## Steers Defeated By Loraine 18-7

Robert Lee high school steers ran up against another strong opponent last Friday night when they lost to Loraine Bull Dogs 18-7 on the local field. The visitors had a rugged outfit, with fast ball carriers, and had their passing attack been more accurate they might have run up a larger score.

Loraine is one of the leading teams in the 8-A conference where their opponents include Colorado City, Snyder, Roby and Merkel, and they are just a shade too good for this year's Steers. However, last year Robert Lee licked the Bull Dogs up there 8 to 0.

Robert Lee took the kickoff. Fowler handed the ball to Devoll who reversed the field and started up the right side of the gridiron. It looked like a touchdown if he had followed his interference, but instead he cut back toward center and was downed on his 41 yard line. The Steers were unable to gain and Loraine could not be stopped in their 60 yard march for a touchdown. A short time later the Bull Dogs recovered a Steer fumble on the Robert Lee 20. On the fourth down a completed pass carried to the 4 yard line and a touchdown soon followed.

The Steers took the next kickoff and Fowler returned 30 yards to midfield. As the second quarter opened Baker tossed a long pass to Devoll who ran 25 yards for a Robert Lee touchdown. Fowler went around right end to convert and the score was Loraine 12, Robert Lee 7. The final score occurred near the end of the third period. Fowler had just intercepted a Loraine pass attempt on the visitors 32, but on the next play Glen Bowin, Bull Dog center, intercepted a Robert Lee pass and raced 60 yards for a touchdown. Loraine missed all its placid kicks for conversion.

Robert Lee threatened in the last two minutes after taking the ball on downs on their 26 yard line. Fowler took a pass from Smith good for a 1st down on the 46, and then Royce flipped another aerial to Devoll who rambled to the Loraine 30 as the game ended. Score: Loraine 18, Robert Lee 7.

Coach Hudson's starting lineup included Devoll and Thetford, ends; Vaughn Davis and Bill Blair, tackles; Dale Lofton and Preston Ross guards; L. C. Day, center, Baker, Fowler, Burns and Garner; backfield. Substitutes included Royce Smith and Frankie Percifull, backfield, both of whom played much of the game.

The Steers have an open date this week and next week will meet Miles on the local field. The following Friday night, Oct. 17, Bronte comes here for the first of two games but it won't count on the conference standing.

Mr. and Mrs. A. B. Sheppard and son Floyd, spent the week end at Alpine with their son-in-law and daughter, Mr. and Mrs. Tyrus Davis. Both Mr. and Mrs. Davis are students at Sul Ross. Tyrus, who plays a swell game at end for the Sul Ross team, got a knee injured in the game at San Angelo last week and will be out for the rest of the season.

Capt. Hugh Lewis leaves Monday for the army hospital at San Francisco where he will undergo further treatment on his leg which was injured two years ago in the Philippine campaign.

## Walker Family Reunion

Bill Walker and wife of Chicago are visiting his parents, Mr. and Mrs. Sam Walker, at Colorado City and with relatives in Coke county. Bill has a responsible position with an airplane factory and has not been home for several years. All of the Walker children gathered Sunday at Colorado City for a homecoming, except the son, Baylor Walker of Robert Lee, whose wife was ill at the Bronte hospital. Others present were Curtis and Roy and their families of near Silver, Mrs. Pete Palmer and Mrs. Lee Ferguson and their families of San Angelo, and Carroll Walker and family of Colorado City. The Baylor Walker's daughter, Mary Katherine, was present and Mr. and Mrs. O. B. Jacobs of Robert Lee also attended.

## G. W. Peay, 86, Pioneer Coke Ranchman, Dies

George Washington Peay, 86, Coke county ranchman for 57 years, died about 4 o'clock Monday morning on the porch of the home of his son, Tom Peay, at Edith.

Mr. Peay, who had been suffering recurrent heart attacks for some time, had arisen very early, as was his custom. He was fully dressed when found in a chair on the front porch.

Graveside funeral rites were held at 3 o'clock Tuesday afternoon in the Paint Creek-Edith Cemetery with Rev. J. Howard Estes, pastor of the Methodist Church and Rev. Fred Blake, Baptist minister, officiating.

Mrs. Peay, the former Miss Anna Rayner, died May 8, 1939. Survivors include the son, Tom, with whom he had spent the night, two other sons, W. B. of Midland and Felix Peay of Edith; one daughter, Mrs. Addie Augustine of Sterling City; eight grandchildren and three great-grandchildren.

Mr. Peay was born Oct. 3, 1861, at Chester, S. C., was married at Hazledell, Jan. 3 1884, and moved to Coke county in October, 1890. He was a member of the Woodmen of the World and Odd Fellows.

## Mrs. Hattie Day Will Open New Restaurant

Robert Lee's newest business concern is the cafe and dining room to be opened by Mrs. Hattie Day on Saturday of this week. She leased a building north of the Alamo theatre and new equipment and fixtures have been installed throughout.

Mrs. Day has conducted a rooming and boarding house for the past 16 years, and because of increased business she finds it necessary to have more room to take care of her customers. See is a good cook and will be assisted by Chick Bullard, well known here as one of the best chefs in West Texas.

Hattie's wide circle of home town friends wish her unbounded success.

Mrs. E. L. Reid and sons of Grannis, Ark., arrived this week for a visit with relatives and friends. Mr. Reid has been here the past two months doing carpentry work.

County Agent T. B. Hicks and Bobby Cox left Wednesday for Dallas where Bobby will show his 15 months old Hereford steer at the state fair.

## Senator O'Daniel Visits Robert Lee

United States Senator W. Lee O'Daniel spent a couple of hours in Robert Lee Wednesday morning, the first occasion in many years since the Coke county seat has been visited by a top bracket public official.

The senator took time to visit the high school where he spoke for 20 minutes before the student assembly, and called upon a number of persons about town. Judge Bob L. Davis and others escorted the senator around the city.

O'Daniel was prompt in answering queries at The Observer office, and among his statements were the following:

"I am violently against taking money that belongs to the people of the United States and giving it to England or any other country.

"I am against the New Deal. All our troubles have been caused by abandoning constitutional government.

"It's a disgrace to continue wartime taxation two years after the war is over just to give money to England where taxes have already been reduced twice.

"The Republicans have as many New Dealers at the Democrats. We should elect honest, God fearing men who will obey the constitution."

The senator was accompanied by his youngest son, Pat, and his secretary, Garfield Crawford, former newspaper publisher at Arlington. He was making a trip through West Texas and spent the previous night at San Angelo. From Robert Lee the party went to Bronte and on to Abilene and points east.

## Name Otis Smith On County Board

Otis Smith well known Bronte resident, was appointed county commissioner from Precinct No. 2 last Friday to succeed the late W. J. Eads, whose death occurred earlier in the week.

The appointment was made by Judge Bob L. Davis, chairman of the county commissioners court, who said there were fifteen applicants for the job. The court was called into special session Friday forenoon when Mr. Smith assumed his new office.

Otis is a native West Texan and has lived in Coke county since childhood. He has been engaged in several lines of business and recently disposed of the Butane Service company. He owns two farms east of Bronte.

His wife is the former Flora Cowley, a daughter of Mr. and Mrs. Lem Cowley of Robert Lee. They have a daughter, Jean, 16, who is a junior in Bronte high school. His mother, Mrs. C. C. Smith, also resides at Bronte.

Otis is well qualified for the commissioner's post and from all reports the appointment is meeting with general approval.

Mrs. M. B. Sheppard and daughter, Mrs. H. H. King, of Abilene spent Wednesday with relatives and friends in the community. They were accompanied by the former's sister, Mrs. J. M. Sparks, of Lubbock, who will spend a few days in the home of her brother, Hubert Fields, near Edith.

Mr. and Mrs. Mark Simpson of Eureka Springs, Ark., arrived Sunday for a visit with relatives and friends.

