Funeral Services For D. K. Glenn

Funeral services for D. K. Glenn, 61, will be held today (Friday) at 3 p.m. in the First United Methodist Church. Officiating will be the pastor, the Rev. Russell Heaner, assisted by the Rev. M. E. Patterson, pastor of Central Baptist Church, and the Rev. Harry K. Morris, pastor of First Baptist Church. Burial will be in Fairview Cemetery under direction of Newby Funeral Home.

Mr. Glenn, prominent Bronte rancher, businessman and civic

Jr. High Girls Win Wingate Tourney

The junior high girls took the championship trophy at the Wingate tournament last weekend.

In their first game they downed Blackwell 54-15. Shelene Tidwell and Karen Arrott shared scoring honors with 10 each; Leah Barbee and Shelley Cumbie both had 8; Kim Glascock and Susie Collins 7 each; Carlyn English and Deborah Frazee 2 each.

Janice Dudley made 13 and Lana Poehls 2 for Blackwell.

The second game gave Bronte a 37-20 win over Paint Rock. Cumbie was high pointer with 15; Barbee made 13; Glascock 6; Arrott 3.

Bronte and Highland tangled in the final game and the local girls came out ahead 33-16. Cumbie made 15 points again; Barbee had 14 and Glascock 4.

Two girls made the all-tournament team, Leah Barbee and Shelley Cumbie.

The girls took a 42-15 victory from Winters Monday night. Cumbie led the way again with 20; Barbee made 13; Arrott 6; Glascock 2; Collins 1.

Coach Zula Sweeten said Sherri Cooper, Becky Morris and Lana Webb were outstanding on defense.

The boys won consolation in the Wingate junior high tournament.

The junior high teams are entered in a tournament this weekend at Miles. Their first games with Wall were won by forfeits.

The girls will play the winner of the Veribest-Water Valley game at 10:40 a.m. Saturday.

SCHOOL AUDIT PUBLISHED IN THIS EDITION

Annual audit of Bronte Independent School District is being published in this edition of The Enterprise.

Attention of readers is invited to the tables which show information on receipts and expenditures for various funds. Also included is information which shows the status of the bonded indebtedness of the school district.

Funeral Rites Held Here Thursday for Glenda Caudle, 12

Funeral services for Glenda Caudle, 12 year old daughter of Mr. and Mrs. J. W. Caudle, were held at 2 p.m. Thursday in First Baptist Church. Officiating was the pastor, the Rev. Harry K. Morris.

Burial was in Fairview Cemetery under direction of Newby Funeral Home.

Glenda, a victim of leukemia, died Tuesday in John Sealy Hospital in Galveston. She had been ill since last summer, but was able to return home and attend part of the fall school term. She was in the fifth grade.

She was born Nov. 28, 1960, in Odessa, but had lived most of her life in Bronte. She was a member of the Baptist Church.

Survivors include her parents; a brother, David Caudle of the home; her maternal grandparents, Mr. and Mrs. F. D. Moore of Cisco, and her paternal grandparents, Mr. and Mrs. Willard Caudle of the Brookshire community.

Pallbearers were J. W. Lee, Dale Thompson, Edward Cumbie, Aubrey Denman, C. B. Barbee, T. F. Sims, J. T. Henry and J. B. Mackey.

Jack Geists Buy Quick-Shop Food

Mr. and Mrs. Jack Geist have purchased the Quick-Shop Food Store from Mr. and Mrs. Roy Ball and have already begun operation of the business.

They are running some specials along with the announcement of their purchase in an ad in this week's Enterprise.

Mrs. Geist said everyone is invited to visit them this weekend and take advantage of the low prices which will be offered. She said they were to receive a large shipment of new merchandise Thursday and it would be out on the shelves Friday morning.

BIG CAT KILLED — Joe Larkin and Tom Green of Tennyson have added another bobcat story to their collection, but this time they offer the above picture as proof. The big cat was trapped last week on the Jerry Landers place.

