Guard Against T-B With Chest X-ray Now Offered Free

The next two days are important days in the history of our community. They can mean much to the future health of our people. That is why every person 15 years of age and older in the western half of Coke County will want to come to the Ivey Motor Company automobile showroom either Friday or Saturday and take two or three minutes of his time to have a chest X-ray made by representative of the State Health Dept.

When the technicians have finished their work here, the X-ray picture will be sent to Austin where they will be read by an expert. If your chest area is perfectly clear, you will be notified by mail within two or three weeks. If, however, there is some question concerning the lungs or the heart, the doctor who you specify as your family physician will be notified, and he will assist you in further diagnosis and medical treatment.

Now all of this is FREE—a service which many people have done by private physicians every few months at considerable cost. Surely, no clear thinking person would pass up such an opportunity.

But—there are other reasons why you will want a chest X-ray. Twenty-seven merchants of Robert Lee have thought so well of this project that they are giving away merchandise valued at more than seventy dollars to persons who cooperate with this survey.

Here are some of the awards—and remember you have to have a CHEST X-RAY to be eligible to win them:

City Cleaners offer five dollars worth of cleaning.

Robert Lee Shoe Shop offers a half-sole and heel job.

Cox Service Station and Grocery offers a box of cigars or box of candy.

Leeper Supply Co. offers merchandise valued at \$2.00.

Banner Ice House offers one-half gallon of Banner ice cream.

Y-Courts Service Station, an oil change of Sunoco Motor Oil.

Mathews Bowling Alley, 4 lines of free bowling.

Radio Jim, \$10 certificate good on purchase of radio or refrigerator.

Bilbo Drug Store, merchandise valued at \$2.50.

Baker's Grocery, groceries valued at \$2.50.

Looney Lumber and Hardware, merchandise valued at \$5.00.

Ivey Motor Company, oil change.

Frank's Grocery, 25 lb. sack of Gold Medal Flour.

Farris' City Drug Store, merchandise valued at \$2.50.

Y-Court Cafe, a free meal.

Brown and Clark, 5 gallons of Good Gulf Gasoline.

Alamo Theater a week's pass.

Roberts' Grocery, a box of chocolates.

Berry's Jewelry, a watch or clock can job.

Robert Lee Observer, 1 year's subscription, new or renewal.

Roach's Dry Goods, Nylon hose to lady or belt or tie to a man.

Ivey Electric Company, merchandise valued at \$2.50.

Cragin Lumber Company, one gallon of house paint.

Havins and Vowell, 5 gals. of Cosden gasoline.

West Texas Utilities Co., A

Wanda Mauldin Weds Willis Wayne Smith

The marriage of Willis Wayne Smith and Miss Wanda Mauldin, popular Robert Lee young couple, occurred at 6:30 Wednesday evening, March 2, with the Rev. Ross T. Welch performing the double ring ceremony at the Methodist church.

Attendants were Mrs. Olene Snoddy, sister of the bride, and Royce Smith, the bridegroom's younger brother. Witnessing the wedding were the bride's mother, her two nephews, Ronnie and Dickie Snoddy, and the bridegroom's parents.

The bride wore a white wool street length dress with sweetheart neckline, and brown accessories. She had a halo of carnations in her hair and carried a lovely orchid corsage.

The bride is a daughter of Mr. and Mrs. Jim Mauldin. She is a graduate of Robert Lee high school and attended San Angelo Junior College. For the past three years she has been employed in the office of Ivey Motor Co.

The bridegroom is the elder son of County Clerk and Mrs. Willis Smith. He was outstanding in high school athletics and after graduating from Robert Lee high school attended San Angelo college. He is now employed in the Robert Lee State Bank.

They returned Monday from a wedding trip to Waco and points in central Texas and will reside in the home which they recently purchased from McNeil Wylie.

School Elections

Annual school elections have been set for Saturday, April 2. In the Robert Lee district an entire board of seven members must be elected. The state law provides that when districts are consolidated, terms of all trustees shall expire. During the past year Sanco and Wildcat consolidated with Robert Lee. These communities should have representation on the new board.

Mrs. O. A. Madison and little daughter, Mary Annette, have gone to Oregon, Mo., for a three weeks' visit with the former's parents, Mr. and Mrs. F. E. Wilson.

Horace Scott and family of Del Rio were guests over the weekend in the parental H. L. Scott home.

Bobbie Hatley was in Ft. Worth again the first of the week where he consulted his physician concerning his recent knee operation. From all indications the operation was highly successful and Bobbie is getting around now without the aid of a walking stick.

