OVER MASH FEEDING AT 6 WEEKS ON NEW PURINA TURKEY STARTENA CHECKER-ETTS

Purina Research tests proved it — then last year, local turkey raisers found that Checker-Etts help keep more poult alive — made them grow faster.

THE FORM — is part of the reason. Poults take to Checker-Etts quicker and like them better. Fewer poults "starve to death" before they learn to eat. And the whole batch grows faster because they eat more feed.

THE FORMULA — does the rest. The Purina Turkey Startena Checker-Ett formula is balanced and blended scientifically for life and growth. This year, start your poults the Purina way. See us about the Checker-Etts — just 4 lbs. per poult does the job.

America's Lowest-Priced Straight Eight!

Until they see the actual figures, few people realize that the big, beautiful Pontiac eight is America's lowest-priced straight eight. Not only does it undersell all other straight eights by a substantial margin, but it actually costs less than many six-cylinder cars!

The fact that the Pontiac eight gives so much for so little is the basic reason for the great and growing popularity it enjoys.

Pontiac has distinguished appearance, and distinctive Silver Streak styling. Its spacious Body by Fisher is handsomely upholstered and appointed.

And finally, it is powered by the world's sweetest engine—a great straight eight which is supremely smooth and quiet, instantly responsive to the accelerator, packed with power—an eight which gives peak performance and economy.

We honestly believe that no other car carries such definite assurance of really enjoyable performance at so low a cost. We invite you to come in and take the wheel yourself. We're sure you'll be very pleasantly surprised.

Spring Basketball Training, Bobbies

The Dimmitt Bobbies have been showing good ability in their recent spring basketball training. Although they lost three very good guards, Charlotte Lippard, Helen Brashears, and Elouise Greathouse and also one very good forward, Cleta Newton, the pivot man, they still think they can make a very good showing next year.

The girls who have been working together are Pat Tate, Mona Simmons, Twila Kirby, Maurine Smithson, Lanelle Walthall, Phyllis Behrens, Connie McRee, Peggy Messenger, Johnny Godfrey, Lometa Odem, Sunnye Brown, Melba Johnson, and Georgia Waggoner. There is also some very promising eighth graders, Yvonne Bearden, Mary Smith, Mitzi Wilson, Dessie Dennis and Katy Coke. Two seventh graders have proved their abilities also this year, but will not be eligible for the team next year. They are Mary Nelson and Dealvia Howard. Let's all look forward to next year's team and support the Bobbies the same as ever.

Student's Aim

(Pat Tate)

As we travel down the road of life, we notice various individuals with various types of jobs, homes, clothes and establishments. Some of these people may be our parents, old school mates, or perhaps once they were star athletes. Are all these people prospering? Are they all fulfilling the aims they set back in their high school days? Too many times goals are set and then forgotten about. Too many times its so easy to let someone else do our work, or prepare our themes. Who will prepare our themes later on in life? Will someone else be willing to do our work, and give us the credit? Will we be able to glide through the course of life as we have various courses in high school? Or will we get out of life exactly what we contribute to it?

With the school year nearly at a close, let's all make a challenge with ourselves to be a person who will get a lot out of life. Let's set our aims high and make our lives truly worth living.

Dimmitts History of Girls Basketball

The Dimmitt Bobbies have been to state three times in the history of the game. They went three years in succession.

The first year they went was in 1930. That was the year that Athens defeated them in the finals. We had two all-state girls however, Lillian Harp—guard, and Lanelle Brooks—center.

In 1931 the Bobbies again made it to state but this year it was quite a different story. The girls came back with the top honors after beating Mengus 30 to 26 in the finals. This year

three girls made all-tournament. They were Frankie Senters, forward; Lanelle Brooks, center; and Evelyn Blanton, guard.

When 32 rolled around the girls didn't let up any. With the same determination they returned to state, again winning. They defeated Celeste 42-34 in the final game. All state players were Frankie Senters, forward; Ona Fay Smith, forward, and Elaine Dyer, guard.

Bar-None Rodeo Boosters Here Tue. From Plainview

An invitation to the Bar-None Rodeo at Plainview was extended here Tuesday by a Hale county delegation headed by the Plainview High School Band.

The Bar-None program will start Thursday afternoon at 12:30 with a parade. An afternoon rodeo performance at 2:30 and one at 8:00 o'clock that night will round out the opening day. There will be arena action starting at 8:00 o'clock Friday and Saturday nights.

Tim Holt, Hollywood movie star, will furnish an act at each performance and autograph programs for all comers. A quarter horse show at 1 p. m. Friday is another added attraction.

Bronc riding, wild steer riding, calf roping, calf scrambles at each night performance, along with other arena excitement, are planned to make it one of the best attractions of its kind ever produced in these parts, said Gene Bumpus, president of the Bar-None Rodeo Association.

Cerebral Palsy Clinic Planned

A clinic for the examination of cerebral palsied children will be held Monday, June 13, at the Cerebral Palsy Treatment Center, 1317 Tenth Street, Lubbock.

Two orthopedic specialists, Dr. Charles B. Sadler, Amarillo and Dr. E. T. Driscoll, Plainview will be present to examine patients.

Cerebral palsy is some times referred to as spastic paralysis or birth injury and may be evidenced by the child's inability to sit alone, stand alone, walk or hold objects at the age these things are accomplished by the average child. Research has shown that treatment is most effective if started within the first few months of the child's life although children respond to treatment begun at a much later age.

Parents planning to bring children to the clinic are requested to register the children at the Center prior to the date of the clinic. Information regarding the clinic may be obtained by writing Dr. Esther Snell, Director, or calling Lubbock 6541.