The high school girls basketball team will have a playoff game Saturday night with Forsan to determine the district championship. The playoff was made necessary when the girls lost Tuesday night to Garden City. The site for the playoff is Rescoe and the game will start at 7:30 p.m.

Forsan and Bronte school officials met Wednesday night in Sterling City to set up the post-season contest. Both teams have 10-2 district records. Bronte has

a 23-11 season record, while Forsan has 21-7.

The girls downed Sterling City last Friday night 52-36. Sherrie Coalson was top scorer with 20; Sue Ann Lee made 17; Michelle Golson had 15.

The catastrophe Tuesday night at Garden City left Bronte on the short end of a 43-35 score. Coalson was high again with 13, while Lee and Golson both had 11 points.

Boys Games

The boys team split a pair of games the past week, losing to Sterling City and winning over Garden City.

Last Friday night they went to Sterling City and suffered a 62-51 loss. Wayne Alexander was high point man with 15; Gary Skelton had 14; Alan Barbee 11; Jim Dan Raughton 4; Tony Mackey 2; Andy Eubanks 2; David Chapman 2; Bub Waldrop 1.

Traveling to Garden City Tuesday night the boys brought home a 58-43 win. Skelton led scoring with 16; Barbee made 15; Raughton 14; Waldrop 5; Mackey 4; Eubanks 2; Alexander 2.

The boys varsity game with Forsan will be the only contest played here Friday night. It will begin at 7:30 p.m. Final scheduled games of the season will be next Tuesday when both boys varsity and JV will travel to Water Valley.

The boys now have a district record of 8-2 and a season record of 13-10.

B Team Tournament

The Bronte B teams are entered in a tournament this weekend in Robert Lee. A report on the girls' first game showed a win over Lake View, 53-46. Kim Arrott was the big gun with 26; Marla Thompson made 15; Debra Hibbs 10; Kim Caperton 2.

The girls B team lost Monday night at Winters 45-38. Thompson made 20; Hibbs 14; Caperton 4.

White Auto Store Is Burglarized

White Auto Store in Bronte was burglarized Thursday night or early Friday morning of last week, with a sizeable amount of merchandise taken.

Aubrey Denman, owner of the store, said so far they have missed the following items: a .22 pistol, three watches, a tape deck, two speakers, eight or 10 boxes of rifle shells and two hunting knives.

The burglars gained access to the building by caving in the lower part of the back door.

Deputy Sheriff Don Thorpe said early this week that law enforcement officials have no leads on the case.

The sheriff's department recently recovered several guns which were stolen in Coke County. Some of the firearms belonged to Tommy Lee of Bronte and others were returned to owners on the west side of the county.

Mr. and Mrs. Bill Franklin and children of Abilene visited Sunday with his parents, Mr. and Mrs. Pete Nutter.

Austin —The Texas Legislature swept away some of the clouds last week and made important moves toward "government in the sunshine."

In addition to passing the revised "open meetings" law — patterned after Florida's famous "sunshine law" — House committees approved a new "open records" law for Texas and placed on the House calendar a "free flow of information" bill.

Changes in the Texas open meetings law will allow the public and press to be informed of all "quorum" meetings of public bodies. It was approved 132 to 13 by the House of Representatives and moved over to the Senate Jurisprudence Committee.

Closed meetings will be held to a minimum under the exemptions

in the new law. It was authored by Rep. Carl Parker of Port Arthur and submitted as a part of House Speaker Price Daniel Jr.'s "reform package."

A marathon five hour hearing by the House Judiciary Committee — chaired by Rep. DeWitt Hale — was held on the "free flow of information" measure. This proposal is H. B. 10, sponsored by Rep. Dave Allred of Wichita Falls.

It grants a "news source" confidential privilege, and allows Texas journalists to get more information about governmental, law enforcement and other matters important to the public.

The House Judiciary Committee approved the bill 16 to 4 and sent it to the House floor for debate this week.

H. B. 6, the "open records"

After high school, will your kid go to work, or to college?

High school is the end of Free Education.

If your child decides to go on to college it'll take money. Lots of money. Money that you should probably be saving right now.

