P.T.A. Hallowe'en Carnival

Friday night, the crowning of the Halloween Queen takes place at the high school auditorium at 7:30 o'clock. Considerable rivalry is being manifested. Queen candidates are: Seniors, Helen Holden; Juniors, Jo Ann Bilbo; Sophomores, Frances Parker; Freshmen, Bonita Childress.

The Halloween carnival will open in full blast downtown at 4 o'clock, Saturday afternoon. Different booths will be erected for public patronage and a high old time is anticipated by the younger generation.

Attended Dealers' Meet

Turney Casey, local Chevrolet dealer, last week attended a preview of the new 1946 Chevrolet at Dallas. The new Chevrolet will be displayed simultaneously in dealers' showrooms throughout the country soon, announcement to be made later.

Reports Ranges Fine

J. L. Robertson, White Hat ranch employee, was down from Blackwell Friday. Jim tells us that ranges were greatly enhanced by the recent rains and everything is lovely in that neck of the woods. He reported that photographers were busy last week taking pictures of the fine Herefords that are to go in the forthcoming sale at the ranch.

Bossing Jack Around

Gerald Carlton Duncan, the little 2-months-old adopted son of Mr. and Mrs. Jack Duncan, was brought home from San Angelo last week. The pretty little fellow is already bossing Jack like an old experienced hand.

Clubbing Offer: The Observer, 1 year, and the San Angelo Standard-Times; daily and Sunday, 1 year—both for \$8.90. Renew NOW!

J. T. Thetford, Edith merchant, was in to see us Tuesday, advancing his subscription figures to this unterrified official rabbit twisters journal.

Pastor Returned To Robert Lee

Pastor and Mrs. John C. Campbell returned Saturday from San Antonio where they attended the annual Methodist conference. Brother Campbell was returned to Robert Lee for the ensuing church year, which is good news to all.

The Robert Lee Methodist church will make good progress under the leadership of Bro. Campbell. During their three months residence here, he and Mrs. Campbell have made excellent progress with the work of the church, and the membership and public are delighted to know they will continue with this work.

The pastor's report to the church for 1945 is as follows: Baptisms, 6; total membership, 193; Sunday school enrollment, 114; Youth Fellowship membership, 15; Vacation Church School attendance, 43; W. S. C. S. membership, 28; Church Finance disbursements, \$3,192.00.

Promoted

Leonard C. Ivey, Jr., son of Mr. and Mrs. Leonard C. Ivey of Robert Lee, has been promoted to the rank of Cadet Second Lieutenant in the John Tarleton College R. O. T. C. Unit. This announcement was made recently by Captain Jack D. McCullough, Professor of Military Science and Tactics at that institution. Leonard is a member of Company D of the Cadet Corps.

As a Cadet Second Lieutenant of the military unit, Leonard will hold a position of responsibility and will be given an opportunity to develop leadership qualities inherent to that rank. "This", Captain McCullough states, "is an opportunity that will prove invaluable in either a civilian or military career."

TODAY'S BEST NEWS

And the Lord shall be king over all the earth: in that day shall there be one Lord, and his name one.—Zechariah 14:9.

Robert Lee Methodist Church

New Business Concerns

Business changes and deals which transpired last week gave added impetus to commercial activities locally, indicative of the fact that Robert Lee is stepping along, with probably "more to come" during the post war period.

O. V. Looney closed up a deal Saturday, purchasing from O. O. Ott the former Simpson corner building and will install therein a hardware and furniture stock. Mr. Ott has moved his cafe fixtures to the former City Cafe location.

We learn that a Sweetwater man has leased the Roe building, two doors south of the County Agent's office, and is to open a hardware store.

Time marches on, and Robert Lee is in line of the march.

Coleman Wins

In last Friday night's game the Coleman Bluecats defeated the Robert Lee Steers, 7 to 6. It was a good game and our boys put up a worthwhile scrap. More than 100 of our Robert Lee folks went over for the game.

New Ford On Display

The new 1946 Ford is to be on display, today, Friday, Oct. 26, at the Ivey Motor Co. You are invited to see this fine new car—the finest Ford has ever built.

NOTICE

Dr. Coberg, veterinarian, will be here Wednesday, Oct 31, to test cows for tuberculosis and Bangs disease. Those having cattle to test, please contact Dr. Griffith or the County Agent at once. You must have your cattle in pens at your place.

Bronte Football Schedule

Supt. Jeff Dean advises The Observer that the following is the Bronte Longhorns' football schedule of games to be played at Bronte: Oct. 26, Norton in Bronte; Nov. 2, Eola in Bronte; Nov. 9, Wingate in Bronte (conference); Nov. 16, Paint Rock in Bronte; Nov. 29, Robert Lee in Bronte (conference.)

