Funeral Held for Elroy Chapman, 39

Funeral services for Elroy Chapman, 39, were held Wednesday at 10 a.m. in Central Baptist Church. Officiating was the pastor, the Rev. M. E. Patterson. The body was taken to Easton, La., for burial in Ortego Cemetery at 2 p.m. Thursday. Newby Funeral Home was in charge of arrangements.

Mr. Chapman died about 7:20 p.m. Monday. He was working when he became ill and called by radio for help. He was picked up by a fellow-worker and the two of them were enroute to a Winters Hospital when he died.

He was born June 9, 1934, in Easton, the son of Artelon Chapman Sr. and the late Murdis Ortego Chapman. He was married to Belva Louise Longnecker Sept. 3, 1955, in Louisiana. The family moved to Bronte in 1969 and he was employed by Union Texas Petroleum. He was a Navy veteran and served during the Korean War. Survivors include his wife; one son, Dave; two daughters, Tamara Louise and Rhonda; his father, Artelon Chapman of Easton, La.; one sister, Mrs. Merlin Valin of Baton Rouge, La.; two brothers, Daniel Chapman of Lafayette, La., and Archie Chapman of Easton.

Pallbearers were Elroy Butler, Dwin Pruitt, Jack Geist, Larry Robinson and Bill Jackson, all of Bronte, and Harold Snell of Winters.

Clubs Sponsoring Cemetery Project

Beautification of the Fairview Cemetery in Bronte is still very much in the plans of the Sorosis Study Club and the '69 Study Club, it was announced as they began their 1973-74 club year.

The clubs started work on the cemetery project last year and raised some money to put out shrubs and make other improvements. Necessary work in preparing the ground for planting shrubs next spring will be done this fall and winter.

Anyone who wishes to donate to the project or pay dues into the Cemetery Association may contact any of the club members or J. B. Mackey, who is secretary-treasurer of the association.

The second annual Coke County Fair was held Friday and Saturday in the Robert Lee School gymnasium. More than 1200 persons came to see the large number and variety of exhibits. A total of 325 exhibits, 250 in the Adult Department and 75 in the Youth Department, came from all areas of the county.

Circus Coming To Town Oct. 9

In the accompanying picture is the largest Regal Python on exhibition by the Fisher Bros. Circus which the Bronte Evening Lions Club is sponsoring here on Oct. 9 for two performances at 6 and 8 p.m.

Tickets are on sale by members of the Lions Club at the low price of \$1.00 to everyone when bought from a member. If purchased at the circus ticket office, they are \$1.50 for children and \$2.00 for adults. All tickets are good for any seats in the big top as the Fisher Bros Circus does not have reserved seats.

Besides Conga who is over 20 feet long and weighs over 200 pounds, circus goers will see a good circus performance with elephant acts, trapeze, jugglers, clowns, balancing acts, something to entertain and please everyone.

Everyone is urged to get tickets in advance from the Lions, for three good reasons: 1. you save money on the tickets; 2. you don't have to stand in line at the ticket office, and 3. you help the Lions make and keep more money as they get a much larger percentage from the advance sale than they do at the door. If you buy your ticket from them in advance you put more money into the various projects they do to better the community.

Advance tickets may also be purchased at the city hall.

Election Precincts Are Changed

Coke County commissioners voted last week to consolidate Election Precinct No. 4 at Tennyson with Election Precinct No. 5 in Bronte.

The action was taken after receipt of a letter from the Secretary of State notifying the Commissioners' Court of a change in the size of election precincts as provided by Section 4 of Senate Bill No. 11, Article 2.04b of the Texas Election Code. To comply with the new law, which took effect Aug. 27, and which provides that an election precinct must have at least 100 registered voters, the Court found it necessary to consolidate the Tennyson precinct with the Bronte precinct.

It was also brought to the attention of the Court that changes in the election precincts also bring about a mandatory change in the Justice of the Peace precincts in Coke County.

The Court voted to make Justice of the Peace precincts coincide with Commissioners' precincts.

The new election precinct will be known as Election Precinct No. 4 and elections will be held at the Bronte School, with Noah Pruitt Sr. serving as presiding judge and Calvin McCutchen serving as alternate judge.

For several years Justice Precincts 1 and 2 overlapped into Commissioner Precincts 3 and 4, respectively.

"Time to Run" Due Next Week

"Time to Run," a Billy Graham production, is coming to Coke County and is recommended for the entire family. The movie will be shown Tuesday, Oct. 2, at the Texas Theatre in Bronte and Wednesday, Oct. 3, at the Alamo Theatre in Robert Lee. Two performances each evening will begin at 7 and 9 p.m.

