To all appearances, local fans who attend the Bobcat-Lockney football game Friday night are going to be as cold as icebergs in January before its all over. Several of the games have been played in freezing weather, however, and not a single fan froze to death. So if the roads are passable Friday evening, the Bobcats would surely appreciate a good attendance—it's not going to be easy on them either.

If your going is out of the question, the Chamber of Commerce has made arrangements for Amarillo radio station KGNC to broadcast the game beginning at 7:30. The Bobcats are turning in a great season. It might not be a bad idea to tell them that if you get the chance.

It is now considered smug and chic to refer to scientists and engineers as "egg-heads." The term has been used in reference to our highly educated many times prior to its popular coinage during the last presidential election when Adlai Stevenson was running.

For some reason this nation has always held in humerous contempt our absent minded professors, bushy-headed theorists, and thoughtful geniuses.

It may be that we try to ridicule instinctively anyone who has attained a goal not within our individual grasp—we hate to admit that anyone has more knowledge and thinking ability than we can ever hope to possess. So over the years we ridicule or ignore these people and consider them to live in their own little world of physical mysteries.

They are different than the common run of the rest of us. This difference is probably due principally to their thinking ability.

The intellectuals are given a different respect now. In the brief period of about ten years the nation has started looking toward its scientists and engineers as its salvation. In a world where no physical law remains sacred anymore, we are being forced to encourage a fantastic acceleration of scientific progress. It is another one of the many changes the world is undergoing.

It may be that someday the quite kid with the thick glasses and black tie who seems to always be studying will be looked upon with more awe than the current football hero.

Reference to increased stress on scientific education was one of the keynotes of President Eisenhower's address last week.

One of the things he said: "... remember when a Russian graduate from high school, he has had five years of school, he has had five years of physics, four years of chemistry, one year of astronomy, five years of biology, 10 years of mathematics through trigonometry and five years of a foreign language."

He hit upon a sore spot in our educational concept, all right. We have evolved a system whereby the most people can be taught the most things and since we are pledged to equal opportunity for everyone, then education also must be equalized. The Russians aren't bothered by such problems though. They can give each youth an IQ test and educate him accordingly. This makes almost certain a better education for the highly qualified and education for others according to ability. Russia has less than ten percent illiteracy, which is quite an achievement considering the low educational level of the peasantry when Lenin took over during the Bolshevik Revolution in 1917.

It is tragic though that we are faced with a needed speedup of training outstanding youngsters to study better ways of killing people or of defending ourselves. It appears that the two major powers of the world are embarking on an anguishing and massive theme to either keep up with the Joneses or get liquidated.

Russia's boasts about her educational system are rather vacant, though, because they are still leaving out the stress upon humanities and uncensored world histories that is vitally important before a person is well-educated. A person who can fill a blackboard with an involved mathematical equation but who knows nothing of the eternal search of humanity for individual dignity cannot be classed as a well-educated person. A society educated through thought-control processes and repeated platitudes could not possibly prove as strong a backbone for the nation in question as a society that knows and understands the quality of human freedom and national patriotism.

Anyone who would compare our educational system unfavorably with that of Russia should think about these things. Even at the expense of national security, the basic goals of education should be kept in mind and practiced simply because they parallel the goals of our Constitution and national purpose.

Perhaps our national educational system has not produced untold thousands of "egg heads" like an assembly line, but we've done all right so far—even considering we've lost the so-called satellite race.

Bobcats In Bi-District Game Friday

Contest With Lockney on Plainview Field

When the Dimmitt Bobcats appear on the Plainview football field Friday night against the powerful Lockney Longhorns, they will be taking with them a record perfect except for the one-loss blemish administered earlier by their opponents.

The Bobcats are not considered to have much of a chance against the Longhorns. This speculation is due primarily to the 32-0 drubbing

Lockney administered Dimmitt the second game of the season. Whether or not fans will see a repeat performance of this show Friday night depends on the improvement Coaches Covington, Etheridge and Fuquay have been able to build into the Bobcats since that second game.

Conference 1-AA championship honors came to the Bobcats when they slipped by Muleshoe 12-7 two weeks ago. Last week's 26-13 victory over Olton provided icing for the cake. Olton, long the most underrated team in the conference, could have considered themselves having a successful season if they

depleted Dimmitt. The game against Lockney begins at 7:30 Friday night and will be broadcast by radio stations KGNC of Amarillo and KVOP of Plainview.

The injury situation for Dimmitt Friday night is not appealing. Boyce Tate and Gary Cleaver will see only limited action and Coyce Wilkinson is out for the remainder of the scanty season.

Lockney is undefeated and unified this season. They have a big, heavy line that knows its business and a heavy, fast backfield. Lockney's defensive setup is one of the strongest on the High Plains.

