill, and is being treated at home.

### CLEARING DEBRIS

Workers were busy this week clearing out the debris in the old Stevens building on Main Street.

The roof of the building fell in several months ago. The building has not been in use for several years.

### AD-LIB-BEN

There's just no use in being coy or blase about the certificate we received at the football banquet Monday night. We were thrilled to get it and appreciate it very, very much.

The certificate was inscribed as follows:

"The Texas High School Coaches Association presents this Outstanding Service Award to Bronte Enterprise 1967 in recognition of exceptional coverage in the promotion of high school sports. Coach: Cecil Toliver. Executive Director: L. W. McConachie."

We are grateful to the Longhorn football team, which provided us with news really worth covering, and to Coaches Cecil Toliver and Tommy Walter and Supt. C. B. Marbee for recommending us for this honor.

Things are not too well in Washington this week. The President, in addition to his regular chores of dealing with a Congress which sometimes opposes him on various issues, is also confronted with the problem of finding a solution to piracy of an American ship at the hands of North Korea.

Problems of this kind are like walking a tight rope: you'll get hurt if you fall off either side.

To make things doubly bad, this is an election year, and Mr. Johnson has to take into consideration the effect his every move will have on his political fortunes.

First National Bank still has some HemisFair tickets for sale. Anyone who plans on taking in the World's Fair this year in San Antonio would do well to take advantage of the reduced prices at which the tickets may be purchased ahead of time.

Hospitality is the art of making people feel at home when you wish they were.

Wonder why it is that folks who want to leave parties early are always married to the folks who don't.

### New License Tags On Sale Thursday

County Tax Assessor-Collector O. B. Jacobs will just barely get through registering voters and collecting taxes in time to start selling license plates Thursday morning. Sale of the new car tags starts Feb. 1 and continues through March 31.

The new tags will be black with white lettering, and for the first time since 1936 will be im-

printed with something besides the year, the word "Texas" and the license number. The plates will have the word "HemisFair" imprinted on them, as an advertisement for the World's Fair which opens in April in San Antonio.

Jacobs said vehicle owners are required to bring four items when they come to his office for license plates: 1. certificate of title; 2. 1967 license receipt; 3. current resident address; 4. zip code.

### Catholic Rites For Miss Gutierrez, 49

Funeral services for Miss Leocadia Lopez (Calla) Gutierrez, 49, were held at 10 a.m. Monday in St. James Catholic Church here. Burial was in Fairview Cemetery under direction of Williams Funeral Home.

Miss Gutierrez, long time resident of Bronte, died at 9:30 p.m. last Thursday in John Sealy Hospital in Galveston after a short illness. She had been taken to the Galveston hospital Tuesday.

She was born Dec. 9, 1918 in Mariposa. She was a member of the St. James Catholic church. She had been employed for many years by Dr. and Mrs. John R. Harris.

Survivors include her father, **Continued on Page 2**

State law requires that each owner register his vehicle in the county in which he resides and to present his certificate of title as evidence of ownership.

Jacobs had received a total of 3148 plates to take care of the 11 vehicle categories which require licenses. Most of them are for passenger cars, with lesser numbers for trucks, farm trucks, truck tractors, farm truck tractors, trailers of various classifications and weights, federally owned vehicles and machinery vehicles.

State Highway Engineer J. C. Dingwall announced recently that he expects Texas vehicle owners to purchase approximately 7 million tags during the next two months.

A total of 1587 voters had registered in Coke County up until Wednesday morning, according to O. B. Jacobs, tax assessor-collector.

Wednesday was the last day to register in order to be able to vote in elections which will be held throughout the year.

### Service Held For Josh M. Stewart

Funeral services for Josh Monroe Stewart, 91, were held at 3 p.m., Saturday, Jan. 27, in the Tennyson Baptist Church. The Rev. R. L. Denton and the Rev. O. L. Frasure, both of San Angelo, officiated. Burial was in Fairview cemetery at Bronte.

