Mr. and Mrs. O. L. Pittman

Mr. and Mrs. O. L. Pittman to Observe Golden Anniversary with Open House

Mr. and Mrs. O. L. Pittman will be honored Sunday, April 9, with a reception in observance of their

Golden Wedding Anniversary. The reception will be held from two until five p.m. in the home of their daughter and son-in-law, Mr. and Mrs. Bill Thomas, 324 Kennedy Ave. in Bronte.

The couple was married April 5, 1922, in Robert Lee. They lived in Robert Lee a number of years.

Mrs. Pittman is the former Lillie Latham. She is the daughter of the late William C. and Mary E. Latham. The family lived in the Valley View community near Robert Lee. Mr. Pittman is the son of the late G. C. and Nancy Pittman of Comanche.

Mr. Pittman operated the Humble Service Station in Bronte a number of years. He is now retired.

They have two sons and three daughters. They are Archie Pittman and Larry (Lawrence) Pittman, both of Houston; Mrs. Dwain Pruitt, Mrs. Bill Thomas and Mrs. Pat Coop, all of Bronte. They also have 10 grandchildren.

The Pittman family invite all their friends to the open house and request that no gifts be brought, please.

AD-LIB-BEN

Citizens of Bronte who do not have their property curbed have an opportunity to make this improvement and increase the appearance and value of their holdings.

Commissioners Jesse Parker and Jack Corley have agreed to pave from the edge of present pavement to any new curbs and gutters which are laid. This distance of some five feet will be paved during the street repair program which will begin in the near future.

In an ad in this issue First National Bank is offering to loan the money for curbing projects and to set up easy repayment schedules. In another ad Contractor Martin Lee is offering to do the work for only \$1.80 per foot.

This is an opportunity which won't come around again soon.

EDITORIAL

You hear a lot these days about "throw the rascals out" in state government elections.

Ordinarily that's a sound program — provided you know who the rascals are.

This year, a lot of innocent officials are about to get hit by the same tomatoes thrown at those not so innocent.

One of these, we fear, is Lt. Governor Ben Barnes, who is asking promotion to Governor as top step in a very natural political ladder.

Barnes has not been linked in any way with the so-called "scandals" in the state capitol. He has planned for years to make this race for Governor and has kept his record clear.

He has the best qualifications of any in the race and should not be turned down because some of his colleagues made mistakes.

Ben Barnes has shown ability as a member of the House of Representatives, as Speaker of the House for four years and as Lieutenant Governor and presiding officer of the Senate for four years.

He has the proven leadership of the Governor's office needs.

This newspaper is proud to endorse his candidacy.

Bronte Students Place In UIL Literary Events

Several Bronte students were in Forsan Wednesday to participate in the speaking events portion of the UIL high school literary meet. The group scored 19 points.

Susan Arrott placed second in persuasive speaking. Karen Blair was second in girls oral reading and Alan Barbee was third in boys oral reading.

Entrants in the non-speaking events will compete at Forsan next Wednesday.

Vic Haselden Likes Home's Whirlpool

Vic Haselden is one of the more senior of the senior citizens who live at Bronte Nursing Home. He moved to the Bronte area 81 years ago at the age of 10—which makes him 91 years old.

Mrs. Haselden, who has lived in the Bronte area even longer than her husband, is also a resident of the home. They came here before there was any Bronte in this location.

Mr. Haselden said the thing he likes best about living in the local home is the whirlpool bath equipment. "You know I have trouble with my feet and legs," he said, "and that thing sure makes them feel good."

In spite of his difficulty with his feet and legs, Vic was up town Tuesday afternoon of this week replenishing his supply of goodies at Sims Food Store and visiting with friends.

Mr. Haselden farmed for many years northwest of Bronte and retired only a few years ago.

He said there were lots of good things about Bronte Nursing Home—like good food and the good care the nurses give him and Mrs. Haselden—but he stuck to his guns that the whirlpool was really "a great thing."

Voting was light in the three elections held last Saturday in the City Hall. Balloting on school trustees was also held at Tennyson.

In the election for school trustee, Delbert Coalson, Dale Thompson and R. T. Caperton were returned to their posts. A total of 72 votes were cast in the two boxes, with Coalson receiving 62, Thompson 60 and Caperton 56. A sprinkling write-in vote came in the Tennyson box with Robert

Brown receiving 3, A. D. McCarty 17 and W. J. Green 2. Elroy Butler received 1 vote in the Bronte box.