It is paced by Lane Crank, 220-pound left tackle; John Hanst, 185-pound right end; Kelly Harrison, 185-pound right tackle; and

Bobcats	Score
Springlake	0
Lockney	32
Hereford	6
Abernathy	0
Hale Center	0
Dalhart	0
Canyon	12
Tulia	0
Muleshoe	7
Olton	19

Byron Brock, 185-pound left end. Four Lockney foes, including Dimmitt, were held scoreless this season.

Only Tahoka was able to score more than two touchdowns against Lockney, although they lost the game to the Longhorns 33-19.

This will be Lockney's first chance at a bi-district game since 1948. Last year they were three winners in the 2-AA Conference race, but Lockney, one of the top teams, lost the coin flipping. The Dimmitt Bobcat's last district winning team came in 1954, but they were eliminated by the McLean Tigers in the bi-district con-

test. Coach Rudy Haile of Lockney has expressed concern over this encounter with Dimmitt, despite the handy win they picked up at the expense of the Bobcats earlier this season. "Dimmitt has improved at least 1,000 percent since the second game of the season," he said.

The Longhorns are expected to be at full strength for the game and the winner will meet the Perryton-Seymour victor in the regional playoffs next week.

★
Dimmitt 26, Olton 19
When the Bobcats roped the

Olton Mustangs for a victory Friday night, they also nailed the lid tighter on their district championship. The game at Olton's Homecoming was the final one of the regular season for Dimmitt.

Olton was first to score in the game when Olton halfback Ronnie Dennis intercepted a Dimmitt pass and zipped sixty yards for a touchdown. The Bobcats were not content with that situation and drove to the Olton three yard line and the touchdown came when Keith Lowe took the ball around end. The try for extra point failed.

In the second quarter, Bobcat Truman Touchstone passed to end Jerry McGowan on the 20 and Dimmitt had another touchdown to take the lead. Lowe picked up another touchdown in the third quarter and this time the try for extra point was good, leaving the score at 19-6.

Olton began moving in the fourth quarter and picked up two touchdowns and an extra point, tying the score.

For the second time this season Dimmitt pulled a game out of the fire with a kickoff runback. This time it was Keith Lowe, who took the ball on his own twenty and never stopped until he crossed the goal line. That was the final touchdown of the game and the extra point was good.

Skating Starts Saturday At Legion Building

Dimmitt American Legion will open its doors to public skating here Saturday night for the first time.

All work on installing heating units and preparing the concrete floor has been completed and the skating sessions will operate every Tuesday, Wednesday, Friday and Saturday night. Each Thursday night will be party night at the Legion Building and Monday night the new structure will be open to use of Dimmitt teen-agers for their activities.

Mr. Robert Duncan will conduct the skating operation and a charge of fifty cents per session will be made, according to present plans.

The skating is one of the means used by the American Legion here to help pay the cost of their new building just off Highway 51 behind Brown's Texaco Service Station.

The new building is ready now for general use. Some work still remains to be done, but it is considered satisfactory for use by the general public, the Legionnaires and local young people. It has been almost a year in being completed, with a large part of the work being done by Legion volunteer labor.

According to one Legion member, the skates are in good condition and other general equipment used in connection with skating rinks has been installed.

Starting time will be 8 o'clock.

JayCees Make Major Changes In 1957 Christmas Lighting Contest

Dimmitt Junior Chamber of Commerce this week almost completely revised the former plans for carrying out the annual Christmas lighting contest.

Chief among these changes was the decision to eliminate an entry blank. All homes who have any Christmas decorations at all will be judged by impartial out-of-town judges. This was a move to streamline the program, which was conducted by the Dimmitt Garden Club in recent years.

Two major home divisions will be considered in the judging. They will be (Division I: Biblical or religious decorations and the other division (Division II), will consist of contemporary general decorations such as Santa Claus, lighted trees, snow scenes, etc.

There will be no window, door, or outside scenes as in former years to be considered. A sweepstakes winner will be chosen from the two major divisions.

In the church and commercial contests, no cash prizes will be awarded. Winners will be named to first, second or third place and their placing announced publicly. First prize in each residence division will be \$15. Second prize is \$10 and third \$5. Sweepstakes prize will be \$25, giving this winner a total of \$40 in prizes (counting the division first place prize). This is considerably more prize money than has been offered in recent years.

Judging time will be about one week before Christmas, depending on the weather and availability of judges.

A picture of the outstanding first place winner chosen by the sponsors of the contest will be sent to the General Electric National-wide Christmas Lighting Contest. In this national level there are fifty different prizes offered by General Electric including a first prize of \$500.

A general run-down of basis for judging was contained in the November 17 issue of the Castro County News.

