### Hundreds of Ethicon Employees Here Saturday for Annual Company Picnic

Several hundred employees of Ethicon, Inc., of San Angelo had a beautiful day last Saturday for their third annual picnic in Bronte County Park. A number of recreational activities were enjoyed during the morning and afternoon and a barbecue lunch was served at noon by Coalson's Red Barn Barbecue of Bronte.

Ethicon's plant, located on the Bronte highway east of San Angelo, manufactures surgical sutures and is one of the largest surgical supply firms in the country.

Ethicon employees had their first picnic in the Bronte Park in 1967 and returned in 1968 and

again this year. Representatives of the company said the facilities here are the best they have seen for a family style gathering such as they have each year.

City officials once again extended their good wishes to the company, along with an invitation to return next year.

#### TEACHERS TO WORKSHOP

Four Bronte School teachers plan to attend Texas State Teachers Association workshop Monday at 5 p.m. at Central High School in San Angelo. On schedule to attend the session are Mrs. Jerry Lawhon, Mrs. C. B. Barbee, Mrs. Royce Fancher and J. T. Hnery.

### Luttrells to Open Farm, Ranch Store

Luttrell Construction Co. of Bronte will open a feed, seed and farm and ranch merchandise store next week in the building which now houses the construction business. The new firm will be named Luttrell Feed & Seed. James Luttrell made the announcement this week of the addition to their business.

He said they will handle a complete line of feeds and seeds, along with other needs of the agricultural industry for this area. Red Barn products will be featured, including Red Barn Bull Shipper bulk liquid ruminant supplement, but other brands of merchandise also will be stocked.

Luttrell said he could not be sure

of the exact date for opening the new store, but it will open one day next week.

The company, founded by the late J. D. Luttrell Jr., has been in the dirt and conservation construction business for many years. The business is now carried on by Mr. Luttrell's wife, Margaret, and their sons, James and Tom.

Luttrell said they believe there is a definite need for a store to handle feed, seed, fertilizers and other farm and ranch merchandise. He said since they have plenty of space in their large building on North Highway 277, and believe the new line will work in well with their contracting work, they decided to open the store.

The 1969 football season will get off the ground Friday night with an 8 o'clock kickoff to start a game between the Bronte Longhorns and the Eldorado Eagles. A tough game is expected, but the Longhorns would like to get even with the Eagles for the 42-8 shel-

lacking they took last year in a rain soaked game at Eldorado.

Coach Cecil Toliver said the Eagles will bring a rugged outfit to Bronte, including 10 returning starters. He said the Eagles are fast but he believes Bronte's rugged defense can stop them.

Probable starters for the Longhorns will be:

Donnie Thompson, le; Garland Richards, lt; James Vaughn, lg; Dana Sowell, c; Roger Graves, rg; David Scott, rt; Willie Zuniga, re; Keith McCutchen, qb; Nicky Arrott, tb; Bobby Skelton or Jerry Graves, fb; Randy Barbee, wb.

Toliver said Graves and Sowell may not be able to start against the Eagles, but he is hopeful they will be ready.

Other members of the 1969 squad are:

Richard Reyes, rb; Danny Carper, wb; Randy Gibbs, wb; Jim Freeman, rb; Mike Arrott, fb; Danny Cooper, qb; Willie Sanchez, fb; Jake Gelson, c; Larry McKown, c; Rance Brunson, qg; Eugene Scott, sg; Danny Parker, sg; Steve Clark, qt; Richard Scott, st; Brad Reed, st; Rocky Weidner, se; Lynn Lawhon, qe; Gary Skelton, se.

Captains this year are McCutchen, Vaughn and Arrott. Managers are Bobby Reyes and Gene Glenn. Gerald Sandusky is assistant coach.

#### Band To Perform

The big Maroon and White Longhorn Band will be on hand in their new uniforms for the game Friday night. Louis Thornton, band director, said the band is coming along fine and will have a good halftime show. Melissa Lee is drum major, and twirlers are Brendi Glasscock, Sallie Richards and Susan Cumbie. Cheerleaders are Cynthia Robinson, Norma Pruitt, Dee Ann Percifull, Kathy Kiker and Jolene Vaughn.

#### SHORTHORNS OPEN SEASON SATURDAY WITH DOGIES

The Bronte Shorthorn Junior High football team will open the 1969 football season Saturday morning at 10 o'clock with the Robert Lee Dogies. The game will be here at Stephenson Field. Everyone is invited to be out to back the youngsters in their season opener.