Telecron Electric Clock. Casey Chevrolet, wash and grease job.

Henson Grocery and Station, 1 25 lb. sack Gladiola flour.

New Section Shows Pay in Bronte Field

Oil play at Bronte has rebounded with new interest when a big strike was indicated in Placid Oil Co. No. 1 Robert Forman in the northeast corner of the new field west of the town.

The Forman test ran into salt water in the Palo Pinto formation, which is now producing for five wells in the area, but operators drilled 600 feet deeper and struck a new pay section just above 5,000 feet. On a drillstem test Wednesday recovery was 1,090 feet of high gravity oil and no water. Gas came to the surface in 10 minutes and attained a rate of 46 million cubic feet daily. The section was sand with some shale and lime.

No. 1 Forman is a north offset to Humble No. 1 Bob Hickman, an east offset to the E. C. Rawlings discovery.

The Dr. R. J. Warren test on the east side of the field, and less than a half mile from Bronte's city limits, also encountered water in the Palo Pinto around 4,000 feet.

Striking water dampened chances for drilling within the townsite, as the word went around by oil men that the east edge of the pool had been reached. Now the picture is very different.

Humble No. 1 R. R. Ash, a half mile south of the Rawlings discovery, has struck pay in the Palo Pinto, and recovered 480 feet of oil on a drillstem test. Location for No. 2 Rawlings has been made a quarter mile south of the No. 1 Rawlings and north of No. 1 Ash.

Bronte people attended a hearing before the Railroad Commission last Thursday concerning drilling rules and spacing agreements for the Bronte field. Major companies are making a determined effort to force 40-acre spacing for the townsite, but the small lot owners and independent operators are expected to be taken care of. No decision has been handed down as yet.

Important Meeting

Regular monthly meeting of the Board of Community Development will be next Monday night at 7:30 at the court house. Important committee reports will be due, including the membership campaign and the matter of urging taxing districts to clean up the delinquent property taxes. Other vital matters confronting Robert Lee include drainage of our main business street and the city water supply. All public spirited citizens should take hold and make the BCD a successful civic organization.

For Sale—1941 Ford half ton pickup, four speed transmission, good rubber. Call Butane Service Co.

Mrs. Holly Hale is here from Bellflower, Calif., for a week's visit and is accompanied by her children, Everett, Barbara and Johnny. This is Mrs. Hale's first visit back to her old home town and she is being welcomed by her many friends. Everett plans to remain here with his father.

Robert Lee schools will be dismissed Friday in order that the teachers may attend a district meeting at Brownwood.

Mrs. J. C. Strickland is improving at her home following treatment of several days last week in the Bronte hospital.

Keith Hood and wife are enjoying a visit with the latter's relatives in Providence, Rhode Island. They were accompanied on the trip east by Miss Virginia Gavin, who spent six months with the Hoods.

Important Notice

To the Citizens of Coke County: Friday and Saturday, March 11-12, is the date for the Chest X-ray Survey and I hope everyone in the community will take advantage of this opportunity to have their chest X-rayed. It is not only a privilege but a duty that should be performed in helping eradicate Tuberculosis in Coke county—J. K. Griffith, M. D.

Base Ball Meeting

Fans and players are invited to attend a base ball meeting at 7:30 Friday night at the American Legion building, according to Clarence Tinkler. Purpose of the gathering will be to discuss the organization of this year's team and get the practice season under way. Everyone is invited to attend.

Edith Field May Extend To North

Hopes for enlargement of Sun's new field west of Edith were much brighter this week, when oil was struck in No. 2 Annie Cummings. A drillstem test Wednesday from 5,822-33 feet recovered 390 feet of oil and no water. Tool was open 52 minutes and gas came to the surface in 6 minutes. Operators were taking a 10-foot core Thursday.

No. 2 Cummings is a west offset to No. 1 Cummings and north of No. 1 C. C. Millican, both good producers.

From present indications the pool may extend to the north and Sun Thursday staked No. 3 Cummings, a northwest diagonal offset to No. 2. Crudoil Drilling and Exploration Co. will have the contract and their rotary rig has been standing by since being released from No. 2 C. C. Millican. Johnnie Auten is tool pusher.

Last week No. 2 P. W. Millican was plugged and abandoned. It is a south offset to the discovery well, and followed closely the plugging of No. 2 C. C. Millican, to the west. Previously Plymouth plugged its No. 1 P. W. Millican, a quarter mile east of the discovery.

The J. C. Hawkins drilling equipment has been stacked, being dismissed when No. 2 P. W. Millican was abandoned. Frank Bickam is pusher.