## Oil Field Notes

W. J. Turner, who was recently promoted to the position of engineer for Sun Oil company at the Jameson field, is now comfortably located with his wife in one of the company's new camp residences. The Turners moved here from Fremont, in the southern part of the state. Turner started with Sun in 1940 but was gone four years during the war. He was in the air corps and spent 39 months in the Pacific.

Congratulations are extended to Mr. and Mrs. C. R. Carney over the birth of their first baby, a daughter, born Sept. 24 at Clinic hospital in San Angelo. She weighed 7 pounds and 15 ounces and has been named Jennifer Lee. Maternal grandparents are the J. W. Rays of Beeville, while the parental grandparents are Mr. and Mrs. C. R. Carney, Sr., of Cuero. Mr. Carney is chief clerk in the Sun office at Silver and is the company's first permanent employee to be stationed here.

W. F. Tucker, who is in charge of Ray-Harris drilling operations, is enjoying a two weeks' vacation. He took his family on a trip to New Mexico and points in West Texas. Lowell Grush is handling tools during Mr. Tucker's absence.

The W. A. Preston family are now occupying their home on the Fred Jameson lease, having moved here from Odessa. Mr. Preston is a pumper for the Sun company. The Prestons have the sympathy of all over the accidental death of their youngest son, Danny George, 9, who was struck by a truck and killed two weeks ago.

John H. Ebey has been transferred from Dallas to the Jameson field where he will be office assistant to C. R. Carney.

A. A. (Slim) Hill, in charge of the Roberts-Hawkins drilling rig, took his wife to Temple for surgery last week. Red Kemp of Odessa has been pushing tools during his absence.

Enlargement of the Sun housing camp continues and the seventh residence is now under construction. Work has started on a new roadway in front of the camp, which will be paved. The county has begun grading the road leading from the pavement to the Silver school house.

## Lose Household Goods In McKenzie School Fire

Fire caused by the explosion of a kerosene stove destroyed the school house at McKenzieville Tuesday forenoon, along with the household belongings of the Rass Moore family, who were occupying the building as a home.

Mr. and Mrs. Moore were outside when the explosion occurred, and the flames spread so rapidly throughout the one-room frame structure that it was impossible to save any of the contents.

The old 3-room building at McKenzieville was torn down a few years ago and the one-room structure was built instead. No school has been held in the district for some time. Moore has a contract to drive the school bus and was allowed to use the house for living quarters.

Both Mr. and Mrs. Moore have been in poor health. They were recipients of a number of articles at a shower last night, and a good sized purse of cash was presented to them by friends and neighbors. They are making their home for the present with Mrs. Moore's parents, the Gale Browns.

A little want ad will sell it

## Workover Brings Increased Flow To 2 Jameson Wells

Sun Oil company No. 1 Allen Jameson, which opened the Jameson field in northwestern Coke county last December, was recompleted this week, after deepening from 6,245 to 6,407 feet, for a 24-hour natural flow of 275 21 barrels of oil and gas ratio of 1,344-1. The oil tested 46.8 and there was no water. Gauge was through a quarter inch choke. Operators report the pay extended from 6,225 to 6,326 feet.

No. 1 Allen Jameson was originally completed last Dec. 13, for a 24-hour flow of 168 barrels of 45.2 gravity oil. At that time it had penetrated only 20 feet of pay and recently the flow had slowed up considerably. The higher gauge will increase the daily allowable to 111 barrels.

A workover job on Homer Jameson No. 1, a west offset to Allen Jameson No. 1, also obtained good results and a potential test this week showed a natural flow of 139 barrels of 47 gravity oil. Prior to working over the well had flowed less than half its allowable production. A high gas ratio of 2,314-1 will cut the daily allowable to 96 barrels, operators said.

The portable rig used in workover operations was moved to Allen Jameson No. 2 on Tuesday. Acidizing with 5,000 gallons from 6,405 to 6,483 feet, the hole has been swabbed dry and operators were waiting yesterday. No showings of oil were apparent thus far and no further work on the test is planned.

No. 2 Allen Jameson went through a pay showing in the Strawn then continued to the Ellenburger where it failed because of salt water. Later it was plugged back to 6,491 feet and was temporarily abandoned.

Sun No. 4 Fred Jameson has drilled to a bottom depth of 6,609 feet. Following a "slumber jay" test Wednesday night, operators were running pipe to bottom yesterday.

No. 1 J. S. Walker was drilling ahead Thursday at 4,203 feet in shale and lime.

No. 1 C. E. Mathers was drilling at 3,458 in shale and sand.

No. 1 John B. Walker, wildcat test south of the river, had reached a depth of 1,151 feet and will cement surface pipe at 1,450 feet.

No. 3 Homer Jameson resumed drilling Thursday morning after waiting on surface pipe which was cemented at 1,462 feet.

## Receives Eye Injury

Paul Smith, 15 year old high school sophomore and a son of Fred Smith, was struck in the right eye with a dart at the American Legion building Monday night. He was taken to Shannon hospital and physicians have not yet determined whether or not he will lose the sight of the affected eye. The unfortunate accident occurred when Paul entered a room where a game was in progress and stepped into the path of a dart being thrown at a target. Paul makes his home with his grandmother, Mrs. N. C. Brown.

Marvin Smith and family left this week for DeQueen, Ark., where they will make their home on a farm they recently purchased from Fred Ashworth. The Smith 65-acre farm southwest of Robert Lee was purchased by Boyd Copple at \$65 an acre.

**Questionable**  
 Judge—Aren't you ashamed to be seen here in court so often?  
 Prisoner—Why, no, your honor. I thought this was a respectable place.

Some girls are like paint: Get them stirred up and you can't get them off your hands.

**Only That**  
 Father—What reason have you for wanting to marry my daughter?  
 Suitor—No reason at all, sir. I'm in love with her.

**FEELING POORLY?**

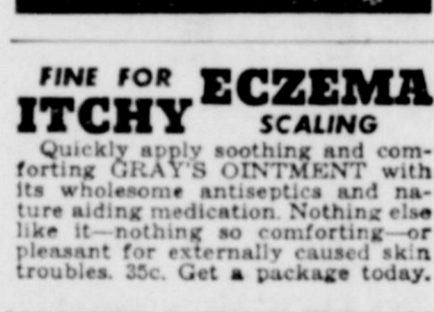

See how SCOTT'S helps build you up!

If you feel run down, and colds hang on, and maybe you don't get enough natural A & D Vitamin food. Then try good-tasting Scott's Emulsion—the HIGH ENERGY FOOD TONIC! See how you begin to get your strength back! How you can fight off colds! Scott's is a "gold mine" of natural A & D Vitamins and energy-building natural oil. Easy to take. Economical. Buy today at your drug store.

**WEEKLY NEWS ANALYSIS**  
**Marshall Asks U. N. Reshuffle; U. S. Reduces Grain Exports; Tension High Throughout Italy**

Released by Western Newspaper Union.  
 (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

**SHOWDOWN: Russia's Choice**  
 Secretary of State George Marshall sounded like a man who was getting a lot of things off his chest. What he said in an address before the U. N. general assembly of 55 nations amounted to a call for a showdown with Russia.

The Soviets, he intimated, have held to their stubborn, veto-bound course in the United Nations long enough.

To make the delinquents come to time, Marshall proposed a four point plan of action to the general assembly:

1. He suggested creation of a new assembly committee of 55 countries which would operate without veto and would remain constantly in session to consider world security questions and function as a board of appeals. Potentially, the committee would be a rival to the security council.
2. He announced that the U. S. was ready to relinquish, in all but the gravest cases, its veto privilege and implicitly challenged Russia to do likewise.
3. He blamed Russia for the U. S.-Soviet deadlock in Korea and said that America would submit the case to the general assembly for action.
4. He blamed Russia for using vetoes to protect Yugoslavia, Albania and Bulgaria from being pronounced guilty of meddling in Greece. He said the U. S. would ask the assembly to vote guilt for the three satellites and to demand that they refrain from interfering in Greece.

