West Texas Young People's Conference

To the young and children of every community and church, along with the adults, a whole-hearted invitation goes out for the Young People's conference and the Daily Vacation Bible School to be held in connection with the Sanco Camp Meeting.

This year the directors asked me to make arrangements for the school and conference, and after counseling with leaders of young people, I did it gladly because I believe there is certainly a place for this kind of a work and that the young people of coke county and West Texas can get great good and do great good in these meetings and this conference.

Evangelistic and undenominational, with a hearty hand extended to all alike, the effort is to give information and inspiration, so that afterward you may go back home happier and able to be worth more to your community or church and to realize more out of life. With celebrations on every hand, why not celebrate once by going thoroughly into the Book that gave this country every element of real greatness that it has, the Book that builds great lives and is the foundation of history and the upbuilding of every state that ever knew and believed it? One celebration we should not miss, "One Hundred Years of the Bible in Texas!"

The camp meeting begins July 16, Thursday night. The first Sunday afternoon service will be on the theme, "The Bible and the Next Hundred Years." If you have an old Bible, bring it. Bring one, new or old.

Evangelistic messages by Rev. W. O. Love each morning at 11, each night at 8:15. Rev. Paul Smeltzer, leads the singing. The Bible conference begins Monday morning, July 20, with an assembly, at 9:50. There will be classes for adults, young people, intermediates, and children. Bring Bible, pencil and notebook. The Young People's conference will be led by West Texas young people. Wood, water, and camp site furnished. Bring all camp equipment. Or if you want to rent cots and tents, phone at once or write, Sanco Camp Meeting, Sanco, Texas.

A genuine working knowledge of the Bible (without undue emphasis on minor issues that cause sincere believing christians to dispute) is the aim of this conference-not disputation, but inspiration and information with an overflowing kindness that leads to Christ and helps to live, is the object.

Sponsored by substantial farmers and stockmen, with the friendly hospitality of the early west, the Sanco camp is for you this year, and may you find there just what you need in the way of a living faith, a new inspiration, and a closer walk with God. Come from country, come from

Water Meters Being Installed

To date the city has installed seventy-five water meters and others to be put in as soon as possible. The deposit of \$2.00 against the usual \$5.00 deposit is expected to induce more of the citizens to take the water. The flat rates of \$1.50 per 2000 gallons and 25c for each additional 1000 is pointed out as being cheaper than several other towns in West Texas of this size. He mentioned Eldorado, Sonora, Junction, Paint Rock and Bronte among those having higher rates.

Visit Carlsbad Cavern

A merry bunch of youngsters left here at "closing time" Saturday afternoon and drove all night in order to be at Carlsbad, New Mexico, and made the trip thru the cavern Sunday. There was engine trouble; they met rain 15 miles the other side of Big Spring; waited in a garage at Big Spring from two until eight a. m. to have the engine adjusted--and did they sleep! Those in the party were Aubrey and Estaline Denman, Ila Bell, Zada and Herman Patterson, Vivian and Lowell Roane and Jewell Ledbetter, also Nolan Pentecost, Wayman Koberson, Kim Finney and Clell Varnadore.

Methodist W. M. S.

The Methodist W. M. S. met Monday afternoon with Mrs. W. E. Wilbanks. The study for the afternoon was a Bible lesson on Prayer which Mrs. J. S. Gardner directed by lecture and references. Following the Bible study the members discussed the quarterly W. M. S. zone meeting to convene at Veribest on June 14. The next meeting will be with Mrs. Wylie.

Refreshments were served to Mesdames J. A. Clift, E. B. Creech, Bruce Clift, Marvin Simpson, J. K. Griffith, Chism Brown, J. S. Gardner, Dollie Wylie, Freeman Clark, W. E. Wilbanks.

Former Governor James H. Ferguson will appear in San Angelo Saturday, July 11, on the court house steps for one hour in the behalf of Roy Sanderford for Governor.

Mr. and Mrs. S. M. Conner of Christoval were the guests of Miss Emma Conner Sunday night.

town.

The final working day to complete preparations on the grounds will be held Wednesday 15th, the day before the meeting begins. There is always much work to be done, and the Sanco people will appreciate all the help that is given. A team and wagon, truck, hoe, shovel, or hammer may come in handy.

Glimpses of the Past

From the files of The Observer

Five Years Ago

January 2. All the waterworks are installed; the 50,000 gallon tank is ready; the new lake dam is being completed as fast as possible and by the time you read this the pumps will be installed--Yes, we're gonna squirt her clear over the top o' that court house.

October 30. About one o'clock Wednesday fire broke out in the rear of W. M. Simpson's grocery store. The fire hose was connected and water turned on but we had no nozzles. They phoned to Bronte and in fifteen minutes George Chisholm had the nozzles in Robert Lee and a few minutes later the fire was under control.

Ten Years Ago

October 29. W. K. Simpson & Company begins a big sale Saturday. This sale is a little different from most sales. You can get 14 cents per pound for cotton (middling basis) by trading it out at their store. When boiled down to facts and figures it gives the farmers about a 30 per cent reduction below the regular price on all goods in their dry goods department.

December 24. The marriage of Marcus Turner of Norton and Miss Robbie Bell of Robert Lee was solemnized Saturday evening at the home of the bride's sister, Mr. and Mrs. R. M. Lowry of Ballinger with Rev. H. C. Hooper of the Methodist church reading the impressive ceremony. Only members of the immediate family were present.

December 24. Enoch Sparks is digging a well on the river near the pump house with the expectation of furnishing Robert Lee better water in 1927.

