Post Office Moving To New Location

Robert Lee's post office will be moved. New location is the new J. C. Snead building on the east side of the street between Ivey Electric and S. R. Young's office.

Trustees of the Masonic lodge, owner of the corner building which has housed the post office for many years, gave notice a short time ago that the rent would be raised from \$15 to \$50 per month.

Last week J. D. Whitt, post office inspector, made a visit to Robert Lee to investigate the matter. He conferred with the Masons but was unable to come to terms, and negotiations with Mr. Snead followed.

Rental on the Snead building will be \$35 per month. The structure is just nearing completion. It is 12-1/2 feet wide and 50 feet long. It will be ready for occupancy at once and Postmaster Melrose Russell said yesterday the office would probably be moved Saturday afternoon.

The post office has occupied its present location since 1934 when Myrtle Hurley was postmaster. It previously was located in the building occupied by the Key Feed store.

Henry Childress Buys Cafe

The Club Cafe changed hands last week with Henry Childress buying the business from his son-in-law and daughter, Mr. and Mrs. Burl Childress. The cafe has had a fine patronage, but Burl owns some heavy machinery that demands his full attention. Henry and his wife are experienced restaurant folks and they will continue to give good service.

Robert Lee Plays At Veribest Next Sunday

Robert Lee journeys to Veribest next Sunday for a contest with one of the Concho Basin league's strongest clubs. Veribest occupies third place in the standing with six wins and only two losses while Robert Lee is one peg lower in fourth position with five victories and three defeats.

The home club was weakened last week by the loss of Gene Bond, oil field employee who had a finger cut off while working on one of the drilling rigs. Gene played a couple of games and looked mighty good. He is a crack shortstop and can fill in behind the bat, too. He liked base ball and one of the first things he said after getting hurt was that he couldn't play ball any more. Gene is a younger brother of Buck Bond, a driller for Roberts-Hawkins.

Last Sunday's scores: Veribest 8; Eldorado 3. Bronte 7; Robert Lee 2. Miles 14; Ellis Parts 8. Sonora 8; Lowake 3. Eola 13; Maverick 2.

Next Sunday's games: Bronte in Eola. Robert Lee in Veribest. Ozona in Maverick. Eldorado in Miles. Ellis Parts in Sonora.

Recent guests of Mrs. W. M. Johnson were Mr. and Mrs. F. E. Pennabaker and son of West Point, Miss., and Mrs. J. L. Watkins of Holly Springs, Miss. The ladies are nieces of Mrs. Johnson, who accompanied them on a pleasure trip to Carlsbad Caverns.

Coming Back From Guam

Ray Eugene Rives, P. 3rd class, of the Naval Air Transport Station on Guam, son of Mr. and Mrs. Pat Rives of Robert Lee, is to fly back from Guam as soon as a plane is available after July 4. He has been stationed on Guam the past 18 months and is very anxious to return home. He thinks he will be here around July 20 for his furlough.

Bunyan Millican Weds Arkansas Young Lady

The marriage of Miss Evie Jo Johnson of Waldron, Ark., and Mr. David Bunyan Millican, of Silver, Texas, took place at 3 p. m. June 11 at First Baptist church in Fort Smith, Ark., with the Rev. B. V. Ferguson officiating. The bride wore a light blue crepe dress with white accessories.

The couple spent the night in Ft. Smith and then returned to the home of the bride's parents at Elm Park where they were greeted by a host of relatives and friends.

The bride is the daughter of Mr. and Mrs. P. E. Johnson and one of Waldron's popular young ladies. She spent all of her school days at Waldron, except for a short time at Niles, Calif. She is a sister of Mrs. Francis Millican of Silver and has visited here in the past.

The bridegroom is the son of Mr. and Mrs. D. M. Millican of Silver. He is a graduate of the Robert Lee high school and for the last two years has been the school bus driver.

They left Elm Park on June 13, stopping at Texarkana, Dallas and Fort Worth, and arrived in Robert Lee June 17 where they will make their home for the present. For the past week they have been visiting in the parental D. M. Millican home.

Jaycee Meeting

Members of the Junior Chamber of Commerce will have a fried chicken supper at the court house lawn Monday eve, to be followed by the group's annual business meeting and election of officers. State Rep. W. H. Rampy will address the group. Several important matters will be up for discussion and a report made on the fire truck which will be delivered in the near future. A full turnout of members is requested.

New Ford Trucks

Ivey Motor Company this week delivered two new Ford trucks. D. P. Key purchased a 1-1/2 ton truck with 134 inch wheel base, and a 158 inch wheel base 1-1/2 ton model went to J. D. Ivey.

Mrs. W. J. Cumbie is visiting her sister, Mrs. Kate Vaughn, at Lubbock.

Ivey Electric Home Appliance company last week installed an 8,000 cubic feet air conditioner for the Roach dry goods store.

Stanolind Sends In Exploration Crew

Stanolind Oil and Gas company this week is sending an exploration crew into Coke county to launch extensive investigation of oil possibilities on their leases.

It is understood Stanolind has leased a considerable amount of land in the vicinity of Edith as well as the divide county including the ranches of Fred McCabe, Mark Chumley, Earl Smith, Hugh Smith, A. B. Sheppard and others.

The exploration crew includes nine men and their families and they will reside in Robert Lee. The Observer is grateful to those who assisted in arranging housing facilities. Two of the men and their wives arrived Thursday morning from Oklahoma, while others of the party are coming from a location in Louisiana.

Bridal Shower

Mrs. Irvan Escue was honored recently at a bridal shower in the home of Mrs. Carl Brock, with 30 guests present. Mary Pearl Bearden and Ione Davis were co-hostesses. Mrs. Jack Cowley was in charge of the register and Miss Bearden presided at the sherbert bowl. Mrs. Escue, who was Retta Braswell before her recent marriage, received many beautiful gifts.

Car Wreck at Bridge

Elmer Eckert of Fluvanna, a nephew of Mrs. Mattie Tinkler, ran into a railing at the Colorado River bridge here Wednesday afternoon. He escaped with slight cuts but his car, a 1936 Ford, was badly damaged. Eckert was approaching the bridge from the south and said he was forced over to the side by another motorist.

Takes Position Here

O. M. McChristial is the new manager of the meat market at the M System store in Robert Lee, having assumed his duties the first of the week. He has had long experience in the grocery and meat business. Mr. McChristial has a wife and two children and will move his family here as soon living quarters are available.

Masons Install In Ceremony at Bronte

New officers of the Masonic lodges of Robert Lee and Bronte were installed in a joint ceremony at Bronte on Tuesday night, following a barbecue supper at the Legion park.

Following is a roster of officers of Hayrick Lodge No. 696 of Robert Lee:

R. S. Crum, W. M.
Fred D. Blake, S. W.
John Brown, J. W.
W. B. Clift, Treasurer.
W. B. Yarbrough, Secretary.
O. B. Jacobs, S. D.
R. L. Read, J. D.
E. D. Jordan, Tyler.
Melvin Childress, S. S.
Fred McDonald, Jr., J. S.

Fred McDonald, Jr. has a new Ford station wagon which he recently purchased at Fort Worth. Other new cars purchased here during the past month include an Oldsmobile Eight by S. E. Adams, and a Packard Clipper by Marvin Simpson.

Otis Smith and family of Bronte and Dale Stephenson of Robert Lee returned Tuesday night from a three weeks' motor trip to California and the Pacific northwest.

Court House Bond Vote

Official canvass of ballots cast at the recent special election on the proposal of issuing \$275,000 bonds to build a new court house, showed that the proposition was defeated 569 to 136. Four boxes not reported last week resulted as follows: Olga 16 to 2, Walnut 14 to 1, Silver 11 to 1 and Divide 11 to 0. Robert Lee voted in favor of the bonds 95 to 51, but the issue was strongly opposed elsewhere in the county. Not a single vote for the bonds was cast at the Divide and Lometa.

