Reddy

Supplies the energy- but only YOU can use it wisely!

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

WAGON BOSS — Horace Scott of Robert Lee is the Wagon Boss for the 1975 Coke County drive for Boys Ranch. Scott announced that Royce Fancher of Bronte has agreed to assist him in soliciting and transporting any cattle donated. Scott said that all kinds of livestock are wanted and that cash donations will also be cheerfully accepted.

BIG STRIPER — An 18½ pound striped bass, above, was caught in April by Richard Arthur. The big beauty was snagged with a rod and reel using a crappie jig. Similar fish are swimming around in Lake Spence just waiting for somebody like Arthur to take them. Fishing is good at Lake Spence.

County Agents News Column

By Sterling Lindsey

The pecan nut casebearer first generation usually strikes in Coke County between May 20 and June 1. This year appears to be about the same. In the sites checked, eggs in light numbers have been found, but no larvae as of May 20. This pattern fits with what we have found in past years.

Based on the findings to date the proper time to spray to control the casebearer would be somewhere between May 22 and May 26. Two applications of insecticide would give greater protection. If you spray twice, we would suggest making the first application about the 22nd and the second application May 27 or 28.

Insecticides that may be used to control the casebearers are guthion, sevin, thiodan, malathion, zolone or toxaphene. Whichever chemical you use, add zinc sulfate to your mix to help control rosette.

The spray needs to be placed on the cluster of nutlets. Use a sprayer that will generate sufficient pressure to part the leaves and reach the clusters of nuts.

We have found a few walnut caterpillars feeding on the leaves. The same chemicals can be used to control both the casebearer and the walnut caterpillar.

Now that you've retired, put your savings to work.

Trade your E Bonds for H Bonds

Bought a lot of Series E Savings Bonds over the years? Well, you probably want to keep your nest egg intact. But retirement is the time when you need some extra income.

Here's how to get that income. Just exchange your E Bonds (in cash value amounts of \$500 or more) for Series H Bonds. H Bonds pay out interest every six months by Treasury check mailed right to your door, and at a rate averaging 6% annually when held to 10-year maturity.

Just the thing for retirement, when you need steady income coming in.

You'll get a tax break on the exchange, too

When you exchange your E Bonds for H Bonds, your tax liability on your accumulated E Bond interest continues to be deferred. Right up until the H Bonds are cashed or reach final maturity (there's an optional 10-year extension privilege after original maturity).

The result? You get more for your money in the exchange. And when your H Bonds are redeemed, and you finally pay your deferred E Bond tax, it's at your lower post-retirement rate.

Get income as it's earned

Steady, dependable income. Twice a year. Or, if you prefer, get interest checks every month. Just buy an H Bond a month for six consecutive months. That way, you've got a regular income guaranteed.

Purchase \$500 to \$5,000

Your banker has exchange (as well as new purchase) applications for H Bonds. At face values of \$500, \$1,000 and \$5,000. There's an annual purchase limit of \$10,000 (\$20,000 with a co-owner), but this won't apply if you're trading in E Bonds.

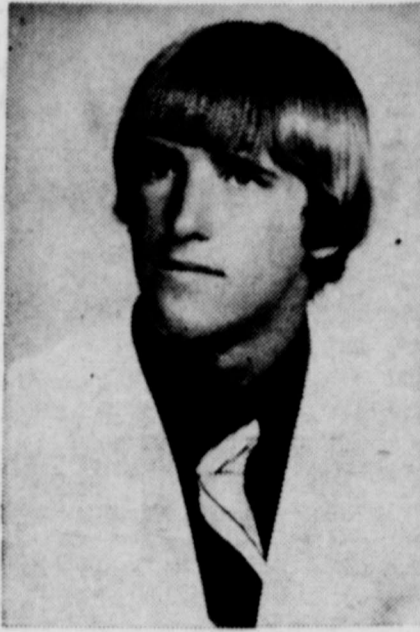

H Bonds. A good way to make sure your money won't retire when you do.

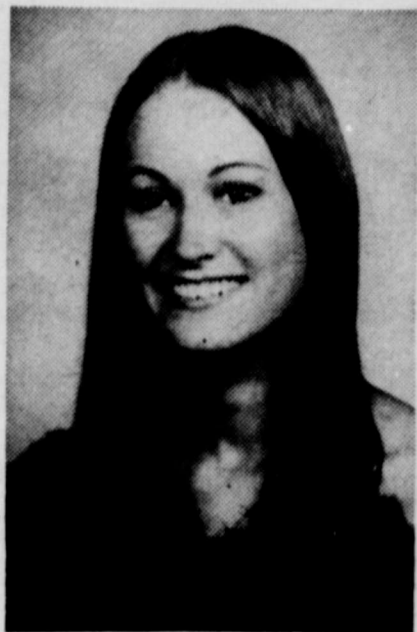

Take stock in America.

Buy Series H Bonds— now averaging 6% when held to maturity of 10 years.

arriving. First we see Shalon Gibbs and what's this? —her own personal army of 10 kids (seems as though they have been busy). Her hubby, Randy, is now the president of WTU, and they still live at the lake.

Following close behind her, as usual, is Donna Mackey in their white Chevy van. Donna is still a model for Seventeen, and at her age! Next we see Debbie Carper. She is still single, living at home, and trying to pass the entrance exam to TSTI.

Who is this staggering in? Must be Ricky Frazee. Rumor has it he's still the drinkin', swingin' bachelor we all used to know. Right behind Ricky are Jim and Kit. They're still struggling to get through UT. Jim's gained 20 pounds and Kit has lost 20 (getting Jim up and down the stairs).

Putting right in behind them is Wayne. He took time off from the Masters to come in. Earl is now his personal caddie and Ed drives the cart.