Tractor Demonstration

Everyone is invited to demonstration of the new Farmall-C tractor next Thursday at the Otis Smith farm north of Bronte. The event is sponsored by Ballinger Truck & Tractor Co., IHC dealers.

More New Fords

Ivey Motor Co. reports the recent sale of new 1949 Fords to Elmo Bell, a 4-door model, Gerald Allen, pickup, Dr. J. K. Griffith, a 2-door, and Mack Powell of Bronte a 2-door.

More 4-H Honors

Following the Coke county livestock show last week, a number of the show animals went to the San Angelo show and some to Abilene. County Agent Hicks will give a report of their winnings next week.

Discouraging reports come from the bedside of Mrs. T. M. Wylie, Sr. She is being cared for in the home of a daughter in San Angelo.

Sunday guests in the home of Mr. and Mrs. Bob Patterson were their son, Herman Patterson and wife of Big Spring.

Mr. and Mrs. Johnny Toplak and children of Richmond, Calif., are here for a visit with Mrs. Toplak's parents, Mr. and Mrs. Millard Meek.

Sun Completes 2 More Producers In Silver Area

Sun Oil Co. this week completed two more wells in the Silver area, including No. 7 Jewell Brannan and No. 11 C. E. Mathers, both in the southwestern area of the Jameson field.

No. 7 Brannan flowed 363.7 barrels of oil and no water during its official 24-hour test through quarter inch choke. Tubing pressure was 875 pounds, and casing pressure 1,625 pounds. Gas-oil ratio was 1,420-1.

No. 11 Mathers flowed 322.9 barrels of oil and 19 barrels of wash water during a 24-hour test ending Thursday morning. Casing pressure was 1,400 pounds and tubing pressure 1,125 pounds. Gas-oil ratio was 1,300-1. Both wells were completed naturally.

Baker-Taylor's rotary rig was released at 8 a. m. Thursday from the Mathers location and will be stacked for the present at the company's yard at Silver.

Brannan No. 6 resumed drilling Thursday morning after setting 9 5/8 inch pipe to a depth of 522 feet. Ray-Harris is the contractor, moving its equipment from the completed Brannan No. 7.

Homer Jameson No. 15 ran tubing for completion Thursday, total depth being 6,404 feet.

No. 2 Beatrice Anderson was flowing to pits Thursday noon after swabbing. Total depth is 6,436 feet. Location is just north of the Silver school house.

No. 1 Billie Hanks was drilling Thursday in shale and sand at 5,631 feet. Location is two miles east and south of Sun's nearest producer in the Jameson field.

State River Tract Well No. 1 was drilling in shale at 2,617 feet. Drilling equipment is located on the north bank of the Colorado River and will explore the formation under the river by directional drilling.

South of the river at Silver, Central Bank-State Unit No. 1 was drilling ahead in shale and sand at 6,341 feet. Elevation is high and there have been no shows except a heavy gas pocket in the sand below 5,800 feet.

Central Nat'l Bank, Trustee of Blanks Estate, pumped 87.68 barrels of oil and no water in a 24-hour test this week. The well was completed in sand to a depth of 5,860 feet, with tubing set to 5,737 feet.

Volley Ball Winners

Robert Lee high school girls won the consolation championship in the 16-team volley meet at Paint Rock last week. It was a good showing for the local gals, who played basket ball the past season and had very little practice at volley ball. In the first round Robert Lee was nosed out by the fast Rochelle club. In the consolation round Robert Lee defeated Eden and Bronte and took the final game from Paint Rock, 32-23.

Mrs. Cecil Danford and daughter, Kaye, of San Angelo have been spending the week in the home of her parents, Mr. and Mrs. P. W. Millican, at Edith.

L. T. Youngblood of Bronte and G. A. Allen of Robert Lee, president and secretary of the Upper Colorado River Authority, were in Galveston the first of the week when bids were opened by Army Engineers for additional work on the San Angelo flood control dam. It is a project of the UCRA.

WEEKLY NEWS ANALYSIS

Big Business Flayed in T-H Row; Unemployment Increases in U. S.; Soviets to Keep Prepared for War

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

BIG BUSINESS HEARD ON T-H LAW . . . Charles E. Wilson (right) president of General Electric, testifies at senate labor committee hearing on Taft-Hartley bill. With him, at left, is L. R. Boulware, vice-president of General Electric. Their conclusions: The law is a "good law with wise safeguards in labor-management relations." That labor thought otherwise is shown by the placard Wilson holds.

