Veterans School Benefits Raised

Bob Nance, local Veterans Service Officer for Coke County, wishes to advise all veterans that the Congress recently passed a law which increases the monthly payments of educational assistance allowance for those in training under the GI Bill.

Nance said it is generally felt that the increased training allowance rates will enable many veterans either to remain in school or now consider beginning a new career. Many veterans have been forced to drop out of school because of the high cost of education. The increased rates of Veterans Administration training allowance will enable them to return to the classroom to complete their education.

In order to be eligible for GI Bill educational benefits, a veteran must have been in service for more than six months, any part of which was after Jan. 31, 1955, and he must have been discharged from service under other than dishonorable conditions.

A veteran is entitled to one and one-half months training for each month he was in service with a maximum entitlement of 36 months of training time. If he had as much as 18 months continuous active duty, he is entitled to the full 36 months training time.

A veteran with no dependents is now entitled to a monthly training allowance of \$220; with one dependent his rate is \$261; with two dependents the monthly rate is \$298. The increased rates will be retroactive to Sept. 1, 1972, for those who were in training at that time. Increases were also authorized for veterans taking on-job-training under the GI Bill.

Additional information on this and other veterans programs may be obtained at the Veterans Service Office located at City Hall in Bronte and the Courthouse in Robert Lee.

Spending Christmas with Mr. and Mrs. Luther McCutchen were all their children and their families, including Mr. and Mrs. Marlon McCutchen of Midkiff, Mr. and Mrs. Larry Abbott and Mr. and Mrs. Keith McCutchen of San Angelo, Mr. and Mrs. Harold McCutchen of Denver City and Mr. and Mrs. Jerry McCutchen of Abilene.

SOME NEWS OMITTED

Due to the small size of this week's Enterprise, we are having to leave out our community correspondents' columns. An effort will be made to include all their Christmas news next week.

Coke on Low Flying Routes of Dyess

The world wide commitments of the 463rd Tactical Airlift Wing (TAW) at Dyess AFB require continuous low level flying training. The highest possible degree of proficiency must be maintained and the 463rd-TAW aircrews must be current in all modes of aerial delivery. As a result the wing's C-130 Hercules aircraft are flown at low altitudes over the "big country" on a daily basis, according to officials of the big SAC base near Abilene.

These low level flights may be scheduled between 8 a.m. and midnight, Monday through Friday, and less frequently on weekends. Daylight missions are flown at an altitude of 500 feet above the terrain while night low level activities are conducted at least 1,000 feet above any obstacle, man made or geographic, within three miles of the prescribed route. Airspeeds will vary from 150 to 290 miles per hour.

All flights are made along specific routes which are approved by Tactical Air Command. Minimum disturbances of farms, ranches and communities is the primary consideration in selecting low level routes. Towns, local airports, resorts, hatcheries and stock pens are avoided when planning the routes and will not be overflown under any normal circumstance.

463rd officials would like to emphasize that, even though training must be conducted at low

level and high airspeed in order to be realistic, all possible precautions are taken to prevent disruption of local agriculture and community activities.

These training flights occur over the following counties: Knox, Haskell, Stonewall, Throckmorton, Shackelford, Baylor, Garza, Scurry, Fisher, Jones, Stephens, Mitchell, Nolan, Taylor, Callahan, Eastland, Coke, Runnels, Coleman, Brown and Tom Green.

Although the primary mission of the 463rd TAW is a military one, its aircraft and crews are ready, able and willing to assist in a non-military role. In the past the wing has provided help in flood relief, hurricane assistance, air evacuating burn patients to the burn treatment center in San Antonio, air dropping hay to stranded cattle and pursuing aircraft hijackers.

A map showing the routes of the planes shows one which runs west of Blackwell, north of Robert Lee, then southwest to due east of Sterling City, thence south and slightly east toward San Angelo; then to a few miles north of San Angelo; thence east and slightly north to a spot northeast of Ballinger; thence north and slightly west back to Dyess.

