Ike Devoll Passes Away

Ike Devoll, 73, Sanco ranchman for many years, died in a San Angelo hospital Sunday, following an operation. Funeral services were held at the Sanco Baptist church Monday afternoon, Minister H. L. Bloodworth conducting the services. Interment was made in the Sanco cemetery, with Cliff Funeral Home in charge. Pall bearers were J. R. Carwile, Jack Lassiter, Nolan Pentecost, Henry Carwile, B. A. Austin, Jim Hughes, Bryan Gartman.

Deceased is survived by his widow, four sons Horton, Steve and Ocie of Sanco, and Joseph of Monahans; three daughters, Mrs. Viola Adams of Lawndale, Calif., Mrs. Zella Hale, Sweetwater, Mrs. J. M. Baugh, Sanco; twenty-one grandchildren, eight great grandchildren, four brothers and one sister.

Good Neighbors

About three weeks ago, Carl Hurley of the Sanco area was injured in a tractor planter accident, and as a result he has been laid up ever since. Last week eleven men and nine tractors went to Carl's place and put his crops in condition. Carl says Coke county has the best people on earth, and we agree. He is truly grateful for the kindness shown him. Those who brought tractors and otherwise helped as good neighbors were Bryan Gartman, Francis Seltz, Guy Denman, Dennis Markham, W. F. Fikes, Roy Wyatt, Mr. Braswell, Truett Arbuckle, Carlton Hurley, Fred McDonald and J. F. Hamilton.

CARD OF THANKS

We, the family of S. M. Connor, wish to express our sincere thanks and deepest appreciation for the kind assistance and sympathy extended to us through the long illness and death of our dear husband and father. We are especially thankful for the floral offering and for the use of the Baptist church for the funeral services.

Mr. and Mrs. J. S. Craddock and daughter, Maxine, were here from Colorado City Sunday visiting friends. Maxine graduated at Texas Tech this term, Mrs. Craddock tells us. Former residents, the Craddocks have many friends in Coke county.

Born to Mr. and Mrs. V. L. Copple on May 26, a daughter. The young lady weighed 8 1/2 pounds and has been named Tomma Lynn.

Silas M. Connor

Silas M. Connor was born in Williamson county, Feb. 21, 1858. He came to this part of Texas on a buffalo hunt in 1878, liked the country so well that he came back to live in 1878, when this county was a part of Tom Green county, working for various cattle companies as a trail driver. In 1889 he helped to organize Coke county.

Nov. 25, 1885, he married Miss Ursula Belle Norfleet, a sister of J. Frank Norfleet, in what is now Sterling county. About 300 people attended the wedding, many coming from Colorado City, Sweetwater, Coleman and San Angelo. In January Mr. and Mrs. Connor took a delayed honeymoon trip to Callahan county in a covered wagon and got "snowed in." The Connors began housekeeping in true pioneer style in a dugout. Later Mr. Connor became an extensive property owner and was always among the first to get new comforts for his family. He bought the first auto to come into his community.

Mr. Connor's father built the first house of lumber at Silver, freighting the lumber from Austin by wagon.

Selling his Coke county holdings he moved to Christoval where the pioneer couple celebrated their golden wedding in 1935. Moving back to Coke in 1936, Mr. Connor resided in Roberr Lee until his death. He was a staunch Christian, becoming a member of the Church of Christ at the age of 42 under the ministry of Eld. J. B. Hooten, pioneer minister.

His funeral last Thursday was largely attended, Robert Lee business houses being closed during the service as a mark of respect for this honored citizen. Pall bearers for the occasion were his eight nephews: Marshall, Elkin, Claiborne, Harry, Frank, Bob and Jack Connor, and Johnny Brown.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the kind words, thoughtfulness and beautiful floral offering.

Mrs. Ike Devoll, Family and Relatives.

S. J. R. No. 7.

SENATE JOINT RESOLUTION NO. 7 proposing an amendment to Article VI of the Constitution of Texas providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that members of the regular Army, Navy, or Marine Corps of the United States shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

Be it resolved by the Legislature of the State of Texas: Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas, by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between Section 2 and Section 3 of said Article VI, and shall read as follows:

"Section 2a. Nothing in this Constitution shall be construed to require any person, who at the time of the holding of an election hereinafter referred to is, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the armed forces of the United States or of the Armed Force Reserve of the United States, or of any branch or component part of such armed forces or Armed Force Reserve, or the United States Maritime Service or the United States Merchant Marine, and who is otherwise a qualified voter under the laws and Constitution of this state, to pay a poll tax or to hold a receipt for any poll tax assessed against him, as a condition precedent to his right to vote in any election held under the authority of the laws of this state, during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated.