December 24. Chester Cherry and his gang of thirteen men are here this week building highlines to Ed Grey's and John Robertsons homes putting in electric stoves there and out at Mrs. A. J. Russell's four miles west of town.

Fifteen Years Ago

October 7. Mr. D. M. Witt of Abilene bought a half interest in the Russell-Craddock garage Thursday. He bought the interest of J. S. Craddock and will be connected with the business immediately. Mr. Witt also bought the Craddock residence in Robert Lee.

October 14. Commissioners' court in regular session Monday ordered that J. L. Sullivan be appointed attorney of Coke county and that he be allowed \$35.00 per month ex-officio salary.

October 21. Mrs. Bruce Clift will leave Sunday for Ft. Worth where she goes to attend the annual convention of the Eastern Star which convenes in that city the first of next week.

October 21. Dr. and Mrs. F. K. Turney returned Monday from Mineral Wells where they have been the past few weeks for

Another Fine Rain

A fine rain fell over the county Sunday night and Monday, in fact, all over West Texas, ranging from two to six in inches. The hot days through June was beginning to tell on the crops and the moisture came at an opportune time, insuring a good feed crop. Cotton was doing nicely before the rain and now, barring insect damage, chances are good for a heavy yield.

We have much to be thankful for out in this country. While the northwestern states are literally burning up from the heat and drouth, and damage running into several million dollars has been the flood experience in South Texas, this part of the State is having ideal weather.

Centennial Day at Sanco

A Texas Centennial Day at Sanco, Coke County, Texas, Saturday, July 11, followed by the annual meeting of the Coke County Singing Convention on the next day, Sunday, July 12, has been arranged.

The program, Saturday, will consist of both political and historical addresses, by leading candidates and others, beginning at 10 o'clock a. m. The afternoon will be devoted to outdoor events, such as baseball and goat roping. In the evening special Texas Centennial features will be presented which will include music, pageants and plays, along Texas Centennial lines.

Everybody invited to come bringing lunch and prepare to spend the day.

Good shades, access to cold drinks and fine spring water will insure comfort to all. Come.

NOTICE!

All exservice men and American Legion members are urged to be present at a meeting at Coke Motor Thursday night, 16. Important.

January 28. The commissioners of Coke county met Friday and appointed Judge D. I. Durham county judge of Coke county to fill the place of Judge S. B. Kemp who has accepted the position of assistant district attorney of the Hawaiian Island.

February 16. Victor Arnold left Wednesday for Tyler where he will attend commercial college.

October 6. Prof. N. C. Brown last week presented the editor with a sweet potato that weighed 8½ pounds. Prof. Brown has several potatoes which he wants to send to the fair at San Angelo which are sure to capture a prize.

First Year's Work of Resettlement Brings Increase in Livestock

An increase in the amount of livestock owned by low-income farmers is one result of the first year's work of the Resettlement Administration, which ended with the month of June. Official summaries received by T. R. Andrus, county supervisor, covering the period to May 1, show that Resettlement borrowers in Coke County purchased 162 horses and 32 mules, 69 dairy cattle, 47 hogs, and 384 chickens.

These livestock purchases accounted for \$16,678.00 of the \$51,758.00 loaned in this county. The loans were made to 141 families, white. They included 647 persons. The average loan was \$357.00 per family. Loans for machinery totalled \$2,821.00, harness \$324.00, food \$16,152.00, clothing \$2,680.00, feed for livestock \$2,866.00, seed \$2,578.00.

Loans bear 5% interest, and are repayable in one to five years, depending upon the kind of goods purchased. Twenty-five per cent of similar loans made by the Texas rural rehabilitation corporation in 1935 have already been repaid, although loans were made only to those farmers who had been denied credit by all other agencies.

Centennial Marker

The Committee of Control for Texas Centennial Celebrations is placing a marker dedicated to Hayrick, the first county seat, on the northwest corner of the courtyard this week. The monument of granite will stand about eight feet high and will have a bronze tablet with a brief history of Hayrick.

The committee wished to place this marker as near the original site as possible but since the court house yard was the only property owned by the county it was decided to place it there.

Two other monuments have been placed in Coke county, one on Oak Creek in memory of old Ft. Chadbourne and another on the hill north of the Robert Lee cemetery dedicated to Coke county.

C. A. Roberson to Speak Here Saturday Afternoon

The Observer is requested to announce that C. A. Roberson, state supervisor and lecturer for the Townsend Old Age Pension Plan, will speak here Saturday afternoon, July 11, 3 p. m. Dr. H. F. Miller, candidate for Congress of the 21st Congressional District, will also be here and speak in behalf of his candidacy. Both are fluent speakers and a large crowd is expected to hear them.

Current Events IN REVIEW by Edward W. Pickard

President Roosevelt Is Renominated by Acclaim PRESIDENT FRANKLIN D. ROOSEVELT was renominated by unanimous acclaim by the Democratic National convention in Philadelphia...

At a great public massmeeting in Franklin field, Philadelphia, attended by 110,000 people on the evening of the convention's adjournment, President Roosevelt and Vice President Garner were officially notified of their selection and responded with acceptance speeches.

The President sounded the battlecry of his campaign for re-election by denouncing "economic royalists who hide behind the American flag and Constitution."

President Roosevelt

The sessions were marked with extreme enthusiasm. Party harmony and a determination to stand militantly on the administration's record in the past three years.

The abolition of the two-thirds rule for the nomination of candidates was one of the significant achievements. This rule, which has been in use for more than 100 years, was superseded by the adoption of the rules committee's report recommending that at future conventions only a bare majority be required for nomination.