In charge of the Christmas Lighting Contest this year is JayCee Calvin Lippard. Known co-sponsors at this time with the JayCees are the Southwestern Public Service and County Chamber of Commerce.

On Thursday, November 28, the Christian Mothers' Society of Holy Family Church at Nazareth, will sponsor their annual Thanksgiving Social. At 2 p.m. the festivities will begin with games and commissions all afternoon, including a Fish Pond for the children. An "Old-fashioned Turkey dinner" will be served, beginning at 5:00 p.m. and continuing until all are served. The Bohemian Band will play for the dance which begins at 8:30. Gifts given away at the intermission will include the following: First prize—A \$30 gift certificate from Anthony's at Tulia. Second prize—A \$20 gift certificate from Anthony's at Tulia. Third prize—A \$10 gift certificate from Harman's Clothing Store at Dimmitt. Several small items will be given away also.

Tickets for the supper are priced at \$1.00 for adults, 50c for children from 6 to 12 years, and pre-school children are served free. All our friends are cordially invited to come and help us enjoy the day.

Two Dimmitt Students 2nd in P-TA Contest

Ann Smith and Gary Wyatt were awarded second place in a Miss Future Teacher and Mr. Future Teacher of America district contest sponsored in Canyon Tuesday by the Parent-Teachers Association.

Their topic was "Teaching of the Right Future." Twenty students from Dimmitt attended along with Mrs. Inez Robinson, Mrs. W. E. Beecher, Mrs. Travis Campbell, and Mrs. Ruth Slough.

Dr. J. I. Bishop Interim Pastor At Baptist Church

Dr. J. Jyloy Bishop, head of the Religious Education Dept. at Wayland College, is serving as Interim Pastor of the First Baptist Church.

Dr. Bishop obtained his B. A. Degree from Howard College and his Masters of Theology at Southern Baptist Seminary at Louisville, Ky. and his Doctors Degree from Southwestern Seminary at Fort Worth. After his schooling he was Convention-Wide Royal Ambassador Secretary for ten years.

Dr. Bishop has traveled extensively in South America, Hawaii, Europe, and Africa, and will show movies of Mission work in Nigeria, Africa at the Church-Wide family dinner, Wednesday night, November 27, at 6:45 in Fellowship Hall.

JayCees to Sell Turkey Tickets

Dimmitt Junior Chamber of Commerce members began selling tickets for their annual Turkey Raffle this week.

One turkey will be given away for each fifty tickets sold at fifty cents each and the money thus made by the organization will go into their general civic improvement fund.

Winter's First Snow Falls Over County

Castro County received its first noticeable snowfall of the winter season Thursday, beginning around noon.

Some two to three inches of snow were on the ground by 8 p.m. Earlier in the day it had melted as it fell.

Freezing temperatures late Thursday made highway traveling hazardous as ice formed on the roads and highways of the county.

This snow dealt another heavy blow to area farmers who were in desperate need of fair weather to bring cotton and maize crops in readiness for harvesting. What damage the snow will do was not known Thursday.

About 5,500 bales of cotton has been ginned in the county, it was reported Thursday. This was about ten percent of the amount harvested this time last year. 1957 is beginning to take on the appearance of the worst cotton year since this crop became a major source of revenue to Castro County farmers.

To add to the moisture problem now harassing farmers, predictions are that freezing temperatures in the middle 20's will occur over the week end.

A rough estimate is that the grain sorghum crop is about one-fourth gathered. No accurate figures are available, however.

New Television Firm Now Open for Business

Gene Kenmore began operation of Kenmore TV this week in the building formerly occupied by Womble Hardware on East Bedford. The new firm will handle a nationally advertised brand of television and the repair department will be under the operation of Clyde Vick. Both men formerly operated White's TV Service when Mr. Kenmore was proprietor of the local White's Store.

Visits Daughter

Mrs. Reece Kesler visited her daughter, Maxine McCormick in Lubbock last Monday.

This week's snow storm is unseasonable, especially considering the amount which has fallen.

Last Rites Held Wednesday For Mr. James Powell

Funeral services for Mr. James Powell, 91, were held at the First Baptist Church Wednesday at 2:30 p.m.

Mr. Powell, a Castro County pioneer, died Friday, November 15 in Los Angeles, California. He had moved to Castro County in 1920 where he farmed near Hart until 1951 when he moved. He was born on August 15, 1886 in Hill County, Texas.

Conducting the services were Rev. Earl Landtroop of the First Methodist Church in Clovis, New Mexico and Rev. Russell Winget of the Presbyterian Church in Hereford. Interment was in Castro Memorial Gardens under direction of Dennis Funeral Home.