Advance tickets are available at Robert Lee Baptist Church and the Baptist Mission in Robert Lee and First Baptist Church in Bronte.

Dr. Graham issued the following comment on the film:

"There is no doubt that today we see the family unit being attacked from every side, torn apart and fragmented. "Time to Run" is a motion picture about a family, about listening, about the silences between people, the unspoken moments, and the moments of anger that don't really accomplish anything. "Time to Run" openly offers the reality of Jesus Christ as an answer to the human dilemma.

"I urge you to take your children... or your parents... to see "Time to Run." You may find it more of a mirror than a motion picture!"

BAND BOOSTERS TO MEET

Austin — "The way a man comes across on television says absolutely nothing about his qualifications to govern," explains Bob Hardesty, Press Secretary to Goy, Dolph Briscoe and former speech writer for President Lyndon B. Johnson.

Hardesty, speaking before the Austin Advertising Club, said, "On television, the way a person comes across all too often has little to do with what he is really like. What's of paramount importance is what he appears to be like. We are faced with a basic conflict — the conflict of illusion versus reality."

Hardesty defended LBJ's "illusion that he was devious and secretive," stating that "it was under his (LBJ's) personal orders that there was no press censorship in Vietnam — for the first time in the history of American warfare."

There was the "illusion that he was a southern racist, yet he was responsible for passage of every civil rights act since reconstruction," his former speech writer added.

Governor Briscoe "lives with myths that he is a businessman's governor, but he vetoed a bill which would have raised interest rates—and the myth is that he is a remote, inaccessible governor, but he is the man who is probably more accessible to members of the legislature than any governor in recent history."

"My remarks are not directed against the television industry and the fine people who work in it; this is something out of their control and is a fact of life."

"My point is obvious. We elect our public officials to run our government honestly, effectively and compassionately—not to en-

tertain us. We have our Johnny Carsons for that," he stressed.

"Therein lies the tyranny of television. The more we as people become used to the suave, polished entertainers and newscasters, the more we expect public servants to be like them. In this day of pre-packaged candidates and edited TV campaign spots, it takes a long, long time to see through a 'snow job.' The day we judge all our political candidates on style, rather than merit, we will all be the losers," he concluded.

LBJ WAS 'TRICKED' INTO QUITTING? — In a UPI interview last week Sam Houston Johnson, brother of LBJ, said, "If anybody tells you that he didn't intend to run for a second term, they're very badly mistaken."

"He was tricked. He was led to believe if he withdrew he'd save thousands of lives. It had the opposite effect of what he thought it would," he added.

Sam Johnson is revising and updating the book, "My Brother Lyndon." He will tell in his book that LBJ "gave up politics for peace." The choice, he thinks shortened his brother's life.

"Politics was his life. He gave up living when he gave it up. I he'd stayed on in the White House there's no telling how long he'd have lived."

NO MORE TELEPHONES — "Bend a key and bend a mind," says Uri Geller, Israeli psychic, who made an appearance before a skeptical Capitol press corps last week.

"There are other dimensions to life than what we can see, feel and hear," Geller pointed out — as he bent keys for reporters and explained phenomena which occur around him every day.

Geller gave the political reporters something to think about when he said Bell Telephone laboratory scientists were "slightly shook" when he performed some of his experiments in laboratory conditions for them.

"Perhaps they are afraid mental telepathy will put them out of business," he said jokingly.

He successfully conducted telepathic experiments in other news rooms in Austin, but didn't succeed with the skeptical capitol reporters.

IMPROVEMENTS GIVEN FOR HOUSE — Eighty-one recommendations to improve legislative efficiency were revealed following a three months' study, and House Speaker Price Daniel Jr. promised early implementation of some.

The Citizens Conference on State Legislatures completed the study and handed in its report, which included such proposals as

annual legislative sessions, single member districts for all lawmakers, a new rulebook, home district offices and \$15,000 annual pay.

Daniel applauded the recommendations and announced immediate plans to begin a review of them with key House committee chairmen. Actually, the study applied only to the House, as the Senate refused to go along with the request for CCLSL evaluation.

MORE AUTO INSURANCE CUTS PROMISED — A new competitive rate law will bring auto insurance rate cuts up to 20 per cent for many motorists, State Insurance Board Chairman Joe Christie announced.

Christie and Governor Briscoe jointly announced rate deviations approved for 13 companies under the law which permits changes above or below state board standards.

