Volleyball Girls Compete at State Meet

Volleyball Team Second at State

The Bronte Longhorn girls volleyball team traveled to Austin last weekend to participate in the state volleyball tournament. The girls captured their first match to reach the finals but bowed to Anthony in the finals to take second place in the state. It was the second year in a row for Anthony to down the local girls in the state meet.

Bronte whipped Scurry-Rosser in their first match Friday afternoon.

CHRISTMAS PAPER TO COME OUT EARLY

The Christmas edition of the Bronte Enterprise will be printed early this year, since Christmas Day falls on Thursday, the regular day for it to be printed.

Present plans call for printing the paper on Tuesday Dec. 23 and placed in the mail Dec. 24.

The Christmas edition will contain a bundle of letters to Santa Claus and greeting ads from firms and individuals. Our ad salesman, Marsha Marion, will be calling on those we think would like to run a greeting ad. However, if we happen to miss you, just call or come by the Enterprise office and we will help you select your greeting. (It sure is a lot cheaper than mailing out Christmas cards.)

Deadline for Letters to Santa and greeting ads is Dec. 19.

Scores were 15-0 and 15-6. Scoring points in the first game were Shelene Tidwell with 7; Shelley Cumbie 5; Sherrie Coalson 2; Leah Barbee 1. In the second game Tidwell had 5; Barbee and Cumbie 3 each; Coalson 2; Kim Glascock and Sherri Cooper 1 apiece.

In the finals Saturday morning, the scores were 15-6, 3-15 and 18-20, with Anthony taking the best two out of three to win the state title. Scoring for Bronte in the 15-6 win were Barbee with 5; Maria Thompson 4; Tidwell 3; Cooper 2; Glascock 1. In the next game Cumbie, Glascock and Coalson had 1 each. In the final and deciding game which went into overtime, Tidwell had 5, Coalson 4; Barbee and Cumbie 3 each; Thompson 2; Cooper 1.

For the first time an all-tournament team was named. Bronte picked up two spots on the mythical team. Sherrie Coalson was named as a spiker and Kim Glascock as a setter.

The local girls finishing the year with a 17-3 record while the Anthony lassies played many more matches and finished at 29-3.

SHOP and SAVE!

Even with a full pig, I got an empty feeling inside.

United States Savings Bonds vs. the Piggy Bank.

1. If the Piggy Bank is stolen, you lose what's in it. That's the way it is with cash. If a Bond is stolen, you get a new one.
2. A Piggy Bank is easy for even its owner to rob. But Bonds can be bought through your Payroll Savings Plan at work, and a little is taken out of each check before you can get your hands on it.
3. The Piggy Bank may look kind and generous, but it won't give you any interest. A U.S. Savings Bond yields 6% when held to a 5-year maturity.
4. The Piggy Bank money just sits there. A Bond helps your country.

In summary, you might wonder why grown folks would even use Piggy Banks. It's so much smarter to buy Bonds.

Avoid that empty feeling. Buy U.S. Savings Bonds.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

**Who bailed out
the Navy in 1798?**

We were still paying off the Revolutionary War. Then we were faced with yet another war, this time on the seas.

How could we afford to build up our Navy?

Well, Congress called for help through the issuance of government securities. And the citizens came through to the tune of \$711,700. Enough to make the down payment on 10 new ships.

Their investment paid off. And you can follow their example today.

When you buy U. S. Savings Bonds at your bank or through the Payroll Savings Plan at work, you're investing in your country.

And as if that weren't enough, you're helping yourself to a safe and generous return.

CONSERVE AND SAVE ON ELECTRIC COOKING

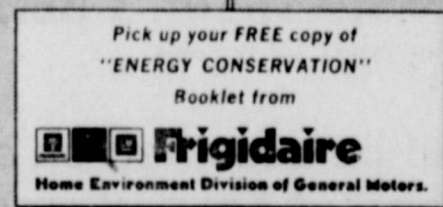

★ For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.

★ Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.

★ Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.

★ Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.