First Application Relieves Itchy Skin Rash

Also Helps Promote Healing

Medicated Zemo quickly relieves itching, irritated skin. Then Zemo helps nature heal and clear red, scaly skin rashes externally caused. For fast relief, get Zemo Ointment or Liquid.

Straight from the Blue Diamond is Deborah Sowell. She's still competing in the Marilyn Monroe beauty contest and she still has relapses of peeling from the lake party.

Next comes Bobby Bailey. He works for the Houston Phone Company, making obscene phone calls to Donna Glenn (his best customer) and he still does the same old things in the hatchback.

Here comes Viva. Rumor has it that she's been seeing Rapid Ricky on the sly, but only her hubby knows for sure.

Now we see the great Jimmy Dan. He's head coach at Wayland and runs the huge Raughton-Raughton Ranch in his spare time. We have heard that he is just recovering from his fifth divorce. Chances are he is here looking for No. 6 (wonder who that will be).

Here comes Florence Nightingale Hibbs. She's now working at the University Medical Center and making movies on the side (a new series called "The Swinging Nurses").

Marvin has just rode in from the NRA Finals. He was named all-around cowboy. He won this title by taking the ribbon roping title away from Flaggen Sackett, with the help of Karen. Deb is still with Dakota. They have changed their name now to Dakota and Big Mama, since she is their side show (a belly dancer). She's still taking care of the business and working overtime. What a workout!

Jimmy now owns his own lawn-mower fix-it shop. He bought out Rey Nixon. Kim Duncan has just waddled in and we've heard this is her fourth, although no one has seen the others. They must keep them hidden out at the Hayrick Valley Ranch. Someone please make room for her to sit down!

Mike just slammed on the brakes of his new Bud truck and promised to take us all for a ride in the back. Bud is about out of business. Someone's drinking all the profit. We wonder who.

Karen is still keeping three guys around at a time; she likes to have a good supply on hand. She is now the executive secretary for the Lavis Company.

Alan is late as usual. The old saying, save the best for last, doesn't always hold true as you can see. He finally has a full beard, after working on it for 10 years and he's still "courting" Sherrie.

Seniors Leave Gifts To Juniors, Faculty

We, the Senior Class of 1975, being exhausted of mind and rundown of body, due to 12 years of school, leave the junior class the following Will and Testament:

To Eddie Angel we leave an extended 15 minutes at lunch for nose rubbing with Peggy.

We leave Kim Caperton a body building course and a bigger back seat in the "Rabbit."

Ricky wills Pauline his Spanish average to help her out in her race for valedictorian.

Deborah Sowell, Debra Hibbs, Donna Butler and Debbie Carper leave Mrs. Fancher a new cheese-cake infested with Salmonella.

To Sherrie Coalson we leave a new excuse other than "We're getting too serious."

To Mr. York we leave another surprise in his pocket.

Bobby Bailey leaves Nelson his old parking places that he already seems to be familiar with.

Deb Geist wills Tonya Teschendorf a lifetime enrollment to the Tech Band Camp, a tape recording of "at band we..." and a date with George.

The Senior P.E. girls leave Mrs. Hale an organized P.E. class and Janet Walker, Miss P.E., 1975.

To Mark Lee we leave a life-time supply of Afro Sheen.

To Coach Sandusky we leave a full team of Donald Butlers and one last play.

To Kelly we will the ability to resist anything in pants and a new birthmark every weekend.

The Senior Class leaves Coach Shields a good deal and a welfare free babysitter.

Jim Dunnam wills Jim Rawlings one last ride in his El Camino and a bag of pecans to eat along the way.

To Mr. Thornton we leave a bunch of cooperative seniors.

Jim Dan leaves Nelson his couch and his 130 pound baby sister.

To Mr. King we leave a revised edition of the study guides.

The football boys leave Kerwin an umpire's chest protector for next year's Sterling City game.

To Glenda Mills we leave her the title of Teen Center Bouncer, a car to get to school in and Bruce to wait on.

To Marian Clark we leave her permission to stay out past 8:30.

Donna Butler wills Tonya the ability to keep her mouth shut and a plastic bonnet to keep the spit off her head.

Karen leaves Zena her dictatorship of the band and her own set of keys to the Band Hall.

Deborah Sowell leaves Kim Caperton half of what she has.

The cost of not saving keeps going up.

If you need cash and you haven't saved it, you have to borrow. And that means paying through the nose to use someone else's money.

So it makes sense to put away a few dollars of your own. One great way to do just that is by purchasing U. S. Savings Bonds through the Payroll Savings Plan where you work. It's an easy way to build a nest egg.

Now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5 3/4% when held to maturity of 5 years, 10 months (4% the first year). That extra 3/4% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with comparable improvement for all older Bonds.

Buy U. S. Savings Bonds. It's a lot better to be receiving interest on your own money than paying it out on someone else's.

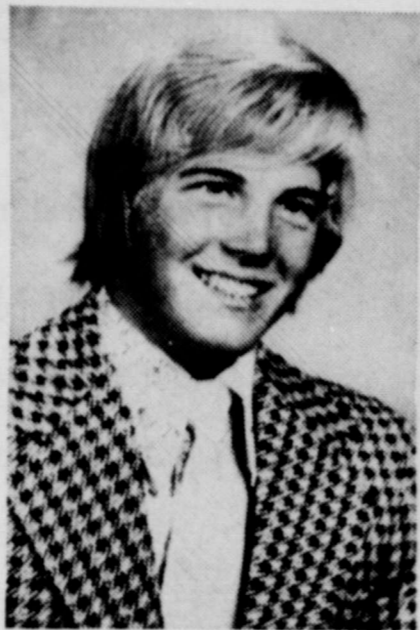

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a good way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.