Most of the 13 companies sought rate reductions for key classes of coverage ranging from 10 to 15 per cent.

SCHOOL FINANCE PLAN AD-

VANCED — A House education committee recommendation for the state to assume \$600 million in added school costs over a six year period went to Speaker Daniel and Briscoe last week.

"What we are trying to do is relieve the local taxpayers and shift the burden to the state," said Rep. Dan Kubiak of Rockdale, committee chairman. "The local districts are at about their (taxing) limit."

Kubiak said overhauling the school finance formulas can be accomplished without any immediate new taxes, because \$109 million in unexpended funds rests in the state treasury.

Recommendations included a reduction in the teacher-pupil ratio; limiting ad valorem taxes for other than capital facilities, equipments and debt service to 75 cents per \$100 of market value; local leeway funds of from \$100 to \$200 per pupil in two step form; increasing the transportation allocation by 50 per cent; increasing the operation and maintenance cost to \$85 per daily membership and a new teacher pay raise.

Longhorns Streak By Lake View JV, 35-8

The Bronte Longhorns had an easy time of it last Thursday night when they downed the visiting Lake View JV Indians, 35-8.

Alan Barbee was the star of the show as he rushed for nearly 250 yards in 21 carries and made four touchdowns. He also accounted for three extra points. The other Bronte TD came on a pass from Quarterback Nelson Coulter to End Jim Dan Raughton and the other extra points resulted from a pass from Coulter to Dave Chapman.

First Quarter

Barbee kicked off to Smith on the 26 to start the game. Three plays netted no yards so Garcia punted to the Bronte 38. On the first offensive play for the Longhorns Barbee took the ball, followed good blocking through the left side and went 62 yards to pay dirt. Barbee then kicked the EP and the score was 7-0.

McAden took Barbee's kickoff and was scuttled on his 34. The Indians lost 4 yards on 2 downs and then got a 1st on a pass interference call against Bronte, on their 49. Soon they were faced with a 4th and 5 and Garcia's punt was blocked by Kit Carlton to give the ball to Bronte on the 50 yard line.

Wayne Alexander went for 2, David Chapman added 2 and a pass to Raughton was good for a 1st on the 33. Chapman made 4, and then Bronte drew a 5 yard fine. Two tries netted a yard, but on 4th down Raughton caught a pass for the 1st on the 21. Alexander went for 2, Barbee added 3 and then went for the 1st on the 4 yard line. The Indians bucked up against Barbee's two tries through the line, so Coulter tossed an aerial to Raughton for the counter. Barbee's kick was good and the score was 14-0.

Barbee kicked off to Smith who was tripped on his 34. Warren did most of the carrying and made 1st downs on the 44 and Bronte's 36. The Indians had a 3rd and 4 on the Bronte 30 as the first quarter ended.

Second Quarter

Lake View was penalized for a clip and had an incomplete pass before Garcia punted to the 25. Barbee went for a 1st on the 41. The Horns drew a 5 yard penalty, Chapman went for 10 yards

and Coulter made the 1st on the LV 44. Chapman made 7 yards and a pass to Raughton made a 1st on the 26. Coulter went for 5, and the next play took Barbee around right end for another TD. EP try failed and the score was 20-0.

After taking the kickoff the visitors were forced to punt on 4th down. It was short but bounced to the Bronte 35. The Horns bogged down and had to punt, giving Lake View the ball on their 39. Montez made 4 and a pass to Cauley was good for the 1st on the Bronte 46. Lake View couldn't go and Garcia punted to Raughton, who was stopped on his 32.

In spite of an 8 yard gainer by Alexander, the locals had to punt. Barbee got off a booming 51 yarder to the 7 with no return. On the Indians' 2nd down Raughton intercepted a pass and was stopped on the 25. One play later the half ended.

Third Quarter

Barbee took Mayberry's kickoff and after a penalty the Horns had a 1st and 10 on their 10 yard line. The next play was when Barbee did little to hurt his yardage for the night. He took the ball and went the entire 90 yards for another Bronte touchdown. Barbee then kicked the extra point to make the score 27-0.

Mayberry took the kickoff and was stopped on his 36. The Indians got a good drive going and moved for 1sts on Bronte's 44, 33 and 23. But that was when the Longhorn defense tightened and allowed only 5 yards in four carries. Bronte took over on their 18.

