## Big Crowd Attends Ft. Chad. Reunion

More than 100 persons attended the third annual meeting of the Fort Chadbourne Exes held last Sunday at Bronte Park. President Lum Lasswell presided.

There was lots of food and everybody enjoyed a bounteous meal following the lunch, a business meeting was held and the following officers were elected: presi-

## AD-LIB-BEN

Bronte received lots of publicity in the August edition of Texas School Business, a monthly magazine published for management personnel of Texas schools.

Supt. C. B. Barbee, in his capacity as president of the Texas Small Schools Association, was featured in a pencil sketch on the cover of the magazine as well as in a number of candid shots taken at the July convention of the association.

Others from Bronte shown were Mrs. J. T. Henry and Mrs. C. B. Barbee. Also shown were Supt. Jimmy Bickley and Prin. Clifford Wilson of Robert Lee, and former Robert Lee Prin. Garland Davis.

The tenure of Mr. Barbee as president of the Small Schools Association helped put Bronte on the map, and from all accounts we can get, his year in office was one of fine service and progress for the association.

We were filled with both pride and humility last Saturday morning when we received a copy of Senate Resolution No. 9 by State Senator Pete Snelson which was entitled In Memory of Mrs. Ben Oglesby. The resolution gives some of the highlights of her life and concluded "and when the Senate adjourns this day, it do so in her memory." It was signed by Lieutenant Governor Ben Barnes and Charles Schnabel, Secretary of the Senate. We greatly appreciate the thoughtfulness of the members of the Texas Senate.

Any of Libby's friends who would like to see the resolution are most welcome to come by the office and look at it.

We have heard that the Homecoming parade will not be held this year, due to lack of interest in building floats. We are sorry to see this nice function stopped. It was nice for everybody and certainly made a fine show on Homecoming day. It should be that we are getting lazier and lazier and just don't have the heart to put out any effort on worthwhile things. It should be especially important to school groups, but seems even the young people become more passive all the time and just really don't care about lots of things.

dent, Dolph Richards; vice president, Royce Fancher; secretary, Mrs. Henry Raney.

A great deal of visiting and reminiscing took place as the group gradually left the park.

Six persons were present who were over 80 years old, including John Richards and Mr. and Mrs. Ernest Seay of Bronte, L. G. Bergen of San Angelo, Hugh Ross of Lubbock and Guy Stroup of Kerrville. Mr. and Mrs. Alfred Bennett came the longest distance, from Albuquerque, N. M. Edwin McDaniel and infant daughter (who was the youngest person present) came from Eunice, N. M.

## BANK TO CLOSE MONDAY FOR COLUMBUS DAY

## JUNIOR PLAY ON TAP THURSDAY NIGHT

The Junior Class play was scheduled for 8 p.m. Thursday in the school auditorium.

This year the class worked up two one act plays instead of the usual three act performance.

The plays were entitled "The Hangman's Loose" and "It's Cold in Them Thar Hills!"

The Bronte Longhorns will open District 3-B competition Friday night when they host the Hawley Bearcats. The Hawley squad has a long list of players with much more depth than the Longhorn team has.

## Hornets to Play Water Valley

The Blackwell Hornets will go to Water Valley Saturday for a Homecoming game with the Wildcats. The host team will be fired up and working hard for a win before a big Homecoming crowd. It will be the first district game for both teams.

The Hornets have won one and lost two, while the Wildcats have a 0-3 season and will be trying for their first victory.

Last week the Hornets took Fluvanna with a 36-19 score and Water Valley lost to Mozelle 42-0.

In other District 2-B games last week it was Ira 34, Christoval 16; Mertzon open; Miles open; Rochelle 14, Paint Rock 0.

## BRONTE HOSPITAL GETS CLEAN BILL OF HEALTH

Bronte Hospital was investigated last week by a board of examiners from Medicare. The hospital was checked in all details to see if it meets the requirements of Medicare.

Dr. John R. Harris, owner of the hospital, said the examiners were very complimentary of the way the hospital is being run and added "we came through with flying colors."

## BURGLARY AT OAK CREEK

Woody Dickson of Morton reported the loss of a two ton air conditioner valued at approximately \$685.

In season play the Bearcats have a 1-1-1 record, while the Horns have a 2-2. In points scored, the Bronte lads have a slight edge, having scored 45 points to their opponents' 53. Hawley has made 30 points while their opponents have racked up 57.