LABOR LAW: 'Trouble, Trouble'

In the field of liberal—or, as some would term it, even "left wing"—Republicanism, the GOP's Sen. Wayne Morse of Oregon was conceding nothing to no man.

THE SENATOR was vocally and vociferously hurt. The defense of the Taft-Hartley law by "big business" was giving the senator no rest and he meant to let everyone know about it.

With little originality but much vigor, the senator was crying that the attitude of many defenders of the Taft-Hartley law was a "Judas betrayal of the capitalistic system."

IN A SUDDEN onslaught against many of the business men who have appeared before the committee in defense of the measure, the senator declared their attitude is "shocking . . . selfish . . . class-conscious . . . un-Christian."

In contrast, he praised Senator Taft (R., Ohio) whose name the law bears, for his "fair-minded objectivity" in considering testimony on the "shortcomings" of the act.

Morse declared he and Taft are "much nearer together on the need for a law less drastic against labor" than they were in 1947 when the act was passed.

MEANWHILE, sentiment was growing among congressional observers that with every day of delay on legislative consideration of Taft-Hartley law repeal, there increased the probability of labor's failing to get as many of the law provisions outlawed as they might hope to do.

A major battle was shaping up on the proposal, with many legislators evidencing a dawning conviction that perhaps it would not be wise to scrap the Taft-Hartley law in its entirety and replace it with some version of the Wagner act.

JOBLESS: 3 Million Out

At present count the number of jobless in the United States stood at three million.

However, according to the experts, there was no cause for immediate concern. Commissioner Ewan Clague of the federal bureau of labor said the time to become alarmed would be when the unemployed total reached five million and stayed there.

Would it reach five million? THAT WAS A POINT on which the experts disagreed.

Those who were loudest in pointing to the possibility of a depression pointed out that in just three months the jobless total had jumped from 1.8 million to the present three million. That was a rate of acceleration which, they claimed should cause everyone to be alarmed.

Time was an element, Commissioner Clague contended. Wait, he said, until the spring weather begins to revive the construction business and Easter trade and then "we'll be able to tell better just where we're going."

The federal official noted there was a drop of 1.75 million workers in non-agricultural jobs between mid-December and mid-January. Part of this was seasonal, he said,

Fraternity Man Chooses Mind Over Gastronomics

Culture had won a minor triumph.

At Ann Arbor, Mich., Paul H. Smith, University of Michigan junior was about to have at it with a hog for eating capacity honors.

Thinking better of the idea, he changed his mind.

Reason, it appears, had raised its awesome head.

Smith declared that, on second thought, it occurred to him that the contest might be a "reflection" on himself and his fraternity.

Fraternity men from high above Cayuga's waters to the Rose Bowl breathed easier, buckled anew to their academic tasks.

but the overall decline was greater than normal.

SIGNIFICANT was a report of Robert G. Goodwin, director of the bureau of employment security, who said that the number of people receiving jobless benefits increased by 62,000 to a total of 1,784,000 during the week ending February 12. In the same week in 1948, there were 1,030,000 such claims.

Employment or its lack has always been a major factor of indication in an evaluation of the nation's economic condition because of the simple fact that in past recessions general unemployment has always preceded periods of national depression.

RUSSIANS: Big War Talk

The Russians must keep prepared for war.

That was the message of Soviet Marshal Nikolai A. Bulganin, Soviet minister of armed forces, in a statement in an order of the day marking the 31st anniversary of the Red army.

The Marshal named the possible enemy—the United States.

Bulganin added that the "ruling circles of the United States which seek to establish their world domination by force pursue a policy of aggression and of unleashing a new war."

The language was strong, even for the Russians. Was it the beginning of a campaign by the Soviets to prepare the mass Russian mind for conflict?

It could be. Bulganin played on fears and prejudices which might well lay the groundwork for calling the Soviet people into war. Intimating the possibility of attack, he assured the Russians that the "Soviet people may rest assured our army, air force and navy will vigilantly stand guard over their socialist homeland."

THE UNITED STATES was the only western power singled out by the marshal in his order of the day.

But there was a naive element of braggadocio in all the anniversary statements. It seemed Lt. Gen. S. S. Shatilov, deputy chief director of the political board of the armed services, was trying to "whistle past the graveyard" when he stated that in its early days the Soviet army had "routed the hordes of 14 powers.

DEATH SPRAY: Nazis Had It

Out of Mountain View, Calif., came one of the most chilling, awesome post-war tales of what might have been in World War II.

It was about a "death spray"—a spray so fatal that if a spot of it the size of a dime lay on a person's skin, that person was doomed.

THE SPRAY was described as being potent enough to knock out whole divisions of men in exposed positions.