City Election

There were 45 votes cast in the election for mayor and two councilmen. Incumbent Mayor Martin Lee received 34 votes and Louis Thornton got 1 write-in vote.

Incumbent Councilmen Tommy Lee, with 39 votes, and James Badgett, with 42 votes, retained their seats on the council. Newcomer Mrs. Cecil (Frances) Kemp received 41 votes. Write-ins were: Bob Shields 1 and Don Bailey 2.

Hospital Board

All incumbent East Coke County Hospital District board members were returned to their posts. In the 46 votes cast, Dwain Pruitt and LeDrew Arrott received 45 each and Rev. C. R. Blake got 44. There were no write-ins.

Blackwell School Election

Two Blackwell School District board members retained their seats by defeating two opponents. E. K. Finley and Russell Sneed received 28 and 26 votes, respectively. R. C. Watts got 8 votes and John Hipp 1.

In Blackwell city election, J. R. Thompson, Therrell Burwick and Don Purcell took 35, 33 and 26 votes, respectively, to gain seats on the city commission. John Sparks received 21 votes and Edward Poehls got 2.

Youth Group Due Here on April 14

A "Sharing Christ" program will be presented Friday of next week, April 14, when a number of college and high school youth will come to Bronte from the Elcrest Baptist Church in Abilene. They will present their program at the Central Baptist Church at 7 p.m.

John Fowler, district coordinator for the Campus Crusade for Christ from Abilene, will be present to participate in the program.

The work being done in this area is in preparation for EXPLO '72 to be held in Dallas June 12-17 when more than 100,000 persons are expected to be present. EXPLO, sponsored by the Campus Crusade for Christ International, is expected to be the largest training conference ever held in America. The Rev. Billy Graham is EXPLO's honorary chairman.

Sponsors of the meeting here on April 14 emphasized that everyone is invited, both young and old, from all denominations.

City Cafe Opened By Ballinger Man

The City Cafe on Highway 277 has been bought by O. T. Gabbert of Ballinger and has been reopened. Gabbert formerly operated the Friendly Corner Cafe in Ballinger. The Cafe will be open from 5:30 a.m. until 8 p.m. each day except Sunday when it will be open from 5:30 a.m. until 2 p.m.

Gabbert said he will serve good food in general, including steaks, fried chicken, etc., and that he hopes to offer fresh catfish in the near future.

The cafe was closed Wednesday and Thursday this week due to the death of Gabbert's father, R. M. Gabbert, 91, of San Angelo.

Golfers Qualify For Regional Meet

Bronte golfers won second in the District 9-B UIL play at the Riverside Golf Course in San Angelo Tuesday afternoon. The Bronte team showed a score of 345, with Forsan topping the meet with a 329. Both teams will represent the district at the regional tournament in Lubbock Wednesday and Thursday, April 19 and 20.

Bronte's second unit finished third with 387. Others were Blackwell 434; Eden 454; and Blackwell No. 2 which came in sixth.

Medalist honors were won by Forsan's Charles Bailey who shot a two over par 74. His teammate, Richard Pitts, had a 79. Bailey will compete for medalist honors at the regional meet.

Bronte's No. 1 team and scores included: Rodney Gardner and Jim Dan Raughton, 85 each; Wayne Alexander, 86; Dave Chapman, 89; and Gene Glenn, 93.

Team No. 2 and their scores were: Bobby Bailey, 85; Randy Gibbs, 93; Bub Waldrop, 101; and Lynn Lawhon, 108.

Austin — State lawmakers polished off billboard control and primary election finance legislation in a three day special session—and added far reaching procedural reform rules for good measure.

They will be back to work in June on budget and tax matters. In their "mini-session," the legislators—many anxious to get back to the campaign trails—logged these accomplishments:

- * They provided for emergency state financing of the May and June primary elections and set aside \$2 million to pay the bills. Another long term primary finance measure will be necessary next year.

- * They moved to meet federal highway beautification requirements by outlawing billboards within 660 feet of major highways and providing for screening of junkyards. The measure will cost the state about \$5 million a year in condemnation costs for five years. But it will prevent a \$24 million

loss of federal highway construction funds for non-compliance with regulations.

- * Both House and Senate adopted joint rules including sharp limitations on powers of conference committees to write new legislative matters without majority permission.