Mr. Stewart died Friday, Jan. 26, in Clinic Hospital in San Angelo.

He was born July 13, 1876 in Karnes County, Texas. He came to this area more than 50 years ago. He had lived in San Angelo since 1959.

He was married to Nancy Ann Custer Dec. 16, 1896. She died Sept. 27, 1957, after 61 years of marriage.

Mr. Stewart was a member of Tennyson Baptist Church.

Surviving are seven daughters, Miss Bessie Stewart, Mrs. J. T. Conner, Mrs. T. W. Brashear, Mrs. L. R. Stuckey, Mrs. W. D. Latham, all of San Angelo, Mrs. W. V. Brashear of Sweetwater, Mrs. J. L. Carwile of Robert Lee; and two sons, E. A. Stewart and H. L. Stewart, both of San Angelo; 17 grandchildren; 24 great grandchildren; two great-great grandchildren; two brothers and one sister, of Rockport.

### JUNIORS TO PLAY

Bronte junior high basketball teams will play at Highland tonight (Thursday). Game time is 6:30 p.m.

This number was considerably over the number who registered last year, when 996 signed up. However, last year was an off year, with no major elections.

Jacobs was looking for quite a number of persons to come into his office Wednesday and sign up. Also, applications received by mail which were postmarked before the Jan. 31 deadline will be honored.

This year will provide lots of use of voting privileges. Elections will be held for offices of the Presidency of the United States, down through other federal positions, state, district, county and precinct.

In addition, the voter registration certificate is required to participate in city, school and special elections.

### Bronte Basketball Teams Win, Lose During Past Week

Bronte High School's basketball teams had a good night Tuesday at Garden City after a disastrous time last Friday at Forsan.

In Tuesday night's game at Garden City the Longhorns downed their opponents with an 81-37 score. Doug McCutchen was high pointer with 21; David Glenn made 17 and Davis Corley sank 12.

The girls also came out on the long end of a 54-39 score in their game with Garden City. Norma Pruitt was high scorer for the locals with 27. Kreta Kiker had 13, and Melissa Lee made 11.

### Forsan Games

The boys game last Friday at Forsan ended in favor of the hosts with a 64-63 score. A last second desperation shot by David Glenn almost changed the outcome, but hit the backboard and bounced over the rim of the basket. The win gave Forsan first place standing in district play. Corley led the scoring with 20; Glenn sank 13; Cahries Master-son and McCutchen each made 10.

The girls also lost their contest to Forsan by a 64-52 margin. Pruitt was high pointer with 29 and Lee sank 18 points. Forsan girls also lead the district competition.

The teams will play at Sterling City Friday night, and at Water Valley next Tuesday. Next home game will be Thursday, Feb. 8 when Abilene Christian High School will be seeking revenge for their recent defeat by the Longhorns.

## '67 Longhorns Honored Monday At Banquet; Tech Coach Speaks

Every member of the great 1967 Longhorn football team was given an ovation by the crowd which was present for a football banquet Monday night in Bronte School's old gymnasium. Highlight of the evening was the introduction of squad members and presentation of jacket and blanket awards.

Coach Grant Teaff of the Texas Tech Red Raiders was the featured speaker of the evening. He told of the reputation of Bronte School for giving its students quality education, "not only in athletics but in all phases of high school work."

Teaff brought out three main points in his talk which he said he would like to leave with the football players and other young persons present. He urged his listeners to: 1. Always do the very best you can with what you have; 2. Have a will to win, not just a wish to win; 3. Always take God with you.

J. T. Henry served as master of ceremonies for the affair and presented various persons on the program.

Following a meal which was served by a San Angelo catering service, a vocal quartet made up of Susan Cumbie, Janet Lee, Melissa Lee and Bennie Carol Oglesby sang two numbers. They were accompanied at the piano by Norma Pruitt.

Coach Cecil Toliver introduced Coach Teaff who then delivered the main address of the evening. Following his talk Chardles Taylor gave two pantomime numbers.