Union Pays \$12.50 For Meek Lease

Although Union Oil company of California failed to bring in a producing well in their recent test on the Jim McCutchen place, 3 miles east of Robert Lee, it is very likely they contemplate putting down additional tests.

That Union is still interested in their 20,000 acre block to the east and north of Robert Lee was evidenced the past week when they paid a bonus of \$12.50 per acre for a lease on Millard Meek's 160 acres just east of town. The paved highway cuts the quarter section in half.

The rotary equipment used to drill the McCutchen test is still stored on the location.

Tax Boards Ponder Property Valuations

The county commissioners court sitting as a board of equalization Monday heard a number of property owners whose renditions had been raised. No serious objections were registered and in each case the increase set by the board was allowed to stand.

The commissioners will be in session again Friday to hear other property owners.

Some raises have been made, but it is doubtful if the total will be sufficient to meet current expenses, according to Commissioner Ben Brooks.

Early this week a city board of equalization had not been in session and personnel of the body was still in doubt. Mayor Clift said very little change in assessments was contemplated, except the vacant lots which are going to be raised a plenty. Since owners of vacant business and residential properties have set such high valuations on their holdings, authorities feel justified in assessing them accordingly.

More Good Rains

Some sections of the county received good rains early in the week, as much as 2 inches falling in the Valley View community. Other localities had rain last week and two inches were reported at Bronte. Rains delayed the grain harvest but no serious damage resulted. Late oats and wheat are now being combined and fair yields are reported. Oats are running from 20 to 30 bushels per acre, while wheat is expected to average from 12 to 18 bushels.

Here's Latest Coke County Oil News

Sun No. 2 Allen Jameson is failing to show production in the Ellenburger following acidizing with 5,000 gallons. Swabbing operations continued until Thursday and very little showing of oil was recovered. Crews were standing by at noon Thursday waiting for further orders.

A good showing of oil was recovered on a drillstem test ten days ago from 7,085 to 7,110 feet. Casing was cemented at 7,085 feet and testing was from the open hole below. In case sulphur water has not been encountered the test may be drilled deeper. If the Ellenburger fails, there is a possibility that additional tests will be made up in the Pennsylvania at a depth around 6,300 feet where oil showings were recovered.

Ray-Harris rotary rig was released Monday from Willie I. Tubb No. 1 and moved one location north. The new location is Tubb A-1. Walter Tucker in charge of the rig spudded in at 9 p. m. Wednesday.

Tubb No. 1 showed a 24-hour test of 184 barrels last week. It was due to complete its potential 24-hour test Thursday afternoon. The hole will probably be acidized.

Fred Jameson No. 3 was drilling ahead Thursday morning at 5,757 feet in lime and shale. Slight oil showings were recovered around 5,700 feet but no tests were run.

Taken to State Hospital

Earnest Taylor, 41, was taken to the state hospital at Wichita Falls Saturday by Sheriff Paul Good and Judge Bob L. Davis, following a jury trial the previous day when the man was declared insane. He had suffered from a mental derangement for some years, and his condition became much worse after his brother, George, was killed in a tractor accident two weeks ago. The men were bachelors and resided near Tennyson.

Crowd Expected For Roping Contests Here

Arrangements have been completed for the roping contest at the livestock association grounds in Robert Lee Saturday afternoon.

It is the first roping event to be staged this year and is expected to draw a large crowd of spectators and a big field of top notch cowboys from all over this section of the state.

Much interest centers around the roping match between Wayne McCabe and James Counts of Coke county vs. Bob McGuire and Clay Man Smith of Mitchell county. Each contestant will rope two calves, and a good sized purse has been hung up for the winners.

There will also be a number of jackpot roping events and some goat roping and barrel races for the ladies.

In charge of the affair are Raymond Schooler and Delmir Sheppard, who leased the grounds for the year from the county association.

Russ Lord and family returned Monday to their home at Eunice, N. Mex., after a week's visit with Coke county relatives and friends.

Ain't It So?

Some men blaze a way; others only blaze away.

Man may have more courage than woman, but he doesn't get half the chance to show his backbone.

The man who admits it when he is wrong is wise, and the man who gives in when he is right is married.

Over in Europe they're saying that it's a wise child that knows its own fatherland.

A gold-digger is the hardest known female. It takes a diamond to make an impression on her.

GIRLS! WOMEN! try this if you're NERVOUS

On 'CERTAIN DAYS' Of Month—Do female functional monthly disturbances make you feel nervous, irritable, so weak and tired out—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this! Taken regularly — Pinkham's Compound helps build up resistance against such distress. Also a great stomachic tonic!
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Bound and Gagged

ORDINARILY at this stage of the first session of a congress, a freshman congressman is a disillusioned representative of the people. He is bound with red tape and gagged by the traditional rules of the house and his zeal for "saving

the country" has been quenched by the seniority system, the magnitude of government operation and the "opinionated, hard-headed and unreasonable viewpoints" of the small band of seniors, 25 of them or less, who run the show in the lower house of congress.

Generally, however, this attitude of freshman congressmen does not hold true in this session.

In the first place, there are about 90 of them, an unusually large number. About 80 of them are World War II veterans and these young men, Democrat and Republican, are bound together by ties welded in the crucible of all-out war. So despite political differences, they are socially compatible, have the same general viewpoints on life, and their own problems, the problems of their families and of their constituents, largely follow the same pattern.

With the Republican national convention already set for Philadelphia, a good bet would be that the Democratic convention will be staged in San Francisco. Gossip is that Democratic chieftains will pick San Francisco to "cash in" on deflections because of reclamation and other appropriation cuts affecting Pacific coast and other western states.

Business Booms

The report on business conditions by Senator Taft's economic committee knocks the props from under his contention that tax reduction is necessary as a means of stimulating investment and increasing consumer purchasing power. The committee report said industry is booming, profits are high, plant expenditures higher. It gives little credence to depression talk; rather, it shows likelihood of increased productivity, sales and profits.

Some 15 million tenants in rental properties will be affected by the rent control bill. If approved as it passed the senate, the bill will result in a rent hike of 15 per cent, probably higher in some instances. In case of a veto, there will be a last minute scramble for passage of a new law or no rent control, since the present law expires June 30.

Farm cooperatives are being placed in the realm of Socialism. Perhaps the Communism brand will come later. Congressman Walter Ploeser, Missouri, chairman of the house small business subcommittee, says his group will probe special advantages conferred on cooperatives and "will open the eyes of the American people to socialistic trends in America." Hearings on cooperatives will begin in the fall.

Once He Cursed

CONGRESSMAN George Smathers of Miami, ex-marine lieutenant who says he made up his mind to run for congress while sitting on a lonely Pacific island curs-

ing the ineptness of congress, probably is typical of the new group of freshmen.

Said Smathers: "First impression is the magnitude which is so vast the young congressman takes some time to realize that instead of an apparent lack of purpose, there is a definite program going on;"

"The freshman congressman must keep his sense of humor, for God help you if you lose it," Smathers says.

Difficult Decisions by Gluyas Williams

A NEAT TRICK

Bride (interviewing new maid)—Are you efficient?
Maid—I am that. In the last place I worked, every morning I got up at four, made the fires, put on the kettle, prepared the breakfast, and made up all the beds before anyone was up in the house.

CAN'T DRINK 'PATIENCE'

"Give me some milk! Give me some milk!" the little girl yelled, banging her cup on the table.
"Why, Daughter, haven't you any patience?" one of her parents mildly chided her.
"Yes, I have," shouted the child "but I haven't any milk!"

Game of Thought

ONE of the illusions of life is that the present hour is not the critical, decisive hour. Every day is the best day in the year.

Life doesn't consist of the abundance of things you possess, but in grasping your many opportunities of being of service to others.

Unlike other things, words gain with every weighing.