Mesdames W. J. Cumbie, G. C. Allen, of this city and Mesdames Edwin Brown and Womack of Christoval, visited with friends in Amarillo this week.

Blessed Events

Born—To Mr. and Mrs. H. E. Garvin of Edith, Oct. 18, a fine son.

Coke Boys Win At Sears Pig Show

Last Saturday at San Angelo in the Sears Foundation pig show, Coke county boys took top honors with their entries. This year's show had 60 swine entered, and the quality of animals were much better than in former shows.

Coke county winnings: Gilts: First, Don Jod Schooler, Robert Lee; second, Gerald Weddle, Blackwell; third, Stanley Austin, Robert Lee; fourth, Doyle Scott, Bronte; fifth, Warren Beaver, Bronte.

W. H. D. Clubs

Mrs. A. D. Fields gave a demonstration on home cleaning with naphtha in the home of Mrs. Fom Rives, Friday October 19. A shirt and trousers were cleaned.

Those present were Mesdames E. W. Smith, Ethel Menielle, A. D. Fields, J. M. Monroe, J. P. Rives and the hostess.

Silverblue Muskrat has Winter's Star Role

For years, Muskrat has been lauded for its warmth and performance. Now, suddenly it plays a new role . . . glamorous, dramatic, superlatively beautiful. Our designers have worked it into luxurious fashions that are definitely "good theatre" for any year.

Women Baseball Fans Go All Out With Cheers and Boos

Ladies' Day Brings Out Enthusiastic Crowd Who Know Fine Points of Game

Because it isn't in the nature of a woman to resist a bargain, Ladies' Day in the nation's ball parks is an event that rivals the World Series in attendance. We can imagine the deep sighs heaved by diamond impresarios who survey the packed stands and bleachers and murmur, "If only they were paying." For the clubs do not profit from Ladies' Day. When the distaff side comes out to honor the national pastime with its patronage, the ladies pay only the entertainment tax demanded on such occasions by Uncle Sam and the state, plus a small service charge.

As the grand march starts to parade through the turnstiles on Ladies' Day, toddlers of pre-school age mingle with the bobby socks generation and their grandmothers. There used to be a time when few of the patronesses on this occasion knew much about what was happening on the diamond. But nowadays, they are experts, and as unrestrained in voicing their opinions of the playing and players as the male fans. There are no more Mesdames DeFarge who calmly count their knits and purls while the diamond goes mad with frenzy and tension. They are as vociferous in urging a violent demise for the umpire as in exhorting the runner to make home plate — if he is running for their favorite team. And the "razzberries" are equally heartfelt and dining.

The accompanying candid photographs reveal the depths to which the national sport has embedded itself in the hearts of the fair fans at a recent game on Ladies' Day at Yankee stadium.

"Come o-o-on!!!" Nothing phlegmatic about these young fans. A possible home run pulls them out of their seats, and a successful slide to home plate practically starts a jive session right in the bleachers.

On Ladies' Day you'll find every generation represented, and the mothers are as enthusiastic as their daughters. They are also equally unrestrained in exercising the spectators' privilege of making their voices heard across Yankee stadium. Trying to, anyway.

Area in Danger of Drouth Can Be Forewarned by New Forecasting Method

Farmers may look forward to keeping "one jump" ahead of the weather, if U. S. department of agriculture studies can be given practical application. Knowing when drouth would come to a specified area, as well as other weather hazards, could have an important influence on U. S. farm production, it is pointed out, since the possibility of annual crop loss would be greatly lessened.

A Complex Method.
Government researchers have developed a statistical method of gauging the probable occurrence of drouth in any locality in the United States at any time of the year. Too complex for use except by scientists, the method produces information that may be used by agronomists and others for the farmer's benefit, in adapting soil and water conservation work, as well as other farm activities, to weather conditions. Charts might even be prepared for individual farmers to show the probability of weather hazards in their localities for virtually every day of the year.

Because the information obtained shows when sequences of dry or rainy days are most likely to occur, it can be valuable in checking day to day weather forecasts and in long range planning as well, it is pointed out. The knowledge can be used, for instance, in planning terrace construction programs for periods when rain is least likely to

cause erosion of unfinished embankments; or in extensive seedings of grass, for selecting a planting time when a killing drouth is least apt to occur during the period needed for germination of the seed. Agricultural workers probably will evolve many other practical uses for the material provided by the study.

Probability Tables Used.
Applying to drouth the theory of probability used by insurance authorities in deriving life expectancy

tables, climatologists and other scientists now have a technique that also can be employed to discover probable occurrences of other climatic hazards such as intensities of rainfall and extremes of temperature. Drouth was selected for trying out this method because drouth data already has been compiled and tabulated, from weather bureau records of 1898 to 1937, for stations representing every climatic area of the continental United States.