Last week the Cats suffered a 43-0 shellacking from the Wall Hawks, while the Longhorns took a 12-6 win from Class A Menard.

This week it will be Forsan at Sands; Jayton open; Loraine at Roby.

# 4-H Week Observed

How often have we looked progress in the eye and then turned our backs because we were unsure which direction to go or which new method or technique to follow?

4-H is a venturesome organization of active boys and girls and these youngsters are constantly eyeing progress and taking the necessary steps to move forward and to grow and develop. 4-H is reaching out into new areas, involving youth with new interests and backgrounds. Texas is joining the other states in observing National 4-H Week, Oct. 1-7. The theme of the 1972 observance is "A New Day—A New Way." Ccke

County is also involved in the national event.

4-H has actually taken on a new look, according to Mrs. Fay C. Roe and Sterling Lindsey. Boys and girls are now encouraged to "do their own things, set their own pace, venture into new areas of interests."

4-H'ers are limited only by their imagination, and that's what makes 4-H so exciting today. 4-H is also attuned to such present day concerns as community development and improving the environment.

4-H is a part of the educational program conducted by the Texas Agricultural Extension Service of

Texas A&M University. It is directed at the local level by county Extension agents who work with volunteer 4-H adult leaders, other local citizens and individual 4-H members.

As part of the observance, Coke County 4-H Clubs are being reorganized and many activities will begin to boom. There are over 50 areas of interest for boys and girls to enroll in units or projects. Adult leaders will be recruited for special short or long timed projects sought by the 4-Hers. Enrollment is open to all youth, ages 9 to 19. Contact the Extension Office in the Courthouse in Robert Lee for further information.

Austin, Texas — Senate rejection of Secretary of State Bob Bullock to the State Insurance Board amid the special session's infighting opened new speculation as to who may get the job.

Sources close to Gov. Preston Smith appeared to be deliberately encouraging rumors that former U. S. Sen. Ralph Yarborough would be the Governor's next choice for the Insurance Board.

Yarborough himself said he had never been offered the post by the Governor or even felt out on his availability by intermediaries. AFL-CIO President Roy Evans and State Sen. Oscar Mauzy formally urged Smith to designate Yarborough, and Mauzy predicted the former senator could get state senate confirmation where Bullock and Larry Teaver failed.

Would he take the job if offered? Said Yarborough: "That's entirely too 'iffy' a question."

Senators voted 19-11 (with one abstaining) for the Bullock confirmation. Eleven opposition votes can block any appointment.

Bullock promptly blamed Lt. Gov. Ben Barnes and the insurance industry lobby for his defeat.

Smith chastised the Senate, charging the body "apparently will not permit a person who is committed to protecting the insurance consumer serve on the State Board of Insurance."

Bullock foes claimed the Governor had used some persuasive tactics of his own, dangling the prospect of submitting pet home district projects to the Legislature for senators who would not support Bullock.

The Secretary of State said he now intends to remain in his present job through the Smith administration.

**SESSION SUCCESS DOUBTED**

— Some legislators are doubting if the special legislative session really is going to come up with a competitive rating bill, the subject Smith called them to work on.

Senator Mauzy of Dallas, one of the bill sponsors in the Senate, says he doesn't think a competitive rate bill can be agreed on because of House opposition. Mauzy charged the House committee hearing the rate measure is lobby dominated.

Conflicting testimony was heard on advantages vs. disadvantages of free competition in rating during week long testimony by out of state experts.

At the end of the period, Lt. Gov. Ben Barnes acknowledged: "I have never been so much in the dark on legislation. People want to vote for a bill, but proponents have not done a good enough job convincing people competitive rates would be beneficial."

**AGENDA BROADENED** — A special session that started off confined to insurance and broadening the governor's fiscal powers has three times expanded.

Smith earlier submitted trailer brake light exemptions, school district annexation, exempting aviation schools from the proprietary school act, and reimbursement of medical schools for \$13.5 million in funds "borrowed" to avert a 1970 welfare crisis.

Last week the asked the Legislature to define the state's role and responsibility in developing deep draft offshore port facilities.

The next day he proposed an appropriation to the governor for emergency use, authority for the chief executive to meet certain fiscal emergencies from the fund, a \$365,000 supplemental appropriation to finance this year's primary election and permanent statutory establishment of the Texas Film Commission as a division of the governor's office.