The test of a person's strength is the knowledge of his weakness.

All fame is dangerous—good brings envy, bad shame.

Let's Have a Party With Games, Tricks

Parties that Click

WHO said the summer's no time for parties? Make yours a hot-weather hit with cool drinks, light refreshments and games.

Pencil and paper games are appropriate for summertime. So are magic tricks and fortune-telling stunts. Word games are popular, too, because they can be played while sitting down.

To give a really successful party, send for our booklet No. 60. Send 25 cents (coin) for "Games for Good Parties" to Weekly Newspaper Service, 241 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 60.

Bronte Wins Over Robert Lee 7 to 2

Robert Lee was defeated at Bronte 7 to 2 Sunday afternoon in a Concho league game. The winner took a lead at the start scoring twice in both the first and second innings, and managed to bring in three more tallies in the eighth. Robert Lee was held scoreless until the ninth when they pushed across two runs to prevent a shut-out.

Objection to the decisions of Umpire Jack Dismore in the second inning caused a big row, and during the argument Leroy Scott, manager and shortstop of the Bronte team, disgraced himself by striking the visiting manager. Deputy Sheriff Frank Kessee took a hand and restored order. Dismore was removed from officiating behind the plate and "Chief" Chapman called balls and strikes the remainder of the game.

Chilly Tinkler pitched for the Lees, with Clarence being stationed at short. Scratch hits over the infield accounted for most of the damage in the early part of the game. Tinkler allowed only one hit from the third to the eighth inning. In Bronte's last turn at bat two men were out when Bagwell bounced a hit to left field. J. Scott was hit by a pitched ball the second time and an infield error filed the bases. Proctor then laced a hit to deep left field and three runs scored.

Pete Hickman led off the ninth inning for Robert Lee by banging a hit over third. Green was safe on a fielders choice. Chief Chapman batted for Roy Tinkler and was out on a grounder from second to first, with Hickman scoring.

Chilly Tinkler drove a hit to center and Green came home with the second run.

Bon Spoons was the outstanding performer on the field. He played four innings at first, then took the mound to relieve Corley. He got three hits out of four trips to the plate, one of them a three bagger.

The two teams will play a return game in Robert Lee later in the summer.

Folks You Know

Mr. and Mrs. Floyd W. Smith are the proud parents of a fine 7 1-2 pound baby girl born Thursday morning, June 19. The baby has been named Mary Pearl. Mr. and Mrs. Marvin Smith are the paternal grandparents.

Methodist young folks society met at the church Friday evening. Games and singing were enjoyed and refreshments included punch and cookies. They will meet again next Friday night and are hoping for a larger attendance.

Mr. and Mrs. Chism Brown returned Friday from a two weeks' vacation, most of which was spent at Eagle Nest Lake in northern New Mexico. On their return home they went down to the Rio Grande valley and also visited over night with their brother-in-law and sister, Mr. and Mrs. Russell McBroom, at Quemado, N. Mex.

Rial Denman and son, Bill Rial, of Texas City came to Robert Lee last Saturday for an over night visit with relatives and friends. The former's mother-in-law, Mrs. W. H. Bell, accompanied them home for a visit. Rial, who is a former Coke county resident, has made an outstanding success in the insurance field. He has become a member of the Million Dollar Club for having written that amount of life insurance the past year. Only two other Texas men are members of the club, one of them being Byron Griffith, son of Dr. and Mrs. J. K. Griffith of Robert Lee.

Dr. and Mrs. J. K. Griffith left Wednesday for a week's visit in the home of their son, Byron S. Griffith, at Galveston. The latter is manager of a large life insurance agency there.

Barbara Harwell was brought home Friday from Shannon hospital where she underwent a goitre operation. Her condition was quite serious for some time but she is now recovering satisfactorily. Barbara is a daughter of Mr. and Mrs. J. C. Harwell and is a student of Robert Lee high school.

Mr. and Mrs. Ell Hatley and son, Bobbie, spent Sunday in the Delbert Vestal home at Ballinger. They report Mrs. Vestal to be recovering nicely from a recent operation.

Mrs. Ethel Green has been helping out with assessment work in the sheriff's office this month.

WEEKLY NEWS ANALYSIS

**Sugar Rationing Ends in Nation;
U.S. Denounces Hungary Grab;
Record 1947 Wheat Crop Is Seen**

Released by Western Newspaper Union
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

This bevy of school children are inhabitants of a Jewish detention camp on the island of Cyprus where they have been detained to await admittance to Palestine under British quota. It is their first experience in school, most of them having spent the first years of their lives in Nazi concentration camps.

IT'S OVER:

Sugar Is Back

For the first time since April 23, 1942, Americans, and especially housewives, could go shopping without ration coupons as the government called a halt to the rationing of sugar for households, restaurants and hotels.

Secretary of Agriculture Clinton Anderson announced the move, explaining that it was made possible by the appearance of larger supplies of sugar than previously had been thought available.

Price controls on sugar, as well as rationing of the product for industrial use will continue, however. All sugar controls are scheduled to expire October 31 unless congress dictates otherwise.

Three reasons which acted to bring about an end to sugar rationing were:

1. Allotment by the International Emergency food council to the United States of 350,000 tons of sugar from Cuba in addition to that which was allotted earlier in the year.
2. Presence of still more surplus sugar in Cuba, which will help cut down demands from other parts of the world.
3. About 200,000 tons of Javanese sugar now will be offered to world users.

Secretary Anderson said that he "did not dare" end rationing until he learned of the extra sugar in Cuba.

HARSH WORDS:

Note to Russia

The United States has accused Russia of using threats and coercion to instigate the recent Communist coup d'etat in Hungary.

A strongly worded note to the Soviet union charged the Soviet commander in Hungary with violating terms of the Yalta agreement which guaranteed that liberated nations would retain their sovereignty.

Implicit, but not specifically stated, in the note was a warning that the United States will call for a United Nations investigation of the circumstances under which Hungary's democratic regime was overthrown and Communist rule installed.

Main proposal embodied in the protest was that the United States, Great Britain and Russia make a joint investigation of the political situation in Hungary. Russia previously rejected two earlier American requests for such a probe.

The U. S. position is that Hungarian Premier Nagy was forced into exile and was compelled to resign in order to make way for the Communist seizure of power. Hungarian Communists were fully supported by the Soviets in this move, the American note claimed.

PUSHBUTTON:

Look, No Hands

"Pushbutton" automatic flight, a new field in aviation, was ushered in when a pilotless four-engine army transport plane landed at Wilmington, Ohio, after a 2,000-mile trip from Long Beach, Calif., during which no member of the crew touched the controls.

It was the longest flight of its kind to be completed wholly by means of the pushbutton automatic system, not to be confused with drone planes or remote control flight.

In the automatic flight set-up, all necessary flight data was fed electrically into a master control panel from within the plane itself.

WHEAT CROP:

Inconceivable

"Almost inconceivable" is the way grain men have described the prospective size of the 1947 wheat crop in the United States.

According to a government forecast as of June 1, a total wheat crop of 1,409,800,000 bushels is indicated this year, the largest on record. That compares with the 1,155,715,000 bushels harvested last year, which was an unprecedented high up to that time.

The forecast showed the winter wheat prospect to be 1,093,071,000 bushels and 316,822,000 bushels for spring wheat.

Unequaled winter wheat crops are in sight for all of the great plains area, as well as Texas, Oklahoma, Kansas, Nebraska and Colorado. Although the cold, wet spring delayed growth and development of the crop in all but the Pacific coast states, losses from wet weather have been slight so far.

At the same time, however, the unseasonable spring weather was responsible for a reduced acreage of oats, the government report said. A crop of only 1,247,333,000 bushels is seen this year as compared with the 1,509,867,000 bushels harvested last year.