Another route goes to a point a few miles west of Blackwell; thence south to a point west of Bronte; from there an almost U-turn is made toward a northeasterly direction back to Dyess.

Special attention is invited to the fact that First National Bank will be closed three days in a row, Saturday, Sunday and Monday.

E. F. Glenn, president, asked that bank customers take care of any banking needs on Friday which cannot wait until the following Tuesday. Also, he said it would be impossible to get out December statements until the bank opens Jan. 2. An ad in this edition of the Enterprise explains the situation.

Probably most Bronte folks will spend most of the day watching television which offers a full schedule of bowl football games.

Classes at Bronte School will start again Tuesday, Jan. 2. Students and teachers will report at the regular time after enjoying a two weeks holiday.

The county is among 190 Texas counties with oil and gas production value topping \$100,000, although 211 counties produce oil and gas.

"Coke County oil and gas wells made a significant contribution to Texas share of the nation's energy needs last year, but growing demand is sapping reserves in Texas faster than they can be replaced," Robert A. Buschman, association president said. "As fewer fields are discovered, due to less drilling, the continuing strong economy and tax base of many Texas counties may now depend on updating Texas oil conservation laws to encourage wider use of new recovery technology," he said.

The association study showed that Coke County farmers, ranchers, and other royalty owners received \$2,261,583 as their share of the production.

The county's wells generated \$687,641 in crude oil production taxes for state government and \$235,795 in state taxes on natural gas. Oil and gas producers spent \$1,186,284 in drilling 22 wells in the county last year, \$600,068 of which was lost in drilling 14 dry holes.

Texas Employment Commission figures showed 72 oil and gas industry employees in the county last year, with an annual payroll of \$619,004.

Processing plants also added to the county's economy. The Oil and Gas Journal lists two natural gasoline plants, with a daily combined capacity of 130 million cubic feet.

Boys, Girls, Lose To Robert Lee

Both boys and girls A teams were tripped up last Friday night when they went to Robert Lee. The boys JV team scored the only win of the night by a one point margin.

The boys A team lost to the Steers 55-39. High pointer for the locals was Wayne Alexander with 12; Gary Skelton had 8; Andy Eubanks 4; Jim Dan Raughton 8; Alan Barbee 3; Bub Waldrop 2.

In the girls game it was Robert Lee 48, Bronte 30. Michelle Golson was high pointer for Bronte with 16.

The junior varsity boys slipped by their opponents 28-27.

Both boys and girls A and B teams were scheduled to host teams from Miles Thursday, with the first game starting at 4 p.m.

Robert Lee boys A and B teams and girls A team will be here Friday night, Dec. 29.

District play will start Tuesday, Jan. 2, when Greenwood boys and girls A teams come here.

Mr. and Mrs. Carl LaMunyon of San Diego, Calif., spent the Christmas with her sister and brother-in-law, Mr. and Mrs. C. E. Arrott. Mrs. Arrott's brother, John E. Hudgens of Lubbock also spent Christmas day here. All the Arrotts' children and grandchildren met at the family home for a Christmas Eve dinner and a large number of the family met Christmas day for dinner at the Arrott cabin. Another family gathering was held Christmas night in San Angelo.

December Bank Statements Will Be Late

Most all our customers like for their December bank statements to cover the entire month, and be closed out at the beginning of the New Year. It has always been our policy to wait until the end of the day on Dec. 31 to pull your statements. However, this year Dec. 31 falls on Sunday, and Jan. 1 is a mandatory holiday and falls on Monday. Consequently, we will not be able to pull statements until Tuesday, Jan. 2.

We regret this delay and sincerely hope it will not inconvenience our customers.