The platform pledged continuance of soil conservation, benefit payments to farmers, a sound currency, a balanced budget and a constitutional amendment if necessary, to achieve the party's broad social program.

Regarding the Constitution, the platform declared that while the Republican platform proposes to meet national problems by action of the separate states, the Democratic party recognizes that minimum wages, maximum hours, child labor, monopolistic and unfair business practices, dust storms, drouth and floods could not be handled by states.

"If these problems cannot be effectively solved by legislation within the Constitution, we shall seek such clarifying amendments as will assume to the legislatures of the several states and to the congress of the United States each within its proper jurisdiction, the power to enact those laws which the state and federal legislatures within their respective spheres shall find necessary, in order adequately to regulate commerce, protect public health and safety and safeguard economic security.

In addition to soil conservation and benefit payments, the farm plank pledged the Democrats to financing share-croppers and tenants in buying lands; favored commodity loans on farm surpluses and retirement of ten million acres of submarginal land from production and rural rehabilitation.

Railway Pension Acts Declared Unconstitutional

PENSIONS for railway workers received a setback when the District of Columbia Supreme court ruled unconstitutional two acts passed by congress last year.

The court held that the government had no right to levy or collect taxes to finance the rail pensions and invalidated as "inseparable" a companion tax measure providing for payment of the pensions.

Both acts were passed last year under the sponsorship of the administration and with the support of railway labor leaders, after the

United States Supreme court had held unconstitutional the 1934 railway retirement act.

One of the measures involved levies upon railroads an excise tax of three and one-half per cent "of the compensation not in excess of \$300 per month paid to its employees." Workers would have paid a three and one-half per cent income tax upon their wages not in excess of \$300 per month.

Farm Income Up 90 Per Cent, A. A. A. Report Sets Forth

AN INCREASE of 90 per cent in the cash farm income on cotton, wheat, tobacco, corn and hogs from 1932 to 1935 was recorded under the Agricultural Adjustment act, invalidated by the Supreme court last January, according to the annual report of Chester C. Davis, former administrator, made public in Washington.

Chester Davis

Cash farm income from these five major farm products which came under production control, rental and benefit payments was \$1,365,000,000 in 1932, the year before the AAA became operative. For 1935 it was \$2,593,000,000.

The report pointed out that cash farm income from all other products increased in the same period from \$3,012,000,000 to \$4,307,000,000.

Mr. Davis, who was recently appointed by President Roosevelt to the Federal Reserve board, declared that cash available for living expenses, taxes and interest from farm cash income was the highest in 1935 since 1929, and two and one-half times greater than it was in 1932.

Gov. Landon Makes Plans for Notification Speech

IN ESTES PARK, Colo., Gov. Alfred M. Landon, Republican Presidential nominee, continued his vacation begun with his family the week before and made plans for reconvening of the Kansas legislature and for the acceptance speech he will deliver in Topeka on July 23.

Gov. Landon

Although Governor Landon was resting preparatory to the rigors of the campaign, affairs of his state and conferences with political advisers occupied considerable of his attention.

When the Kansas legislature reconvenes a proposed amendment to the state constitution will be introduced, giving the state broad power to provide far-reaching legislation for social welfare and to co-operate with the federal government. Governor Landon was quoted as describing the proposed amendment as "satisfactory."

The amendment, which may be the basis for similar action in other states, reads:

"Nothing contained in this constitution shall be construed to limit the power of the legislature to enact laws providing for financial assistance to aid infirm or dependent persons; for the public health; unemployment compensation and general social security and providing for the payment thereof by tax or otherwise and to receive aid from the federal government therefor."

Strikes in Provinces Continue French Unrest

PERSISTENCE of strikes in the provinces kept France in a state of unrest. A gain of 225,000 new members was reported by the general confederation of labor, organized labor's official body.

Altogether it was estimated that 100,000 workers were still absent from their jobs, in spite of reports of strike settlements in scattered sections throughout the country.

The French Riviera witnessed a general exodus of foreign tourists from 450 hotels and resorts following a lockout by the proprietors. The hotels were closed indefinitely after the employers declared they could not meet workers' demands for more pay and shorter hours.

Severe Drouth Damage Brings Federal Action

WITH thousands of acres of spring wheat destroyed through drouth and with vast corn-growing regions threatened, the federal government undertook a comprehensive campaign to alleviate human distress and property loss, and stricken areas were placed in the hands of a special drouth committee by Secretary of Agriculture Wallace.

Secretary Wallace named Jess W. Tapp, assistant agricultural adjustment administrator, as chairman of the committee. Four others appointed were: C. W. Warburton, director of the Agricultural Extension Service; Hugh H. Bennett, chief of the Soil Conservation Service; A. G. Black, chief of the Bureau of Agricultural Economics; and W. F. Callender, assistant agricultural adjustment administrator. Joseph L. Bailey, assistant resettlement administrator, will also serve with the committee.

The committee's attention was turned immediately to drouth conditions and relief need in North Dakota, South Dakota, Minnesota, Montana and Wyoming, but officials were watching anxiously the increasing drouth damage in South Carolina, Georgia, Tennessee and parts of Kentucky, Alabama, Mississippi and Arkansas.

The work of six government agencies will be supervised and co-ordinated by the committee in its work on drouth relief. These are: the Agricultural Adjustment Administration, the Public Works Administration, the Federal Surplus Commodities corporation, the Rural Resettlement Administration, the Relief Administration, and Rural Rehabilitation and Soil Conservation Service.

League of Nations Meets to Lift Sanctions

WHILE representatives of leading powers gathered in Geneva to lift League of Nations economic sanctions against Italy and the refugee emperor, Haile Selassie, of Ethiopia prepared to plead the cause of his nation's freedom. European statesmen considered the possibility of a reorganization and reformation of the League.