N. Africa Offers Chance for Development of Brisk Trade to U. S. Commercial Interests

Morocco, Algeria and Tunisia, where American G.I.s began their Victory march in 1942-43, are expected for several reasons to loom larger in American post-war foreign trade.

Before the present war French North African trade was part and parcel of French economy, and the mother country cornered the lion's share, says the National Geographic society. Recent studies of French industrial production in the light of war damage, however, indicate that the bulk of North African needs for the remainder of 1945, 1946 and probably 1947 will have to come from the United States.

In the next six months, North Africa, bled by two years of Axis exploitation, will require imports, exclusive of wheat shipments, estimated at more than \$100,000,000. The "Maghreb," as the Arabs call French North Africa, normally enjoys a substantial wheat surplus, but drouth has produced four successive crop failures. Arrangements are in progress whereby the U. S. farmer will provide North Africa with 2,500,000 tons of wheat during the next 12 months. The French plan to pay cash for the wheat out of their limited foreign exchange reserves, a sacrifice which emphasizes the importance they attach to keeping these restive lands well fed.

French North Africa has been called "a museum of minerals," a

fact of importance to the United States because this region contains many subsoil deposits lacking or near exhaustion in this country. The Maghreb yields one-third of the world's supply of phosphate. There are also important deposits of copper, lead, zinc, manganese, antimony, mercury, iron, molybdenum and coal. Vast areas of North Africa, especially Morocco, have not yet been carefully prospected, and expectations are that new deposits of some or all of these metals will add to the "museum's" store.

French North Africa covers an area of over a million square miles —roughly twice the area of Alaska —with a population now estimated at 20,000,000 people, mostly Arabs, native Berbers, and Jews, with a small minority of Europeans. Geographically the region is akin to the Mediterranean lands of southern Europe. The three countries are much alike in physical features, and the north-south boundaries are man-made lines unmarked by natural barriers. All are bounded on the south by the wastes of the Sahara and on the north by the Mediterranean sea.

Geography has marked North Africa into three east-west zones. Along the coast, where American marines fought the Barbary pirates 140 years ago, stretches the Tell, a belt of fertile slopes, and occasional alluvial plains, where citrus fruit, grapes, olives and cereals grow in

Associated Newspapers—WNU Features

By NANCY PEPPER
FUNNY BUSINESS

Do you know how many of your own tricks for teens are actually converted into big business? Too bad you can't claim royalties on them. Every time you introduce a new fad, there's a smart manufacturer waiting to turn it into a fashion. Stand up and take a bow for these brain storms that were whacky enough to be put to work.

Jabberwocky Fashions—You've been writing Jabberwocky and autographs all over your station-wagon coats for years now, haven't you? Well, you inspired the very successful "Alive with Jive" coat with a lining printed in a design of Jabberwocky and names. Then, you've been embroidering Jabberwocky across your velvet headbands, haven't you? Along comes the Jabberwocky Bandleader—a hair band with assorted slang language embroidered across the top. Aren't they the copy cats?

S.W.A.K.—You teen-agers started the fad for imprinting lipstick lipographs on your envelope flaps. Now you can buy boxes of lip-shaped, red paper stickers with gummed backs, all ready to stick on the back of your important letters.

Stop and Go—We reported that you were fastening bicycle reflectors to the backs of your belts and, before you could say "Tom Drake," there was a ready-made leather belt with red and green reflectors across the back. You'll find it at your favorite Gadgeteria.

DAFFYNITIONS

Palate Plush—A super-goey concoction at the Soda Fountain.

Dope Fiend—A gossip.

Drug Addict—A guy who hangs around the Marble Slab.

Hi, Ping—How's Pong?—That's how you greet a half of any "steady" team.

Hi, Candle, Who Blew You Out?—A new way of saying "Hello."

Don't Be Hasty, Pudding—Don't get angry.

PARTY PATTERN

Here are some teen tricks to make your next get-together a neat and reet meet.

Mother-and-Daughter Teas—It's a new fad throughout the country. One girl invites her best friends AND their mothers to an afternoon tea. If you're serving Iced Tea, be sure to read the easy-to-follow instructions in the cook book.

Clang, Clang, Clang—We can't guarantee that you'll meet Tom Drake on the way, but Trolley parties are going full speed these days. At the End of the Line, there's a picnic.