A dime-sized spot, unless wiped off quickly, would kill a man in two minutes. It would penetrate ordinary clothing and some types of gas masks.

Authorities for these statements were U. S. army engineers who destroyed 125,000 tons of the spray where it was stored in carefully hidden caves in Bavaria.

Maj. James M. Graham of the engineer corps said the Germans called the chemical "tabun," a combination of the scientists who invented it. According to Major Graham, who had charge of the disposal of the chemical, "tabun" was a military secret until about six months ago when some information concerning it leaked out to the American public. One thousand tons were spared from destruction and shipped to the army proving grounds at Aberdeen, Maryland.

THE MAJOR said the stuff is nearly odorless that a person has to know exactly what he is smelling before he can detect it with his nose. It has a faint fruity flavor and looks like crankcase oil.

Then the Major said something that would add no comfort to those who fear a war with Russia. He said that the scientists who developed "tabun" were in Berlin when the Russians took over and probably became subject to Soviet control.

Speculation was that it was not used by the Germans because of a reluctance to engage in chemical warfare for a lack of knowledge of what weapons in this field might be possessed by the Allies.

OLIVER TWIST: Fagin Is Issue

Intelligent Jews would draw little consolation from the violent acts of their fellow men in multi-torn Berlin.

With the world on tenterhooks over the possibility of a third world war and with the issue of Palestine not yet completely settled as it affects the Jews, a mob of Berlin Jews saw fit to demonstrate over the showing of a British-made film.

THE FILM was "Oliver Twist," a story familiar to almost every English-speaking schoolboy and, apparently, familiar to a great many Jews as well.

The Berlin Jews, it seemed, couldn't stomach the Dickens creation, Fagin, one of the major characters in the story. Fagin, depicted as a Jew, is an unlovely character who teaches children to steal for him and accords them brutal treatment.

The charge that the film was "anti-Semitic" was hurled by the Jewish demonstrators. Their demonstration was effective. It resulted in temporary withdrawal of the film. German police hospitalized some of the rioters, but said they could not continue to protect the theatre.

THE ENTIRE AFFAIR provided a disturbing spectacle. Berlin, supposed to be the proving ground of the ability of nations to work together, has become, instead, the malodorous corpse of that conception.

People Are Funny

And, people are funny. In many of the things they do. This woman, Charlotte Kierstein, 23, on probation for a check swindle verdict, couldn't keep a job. Suspicious employers fired her 14 times. Then, jailed at her own request, her story hit the papers and now she's been deluged with jobs. Her past will make no difference.

AROUND THE HOUSE

When storing boxes on top shelves, attach tags to long cords so you can read what is in them without climbing up a chair or ladder—saves time and energy in locating just the box you want.

When airing clothes outdoors on hangers, fold fruit jar rings over line and slip hangers through loop ends to help prevent clothing from swinging down the line.

Food chopper won't slip off the table when grinding meat if you place small pieces of sandpaper between the clamps and the table.

Paint your hoe handle with 1-, 1½-, 2-, and 3-foot markings for a handy measuring guide when you plant your garden.

Use long, sweeping strokes when ironing cottons and linens — for easier and more satisfactory results.

Treat linoleum around the sink with an application of automobile wax to prevent spotting and water-soaking.

Christ of the Andes

The bronze statue known as the Christ of the Andes, on the border of Chile and Argentina, was erected in 1902 to commemorate peaceful settlement of a boundary dispute between the two countries.

Make that water walk downhill

Water that runs downhill runs away with your precious topsoil

IT doesn't take a "gully-washer" or a "goose drownder" to rob you of your precious topsoil. Bare land, up-and-down-hill row crops, and over-grazed range all invite rain to escape without working for you—and to erode your topsoil away. But sod or cover crops act like a blotter to absorb and hold the growth-giving water. Slopes and hillsides tilled on the contour, with alternating strips of crop-land and grass, save maximum amounts of water, hold erosion to a minimum. Flatter fields may be subsurface-tilled to keep the protective rain-absorbing trash on top. Correct rotations of crops, which include plow-under crops, will help absorb and hold moisture.

You need lots of water. It takes about 200 barrels of water to grow one bushel of corn. That's around 625,000 gallons for every 100 bushels. And most other growing plants also require large amounts of moisture . . . You can't control the amount of rainfall you get. But you can conserve it, so that every drop does the best possible job of making grass or crops for you.