Undoubtedly, it was strong medicine—too strong, according to some jittery U. N. delegates. It apparently left Russia with a choice of two possible courses: Either cooperate in the U. N. or get out of the organization.

Many feared that hard-headed Muscovites in the Kremlin would choose the latter.

**PRICE BATTLE: Exports Cut**

Secretary of Agriculture Clinton P. Anderson had a "Horatio at the bridge" air about him as he announced that the government had made a drastic cut-back of grain and flour allocations for export in November.

The move generally was accounted as another noble stand against the forces which are causing domestic food prices to spiral dizzily. This one, however, had the blessings of the grain trade as "a step in the right direction."

Reducing the export allocations for November was in line with the government's surprise revision of the nation's 1947 export goal from some 450 million bushels of grain down to 350 million.

Export officials, still striving to meet the original, higher goal, were caught flat-footed by the sudden cut-back, but it had become clear that the U. S. administration now was trying to effect a program whereby western Europe's minimum food needs could be satisfied without aggravating the inflation trend at home.

(In a significant sidelight, Anderson scoffed at the prospect of returning to rationing by pointing out that such a program could not be put into effect before the need for it would be over.)

Next move, it was hinted, would be an attempt by Secretary Anderson to put through a sharp reduction of total food exports—not just grain—as the only practical way of pulling down prices.

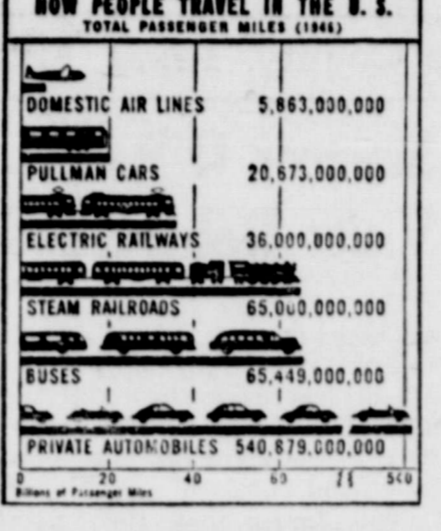

The U. S. state department, however, committed to its "save Europe" program, no doubt would object vehemently to any such action.

**HEADLINERS**

**IN LOS ANGELES . . .** Prince Hamid Riza Pahlavi, 16, of Iran, told police that he had flown the coop from his Washington, D. C., school because it didn't have any girl students and because he was "homesick."

**IN ARLINGTON, VA. . .** Inmates of the Arlington county jail, righteously indignant when two fellow prisoners escaped and left them behind, pitched in and lent a hand while a locksmith put a new padlock on their cell-block.

**Traveling Public**

Americans traveled eight times as far in automobiles as in any other form of transportation during 1946, an Investors Syndicate survey has shown. Total number of passenger miles traveled by automobile was three times the total of all other forms of public transportation.

**ITALY: Trouble Grows**

Italy was threatening to erupt. Communists, using Yugoslavia's Marshal Tito as their front, were trying to take over, or at least seriously harass, the recently established free state of Trieste. They also were hard at work on their campaign to seize complete power in the Italian government.

Along the Trieste-Yugoslav frontier, Yugoslav troops were threatening all of the 34 American outposts. Armed clashes were not considered impossible. Aggressive troops of Marshal Tito were forcing incident after incident along the line. Trieste itself was ugly with tension as Communists ordered 10,000 striking shipyard workers to stay out in defiance of American-British military government orders.

In Rome, Communists turned on the heat by issuing an outright demand that Premier Alcide de Gasperi resign to make way for a cabinet with Communist and left wing Socialist members.

The position of de Gasperi, who put the Communists and Socialists out of his cabinet almost four months ago, was precarious, as the Reds continued their program of strikes, instigation of social turmoil and threats of force.

U. S. officials harbored growing fears over the situation, for if the Communists were to take over Italy, heavy repercussions would be felt in France and the Marshall plan would be seriously crippled, if not wholly destroyed.

**SPEED-UP: Forrestal In**

James V. Forrestal wasn't due to be sworn in as U. S. secretary of defense for another week, but President Truman manifestly alarmed over the trend of world events, ordered the former secretary of the navy to jump the gun in taking over his new job.

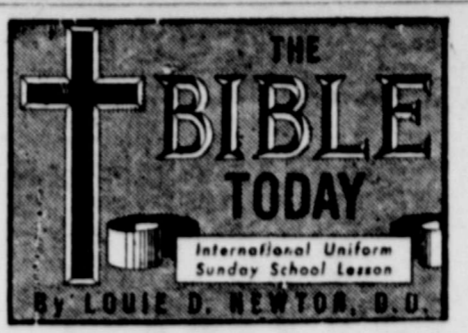

Mr. Truman observed that in view of conditions abroad, the nation should have its secretary of defense in office and functioning. The conditions, which he did not specify, probably were the current unrest in Trieste and the U. S.-Russian stalemate in the United Nations, topped off by Secretary of State Marshall's challenging speech before the general assembly.

Now presiding over the unified army, navy and air forces, Forrestal is the armed forces' only representative on the President's cabinet.

**FIRE LOSSES: New High**

Fire losses in the U. S. during the month of August were estimated at \$51,359,000, an increase of 23.3 per cent over losses of \$40,019,000 in August, 1946, the national board of fire underwriters has reported.

August losses brought the total fire destruction for the first eight months of 1947 to \$469,992,000. That figure marks a 24.2 per cent increase over the first eight months of 1946 when total losses amounted to \$378,323,000.

SCRIPTURE: Hebrews 1-2; 8:6-13; Matthew 3:16, 17; John 14:5-11.  
 DEVOTIONAL READING: Psalms 40:1-8.

**Better Revelation**  
 Lesson for October 5, 1947

WITH Sunday's lesson we turn into another field of Bible study for the concluding quarter of the year—messages from the Epistles, other than those of Paul.

This lesson, and the next two, are from the Epistle to the Hebrews—one of my favorite books in the Bible. The passages of study for this lesson are Hebrews 1-2; 8:6-13; with kindred passages in Matthew 3:16, 17 and John 14:5-11. Suggested devotional reading for the lesson is Psalms 40:1-8.

The title of the lesson has reference, of course, to Christ—the better revelation of the Son of God in his appearance to bring the father's plan of redemption nigh unto all men.

**The Father's Son**

"GOD, who at sundry times and in divers manners spake in time past unto the fathers by the prophets, hath in these last days spoken unto us by his son, whom he hath appointed heir of all things, by whom also he made the worlds," chapter 1, verses 1 and 2.

"And Jesus, when he was baptized, went up straightway out of the water; and, lo, the heavens were opened unto him, and he saw the Spirit of God descending like a dove, and lighting upon him; and lo a voice from heaven, saying, This is my beloved son, in whom I am well pleased," Matthew 3:16, 17.

**Love is the Key**

IN THIS better revelation of Jesus Christ, we find that love is the key that opens the door into the brightly lighted room. "The father loved the son, and hath given all things into his hand," John 3:35.

And this revelation of God in Jesus Christ carries the further truth that "all things" have been placed in the hands of our blessed Saviour. We read elsewhere that "all things consist in him," which means that all things hold together in him—the world itself. Jesus said, "All power hath been given unto me, in heaven and on earth."

It is not a picture of passive love, but a picture of perfect love in action, with all things committed to his administration. Again we can sing, "This is our father's world."

**Christ Reveals God**

NOT only does Christ reveal himself, but also the father, for they are one. Reading now into the second chapter of Hebrews, we find these words: "God also bearing them (angels) witness, both with signs and wonders, and with divers miracles, and gifts of the Holy Ghost, according to his own will."