Fire Alarm—A Fire party is Hot Stuff. You send out your invitations on brown paper with burned edges, telling guests to come to the party exactly as they were dressed when they received the invitation. Anything can happen from Pajamas to bath towels. All the guests are instructed to bring their most precious possessions, which are auctioned off for war stamps later in the evening. You get some Prize Packages with this gag.

abundance. Behind the Tell, ranges of the Atlas mountains, reaching 14,000 feet in some places, roughly parallel the Mediterranean coast. In the southern reaches of the mountains is a high and somewhat arid tableland, where nomad natives tend large flocks of sheep and goats. Farther south are limitless stretches of desert and wasteland with isolated oases, where dates are the principal product.

Dry in Summer.

The climate of the northernmost belt is not unlike that of southern California. There is fairly abundant rainfall along the coast and on the seaward slopes of the mountains, but little rain in the summer. No rivers of economic importance flow through French North Africa.

Normally, prewar trade between France's North African lands and the United States was comparatively small. From 1937 to 1939 exports to the Maghreb averaged under \$8,000,000 a year, while imports averaged under \$6,000,000. American exporters sent chiefly tobacco and cigarettes, lubricating oil and grease, refrigerators and parts, and farm machinery. Americans bought in exchange sausage casings, skins and furs, leather goods from Morocco, olive oil (both edible and for soap), gums and aromatic oils and cork. Manganese imports from North Africa began shortly after the historic Anglo-American invasion of the region toward the end of 1942.

SNAPPY FACTS

about
RUBBER

Largest inflatable rubber units ever made (200 ft long and 25 ft high) were the pneumatic breakwaters used to control the waves on the beaches during the Normandy invasion.

The various raw materials used in the manufacture of tires came from 35 different states.

35.7 pounds of synthetic rubber are used up in driving a car 20,000 miles at 35 m. p. h. 61 pounds are used while driving the same number of miles at 50 m. p. h.

Sponge rubber, a century-old discovery, may become a hundred-million-dollar industry.

MRS. ALLEN'S HUSBAND GIVES HER A SURPRISE

WEST MONROE, LA.—Mrs. Carl C. Allen of West Monroe, Louisiana, has an interesting story to tell about how she discovered Faultless Starch. Here is what she wrote:

"Last week my husband brought home a box of Faultless Starch. I decided to use it, thinking that all starches were about the same. You can imagine my surprise when I began ironing. My iron fairly flew and I was finished in no time. My clothes were so bright, with no rough starch blotches to mar their sleekness. I felt I just had to tell you how wonderful your starch is. My husband was just as proud as I when he saw his shirts. I wish all women could just try your product."

Now there is a thoughtful husband. That box of Faultless Starch really meant more to Mrs. Allen than a box of candy—and here is why:

SAVE 468 MINUTES A YEAR

Let's say it takes ten minutes to make hot starch when you have to cook it and stir it over a hot stove. But you can make hot Faultless Starch in a minute. That means you save nine minutes each time you make it. If you wash only once a week, in one year you would save 468 minutes, or seven hours and forty minutes. Would you rather have a box of candy or a box of starch that saved you better than seven hours a year?

SAVE 26 HOURS A YEAR

And that isn't all! Many people tell us that Faultless Starch makes it possible to save half their ironing time. Let's be conservative and say that Faultless Starch might save you half an hour each ironing day. In a year you would save twenty-six hours of hard ironing time! Which is best—a box of candy or a box of Faultless Starch?

Why go on starching and ironing the hard way when you can do it the easy way with Faultless Starch. Or, better still, ask your grocer for a box today. You deserve Faultless Starch, too.—Adv.

When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

Upset Stomach

Relieved in 5 minutes or double money back. When excess stomach acid causes painful, acidulating gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known for symptomatic relief—medicines like those in Bell's Tablets. No inactive, irritating, or harsh ingredients. A jiffy or double your money back on return of bottle to us. See at all drug stores.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION

for Coughs, Chest Colds, Bronchitis

Here's a SENSIBLE way to relieve MONTHLY FEMALE PAIN

Lydia E. Pinkham's Vegetable Compound is famous not only to relieve periodic pain but also accompanying nervous, tired, highstrung feelings—when due to functional monthly disturbances. Taken regularly—it helps build up resistance against such symptoms. Pinkham's Compound helps nature! Follow label directions. Try it!

Sugar Restrictions Prevent Solution Of Dessert Problems

Mounds of creamy ice cream ride on top of peach halves set on squares of tasty, hot milk sponge cake. A dessert sauce made of the peach juice is a delightful foil for the fruit, ice cream and cake.

Now that food rationing has loosened up in most of the eatable goods, and we are once again able to get back on a prewar standard, cooking problems need not be pressing. However, in spite of this lifting of restrictions, we still have at least one major problem—that of sugar. Little relief is in sight right now, and the situation will probably prevail for some months. What shall we do about dessert?