As farmers and ranchers in every state well know, water has a "split personality." It can

be your ally, or a devastating foe. Lashing rains can erode away inches of fertile topsoil in a short time. But it takes nature 300 to 1,000 years to rebuild each lost inch. That's why the control of water is so important in a good land management program. Considerable progress in erosion control has been made in the past ten years. But we've still got a long way to go! Hundreds of millions of productive acres are endangered by erosion and gullying. They're washing away! Only good land management can save our soil and keep America strong. It will pay you—and all of us—to make that water walk downhill.

Growth

As every boy and girl should know, Big oaks from little acorns grow. And that's the way with business, too. Your growth depends on the job you do.

Gustavus Swift, away back when, Slaughtered a heifer, and he then Peddled the meat, also the hide. Got back the cost . . . a small profit beside!

From that small start in this big land Swift kept pace with the job at hand. As the job grew bigger, Swift grew, too. Yes, growth depends on the job you do!

New Grass Varieties

by Wilkie Collins, Jr.
Soil Conservation Service
Lincoln, Nebraska

Wilkie Collins, Jr.

Good pasture is the key to production of more meat, milk and wool, at lower cost. In addition, a good cover of grass protects your soil against wind and water erosion. When you have improved pasture, or range, good livestock and a sound conservation program, you have a profitable combination.

Many new grasses have been developed in recent years. Several of these promise to become real money-makers for livestock men. They out-yield old grasses, give a longer grazing season, and provide better soil protection.

1. **Smooth Brome**—The Lincoln, Auchenbach and Fisher strains give higher yields, are easier established and withstand summer heat and drought better in the central, eastern and southern brome areas.

2. **Intermediate Wheatgrass**—A high-yielding, sod-forming, cool-season grass that is easier to establish than most varieties. It is highly palatable and does exceptionally well in the central and northern plains and western mountain area.

3. **Sand Lovegrass**—Highly palatable, especially well adapted to sandy soils.

4. **Tall Wheatgrass**—A high-yielding cool-season bunchgrass that does better than other grasses under alkaline conditions.

5. **Ky-31 Fescue**—High-yielding, supplies longer grazing, especially good for southern and south-eastern states.

6. **Russian Wild Rye**, Blackwell Strain of Switchgrass, Hays Buffalo Grass, Yellow Bluestem and Sweet Sudan are other new or improved grasses for adapted areas.

Grasses usually give higher yields and better quality forage when grown in association with an adapted legume.

Martha Logan's Recipe for

BEEF PLATE WITH HORSE RADISH SAUCE

(Yield: 3 to 4 Servings) ½ cup sliced onions
1½ pounds beef plate floured ½ cup chopped celery
2 tablespoons shortening or celery leaves
1 teaspoon salt 1½ cups water

Cut meat into serving pieces and dip in flour. Melt shortening in heavy kettle. Brown meat well on both sides. Add salt, onions, celery, and water. Cover and cook 3 hours. Serve with Horse-radish Sauce.

HORSE RADISH SAUCE—Melt 2 tbsp. butter or margarine in a saucepan, blend in 2 tbsp. flour, mixing well. Slowly add 1 cup milk, stirring until well mixed, and thick and smooth. Add 1 tsp. salt, 3 tbsp. lemon juice, 1 tbsp. sugar, ¾ cup horseradish. Cook over low heat until thoroughly heated.

A System that Works!

I get riled up when I hear talk of changing our system of government, or our system of doing business, here in America. Sure, there's always room for improvement. But you can improve a house without wrecking the building!

Any system that produces worthwhile results must be a pretty good one. I think our way of doing things has worked out mighty well for Americans.

Here we are—about 6% of the world's population, living on less than 6% of the world's land. Yet, through what I like to call our "three I's"—Initiative, Ingenuity and Industry—we have created the American way of life. We enjoy greater freedoms than the other 94% of the world's people. We have educational opportunities for all . . . schools, colleges, universities, libraries. And 48% of the world's radios. As just one measure of personal comfort and convenience, we have 92% of the world's bathtubs. We have a motor vehicle for every four people. And more than 286,000 miles of paved roads for them to run on.

Most important of all, thanks to your system of agricultural production, we have plenty of food for all of us—and enough to help feed our less fortunate neighbors. Yes, I think it's worth getting riled up in favor of the American System now and again.

Edith Echoes

By Mrs. J. T. Thetford

Mrs. Margaret Sparks spent the weekend in Stamford with her parents, Mr. and Mrs. Henry Leib and her sister, Mrs. William C. Taylor.