Longhorn Club President J. B. Arrott introduced Coaches Toliver and Tommy Walter, and Coach Toliver presented the football team. Longhorns Captains David Glenn, Davis Corley and Doug McCutchen presented gifts to Coaches Toliver and Walter from the team.

Walter presented the three trophies won by the 1967 Longhorns to High School Principal James L. Golson. The trophies included the district, bi-district and the specially-designed regional championship awards.

Toliver then presented special awards to The Bronte Enterprise

and to Radio Station KRUN, Ballinger, for outstanding coverage of high school sports events. The awards were given by the Texas Coaches Association.

Jaycee President Martin Lee announced that Doug McCutchen was selected as Athlete of the Year for Bronte High School and presented him with the Jaycee plaque which will bear his name. McCutchen was leading scorer among all West Texas football teams for 1967 and was named to all-district, all-area, all West Texas and all-state football teams this year for the second year in succession.

C. O. Richards, president of Bronte school board of trustees, acknowledged the services of a large number of persons who contributed in many ways to the success of the 1967 Longhorns. Supt. C. B. Barbee mentioned the fact that Coach Toliver was selected as Coach of the Year in West Texas Class B schools.

Longhorns Charles Masterson and Keith Morris gave the invocation and benediction, respectively.

### Tim Ward's Poem To Be Published

Tim Ward, son of Mr. and Mrs. Joseph Ward Jr., has a poetry manuscript accepted for publication by the National High School Poetry Press. The poem will appear in an anthology of high school poetry, entitled Young America Sings.

Tim's poem was submitted in the spring of 1967 when he was a sophomore in Blackwell High School. Mrs. C. J. Cornett, Blackwell English teacher, was sponsor of the project.

Tim is now a junior in Bronte High School.

**March Of Dimes Making Progress; March Planned**

The March of Dimes campaign will increase tempo within the next few days, according to Elmer Hurley, county chairman. Several events are being planned.

**Mother's March Monday**

Members of the Zeta Dela HD Club and the Sorosis Study Club will conduct the Mother's March next Monday, Feb. 5, beginning at 6 p.m. Everyone is asked to have their porchlights on and their contributions ready. This is annually one of the best fund raisers for the March of Dimes. Workers will call at each house in town to distribute literature and collect donations.

**Pennies For Points**

Another event will be the "Pennies for Points" fund raiser to be held when the Forsan basketball teams come here to play on Feb. 13.

Volunteer contributions have continued to come in slowly, Hurley said. About \$140 had been collected early this week in addition to the \$118 made at the annual golf tournament.

Contributions since last week include, Mr. and Mrs. C. H. Wylie, \$100; Mr. and Mrs. E. C. Seay, \$5; Bronte Enterprise, \$10 and Mr. and Mrs. P. B. Conner, \$1.

A canvass of the business district is also being planned for the next few days.

Hurley announced this week that word has been received from national headquarters that money received in the March of Dimes will be divided as follows:

Twenty-five percent will go directly to the Medical Scientific Research Fund to further the National Foundations primary objective, the prevention of disease. Of the remaining 75 per cent, one-half will be deposited with the local chapter to finance needs in this area. The other half will go to National Foundation to help support medical care, professional and public education and other activities administered at the national level.

**Jury Panel Called For District Court**

A jury panel has been summoned and 51st District Court will convene in Robert Lee Monday, Feb. 5, at 10 a.m. Judge Joe L. Mays will preside.

A number of civil suits were on the docket, but it appeared Wednesday morning that no more than two would be tried next week. Judge Mays said Wednesday that he had been notified that two personal injury suits against Sun Oil Company had been settled.

He also said he had been notified of the death of another plaintiff and the case would have to be reworked. Another personal injury suit has been passed by agreement of the parties involved.

As a result of these actions, two civil cases remain on the docket. One is styled Ralph Richards, et al vs. Theodore R. Vasser, suit for personal injury. The other is a compensation insurance case, Thomas R. Foreman vs. Transamerica Insurance Company.