It is God's own will that he be revealed, and he must do the revealing. Turn to John 14:5-11, where we read again that revealing incident when Jesus patiently reassured Thomas and Philip, declaring "He that hath seen me hath seen the father."

The better revelation of God in Jesus Christ brings us far beyond the revelations of God in the Old Testament, dramatic and impressive as they were.

**A New Covenant**

THE better revelation means "a more excellent ministry," because Jesus Christ has now become "the mediator of a better covenant, which was established upon better promises," Hebrews 8:6.

The first covenant was imperfect, because it was manifest through humanity. Only the perfect son of the perfect God could manifest the better covenant.

Now that the better revelation is our portion, what shall be our response? One cannot be excused today by claiming ignorance of God's proffered salvation unto all men. He has revealed his love in the death of his only begotten son on the cross. He has revealed his love in abounding and forbearing mercies.

"How shall we escape if we neglect so great salvation?" (Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.)

**Credulous English Came To See Man Get in Bottle**

In 1749, a cynical Londoner who claimed Englishmen were as credulous as children made a large bet that he could convince them that a man could climb into a quart bottle, says Collier's. Using a fictitious name, he rented a theater and advertised that he would perform the trick there three days later.

By curtain time on the night set, all seats and standing room had been sold at double their price and the near-by streets were jammed with those who had to be turned away.

Naturally the man did not show up for the performance—and shortly afterwards collected his bet.

AC "5-Star Quality" Oil Filter Elements have an exclusive safeguard in the Collector Tube Trap. It's made of acidproof glass cloth, which can't rot and thus allow pollution of the engine oil. Don't take a chance on dirty oil. Buy AC and be sure.

## Texas State Fair To Open Saturday

DALLAS TEX., Oct. 2—Things are popping aplenty at the State Fair of Texas as the 62-year-old statewide institution, "the world's biggest state fair," gets set to swing open its gates Saturday for the annual 16-day run. Two million visitors are expected between Oct. 4 and 19, to top the record-breaking 1646 attendance of 1,639,986.

"In every way it will be the greatest State Fair ever held," promises General Manager W. H. Hitzelberges. "Exhibits, livestock and agriculture shows, big new features, and the nation's finest entertainment are the best ever seen in the Southwest.

From all sections of the Texas Empire will come elaborate agricultural displays to grace the mammoth Agricultural Building. The livestock show will be outstanding, the most representative ever seen at the Fair. The Junior Livestock Show, in its second year, will be five times as large as it was in 1946.

Texas' and the nation's biggest industrial concerns are ready to parade before State Fair visitors many postwar products not off the assembly lines last year.

The Home Show, Food Show, Electrical Show and Petroleum Show will be outstanding. In the Implements Show many new farm machines will make their debuts, including a new baler that turns out round bales and a miracle corn picker capable of harvesting 20 acres a day.

The famed Bikini Goats, survivors of atomic bombings of the Pacific, will be part of a big Health Show.

More than \$1,500,000 worth of great works of art, on loan from New York's Metropolitan Museum, will be seen in the Museum of Fine Arts. Among noted masterpieces will be "The Horse Fair" by Rosa Bonheur and "Portrait of an Admiral" by Rembrandt.

The Texas Game, Fish and Oyster Commission is bringing a mammoth exhibit of all types of fish and wild life known in the Southwest.

Entertainment headliners will be the Broadway hit, "Annie Get Your Gun," starring Mary Martin; the White Horse Revue and Hippodrome Show; Ice Cycles of 1947, big football games in the Cotton Bowl, and scores of thrill rides and shows on the million dollar Midway.

## Farm Bureau District Meetings Next Week

A series of 23 Farm Bureau district meetings will be held in Texas September 29 through October 14, it has been announced by J. Walter Hammond, president of the state organization.

In order that more farmers will be able to attend and take part in the discussions, two meetings have been scheduled for the district 6 area. One of the meetings will be held in Hotel Settles at Big Spring on Monday, October 6; the other will be held in the Cactus Hotel at San Angelo on Tuesday, October 7. The meetings will start at 10:00 a. m. and C. H. DeVaney of Coahoma state director, will preside.

The Texas Farm Bureau will attempt to get a cross-section on the thinking of farmers with reference to continuation of the national farm program, which is in jeopardy at this time, a farm-to-market road plan and many other critical issues.

"Unless farmers make a deter-

mined fight for the retention of the farm program, it will be discontinued after 1948," President Hammond warns. "There was a move on the part of Congress during the past session to eliminate all price supports and AAA payments for soil conservation," he said, "and it is necessary that we rally all the support possible from our members if we are to retain our farm program."

## New Minister For Sanco Bible Church

The Rev. R. E. Wright is the new pastor of the Sanco Bible church, having moved his family here the last of the week from North Texas. He will conduct regular services there each first and third Sunday in the month at 11 a. m.

Rev. Wright has been in the evangelistic field and recently held a series of meetings at San Angelo. Formerly an oil field worker, he was converted and has since devoted his talents to the ministry. Mrs. Wright is a musician and the couple plan to do extensive evangelistic work in the county and surrounding territory.

Rev. and Mrs. Wright have two sons, Kenneth Earl, 10, and Billy Wayne, 5 years old.

Mr. and Mrs. J. T. Oakes, Sr., Mrs. Lin Oakes and children and Mrs. McLellan of Santa Anna, and J. T. Oakes, Jr. of Jefferson spent last Thursday here with their daughter and sister, Mrs. Otto Wojtek, and husband.

## THE STATE OF TEXAS

To L. G. Reid, and the heirs of L. G. Reid, deceased, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 3rd day of November, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District court of Coke county, at the court house in Robert Lee, Texas.

Said plaintiff's petition was filed on the 18th day of June, 1947.

The file number of said suit being No. 1665

The names of the parties in said suit are: W. M. Simpson, B. R. Franklin, S. E. Adams, Glenn R. Lewis and Mrs. America C. Gibbs, a feme sole, as Plaintiffs, and L. G. Reid and the heirs of L. G. Reid, deceased, as Defendants.

The nature of said suit being substantially as follows, to wit:

A suit to cancel and remove as cloud upon title to the southeast 1-4 of survey 239, in block 2, H. & T. C. Railroad Co., in Coke county, Texas, two certain mineral deeds dated February 4, 1931, one being from W. M. Simpson to L. G. Reid of record in Vol. 52, page 307, of the deed records of Coke county, Texas, and the other being from B. R. Franklin to L. G. Reid, of record in Vol. 52, page 308, of the deed records of Coke county, Texas, upon the grounds that the grantors in said instruments were induced to execute and deliver the same by the said L. G. Reid's representation that he would proceed immediately to drill a test well for oil and gas on the northwest 1-4 of section 239, in block 2, H. & T. C. Railroad Company, in Coke county, Texas, and that unless oil or gas should be obtained in paying quantities in said test well within one year from the date of said deeds, he, the said L. G. Reid, would convey and deliver back to the said respective grantors the interests covered in said respective mineral deeds dated February 4, 1931. That the said L. G. Reid never intended to drill such well, and made said representation fraudulently and that the considerations for said deeds, to wit, the promise to and representation that the said L. G. Reid would drill said well have wholly failed.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 16th day of September A. D., 1947

Given under my hand and seal of said court, at office in Robert Lee, Texas, this the 16th day of September A. D., 1947.