- * The House also accepted rules installing a limited seniority system for committee assignments, reducing the number of committees from 46 to 25 and providing for electronic recording of House and committee proceedings.

- * Legislators also made Texas the eighth state to ratify a proposed federal constitutional amendment guaranteeing equal legal rights for women.

Highlight of the opening day was election of Rep. Rayford Price, 35, of Palestine as new speaker of the House. Price won 77-65 over Rep. L. Dewitt Hale of Corpus Christi. He succeeds Rep. Gus Mutscher of Brenham who resigned after his conviction for bribery conspiracy.

ALLOWABLE ADJUSTED — Texas Railroad Commission decided to hold the oil allowable for the big East Texas Field to 66 per cent during April instead of the 100 per cent fixed for the rest of the state.

An increase for the East Texas Field was postponed pending completion of a study.

Chairman Byron Tunnell said the nation has "far too much at stake in East Texas "to risk reservoir damage through excessive production rates."

For the first time since 1948, the Commission fixed a 100 per cent production factor for this month.

COURTS SPEAK — Major sections of Texas vagrancy laws were held unconstitutional by the State Court of Criminal Appeals which said the act makes it a crime to be unemployed or poor.

Texas Supreme Court declined to order two aspiring candidates' names placed on the May primary ballots. One failed to post a filing fee or petition of candidacy. Another was refused a ballot position because he was already a member of a utility district board.

The High Court set for May

10 a hearing on an appeal involving the City of Amarillo's power to tax a Masonic Lodge building and three lots owned by the order.

INSURANCE HEARING PUT OFF — A scheduled March 29 hearing by the State Insurance Board on a proposed increase in home insurance was indefinitely postponed amid talk of compromise.

Board Chairman Larry Teaver sought a year's delay in applying a rating factor providing for rate additions due to inflation and rising construction costs. He had been out-voted by two other Board members on postponing use of the inflation factor.

"The Board is taking a thorough look at all of the factors involved with rating and working toward solutions to complex and complicated problems that arise when considering rate adjustments," Teaver said.

Teaver contended the Board's refusal earlier to suspend the inflation trend factor would cost Texans an additional \$27 million in premiums next year, when a \$14 million reduction could have been made under his own recommendations.

TRAFFIC TOLL REVEALED — A total of 3,594 persons died in Texas motor vehicle accidents during 1971, according to Texas Department of Public Safety tabulations.

DPS Director Col. Wilson E. Speir said the death toll represents a one per cent increase over 1970, when 3,560 died on the streets and highways.

Speir noted that vehicle miles driven increased from 68 billion in 1970 to more than 70.7 billion for 1971—a four per cent rise in driving. At the same time, the number of licensed Texas drivers rose by nearly 324,000 to a total of almost seven million.

The death rate per 100 million miles of travel actually decreased three per cent from 5.2 in 1970 to 5.1 in 1971, Speir said. The death rate in 1966 was 6.2. Of the 3,594 deaths in 1971, 2,184 occurred on rural roadways and 1,410 in urban areas. There were 2,993 fatal accidents and 394,166 total accidents last year. Speeding and driving while intoxicated were listed as primary violations in fatal mishaps.

FIRE ANT ON RAMPAGE — Imported fire ants are migrating from East Texas to the Dallas-Fort Worth area and south as far as Corpus Christi, warns State Agriculture Commissioner John C. White.

The fire ant is now found in 55 Texas counties and infests 16 million acres, White reported. He said future of the only bait used to control the ants — Mirex — is pending before the Environmental Protection Agency. The Agriculture Department now distributes the bait to designated officers in infested areas.

Short Snorts

Comptroller Robert S. Calvert estimates \$711.1 million in general revenue will be available for certification toward 1973 budgeting.

Texas Civil Liberties Union filed suit to knock out the one year-six months state-local residency requirement for voting.

The Federal Pay Board authorized retroactive per diem allowances for state employees from Sept. 1 to Nov. 14, 1971.

Sen. Barbara Jordan of Houston is new state senate president pro tempore—the first black woman in the U. S. chosen to such a post. Senator Jordan was elected unanimously by her fellow citizens, and was described by those who spoke in her behalf as "a great lady."

WASHINGTON
 "As it looks
 from here"
OMAR BURLESON
 Congressman
 17th District

Washington — After three days of debate the U. S. House of Representatives last week passed a bill on environmental protection with a price tag of \$24.6 billion. Knowledgeable estimates indicate that the cost will soar to \$35 billion before the provisions are fully implemented.