Those called for jury duty include:

Gene Baker, James C. Blair, M. K. Cheatham, Mrs. J. W. Denman, David Fernandez, Mrs. W. H. Hall, Gene Hinnard, U. D. Mathers, Hayes Prince, William M. Simpson, C. A. Counts, Mrs. Perry Post, Lendy Devoll, Fred Beatty, Ivey Eubanks, Carl Hurley, John Jacobs, and Jim Barnhill, all of Robert Lee.

Also, R. M. Andrews, Elroy Butler, Matthew Caperton, J. W. Caudle, C. E. Clark, Edward Cumbie, Marvin J. Ensor, Elmer Hurley, Frances L. Kemp, Georgia Mae Mackey, Billy G. Thomas, B. W. Waldrop, Jerry Lawhon, Mrs. Carroll Robbins, Leslie Lammers, Leonard Fletcher, and Billy Magness, all of Bronte.

Also called were Mrs. N. C. Pentecost of Sanco and Wayne Mayfield of Silver.

**4-Hers Place High In Abilene Show**

Coke County 4-H Club members exhibited several high placing animals in the Abilene Fat Stock Show last week. Walter and Jeanie Tinkler topped the list with their first and second light weight finewood lambs and also the coveted champion finewood lamb of the show. The lamb, bred by their father, Roy Tinkler, sold for \$175 in the auction sale.

Showing in the same class with the Tinklers, Konny Service and A. J. Roe III came in eighth and ninth, respectively.

Kathy Service and Jan Magness also exhibited high placing lambs. Kathy exhibited a lamb bred by J. F. McCabe, Jr., to the third slot in the light weight crossbred class. Jan, exhibiting a Hampshire lamb bred by Howard Varnadore, formerly of Robert Lee, also placed third.

In addition to the above placing, Linda McDaniel placed 19th in the large class of heavy weight crossbred lambs. A. J. Roe's lamb stood 23rd in the same class. Jan Magness' second entry, placed 26th in the Southdown class.

Three club members were successful with their swine entries. Sue Lindsey placed her crossbred pig sixth in the light weight class. Eddie McDaniel's light weight Duroc was seventh, and Darrel Pitcock was next in line in the same Duroc class.

Marvin Simpson, Jr., on his first venture in major competition, placed 20th with his light steer in a class of 50 steers.

The 4-H members next competition will be in the big Houston show the last of February. This will be followed closely by exhibits in the San Angelo Stock Show and then the Sears Foundation county and district contests in March.

**SOCIAL SECURITY REP. COMING HERE FEB. 2**

Don Mynard, representative for the San Angelo Social Security Office, has scheduled his February visit to Bronte. He will be at the city hall from 9:30 to 10:30 a.m. on Friday, Feb. 2. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

**RUNNELS BAPTIST ASSN. SETS MEETINGS NEXT WEEK**

The Runnels Baptist Association has scheduled two associational meetings for next week.

An associational youth rally will be held Saturday, Feb. 3, 7:30 p.m., at the Drasco Baptist Church.

The associational brotherhood will meet at 7:30 p.m., Tuesday, Feb. 6, at First Baptist Church in Ballinger.

The Rev. Harry K. Morris, local First Baptist pastor, said the Bronte church will be represented at the meetings.

**Gov. Connally Sets State FB Week**

AUSTIN — (Spl.) — Governor John Connally has designated the week of Jan. 29-Feb. 4 as "Farm Bureau Membership Week" in Texas.

The period officially kicks off the Texas Farm Bureau's statewide 1968 drive for new members. The TFB, now fourth largest state Farm Bureau in the nation, with 104,553 member families, has a goal of 112,000 members for 1968.

In his proclamation, the Governor paid tribute to the productivity of today's farmer and rancher, saying that our high standard of living is, in part, due to agricultural efficiency.

Coke County Farm Bureau made plans at a recent board meeting for individual members to make contacts with prospective new members during the drive.