(Seal) Willis Smith  
District Clerk Coke County, Texas

No. 597

IN RE: Estate of Ernest F. Taylor, NCM  
In the County Court of Coke County, Texas

## Notice of Application to Make Oil, Gas and Mineral Lease

To all persons interested in Ernest F. Taylor, non compos mentis, or his estate:

You are notified that I have on the 30th day September A. D. 1947 filed with the county clerk of Coke county, Texas an application, under oath, to make to G. W. Strake, as Lessee, an oil, gas and mineral lease on the following described real estate belonging to the estate of said Ward and lying and being situated in Coke county, Texas, to-wit:

TRACT ONE: 233.673 acres of land, being an undivided 2-7ths and an undivided 1-6th of 4-7ths of 613.39 acres of land, more or less, situated in Coke county, Texas, and being all of Survey No. 2, HE&WT Ry. Co., Block No. 1, Abstract No. 1363, patented to Benjamin A. Taylor, February 3, 1919, Certificate No. 581, Patent No. 374, Volume 1-A, containing 640 acres of land, more or less, SAVE and EXCEPT: 26.61 acres of land out of said 640 acres, heretofore sold and described in "Three Tracts" as follows:

TRACT ONE: 3 acres of land conveyed by B. A. Taylor and wife, Lurana Taylor, to Juniper School District, by deed dated November 15, 1927, and recorded in Volume 47, Page 183, of the Deed Records of Coke county, Texas.

TRACT TWO: 11.49 acres of

land, conveyed by B. A. Taylor, et al, to the State of Texas, by deed dated April 27, 1932, and recorded in Vol. 53, Page 268, of the Deed Records of Coke county, Texas.

TRACT THREE: 12.12 acres of land, conveyed by B. A. Taylor to Panhandle & Gulf Ry. Co., by deed dated December 15, 1904, and recorded in Volume 12, Page 598, of the Deed Records of Coke county, Texas. That Bob L. Davis, Judge of the county court of Coke county,

Texas, on the 30th day of September, A. D. 1947, duly entered his order, designating the 20th day of October, A. D. 1947, 9:00 o'clock A. M. in the county courtroom at the courthouse of such county, at Robert Lee, Texas, as the time and place when and where such application would be heard and that such application will be heard at such time and place.

**Soft Corn Requires Special Attention**

**Several Methods Given For Profitable Feeding**

Saving soft corn will be a problem facing many farmers this year. Much of the crop went in so late that frost became a factor in maturity, as well as in winter handling of the corn.

Next to chopping and feeding green, one of the best ways to get full value from soft corn is to put immature crops in the silo or pasture them off with cattle, hogs or sheep, Capper's Farmer points out.

Another method used by many growers in the last big soft corn year, 1945, was to build emergency cribs five to six feet wide. The farmers set two rows of poles in the ground, wired the tops together to keep the cribs from spreading, and fastened woven wire or slat cribbing on the inside of the posts. These cribs, built in east and west directions, took best advantage of prevailing winds.

Farmers in many northern areas, where corn is likely to be caught by frost before it is mature, regularly cut up large quantities and cure it as fodder. Ears later are husked by hand or with a shredder.

Most hybrid corns are stiff stalked and have a good root system. They will stand with few fallen ears well into the winter. Since ears will dry with less spoilage on a standing stalk, many farmers prefer to let hogs, cattle or sheep harvest the crop.

**KNOW YOUR BREED**

**Morgan Horse**

By W. J. DRYDEN

Justin Morgan was the fountain-head of the first great family of American horses. The Morgan strain secured its name from the man who bred the original Morgan horse and owned him until late in 1795.

For 150 years Americans have been proud to claim Morgan blood

Good example of a Morgan horse.

in their horses. It implied energy, courage, bottom and excellent saddle horse. The breed is being perpetuated at the United States Morgan horse farm, Middlebury, Vt. In height it ranges from 14.2 hands to 15.2 hands, with 15 hands being given preference.

**Herds and Flocks**

Fall pigs should be kept gaining from the start. If they stop gaining it is harder to get them started again, and it takes more feed. Don't let them lose their milk fat.

Keep weeds cut under your electric fence, to prevent grounding. Set the posts at an angle and you can keep the weeds cut with the mowing machine.

Flush ewes before the breeding season—that is, feed them generously so they will be gaining at breeding time. Changing from scant to good pasture, or feeding some grain, will put the ewes in better condition. Flushing results in more certain breeding.

Cows due to freshen in late fall should be dried off and given eight weeks of vacation to get ready for the blessed event. During this rest period, feed a fitting ration to keep the cow in good flesh and help develop the calf.

**U. S. LINE-UP FOR GENERAL ASSEMBLY . . .** Secretary of State George Marshall confers with the team that is the United States delegation in the United Nations general assembly now meeting at Flushing Meadows, N. Y. Seated (left to right) are: Mrs. Eleanor Roosevelt; Secretary Marshall and Warren Austin, U. S. representative to U. N. Standing (left to right) are: Herschel V. Johnson, deputy U. S. representative; John Foster Dulles; Adlai E. Stevenson; Francis B. Sayre, and Charles Fahy.

**DEFENSE SECRETARY TAKES OATH . . .** It was a historic occasion when James V. Forrestal, formerly secretary of the navy, took his oath as the nation's first secretary of national defense, in which capacity he will preside over the unified armed forces. Chief Justice Fred M. Vinson of the U. S. Supreme court administers the oath to Secretary Forrestal. Ranged behind the two are ranking members of the nation's military set-up.

**SUGGESTS 49-STAR FLAG . . .** G. David Bollinger of Washington, D. C., is shown with his suggested design for the American flag, which, he believes, incorporates the spirit of the motto "E Pluribus Unum." Motivation for the sketch was the possible admission of the Territory of Hawaii as the 49th state, which event would necessitate a change in the nation's flag. Bollinger suggests the 49 stars be combined to form one big star. His idea is being considered by government officials.

**QUITE A TRICK . . .** Any port in a storm was the way this jet black cat was thinking when it was chased by a dog in Dorchester, Mass. With no tree near, it scrambled up this 20-foot concrete light pole. It was a spectacular feat—with claws

**Know-How Counts**

A manufacturer, unable to get a machine to run properly although his best mechanics had tried their skill on it, called in an expert to fix the machine. The expert came, looked and listened for about two minutes, tightened a certain screw, and the machine ran smoothly. The expert departed, leaving a bill for \$50.

The manufacturer, astonished at such a price for five minutes' work, wrote and demanded an itemized statement. He received the following:

Tightening a screw . . . \$ .25  
Knowing which screw to tighten . . . . . 49.75

TOTAL . . . . . \$50.00

Relieve the aches and "sleep robbing" misery of Colds fast with 666 (Tablets or Liquid)

Caution: Use only as directed.

**That Nagging Backache**

**May Warn of Disordered Kidney Action**

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

**DOAN'S PILLS**

## Concho Basin League Winds Up Schedule

The regular schedule of games in the Concho Basin base ball league was completed Sunday, with only four teams managing to go to the finish line. Ozona, the league leader, defeated Eola 8 to 5, while Veribest the runnerup, licked Bronte 12 to 5.

Robert Lee was scheduled to play at Miles, but Manager Carroll Russell was unable to get nine men together and had to cancel at the last minute. The season has been much too long, but at the same time it is evident that the clubs which have the proper base ball spirit are the ones who finish at the top.

Veribest batters hopped onto Bon Spontz in the first two innings. He was touched for eight runs before giving way to Marvin Corley, who did a good job in keeping the visitors in check, but the damage had been done. Bronte secured 10 hits off Oscar Peeples, and that's doing pretty well against the veteran hurler.

From present indications Ozona and Veribest will go into a three game playoff for the league title.

Mr. and Mrs. Marcus Turner spent Sunday at Norton in the home of his brother, D. W. Turner. They were joined there by two sisters, Mrs. John Bass of Amarillo and Mrs. Vic Taylor of Alpine.

## Mrs. Frances Pruitt

Funeral services for Mrs. Frances Ella Pruitt 86, were held at 4 o'clock Thursday afternoon from the Bronte Church of Christ. Burial was in Fairview Cemetery with Robert Masie Funeral Home in charge.