And there's no better way to start a college savings fund than by joining the Payroll Savings Plan where you work. That way an amount you specify will be set aside from each paycheck and used to buy U. S. Savings Bonds. Before you know it you'll have a nice little college fund on hand.

Now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra

3 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Join the Payroll Savings Plan. And, if your child keeps studying and you keep saving, you'll both be ready for college.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a great way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

The U. S. Government... Department of the Treasury and the Financing Council

measure, will allow the public and press access to most all records of government, city, county and state, that are not closed by state statute. A few restrictions were placed on the bill — sponsored by Rep. Lane Denton of Waco.

All of these "government in the sunshine" measures follow the pattern of new House rules which open committee meetings, and follow the trend toward "openness."

PEOPLE'S WATCHDOG PROPOSED — AGAIN — Legislators from Houston and Fort Worth have introduced legislation proposing to create the office of "Ombudsman" in the State Government in Texas.

The idea has been put before the legislature in previous sessions only to receive a cold shoulder. The Ombudsman would be an independent and politically neutral office with the sole duty of investigating and recommending action on citizen complaints about state government administration, under the proposed legislation.

The two sponsors, Reps. Hawkins Menefee of Houston and David Finney of Fort Worth, said the Ombudsman would be able to protect individual citizens by giving them recourse for their grievances against unfair or abusive administrative practices.

The Ombudsman, however, would only have the power to criticize and publicize, but not reverse, undesirable administrative actions.

PRAY QUIETLY PLEASE — Sen. Walter Mengden, Republican state senator from Houston, has dropped a bill in the legislative hopper to allow local school boards to establish periods of silent prayer or meditation at the beginning of each school day.

The U. S. Supreme Court says a school district cannot dictate to a class of students the wording of a daily prayer. Mengden says his bill would "get around that ruling through this bill which authorizes private prayer, not as a religious service or exercise, but an opportunity for silent prayer or meditation on either the anticipated activities of the day or — by those so disposed — on a religious theme."

DWI IS A NO-NO-OR ELSE — Baytown Rep. Joe Allen has introduced legislation to require a mandatory minimum 30 day suspension of operator's license upon first conviction for driving while intoxicated, and a mandatory one year sentence on second conviction.

Rep. Allen says Department of Public Safety officials tell him "almost a third of all fatal rural accidents were the direct result of drunk drivers. Statewide figures are almost as high."

"Over 700 people were killed on the highways of Texas by drunk drivers in 1971. Consider that nearly 200,000 accidents that same year were caused by drinking and driving and that rate goes up every year, and you get a good idea of the size of the problem," says Allen.

Allen says he has DPS support for his bill, partly because "juries hesitate to suspend a driver's license for a whole year. Consequently, our officers make the arrests, but can't get the driver off the road for any significant length of time."

Leading communicable disease in the state was influenza and other flu-like illnesses, the State Health Department reports. The leading communicable disease nationwide in 1972 was gonorrhea, which ranked second in Texas with 58,404 reported cases.

Some 4,000 Texas junior and senior high school students and their teachers are to converge on Austin March 16-17 for the 46th annual convention of the Interscholastic League Press Conference.

How to make your home more comfortable while you lower your energy costs.

Like to enjoy barefoot comfort in your home all year long?

Like to cut heating costs as much as a third?

Like to cut air conditioning costs as much as half?

The secret is through insulation.

Your home probably has some insulation already. But, thorough insulation includes an adequate amount in the ceiling, in the walls and under the floor. It also includes weather stripping, storm doors and storm windows or double glazed windows.

Once you have good insulation, you can forget about cold floors, cold walls and chilly corners. You'll be more comfortable and enjoy your home more.

The cost will vary, depending on the style of home and amount of insulation already in it. But, one important fact to keep in mind is that insulation is the only comfort improvement you can make in your home which requires no maintenance, yet pays for itself through lower energy bills.

Ask an insulation dealer for advice and a free estimate, or call WTU for more information.

WHAT COSTS LESS NOW THAN IN 1952?