**HIGHWAY FUNDS SHORT** — Demand for better highways is running ahead of state ability to pay for them, Highway Commission Chairman DeWitt C. Greer says.

Highway work pending ranges in need "from immediate to desperate," according to Greer, and there is no money in sight.

An adequate program for next year, with maintenance and operational costs, would carry a price tag of \$1.2 billion, Greer estimates.

Highway Department net income for the next 12 months is estimated at about \$482 million. Greer cites these factors in the financial squeeze:

\* It now takes \$1.58 to buy highway construction that cost \$1 only 10 years ago.

\* Release of money from the federal highway trust fund has been spasmodic for several years. This year, Texas anticipated about \$283 million from the trust fund — derived from federal highway user taxes. Actually, prospects are the state will receive only about \$189 million from the federal trust fund.

Greer says the Highway Commission has pending requests for highway projects totalling about \$2.7 billion. The Commission is pushing for a gasoline tax raise next year.

**WASHINGTON**

"As it looks from here"

**OMAR BURLESON**

Congressman  
17th District

Washington — Since the presidential election is just a month away, perhaps this is a proper time to review, in thumbnail, a little touch of history of Presidents.

George Washington, our first President, was a rich military leader and the Father of the "military-industrial complex." He was also famous for his ill fitting false teeth and added to his other "firsts" might be the "Father of British Dentistry." In his farewell address, in which he warned against entering foreign alliances, such as NATO, SEATO and the United Nations, he might now be identified as the "Father of Neo-isolationism."

Washington was followed by John Adams, best known for being the second President.

Thomas Jefferson, our third President, not only founded the Democratic Party but also pulled off one of the greatest real estate deals in history. He bought the whole Middle West of the country from Napoleon for \$15 million.

Madison, the great constitutionalist, followed Jefferson and he was succeeded by Monroe, the author of the doctrine which bears his name. This document is talked about more and read less than Palyboy.

Monroe gave way to John Quincy Adams, who soon gave over to Andrew Jackson.

President Jackson, as stories go, had a terrible temper but loved people. He invited a lot of people into the White House and at his inauguration they smeared cheese on the furniture in the Blue Room so that Mrs. Kennedy had to have the whole place redecorated.

Then came Van Buren who never liked being remembered by name. It seems everyone could name the first seven Presidents but not the eighth. The story goes that Van Buren was sitting near two men in a dining room near the White House and they were arguing as to who was President. They turned to Van Buren and asked him. On that morning he had had an argument with Senator John Calhoun and was so preoccupied he couldn't remember either.

After Van Buren came "Tippecanoe and Tyler too," Polk, Zachary, Millard Fillmore and Franklin Pierce.

Next came James Buchanan, who later didn't like to be known as the President who preceded Abraham Lincoln.

A President about whom volumes have been written needs no comment. He became the inspiration for that great American descriptive phrase, "a real human being."

After Lincoln things became a little confused. Andrew Johnson was impeached and General Grant became President. At that time General Custer grew hair down to his shoulders, there was corruption and soon about everyone grew hair and got fat.

All men who had not by choice grown long hair, or couldn't grow hair at all, got fat.

It was difficult to tell what's has name Hayes from Garfield or Chester A. Arthur or Cleveland from William Howard Taft.

Benjamin Harrison had the same problem of Van Buren. "Did you know we have a President by the name of Benjamin Harrison?" people would say. So he was replaced by William McKinley who became a memory in

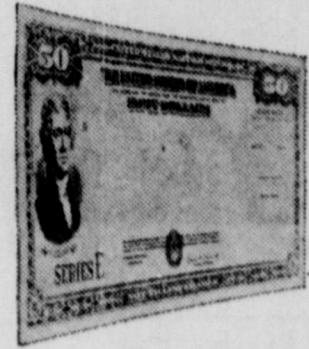

the hardest of ways. Then came the more lean, clear shaven type of President who could better be remembered because they didn't all look alike.

Entering the 20th century most all Presidents became even more controversial, and the less said, the less controversy—or do we? Just give us greatness and forget the rest.

# Defense Shines As Horns Squeak By Menard, 12-6

The Bronte Longhorns bowed up on their defense last Friday night to hold back several threats of the Menard Yellowjackets. The local lads had to come from behind as the Jackets made their only tally in the first quarter and led 6-0 for awhile. Bronte scored in the second quarter and again in the fourth period to take the 12-6 victory.