Gomez intercepted a Bronte pass on 2nd down and the Indians got the ball on Bronte's 19. But they couldn't make the yards, so the Horns took over and had to kick on 4th down. After three fruitless tries, the Indians punted to Raughton on his 25 and he was stopped on the 31. A pass to Raughton was good for 19 yards and a 1st on the 50. Chapman went for 5 and an incomplete pass plus a 1 yard gainer by Barbee forced a punt. It went to the 12. Lake View made it 3rd and 5 when the third quarter ended.

Fourth Quarter

The Indians made 1st downs on the 20, 30, 41 and Bronte 34. The next series bogged down and the locals took over on their 24. Coulter made 7 yards, Bronte and LV exchanged 5 yard penalties and Barbee made the 1st down on the 40. Next play Coulter tossed a pass to Bobby Bailey who made a beautiful catch for a 24 yard gainer and a 1st on the Indian 36. Bronte drew a 5 yard penalty, then Raughton took a pass for a 1st on the 26. Alexander went for 2 yards and three incomplete passes followed to give Lake View the ball on their own 24. On 1st down, Raughton intercepted a pass on the 16, then the Horns were penalized 5. Next play saw Barbee take the ball around right end for 21 yards and another Bronte TD. A pass play went to Chapman for 2 points, to make the score 35-0.

Mayberry ran the kickoff back to the Bronte 36 and then a pass interference call against Bronte gave the Indians a 1st on the 29. Montez kept for a 1st on the 7, and LV was penalized 15 yards

HERE'S BLACKWELL

By Mrs. Rockey Thompson

WMU Meeting

The Baptist WMU met Sept. 20 at the church with Mrs. Thelma Smith, president, presiding.

Mrs. Oran Powell gave the program on "Stewardship."

Mrs. Powell said that stewardship makes most people think of money, but that is a small part of the one-tenth of the Lord's share of the blessings we have received. She spoke mostly about a tenth of our time and said a tithe of our week should be almost 17 hours spent working for the Lord.

Most people do well, she mentioned, to spend five hours a week working for their church. We spend eight hours a day sleeping for 56 hours a week, leaving 112. We eat 21 meals a week, spending 42 hours and leaving 70 hours to do the laundry, cleaning and all the other little things we do. If we give these things five hours a day, we have 35 hours left.

Five of these hours we spend in church, so 30 hours are left. If we spend one hour a day praying and reading the Bible, we have 23 hours left and we still owe the Lord five hours, which leaves 18. That's my leisure time! Some people work, but most of us work when we want to. Some visit the sick and shut-ins, but when these things get in our way, we skip them.

Mrs. Powell concluded by saying that everyone should use his time for the glory of God first, then all the other things will fall into place. "Let's strive to give the Lord His fair share in the future," she concluded.

Nine women and two children were present.

Becky Webb of Sweetwater has been visiting Laura Tucker.

Mmes. T. J. VanZandt, Vivian Taylor, Bama Sliger, Vera Bryant and Savannah Thompson attended the third Tuesday evening singing at Bronte Nursing Home. Then the group met at Mrs. VanZandt's home with Mr. and Mrs. Foy Yarbough and Mr. and Mrs. Virgil Crawford to practice new songs.

Mrs. Byron Vaughn and Mrs. Beulah Chapman are patients in Hendrick Hospital in Abilene and Mrs. Pearl Gray, Mrs. Maude White, Mark Hanna and Lewis Conradt are patients in Bronte Hospital.

Mrs. Ruby Galbraith Buried

Graveside rites for Mrs. Ruby Galbraith, 62, of Culver, Calif., were held at 3 p.m. Monday at Blackwell Cemetery, with the Rev. Key Corley officiating and McKoy Funeral Home in charge.

Mrs. Galbraith died Friday in Culver City Hospital. She was born Sept. 16, 1911, in Blackwell and lived here until moving to Culver 35 years ago.

She is survived by one sister, Miss Bertha Smith of Blackwell, and three brothers, Sam and Joe Smith of Blackwell and Dale Smith of Brownwood.

Mr. and Mrs. Joe Barron of Pavallo visited Friday with his cousin and wife, Mr. and Mrs. Ray Lee.

Mrs. Eunice Murray of San Angelo has been visiting her mother, Mrs. Eddie Roland.

Mr. and Mrs. H. H. Holland of Brownwood visited Friday with her mother, Mrs. Minta Grimes. They went to San Angelo Saturday to visit the Johnny Barneses.

The cost of not saving keeps going up.

If you need cash and you haven't saved it, you have to borrow. And that means paying through the nose to use someone else's money.

So it makes sense to put away a few dollars of your own. One great way to do just that is by purchasing U. S. Savings Bonds through the Payroll Savings Plan where you work. It's an easy way to build a nest egg.