The Environmental Protection Agency, created to administer the program already has over \$2 billion appropriated to it and has yet to really get off the ground. To use these sums of money they will have to spend as if it were going out of style.

Of course everyone is for cleaning up and preserving our environment. The effort should have been started in an orderly way long ago but since present conditions didn't get that way overnight, corrections and remedies can't be made to work overnight either.

The experts have yet to agree on the many approaches to curing the problem. Wide disagreement exists on what pollutes our air and water and about what should be done. For instance, not long ago certain phosphate detergents were blamed and condemned. A few weeks later other experts said not so.

Another example is the emissions from leaded gasoline. Last year the administration proposed a \$4.00 per pound tax on lead to eliminate its use for octane support in gasoline. Something called aromatics was to take the place of lead to maintain the octane level until automobile en-

gines can be built to run efficiently on low octane fuel. This was supported by a group of "experts," but another group of seemingly qualified scientists came along and found, after research and testing, that aromatics are more polluting than lead.

The goals for a clean and wholesome surrounding are indeed laudable. Conditions in some places in the country are deplorable and to some degree or other threaten human and animal life. There should be both scientific and common sense efforts at eliminating these useless hazards. It can be done without squandering billions of dollars and doing needless injury to property and industry. Money alone is not going to clean up our surroundings.

While inflation continues to eat away at the economy, some things being proposed can have no other effect than increase the price of things to pay for costs of meeting required standards. Just as safety requirements for automobiles, some of which have dubious value, run up the price, so will some of the demands on industry increase costs of many products we all have to buy.

The annual budget of the federal government has committed to it 72 per cent in uncontrolled costs. In other words, the Congress has discretion over only approximately 28 per cent of total expenditures. One of the best examples of fixed spending is the \$22 billion interest on the public debt. And so on and on the legislative branch has abdicated its respon-

sibility over the purse strings. Our friend, Congressman George Mahon, chairman of the Appropriations Committee, agrees that those of us who claim fiscal responsibility can protect our credibility only by opposing the procedures followed in the measure passed last week. It further adds to spending over which the Congress has no control.

The bill as passed does not permit a year-to-year appropriation, as is the case in most all other programs. There is no annual review of whether the program is working or whether it needs more or less money. A lump sum of \$24.6 billion is provided for a three year period with little or no control by the Congress which is responsible for these purse strings of this nation. With a public debt of \$423 billion; a \$23 billion red ink balance last year; a prospect of at least \$26 billion minus for the coming 1973 fiscal year, this sum is added in sort of a panic atmosphere because to oppose any part of it is inviting condemnation by those who say if you are not galloping full speed ahead, and in the dark in many aspects, you are not for a healthy environment.

It is easy to spook and stamper under these circumstances and that is apparently what happened last week—the vote: 380 for, 14 against.

SADDLE CLUB BEING FORMED IN COKE

A Coke County Saddle Club is being formed and a meeting has been called for Monday, April 10, at 7:30 p.m. in the Recreation Hall in Robert Lee.

Anyone wishing to join the club is invited to attend this meeting.

Cancer Crusade Now in Progress

The annual educational and fund raising Crusade of the American Cancer Society opened April 1 against a background of the fight against cancer rating high national priority.

"We want to wipe out cancer in your lifetime, is the motivating theme," explained Mrs. Gene R. Baker, chairman of the Coke County unit of the American Cancer Society. "We will be asking everyone to back up this goal with an annual health checkup and a generous check when our volunteers come around."

Pointing out that there is more concern about cancer than ever before among Americans, Mrs. Baker said the 1972 Crusade will seek to involve the many Americans who are careless or forgetful of the need for regular health checkups.

Plans for the 1972 Crusade include nationwide distribution of 45,000,000 leaflets urging women to go for Pap tests for uterine cancer.

Although a nationwide Gallup study showed a gradual increase in the percentage of people who do get checkups—from 57 per cent in 1963 to 62 per cent in 1970 — there was a slowing down in the rate of increase of those who went for specific cancer tests.

"Today we are saving one out of three cancer patients, but with our present knowledge we could save one out of two if only people were alert to the warning signals, the safeguards against cancer and the need for the regular checkup," Mrs. Baker said. The safeguards, such as avoiding excessive sun, stopping cigarette smoking and others, will be stressed during the Crusade for year-round vigilance.