The following students of the Green Mountain school are on the Honor roll for the first six weeks of the second semester:

Sixth grade, Janie Hoglund, Betty Burson, Leona Long, Buddy Millican, Lynn Davidson and Bill Sellers; Fifth grade, Nell Burson; Fourth grade, Fredrick Ashworth, Joe Harmon and Dee Jay Garvin; Third grade, Bub Burson; Second grade, Helen Long, Wanda Sellers, William Hoglund and Jerry Tinkler; First grade, Jimmie Lee Garvin, Douglas Ashworth and Paul Tinkler.

All the students will make Red Cross posters in art classes this week.

Sammie Joe Duncan returned to school Monday after several weeks of illness. We are glad Sammie Joe is in school again.

Mrs. Margaret Sparks, principal of the Green Mountain school, has been appointed chairman of the Red Cross campaign drive for Edith. The campaign extends through the month of March. Every one is urged to respond. The Red Cross serves every county and community in our country. Mrs. Sparks hopes to raise the quota for Edith as soon as possible. Ben Oglesby of Bronte is the Red Cross chairman of Coke county.

The School club will meet Friday afternoon March 18 in the school auditorium. After the program a birthday party will be in honor of Wanda Sellers, Betty Carrol Tinkler and Doris Davidson. All are invited and welcome to come. A very interesting program will be given by all the students. Mrs. Sparks is club sponsor.

School will be dismissed Friday. Mrs. Sparks will attend the District Teachers Convention at Brownwood Friday and Saturday.

Last Sunday Mrs. S. G. Danford was surprised with a birthday dinner.

One of the guests arrived Saturday evening to see that Mrs. Danford got off to Sunday school early so that the other guests would have time to prepare the surprise while she was away.

When she returned from Sunday school the guests were ready and when she opened the door they sang, "Happy Birthday."

The table was decorated with a beautiful bouquet of flowers and a turkey dinner with all the trimmings. The gift was a beautiful Hamilton Beach Mix Master. The guests were Helen Bailey, Clyde Biggs and family, Bill Ratliff and

family, Cecil Danford and family, all of San Angelo, W. G. McAlpine and family, Mrs. Ollie Richie of Eldorado, Texas, Wesley McAlpine and wife of Ft. Stockton, H. G. Biele and wife, Bob Whaler and wife, Ben Schooler and wife of Abilene, Tommie Queen and wife of Ballinger, Walter Averitt and family of Chalk, Texas.

Visiting in the Delmir Sheppard home this week is their granddaughter, Jane Ann Sheppard.

Mr. Harman Edge of Lubbock, visited in the J. T. Thetford home this weekend.

Mr. and Mrs. J. C. Snead, Sr. and Douglas Snead and family spent Sunday evening with Mrs. T. M. Freeman.

Mrs. Homer Carwile was admitted to a hospital in San Angelo for an operation. We haven't heard from her to date but we are hoping the best for Mrs. Carwile.

Baptist WMS

On Monday afternoon the Missionary Society met in the home of Mrs. W. J. Cumbie for their monthly Bible Study. The group is studying "A Year's Missionary Tour of the Bible," by Mrs. Theron Fouts. In the absence of their teacher, Mrs. Victor Wojtek, the study was conducted by Mrs. Fred Blake from the books of Exodus, Leviticus and Numbers. The hostess served coffee and cake to 12 members who were present.

Letter to Telegram Senders

Ladies and Gents:
What is the sense in protesting against the use of a blackjack when at the same time you are pounding yourself on the head with six feet of lead pipe? Deluging state legislatures and the national congress with wires demanding that something be done about mock trials in the Kremlin pattern is all very well, but what about us all personally doing a little less cheering, hat tossing and voting here on home grounds for candidates for city, state, and national office who are known to be so far to the left that a slight breeze could send them over to the Moscow line? Huh?

Is there anything screwier than expressing indignation over the Cardinal Mindszenty outrage, with its threat to religion everywhere on earth under communism, and then taking it on the double to the polls to vote into office leaders who are not wholeheartedly for the American way?

Eternal vigilance is the price of liberty, not eternal telegrams. Americans must wage this fight at the polls not at the Western Union offices. Ballots, not wires or postcards are Uncle Sam's first line of defense if he is really indignant over that Hungary trial and wants to make sure that no court routines of that type ever come to America.

If I were a congressman I would answer all wires with a terse, "Received your telegram urging me do something. Fine idea. What are you doing besides sending wires? Are you by any chance among those millions of easily-fooled folks who by word, deed or vote make the way easy for the Communist routine in America? Don't answer too fast. Sit down and give your conscience a good checking up."