Mr. Powell is survived by three sons, Dewey James W. and Johnny, and six daughters, Mrs. Orpha Mae Bone, Mrs. Ina Elsworth, Mrs. Volma Dee Leinen, and Mrs. Anna Lou Kimbell, all of Los Angeles, California; Mrs. Francis Chambers, Oklahoma City; and Mrs. Ida Fay Bookout of Kress.

Church of Christ Sponsors Bible Series

The Church of Christ has invited all people in this area to a series of presentations on the Story of the Bible.

Featuring film scenes of places where Bible history was made, the series will begin Monday night December 2, and last until Friday, December 6. Mid Night will be speaker at the services which begin at 7:30 each night.

Freshman Girls Continue Cage Winning Streak

Dimmitt freshman girls played Bula last Thursday and came out winners in the 37-23 game.

Kay Carpenter was high scorer for Dimmitt with 27 points, Janice Wesson, Zandra Barnes, and Gayle Howell were defensive stars.

Friana was the freshman victim Monday night at the Dimmitt girls won 29-20. Again Kay Carpenter was high scorer, this time with 17 points. Other scorers were Sharon Maynard, 5; and Linda Griffin, 1. This game counterbalanced the freshmen's only loss of the season, 30-27 to Friana earlier. Elizabeth Coke, Zandra Barnes and Janice Wesson were the defensive outstanding stars.

The Dimmitt freshmen girls season record now stands at four wins and one loss.

In a game Wednesday afternoon, the Dimmitt eighth grade defeated Friana in a 33-32 squeaker. Deris McDermitt took high scorer honors for Dimmitt with 27 points. Wanda Hrabal, Sandra Dieter and Ruby Clingsmith were outstanding defensive players.

This win brings the eighth grade season record to five wins and three losses. One of the losses on this record was to Kress, who appears on the schedule again for Monday night here at 6 p.m. The freshman game will follow.

Dimmitt seventh grade fell to Friana in a girls basketball session Wednesday afternoon 8-16. LaDawn Kemp was high point with 3. Seventeen girls played in the game. The seventh grade record now stands at three losses and two wins.

JUST STARTING THEIR SEASON—are these Hart High School basketball girls. They are (back row, left to right) manager Phyllis Bass, Perry Van Vliet, Wyona Myrick, Glenda Hardy, LaWanda Brooks, Janet Bostick, Sandy Johnson, Kay Nell Popejoy, Mary Bennight, and coach Alton Goodwin. (front row, left to right) Vergie Holiman, Freddie Sue Popejoy, Donna Shepard, Janice Bass, Betty Stone, Jo Ann Lacy, and Edna Davis.

Dimmitt Girl On Wayland Basketball Team

The Hutcherson Flying Queens of Wayland Baptist College will be shooting for even greater heights during the 1957-58 campaign under the coaching of Harley Redin, director of athletics. They have already broken most of the records of Women's AAU basketball.

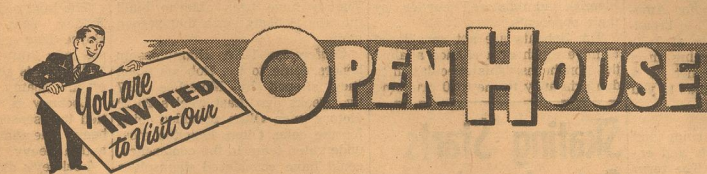

The 1956-57 club ran the victory string to 104 straight to eclipse

the old mark of 101 set by Hanes Women's AAU title, an accomplishment that not even the great Hanes club could boast.

Top offensive players for the Wayland team are Kay Garms, Loyal, Oklahoma, the only returning all-American from last year; Patsy Neal, Elberton, Ga., 1957 national free throw champion; Carolyn Miller, Palestine; Mona Poff, Elk City, Okla.; Louise Short, Gallatin, all-American for 1955 when playing for Clarendon Junior College; Judy Bugher, Lexington, Okla.; and Joyce Kite, Parkville, Mo.

Top defensive players include Margaret Odom, Dimmitt; Belva Ramsey, Morton; Dorothy Cannon, Cotton Center.

DIMMITT "B" STOMPS LOCKNEY

The DHS "B" football team defeated the Lockney B team there last Thursday night. The Dimmitt squad had finished their season with only one loss, to a tough Levelland B. Lockney drew first blood on a 40-yard pass and run to lead 7 to 0 at the half. The Bobcats came back strong in the last half, scoring in each quarter. One of these was a spectacular pass from Carlos Barnes to James Collins for 85 yards and the touchdown. Extra point was run by Gordon Thanisch. Collins in the fourth period intercepted a Lockney pass on his own 40 and returned it to the Lockney 40. The Bobcats drove straight to a touchdown with Jerry Hyatt, Thanisch, Barnes and Collins rolling up yards. The Dimmitt line showed its strength all through the game on the line of scrimmage. Late in the fourth quarter the Bobcats held Lockney on their own one-yard line. The B Team, coached by J. D. Covington, Alvis Fuquay, and John Ethridge, chalked up a 8 and 1 season. This last game was a scrimmage with no kick-off, no paid officials, and no admission.