"We will use the Crusade this year to remind the public that there are 1,500,000 Americans today who are cured of cancer and that the number could be increased if everyone would try to protect himself from cancer."

Petitions Ask Beer Vote in JP Prec. 1

(From Robert Lee Observer)

Petitions are circulating this week to call an election to legalize the sale of beer for off-premises consumption in Justice of the Peace Precinct 1 of Coke County.

Several petitions were issued by the county clerk's office after an application was received which had been signed by at least 10 qualified voters of the precinct.

The law on the issuance of the petitions specifies in Article 666-32 of the Texas Penal Code that the petitions must be issued by the county clerk after presentation of the signed application.

In order for the election to be called the petitions must be returned within 30 days after date of issuance and signed by at least as many registered voters as would amount to 25 per cent of the total vote cast in the last general election for governor of the state.

Justice Precinct 1 has the same boundaries as Commissioner Precinct 1 had before the resetting of commissioner precinct lines a few years ago. It includes all of Robert Lee, Silver and Sanco, plus considerable rural area.

The petitions were dated April 3.

Mr. and Mrs. Roy Wilkins of Lubbock spent Saturday night with his parents, Mr. and Mrs. L. L. Wilkins, and his sister, Miss Joy Lynn Wilkins. They were enroute home after a visit in Houston.

Guests in the Ben Oglesby home during the Easter holidays included their daughters, Margi and Benjine Oglesby, and Ronald Boyd and David Leavell, all of Austin.

Mrs. Ollie Hogue of Blackwell visited Mrs. Herbert Holland Saturday. She was enroute to San Antonio to spend the Easter holidays in the home of her daughter.

New Tax Exemptions

Mr. and Mrs. Ricky Joe Whatley of Cisco are parents of a new daughter, Kelli Ann. She was born Feb. 8 and weighed six pounds, two ounces. Mrs. A. S. (Trixie) Whatley is a grandmother. The Whatley family are former residents of Bronte.

Christine Elizabeth is the new daughter of Mr. and Mrs. Eddie Glenn of San Angelo. She was born Wednesday, April 5, and weighed seven pounds, six ounces. She has a brother, Curtis, 3 years old.

Grandparents are Mr. and Mrs. D. K. Glenn of Bronte and Mr. and Mrs. Curtis Lebow of Amarillo. Great-grandparents include Mrs. Edna Butner and Mrs. Mattie Glenn of Bronte, Mr. and Mrs. Paul Hunt of San Angelo and Mrs. Lebow of Abernathy.

Surprise Freeze Nips Green Stuff

An unexpected spring freeze surprised residents of Bronte and this area early last Friday.

The temperature fell to around 27 early Friday morning and to around 30 on Saturday morning, and the area was covered with heavy frost. Tender vegetation and many fruit tree blooms were either killed or set back.

An unseasonable low moving through Northwest Texas was blamed for the cold weather.

It was reported that the area received .2 inch of moisture along with the cold.

Oldtimers say that only once or twice can they remember a freeze that came after the mesquites started leafing out, which is usually a sure sign of spring.

CAPERIONS WIN TRIP TO SAN FRANCISCO

Mr. and Mrs. R. T. Caperton returned last week after an expense-paid trip to San Francisco and Las Vegas, Nev. Caperton won the trip when he qualified as a member of the Top-Hat Club of the National Life and Accident Insurance Co. He won an award for being No. 1 in his division in the nation in mass marketing (group insurance).

They flew with seven other couples in the Lubbock area, which includes Bronte, by C-47 from Dallas to Los Angeles and San Francisco on Thursday, March 23. They were headquartered at the famous Fairmont Hotel on Nob Hill. Caperton received a diamond pen and plaque for his insurance work. They also toured the San Francisco Bay area, visited Fisherman's Wharf, China Town and other places of interest.

The Capertons flew to Las Vegas on Sunday for an overnight stay at the Sands Hotel where they witnessed a floor show featuring Sammy Davis Jr.

PERSONALS

Easter weekend visitors in the C. B. Barbee home were Mr. and Mrs. Howard Swann of Magnolia, Mr. and Mrs. Gregory Nelson of Snyder, Mr. and Mrs. Jerry Barbee of Dell City and Randy Barbee, student at ASU.