Provided, however, that the foregoing provisions of this section do not confer the right to vote upon any person who is a member of the regular establishment of the United States Army, Navy, or Marine Corps; and provided further, that all persons in the armed forces of the United States, or the component branches thereof, not members of the regular establishment of the United States Army, Navy or Marine Corps, are hereby declared not to be disqualified from voting by reason of any provision of sub-section "Fifth" of Section 1, of this Article."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state on August 25, 1945, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the following:

"FOR the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter." Those opposed to such amend-

ment shall have written or printed on their ballots the following:

"AGAINST the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter."

Sec. 3. The Governor shall issue the necessary proclamation relating to the publication of the foregoing Resolution, in the various counties of the state, and shall cause the same to be published as required by the statutes and the Constitution in connection with the submission of proposed amendments to the Constitution, to the people for their action at a statewide election. If it shall appear from the returns of the election at which the foregoing amendment to the Constitution is voted upon that a majority of the qualified voters have voted for said amendment, same shall then become a part of the Constitution of Texas.

Sec. 4. There is hereby appropriated out of the General Fund of the State of Texas, not otherwise appropriated, the sum of Fifteen Thousand Dollars (\$15,000,000), or so much thereof as may be necessary, to pay the expenses of advertising said Resolution in each county in the state and for such other purposes as may be necessary, or required by law, or by the Constitution.

PICKLES GIVE ZEST TO WARTIME MEALS

Photo Courtesy Ball Bros. Co.

Some persons look upon the pickle family as "food value squander bugs," but Gladys Kimbrough, authority on canning and Home Service Director for Ball Brothers Company, gives sound reasons for including them in every home canning plan. In a recent interview, Miss Kimbrough said, "Pickles and relishes are important because they add color, flavor, and zest to ration-limited meals."

"A spoon or so of finely chopped mustard pickle stirred into rich brown gravy gives high point value to low point meats. A bit of chili sauce and a minced dill pickle blended with mayonnaise or with cooked salad dressing and poured over an accumulation of vegetables prevents the old acquaintances being recognized, particularly so if the vegetables are blistering hot."

"It's fun to find a tiny gherkin tucked in a mold of cottage cheese and tomato aspic, and a bowl of cream of corn soup loses its blandness the moment small rafts of corn, beet, or red pepper relish laden toast are floated on its surface."

"But," said Miss Kimbrough, "don't expect any pickle to do its

share unless you are willing to give it the right start on its colorful career. If members of the cucumber family are made to grow too fast, or if left out of brine too long, they are likely to expand with indignation until they are all hollow! They go soft and slippery when the brine is too weak or does not cover every cucumber, and scum makes them ill—it must be removed from the brine every few days. Cucumbers and their small cousins, the gherkins, shrivel and shrink when there is too much salt in the brine and if given too much sugar at any time."

Cucumbers must be cured in brine for several weeks, in order to be firm, solid, crisp, and olive green throughout. Persons who are not too concerned with quality use short cuts, but Miss Kimbrough expressed

the opinion that those who do not want to go to the trouble of brining should confine their efforts to relishes, fruit pickles, and sauces, all of which are simple to make. However, it should be kept in mind that good relish makers test by taste because even the most reliable of recipes may require more or less spice and vinegar than indicated. The vinegar should be not less than 40 percent nor more than 60 percent grain strength. Unless the recipe calls for another kind, use apple-cider vinegar.

Usually, whole spices are preferred to ground ones, but nowadays one must be satisfied with whatever is available. It is advisable to tie the spices, loosely, in a piece of thin cloth so that they can be removed before the pickles or relishes are canned. All foods containing vinegar should be canned in jars with glass or vacuum seal lids and must be hot when canned, or else processed 20 to 30 minutes at simmering, in order to obtain an airtight seal.

HOUSE JOINT RESOLUTION proposing an amendment to the constitution of the state of Texas, amending Sections 51a, 51b, 51c, and 51d of Article III so that the same shall consist of one section to be known as Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to actual bona fide citizens of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of twenty-one (21) years, and needy children under the age of sixteen (16) years; providing for the acceptance of financial aid from the government of the United States for such assistance; providing that the payments of such assistance from state funds shall never exceed either the payments from Federal funds or a total of more than thirty-five million dollars (\$35,000,000) per year; providing for the necessary election, form of ballot, proclamation, and publication, and making an appropriation to defray the necessary expenses of proclamation, publication, and holding the election.

Be it resolved by the legislature of the state of Texas: Section 1. That Sections 51a, 51b, 51c, and 51d of Article III of the constitution of the state of Texas be amended and the same are hereby amended so that the same shall hereafter consist of one section to be numbered 51a, which shall read as follows:

"Sec. 51a. The legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may by the legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application; provided that the maximum payment per month from state funds shall not be more than twenty dollars (\$20) per month.