Freshmen on the squad are LE Stanton Calvert, and Larry Morris; LT Tony Gabel and Jack Thompson; LG Sammy Kirk and Joey Cowen; C Darless Goolsby and James Powell; RG Jimmy Campbell and Mack Thompson; RT Bruce Odom and Paul Ivey; RE Charles Gibson, Jerry Blackwell, Kenneth Frye; RH Marshall Young and Kent Hance; F Junior Coffey; LH Billy Stevens and Kenneth Robinson; Q Stanley Nelson; Manager Bobby Carmichael.

Sophomores and Juniors on the squad are C Ramiro Garza, LG Jimmy Slough, RG Joe Burkett, G Junior Pesina, LT Quinred Oakley, RT Don Warren, LE Ray Vanlandingham, RE Houston Frye, LH Donnie Maxwell, RH Gordon Thanisch, F Marion Oakley, Q Carlos Barnes.

OUR SENIORS

"Teasing girls is my pastime," exclaimed Jerry McGowan. He is the son of Mr. and Mrs. A. I. McGowan. He was born March 18, 1940. Jerry plays end for the Bobcats and participates in all sports. Baseball, football and track are his favorite sports. He ran track last year for the Bobcats and plans to play basketball and run track this year.

Jerry's favorite hobbies are participating in sports, and he likes to fish and hunt. He is taking Ag., typing I, civics, English IV, and athletics this year.

The man who was lucky in love is the bachelor.

BOBCATS BEGIN BASKETBALL DEC. 3

The DHS Bobcats will officially open their basketball season December 3 with both A and B Team games against Borger there. Coach Ethridge this week announced the 1957-58 schedule for both boys and girls. Advance notice of the games will also appear in the DHS DATES each week.

Basketball Schedule 1957-58. Table with columns for date, location, and opponent. Includes games against Borger, Whiteface, Hart, Abernathy, Adrain, Cotton Center, Dimmitt, Dalhart, Muleshoe, Tulia, Canyon, Dalhart, Muleshoe, Tulia, Canyon, Home Games, and Conference Games.

Dimmitt Bobbies Play Bula

Last Thursday, November 14, the Freshman, "B" and "A" team basketball girls played the Bula Girls. The Freshman were the first to play and they defeated Bula 33 to 27.

The "B" team played next and were defeated by one point 36 to 35. Peggy Gilbreath was high point with 24 points. Dera Kay Cartwright and Aundra Boothe played well at guard.

FTA Has Roundtable Discussion

On Tuesday, November 5, ten members of the Hazel Merritt Future Teachers Association met in the Commercial Room. After the usual business meeting we had a roundtable discussion. Some of the subjects we discussed were: Do I want to be a teacher? Why? What Do I Want To Teach? Where Do I Want To Teach?

Our club is made up of the following officers and members: President-Linda Hance, Vice-President-Jo Beecher, Secretary-Sharon Goodwin, Treasurer-Marilyn Howell, Librarian and Reporter-Joyce Slough, Charlotte McElroy, Barbara Kitchens, Berle Hyatt, Marilyn Campbell, Joalyn Alldredge, Mickey Pelley, Sandra Thompson, Tommye Sheffy, Linda Waller, Nancy Mauk, and Zetha Ivey. We voted Ann Smith and Pat Norris into our organization.

We would appreciate applications of all persons interested in becoming teachers. They should be given to Sharon Goodwin or Mrs. Inez Robinson, our sponsor.

Our taxes would be a lot higher if we had to pay on the basis of what we thought we were worth.

Dimmitt Overpowers Olton, 26 to 19

Bobcats To Meet Lockney In Bi-District

The Dimmitt Bobcats, having already clinched the 1-AA championship, spoiled Olton High School's Homecoming last Friday night, by romping over the Mustangs 26 to 19 with five of Dimmitt's starters out of the lineup.

The first payoff of the game came when Olton's halfback Ronnie Dennis intercepted a Dimmitt pass and raced 60 yards for the pay dirt.

Next payoff was to Dimmitt when Keith Lowe scampered around left end for 3 yards for the touchdown. Extra point was missed.

The next tally came in the second quarter when Dimmitt's Truman Touchstone passed 20 yards to end Jerry McGowan who ran 20 yards for the touchdown. Extra point was missed. Again Dimmitt came up with another tally in the third quarter when speedster Lowe scampered around right end for pay dirt. Lowe kicked the extra point. The score stood 19-6 at the end of the third quarter.

Then Olton came out of the slump scoring two touchdowns quickly in the fourth quarter from runs of 2 and 3 yards.