Observers agreed that while informal discussions on the League reformation would be held, it was probable that the question of reorganizing the international pact body would be postponed until September.

Steel Industry Resists Drive for Unionization

DEFYING a drive to force unionization of its 500,000 workers, the steel industry in a strongly worded statement issued by the American Iron and Steel institute declared "it will oppose any attempt to compel its employees to join a union or pay tribute for the right to work."

Although the statement did not mention him by name, it was regarded by observers as the first official response to the recent announcement by John L. Lewis, president of the United Mine Workers of America, of a campaign to unionize steel employees.

In order to prevent the "closed shop," the industry said "it will use its resources to the best of its ability to protect its employees and their families from intimidation, coercion and violence and to aid them in maintaining collective bargaining free from interference from any source."

Reasserting its belief in the principles of collective bargaining, the industry's statement pointed out that employees now pick their own representatives for collective bargaining by secret ballot.

International Conference Seeks Mediterranean Peace

MEETING in Montreaux, Switzerland, an international conference sought settlement of military and naval problems in the Mediterranean. The conference had been called by the powers as a result of Turkey's request to fortify the Dardanelles, which were demilitarized under the Lausanne treaty of 1923.

The possible threat of Russia's growing naval strength caused an alignment of the British and Japanese. Japan announced it was willing to accept any limitation on Japanese warships authorized to enter the Black sea, providing similar restrictions were placed on Russian warships leaving it.

Russia demanded free westward passage of warships and submarines out of the Black sea through the Dardanelles, adding she was unable to see why other powers not bordering on this body of water desired unlimited passage to it.

A King's Farewell Good Soldier Obeys An If or Two 40,000,000 Degrees

Paris.—To "last words of dying men" will be added those of the late King George of England—"I am sorry to keep you waiting like this." Typical of a good, modest king, always obedient to duty.

Arthur Brisbane

At the request of his ministers, including Sir John Simon, who waited upon him at the last moment, the king struggled pathetically to sign his name to a state paper, succeeded, then, turning to his advisers, spoke those last words, followed by a smile and nod with which he was accustomed to end an audience.

This was published in the Star of Johannesburg, South Africa, in a Reuter dispatch. Mr. Gunia sends the clipping from Gibsonia, Pa. Much obliged.

The Italian soldier Badoglio, in the striking uniform of an Italian marshal, returned to Rome and embraced Mussolini, who wore the uniform of a corporal of fascist militia. Napoleon also liked to be called the "little corporal."

Marshal Badoglio is an Italian soldier who obeys orders. When Mussolini's forces were marching on Rome, Badoglio, according to the story, said to the king: "What shall I do—wipe them out?" The king ordered: "No; no violence." Now, Mussolini rules, and on his orders Badoglio wipes out Haile Selassie and the government of Ethiopia.

Anything could happen in Europe, and one of the things considered quite possible, extremely disturbing to respectable old England and others, is an agreement between Mussolini and Hitler to make "a deal on Austria" profitable for both; not for Austria.

There is always, however, the memory of 1914, when Austria, Italy and the Kaiser had the triple alliance that did not "stand up." Such alliances usually go along racial lines, if they are to last. France and Italy are natural allies, both Latin; England and the United States would probably be found not far apart if a really big World war should ever come, with one or two other IFS.

Science proudly demonstrates for the Westinghouse company a new lamp that "rivals the beams of the sun." The demonstrator explained that the temperature at the sun's surface is about 11,732 degrees Fahrenheit, while the new lamp reaches 25,232 degrees Fahrenheit. That, however, as scientists know, is a long way from the sun's best temperature.

According to Sir James Jeans, there prevails in the depths of the sun temperature of "forty million degrees centigrade," which is considerably higher than any man-made temperature. If you came within 1,000 miles of a 5 cent piece with a temperature of 40,000,000 degrees centigrade, you would be burned to a cinder; hard to believe, but true.

England protested against raising the elevation of guns on American warships because that would make our guns shoot too far. In case of war we might hit a British ship lined up against us.

Are animals capable of any thought?

A dog on Prince Edward island, whining and howling with its muzzle against a pile of clothing on the edge of a pool, attracted men who took from the water the bodies of two brothers, fifteen and seventeen years old. Could the dog have "thought out" a connection between the clothing and the disappearance of its young owners?

JUST one more bit of information about that New York vacation of Robert Taylor's. His popularity with the fans was so great and took the home office so by surprise (they'd known he was popular, but hadn't expected that the fans would storm his hotel in such numbers) that bodyguards were engaged for him.

Anyone getting off the elevators at his floor was questioned. No one was allowed to go to his suite without a lot of to-do. The sad result of that was that friends whom he'd urged to come to see him, naming the time, found it practically impossible to get in to see him; in fact, one old friend was about to be turned away, but when she asked only that he be told that she'd been there, and he was, young Robert came rushing out and dragged her in.

He was practically exhausted by all the furore. But he kept his head through it all.

Herbert Marshall has turned farmer; he's bought a forty-acre place in southern California, and optimistically thinks he's going to rest there till he has to go to work in "Portrait of a Rebel" with Katherine Hepburn.

But—he's supervising the building of a house. And all of us who've ever owned a farm know what a menace it can be. You begin planting, and cultivating, and first thing you know, that farm is the only important interest in your life except for your family. There's no rest on a farm!