LITTLE CHAT:

With Molotov

United States diplomats might not be able to get a word in edgewise with Vyacheslav M. Molotov, hard-boiled Soviet foreign minister, but one of the "common men," M. E. Schroeder of Oelwein, Iowa, did so simply by calling him long distance at the Kremlin in Moscow.

Feeling in a convivial mood; Schroeder, a fireman for the Chicago Great Western railroad, decided to make the call at 2 o'clock one morning after coming in from his run.

After explaining to a battery of minor officials in the Kremlin that he just wanted to be sociable, Schroeder finally got Molotov on the wire and suggested that they talk about railroads. He said Molotov sounded like he would hang up if he had advanced politics or world affairs as a conversational topic.

Said Schroeder: "I got in a good plug for Iowa's tall corn. He talked to me about three minutes and then turned me over to a secretary in his office. Two or three secretaries horned in then. . . . Everybody seemed very friendly and happy to talk."

UP AGAIN:

Meat Prices

Rapid, and in some cases unexplained, advances in the retail prices of meat have been reported from many sections of the country.

Some of the reasons offered for the price jumps were: Seasonal influences, higher feed costs, heavy foreign purchases. In a number of instances, however, packers admitted that they were puzzled over the sharp increase in retail prices.

Steak, which sold for 70 to 80 cents a pound six months ago, was being listed as high as \$1.25 in Scranton, Pa., and a dollar in New York. In Chicago, retail meat prices experienced a general increase of 10 cents or more on popular and scarce cuts in mid-June.

There was one bright prediction, however: When the autumn beef run begins, prices are expected to drop as much as 25 per cent.

WORLD CAPITAL TO RISE HERE . . . Striking aerial view shows the section of New York—midtown Manhattan—where the world capital, headquarters of the United Nations, is scheduled to rise on the site donated by John D. Rockefeller and New York City. The site, as outlined, runs from 42nd street to 49th street and from First Avenue to the East river. View is looking east.

SO IT'S NOT IMPOSSIBLE . . . There was a great flurry of brushes and pigment as 100 painters in Salt Lake City ganged up on a two-story, seven-room house and painted it—including trimming for windows, eaves and doors—in nine minutes and seven seconds. The stunt was part of the civic beautification program for Utah's centennial celebration and it resulted in a new record for a fast brush-off.

HANDS ACROSS THE SEA . . . Lord Inverchapel, British ambassador to the United States, and his young American farm friend, Roger Newburn, got together again at the latter's farm home near Eagle Grove, Iowa. It was the diplomat's second visit to the Newburn home since he met Roger while the lad was on a 4-H tour in Washington, D. C., a year ago. Lord Inverchapel spent three days with the Newburn family while on a speaking tour through Nebraska and Iowa. Here, the ambassador examines an ear of famous Iowa corn.

HEROINE . . . Maria Van Marcke, 25-year-old Belgian girl who was decorated for heroism by the U. S. army during invasion of Antwerp, arrives in New York as hostess on Belgian airlines plane. She was a member of the Belgian underground forces and received her army decoration for guiding an advance party of American troops into the Antwerp dock area under enemy fire.

Billy Meek Marries Tahoka Young Woman

The marriage of Millard W. (Bill) Meek of Robert Lee and Miss Bonnie Flint of Tahoka occurred Saturday, June 21, at the First Baptist Seminary in Fort Worth. They became acquainted a number of years ago when both were employed at Consolidated airplane factory in Fort Worth.

The bride is a daughter of Mr. and Mrs. W. M. Flint of Tahoka. The bridegroom is the youngest son of Mr. and Mrs. Millard Meek of Robert Lee. He saw more than three years army service, and after his discharge resumed his work at Consolidated.

The couple visited his parents here Sunday and continued to Odessa where Bill has taken a position as bulldozer operator for Sinclair Oil company.

SANCO NEWS

By Mrs. Sam Fowler

Thelma June McKinley was honored on her eighth birthday with a picnic and swimming party. Mrs. McKinley took the group in her car, including Joy Adkins, Sammie Jo and Patricia Fowler, Glyniece McCutchen and Mrs. Fowler. Everyone enjoyed a picnic spread and a big watermelon.

Bro. Ulmer Bird preached at Sanco Sunday afternoon. Everyone is invited to hear him again next Sunday at 4 p. m. at the Sanco Bible church.

Sammie Jo and Patricia Fowler and Glyniece McCutchen visited Sunday afternoon with Joy Adkins.

Mrs. Reed R. Jones is visiting with home folks this week. She is the daughter of Mr. and Mrs. W. H. Wyatt. She and Mrs. Ena Vowell are doing some fishing together.

Men are repairing and cleaning the tabernacle at Sanco this week, getting ready for the big revival meeting.

Mrs. Raymond McCutchen and Mrs. Jim McCutchen visited this week with relatives at Odessa. The former's sister, Alene Olsen, accompanied them home for a few days visit.

Ivey Electric has added a complete line of latest phonograph records.

SLEEP

You don't appreciate how wonderful sleep is until you have had one or two wakeful nights. When occasionally nervous tension keeps you awake half the night, or when you are nervous, keyed up, jittery.

MILES NERVINE

Student Transfer Deadline July 31

July 31 is the deadline date for transfer of public school students from one district to another without having to pay tuition fees, according to the new equalization law.

Parents or guardians of the students involved must personally arrange for transfers with the county superintendent's office to guarantee that the \$55 per capita state money will be available for their charges. The new law does away with split contracts and the trustees can no longer contract for scholastics for rural districts.

Transfer of students may be completed now or any time up to August 1 but they must be completed by then. County Supt. Bob L. Davis says that wherever it is possible, transfers should be arranged at once.

Mr. and Mrs. J. B. Rieger of Harper, Tex., spent Wednesday night with her brother, Ell Hatley. They were enroute home from a week's visit at Lubbock.

Freeman Clark has a new 1947 Ford two-door sedan which he purchased last week from Craddock Motor Co.

WANT ADS

For Sale—Dobbins bucket spray pumps; also shower bath stalls. Leeper Supply Co.

For Sale—1940 Plymouth 4-door sedan with radio and heater, \$900. Would consider trade-in. Ogdon McGinley, Gen. Delivery, Robert Lee, Texas. 1p

For Sale—Garden supplies of all kinds. Leeper Supply Co.

For Sale—All of Lots 5, 6, 7, 8 and 9 in Block No. 4, by owner. Write P. O. Box 121, Pecos, Texas

A limited quantity of 30 inch screen wire now on hand. Also copper base, chromium finish tea kettles, aluminum dish pans and enamel wash pans. Leeper Supply.

Male Help Wanted—Reliable man with car wanted to call on farmers in Coke county. Wonderful opportunity. \$15 to \$20 in a day. No experience or capital required. Permanent. Write today. McNess Company, Dept. A, Freeport, Ill. w2p

Just received—Pabco Linoleum, rugs or yard goods. Leeper Supply Co.

Lost—Spare tire mounted on rim, off 1938 Dodge, between Edith and Bronte last Sunday. J. T. Thetford, Edith.

For Sale—Every house needs Westinghouse. 25, 40 and 60 watt light bulbs, 11 cents each, plus tax. Leeper Supply Co.

If driving, or if you want a ride any place, call AAA Travel Bureau in San Angelo, 123 South Oakes. Phone 3213. 52w4p

For Sale—Radion Electric Irons, adjustable for rayon, silk, wool, cotton and linen. Guaranteed for 1 year, only \$9.95. Leeper Supply Co.

For Sale—Two choice lots on highway. Write 609 N. Tom Green Ave., Odessa, Texas. 2w3p

Just arrived—A few plumbing fixtures, also butane water heaters, cane bottom chairs and folding lawn chairs. Leeper Supply Co.

For Sale—Late model Hotpoint electric range. Fred McDonald, Jr.

For Sale—For the first time in more than a year we have Pyrex Percolators. They're only \$2.95. Leeper Supply Co.