Well, first of all there are fruits which can be dished up in any number of perfectly delightful ways. There's whipped cream and ice cream, and, of course, sugar substitutes.

Peach Sponge à la Mode. (Serves 8)

Sponge cake
1 No. 2½ can peach halves
1 quart vanilla ice cream
Dessert sauce

The cake used uses 4 eggs and is made with scalded milk to give it a fluffy texture:

Sponge Cake.
2 cups sifted cake flour
¼ teaspoon salt
2 teaspoons baking powder
4 eggs
1 cup sugar
1 cup milk, scalded
1 teaspoon vanilla
3 tablespoons butter, melted

Sift flour and measure. Sift three times with salt and baking powder. Beat eggs with rotary beater until thick and lemon colored. Add sugar gradually and beat until fluffy. Fold in flour mixture, then milk, flavoring and melted butter. Fold until well blended. Pour into square cake pan lined with waxed paper. Bake in a moderate (350-degree) oven for 30 minutes. Cool in pans.

Dessert Sauce.

Liquid from peaches
2 teaspoons granulated sugar
Remaining peach halves, chopped
¼ cup salted almonds, slivered
1 tablespoon brown sugar
Cook the peach liquid down to ¾ cup. Stir in the granulated sugar

Lynn Chambers' Menu

- Braised Liver with Vegetables
- Creamed Potatoes
- Celery Sticks
- Molded Plum-Pear Salad
- Corn Sticks
- Honey
- *Open-Faced Apple Pie
- *Recipe given.

and chill. Serve over the peach halves à la mode and top with nuts mixed with brown sugar.

To serve, arrange a peach half on a square serving of cake. Top with a mound of ice cream and serve with the dessert sauce.

If it's apples you want, then you will like this pie which is easy on fat because it does not have to have a top crust. It uses an egg for richness and flavor:

Open-Faced Apple Pie. (Serves 6 to 7)

- 3 cups sliced apples (about ¼ pound)
- 1 egg, well beaten
- ¾ cup sugar
- 1 tablespoon flour
- ½ teaspoon cinnamon
- ½ teaspoon grated lemon rind
- ¼ teaspoon salt
- 2 tablespoons melted butter
- Plain pastry for 1 crust (about 1 cup flour)

Line pie pan with pastry, building up the edge. Fill with sliced apples. Add remaining ingredients to beaten egg; beat well. Pour batter over apples. Bake in a hot (425-degree) oven for 25 to 30 minutes.

Apples which are best to use in this type of pie are Rome Beauty or McIntosh.

Black walnuts can lend a distinctive flavor to pie when fruit supplies dip to a low during the cooler weather as in this recipe:

- Black Walnut Pie.**
- 2 cups milk
- 1 cup sugar
- 6 tablespoons flour
- 2 egg yolks
- ¼ teaspoon salt
- 1 teaspoon vanilla
- 2 teaspoons butter
- 1 cup black walnuts
- Baked pastry shell
- Whipped cream

Make a custard of the milk, sugar, flour and egg yolks, cooking until thick in a double boiler. Add salt, vanilla and butter. Cool. Add nuts and pour into a baked pastry shell. Let set and cool. Serve with whipped cream topping.

This novel apple pie saves shortening by using just one crust. For delicious flavor and good, old-fashioned heartiness, add an egg to the apple mixture.

The old-fashioned puddings are always popular because of their molasses sweetness and fragrant spices. Suet is usually used for the base, but one of the fats may be substituted if it is unavailable. Buttermilk is used to give that fluffy texture which is so appealing.

Quaker Pudding. (Serves 10)

- 2½ cups sifted flour
- 1½ teaspoons soda
- ½ teaspoon salt
- ½ teaspoon nutmeg
- ½ teaspoon cinnamon
- 1½ cups buttermilk
- 1 cup ground suet
- 1 cup molasses
- 1 cup raisins or other chopped dried fruit, or candied fruit
- ¾ cup rolled oats

Sift flour with soda and salt. Add all other ingredients in order given and mix thoroughly. Pour into two one-quart greased molds. Cover and steam for 3 hours. Serve with Foamy or Orange sauce.

You invite disaster when you carry another person on your bike.

Hanging Trousers
Best way to hang trousers is upside down using a hanger with clips.