The average cost of a kilowatt hour of electricity used by a residential customer served by WTU cost 29% less than it did twenty years ago... (1952 - 1972) and... in 1972 the average customer used over three and a half times as much electricity as he did in '52."

Commissioners Plan Water Study

Judge W. W. Thetford said this week that an engineer will meet with Coke County Commissioners' Court Monday to discuss the feasibility of creating a county wide water district which would supply water to Robert Lee and Bronte, and to as many rural residents as possible.

The judge said Bill Fox of San Angelo will be present to discuss the matter with the commissioners. Judge Thetford said a special invitation is extended to mayor and city councilmen of both Bronte and Robert Lee and to anyone else who would like to sit in on the discussion.

LVN'S HAVE PROGRAM ON EAR SURGERY

The regular meeting of Division 58 of the Licensed Vocational Nurses Association of Texas was held Feb. 1 at 7:30 p.m. in the First Baptist Church of Bronte.

Speaker for the program was Dr. Don W. Armstrong of San Angelo, who spoke on "surgery of the Ear." Dr. Armstrong discussed different types of ear conditions that can be corrected by surgery and those that are treated medically. Slides were shown of the surgical techniques currently being used in ear operations. The speaker conducted a question and answer session following the lecture.

Prior to the program a business session was held with Division President Mrs. Lottie Farris presiding. Plans were made for Mrs. Farris to attend the President's Council meeting to be held in Austin this weekend. Mrs. Martha McAlister, LVNA state secretary from Division 58, will attend State Board meetings held during this time in Austin.

Attending this meeting were division members from Ballinger and Bronte, and special guests were Dr. John E. Green and Jo Crimm, R. N., of Ballinger. Other guests included personnel from the Ballinger Memorial Hospital and Bronte Nursing Home.

POWER IN THE CHURCH

This is another in a series of questions and answers concerning the teaching on the Baptism with the Holy Spirit. This is presented with the hope that it will stir up the desire in you to study your Bible and seek His plan for you.

DOESN'T CONVERSION BRING THE HOLY SPIRIT?

Certainly it does. Paul says, "No one can say Jesus is Lord except by the Holy Spirit (1st Cor. 12:3). We know that every Christian experiences a measure of the Holy Spirit's power. While the Samaritan Christians were soundly converted under Philip's teaching, still it was through prayer and the laying on of hands that they received the Holy Spirit (Acts 8:14-17).

The baptism with the Holy Spirit is NOT a saving experience for the non-Christian, it is an empowering experience for the Christian. Many of us are like the Ephesian disciples whom Paul asked, "Have you received the Holy Spirit since you believed?" (Acts 19:2). When they were prayed for they received with evidence.

given a skin like softness via a cotton backed polyurethane called Deauville that features the look and feel of luxurious Cabretta leather. In addition to its glamour status the material is totally practical. It reportedly allows easy movement, is "cooler" than vinyl, water-resistant and keeps its luxurious look with sudsy-sponge wiping.

The latest in "stick-ups" is a line of bathroom accessories including a soap dish, toothbrush and tumbler holder, toilet tissue holder, towel bars, twin hook and towel rings. The peelback self-adhesive on each makes these holdalls easy to attach. Choose from white, harvest gold or avocado.

Mix and match goes a step forward in a collection of bed sheets woven of a no-iron blend with a Scotchguard finish. The finish helps keep the sheets and pillowcases from attracting oily stains and helps them clean more easily. The colors are brilliant solids in bottom sheets, topped with a selection of tri-colors or a choice of two-color-coordinated prints. The depth of tones is indicated in the names: pagan pink, plum purple, turf green, forsythia, peacock blue, midnight blue and paprika. Matching coverlets, dust ruffles and bath towels are also available.

"Keep It Clean" Tips

Synthetic hair needs almost as much washing as real hair. Hairpieces, falls and wigs should be shampooed after eight to twelve wearings — more often if hair-spray is used.