For Sale—"We Sell Used Cars." 1936 Chev. coach; 1932 Plymouth convertible; 1937 Buick Special; 1932 Chev. sedan. Glenn Simpson.

Westinghouse electric irons, light weight; also Westinghouse radios, electric and battery sets. Leeper Supply Co.

No. 592
The State of Texas
County of Coke
In the County Court of Coke
County, Texas

NOTICE of Application to Make Oil, Gas and Mineral Lease

To all persons interested in Richard Reed, a minor, Wilma Reed, a minor, and Kenneth Reed, a minor, or their estates:

You are notified that I have on the 28th day of May, A. D. 1947, filed with the county clerk of Coke county, Texas, an application under oath for authority to make to R. W. Ford, as Lessee, an oil, gas and mineral lease on the undivided one-sixth interest of each of said minors, aggregating a total undivided one-half interest, in and to the following described real estate, lying and being situated in Coke county, Texas, to-wit:

The East one-half of Section No. 6, Block 1, Cert. No. 583, HE&WT Ry. Co. Survey, patented to A. J. Petross, by Patent No. 512, recorded in Vol. 47, Page 468, Deed Records of Coke county, Texas, being the same land described as "First Tract" in deed from L. H. Reed and wife, Lou H. Reed, to Willis L. Reed, dated August 13, 1934, and recorded in Vol. 54, Page 550, of the Deed Records of Coke county, Texas, and containing 388 acres of land;

That Bob L. Davis, Judge of the county court of Coke county, Texas, on the 25th day of June, A. D. 1947, duly entered his order, designating the 14th day of July, A. D. 1947, at 9:30 o'clock, A. M., in the county courtroom of such county, as the time and place when and where such application would be heard and that such application will be heard at such time and place.

KIRK REED

Guardian of the Estates of Richard Reed, Wilma Reed and Kenneth Reed, Minors.

BRONTE NEWS

By D. M. WEST

Mrs. Charlotte Vest, 97, who died at Blackwell Thursday, was the grandmother of Grady Vest of Bronte.

Rev. J. W. Edwards of San Angelo was in Bronte Friday afternoon. Rev. Edwards had been to Blackwell to attend the funeral of Grandmother Vest who died in that town Thursday.

A carnival that had been in Bronte all last week left town Monday morning, after all the loose coin of the children, and a large per cent of the coin of the adults had been spent.

A wreck late Friday afternoon between Bronte and Tennyson on highway 70 seriously injured the occupants of the car. Clift ambulance rushed a man and woman to Sweetwater where the injured were hospitalized. Their injuries were not as severe as thought at first.

Whitley & Frazie, owners of the new laundry on East Main street, have had them a large sign painted on their place of business, which can be seen down in the business part of town. They have named their laundry, the Helpy-Selfy.

Mrs. Callie Thomas of Abilene was a guest of Mr. and Mrs. I. E. Lloyd the latter part of last week. Mrs. Thomas is the sister of Mr. Lloyd.

An estimated 200 persons of the Hickman family gathered in a family reunion at Legion park Sunday. Among the names of families given us are Will Hickman and family, San Antonio; Mrs. T. M. Modging, San Angelo, and her children and families at San Angelo and Bronte; Mrs. Sallie Long and Mr. and Mrs. Stanley Rogers and family, Eunice, New Mexico; Mr. and Mrs. Alex Rogers, Hobbs, N. Mexico; Earl Turner, Artesia, New Mexico; Mr. and Mrs. Ed Hickman, Sr., Edith, Texas; Mr. and Mrs. Ed Hickman, Jr., from the Valley and the several families of Bronte belong to the Hickman family. A sumptuous lunch picnic style was served at noon. Members of the family spent the day in happy social intercourse, and in late afternoon the families went to their homes to think over again the happiness of the day.

Through courtesy of W. David Riser, its editor, the writer received first copies of The Resort, a new weekly newspaper published at Christoval. First issues of the paper reveal that the editor knows the country publishing business from A to Z, both in its new and editorial features, and that he is a past master of the printer's art. Mr. Riser was with the writer in newspaper work in former years, hence we wish him much success.

In Robert Lee recently it was "oldtimer meeting oldtimer" when the writer met the Hon. Frank C. Dickey, who has established a law office in the county seat. Coke county may not get as many oil producers as it wants, but one thing sure it is on the front seat when it comes to having a capable painstaking lawyer. Welcome, Frank, back to the old haunts. Go out about Edith and maybe you can find some of your boyhood footprints still showing in them tar hills.

Last Friday was a day that Rev. J. D. McWhorter will live over again and again in memory and in his dreams for a long time to come. It was Rev. McWhorter's 75th birthday and his children, Mrs. Katherine Parris of San Angelo, and Mrs. Jeff Dean and Mr. Dean of Bronte, with whom Rev. and Mrs. McWhorter now make their home, decided to honor him with birthday celebration. Mrs. Parris came and brought a large delicious cake which bore 75 candles. Among those present whose names we were able to get were the parents of Mr. Dean from Robert Lee and Monie Miles, San Angelo. Rev. McWhorter finished 47 years in the ministry of his church before he retired and now he sits in the eveningtide of life, happy in the deep satisfaction that he wrought well throughout the years of his strength. He has spent most of his years in West Texas, and is therefore widely known, and his friends are legion.

Robert Lee 4-H Girls

Miss Mary Pearl Bearden and Mrs. Victor McCabe met with the Robert Lee 4-H club at the Methodist church Thursday, June 19, at 2:30 p. m.

Members discussed camp plans for the July encampment and played games. Miss Bearden demonstrated manicuring to the girls.

Those present were: Miss Bearden, Mrs. McCabe, Nelda Sheppard, Melba Rives, Thelma Jo Bryan, Lawana Harmon, Billy Hester and Betty Sue Mitchell.

The next meeting will be July 7th at the Methodist church at 2:30—Lurlyne Pettit, Reporter.

Wildcat-Edith Club

The Wildcat and Edith WHD club met with Mrs. Tom Schooler Friday afternoon, June 20. A book review on "The Egg and I" was given by Mrs. W. B. Clift. Those present to enjoy the program were Mesdames L. E. Smith, Hugh Smith, S. G. Danaford, Sam Powell, Fred McCabe, Raymond Schooler, Delmir Sheppard, Crowley Harmon, Floyd Harmon, L. D. Schooler and the Misses Lawana Harmon and Eula Faye Smith and the hostess.

County Judge Bob L. Davis and W. E. Burns were guests last week at the big fishing party at Buchanan Lake sponsored by the W. T. McClure Machinery company.

Folks You Know

Mr. and Mrs. Dave King and daughters, Gwendolyn, Zona Mae and Joyce, spent the weekend with Mrs. King's sister and brother, Mrs. Phillip Page and Jesse Ray Robertson, at Odessa. While there they attended the wedding of Douglas Anderson and Bessie Stafford, both Odessa.

J. L. Roe is now working as a presser at the Y-Mack cleaners. He was employed by the firm at Winters last year after returning from army service. Mrs. P. E. Mahon is also employed at the cleaning plant.

Mr. and Mrs. Fern Havins and children returned the first of the week from a few days visit with Mrs. K. V. Odom, and family at Kirbyville. The ladies are sisters.

Mr. and Mrs. R. B. Cook and daughter, Mildred, went to Big Spring Friday to visit their daughter, Mrs. Leroy Brooks. They returned home Sunday.

Chrystelle Mathers is enjoying a week's vacation from her work at The Observer office, and left Sunday for a visit with her sister, Mrs. J. L. Kuhn, and family at Cisco.

Bill Humphries of Liberty Hill, Tex., is visiting his uncle and aunt, Mr. and Mrs. Bailey Russell.

ROBERT LEE, TEXAS

It's an Ill Wind

When the delinquent tenant saw the sheriff coming with the eviction papers, he locked himself inside the house and refused to answer the officer's summons. The sheriff slipped the papers under the door, whereupon the tenant picked up a bellows from the fire-place and blew the paper out from under the door.