The READER'S DIGEST OFFERS dignified work—extra income to people with a little spare time

America's most widely read magazine—The Reader's Digest—can use a few more Community Representatives in this locality. The work is pleasant and will take little time. It offers an easy way to make money. Our Community Representatives—young and old—are from every walk of life; busy, intelligent people who welcome this dignified means of adding to their income. They do not need to be the salesman type. Although our readership is growing rapidly, still 4 out of 5 families are not yet subscribers to The Reader's Digest. By introducing the magazine to friends and acquaintances, you'll earn their hearty thanks...as well as liberal profits. By approaching strangers, you can also acquire new and valuable personal contacts. Further, we have decided—for a limited time—to accept subscriptions from men in the service...or who have been in the armed forces and are now discharged and back home...at half price. In addition, many people whose subscriptions are about to expire will be entering their renewals at this season. By calling these people and forwarding their orders to Pleasantville, you receive generous profits. For complete details of this Community Representative plan, mail the coupon below or a penny postcard to ALLAN SCOTT, The READER'S DIGEST, Pleasantville, N. Y.

Please send me details of your **EXTRA-INCOME PLAN**

Attention, Coke County Taxpayers!!

Tax Collector Frank Percifull wishes to advise taxpayers of Coke County that a discount of 3% will be given on all state, county, and school taxes paid during October; 2% discount on taxes paid in November, and 1% discount on taxes paid in December, this year.

The above discounts do not apply to independent school district taxes.

Pay your taxes early and get the discount. Advise your friends and neighbors to do likewise.

Car Buried in Mine Intact After 35 Years

CARTERVILLE, ILL.—Thirty-five years ago, an unknown miner near here, loaded a car with coal and walked away from it—just in time to escape a slide which buried the car.

The loaded car was found recently when the old mine was reopened. Both the car and the coal were in good condition.

Legend of Family 'Curse' Revived

British Lord's Death Sequel To Other Tragedies.

LONDON.—The legend of a titled family's "curse" dating back to the Twelfth century Crusades—the curse of the Lambton worm—was revived by the shotgun death of the 20-year-old Lord Lambton.

The body of the young nobleman, the son and heir of the fifth earl of Durham, was found slumped over a fountain on the front lawn of his country estate near Woolder, Northumberland.

A coroner gave a verdict that Lambton died of a "self-inflicted" wound while of "unsound mind."

One shell had been fired from a double-barreled shotgun that was found near the body.

The origin, circumstances and history of the ancient "curse" are vague, and accounts fail to show how frequently the family suffered tragedy from the Twelfth century to modern times, but several members have met untimely deaths in recent years.

The legend says that one of the earliest Lambtons slew a worm so huge that it could wind itself around a hill near the family castle. The price of his victory was a pledge that he should kill the next living creature he met. He saw his father next—and did not kill him. For this the Lords Lambton for nine generations were "doomed" to suffer.

Gervase Lambton, the 25-year-old cousin of the present earl, disappeared from a Red Sea liner in 1937.

Another cousin was killed and his wife seriously injured in a traffic collision in England a year later.

Beatrice, wife of the fourth earl, fell while shopping for a granddaughter's wedding present in 1937 and died a week later—on the wedding day. Eight years earlier her husband had died, four months after succeeding to the title.

Do It Now

The Fort Worth Star-Telegram advises us that no new subscriptions will be accepted. Renewals will be accepted for old subscribers, provided the authorized agent sends in the subscriber's label from a copy of the paper. The Observer will be glad to send in your renewals. We also will be glad to send in your subscriptions to the San Angelo Standard-Times or the Abilene Reporter-News. Both of these papers will accept new subscriptions until further notice. Our advice is this: If you want to subscribe or renew, bring us your subscription AT ONCE. Paper shortages still exist.

Discount On Taxes

Coke county taxpayers will make money by paying their taxes promptly. Tax Collector Frank Percifull will, during the month of October allow a 3% discount on state, county and school taxes. This does not include independent school district taxes. A discount of 2% will be yours if paid in November, while a 1% discount will prevail in December. This is quite a saving, the first of its kind here and many will avail themselves of the opportunity.

Be good to yourself—move to Coke county.

50 YEARS AGO IN COKE COUNTY

Early Day Items From Files Of The Coke County Rustler, April 18, 1896

Populists of Sterling county nominated a full county ticket on the 14th.

The following from the Ballinger Leader indicates that the big irrigation scheme is a sure thing: "All those owning lands that will be covered by the dam site and those over whose lands the proposed canal will run are requested to call on Judge J. W. Powell and execute papers, giving right of way and use of said lands. The sooner this is done the sooner we will get the water."

Last Saturday night this section of the county was visited by a rain accompanied by more than an ordinary wind. At Bronte, B. T. Hudman's residence was turned over and torn to pieces. Mr. Hudman was not at home, but Mrs. Hudman and several children and John Sparkman were in the house, none being seriously hurt. The roof of Ed Rollins smoke house was blown away. The Union school house near Bronte was unroofed. Several houses were blown down at Hylton. Nineteen houses were blown down at Abilene. Considerable damage is reported at Colorado City. The sheds in Ed Good's wagon yard were blown down, and the mill and gin house, now being built, was blown off its foundation.