On Olton's last kickoff the last Dimmitt tally came when Lowe

Bobbies Defeat Friona

The Dimmitt 8th and 9th Grade girls, the B Team girls, and the Bobbies played the Friona girls here last Monday night.

The 8th and 9th grade team won over Friona 29 to 20. Kay Carpenter was responsible for 17 points while Sharon Maynard made 5, Linda Griffin made 4, and Gayle Howell made 2. The guards were Zandra Barnes, Elizabeth Coke, and Janice Wesson.

The B Team came up on the short end of the score 48 36. Peggy Gilbreath came through for 20 points. Dera Kay Cartwright, Aundra Boothe and Patsy Gibson played good ball at guard.

The Bobbies defeated the Friona "A" 61 to 44, after having lost an earlier game to them. Sandra Thompson was high scorer with 23 points, Mickey Pelley had 22, and EdDena Boozer had 16. Guards Wanda Newton, Myrna Finch, and Judith Maples played one of their best defensive games.

DHS DATES

- November 22, End of Six Weeks Bi-District game with Lockney at Plainview, 7:30 p.m. 28 - Dec. 1 Thanksgiving vacation. December 3 Boys A and B Basketball vs. Borger, there. 5-7 Whiteface Tournament Bobbies and Bobcats 10 Bobcats and Bobbies vs. Hart, here. 11 WT Choir Program 12-14 Abernathy Tournament Bobbies and Bobcats 13 United Assembly Program

After all, horse sense is stable thinking. Too many people waste their time until their time is about gone.

Students See Films

Films were shown in the Auditorium to the science students and those who were in study hall last Wednesday. The films were sponsored by Mrs. Robinson, high school science teacher. The first was "The First Five Minutes," a fire prevention film. It brought out many points on how fires can be prevented and how they can be put under control during the first minutes. The name of the second film was "Cool Hot Rod." It was about a boy who moved from a large city into a smaller town and found that he could not run everything his way.

1958 Football Schedule Announced

The Bobcats' 1958 football schedule was released by Coach J. D. Covington this week. District 1-AA has been altered so that there are only five teams in the conference. These schools are Friona, Dalhart, Tulia, and Canyon. Friona, the champion of District 2-A, has been added to the district, and Muleshoe and Olton have been transferred to District 2-AA.

THE LYRE CLUB

On the evening of November the thirteenth the officers of the Lyre Club and a committee of three, meet in the home of the President, Miss Charlotte McElroy. The evening started with a delicious fried chicken supper prepared by Mrs. McElroy. We thank her sincerely and from the depths of our hearts. After the meal we started to work on a constitution for our club. After several hours of debate and a few trying times we gathered together our results and formed them into a constitution although not excepted at that time it would be brought before the club to be debated. The constitution may be changed and may be accepted.

We've often wondered if laundry owners didn't have a button-collecting hobby.

This modern world has reached the point where a switch regulates everything but the children.

Responsibility makes some people grow; and others swell.

Our son may not find the perfect girl, but he is having fun looking.

Mrs. Lilburn Arnold Hosts Baptist YWA

Mrs. Lilburn Arnold was hostess to the Y.W.A. of the First Baptist Church in her home Wednesday afternoon, with Joyce Slough presiding. Frances Lane asked Jeanne Robison, Linda Hance and Joyce Slough to help her on the community missions committee. It was voted to have the installation service at the church Tuesday, November 26. Each girl is to bring her mother. A salad supper will be served.

Mrs. W. E. Kirkpatrick gave a talk on Nigeria and showed articles from Africa. Especially interesting were the heavy bracelets worn by small babies. Mrs. Roy Lovett showed a film on Baptist work in Africa.

Refreshments were served to Joyce Messenger, Jo Beecher, Sandra Thompson, Sandra Leath, Jeri Mac Dowell, Linda Hance, Frances Lane, Carroll Waggoner, Mary Lynn Hendrix, Brenda Ramsey, Joyce Slough, Jeanne Robison, Mrs. Raymond Hance, Mrs. Lovett and Mrs. Kirkpatrick.

Supper was served from a long table decorated with fall flowers and dozens of beautiful salads.

Health Office Urges Care of Common Cold

Now that school days are routine and winter is starting to push fall aside, there will probably be the usual increase in communicable diseases common to children.

Thousands of unnecessary cases of communicable diseases and deaths—could be prevented every year in Texas, if all parents would only realize the danger of the common cold.

Colds, especially a child's cold, should never be neglected.

But how many times have you heard a parent mention that Junior or Susie "have the sniffles" but they "seemed" well enough to go to school.

And what's more they will continue to go to school as long as they're able to walk, and only when they become seriously ill does the careless parent call the family physician.