### East Coke Hospital Directors Organize

C. R. Blake was elected president of the board of directors of East Coke County Hospital District at an organizational meeting held at the city hall last Thursday night. He is a director from precinct 4. Other officers are Matthew Caperton, vice president, and Wayman Percifull, secretary. Both of them are from precinct 2.

Other directors are LeDrew Arrott, precinct 4 and E. F. Glenn, precinct 2.

The board met again Tuesday night and discussed ways and means of getting the proposed nursing home project off the ground and before the people of the district. Percifull told The Enterprise Thursday morning that no decision was reached as to the size or location of the proposed home.

Directors did decide their first step before undertaking the project would be to meet with the State Health Department and the State Welfare Board in Austin. A meeting has been set up for Monday at 1 p.m. to discuss the matter with the state groups.

### Bryan Funeral Held Monday

Funeral services were held Monday afternoon for Allen Bryan, 43, who was killed Sept. 2 in a helicopter crash on the North Slope, near Prudhoe Bay, in Alaska. Bryan was an employee of Rowan Drilling Co. and was engaged in moving a drilling rig when the crash occurred. The family lived in Anchorage, Alaska.

Last rites were conducted in Bronte Church of Christ, with Cecil Cox of Munday, former local minister, in charge. Burial was in Fairview Cemetery under direction of Newby Funeral Home.

Bryan was born Aug. 22, 1927. He grew up in Runnels County and married Patsy Ruth Lockett, daughter of Mr. and Mrs. G. D. Lockett of Bronte, in 1948. He was associated with his brother-in-law, Billy Joe Lockett, in the service station business in Bronte for a short time, but had been employed by the Rowan company for 18 years. He was a rig superintendent at the time of his death.

Survivors include his wife; his parents, Mr. and Mrs. O. F. Bryan of Bradshaw; three daughters, Mrs. Thomas Lee Easterling, who lives in Alaska, Cathy Bryan and Connie Bryan, both of the home; a brother, Joe Bryan of Winters; and a sister, Mrs. Christine Parker of San Francisco, Calif.

Pallbearers were Dewey, Billy Joe and Dale Lockett, LeDrew Arrott, Calvin Bryan and DeWitt Bryan.

The fatal crash which took Bryan's life occurred Sept. 2 when he was returning from a new drilling site known as Southeast Eileen. Also aboard the giant Sikorsky Skycrane were pilots James P. Erwin Jr., 37, of Decatur, Ga., and Byron Davis, 28, of Anchorage, both of whom were killed.

The \$2.2 million helicopter was used to skylift rig parts and other heavy equipment from one drilling site to another. The men had unloaded some material at the new site and were on a return trip when a tail section of the huge craft fell about a quarter mile behind the scene of the crash. The accident was investigated by Sikorsky, Inc., as well as the Civil Aeronautics Association.

#### HUSBAND AND WIFE GOLD TOURNEY PLANNED

Things may get a little wild at the Singing Winds Golf Course Sept. 20 and 21 when a husband and wife golf tournament will be held. All local golfers are invited to attend, provided they can have their husbands or wives on hand to play with them.

Trophies will be awarded winners of the 18-hole event. Nine holes will be played on Saturday and the second nine on Sunday. Starting time both days will be 1 p.m.

Did you, or any member of your family or any member of your husband's or wife's family ever ATTEND school in Bronte, GRADUATE from Bronte High, TEACH in the Bronte Schools, drive a Bronte school bus or serve on the school board?

Do you remember the names of the students in your particular class? Could you furnish us with names (before and after marriage) and addresses of your families?

Could you furnish us with names of former classmates, maybe even some of the classmates' married names and the year they attended or graduated from school?

Our mailing list for former students and graduates was inadvertently destroyed and we are attempting to compile a new, complete list. It will serve as a permanent record for any future reference and particularly for homecoming activities. Our present records ARE NOT adequate. We find they are not complete in regard to entire families; that is, in most families that are known by this committee, we find names of some of the children missing. Some families are not listed at all. We feel that if each of you will cooperate, we can, in time, compile an almost complete list. The success of this year's homecoming (Oct. 25) and all future activities depends on your cooperation. All we ask of you is:

- (1) Send us your name, names of your families (before and after marriage) and the mailing address of each.
- (2) If you remember your class roll, jot down the names, the year and any addresses and married names you might have.
- (3) If you correspond or visit with any former student who will not receive a copy of this announcement, please solicit their help and encourage them to help us. Do not worry about duplications of names. It is better for us to have your name and address 10 times than not to have it at all.
- (4) If you live away from this vicinity and would like to have copies of this announcement to mail to family or acquaintances, just contact us and you immediately become a silent partner.

New Coffee Filter Rings

For people tired of struggling with soggy coffee grounds, one coffee company has developed coffee filter rings.