Gloria Swanson seems to have hit bottom so far as her career is concerned. But you never can tell about her; she has a way of bouncing back when people say she's through. Off the screen (and she's been off it a long time, since that last picture of hers turned out so badly) she looks young and pretty, and no doubt she'll be landing a good role first thing anybody knows. At least she's not reached the place where she's appearing in "Hollywood Boulevard," the picture that's to show us the old-timers way back to the time of Maurice Costello.

Of course it was a foregone conclusion that somebody would leap to the front with a picture based on the veterans' receiving their bonus money. Metro grabbed the idea for Wallace Beery, and had camera men planted all over the place shooting bits that could be woven in as local color.

You'll want to see W. C. Fields in "Poppy"; he makes it a grand picture. Rochelle Hudson and Robert Cromwell take care of the love story, but Fields is so delightful that most of us wouldn't care if the authors had omitted everything but his scenes.

If you girls have ever thought that you'd like to dance in a Fred Astaire-Ginger Rogers picture, glance at this list of qualifications; RKO's dance director, Hermes Pan, will test all applicants by them before he selects the twenty-five girls who will work in "I Won't Dance."

A girl must be a whirlwind tap dancer who can do every step in a tap routine; she must be not more than five feet, five inches tall, not less than five feet, two. She must have a perfect figure and a face which photographs well. She must have personality that gets over to audiences, and must be able to average 99 per cent in a physical examination—so that she can stand ten-hour days of rehearsals without cracking. Oh yes—applicants who are brunettes will be given the preference, other things being equal, and if they aren't they'll have to wear wigs.

All Around the House

Air the bread and cake boxes frequently during the summer months. Mould is likely to form on breads and cakes kept in boxes during the warm weather.

Mayonnaise may be kept for several weeks in refrigerator if a tablespoonful of boiling water is added to it before bottling.

Do not remove husks from green corn until just before putting on to boil. Corn spoils quickly, so it should be used as soon as possible after purchasing.

When cake or bread is too brown or is burned, grate gently with a fine grater (outmeat grater preferred) until the cake or bread is a golden brown.

Sandwiches may be kept moist for 24 hours if they are wrapped tight as soon as made, in waxed paper, then placed in a box lined with a damp cloth and covered with a cloth. Keep in a cool place.

Never put hot foods in your refrigerator or ice box. Wait until they have cooled.

Lesson for July 12

WITNESSING UNDER PERSECUTION

LESSON TEXT—Acts 3:1-4:31.
GOLDEN TEXT—We ought to obey God rather than men.—Acts 5:29.
PRIMARY TOPIC—Brave Peter and John.

JUNIOR TOPIC—Two Brave Preachers.
INTERMEDIATE AND SENIOR TOPIC—Two Brave Witnesses, YOUNG PEOPLE AND ADULT TOPIC—Courageous Witnessing for Christ.

In I Corinthians 1:21-25, Paul sets forth the attitude of the world toward Christ and his gospel. The one who preaches Christ crucified must expect opposition, and even violent persecution. This attitude of the world, instead of being a deterrent, should be a spur to activity.

1. Peter Healing the Lame Man (Acts 3:1-11).

The place (vv. 1, 2). It was at the beautiful gate which leads from the outer to the inner court of the temple. This helpless man had been placed at the entrance of the place of worship where he might receive the sympathetic attention of worshippers.

2. The man (v. 2). This beggar was infirm from his birth. He was not more than forty years old (Acts 4:22). When he saw Peter and John, he asked alms.

3. The method (vv. 3-8).

a. Gaining the man's attention (v. 4). Peter and John commanded him to look on them. He asked for money and got healing.

b. Peter commanded him in the name of Jesus Christ of Nazareth to rise and walk (v. 6). This was the very thing he had been unable to do all his life, but with the command went the ability to do.

c. Peter took him by the right hand (v. 7), gave impetus to his faith, not strength to his ankles.

4. The man's response (v. 8). He stood, walked, leaped, and shouted praises to God.

5. The effect (vv. 9-11). The people were so filled with wonder that they ran together to behold this thing. There could be no question as to the genuineness of the miracle for the man had been a familiar figure for many years.

a. This helpless man had to be carried to the temple. Men and women out of Christ are so helpless that they need to be brought where the life of God can be applied to them.

b. Peter, taking the man by the hand, shows the manner of helping the lost. Christian witnesses should bring them to Jesus.

II. Peter Witnessing Before the Multitude (Acts 3:12-20).

Though this miracle directed the attention of the people to Peter and John, Peter seized the opportunity to present Christ to the people.

III. Peter in Prison for Christ's Sake (Acts 4:1-4).

1. The leaders. Both priests and Sadducees joined in this persecution (vv. 1, 2).

The priests were intolerant because these new teachers were encroaching upon their functions. The Sadducees did not believe in the resurrection, which was a vital part of the apostolic preaching.

2. The result (vv. 3, 4). Though they were held in bondage by chains, Christ continued to work. The number of believers greatly increased.

IV. Peter Witnessing Before the Sanhedrin (Acts 4:5-21).

1. The inquiry (vv. 5-7). The inquirers admitted the reality of the miracle but they wanted to know what it signified.

2. Peter's answer (vv. 8-12). With stinging sarcasm he showed them that they were not on trial as evildoers, but for doing good in the name of Christ to the helpless and needy man.

3. The impression upon the Sanhedrin (vv. 13-21).

a. They marveled (v. 13). They were made conscious that they were on trial instead of sitting as judges.

b. They took knowledge that Peter and John had been with Jesus (v. 13).

c. They forbade them to speak in Christ's name (v. 18). They could not deny the miracle or gainsay the accusation brought against them, so they attempted intimidation.

d. Peter and John's reply (vv. 19, 20). They expressed their determination to obey God rather than men.

e. Their release (v. 21). Seeing that the people were on the side of the apostles, the rulers were helpless.