Mrs. Pruitt died at the home of a daughter, Mrs. W. C. Wood, in San Angelo early Wednesday morning.

Survivors include four daughters, Mrs. Wood, Mrs. C. A. Stroud, Mrs. Josie Caudle and Mrs. Ida Rogers, all of San Angelo; and two sons, J. A. Roberson, Lamesa, and Larkin Pruitt, Edith. Also surviving are 30 grandchildren and 29 great-grandchildren.

Fred Hickman, one of Robert Lee's young football players, has won a backfield berth with the San Angelo college Rams, and is expected to see a lot of action during the remainder of the season. Fred is a brother of Johnnie Hickman, who was fullback on the Ram eleven last year, and is now playing at Tulane University in New Orleans. The boys are sons of Mr. and Mrs. Ed Hickman of Edith.

Leeper Supply company this week received a shipment of butane room heaters which are now on display in their store. Mr. Leeper says the order was placed a year ago and at the old prices. Four attractive models are being offered in a price range from \$9.90 to \$17.85.

## BRONTE NEWS

By D. M. WEST

The writer of this Column and his family are deeply grateful to C. H. Webb for the gift of the largest water melon we have seen this season—and it was "yum, yum, so good!" Thanks a million Mr. Webb.

Rev. C. R. Blake, pastor of the Bronte Baptist church, is seriously ill at the local hospital. He has been forbidden to receive company on account of the seriousness of his condition.

Mr. and Mrs. J. E. Mitchell returned last week from a trip of seven weeks through Tennessee, Virginia and North Carolina. It makes one's "mouth water" to hear Mr. Mitchell's "tall tales" about "the land of plenty" he found over in that section—big, old fat hams so big that you almost have to pull them up with a block and tackle, and red gravy with mashed potatoes and fried fresh eggs and roast chicken. It seemed almost dangerous for Mr. Mitchell to remain there longer as there was great danger of his absolutely ruining his health from over-eating.

Mrs. Harvey Allen has moved to San Angelo in order to be with Mr. Allen. She has accepted a position in San Angelo where she will work until Mr. Allen finishes his course in the art of meat cutting.

Major L. L. Cooper has been promoted to colonel in the army. He is a chaplain and has been in the service 14 years. He was stationed at Ft. Sill since his return from overseas until a few weeks ago, when he was sent to Japan and is there now. Mrs. Cooper and children will join him about first of the year. Mrs. Cooper is the daughter of Rev. and Mrs. D. H. Palmer.

Bronte's tax board of equalization, which consists of J. B. Mackey, Bill Wrinkle and Otis Smith, had the citizenry making "a beaten path" to their door last Friday, as they sat in session to hear the complaints of the citizens as to why the taxes of some should not be raised. But, it seems the tears were futile as the pleas fell on deaf ears.

Otis Smith, Bronte's newly appointed commissioner, is "swinging into line" and says he is going to fill up some of the mudholes.

The several young men from Bronte who have gone away to attend college are as follows:  
Hardin-Simmons University.

Jack Good, Bob Good, Billie Cassiot and Otis Richmond. Texas Tech: Hubert Whitt, Jr. These boys all saw service but have now returned to civilian life and plan to finish their education.

The seniors of Bronte high school sponsored a cake walk on Main street in the down town section Saturday night. The cakes were furnished by the home ec class and receipts from the evening's entertainment was reported to be \$40.

The O. W. Chapman family attended the funeral of Mrs. Chapman's sister, Mrs. V. E. Gordon, at Coleman Sunday. Mrs. Chapman had been with her sister for some days. Mr. Chapman and their son, Jack and family, of Sweetwater, came down Saturday night, and they went down Sunday for the funeral.

Deceased was born in Kentucky but came to Texas when quite young. She is survived by her husband and three daughters, two of whom are married and the three reside in Coleman.

Vernon Lammers was a business visitor to San Angelo Monday.

The happiest day the writer of this column has had in "many a moon" was Sunday as a guest of the families that made up family reunion of descendants of several old pioneer families that came to Texas from the community in which the writer was born in White county, Arkansas. Those pioneers and the writer's parents were friends before the writer was born and on through the years until the pioneers came to Texas, away back in the early 80s, and some of them a little later. Hence those of whom we write were the parents, grandparents, great grandparents, and a few great great grandparents of those with whom we mingled Sunday.

Howard Baldwin, Lonnie Baldwin and Jim Sowell of Winters were those who had the happy thought as to a reunion of the descendants of the old pioneers. The Presbyterian camp grounds at Buffalo Gap was secured for the occasion, with its kitchen and dining room in which to spread the noonday lunch. And it was elaborately sumptuous. The barbecue was excellently cooked and the ladies of the gathering brought the other delicious edibles that go with a barbecue dinner.

About ten o'clock they began to gather at the camp grounds and they continued to come, the last ones arriving just in time to enjoy the lunch. The morning hours were enjoyed in social intercourse until just before lunch, when a prayer was offered and a short program. After lunch there was more happy social intercourse and rehearsals of family experiences, then a short program.

Following a prayer the writer was introduced and we made a very brief address in which we rehearsed some of our long ago experiences with the pioneers back in the old State, and also some experiences with the older men who were present, when they and we were barefoot boys. Then we attempted to speak in serious vein as to our memories of the old pioneers, long ago dead, and of the social intercourse and neighborliness between them and my parents. But our nervous system would not permit us to speak only briefly—but it was a day that very rarely comes to one in a life time.

Mr. and Mrs. C. E. Mathers and daughter, Chrystelle, spent the weekend at Cisco with their daughter and sister, Mrs. J. L. Kuhn. The Kuhn family returned home with them for a visit.

## Every School Should Have Health Program

AUSTIN, Oct. 2—Every school should have a definite school health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the bases of the school health program, said Dr. Geo. W. Cox, State Health Officer.

Every school has tremendous opportunities to promote the health of the pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live at school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to health, happy and successful living.

Mr. and Mrs. T. M. Wylie, Jr. and little daughters spent the weekend at Colorado City with Mrs. Wylie's parents, Mr. and Mrs. J. S. Craddock. The Craddocks observed their 35th wedding anniversary on Sunday and the date was also Mr. Craddock's birthday.

## James Gunnells Weds Nadine Jackson of Loraine

Marriage vows between Miss Nadine Jackson and Mr. James Gunnells were exchanged in Big Spring Friday evening, Sept. 26, at 7:30 o'clock in the home of E. C. Evans, who officiated.

The bride is the daughter of Mr. and Mrs. D. E. Jackson of Loraine; and is a 1947 graduate of Loraine high school.

The bridegroom is the son of Mr. and Mrs. J. E. Gunnells of Loraine, formerly of Robert Lee, and is a 1942 graduate of Robert Lee high school. He served 26 months in the army, 18 of which were spent overseas. For the past

several months he has been employed by the Amerada Petroleum corporation.

The bride wore an aqua blue dress with wine colored accessories. Her corsage was of white asters. She carried a white Bible, gift from her mother, and for something old she wore a lavalier belonging to her mother.

Gerelene Jackson, twin sister of the bride, was her attendant, and also wore blue with wine accessories and a white corsage. Wann Sparks, fiancée of the bridegroom's sister, was his attendant.

Others present for the wedding were Floy Gunnells, Kenneth Jackson, Lois Finley and Forest Faulkenberry. After a short trip the couple will be at home in Colorado City.

## Coke Farmers Using Phosphate in Cover Crops

Two carloads of phosphate, a total of 70 tons, have been purchased by Coke county farmers and ranchman during recent weeks. Orders were placed through the county agent's office.

Phosphate is being used principally with winter cover crops of grain and legumes. The main legume being used here at present is hairy vetch. Farmers who qualify under the Triple A program will be reimbursed \$21 a ton on the phosphate, and they are also entitled to some help on the purchase of legume seed as a soil building crop.