# RUSSIA NEEDS MONOPOLIES FOR ITS PLAN

While Russian propaganda against monopolies, and Russian commerce with monopolies may seem a contradiction, it is all part of a master plan. Germany today is divided between the so-called Free Germany, and the Communist East Germany. Soviet rulers look forward to a united Germany, under their control, of course. If the Russians can encourage present day West German monopolies to become dependent on the Soviet bloc for a large share of their business, when the proper time comes, they can put the economic squeeze on West Germany, making its capitulation much surer.

## H D Agent's News Dept.

By MRS. FAY C. ROE

Fashion looks change as fast as a woman's mind and this year the look is as varied: a touch of the Thirties and the military ruffles, short jackets and waistlines belted naturally or higher. The scope is wide enough for something for every figure, age and personality.

Return of the Thirties influence has entered the fashion pictures. The long skirts and soft blouses look very feminine. The blouses feature tiny yokes, puff sleeves and are worn with a wide belted semi-full dirndl or skirt. Skirts, as one designed described them, "bouncing, swinging, flipping — one for everywhere in every mood."

The tendency goes to a slim, trim bodice and ease at the hemline.

The military flavor remains with capes, buckles, epaulets and buttoned cuff tabs. The Mao looks adds a new twist with its mandarin collars and buttons.

Colors are muted grays, beiges, browns, victorian pastels and bright prints with fabrics showing texture. Coral or shrimp is new with lots of turquoise and yellow.

The big question is hemlines. Two main lengths are being shown. The midi, which is between the ankle and knee, highlights evening wear. For daytime, hemlines will stay short, but not mini-short, just above the knee.

One Spanish house showed skirts which stop precisely four centimeters above the knee.

**Colorfast Fabrics Important**  
Buyers frequently misunderstood or completely ignored the term "colorfast" when purchasing textile furnishings for the home. Many overlook the importance of securing colorfastness in home fabrics because it is most commonly associated with the washability of apparel fabrics.

Towels, table and bed linens and similar furnishings require dyes which keep their color fresh and bright through repeated washings. But washability or colorfastness to laundering is only one side of the coin.

Colorfastness relates to a fabric's ability to maintain its fresh, true color through repeated dry cleanings, exposure to harsh sunlight, wear or rubbing in service, or stains caused by body perspiration.

Because curtain and drapery fabrics, normally are exposed to sunlight for long periods of time, prevention against sunlight fading is an important consideration when selecting any draperies or fabric.

Carpeting, upholstered furniture and fabric wall coverings exposed to sunlight may also show pronounced streaking, spotting and other discolorations if not color fast to sunlight.

Some fabric dyes are effected by perspiration and should not be used on upholstered or slip covered furniture in areas that might come in contact with the skin. Color bleeding or running on the arms or back of upholstered furniture may indicate that dyes used are not colorfast to perspiration.

Crocking, another form of poor

colorfastness, occurs when the dyes in a fabric rub off when exposed to hard wear.

Household fabrics present a big and costly challenge to consumers. Selection must be based on the best material for a specific end use.

Two standards for selecting your furnishings fabrics: family's individual wear, use and serviceability needs and be sure to use colorfast textiles.

Peggy Corley, junior student at Texas Tech in Lubbock has been here this week visiting her parents, Mr. and Mrs. Marvin Corley.

Mr. and Mrs. Bob Wrinkle and Kerry of Longview were here for a weekend visit with their parents, Mr. and Mrs. Bill Wrinkle and Mr. and Mrs. Jesse Parker.

## County Agents News Column

By **STERLING LINDSEY**

The moisture situation, according to many, is about as good as can be remembered. The prospects going into spring are much brighter than they were a year ago.

One thing that we should be watching for is an outbreak of green bugs in the small grain fields. Conditions have been perfect for about a week now for the greenbug to multiply rapidly. Some areas have been hit pretty hard already.

Greenbugs are most active at temperatures between 55 and 75 degrees Fahrenheit. Below 55 degrees Fahrenheit, the greenbugs are less active and do considerably less damage.