The sheriff again slipped the papers under the door, and again the tenant blew them out.

Pocketing the document, the officer turned to his deputy and said, "Come on, let's take this back to the landlord. I wouldn't pay rent either if I had to live in such a drafty old house."

Summer Fruits and Berries Tell Us That It's Jam Time

LYNN CHAMBERS' MENU

- Breaded Pork Chops
- Applesauce
- Candied Sweet Potatoes
- Vegetable Salad
- Butterscotch Pudding
- Beverage

To make jams or jellies, select ripe berries and pick them over carefully so you will have no sour or bitter taste in the jam. Wash the berries thoroughly before working with them.

Although it's the fruit or vegetable that keeps us going on the job from day to day with its vitamins and minerals, it's the luscious fruit jams, butters or conserves that lift meals from the humdrum to the elegant. So, homemakers, plan to add delight to next winter's meals.

If you need a further excuse to make them, you may consider them from an economy standpoint, for jam on the bread or roll will not take nearly as much of the expensive spreads. Fruits and berries, this season, are among the best, and are really very reasonable in price compared to what they have been previously.

When you make jam, jelly, butter or conserve, make a small batch. This takes less time and allows for less failure. Cooking in small quantity also saves the color of the fruit, and appearance is as important in jam as its eating quality.

If you want some good spreads for next winter make fruit and berry buttes, as these do not take as much sugar as some of the others.

Blueberry-Apple Butter.

- 2 quarts blueberries
- 2 quarts apple pulp
- 2 quarts sugar
- 1 tablespoon ground spices

Wash and slice tart apples. Add water to cover and cook until soft. Press through a sieve and measure. Boil apple pulp, blueberries, sugar and spices until thick. Pour hot into sterile jars and process 10 minutes in a hot water bath.

Cantaloupe-Peach Conserve.

- 4 cups diced cantaloupe
- 4 cups diced peaches
- 6 cups sugar
- 4 tablespoons lemon juice
- 1/2 teaspoon nutmeg
- 1/2 cup blanched almonds
- 1/4 teaspoon salt

Cook cantaloupe and peaches together for 20 minutes. Add sugar and lemon juice; boil rapidly until thick. Add nutmeg, nuts and salt. Pour, boiling hot, into sterilized jars and seal at once with paraffin.

Elderberry Jam.

Wash, stem and measure, then slightly crush the berries. Add 2 tablespoons vinegar and 3 cups sugar to each quart of berries. Boil until thick and pour into hot sterile jars. Seal at once.

Concord Grape and Plum Jam.

- (Makes 10 6-ounce glasses)
- 4 cups prepared fruit
- 7 cups sugar
- 1/2 bottle fruit pectin

To prepare fruit, slip skins from 1 1/2 pounds fully ripe grapes. Bring pulp to a boil and simmer, covered, for 5 minutes. Remove seeds by putting through a sieve. Chop or grind skins and add to pulp. Pit, but do not peel, about 1 1/2 pounds of fully ripe damson plums. Cut into small pieces and crush thoroughly. Add 1/4 cup water, bring to a boil, cover, and simmer 15 minutes. Combine fruits.

Measure sugar and prepared fruit into a large saucepan, filling up last

cups with water, if necessary. Mix well. Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute.

Remove from fire and stir in fruit pectin. Stir and skim by turns for 5 minutes, to cool slightly and prevent floating fruit. Pour quickly and top with paraffin at once.

Blackberry Jam.

- 4 1/2 cups prepared fruit
- 6 1/2 cups sugar
- 1 box powdered fruit pectin

To prepare the fruit: Crush completely, one layer at a time, about 2 quarts of fully ripe blackberries. If desired, sieve half of pulp to remove some of the seeds. Measure berries into large saucepan.

To make the jam: Measure sugar and set aside. Place saucepan with fruit over hot fire. Add powdered fruit pectin and stir until mixture comes to a hard boil. At once stir in sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim, ladle quickly into glasses. Paraffin at once.

True marmalades are really soft fruit jellies, and are wonderful to use for spreads when lunch box problems come up during fall and winter. Have a few choice jars on hand to take care of the situation.

Cherry-Raspberry Conserve.

- 3 cups pitted cherries
- 1 cup chopped pineapple
- 1 cup raspberry pulp
- 4 cups sugar

Run cherries and pineapple through food chopper. Add raspberries which have been thoroughly crushed, and sugar. Heat slowly until sugar dissolves, then boil rapidly until thick. Pour into hot, sterilized jars and seal at once.

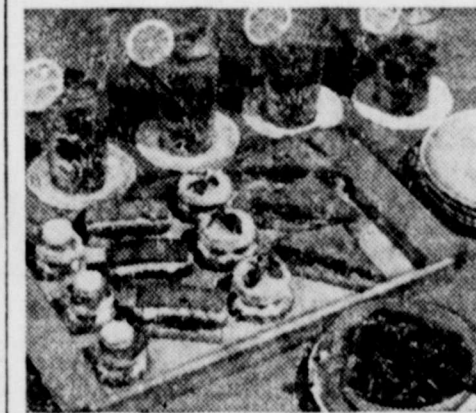

When you make jam or jelly, it's a good idea to check and prepare the jars in advance. Get some help with the fruit or berries, if it's at all possible.

Have all ingredients measured out before you start cooking, as you will have to be right on the spot to watch out for scorching. With these tips in mind, the preparation will take on a simplicity you never dreamed possible.

Cherry Marmalade.

- 2 oranges
- 1 quart pitted cherries
- 4 tablespoons lemon juice
- 3 1/2 cups sugar

Run oranges through food chopper. Cover with water and boil until soft. Cool. Add cherries, lemon juice

You can put jams and jellies to use this summer by making light sandwich refreshments from them to serve with cooling fruit juices. Fruit juices also may be canned for later use as jelly.

and sugar. Boil to jellifying point. Pour into jars and top with paraffin at once.

Raspberry-Currant Marmalade.

- 2 quarts raspberries
- 1 quart currants
- 9 cups sugar

Measure berries and currants after stemming and cleaning. Crush currants. Cook slowly until juice flows freely. Add raspberries and heat slowly to boiling. Add sugar and stir until dissolved. Boil rapidly to jellifying point. Pour quickly into hot, sterile jars and seal with paraffin at once.

Note: The currants are cooked longer than the raspberries because they are more firm and do not lose color as quickly as the more delicate fruit.

Released by Western Newspaper Union.

ASK ME? ANOTHER? A quiz with answers offering information on various subjects

1. What fighter earned the most in a single match?
2. For what other country does U. S. A. stand besides the United States of America?
3. Who sold drugs before there were drugstores?
4. Do bees like saccharine?
5. How many people in India go barefoot?
6. How long did the government of the United States continue under the Articles of Confederation?
7. Does the earth reflect light as the moon does?

The Answers

1. Gene Tunney, who received \$990,000 as his share of the receipts from his second match with Dempsey.
2. The Union of South Africa.
3. The grocers.
4. No, it is tasteless to bees.
5. About 290,000,000 or over 80 per cent of the population.
6. From 1781 to 1789. The new Constitution went into effect in 1789.
7. Yes, but its reflected light is 7 times stronger than moonshine.

Kidneys Must Work Well—
For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.
If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Remember back when

(From files of The Rustler, June 26, 1897)

A fine baby girl was born to Mr. and Mrs. R. L. Hayley last Sunday. And now Bob drives the water wagon and whips his old mule up and down the back with a broad smile stretching out across his face.

Harve Chapman was in town Thursday night after a coffin for his wife who died that evening of a throat and lung infection.

It is reported that a gang of mixicans, who camped near town a few nights since, went to W. L. Clawson's chicken house while Mrs. Clawson was at home alone, and deliberately carried off a number of chickens, and she standing

and looking at them, afraid to try and stop them.