Spending Easter in the home of Mr. and Mrs. Monroe Alexander were Mr. and Mrs. Bill Alexander and family of Grand Prairie, J. L. Alexander of Fort Worth, Mrs. Doris Conley and Linda of San Angelo, and Mr. and Mrs. Jim Senker and family and Mr. and Mrs. Dick Webster and family, all of Ozona. Norman Alexander of Milwaukee, Wis., arrived in Bronte Tuesday to spend his vacation in the home of his parents.

Adair and Doyle Adair of Houston; Mr. and Mrs. George Faulk, Linda, Bruce and Paul of Midland; Mrs. Lois Baker, Mr. and Mrs. Bill Weatherby, Karen, Sherry and Lisa and Mr. and Mrs. Charlie Phillips and Larry, all of San Angelo. Other guests included Dr. James White of San Angelo, Shelly and Susan Geist, Bennie Carol Oglesby, Mr. and Mrs. Ernest Seay and Miss Mary Pruitt, all of Bronte.

SEVERAL ATTEND MEETING

David Chapman, Stephen Patterson, Alan Barbee, Donna Scott, Debbie Geist, Karen Blair, Norma Pruitt and Mrs. Noah Pruitt Jr. went to Abilene Wednesday night, March 29. They attended a meeting at Elmerest Baptist Church where seven speakers from the Campus Crusade for Christ International were present.

Briscoe Backers Campaign Here

A busload of Uvalde businessmen and their wives who are campaigning for Dolph Briscoe arrived in Bronte about 1:45 p.m. Thursday.

The bus made stops in Junction, Menard and Ballinger, and continued on to Sweetwater from Bronte. They were to go to Abilene tonight. The bus tour will wind up Saturday in Dallas where the Dallas Cowboys will host a barbecue for the Briscoe campaigners.

The group included several young ladies in patriotic costumes.

Duncan-Blair Wedding Planned for June 17

Mr. and Mrs. L. W. Duncan of Bronte are announcing the engagement and approaching marriage of their daughter, Marsha Lynn, to Curtis DeWayne Blair, son of Mr. and Mrs. Eddie Blair of Plainview. The Duncan family formerly lived in Plainview.

The wedding is planned for June 17 in the First Methodist Church in Plainview.

The bride-elect is a graduate of Plainview High School and is attending West Texas State University at Canyon. The prospective bridegroom is also a graduate of Plainview High School, attended WTSU and is currently employed as manager of a Plainview tire firm.

They plan to attend Texas Tech University in Lubbock next fall.

Lake E. V. Spence Fishing Report

The weekly fishing report from Lake E. V. Spence, as compiled by the Colorado River Municipal Water District, shows:

Five Odessa firemen last week reported a catch of 132 channel catfish averaging nearly two pounds. In the party were Bob Newport, Harold Smith, Robert Brown, Danny Urias and Steve Theesfield.

Also, Steve and E. Theesfield weighed in four black bass up to four pounds.

Mrs. J. E. Hollis of Robert Lee reported catching 16 crappie averaging a pound.

Last week, Hubert Heller, Odessa, landed a four pound striped bass, one of several of this species caught at the lake. Most of the new fish have been running around four and five pounds. He also boated 20 white bass which he weighed in at the Edith Store.

Thursday, R. G. Phillips and a friend hooked several black bass with the largest going at 4 1/2 pounds.

Ag. Census Lists 327 Farms in Coke

Coke County showed a total of 327 farms in the 1969 Census of Agriculture, according to figures released by the U. S. Department of Commerce's Bureau of the Census, a part of the Department's Social and Economic Statistics Administration (SESA).

In the last previous Census of Agriculture, in 1964, the number of farms reported in the county was 286.

Of the county's total farms in 1969, 225 are reported as selling \$2,500 or more agricultural products in the year, as compared with 153 in 1964.

The report also shows average farm size in the county was 1,376.4 acres, and average value of these farms (land and buildings) was \$133,469.

Other figures from the report include:

* Value of all farm products sold in 1969 was \$3,478,975; in 1964, \$4,347,150.

* Value of all crops sold in 1969 was \$145,899; in 1964, \$100,029.

* Value of all livestock, poultry, and their products sold in 1969 was \$3,332,624; in 1964, \$4,243,946.

Reported for the first time in an agricultural census is information on the extent to which corporate structure is being used by operators of farms from which agricultural products totaling \$2,500 and over were sold. However, there were no incorporated operations listed in Coke County.

