AUSTIN, Tex. — A sharp cut in welfare and medical assistance payments, to be effective April 1, was announced by the State Board of Public Welfare.

Board said the unprecedented increase in assistance rolls, the decrease in federal medical aid funds and the constitutional spending ceiling required an average \$11 a month cut in the Aid to Families with Dependent Children program and a 20 per cent slash in Medicaid.

Board member Louis R. Sarazan of Fort Worth said there is no alternatives.

Sarazan and board member W. Kendall Baker of Houston warned that further cuts may be in the offing before the end of the fiscal period next year.

Board ordered the lowering of AFDC payments from 75 per cent to 66 per cent of budget needs. Average AFDC family now draws \$120.37 a month. Reduction would reduce this to \$109.54.

Earliest and loudest protest came from Texas nursing home operators who claimed Medicaid outlay shrinkage would put 95 per cent of them out of business.

Texas Nursing Home Association termed the situation of "crisis" proportions and urged Gov. Preston Smith to take immediate action to summon lawmakers into special session for emergency appropriations.

Texas Medical Association charged the federal government has "promised more than it can deliver in the health care area and is, in effect, asking providers of services to take a loss.

**LAND PROGRAM FOLDS** — Texas' 20-year-old veterans land program has folded. Through it more than 41,000 Texas veterans had purchased land under low-

interest, long-term pay provisions. It was a victim of high interest rates.

Veterans land board said that since the prime interest rate has been raised to eight and a half per cent, veteran's bonds, with a constitutional floor and a half per cent ceiling, simply could not continue to attract investor capital.

More than 1,000 applications on file will be processed, but no more can be accepted until the interest-rate-bind eases.

**ANTIQUITIES RULES**—State Antiquities Committee, charged with regulating those who dig for historic treasures in the state, has set its rules and issued its first permit.

Rules require that any person or group seeking to excavate or salvage an archeological historical site obtain a permit from the Committee. Supervision by a trained archeologist, recording and publication of results and a scientific manner of working are the major points stressed in the rule.

Committee deleted from its rules a proposal that beachcombers and arrowhead hunters would have to get state permits. They will, however, be required to make reports on their discoveries. Explorers would be required to stop work immediately once a permit is cancelled.

First permit went to the Lower Plains Archeological Society for a salvage project at Big Spring. West Texas State University has agreed to sponsor the project.

**STATE KINDERGARTEN** — Texas Education Agency has begun working out the details of setting up state-supported kindergarten program in all Texas public schools. Last Legislature authorized implementation of the program in a stair-step approach over the next seven years, with under privileged children having first chance.

TEA said the major problem is finding 1,500 kindergarten teachers for the 1970-71 school year and 7,000 teachers by 1977-78. They estimate it will cost the state \$10 million the first year to implement the program.

**DEMOS TO MEET** — State Democratic Executive Committee will meet in San Antonio March 9 to certify names of statewide candidates for the May 2 primary ballot.

Committee will also:  
 \*Decide the hour and place of the September 15 Democratic state convention.

\*Establish a ratio for the number of delegates from each county or senatorial district convention to the state convention.

\*Select site and hour for a May 12 SDEC meeting to canvass the first primary results and consider any other business.

**Children's Fashions**

The 1970 spring and summer winners in children's fashions feature:

Colors that are soft and clear: mauve pink and lilac-flavored prints, bright yellow and lime green and the all-time favorite solids — navy, bright red and white.

Natural tones ranging from natural linen hues to butterscotch are popular, too.

Fabrics are shiny and soft-nylon, antron and acetate — and crepe polyesters. Bonded acrylic is in the money for coat and dress ensembles.

Cotton, canvas, cotton duck and ottoman win the sportswear field: pique, denim and poplin are on the scene, too. Coordinated print voles team up with cotton for news.

Knits, from simple to double knit, are popular as is terry velour.

Winning patterns for children's wear are big, bold stripes, Art Deco prints, paisleys and batiks with lots of tablecloth and houndstooth checks. Coin and polka dots and pastel-colored plaids are new champions.

**Knits Are Great**

! Knits are the big pictures for Spring 1970 with a variety ranging from lighter-than-air polyester and open, meshy cotton and blends to sleek matte jersey and terry velours.

To sew these exciting fabrics into reasonably priced garments use stretch threads that give with the knits. They are made of all polyester or polyester and cotton.

Give a professional finish to the hem with stretch lace hem binding which comes in many colors.

Check the sewing center for ball point needles with a slightly rounded point and the roller presser foot which prevents snagging or damage to the knits.

Wash machine washable knits, zipper, hem binding and interfacing before sewing to prevent any shrinkage later. Knit garments require little care.

**New Ideas**

Family therapy is one technique used as a clue to the cause and prevention of emotional disturbances in children. A child who is experiencing some degree of emotional disturbance is seen together with his parents by a psychiatrist, a psychologist or some other trained mental health professional. The therapist watches family interaction and often spots patterns of family behavior and communication that may be contributing to the child's emotional difficulties. The doctor can then guide the parents toward more effective child-rearing practices.

Scholarships to men and women 60 years and over are being made available in some colleges. One large Arizona drug chain is helping to co-sponsor one project. A large organization of retired persons is offering three courses for the first time through

Sumner said the 56-foot long traveling slide show will be open to the public during the tour. ## School Audit Being Published

An audit of Bronte School's books for the fiscal year which ended Aug. 31, 1969, is being printed in this issue of The Enterprise. Included in the report are a statement of receipts and disbursements and a bond schedule.

The audit shows that the school had \$308,724.40 in total funds available, while total disbursements amounted to \$285,089.09. Total accounts payable on Aug. 31 were \$4,278.34. Subtracting these last two figures from the total leaves a balance of \$19,356.97.

The bond schedule shows that the school district owes a total of \$297,000.00 of the \$325,000.00 bond issue which was sold in 1965 to finance the new high school.

## Thetford to Head Easter Seal Drive

Easter Seal Appeal letters are being delivered this week in Coke County, according to Judge W. W. Thetford, who is the County Easter Seal Representative for the Easter Seal Society for Crippled Children and Adults of Texas.

As Representative, Judge Thetford serves as local contact for disabled persons needing Easter Seal rehabilitation services and also is treasurer of the Easter Seal Appeal in this county.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs, and special equipment loans to enable disabled persons to make the best use of their abilities to overcome handicaps. These services are financed by the Annual Easter Seal Appeal.

The 1970 Easter Seal campaign will run through Easter Sunday, March 29.

\*Entered into a contract with Lone Star Gas Co. which will enable the school to enjoy an industrial rate, somewhat lower than has been paid.

\*Set April 4 as the date for the school's annual trustee election.

\*Discussed at length the matter of installing a kindergarten for the 1970-71 school term.

\*Discussed the slight drop in enrollment and average daily attendance which will result in the loss of one teacher unit. However, it was brought out that the addition of more area from the Norton School District will qualify the school for an additional teacher because of the sparse school district provision. The provision provides for exceptions to the rules regarding teacher units where there is less than one scholastic per square mile in the district.

\*Voted to accept a change in date of a football game with Jim Ned from Friday, Nov. 13 to Saturday, Nov. 14. The occasion will be Jim Ned's annual homecoming.

Mrs. Brady Mills attended an LVNA workshop held in Austin last weekend, and also visited her daughter, Mrs. Roy Carille, and family.
