Six Students At State Meet

Six Bronte High School students will be in Austin this weekend to participate in the state UIL meet. Four will participate in the literary portion of the meet and two in girls tennis.

Sherrrie Coalson and Janie Raughton

Three Students Among Highest

Three of Bronte High School's students have received honors for their outstanding academic work. John Heaner, Billy Hamilton and Bobby Hamilton have been notified that they scored in the top five per cent of over one million students over the nation who participated in the Merit Scholarship Qualifying Test.

Each of these high scoring students is being considered for recognition in the 1977 Merit Program. Notification will be received this fall as to those as semifinalists or commended students.

Heaner Recognized Again

Heaner has also been selected from a very large number of applicants for the Biology Summer Science Training Program for High Ability Secondary School Students to be conducted June 12 to Aug. 14 at the University of Texas at Austin. This program is supported by the National Science Foundation.

A letter to Heaner from Dr. Irwin Spear, director to the program, said, in part:

Dear John,
It is indeed a pleasure to inform you that you were selected for participation in the Biology Summer Science Training Program for High Ability Secondary students to be conducted at the University of Texas at Austin June 12 to Aug. 14, 1976, with support from the National Science Foundation. You should consider your selection a distinct honor, since you competed with hundreds of fine students from all over the country.

We have expended a great deal of time and care in choosing YOU

ton will be entered in girls doubles in the big tennis meet. They recently finished second at the Region II meet. Their first match was scheduled for 10 a.m. today (Friday). James Golson is the BHS tennis coach.

Bobby Hamilton and Billy Hamilton will both be entered in number sense. They finished first and second at the recent regional meet.

John Heaner and Bobby Hamilton are entered in the science contest. Heaner finished first and Hamilton second at the regional level.

Kim Caperton is the only other local entry. She will participate in shorthand, having finished second at region.

Janie Raughton also qualified for the state meet in spelling, but due to a conflict with her tennis match will not be able to participate.

TAYLOR ELECTED TO DISTRICT FFA JOB

Robert Taylor of the Bronte FFA Chapter was elected treasurer for the Concho District FFA for 1976-77 at a district meeting held Tuesday in Water Valley.

Nine school were represented at the meeting from this area and eight candidates sought the six offices that were available on the district level.

Also attending the meeting were Dale Patterson, retiring Concho District president; Mike Bailey and Jeff Easterly, who served as voting delegates; and Gary York, chapter advisor.

The local FFA Chapter will participate Friday and Saturday in the Area II FFA Convention in Lamesa. Planning to attend are Patterson, Taylor and York.

BLACKWELL SINGING SET

The Blackwell community singing will be Saturday, May 8, at 7:30 p.m. at the Blackwell School auditorium. Everyone is cordially invited to attend.

Republicans Hold First Coke Primary

Republicans of Coke County held their first primary election ever last Saturday in the Courthouse at Robert Lee. Mrs. Louise Clendenen of Silver served as election judge.

Coke County went along with the rest of Texas and gave delegates for former Gov. Ronald Reagan of California an overwhelming majority of their votes. They almost locked out the delegates for President Gerald Ford, as did the rest of the state. A total of 148 votes were polled in the Republican Primary.

The Republicans also went strong for Alan Steelman as their candidate for U. S. Senator, to oppose Sen. Lloyd Bentsen in November.

Bobby A. Locke received 80 votes while C. J. Calnan received 26 for U. S. Congressman from the 21st Texas District. Locke will oppose Democratic nominee, Bob Krueger in November.

Walter Wendlandt received 105 votes for railroad commissioner.

H. Dell Foster got 101 votes for membership on the State Board of Education from the 21st District.

The Republicans also held a referendum on five proposed constitutional amendments and they all carried heavily with No. 1 receiving 119 votes; No. 2, 121; No. 3, 108; No. 4, 115; No. 5, 132.

Presidential Delegates

The Reagan forces were so dominant in Coke that it was hardly worth the effort for the Ford delegates to get their names on the ballot.

In the Reagan camp, Phillip R. "Phil" Pyndus received 132 votes; Dorothy Doehne 132; Art

Ford delegates who fared so poorly were James R. Nowlin 14; Mrs. Paul M. (Shirley) Green 14; Robert V. West Jr. 15; Julius Neunhoffer 14.

SENIOR CITIZENS TO MEET

Bronte Senior Citizens will meet Thursday, May 13, for their regular pot luck luncheon and program. All interested persons are urged to attend.

Demos Have Fair Vote at Primary

Jimmy Carter stacked up another bunch of delegates last Saturday when Texas Democrats held their first presidential delegate election. The former Georgia Governor managed to round up 900 votes, compared to 358 for Sen. Lloyd Bentsen; 185 for an uncommitted group of delegates; and 274 for Gov. George Wallace of Alabama.

Coke County went along with the rest of Texas in giving Carter an overwhelming lead in the race for delegates to the National Convention.