W. L. Clawson is thinking of running for justice of the peace.

T. E. Williams, W. A. Robbins and S. S. Craddock served as jury commissioners last week.

A. J. Pettitt of Bronte was occupying a new buggy in town last Monday.

Rufe Whiteside came in from his Boosier ranch yesterday.

Sheep shearing is on in full blast hereabouts.

Judge Brightman goes fish-hunting regular now, as he has a new boat.

Mr. and Mrs. H. H. Hayley got lost on their way to John Parker's last Saturday night and were compelled to camp out in the wind and rain.

I. C. Brown, the great big, big-hearted, whole-souled prince of fiddlers of Silver was a pleasant visitor at our office Saturday.

Frank and Ralph Harris have dissolved partnership in the cattle business, Frank having bought Ralph out, both land and cattle.

District court here last week was a complete farce. With the fullest criminal docket the county ever had there was not a single case tried. The proceedings consisted of cases continued and dismissals. There is either something awfully wrong with the criminal code or with its application—it doesn't take a lawyer to tell that.

Pleas Childress returned last week from Waco where he had completed a business college course.

The Colorado river took a rise of several feet the first of the week.

To the People of this Community

Some day in the next few weeks a volunteer salesman will ask you to buy more bonds. You may be tempted to answer: "The war's over, haven't you heard? Would you care to give that reply to any one of the 300,000 young Americans now fighting for health in military hospitals from coast to coast? Would you care to walk a patrol in Tokyo or Berlin with a GI and tell him "the war's over?"

Of course, the bloody fighting is over. Your job in helping to clean up the money cost is the easiest patriotic chore any country ever asked of its citizens; loan of more dollars to be repaid at good interest in 10 years. Compare that job with the chore you have handed to your own son or neighbor's son to spend countless days in strange lands to nail down the victory.

Think you can afford to say no to the Victory Loan salesman? Have a talk with your conscience this very moment. Be ready for your Victory Loan salesman in spirit as well as in pocketbook.

LOCKE STOVE CO., 114 West 11th St., KANSAS CITY 6, MO. (W-81)

Heating Safety
One of the most notable innovations in safe heating is the wet base boiler in which water circulates under the ash pit. The fact that the boiler can be placed on a combustible floor is of interest in connection with the trend toward the basement-less house. In such houses it is often desirable to install the boiler on a wooden floor in a utility room or kitchen. Other safety features of modern boilers are foot-treadle door openers, ball-shaped, air-cooled handles and side shakers, making it easier to open and close doors.

Lucky Stones
Emeralds were once believed to be beneficial to the eyes and amethysts were thought to prevent drunkenness, according to Encyclopaedia Britannica. The belief in lucky stones still exists.

Bath Banishes Blues
According to etymologists, the English word "bath" comes indirectly from a Greek word meaning "to drive sadness from the mind." Which goes to prove again that the classic Greeks were a modern people and that they knew the full value of bodily cleansing. Bathe frequently and thoroughly, and thus "drive sadness from the mind."

Plan Baths
If the man of the house has been accustomed to taking his daily shower in the morning, reserve this time for him. The children might bathe in the evening, allotting the time according to their ages and when they go to bed. The younger children might be bathed before dinner, older children later. Plan your own bath for whichever hour will give you the most relaxation.

Eggs Nutritious
Eggs help keep the body healthy. They make strong muscles and red blood. A child needs four to five eggs a week. An older person needs three to five eggs a week. Eggs may be eaten plain, or mixed in other foods.

Whip Soap Flakes
Whip your soap flakes in a little hot water with an egg beater and you will need fewer flakes and get better results.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for October 28

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

TEMPERANCE BEGINS AT HOME

LESSON TEXT—II Timothy 1:1-6; 3:14-15; Titus 2:14, 11, 12.
GOLDEN TEXT—As for me and my house, we will serve the Lord.—Joshua 24:15.

The influence of the home on the character of a child is the strongest factor in the development of high and holy standards in the life of the man and woman. "Train up a child in the way he should go; and when he is old, he will not depart from it" (Prov. 22:6).

Emphasis is placed on temperance in our lesson, and it is clear that in the home real temperance principles may be built into the thinking of boys and girls. It is not easy for a young person who has been brought up right on this matter to go astray, no matter how severe the temptation.

I. Our Family Is God's Gift (II Tim. 1:1-5).

Paul, the apostle of Christ, addressed his son in the faith, Timothy, with affection and appreciation. He knew the good which was in this fine young man and saw the possibilities for service for God.