G. W. Payne and daughter, Lavenia, of Sanco passed through town Tuesday evening on their way to Angelo.

J. G. McCulloch moved from the C. L. Hughes residence to the W. L. Lowe place in the west part of town.

E. Menielle and G. C. Arnett, stockmen from up the river, were in town Monday.

W. C. Barron and E. C. Good left Monday for Llano county to purchase steer yearlings.

Dr. G. W. Martin sold to Johnnie Gardner 28 yearling steers this week at \$10.

Mr. Z. Boozer, one of the most prosperous ranchmen in the county, was in town Saturday. He says the blackleg has let up on his cattle after several had died.

Will Gunnels has moved the Elmo Trimble residence to his farm 4 miles south of town.

New Chevrolet Truck On Display Saturday

Featuring the cab that "breathes," the new Advance-Design line of Chevrolet commercial cars and trucks goes on display Saturday at the Casey Chevrolet company in Robert Lee.

"Chevrolet is the largest producer of trucks in the world," Casey Bros. declared, "and its new line is undoubtedly the finest in the history of the company. We cordially invite truck owners, fleet operators and others interested in trucks to view the exhibit in our showrooms."

Produced in a wide variety of models to accommodate practically every hauling job, the Advance-Design line of vehicles is manufactured in nine wheelbases with gross vehicle weights (combined weight of the chassis, body and load) ranging from 4,000 to 16,000 pounds.

"Each model in the diversified line has been precision engineered for a specific load rating, with all component parts designed for the work load and to provide the utmost in safe, comfortable, low-cost transportation."

Re-styled, the Advance-Design series are unusually attractive in appearance and provide more room, more comfortable seats and other improvements for the comfort and convenience of the "man behind the wheel."

Chief of these is the cab that "breathes," in which a new ventilating system circulates fresh air in the cab and keeps windshield and windows free of fog.

Completely welded, instead of bolted, the new cab is much stronger, and its doors have an inner and outer seal. Increased driver comfort is also accomplished through the new three-point type of cab mounting—two body tension and shear mountings in the front, and one shackle mounting in the rear center.

The Linzy McDorman and Lee Roberts families spent Sunday at the parental Ed McDorman home in Brownwood. Mr. Roberts and daughter, Billie, attended church services there and enjoyed a sermon by Rev. Harry Hames.

NEW FOUR-POINT DRIVER COMFORT: 1. The cab that "breathes." 2. Driver's compartment is wider and deeper—more leg room. 3. Wider, deeper, more comfortable seats are fully adjustable. 4. Larger windshield and windows give 22% better visibility.

FLEXI-MOUNTED CAB—rubber-cushioned against road shocks, torsion and vibration. Stronger, sturdier FRAMES.

LONGER WHEELBASES.

INCREASED LOAD SPACE in pick-ups and panels.

VALVE-IN-HEAD TRUCK ENGINES—world's most economical for their size.

HYDRAULIC TRUCK BRAKES—with exclusive design for greater brake-lining contact—assure quick, safe stops.

ANCIENT VILLAGES PRESERVED . . . Fascinating villages, built by Indians centuries ago in inaccessible caves perched high in canyon walls, are preserved in Mesa Verde National park. The cliff cities, of which Cliff Palace (above) is typical, are noted for their size and excellence of building techniques.

NOT ONLY SCENERY

Rain Forests, Cliff Cities Show Diversity of Parks

WNU Features.

"National Parks" has become a synonymous phrase for superlative scenery, but there are also many other diverse interests represented in the national park system of the United States. In Olympic National park in Washington, for example, are unusual "rain forests," where, as a result of a mild climate and abundant winter rains, a tropical appearing jungle has been created far north in the temperate zone. Here also is the home of the rare Roosevelt elk, for the protection of which a part of the park was established as a national monument as early as 1908.

On the other hand, far to the south of the Olympics in the southwestern corner of Colorado, Mesa Verde National park preserves the ruins of a once flourishing civilization which was brought to an end by a lack of rainfall. The national parks also include two areas famous for their health-giving springs—Hot Springs National park in Arkansas and Platt National park in Oklahoma.

The Olympic mountains are known to thousands of veterans of World War II who returned to Puget sound ports from the Pacific theaters. From far out at sea these glistening snowy peaks were the first welcoming sight of home. Mount Olympus, nearly 8,000 feet in height, and a score or more of other ice-capped mountains are included in the 1,325 square miles of

**National Parks
Eighth
In a Series**

Olympic National park. Occupying the heart of a great peninsula, this park is surrounded on three sides by water, the Pacific ocean on the west, the Straits of Juan de Fuca to the north and Puget sound on the east. Within a few hours of Seattle and Tacoma are virgin forests, alpine meadows, deep blue lakes and sparkling trout streams, which constitute one of the finest unspoiled wilderness areas in the United States.

The rain forests are found in the lower valleys on the western slopes where from September 1 to June 1 there is an average annual rainfall of 142 inches, nearly 12 feet. In these rain forests are Douglas firs, measuring up to 17 feet in diameter and 221 feet in height.

There are many miles of foot and horseback trails in Olympic National park and a motor highway encircles the peninsula. From this main highway other roads radiate for short distances into the park.

IN THE CORNER of Colorado where the Rocky mountains meet the arid highlands of the Southwest there rises a high flat-topped table-shaped mountain. Early Spanish explorers called it the Mesa Verde, for the table top, heavily forested with pinon and juniper, was always green. On this green mesa and in its caves and canyons peaceful farming Indians lived for 1,300 years, cultivating the soil and built their villages or pueblos. To preserve the ruins of these fascinating villages, Mesa Verde National park has been established. The area of the park is 80 square miles.

According to archeologists the Indians came to America from the Asiatic homeland by the northern route thousands of years ago and for many centuries lived as roving hunters. About the beginning of the Christian Era certain of early hunters arrived in the region of the Mesa Verde. They liked the security afforded by this high mountain with its peculiar cliffs, and settled down to farm. First inhabitants of the Mesa Verde were known as Basket Makers for, while they made excel-

lent baskets, they had no pottery, nor did they use the bow and arrow. They lived in open caves and hunted with the throwing stick. Later they learned the art of pottery making, acquired bows and arrows and built simple pit houses.

About the time that Charles Martel was defeating the Moors at Tours, or roughly in the Eighth century, a new people joined the Basket Makers on the Mesa Verde and together they made remarkable cultural progress. On the mesa top they built hundreds of villages, some with buildings of mud and others of stone. They improved their pottery and began the weaving of cotton cloth.

These people apparently were peace loving, and in the 11th century about the time that William the Conqueror was landing in Britain, they also were beset by enemies. Many of them, therefore, moved off the open mesa top and constructed their villages in inaccessible caves located high in canyon walls. These villages, many of them well preserved today, are astonishing both for their size and excellence of building techniques.

Toward the end of the 13th century, a 24-year-long drouth forced these people to abandon their cliff cities and move to more favorable lands.

HOT SPRINGS National park, located in a mountainous region of central Arkansas, contains in its thousand acres 47 mineral hot springs reputed to have therapeutic value. These springs were known to the Indians and early Spaniards, and were used by them. Within the national park are free campsites and there is a free government bathhouse for people who cannot afford to pay for private baths.

PLATT NATIONAL park, containing bromide and sulphur springs, is located at the town of Sulphur, Okla. Small in area, this park is known chiefly by those for whom the waters are prescribed. The park is provided with free campgrounds and picnic areas, and overnight accommodations may be found in Sulphur.

VIRGIN FOREST . . . Large spruce trees abound along Hoh river in Olympic National park, one of the finest unspoiled wilderness areas in the country.

SUNDAY SCHOOL LESSON

Our Heritage From Ancient Israel

LESSON TEXT FOR JUNE 29—Psalm 119:105; Isaiah 2:2-4; Micah 6:1-8
MEMORY SELECTION—He will teach us of his ways, and we will walk in his paths—Isaiah 2:3.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute, Chicago.