"(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"The legislature shall have the authority to accept from the federal government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such government may offer not inconsistent with restrictions herein set forth; provided however that the amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of federal funds; and, provided further that the total amount of money to be expended out of state funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of thirty-five million dollars (\$35,000,000) per year."

Should the legislature enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this amendment, such acts shall not be invalid by reason of their anticipatory character.

Sec. 2. The foregoing constitutional amendment shall be submitted to the qualified electors of Texas at a special election to be held throughout the state of Texas on the 25th day of August, 1945, at which election there shall be printed on such ballot the following clause:

"For the amendment to the constitution giving the legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from state funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from state funds shall not be more than twenty dollars (\$20) per month; giving the legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the federal government; limiting the total amount which may be expended for such assistance out of state funds; and providing conditions as to residence within the state in order to become eligible to receive assistance."

"Against the amendment to the constitution giving the legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from state funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from state funds shall not be more than twenty dollars (\$20) per month; giving the legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the federal government; limiting the total amount which may be ex-

France Again Is Free Nation

Three Great Powers Extend Full Recognition to Gen. De Gaulle.

WASHINGTON. — Under the leadership of aggressive Gen. Charles de Gaulle, the Republic of France emerged from four dark years of defeat, occupation and the ravages of war to take control once more of its own destinies as a sovereign nation already promised a position of power in the councils of peace.

Two actions by its Allies marked the renaissance of the republic:

The United States, Britain and Russia simultaneously recognized the regime of which General de Gaulle is president as a "provisional government."

Gen. Dwight D. Eisenhower turned over to this administration virtually all metropolitan France except the western front combat zones, by declaring the non-combat area to be an "interior zone." That includes Paris, capital of the provisional government.

Controls Own Affairs.

Not since German invaders enveloped the shattered nation in the summer of 1940 had France attained such stature in the family of nations or such control over its own affairs.

Recognition by the three great powers was accompanied by similar action of other nations, including Canada, Australia, Brazil, Peru and Venezuela.

The United States named Jefferson Caffery as its first ambassador. He arrived in Paris recently to be a "representative" to the de Gaulle administration which until now was considered to be only a "de facto authority" rather than a government.

Immediately after announcing recognition, the United States undertook several adjustments to bring its relations with the new France in line:

The state department announced that business and professional people who can show a good military or civilian need for their presence in France may obtain passports to go there although transportation facilities are "extremely meager."

To Reopen Trade.

Diplomatic and financial authorities predicted the early unfreezing of \$1,000,000,000 of French assets in this country, including about \$900,000,000 credited to the Bank of France as well as heavy private holdings. The Bank of France assets are at present under attachment by the Bank of Belgium in New York state because of the assumed loss of certain Belgium gold deposits at Paris in 1940. Special arrangements are being worked out to lift the attachment.

Treasury officials said the question of reopening business communications between the United States and France was under consideration.

The recognition was announced here by Acting Secretary of State Edward R. Stettinius who described it as being in harmony with American policy toward France. He noted that:

"Today the vast majority of Frenchmen are free. They have had opportunity during recent weeks to demonstrate their desire to have the duties and obligations of government assumed by the administration which is now functioning in Paris and which has been reconstituted and strengthened by the inclusion of leaders of the valiant forces of resistance within France."

Be it resolved by the Legislature of the State of Texas: Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas, by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between Section 2 and Section 3 of said Article VI, and shall read as follows:

"Section 2a. Nothing in this Constitution shall be construed to require any person, who at the time of the holding of an election hereinafter referred to is, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the armed forces of the United States or of the Armed Force Reserve of the United States, or of any branch or component part of such armed forces or Armed Force Reserve, or the United States Maritime Service or the United States Merchant Marine, and who is otherwise a qualified voter under the laws and Constitution of this state, to pay a poll tax or to hold a receipt for any poll tax assessed against him, as a condition precedent to his right to vote in any election held under the authority of the laws of this state, during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated.

Provided, however, that the foregoing provisions of this section do not confer the right to vote upon any person who is a member of the regular establishment of the United States Army, Navy, or Marine Corps; and provided further, that all persons in the armed forces of the United States, or the component branches thereof, not members of the regular establishment of the United States Army, Navy or Marine Corps, are hereby declared not to be disqualified from voting by reason of any provision of sub-section "Fifth" of Section 1, of this Article."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state on August 25, 1945, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the following:

"FOR the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter." Those opposed to such amend-

ment shall have written or printed on their ballots the following:

"AGAINST the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter."