He knew that as the background of that faith, there was a godly line of ancestors, those with an "unfeigned faith." This young man, so precious to Paul and so successful in the ministry, owed a deep and abiding debt of gratitude to these godly women who had directed his steps aright, who had instructed and encouraged him in the right way.

II. Our Faith in God's Guidance (II Tim. 1:6; 3:14, 15).

The gift of God for preaching which Timothy had was recognized by the church, and he was sent forth to proclaim the gospel. But alas! the burdens of life and the pressure of service cause a man to forget or neglect his calling so there comes often the need of stirring up the gift of the Lord.

God gave it. He will bless us as we use it to its fullest possible extent. He wants us too, to stir it up—this blessed, divine gift and calling.

The admonition (v. 14) is to "continue" in that which was learned, to remain true to the Word of God. We show our faith in His guiding hand, as we resist by His grace, the ever-present temptation to get away from the only true foundation of a life of usefulness and joy.

III. Our Fellowship in God's Gospel (Titus 2:1-4).

Old and young are to be united in a great communion of believers proclaiming the gospel of God's grace by a living testimony, by a life devoted to the things of God.

Men and women are to be "temperate," not given to excess, and particularly in mind here is the use of intoxicants. To be temperate in such a day and land as ours can mean only one thing, and that is to abstain altogether. Christians ought to keep entirely away from intoxicants, and that includes beer and wine.

There is a positive side to the admonition, for soundness of life and faith shows itself in holy living, love, patience, the teaching of God's Word, and in fine fellowship among the people of God. We need to stress that side of the teaching of this passage.

IV. Our Faithfulness by God's Grace (vv. 11, 12).

God's grace has brought salvation to man through Jesus Christ and His atoning death on the cross. That grace calls for and calls forth from the believer a renouncing of that which is ungodly and lustful (and you can put intoxicants right in there!) and a determination to live right in faithful devotion to God.

That brings about right relationships to self, to others, and to God. The Christian is sober and self-controlled as to anything which could "intoxicate" him, whether it be liquor, or lust, or pride, or any other such thing. He also shows that grace of God before men in a life of righteousness. Then he finds his true place in a reverent devotion to God which makes him a worshiper "in spirit and in truth: for the Father seeketh such to worship him" (John 4:23).

Faithfulness to our Lord will count more than our words in the great battle against intemperance. Let us stand true to Him.

Garden Superstition
As late as 1740, people in New England thought potatoes would shorten men's lives and make them unhealthy.

Canned Carp
A Minnesota manufacturer is about to can carp and market it, grated, tuna-style, under the name of "Lakefish."

CHEST COLD? WITH PETER PAIN SPIKING YOU?

..RUB IN Ben-Gay QUICK

Date-Bran Muffins, good as cake!
(Take no sugar, no shortening!)

These delicious, new ALL-BRAN muffins made with chopped dates will have a big appeal for the "sweet toothers" in your family! They're so moist. And they're so tender—so good. That's because KELLOGG'S ALL-BRAN is milled extra-fine for golden softness.

2 cups Kellogg's ALL-BRAN 1½ cup molasses 1½ cups milk 1 egg
1 cup sifted flour 1 teaspoon soda ½ teaspoon salt ½ cup chopped dates

Add KELLOGG'S ALL-BRAN to molasses and milk and allow to soak for 15 minutes. Beat egg and add to first mixture. Add sifted dry ingredients and fruit. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400° F.) about 20 minutes. Makes 15 light, luscious muffins.

Good Nutrition, too!

ALL-BRAN is made from the VITAL OUTER LAYERS of finest wheat—contains a concentration of the protective food elements found in the whole grain. One-half cup provides over ½ your daily minimum need for iron. Serve Kellogg's ALL-BRAN daily!

BARBEE'S

Folks You Know

Mr. and Mrs. Silas Angel and sons of Colorado City visited with Mr. and Mrs. W. M. Summers last Sunday.

Pays to advertise. Mr. and Mrs. Phillip Page were here from Odessa Sunday. They read Earl Roberts' adv. in the rabbit twister's journal each week, and before going home they drove by Earl's emporium and loaded up with edibles. It pays to advertise.

After a several weeks sojourn in Albuquerque, N. M., D. R. Campbell returned last week, greatly improved in health.

Mrs. Lamont Scott was in Dallas the first of the week, purchasing fall and winter stocks of goods.

Mr. and Mrs. F. C. Clark and daughter, Carleen, visited relatives at Eernon last week.

Guests in the home of Mrs. N. C. Brown for a sumptuous chicken dinner last Sunday were Mr. and Mrs. John H. Brown, Than Brown and daughter, and Chanda Brown of San Angelo.

J. F. Robertson is visiting relatives in the Lampasas country.

Mrs. A. E. Latham was shopping in San Angelo Tuesday.