Many people assume that because of the very location of plastic shower curtains, they don't get dirty. Take a look. Then pop them in the washing machine for four minutes, setting dials for a gentle cycle and warm water. Use a non-precipitating conditioner instead of soap or detergent. Dry in the dryer on an air setting.

Public health experts report that homemakers must wash their hands with soap and water after handling raw meat and poultry and before touching other foods. This reduces the hazard of transferring bacteria.

When was the last time your makeup bag was dunked in the suds? Even women who are extremely careful about their complexion and hair care, sometimes forget that dirt accumulates in the pouch that holds the grooming aids. The soiled eyebrow brushes, dusty combs and grimy sponges go on under the illusion of "freshening up."

Proof Positive... Sheep and Lamb Feeding Down... Vegetable Value Increases... Not Just Chicken Feed...

Cattle producers are continuing to increase production, contrary to claims of some consumer groups which have charged that cattlemen are holding back on production to keep prices on the increase.

The Texas Crop and Livestock Reporting Service notes that in Texas the number of cattle on feed as of Jan. 1 is up 26 per cent from a year ago. Cattle on feed

Jan. 1 of this year totaled 2,245,000; a year ago the total was 1,781,000.

In addition, cattle placed on feed in Texas feedlots from Oct. 1, 1972, to January 1, 1973, was up 12 per cent from placements of a year ago. Cattle marketed out of Texas feedlots was 16 per cent above marketings of a year ago.

Feedlot operators report intentions to market 1,257,000 cattle between now and March 31. This would be 33 per cent more than marketed during the same period a year ago.

Nationwide, the trend for upward production in beef continues. Cattle and calves on feed for slaughter market on Jan 1 in 23 major feeding states is estimated at 13,920,000 head, four per cent above a year ago. Cattle feeders throughout the nation plan to market about 6,917,000 head between now and March; this would be seven per cent higher than those actually sold during the same period last year.

WHILE cattle feeding increased, the numbers of Texas sheep and lambs on feed as of Jan. 1 was down 15 per cent from a year ago, but this is still 61 per cent above Nov. 1, 1972.

Sheep and lambs on feed are those intended for slaughter being fed a ration of grain or other concentrates or on succulent pastures and expected in the next three months to produce a carcass that will grade good or better.

Numbers of sheep and lambs on feed in Texas as of Jan. 1 totaled 339,000 head. Marketing of sheep and lambs can increase now through February because additional lambs may be placed on feed early in the period and marketed later during this period.

Nationwide, sheep and lambs on feed as of Jan. 1 in 26 states totaled 2,873,000 head, nearly the same as a year ago. Sheep and lambs on feed in the seven major feeding states—Texas, California, Colorado, Iowa, Kansas, Nebraska, and South Dakota — were down three per cent from a year ago.

VALUE of commercial vegetables — potatoes, sweet potatoes and strawberries — produced in Texas during 1972 totaled \$148,827,000; this is an increase of

five per cent from the year earlier.

Leading crops in value of production in 1972 were onions, carrots, watermelons, cabbage and cantaloupes.

Texas ranked third in harvested acreage for fresh market vegetables. Only California and Florida outranked Texas.

Texas ranked first in the nation in harvested acreage for these crops: cabbage, spinach and watermelons. It is second in harvested acreage of carrots, onions, cantaloupes, honeydews and cucumbers.

Seven sensible reasons why you should join the Payroll Savings Plan.

1. You'll save money.
2. It's easy, all you do is sign up once and money is automatically set aside from each paycheck.
3. The money is used to buy U.S. Savings Bonds. There isn't a safer way to save.
4. Bonds now pay the highest interest rate ever. There's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.
5. The government replaces it if a Bond is lost, destroyed, or stolen.
6. You never see the money. It's deducted and saved before you can get your ever-spending hands on it.
7. Our seventh reason is really hundreds of reasons. Bad reasons, like you may lose your job someday or a medical emergency might come up. Good reasons, like that trip you always wanted to take, retirement, a home, a college education, a boat, a car or whatever else you may see in your future.

Take stock in America.
Now Bonds pay a bonus at maturity.