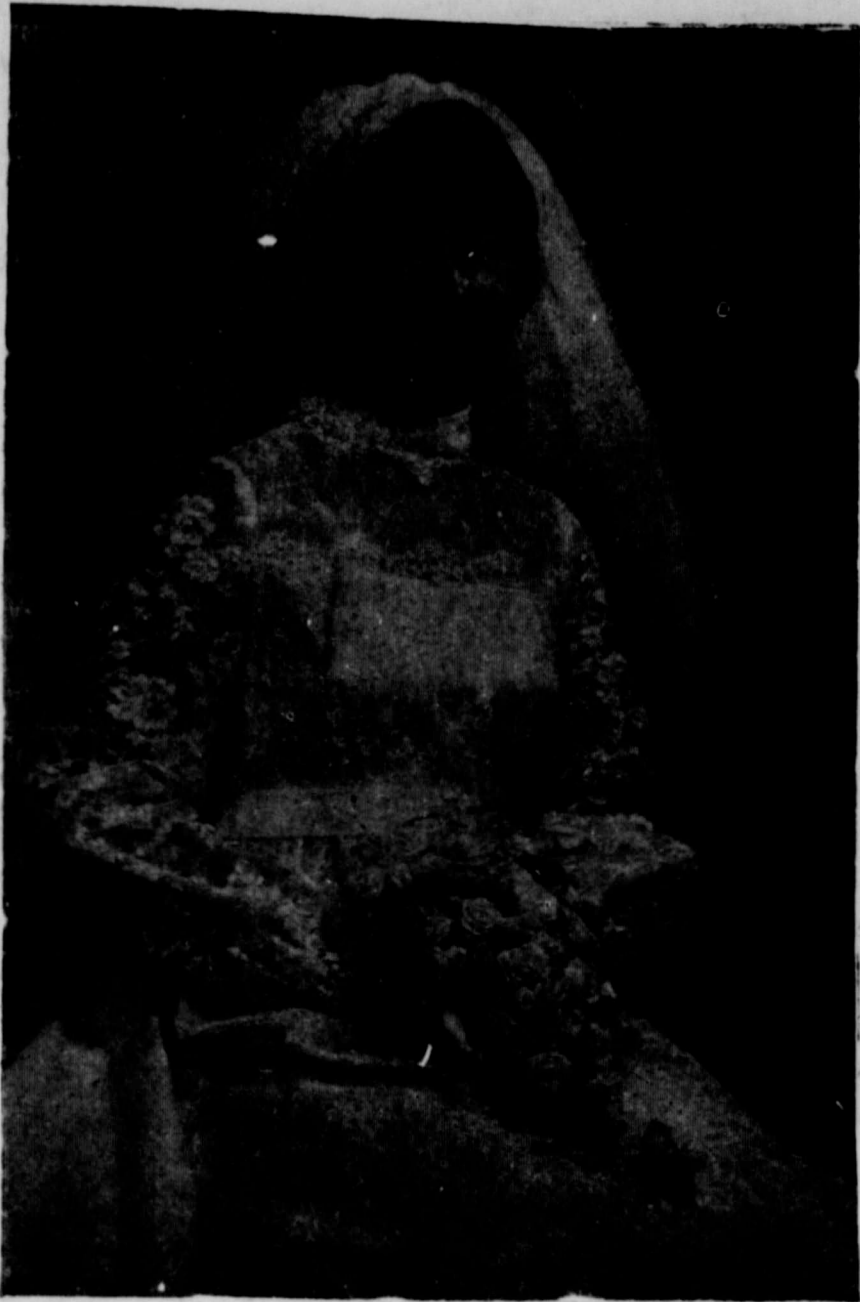

Mandatory Holiday

Jan. 1 is now a mandatory banking holiday in Texas. Since it falls on Monday this year, it means we will be closed Saturday, Sunday and Monday of the coming weekend.

We urge you to arrange your banking business so our closing will not inconvenience you. This holiday was set by the State Legislature and we have no choice except to close. Your patience and understanding will be greatly appreciated.