But by that time a good many children in Junior or Susie's classroom have become exposed, thus setting up a chain of sickness and time lost from school.

And with the threat of the Asian flu hanging over the state, the common sense protection of keeping a child home when he or she is not feeling up to par makes more sense than ever.

A child who is sent to school feeling tired, perhaps because of inadequate meals, is handicapped. He not only lacks the aptitude for learning, but he is running the chance of falling prey to disease germs.

A youngster who is allowed to go to school suffering from a cold or the flu, runs the risk of serious complications. These troubles may develop into pneumonia, or if his resistance is low, signs of tuberculosis may appear.

However, when a slight illness is promptly and properly cared for, the child is usually well in a day or so.

The teacher can also be alert to notice if a child isn't feeling well. Of course, she is not expected to diagnose disease, nor is it her province to give health examinations, but she can recognize the common signs of pallor, a cold, and fever.

For his own protection and of other children in the classroom, a sick child should not be allowed to stay in school.

State Health Office Says Candy Decays Teeth

Ridding school lobbies and cafeterias of soft drink and candy vending machines would be one of the most important contributions school officials could make toward better dental health for children.

While the full relationship between diet and dental caries has not yet been firmly nailed down, researchers are in agreement on this: sugar—including that in candy and soft drinks—is a distinct factor in the process of decay.

Practically all pastries and confections contain quantities of sugar. A candy bar may have five to 20 teaspoonsful; a piece of cake has 15; a bottle of pop three to five.

We Americans consume 10 times as much sugar per person as our great-grandfather did 100 years ago.

We use three times as much as we need for energy requirements. provide fertile food for acid-producing bacteria, but it also spoils the youngster's appetite at mealtime.

Saliva furnishes a buffering action against ordinary amounts of sugar taken into the mouth at mealtime. But if a person nibbles on candy or cookies several times daily between meals, saliva cannot cope with acid buildup.

This applies to adults as well as to children, but it is more mean-

ingful to youngsters since habits they learn in youth carry over into maturity.

The significance of a diet low in refined carbohydrates has been pointed out in recent university studies. Dental patients kept on such a diet for a certain period of time show a sharp reduction of acid-producing bacteria in the mouth.

After successfully concluding treatment for their dental ills, these same patients were able to return to a diet with moderate a-

mounts of carbohydrates and yet remain relatively free of dental disease.

The State Health Department now has a service whereby saliva specimens may be submitted to be checked for decay-causing organisms. When the laboratory analysis is completed, the Department will recommend a diet designed to overcome those organisms. The service is available only through practicing dentists, and is intended for adults and children highly susceptible to dental decay.

Some people are able to eat lots of sweets and still be immune to dental disease. The answer seems to be that something in the mouths of such people is lethal to acid-producing bacteria. An estimated three percent of the American population is cariesimmune.

Walk into almost any public school in Texas and chances are you will see brightened dispensers of dental decay. Until they are replaced with milk dispensers, our talk of good dental health for children is meaningless.

Veterans' Land Board Buys Land

The Veterans' Land Board has now purchased \$114,143,000 worth of Texas farmland with the \$100,000,000 available to it, Land Commissioner Earl Rudder said this week.

fit" will be realized from the first \$100,000,000 in the program, Commissioner Rudder said. This money will be put in a fund which the State Legislature controls.

The land commissioner also noted that the bond market continues to block the sale of some part of the second \$100,000,000 worth of bonds in the program.

No more than three per cent interest may be paid to purchasers of these securities. Bonds on the market are now selling at an average interest of 3.43 per cent.

Wolgemuth Attends Optometric Seminar

Among those who attended the Annual C & L Tri-State Optometry Seminar held at Lubbock's Caprock Hotel November 15, 16 and 17th was Dr. James E. Wolgemuth, Dimmitt, Texas.

The purpose of the Seminar was to provide a program of education in the basic and advanced aspects of the practice of optometry to help those who are attending to achieve greater professional ability in rendering visual services to their patients.

Principal speakers for the three-day program were Dr. Chester H. Pfeiffer, Dr. Bernard Mazow, and Dr. Theodore Grosvenor, all of the University of Houston.

DOES PROFANITY MATTER?

Cursing and swearing flavors a great deal of the conversations heard. Profanity is useless. It never made anyone richer, happier, or wiser.

Profanity reveals weakness in vocabulary, in mentality and in personality. It is a confession of the inability to express oneself in proper language.

A bridled tongue is a mark of a well disciplined and mature character, Jas. 3:2.

Profanity does matter. Profanity reveals a diseased condition of soul, for "out of the abundance of the heart the mouth speaketh." Matt. 12:34. It the lips are to be purged of profanity the heart must be washed from irreverence. Let us make David's prayer ours, Ps. 51:10 and Ps. 19:14.