RESIDENCE REQUIREMENT EASED ON TEXAS VOTING

The decision of the United States Supreme in the case Dunn vs. Blumstein has invalidated Texas laws which require more than 30 days residency in the state or locality in order to be eligible to vote, a letter from Secretary of State Bob Bullock stated.

The Texas law has now been enjoined by a federal court in the case of Whatley vs. Bullock which was dated March 31, 1972.

Persons who have resided in the state and locality for 30 days and have been registered for 30 days prior to the election in which they wish to vote are now eligible to vote in state and local elections, Bullock said, and persons entering the state may register to vote immediately upon their arrival.

Bullock called attention that deadline for registration for those who wish to vote in the May 6 Primary Election was at the close of business Wednesday.

Spruce Up the Hearth

It happens every year. Warmer weather comes and the call of outdoors is irresistible. Chances are the temperature will be well on the sunny side when you notice the uncleaned fireplace that kept things cozy this past winter.

Spread newspapers by the hearth and take out those chunks of logs. Scoop ashes into bags and discard. Finish preliminaries by vacuuming any remaining ash dust.

Give fireplace brick and hearth a good scrubbing with thick suds applied with a stiff brush. Rinse and let dry. If possible, take the screen and fireplace tools outside for a thorough cleaning. Use a scrub brush and plenty of lather

to shine things up. Rinse with a hose, or dip the tools in a pail of water and pour the rest over the screen. This could be a good cleanup project for children.

If the tools are made of solid brass they will benefit from buffing with metal polish. Steel and wrought iron don't need any extra treatment, but might be wiped with a cloth dampened with vegetable oil.

After cleaning, select an interesting large container to fill with seasonal fresh flowers and leaves or arrange with artificial varieties. For example, an early American theme can be carried out with a brass or copper coal scuttle, medium sized milk can or an old pickling crock. A contemporary flair can be achieved with a wicker basket or by covering a large potato chip can or plastic waste basket with a mod design adhesive backed vinyl. A large, but squat vase is suitable with traditional decor and the

Mediterranean motif is carried out with scrolled wrought iron containers.

When using cut flowers and leaf branches, they and the water have to be replaced from time to time and the container washed. Besides being easier to change and clean, a glass or metal vase to hold the water and arrangement may be necessary to use with some decorative containers that have open work or are not waterproof. In any event, use florists' tape, clay or frogs to secure the arrangement.

Place the arrangement on the hearth in front of the fireplace, to one side, or even in the fireplace itself, replacing the usual log grate. Such flowering brings the outdoors in and adds a colorful freshness to a room.

Food Briefs

Why is cheese used in casseroles sometimes tough and stringy? High temperatures and long cook-

The Bronte Enterprise

ing cause fat to separate, and the result is tough cheese. Add the cheese during the last half hour of cooking for best results.

Be imaginative, and use tomato juice, meat stock or bouillon for marinating lower grades of meat.

Remember, egg whites hold air when beaten. The more sugar added to beaten egg whites, the longer the cooking time required to reach a thick or firm stage.

Surface skin forms when milk's heated in an uncovered pan. It's due to a drying out of fat, minerals and protein on the surface. The skin holds steam in, causing milk to foam and boil over. Prevent this skin formation by using a lid or stirring the milk.

Don't use whipped butter as a substitute for butter in a recipe since the shortening power isn't the same for unwhipped butter.

Making a meat loaf? Handle

ground meat as little as possible, because excessive mixing gives a firm, seemingly less tender food.

Broiling a steak? Remember that high heat coagulation occurs rapidly on the exposed surface of meat leaving meat crisp and brown on the outside. Time the steak to fit your taste.

Let's put government into hands we can depend on

When scandal rocks our state government, as it has for more than a year, it is time for Texans to take the reins of government and place them once again into the hands of an honest, capable man. This is a time when Texans need a man to believe in. A man like Dolph Briscoe. His successful experience in business and agriculture, his work in government to provide farm-to-market roads and to eliminate the screwworm have

proven him a man Texans can depend on when solutions are needed. His unquestioned reputation for honesty and integrity stand him head-and-shoulders above his opponents. Never has Texas been offered such unacceptable candidates for the office of governor. And never has Texas so urgently needed a man like Dolph Briscoe. May 6, elect Dolph Briscoe governor.