Now there's a bonus interest rate on all U. S. Savings Bonds — for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with comparable improvement for all older Bonds.

Buy U. S. Savings Bonds. It's a lot better to be receiving interest on your own money than paying it out on someone else's.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.

Now Bonds pay a bonus at maturity.

Childress Issues Public Statement

(Editor's Note: In connection with the resignation of Sheriff Melvin Childress, he issued the following statement to the citizens of Coke County.)

In regard to the announcement of my retiring, or resigning, as the case may be, as Sheriff of Coke County, effective October 1, 1973, I wish to make the following statement:

I wish to thank the people of Coke County for the support and cooperation given to me as Sheriff and this includes a thanks for those who have been directly associated with the Sheriff's Department as co-workers.

It has been our endeavor to be available for service to the people of Coke County at any time, day or night, as the need arose, whether it be an official or an unofficial problem. We believe this to be the responsibility and duty of the Sheriff's Department and accepted the same as such. In the past few years, due to the high cost of living, for which we received some compensation, the wage scale has not kept up with the increase of living expenses, and this has created its problems in the Sheriff's Department. This has prompted the decisions that we have been called upon to make.

Those of us who have been directly associated with the Sheriff's Department, and its responsibilities, have attempted to give the best service possible at all times. Through the years it has been our feeling that it was necessary to have a Deputy stationed in Bronte, due to the traffic situation on USH 277, the fact that there is heavy traffic in the Oak Creek Lake area, and the fact that the population in our County is about equally divided.

With the completion of the dam and the filling of Lake Spence other problems are developing. This we have no control over and it will of necessity need to be given much consideration.

The answer to the problems will naturally be more help and this will mean more money to be

Deputy's Letter Says Pay Too Short

able to cope with the problems. Mr. Douglas Robertson has been appointed to act as Sheriff of Coke County until such time as he may be elected as Sheriff. We hope the people of Coke County will continue to support him as they have done for me in the past.

In closing may I suggest to the Citizens of Coke County that they continue to take a vital interest in their county government, because I believe in a society such as ours, good government begins at home, and on the local level.

If I may be of assistance to anyone at any time, as an interested citizen, please advise.

Respectfully submitted,

By Congressman O. C. Fisher

The future of Project Sanguine, a newly developed Navy system for communicating with submerged submarines, is undetermined. Now in a research and testing status, the Navy continues to search for location of low conductivity geologic substrata suitable for a single extremely low frequency transmitter complex.

The search first centered in Wisconsin but shifted to the Llano uplift area in central Texas because of the granite subsurface there. Residents of Llano and Mason Counties are opposed because of many unanswered questions. They feel the Navy should locate the project elsewhere, preferably on Federally owned land, and I share that view.

I would certainly oppose Project Sanguine, or any other defense project, being located at any place in my district where local people don't want it.

Project Sanguine has not yet been approved by the Department of Defense, nor by the Congress, although both have approved the research. It is still in a research stage, and the Department of Defense says there will be no final decision at that level until 1976 on whether the system will be installed in the USA.

According to Navy scientists, confirmed by the Secretary of the Navy, the capability of the technique to communicate with submerged submarines has already been tested and proven. It is a significant breakthrough in the art of communication, is projected as nuclear deterrent, and in case of war could be invaluable.

As of today, the Navy can in seconds inform our submarines at

sea of the exact location of a suspicious submarine or plane. But only if the receiving sub is surfaced and its antenna exposed.

The newly discovered system would enable such messages and others to be transmitted from the continental U. S. to our submerged submarines—while under water—anywhere in the world! Many details of Sanguine are classified. You can be sure the Soviets would give their eye teeth to know the secrets and be able to keep pace with our astounding technological knowhow in this area.

A historical marker will be dedicated Monday at 1 p.m. at the Coke County Jail in Robert Lee. The marker will be an official Texas Historical Marker, 18 by 28 inches.

The inscription reads:

COKE COUNTY JAIL
Successor to county's first one-room jail of rough lumber built about 1891, this building was erected 1907 by Southern Structural Steel Company, San Antonio. Officials who let the contract were P. D. Coulson, County Judge; C. M. Barger, S. W. Gaston, T. J. Goss, M. C. Jones, Commissioners.

At least seven early sheriffs lived downstairs, acting as jailkeepers. The prisoners averaged about four a month, jailed only for short terms for minor law violations. Coke County never has had a felon assessed the death penalty. The gallows on second floor was never used. (1972)