Soil Conservation News

For a long time farmers and experiment stations have been experimenting to find the best method of handling crop residues. Some farmers turn residues under to six to twelve inches deep with a moldboard plow. Some plow with a dish plow six to twelve inches which causes the residues to be mixed into the entire plow depth. Some only work the residues into the top few inches of topsoil. Others use sweep type equipment that leaves residues on the surface. Farmers have found that there are good and bad things to say about the above practices.

Some of the advantages and disadvantages discovered by farmers and experiment stations on the different methods of handling crop residues are: for moldboard plows are: increases temporary intake and storage of water, covers residues deep so there is no interference with tillage operation, and covers weed seed deep enough to control weeds. The disadvantages are: increases the clay content of the surface soil which slows down water intake after the first rain or irrigation, increases erosion hazard from wind and water, and after long use may decrease yields, increases soil moisture evaporation, and decreases organic matter in the surface soil, and causes faster changes in soil temperatures.

The good and bad effects received from the disk breaking plow are about the same as that of the moldboard plow except that all residues are not completely sub merged, top-soil is mixed with the

unproductive sub-soil, and there is a slight increase in protection from wind and water erosion. The only known disadvantage of trash mulch or surface tillage of crop residues is the tendency for trash to drag and choke up tillage equipment. This has been reduced since stalk shredding has come in use. The advantages greatly offset the disadvantages. This is nature's way of handling dead plant residues. It provides cover for the land which helps prevent wind and water erosion, furnishes food for earthworms and soil organisms, decreases velocity and amount of run-off water, reduces moisture evaporation and helps to maintain a more even soil temperature, increases the amount of available water in the surface for plant use, and furnishes a cushion that protects against soil compaction by raindrops and farming equipment.

The 58 FORD is here now...

there's nothing newer in the world

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

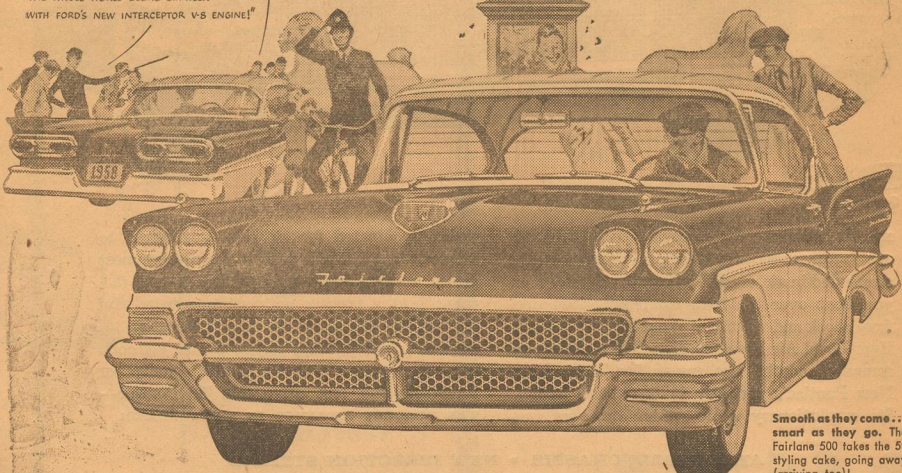

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

*THERE'S NOTHING NEWER IN THE WORLD OF STYLE!

*THE WHOLE WORLD SEEMS SMALLER WITH FORD'S NEW INTERCEPTOR V-8 ENGINE!

Smooth as they come... smart as they go. The Fairlane 500 takes the 58 styling cake, going away (arriving, too!)

Cotton Seed May be Scarce Next Spring

Good cotton planting seed with high germination may be scarce next spring. Fred C. Elliott, extension cotton specialist, said the situation which has developed is due to late plantings last spring and the wet weather which has hit all sections of the cotton belt during the harvest season. The situation, he added, is even worse in the eastern part of the cotton belt and seed of certain varieties are almost certain to be in short supply.

Elliott advised cotton growers to save and carefully store any good quality seed of known varieties. This he said, is one of those seasons when planting seed even with a low moisture content can't be placed in storage and forgotten about until next spring. A continuous check on stored seed is suggested.

Mr. and Mrs. Ben Leverett, mopolis, Wyoming visited Friday Fred Jones and her brother, Ed-Cheryl and Christy from Ther- in the home of her mother, Mrs. Ward Jones and family.

REDDY ROOSTER!

The old rooster used to do a good job of waking folks, but he didn't do a good job of spreading happiness in the early A.M. Today it's happy Reddy Kilowatt who turns on your musical radio alarm and makes the coffee to just the right waking-up taste. Altogether it's just another of the plus advantages a modern electric range gives you with its automatically timed convenience outlet. Wake up the happy way with Reddy standing in for the old-fashioned rooster.