AT THE end of the road the Hebrew nation may have—yes, should have—stopped to look back and see what it had accomplished. Israel was now in exile, to return only in part, and with greatly limited greatness and glory.

What was God's purpose for Israel? It was threefold:

- (1) To be a repository for his truth in the earth.
- (2) To be a channel for the coming of the personal Redeemer to the earth.
- (3) To be a national witness to the one true God to the other nations of the earth.

The first two they fulfilled. They kept for us the Word of God as revealed in the Old Testament, and from their nation came most of the men through whom the Holy Spirit wrote the New Testament. It was through their nation that the Son of God came as Jesus of Nazareth, our Saviour and Lord.

But they failed to be the witness that God had meant them to be—and for this they came under his judgment.

Were they then a complete failure? Certainly not—our lesson makes that clear in three ways. Teachers will find the scriptures not too well selected, but they do serve as a background for these thoughts. The nation Israel showed us:

I. The Enlightening Word of God (Ps. 119:105).

LET us never forget that the precious Word of God, which is our light on the way through this dark world, came to us through Jewish hands.

The Old Testament, which we come to appreciate more and more as we grow in grace and knowledge of the Lord, was committed to Israel by inspiration of the Holy Spirit, and preserved by the Jewish nation even at the cost of their own lives. Nothing was more precious to them than the sacred Scripture. We owe them a great debt of gratitude, and ought to honor them for their service to God and man.

We may say then that the Bible, unsurpassed in all the world of literature, and beyond comparison as the guiding light for man's heart and life, was given to us through Israel. We could well say a hearty "Thank you" for that right now if we have never done it before!

II. The Exalted Worship of God (Isa. 2:2-4).

THE prophet looks into the future to that glorious and blessed day when the nations shall have learned to live in peace and righteousness, when war shall be no more, and the worship of God shall be the desire and the joy of men.

When will that day come? Will it be brought in by the efforts of the church, or by conferences of national leaders? Not for a moment would we minimize the value of every true effort to spread peace and righteousness through the earth. We honor those who faithfully try to bring concord in the affairs of men.

But the clear teaching of Scripture, which has been so abundantly proved by experience, is that we can expect the delightful condition of which Isaiah speaks only when the Prince of Peace himself has returned to reign, namely, our Lord and Saviour and coming King, Jesus Christ. We look for that day!

III. The Effective Work of God (Mic. 6:1-8).

WE HAVE here words of another Hebrew prophet. He speaks of God's plain dealings with his people, his judgment upon their sin, and the need of a careful and a worthy walk before him.

Back of all the admonition and appeal is the remembrance of how God had worked on behalf of Israel, delivering them from bondage, giving them effective leaders, going before them in battle, in fact, proving his goodness and love by his mighty works.

Israel's service for God and man is an example of what God can and will do for those who obey him and walk with him.

Released by Western Newspaper Union.

AROUND THE HOUSE

Hold a piece of cardboard against wallpaper to protect it from stains while waxing baseboard.

Add two tablespoons of lemon juice to one quart of boiling water to keep cauliflower white.

When putting elastic in children's panties, sew a hook on one end and an eye on the other. Makes for easy laundering.

To help restore fluffiness to blankets, add one tablespoon of glycerine to the rinse water for each pair of blankets.

When mending fine knit wear, place a piece of net under the spot to be mended, extending a little beyond it on all sides. Then sew back and forth over the net in rather loose stitches.

You may get quick obedience out of scolding or spanking your child, but the surest kind is obtained by taking time to understand why a child behaves as he does and letting him come to trust you.

to our type of soils and will grow anywhere oats will grow.

However, for best results about a hundred pounds of phosphate or fertilizer should be used with this crop. Rye and vetch should be planted in the fall just like oats or wheat. Any farmers who wish to get seed for fall planting should call by the county agents office and state about how much you intend to plant. He will help any farmer secure seed that wants his assistance.

Please do not wait until planting time to ask for help because those seeds are scarce and will have to be located long before planting time.

Club Girls Notice

All 4-H club girls who are planning to attend camp in July, please meet in the basement of the Methodist church July 7, at 2:30 o'clock. Do not come if you don't plan to finish your goals. Bring the article with you.—Lurlyne Pettit, club reporter.

Barbara Phillips and Dick Humphries arrived Monday from Liberty Hill for a visit with their uncle and aunt, Mr. and Mrs. Bailey Russell.

Charles Ratliff and Mary Lou Barbour of San Angelo were married here Monday by County Judge Bob L. Davis.

Folks You Know

Mrs. Fred Campbell and Mrs. Wayne McCabe and daughter, Charlotte, and the ladies parents, Mr. and Mrs. W. D. Jameson of Clairemont, are enjoying a vacation trip this week to various points in New Mexico.

Ogdon McGinley returned to Coke county recently after spending a year and a half in the Panhandle near Hereford, Tex.

Walter McDorman and son, Artis, of Ballinger were Robert Lee visitors Tuesday.

Elmer Owen of Odessa arrived last Friday for a week's visit in the home of his grandparents, Mr. and Mrs. T. E. Rives.

Mr. Mrs. E. B. Cowley and sons of Abilene were Sunday guests in the Bob L. Davis home. Mrs. Cowley and Mrs. Davis are sisters.

Rev. Harry Hames and family of Brownwood will receive The Observer the coming year as a gift from Mr. and Mrs. Lee Roberts. Rev. Hames was formerly pastor of the Robert Lee Baptist church.

Mrs. Emory Hughes and son, Phil, of East Point, Ga., visited among Robert Lee relatives last week. They left Monday for a visit with her sister-in-law, Mrs. C. H. Gibbens, at Lubbock and were accompanied by Beverly Willbanks, who had spent two weeks here. Mrs. Hughes plans to stop at Merkel to visit her parents before returning to her home in Georgia.

Milbourne Lee Daffern of Fort Worth is spending the week in Robert Lee with his grandparents, Mr. and Mrs. G. A. Harmon.

Jesse Varnadore, wife and daughters, Elizabeth Ann and Kay, returned Monday to their home at Texon after a few days visit with Robert Lee relatives and friends.

Mrs. C. H. Millican and her mother, Mrs. Betty Neagle, are enjoying a trip into Oklahoma this week. They accompanied their sister and daughter, Mrs. Myrtle Davis, of Carlsbad, N. Mex.

Marvin Simpson and family and Mr. and Mrs. Cortez Russell left Sunday on a motor trip to Oklahoma where they will visit relatives.

Edward Rives of Odessa came for a weekend visit in the home of his parents, Mr. and Mrs. Pat Rives.

Mrs. Winston Gardner and little son, Lin, are guests in the Mrs. J. S. Gardner home, having accompanied Mrs. Gardner and Woodrow when they returned last Thursday from a visit at Kilgore. Wilfred Gardner came from Midland for a weekend visit.

Notice

Bob L. Read, star route mail carrier, announces that hereafter he will be unable to carry express and other packages between Bronte and Robert Lee. In the future the Robert Lee Truck Line will make a daily run to Bronte and handle everything except mail. Mr. Read wishes to thank everyone for past patronage.

Death of James Roland

James Roland, 64, a brother-in-law of Fred McDonald, Sr. of Bronte, dropped dead last Friday of a heart attack in front of the post office in Fort Worth. He was assistant postmaster at Fort Worth and has been in the mail service 40 years. Mr. Roland had just completed a two month's vacation when he was stricken. He was well known in Coke county because of his numerous visits among local relatives. Attending the funeral at Fort Worth on Saturday were Mr. and Mrs. Fred McDonald, Sr., Mr. and Mrs. Fred McDonald, Jr. Mr. and Mrs. Pete McDonald and Mrs. Albert Rawlings.