V. The Church at Prayer (vv. 23-31).

As soon as Peter and John were set free, they hastened to their fellow disciples and told their experiences. They prayed for deliverance and praised God for boldness to speak the Word of God.

A Charming Sports Frock

Trim modish raglan shoulders, no sleeves to set in, make this attractive dress easily fashioned even an amateur sewer. And the neckline is extremely flattering and youthful. Equally lovely

for office wear or busy shoppers, it answers perfectly, too, for general daytime functions.

You'll appreciate the two roomy pockets, and the back yoke will enable you to "bear your burdens" lightly. Try making it in tub silk, shantung, printed crepe or linen. Whichever fabric you choose gives a silhouette that is universally flattering and a touch of sophistication.

Barbara Bell Pattern No. 1857-B is available in sizes: 14, 16, 18, 20; 40 and 42. Corresponding bust measurements 32, 34, 36, 38, 40 and 42. Size 16 (34) requires 3 7/8 yards of 39 inch material plus 1-4 yard for the belt. Send 15 cents in coins for the pattern.

Man Wants But Little—

Supposing you had spent 16 years at the North pole, what luxuries of civilization would you pine for? Dr. H. W. Griest, Presbyterian medical missionary at Barrow, Alaska, has just completed 16 years of duty in the Arctic regions. This summer he is to retire to a life of leisure in warm California.

"I want to drive a motor-car slowly through country lanes, not a dog sled through icy wastes," he said. "I want to seek out the old apple tree and lie around in the grass with a book. I want to eat fresh vegetables and fruits—not tinned. I shall see cows and sheep, birds and trees, not reindeers, polar bears and icebergs."

The Town Where I Live—It's My Town

The Constitutional Issue

A few months ago it looked as if the Constitution of the United States might be one of the major issues between the two political parties in the Presidential campaign which has just begun. The reversal by the Supreme Court of some of the Administration's measures, enacted by a Democratic Congress, and the resentment openly expressed, prepared many political observers to expect a demand by the Democrats for a revision of the Constitution, either extending the powers of Congress of the Supreme Court. Surprisingly enough, however, the only suggestion of a Constitutional change, so far as it officially figures in the campaign, has come from the candidate for President Governor Alf Landon.

President Roosevelt took occasion to declare himself and, by inference, the party which follows his leadership, in his speech at Little Rock on June 10. In referring to the Constitution as "the best instrument ever devised" for maintaining the fundamental principles on which the nation was founded, and declaring that "it is intended to meet and satisfy the amazing physical economic and social requirements that confront us," he put an affective end to the talk that he and his party would inject the Constitutional issue into the campaign.

Gov. Landon, in his telegram to the Republican National Convention, did not accept his party platform declaration that ways can be found under the Constitution whereby states may enact minimum wage laws for women and children and declared that he was prepared to advocate a Constitutional amendment to that end, if necessary, to accomplish the purpose.

Neither candidate has voiced any criticism of the Supreme court. Both Gov. Landon and President Roosevelt are intelligent enough to understand that even though the Constitution does not especially authorize the court to set aside an act of congress, it is its prime function, as it is of any court, to interpret the law, and the Constitution specifically declares itself to be the "supreme law of the land." It will so remain until the people themselves decide otherwise.

--Winters Enprise.

In Appreciation

We take this means of offering our appreciation to our many friends who assisted us during the serious illness of our son, Tommie. Also those who visited us and offered their assistance.

Words fail us when we try to thank those who came in and worked our crop when it was so badly in need of work.

When misfortune comes your way we hope friends will be as loyal to you as they have to us. We thank all.

Mr. and Mrs. Robert Walker.

Home Owners

Austin Callan

It has long been conceded that the home owner is the best and happiest citizen.

The home is the Nation's citadel of strength.

Those who have made it easier to own a home and to keep a home, have rendered a distinct service to humanity. They have planted flowers along barren pathways.

The Nation's strength lies in the small homes because most homes are small. What affects modest domiciles affects millions. The Texas Legislature only showed its interest in good citizenship but its consideration for the hard pressed when it adopted Senator Carl C. Hardin's home exemption measure relieving from state taxes all homes up to the assess value of \$3000.

If Carl Hardin had rendered no other service than that he would be entitled to the gratitude of thousands of Texans.

Whoever makes it easier to maintain a place of habitation for a family confers a blessing, and adds a bloom and breath of fragrance to life. We want to see more home owners not only in the cities and villages of our state but out beyond the pavement in the rural communities. No home owner will become a communist. The blessings of a home will nurture in his heart love for his country and his country's flag. He will bring his children up to respect the worthy things of life; he will train them for good citizenship, and they will be an ornament of society.

Judge Wylie was in Abilene on official business Monday, and in conference with Mr. Shelton, district manager of the old age pension work, was advised that an investigator will be sent here within three or four weeks to remain until all cases have been examined and cared for. All those eligible to old age pension are assured that due consideration will be given their cases and that payment will be made back to the first of July.

BAPTIST MEETING

Rev. N. E. McGuire, pastor of the Emmanuel Baptist church of San Angelo, has accepted an invitation from the Robert Lee Baptist church to hold the annual revival meeting. The meeting was to have begun on Friday night before the fourth Sunday in July but owing to the election coming at that time it was judged advisable to postpone beginning until Sunday. Eleven o'clock on the fourth Sunday in July is the time now set for the meeting.