According to Emory Boring, III, area entomologist, Texas Agricultural Extension Service, methyl parathion and parathion, both in the two pound per gallon formulation, are very effective for greenbug control. Methyl parathion and parathion give best control of greenbugs when applied at temperatures above 50 degrees Fahrenheit.

Malathion may also be used for greenbug control. This chemical is less effective than parathion or methyl parathion for greenbug control, but may be preferred because it is less toxic. Malathion also has a shorter waiting period from time of application until the grain may be harvested or grazed. The waiting period for malathion is seven days and for parathion and methyl parathion is fifteen days before small grain can be grazed or harvested.

There has been much interest in the use of DiSyston for control of greenbugs, Boring stated. This material has just received a label in Texas and Oklahoma. These are the only two states to which this label applies. At this time DiSyston has not been considered as one of the insecticides recommended by the Texas Agricultural Extension Service for greenbug control. DiSyston can be applied according to its new label to wheat in these two states for greenbug control. When used, a waiting period of 45 days from application to harvest is required, and the wheat that is treated is not to be grazed. When DiSyston is applied to wheat, it should be applied at the rate and in the manner stated on the label which is on the container.

The winter grain mite can also do great damage this time of the year. Damage by this mite is characterized by the tips of the leaves turning brown and causing the plants to become stunted. Heavily infested fields have a grayish or silvery appearance. Plants die under prolonged heavy winter mite infestations. These mites may damage oats, wheat and barley, but they also feed on legumes, weeds and vegetables.

Winter grain mites range from 1/32 inch to 1/16 inch in length. The adult has four pairs of reddish-orange legs and the body is dark brown with a bluish cast. Winter grain mites feed only at night, remaining around the base of the plant during the day. The greatest damage is done by these mites during winter and early spring.

Methyl parathion, parathion and malathion are effective in controlling winter grain mites. These mites are generally suppressed by these insecticides but their numbers may build up later to the point where insecticidal controls are again required. Rotation to crops other than a small grain, such as cotton or sorghum, at least every two years will greatly reduce the damage caused by winter grain mites.

We hope that fertilization of

small grain fields is being considered by operators with lighter soils. In order for the fertilizer to be ready for the plants to use when the spring push comes, application should be made in the near future. Straight nitrate or nitrogen bearing fertilizers can be in a useable state in about a week, but the phosphates require two to four weeks to break down and change to a useable state. This means application should be made as soon as possible. Later applications will still do the same job, but, having the food there for the initial push would speed up the early growth.

Some may still want to do some tree pruning that has not gotten tended to. This like the fertilization, should be done as soon as possible on the dormant trees. Once the sap flow starts, bleeding is more of a problem and healing the wound becomes more difficult for the trees. If we have many more warm days, we can expect some of the trees to "crank up their motors." Pruning on a major scale needs to take place before this happens.

Douglas McCutchen, Davis Corley and Brian Richards were in Dallas last weekend. They visited on the SMU campus.

## Coke Highways To Be Sealcoated

Austin — A contract to seal coat 213.5 miles of highways in the San Angelo District has been awarded by the Texas Highway Commission during its January meeting, according to District Highway Engineer J. A. Snell.

Strain Bros., Inc., and Charles Hunter Strain of San Angelo, with a low bid of \$357,041, was awarded the contract.

The project includes the following highways in Coke and adjoining counties:

Runnels County: SH 158 from Coke County Line to Sharp St. in Bailing (18.7 miles).

Tom Green County: FM 2034 from Coke County Line to US 87 (1.5 miles).

Coke County: SH 158 from US 277 in Bronte to Runnels County Line (4.1 miles); FM 384 from US 277 to Runnels County Line (3.3 miles); RM 2034 from Tom Green County Line north 8.7 miles.

The seal coating project is expected to take 75 working days for completion, and will be under the active charge of Resident Highway Engineer R. N. Jennings of San Angelo.