Senator Bentsen was not without a job, however, as he handily defeated four opponents for reelection to the U. S. Senate. Phil Gramm, was his only serious contender. He received 185 votes in Coke County to Bentsen's 463.

Bob Krueger got about 90 per cent of the votes in the 21st Congressional District for a second term. In Coke County Krueger got 577 votes and over the whole big district he received 64,160, while his opponent Joe Sullivan polled 66 in this county and 10,491 over the district.

The race for railroad commissioner went into a runoff between Jerry Sadler and Jon Newton. Sadler, longtime land commissioner led the ticket, but did not have a majority over the eight candidates seeking the office. In Coke County Sadler received 266 votes while Newton had 182. The other six candidates didn't fare very well.

In the races for the high judges'

seat Jack Pope, unopposed, received 518 votes; for place 1; Don Yarbrough got 440 and Charles W. Barrow 183 for place 2; James G. Denton, 531 for place 3. For presiding judge, Court of Criminal Appeals John F. Olson Jr. got 523 votes.

For unexpired term on the Court of Criminal Appeals, Jim Vollers received 115; Carl Dally 138; W. T. Phillips 282.

For Judge, Court of Criminal Appeals, Truman Roberts polled 417 to 124 for Jerome Chamberlain.

Ezzell Wins Easily

Mike Ezzell of Snyder was nominated for a second term as state representative from the 63rd District. He polled 395 votes in Coke County and 7,571 over the district, while his opponent, Bill Atwood, got 257 in Coke and 2,594 over the entire district.

Jimmy L. Elrod polled 564 votes for member of the state board of education; Bob Shannon got 562 for the Court of Civil Appeals and Judge Earl W. Smith received 587. All were unopposed.

A hot race developed in the district attorney election for the 51st District, but the incumbent, Gerald A. Fohn received 431 votes in Coke and 6,470 over the district to overcome his challenger F. W. Ferrell who had 241 and 3,778.

Closer to home Commissioner Jett Hood of Precinct 3 retained his job by defeating J. M. (Mike) Ross 132 to 75.

ILLEGAL TROT LINES WILL BE CONFISCATED

Trotliners be forewarned—Texas Park and Wildlife Departments will confiscate all untagged, improperly tagged and illegal trotlines in public fishing waters, according to Tim Leifeste, regional information officer, and released here by R. L. Flanagan, game warden of Robert Lee.

"Abandoned trotlines have been a problem in our lakes," said Leifeste. "The tagging requirement was initiated to alleviate this and our game wardens will be checking to see that the requirements of the law are being followed. Any trotline not meeting these requirements will be removed."

The law requires that all trotlines placed in freshwater must be identified by a legible tag, constructed of a material as durable as the trotline, bearing name and address of the fisherman and the date the line was set out. All trotlines remaining in public waters must be redated every 90 days.

The law also says trotlines may not contain more than 50 hooks each, no angler may fish in public waters with more than two trotlines, and trotline hooks must be spaced no less than three feet apart.

REDDY'S HELPFUL TIPS

- Distribute unfrozen foods evenly throughout the freezer. Foods freeze faster if they are not stacked in one section.
- To conserve energy, freeze no more than 10% of the total freezer capacity at one time. Label packages to conserve door-open time. Date and rotate packages so you use the older ones first.
- Defrost promptly—frost build-up of more than ¼" makes cooling units work harder—they use more energy and wear out faster.

Dear Citizens of Bronte:

As most of you know we have a real need for a doctor in our community.

Many communities larger than Bronte also need one, or more. Many are willing to give big sums of money to entice one to move to their community.

A FEW of you readers have faith to believe God for a miracle (it only takes two or more).

We ask you to stand with us on the Word of God (Matthew 18:19 and Mark 11:24) and expect God to meet this need.

We do not have a big amount of money to offer a doctor, but we have a big God who controls the whole universe.

Will you join us daily as we ask of Him, and believe?

FARM BUREAU INSURANCE, 453-2812

I am thinking of going into a business partnership. If something should happen to dissolve the partnership, how can we set up the settlement so it will be equal and fair to both of us and our estates?

At the initiation of the partnership, you and your partner need to agree upon a definite price of the business for each half interest in the partnership. Then go to an attorney and have him draw up and execute a binding "buy and sell" agreement. This agreement stipulates how much each partner owns in the business and the amount he agrees to sell it for... under the proper conditions. This "buy and sell" agreement should then be implemented by purchasing the "agreed upon" amount of life insurance... making it possible for the surviving partner to use the proceeds of the life insurance policy to buy the interest from the estate of the other partner.

MY DEEPEST APPRECIATION

Even tho I did not have an opponent in the May 1st Election, I want to take this opportunity to thank each and every one of you for voting for me.

I will continue to give my full time to the office and try to give you the very best service possible.

Thanks Again.