Abe Jenkins Says

The safety and pleasure of any motorist's vacation trip can be increased many fold by the observation of a few simple rules according to Abe Jenkins, known as the world's safest driver. Jenkins, who holds more speed records than any other man in sports, has driven more than one million miles on all kinds of Roads in ever state in the Union without an accident.

Besides the well known and fairly well recognized rules about observing stop signs, not trying to beat traffic lights, not passing another car on a turn or hill, Jenkins has the following advice to give on features of driving little thought about by the average motorist:

1. Read the road; that is, observe cars far ahead and those directly behind because only in this way can you decide whether passing is safe. The car behind can do you a lot of damage and observing only the next car ahead is no insure of safety.

2. Don't drive in a slouched position. Keep both hands on the wheel. Hands and arms should always be in a position to take care of the ever impending emergency.

3. When making a turn use only one hand to apply pressure on the wheel, allowing it to slide through the other hand. This places you in a position to put full strength into a quick turn in the opposite direction should emergency demand it.

4. Never run a car faster than you can drive it. If you are at all nervous you are driving too fast.

5. Never use the brakes in a skid on slippery roads. The best method is to disengage the clutch, which will permit the rear wheels to roll free and follow the front wheels straight ahead. Then apply the clutch gradually.

AT FRIENDSHIP

Rev. Virgil Cosby will preach and Eschol Cosby lead singing and bring special songs at each service with guitar accompaniment at Friendship school house Friday night, Sunday and Sunday night.

These young men are westerners and bring a message of special appeal to farm and ranch communities. Everybody is cordially invited to every service.

Martha Frances Smith, daughter of Mr. and Mrs. Frank Smith, went to San Angelo Wednesday to spend several days with Mr. and Mrs. D. I. Durham.

Wayne Overall, now living in Florida, is here visiting his parents, Mr. and Mrs. J. B. B. Overall.

Supt. and Mrs. G. L. Taylor visited in Monahans and Pecos last week. At Monahans they were the guests of her aunt, Mrs. Jack Hale.

A Pentecost meeting will begin at Edith Saturday with Rev. Smith of Spur doing the preaching. It is expected that the meeting will continue through three Sundays.

Texans are seeing Texas during

CENTENNIAL YEAR!

(July 8, through Sept. 13, Revised to June 27th)

The Big Centennial Central Exposition at Dallas is drawing millions of visitors from out of the state and over the state.

This successful event and the many equally interesting Texas celebrations are focusing the eyes of the nation on Texas. Texas may well be proud of its Centennial events. Texas will profit by its enterprise for many years to come.

But, best of all, Texans are knowing Texas.

East Texas is visiting West Texas! North Texans are going South! South Texans are traveling North, and West Texans are seeing the East! Centennial year has afforded us the opportunity to get acquainted with the resources and scenic attractions of our great state.

Whatever your ideas of a real vacation, you'll find them realized in Texas. Mountains, seashore, missions, foreign atmosphere, gay night life, fishing, golf, historic places. Most every attraction you can find anywhere—right here at home.

Make your plans to visit the Centennial Celebrations being held this month. Read the calendar at the right. If you want additional information, write the Chamber of Commerce at cities you are interested in. For a real vacation, SEE TEXAS!

New Ruling on Cotton Program

The County Agent's office is in receipt of a new ruling on the Agricultural Conservation Program to the effect that, in the case of a man who does not have land in feed above the acres the government estimate estimates are required to raise feed for work stock, milch cows and chickens, this man will be permitted to plant a percent of his soil-conserving crop land in feed if his feed crop yield is cut below normal because of reasons beyond his control, the percent so planted being in proportion to how much lower his yield is than normal. This ruling does not apply to a man who, outside of his diverted acres, has more acres planted to feed than is normally required to feed his workstock, milch cows and chickens as estimated by the government, as any low yield on his normally required acres will be made up on the extra acres in feed, outside of his soil-conserving acres.

Those who are eligible to take advantage of this ruling, should make application to the county committee if they desire to do so, Mr. Smith stated.

County Case Worker

Mrs. Drue Scoggins, county case worker, is now going to Bronte each Monday to care for the cases in that part of the county. Her office there is in the Keeney building.

This arrangement greatly facilitates matters as it has been extremely difficult for many persons to come to Robert Lee.

Mrs. Scoggins now spends Tuesday and Wednesday of each week in the office here.

Centennial Visitors

Mr. and Mrs. Artell Robert of Paint Creek, Misses L. C. Fisher and Lela B. Fisher of Abilene were visitors to the Texas Centennial at Dallas the 4th and 5th of July. They report an enjoyable trip. 114,500 paid receipts besides several thousand passes were issued to the grounds on the Fourth. They said the crowd far exceeded hotel accommodations and people all over the city slept in their cars.

Mr. and Mrs. H. B. Roberson of Chattanooga, Tennessee were the guests Saturday and Sunday of the families of her cousins, J. A. and W. B.

MILNESIA FOR HEALTH

Milnesia, the original milk of magnesia in wafer form, neutralizes stomach acids, gives quick, pleasant elimination. Each wafer equals 4 teaspoonfuls milk of magnesia. Tasty, too. 20c, 35c & 60c everywhere.

The Original Milk of Magnesia Wafers

All Around the House

Air the bread and cake boxes frequently during the summer months. Mould is likely to form on breads and cakes kept in boxes during the warm weather.

Mayonnaise may be kept for several weeks in refrigerator if a tablespoonful of boiling water is added to it before bottling.

Do not remove husks from green corn until just before putting on to boil. Corn spoils quickly, so it should be used as soon as possible after purchasing.

When cake or bread is too brown or is burned, grate gently with a fine grater (nutmeg grater preferred) until the cake or bread is a golden brown.