The rings are premeasured, then compressed and sealed in filter paper. Each ring will make four to six cups of coffee.

To use, fill a percolator with cold water; place a filter ring in the basket and perk the coffee. When brewed, toss the used ring away.

The rings come packed 10 to 20 in a can.

Home Economics Tips

A recent USDA survey pointed out that many American homemakers roast meats at too high a temperature. Half of those interviewed roast between 350 and 375 degrees. Authorities recommend a temperature of between 300 and 325 degrees. Only one of seven homemakers surveyed reported using a meat thermometer as a means of measuring doneness even though the meat thermometer is almost fool proof.

September is better breakfast month. Here is an idea to make any breakfast better. Orange nut biscuits are made quickly with ready-to-bake biscuits, frozen orange juice concentrate and brown sugar. Place biscuits from 8-ounce package in ungreased 8 or 9-inch round pan and bake according to package directions. Combine 1/4 cup undiluted orange

juice concentrate with 3 tablespoons brown sugar. Spoon over biscuits. Bake 4 to 5 minutes longer.

## Center to Have Cattlemen's Round-up

ABILENE — Abilene, the Texas version, will again become the "cattle center" in September, but the trail drives will come over Interstate highways instead of dusty trails.

The occasion is the 1969 "Cattlemen's Round-Up for Crippled Children," the annual event for which ranchers and stockmen donate stock to be sold at auction with all proceeds going to the non-profit West Texas Rehabilitation Center here.

This year's Round-Up is scheduled for September 29 at Ranchers and Farmers Livestock Auction in Abilene, and officials are hoping to surpass the \$71,000 that the one-day sale raised last year.

Area chairmen have already been appointed by General Chairman Charlie Morris of Abilene (serving his eighth straight year in this capacity), and pledge cards have been mailed out.

In the very near future, volunteers will spread out all over Texas in a convoy of borrowed trucks, trailers and pickups to pick up stock donated to the sale.

"We're between a rock and a hard place this year, what with the long, hot summer and the loss of Mr. Wylie's leadership, but we're looking for another successful Round-Up," Morris said.

Mr. Wylie is the late Conda Wylie, 86, who suffered a fatal heart attack at his Fort Chadbourne ranch last January. He had earned the title of "Father of the Cattlemen's Round-Up" by virtue of his generous support over the years.

He actually started the Round-Up in 1960 when he gave WTRC Executive Director Shelley V. Smith 20 calves with the instructions "See if you can use these to help the Center."

Nine years later, the WTRC has its own spacious holding pens to care for the stock donated by generous ranchers like Mr. Wylie and others.

With contacts with ranchers all over the state, the WTRC is able to get the best prices for top cattle and channel the funds into a place where it will benefit more people than the donor ever realizes.

Without regard to race, creed, age, or financial circumstance, the WTRC provides physical, occupational, speech, educational and language therapy services, in addition to audiology, psychometry, and pre-vocational evaluations.

The WTRC also offers six special diagnostic and evaluation clinics in physical medicine, general neurology, pediatric neurology, learning disorders, otology and orthopedic disorders.

Persons wishing to pledge livestock to the Round-Up should contact their area chairman to arrange transportation, or contact Smith or Morris through the WTRC, 4601 Hartford, Abilene, Texas, 79605.

The Cattlemen's Round-Up for Crippled Children Horse Sale will be Oct. 11, at 1 p.m. at the Abilene Livestock Auction.

## Fall Festival Set for Oct. 18

A Fall Festival is being planned for Oct. 18 at Bronte School. The affair will be sponsored by the Evening Lions Club, except for the Queen's Race and Coronation, which will be sponsored by the Band Boosters Club.

Supt. C. B. Barbee said this week that he does not know, as yet, about all the activities which the Lions will set up, but an announcement should be forthcoming in the next week or so.

Home room meetings for all classes will be held at 1:50 p.m. Friday to elect a duchess to participate in the Queen Contest. The class raising the most money for its duchess will be the winner.

Two money raising events will be allowed each class: a bake sale and a candy sale. A schedule for the cake sale was released this week and the first ones will be Saturday, when the 10th grade will sell in the morning and the third grade in the afternoon. Sales are scheduled for each Saturday through Oct. 18, and will be announced each week in the Enterprise. Schedule for the candy sales will be announced later.

Any other money going to the Queen's Race will be outright donations, Supt. Barbee said, and the cake and candy sales will be the only projects allowed the classes.

AUSTIN, Tex. — Legislators battled wearily toward a conclusion of the second special session, with some indications of a conclusion developing.