County Agent T. B. Hicks says the principal benefit of phosphate as a fertilizer is that it assists in the fruiting of grain and makes heavier yields. It also liberates the calcium in the soil for plant use.

Those who received phosphate deliveries were James Arrott, R. B. Allen, Edward Cumbie, Loren Neal, A. V. Hughes, Raymond Bloodworth, Joe McCutchen, W. C. Shamblin, O. T. Colvin, H. C. Grafa, Douglas Gartman, Jess Percifull, D. K. Glenn, B. D. Aldridge, Hawley Allen, Frank Percifull, B. F. Bridges & Son, L. T. Youngblood, C. N. Webb, Fred McDonald, Jr. and Willis Smith.

INEZ COLE, Editor

### Senior Party

The seniors had a wonderful time at the steak fry given by their sponsor, Coach Jiggs Hudson, and his wife on Tuesday evening of last week at the Legion park near Bronte. While some of the girls and Mrs. Hudson were preparing supper the others went on a scavenger hunt. It was strictly a senior affair. After supper a moonlight sing was enjoyed and "After Graduation Day" was chosen as the class song.

Members of the class present were Preston Ross, June Duncan, Ralph Walker, Inez Cole, Arlyn Simpson, Ida Bell Eaton, Stroud Roberts, Vaughn Davis, Betty Jo Mauldin, Jean Varnadore, Maudie Watson, Patty Taylor, Frances Parker, Charles, Bessent, Everett Hale, Floyd Sheppard, Joy Millican, Billie Roberts, Dale Lofton, Doris Davidson, Wanda Jones, James Jackson, Dale Brown, Pau Burns, Bobby Hatley, L. C. Day, Bobby Baker, Charles Fowler, Evelyn Caston and Bill Lassiter.

Four seniors took Friday off and made a roundtrip to Ballinger and then to Abilene looking for sweaters for the Pep Squad. We found them after two hours of hunting. Those making the trip were Arlyn Simpson, Ralph Walker, Evelyn Caston and Inez Cole.

The Sophomores have already elected their carnival queen. She is Joyce Littlefield and they are really working for her.

The Senior rings came in last week and the class is a happy bunch.

The football squad and some of the high school girls went to Bronte Friday afternoon to see the Longhorns wallopp the Melvin Bull Dogs 20 to 0. Bronte is strong this year.

Two new high school students this week are Pat and Kenneth Preston. Pat is a sophomore and Kenneth a junior. The Preston boys recently moved to Silver where their father is an employee of Sun Oil company. The family is occupying a new home built for them on the Fred Jameson lease. We welcome Pat and Kenneth to Robert Lee Hi and hope they will like us.

Although the Steers were defeated by the tough Loraine Bull Dogs last week, don't lose faith in our team. They're coming along fine and it's a thrill to see them bounce back after each defeat.

The Freshman science class went on a field trip to the city lake one day recently. Mrs. Kirkpatrick is their teacher.

The seniors will have a cake walk Saturday evening to help their carnival queen. Only home made pies and cakes will be sold.

Everyone is invited to help along a good cause.

The juniors were selling cakes Saturday and they made a pretty good haul, thanks to the generosity of their friends. They are also selling tickets on a bed quilt to be given away soon.

Mrs. Clell Varnadore and children recently visited at Eunice, N. Mex., with her parents, Mr. and Mrs. Russ Lord. Clell went out later and brought them home

Quick Breads Take Little Mixing Time. (See recipes below.)

**Tempting Breads**

There is no aroma more appetite-provoking than that tantalizing one which comes from the oven in which bread is baking. And what is more of a treat than eating the bread itself?

Piping hot muffins add interest to the simplest supper; hot coffee cake is a delight to both early and late risers, while thick and thin slices alike — as long as they are of homemade bread—make superb sandwiches for school lunches or late snacks.

Many homemakers don't bother to make homemade bread because they think it is a time-consuming procedure. Actually, it's far simpler than mixing a cake or even cooking a vegetable, and the pleasure of it is so great, it's more than worth the little effort.

Orange Oatmeal bread is good when sliced thin for sandwiches. Moist and tender, it keeps its flavor easily and slices readily. The flavor actually improves when the bread is kept for a day before being cut.

**Orange Oatmeal Loaf.**  
(Makes 4-by-7-inch loaf)

- 3/4 cup evaporated milk
- 1/2 cup orange juice
- 1 teaspoon grated orange peel
- 1 cup quick-cooking oats
- 1 cup sifted flour
- 1/2 teaspoon salt
- 1 teaspoon baking powder
- 1 teaspoon soda
- 1/4 cup sugar
- 1/2 cup chopped nuts
- 1 egg
- 1/2 cup molasses
- 2 tablespoons shortening, melted

Mix milk, orange juice and grated peel and add to oats. Let this mixture stand for an hour. Sift flour, salt, baking powder, soda and sugar. Add chopped nuts. Beat egg into oatmeal mixture. Add molasses and beat thoroughly. Stir in melted shortening. Add flour mixture and stir just to blend. Pour into a greased loaf pan and bake in a moderate (350-degree) oven for about 50 minutes, or until done.

**Pecan Wheat Muffins.**  
(Makes 12 to 16 muffins)

- 1 cup sifted whole wheat flour
- 3/4 cup sifted white flour
- 4 teaspoons baking powder
- 3/4 teaspoon salt
- 1 egg
- 1/4 cup brown sugar
- 1/4 cup evaporated milk
- 3/4 cup water
- 3 tablespoons melted shortening
- 1/2 cup chopped pecans

Sift first four ingredients twice, returning bran in sifter to sifted mixture. Beat egg, add brown sugar, milk and water. Stir until mixture is dissolved, then add shortening. Stir liquid quickly into dry ingredients. With the last few stirs, add chopped nuts. Pour batter immediately into greased muffin tins. Bake in a hot (400-degree) oven about 20 minutes.

**LYNN CHAMBERS' MENU**

  - Pan-Fried Potatoes
  - Spinach-Carrot Salad
  - Cornbread
  - Beverage \*Swedish Pancakes
- \*Recipe given.

**Raised Luncheon Muffins.**  
(Makes 1 dozen 3-inch muffins)

- 1 package yeast, compressed
- 1/4 cup lukewarm water
- 1/4 cup milk
- 2 eggs
- 1/4 cup sugar
- 1 teaspoon salt
- 1/4 cup melted shortening
- 1 teaspoon grated orange rind
- 2 1/4 cups flour, sifted

Crumble yeast into lukewarm water to soften. Scald milk. Cool. Beat eggs in mixing bowl. Add sugar, salt, shortening and orange rind. Mix well. Add cooled milk and 1 cup flour. Beat smooth. Add softened yeast. Mix well. Add remaining flour. Beat 2 minutes. Fill greased muffin pans half full. Let rise in warm place until doubled (about 45 minutes). Bake in a moderate (375-degree) oven for 18 to 20 minutes. Date and Pecan Ring is an attractive as well as novel bread.

**Date and Pecan Ring.**

- Dates, halved
- Pecans, halved
- Honey
- 1 cup sifted white flour
- 2 1/2 teaspoons baking powder
- 1/4 teaspoon soda
- 1 teaspoon salt
- 1 cup unsifted whole wheat flour
- 1/4 cup brown sugar
- 3/4 cup pitted dates, chopped
- 3/4 cup pecans, coarsely chopped
- 1 1/2 cups rich milk
- 2 tablespoons vinegar
- 2 eggs, beaten
- 2 tablespoons shortening, melted

Grease an 8-inch ring mold thoroughly. To prepare decorative topping, alternate halves of dates and pecans on bottom of mold and drizzle with honey. In a mixing bowl, sift flour, baking powder, soda and salt. Add whole wheat flour, brown sugar, dates, nuts and mix thoroughly. Combine milk and vinegar. Add shortening, then add beaten eggs. Stir in dry ingredients. Mix just until flour disappears. Pour into prepared ring mold and bake in a hot (425-degree) oven for 15 minutes, then reduce heat to moderate (350 degrees) and continue baking for 20 to 25 minutes.