Bronte's two counters came on a 1 yard dive by Alan Barbee and a 17 yard pass play from Nelson Coulter to Jim Dan Raughton. Menard's touchdown came on a 35 yard scamper by Quarterback Lee Murchison.

## First Quarter

Eddie Gonzales kicked off to Barbee who was stopped on his 26. Next play Barbee went about 40 yards, but officials ruled he stepped out of bounds on the Menard 48, which was good for a 1st. Next three plays netted only 7 yards, so Barbee kicked to the Menard 11.

The Jackets made a 1st down and then bogged down and had to punt. It went to the 23 of Bronte. It was another fruitless effort for the Horns and the punt went to Menard on their 36.

Tom Nasworthy and Ricky Ashby made a 1st on the Menard 47, then another on the Bronte 40. Three plays later they were faced with a 4th and 6, when Murchison kept the ball and went 35 yards for the counter. EP try failed and the score was 6-0.

Gonzales kicked off to Gary Skelton who was tripped on his 33. On next play Mark Duncan made a big 29 yard gain for a 1st on the Menard 38. Darny Carper carried twice for 7 yards as the quarter ended.

## Second Quarter

Duncan made 2 and Carper went for 7 and a 1st on the 22. Barbee added a yard, Carper made 6 and Barbee made another 3 to bring up 4th and inches. A fine against Menard gave the Horns a 1st and goal on the 9. Coulter kept and made 3 yards, almost to the 1 yard. Then a penalty moved it half the distance to the goal. Barbee bulled his way through the center of the line for the last yard to give Bronte a touchdown. EP try failed and the score was 6-6.

Calderson took Barbee's kickoff and was finally cut down on his

own 41. Murchison and company pretty well controlled the ball the remainder of the second quarter moving for 1st downs on the Bronte 48, 38, 28 and on to the 24 yard line where the defensive Longhorns held and took over the ball. The Longhorns couldn't make a 1st, so Barbee punted to Williamson who was downed on his 37. Next play was a pass which was intercepted by Duncan to give Bronte the ball. Two plays later the quarter ended.

## Third Quarter

Barbee got off a short kick to start the second half and it went to Williamson who was throttled on his 39. The Horns held and Williamson punted out on the Bronte 17. It was all for naught, as a fumble gave the ball back to the Jackets on the Bronte 23. Two plays later, however, Menard returned the favor and Louis Martinez recovered a fumble on the 18 yard line. Another turnover was soon to come, since on 2nd down Saucedo intercepted a pass to give Menard the ball on the 26.

Once again names like Carper, Chapman, Martinez and Skelton were heard over the loud speaker as the Horns held the Jackets to a gain of 4 yards in four tries. Bronte took over on the 22.

An exciting play came on 1st down as Barbee took the pitch from Coulter and raced 36 yards for a 1st on the Menard 42. Then Barbee went for 8 more and Duncan frosted it with a 1st on the 27. Duncan made 1 and a pass to Raughton was good for 7. Then Barbee went for the 1st on the 15. It looked as though the Horns were on the march, but the Yellowjackets also had a defense and held on the 10 yard line where they took over. The Jackets ran four downs for 9 yards and the Longhorns took back the ball on the 19 as the quarter ended.

## Fourth Quarter

Bronte took a 5 yard fine to start the quarter, making it 1st and 15. Barbee went for 7, Duncan was stopped cold, and on 3rd down Coulter threw the ball to Raughton who waltzed into the end zone for the second touchdown. A kick for extra point failed and the score was 12-6.

Barbee's kick went to Nasworthy who returned to the 50. McCain made a 1st on the Bronte

39, a pass to Gonzalez made another on the 26, and Ashby got loose for still another on the Bronte 8 yard line. The Jackets were knocking at the door, but once again the Horns held and took over the ball at the 2 yard line.

The Horns were evidently finished with their offensive show as they couldn't move, so Barbee punted and Menard put the ball in play at their 45. The Jackets were a determined bunch, as they moved the ball very well. Murchison got loose for a 20 yard gainer which placed the ball on the Bronte 25. Ashby made 8 in two tries and Murchison made the 1st on the 15. As the clock was running out Murchison went into the passing business and a bad thing happened to him when Raughton intercepted on the Bronte 14 yard line. The Horns ran two plays and the clock ran out. Bronte 12, Menard 6.