Sandwiches may be kept moist for 24 hours if they are wrapped tight as soon as made, in waxed paper, then placed in a box lined with a damp cloth and covered with a cloth. Keep in a cool place.

Never put hot foods in your refrigerator or ice box. Wait until they have cooled.

Lesson for July 12

WITNESSING UNDER PERSECUTION

LESSON TEXT—Acts 3:1-4:31.
GOLDEN TEXT—We ought to obey God rather than men.—Acts 5:29.
PRIMARY TOPIC—Brave Peter and John.
JUNIOR TOPIC—Two Brave Preachers.
INTERMEDIATE AND SENIOR TOPIC—Two Brave Witnesses.
YOUNG PEOPLE AND ADULT TOPIC—Courageous Witnessing for Christ.

In I Corinthians 1:21-25, Paul sets forth the attitude of the world toward Christ and his gospel. The one who preaches Christ crucified must expect opposition, and even violent persecution. This attitude of the world, instead of being a deterrent, should be a spur to activity.

I. Peter Healing the Lame Man (Acts 3:1-11).

The place (vv. 1, 2). It was at the beautiful gate which leads from the outer to the inner court of the temple. This helpless man had been placed at the entrance of the place of worship where he might receive the sympathetic attention of worshippers.

2. The man (v. 2). This beggar was infirm from his birth. He was not more than forty years old (Acts 4:22). When he saw Peter and John, he asked alms.

3. The method (vv. 3-8).

a. Gaining the man's attention (v. 4). Peter and John commanded him to look on them. He asked for money and got healing.

b. Peter commanded him in the name of Jesus Christ of Nazareth to rise and walk (v. 6). This was the very thing he had been unable to do all his life, but with the command went the ability to do.

c. Peter took him by the right hand (v. 7), gave impetus to his faith, not strength to his ankles.

4. The man's response (v. 8). Strength at once came to him. He stood, walked, leaped, and shouted praises to God.

5. The effect (vv. 9-11). The people were so filled with wonder that they ran together to behold this thing. There could be no question as to the genuineness of the miracle for the man had been a familiar figure for many years.

a. This helpless man had to be carried to the temple. Men and women out of Christ are so helpless that they need to be brought where the life of God can be applied to them.

b. Peter, taking the man by the hand, shows the manner of helping the lost. Christian witnesses should bring them to Jesus.

II. Peter Witnessing Before the Multitude (Acts 3:12-20).

Though this miracle directed the attention of the people to Peter and John, Peter seized the opportunity to present Christ to the people.

III. Peter in Prison for Christ's Sake (Acts 4:1-4).

1. The leaders. Both priests and Sadducees joined in this persecution (vv. 1, 2).

The priests were intolerant because these new teachers were encroaching upon their functions. The Sadducees did not believe in the resurrection, which was a vital part of the apostolic preaching.

2. The result (vv. 3, 4). Though they were held in bondage by chains, Christ continued to work. The number of believers greatly increased.

IV. Peter Witnessing Before the Sanhedrin (Acts 4:5-21).

1. The inquiry (vv. 5-7). The inquirers admitted the reality of the miracle but they wanted to know what it signified.

2. Peter's answer (vv. 8-12). With stinging sarcasm he showed them that they were not on trial as evildoers, but for doing good in the name of Christ to the helpless and needy man.

3. The impression upon the Sanhedrin (vv. 13-21).

a. They marveled (v. 13). They were made conscious that they were on trial instead of sitting as judges.

b. They took knowledge that Peter and John had been with Jesus (v. 13).

c. They forbade them to speak in Christ's name (v. 18). They could not deny the miracle or gainsay the accusation brought against them, so they attempted intimidation.

d. Peter and John's reply (vv. 19, 20). They expressed their determination to obey God rather than men.

e. Their release (v. 21). Seeing that the people were on the side of the apostles, the rulers were helpless.

V. The Church at Prayer (vv. 23-31).

As soon as Peter and John were set free, they hastened to their fellow disciples and told their experiences. They praised God for deliverance and prayed for boldness to speak the Word of God.

A Charming Sports Frock

Trim modish raglan shoulders, no sleeves to set in, make this attractive dress easily fashioned even an amateur sewer. And the neckline is extremely flattering and youthful. Equally lovely

for office wear or busy shoppers, it answers perfectly, too, for general daytime functions.

You'll appreciate the two roomy pockets, and the back yoke will enable you to "bear your burdens" lightly. Try making it in tub silk, shantung, printed crepe or linen. Whichever fabric you choose gives a silhouette that is universally flattering and a touch of sophistication.

Barbara Bell Pattern No. 1857-B is available in sizes: 14, 16, 18, 20; 40 and 42. Corresponding bust measurements 32, 34, 36, 38, 40 and 42. Size 16 (34) requires 3 7/8 yards of 39 inch material plus 1 1/4 yard for the belt. Send 15 cents in coins for the pattern.

The Summer Pattern Book containing 100 Barbara Bell well-planned, easy-to-make patterns is ready. Send 15 cents in coins for your copy.

Man Wants But Little—

Supposing you had spent 16 years at the North pole, what luxuries of civilization would you pine for? Dr. H. W. Griest, Presbyterian medical missionary at Barrow, Alaska, has just completed 16 years of duty in the Arctic regions. This summer he is to retire to a life of leisure in warm California.

"I want to drive a motor-car slowly through country lanes, not a dog sled through icy wastes," he said. "I want to seek out the old apple tree and lie around in the grass with a book. I want to eat fresh vegetables and fruits—not tinned. I shall see cows and sheep, birds and trees, not reindeers, polar bears and icebergs."