**\*Swedish Pancakes With Berry Sauce.**  
(Serves 4)

- 1 cup sifted enriched flour
- 3/4 teaspoon baking powder
- 3/4 teaspoon salt
- 1 tablespoon sugar
- 1 egg, beaten
- 1 cup milk
- 1 tablespoon melted shortening
- Sweetened berries, or jam

Sift together flour, baking powder salt and sugar. Combine egg, milk and melted shortening. Mix well. Add to flour mixture. Mix smooth. Using 2 tablespoons of batter for each cake, bake on hot griddle or skillet. Spread each cake with butter, then with berries or jam.

Released by Western Newspaper Union.

**Gems of Thought**

THE secret of life is not to do what you like, but to like what you do.

The same wind that snuffs candles kindles fires, so, where absence kills a little love, it fans a great one.

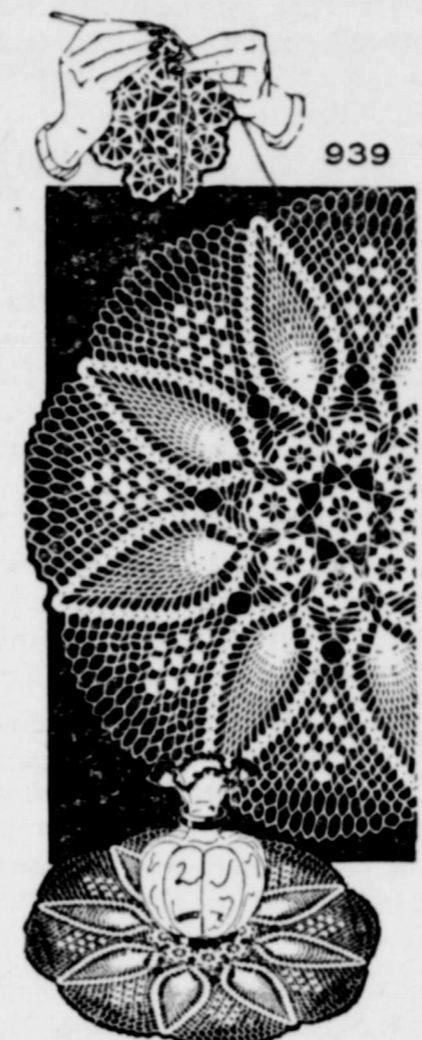

Exaggeration is a truth that has lost its temper. — Kahlil Gibran.

Before you flare up at anyone's faults, take time to count ten . . . ten of your own.

I hasten to laugh at everything, for fear of being obliged to weep.—Beaumont Newhall.

## District Court To Open Monday

October term of district court for Coke county will convene here next Monday, Oct. 6, with Judge John F. Sutton presiding. A number of civil suits are on the docket for trial at this term, but little or no grand jury work is in sight at present.

Sixteen names have been drawn for the grand jury, and 36 for the petit jury. Both will convene at 10 a.m. Monday.

### Grand Jury List

W. T. Bryan, R. P. Ross, A. E. Gentry, C. N. Webb, B. D. Snead, J. B. Mackey, Lee Hallmark, Luther Cowley, T. W. Wigginton, L. E. Wink, John Brown, W. W. Millikin, J. I. Williams, Allen Jameson, R. W. Odom, R. T. Caperton.

### Petit Jury List

J. L. Tinkler, Curtis Trimble, L. R. Scott, Crowley Harmon, Bryan Gartman, Clint Duncan, James Arrott, Chester Harwell, Lowell Roane, W. T. Roach, John Rives, J. B. Robertson, Lenn Roberts, Victor Wojtek, T. M. Wylie, Jr., Jim Mackey, J. N. Coalson, W. W. Wivey;

D. K. Glenn, Bill Burleson, J. B. Leddy, Frank Seltz, A. F. McKinley, B. W. Waldrop, G. M. Powell, Fern Havins, Sam Jay, Hugh Smith, S. C. Sayner, Delmir Sheppard, Lee Parks, J. C. Strickland, Bailey Russell, George Thomas, W. H. Braswell, B. B. Pierce.

District Clerk Willis Smith states that the docket contains a number of divorce actions as well as several Trespass to Try Title

suits. Among those expected to come up at this term are the following:

Annie Laura Forehand vs. M. B. Forehand, divorce.

Billie Whittley vs. Jay W. Whittley, divorce.

M. B. Chastain vs. Edger E. Martin, suit for rescission and cancellation.

Vivian Opal Thomason vs. W. O. Thomason, divorce.

Vernon Copeland vs. Betty Copeland, divorce.

E. R. Howard vs. Service Mutual Insurance company, damages.

### Cowboy Band President

Donald Yarbrow has been chosen president of the famous Hardin-Simmons Cowboy Band at Abilene. He is a senior music major at the university and will graduate at mid-year. He served a year in the navy as flute soloist with Great Lakes navy band and studied at the Navy Band School in Washington. Donald is a son of Mr. and Mrs. I. E. Yarbrow of Abilene and is a grandson of Mr. L. W. Campbell of Sanco.

### New Chevrolet Bus

The new bus sold to the Robert Lee school district the past summer by Casey Chevrolet company seems to be giving very satisfactory service. It is mounted on a new 2-ton chassis with 195 inch wheel base. The body was manufactured by the Industrial Iron Works at Sweetwater. It is 21 feet long and has a capacity for hauling from 48 to 56 students.

Chief Petty Officer and Mrs. O. S. McDonald of Norfolk, Va., visited here last week with the former's sister, Mrs. J. B. Mauldin, and family. J. B. Mauldin, Jr. and family of Belton accompanied them to Robert Lee.

## Folks You Know

Guy C. Saunders advises The Observer to change his address from Roswell, N. Mex., to Route 2 Hale Center, Texas, near which place they recently purchased a fine ranch. Guy says they have just about got everything moved to the ranch and think they will like it fine.

Mr. and Mrs. S. R. Young and Mr. and Mrs. Victor Wojtek and children visited with relatives at Miles last Friday.

Mr. and Mrs. F. C. Clark and Mrs. W. H. Bell spent Sunday with the Bill Craddocks at Colorado City.

Mr. and Mrs. E. G. Wilkerson of McCamey are the parents of a son born Sept. 28. The baby, which weighed 6 pounds 4 ounces, is a grandson of Mr. and Mrs. Roy P. Ross of Robert Lee.

Cumbie Ivey of the Ivey Motor company has been invited to an all-day program in Dallas next Monday when Ed Maher, Dallas Ford dealer, will honor his two sons, who recently become authorized Ford dealers. The visitors will also be privileged to inspect Maher's new Ford motor rebuilding plant.

Mr. and Mrs. R. W. Bowman of San Angelo spent Sunday with her parents, Mr. and Mrs. Monroe Parker, and R. W. played ball with the Veribest team at Bronte.

Mr. and Mrs. S. L. Ferguson and family of Ballinger and Mr. and Mrs. Jesse Lee Lett and children of Abilene spent Sunday here in Genie Baker home. Mrs. Ferguson and Mrs. Baker are sisters of Mr. Lett.

Mrs. R. R. Currie and daughter, Hettie Myrle, returned Friday to their home at Odessa after visiting her sister, Mrs. Jim L. Reid, Jr. and family.

Jo Nell Ryan of Dallas is visiting her sister, Mrs. B. B. Pierce. She is employed by the Southwestern Bell Telephone company.

Mr. and Mrs. Dan Campbell returned Saturday from a brief trip to Dallas where the former consulted a physician.