A Senate-written version of the tax bill came within six votes of adoption in the House. But representatives balked at the Senate's compromise \$357.6 million tax bill which included a new "destination allocation formula" designed to collect a corporation franchise tax on out-of-state industries selling products in Texas.

Senate first turned a deaf ear to the House request for a new conference committee.

Gov. Preston Smith and Lt. Gov. Ben Barnes pressed hard for House adoption of the Senate amendments to HB 4, but Speaker Gus Mutscher said the measure remained a "bad bill."

Only really-new idea in the compromise was the destination allocation formula.

Otherwise it called for a quarter per cent increase (to 3.5) in the state sales tax and inclusion of beer and liquor under its base; five cents a pack raise on cigarettes; 50-cent (to \$3.25 per \$1,000) raise in corporation franchise tax rate; one half per cent (to 7.5 per cent of value) hike in natural gas tax; and 10 cents a drink tax on alcoholic beverages sold in private clubs and on airlines.

Rep. John Allen of Longview denounced the big-city members for failure to support the tax bill. He pointed out that of 19 members from Harris County, only one voted for the tax bill. And this is the county that gets 20 per cent of the state spending, Allen said.

Allen noted that other big-city delegations voted against the bill, except for the Dallas delegation, and that 54 of the 68 votes cast for the bill, were from members from rural or small-city areas.

He pointed to the coming reapportionment after the 1970 census and asked: "How will we ever pass a tax bill when Houston gets

24 members and only one of them will vote for a tax bill?"

This rural-urban split in the House was just one of many developments as the weary legislators fought to put a majority of each house together on a tax package to sustain state government during the next two years.

Senate first enacted, then backed down on it unusual proposal to levy a \$1 per ticket tax on "dirty movies." Original bill would have designated the Commissioner of Bureau of Labor Statistics (who supervises boxing and wrestling) to review all movies coming into the state and determine those which should be rated "X" for adult audiences only. The latter were targeted for the tax. After thinking it over, Senate bowed to the advice of members who argued that the regulation of sexy movies should be left to a separate bill, not a tax measure.

Increases in teachers' and state workers' pay, expansion of the college and university system, and improvements in the care of the mentally ill account for most of the increase in state spending.

But how to put together a tax package to provide the money was the question which troubled the legislators in the second week of the second special session.

**GUEST RULE DELAYED** — Tough new rules of the Liquor Control Board to curb temporary guest card abuses at private bottle clubs cannot be enforced pending appeal of a court test case here.

District Judge James Meyers concluded that LCB rules are valid, but they should not be put into full effect until final disposition of the case on appeal.

In the lawsuit, Dallas clubs claimed the rule would close 75 per cent of Texas private clubs, many of which aren't so private. Rule would require guests to be personally introduced or physically accompanied by a club member. Bills would have to be paid by members on monthly statements, not in cash by guests.

LCB said applications for late hours (2 a.m.) drinking permits for clubs and taverns are being screened carefully. Only 18 were approved in the week before the new curfew-stretching law went into effect September 1.

**Citizens Complain  
 Of Town Horses**

Mayor Royce Lee said this week  
 the city has been receiving numer-  
 ous complaints from citizens who  
 live near persons who are keeping  
 horses in the city.

The mayor said the matter has  
 been discussed by the city coun-  
 cil and the feeling is that the  
 complaining citizens have just  
 cause to dislike some of the con-  
 ditions which now exist.

"We would like for owners of  
 horses in the cases involved to  
 take care of the matter voluntar-  
 ily," Lee said, "and if they don't I  
 suppose we will have to pass an  
 ordinance making it illegal to  
 keep horses in the city."

Complaints have also been re-  
 ceived about garbage being dump-  
 ed in barrels and not burned,  
 causing a fly and mosquito men-  
 ace. It was suggested that most  
 soft garbage can be disposed of  
 through the sewer system and  
 eliminate this problem.

**Three-Inch Rain  
 Brightens Outlook**

Rain total for Bronte this week  
 was reported at an even 3 inches  
 in most parts of town. However,  
 the measurement varied because  
 of the way showers in spots fell  
 Monday afternoon.

A big two inches fell Monday  
 afternoon in about two hours to  
 make water run over most of the  
 city. Intermittent showers since  
 that time have dropped another  
 inch to give the 3 inch total.

The Blackwell area received  
 1.31 inches Wednesday afternoon  
 and the week's total was report-  
 ed at 2.30 inches. No appreciable  
 amount of runoff was reported at  
 Oak Creek Lake.

The additional rains this week  
 have brightened the picture for  
 recovery of pastures from the  
 long hot summer, and make pros-  
 pects better for a good stand of  
 small grain.