Sec. 3. The Governor shall issue the necessary proclamation relating to the publication of the foregoing Resolution, in the various counties of the state, and shall cause the same to be published as required by the statutes and the Constitution in connection with the submission of proposed amendments to the Constitution, to the people for their action at a statewide election. If it shall appear from the returns of the election at which the foregoing amendment to the Constitution is voted upon that a majority of the qualified voters have voted for said amendment, same shall then become a part of the Constitution of Texas.

Sec. 4. There is hereby appropriated out of the General Fund of the State of Texas, not otherwise appropriated, the sum of Fifteen Thousand Dollars (\$15,000,000), or so much thereof as may be necessary, to pay the expenses of advertising said Resolution in each county in the state and for such other purposes as may be necessary, or required by law, or by the Constitution.

Milk-Made Desserts Easy on Sugar Ration

TEMPTING to the eye and pleasing to the palate, milk-made desserts can be easy on the sugar ration and kind to the budget.

That's the practical tip to homemakers given by Alice M. Cooley, director of home economics of the National Dairy Council in nationally circulated *Capper's Farmer*.

"Vary the popular stand-bys, custards, rice and bread puddings, by cutting their already low sugar content with sweetening of honey, ma-

Spread chocolate pudding between sponge cake layers. Sift confectioners' sugar over paper doily atop cake. Lift doily carefully.

ple sirup and corn sirup," she advises in the *Rural Home* section of this leading farm magazine.

"Prepare packaged cake and gingerbread mixes; try toppings of custards or fruit sauces. Add milk to packaged puddings; cook and serve chilled in pies or between layers of cake.

"Thus with a little ingenuity a busy homemaker accomplishes three purposes. Sugar is spared, the family is pleased, and providing the day's milk requirements—a minimum of a quart for every child and a pint for every adult—is made easier."

Try orange custard sauce on gingerbread squares. Replace 2 tbsp. of each cup of milk in custard with 1½ tsp. orange juice and ½ tsp. grated orange rind. Serve chilled.

One of the chief attractions about these milk-made desserts is their sugar-saving quality. Food authorities advise that sugar rationing may have to be retained for some months after the war's end. So, for the duration and as long thereafter as necessary, any methods the homemaker can use to save precious points will pay dividends.

Add milk to pudding mix, cook and turn into baked pie shell. For a feathery light filling, fold in beaten egg whites. Chill well.

A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members; prescribing their qualifications; and providing for their election, tenure of office and compensation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2 of Article 5 of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Article 5, Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; provided, that when the business of the court may require, the court may sit in sections as designated by the court to hear argument of causes and to consider applications for writs of error or other preliminary matters. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election, a citizen of the United States and of this state, and unless he shall have attained the age of thirty-five years, and shall have been a practicing lawyer, or a lawyer and judge of a court of record together at least ten years. Said Justices shall be elected (three of them each two years) by the qualified voters of the state at a general election; shall hold their offices six years, or until their successors are elected and qualified; and shall each receive such compensation as shall be provided by law. In case of a vacancy in the office of any Justice of the Supreme Court the Governor shall fill the vacancy until the next general election for state officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the state. The Justices of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution and until their successors are elected and qualified. The Judges of the Commission of Appeals who may be in office at the time this amendment takes effect shall become Associate Justices of the Supreme Court and each shall continue in office as such Associate Justice of the Supreme Court until January 1st next preceding the expiration of the term to which he has been appointed and until his successor shall be elected and qualified."

Sec. 2. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August 1945, at which election each voter opposing said proposed amendment shall scratch off the ballot with a pen or pencil the following words printed on said ballot:

"FOR the amendment to the State Constitution providing for a Supreme Court of nine members"; and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot:

"AGAINST the amendment to the State Constitution providing for a Supreme Court of nine members."

If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and laws of this state.

LAW OF GRAVITY

Sir Isaac Newton was unquestionably a great scientist, but he must have left something to be desired as an economist. He believed, as you remember, that everything—without exception—was subject to his law of gravitation. He'd be surprised and chagrined to see how prices are behaving today. They certainly are one notable exception to his theory. It's much easier to let prices go up than it is to hold 'em down.

Business-managed electric companies really qualify as experts in this line, however. Because they've not only kept the price of electricity down to pre-war levels, but have actually succeeded in reducing the price in the face of rising costs for almost every other commodity. In fact, the price of electricity is so low today that the average American gets twice as much for its money as it did fifteen years ago.

Obviously, that was no accident. It didn't just happen. It represents a remarkable achievement. And it was brought about, in large measure, through efficient management on the part of the experienced men and women who operate America's business-managed electric light and power companies.