This country's Number One Loons are the boys and gals who think they can stop the "reds" and "pinkos" by Western Union instead of by an all-out determination never to support for any office (government, labor union or chowder club) any candidate who has a smile for the Kremlin way. All Russia laugh up its sleeve at that kind of hypocrisy. They love it and count on it. And they have been getting it from plenty of telegram senders.

You can't stop by wire an evil which you are not trying to stop by your own love of country and mental alertness. It makes no sense.

I don't mean to lay off telegrams of protest against persecutions of the church and defiance of all the rules of human justice. They help. But you're just performing in a squirrel cage if you rush off a wire of indignation in the morning and dash off in the afternoon to vote into office some crumb you know very well is the type who might play footsie with Pal Joey.

There is no percentage in yelling for the eradication of rats and at the same time voting for looser storage of sharp cheese.

Yours for a little horse sense,

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Effie Carwile visited at Sanco Saturday night and Sunday. She went to San Angelo to be with her brother and wife, Mr. and Mrs. Homer Carwile, as the latter was scheduled to undergo surgery Monday afternoon at Shannon hospital.

We had a nice group out for Sunday School at the Baptist Church. Bro. Robert Fike of Abilene preached the 4th Sunday in February and will return again the fourth Sunday in March. Everyone remember the date and come.

There has been a childrens meeting going on at the Evangelical Methodist church every Wednesday and Sunday night. Mrs. Paul and Mrs. Fred Killam sponsored a social Friday night at the Ernest Adkins home when a large group of children were present. Games were played and refreshments of cake, cookies and punch were served.

Bro. Ulmer Bird preached at the Evangelical Methodist church Sunday morning and evening.

Mr. and Mrs. Sam Fowler and children visited Sunday afternoon with their son, Mr. and Mrs. Charles Fowler.

Patricia Fowler returned last Tuesday morning from the Bronte hospital where she had been a patient for a week. She underwent an appendix operation and then took the measles. Patricia is doing fine and returned to school this week.

Mrs. Paul Brown Is Recovering From Injury

Good reports come from Mrs. Paul Brown and her 3-year-old grandchild, Merriet Lewis, who were injured Tuesday afternoon of last week when they were returning to their home in San Angelo after a visit in Robert Lee.

Mr. Brown said he was driving about 60 miles per hour four miles north of San Angelo, when the child fell out of the car. She was riding alone in the back seat and in some manner unfastened the car door. The driver put on brakes immediately, but the machine had not come to a stop before Mrs. Brown attempted to get out and rush to her grandchild's aid. The woman was thrown to the pavement suffering a badly fractured hip.

Merriet was scratched and bruised but no serious injuries were apparent. Both were rushed to the hospital. Mrs. Brown did not undergo surgery, as was previously reported, and her condition this week is very favorable. The little girl was released from the hospital the next day.

The Browns are former well known Robert Lee residents. Mrs. Brown is the former Opal Bell, daughter of Mrs. W. H. Bell. Merriet is the daughter of Mr. and Mrs. Arch Lewis, Jr.

President's Rights

IF THE QUESTION were put up to you, whom shall I go along with—President Andrew Jackson, Abraham Lincoln, Theodore Roosevelt and Harry Truman, or with James Buchanan and William Howard Taft, what would be your decision?

President Truman recently declared that he had the inherent power as a result of his office to go to the courts for whatever power he needed to stop strikes aimed at the welfare of the American people. He said that his attorney general Tom Clark had ruled that this power was inherent in the constitution which charged the President with the general welfare except where precisely prohibited by the constitution.

The question was raised by the move to repeal the Taft-Hartley act which specifically gave the President power to ask for injunctions from the courts in cases of national emergency. The President said he wasn't concerned about that provision since he already had the power although he was not averse to having the power spelled out.

Andrew Jackson took the same position on many questions but specifically on the Bank of America issue. Abraham Lincoln took the same position on a dozen questions in his moves to save the union. Theodore Roosevelt, who took office with views in advance of his time and who was the forerunner of the liberal viewpoint as we consider liberals today, declared in his autobiography:

"The course I followed of regarding the executive as subject only to the people and, under the constitution bound to serve the people affirmatively in cases where the constitution does not explicitly forbid him to render the service, was substantially the course followed by Andrew Jackson and Abraham Lincoln."

Ironically enough, or perhaps naturally enough, the man who is now the chief challenger of President Truman in his stand is Sen. Robert A. Taft, son of that president, William Howard Taft, who was the successor of Theodore Roosevelt in the presidency.

We are going to hear a lot more about this battle which on one hand holds that the President is the servant of congress rather than of the people, as Senator Taft believes, and can do nothing for the welfare of the American people unless the constitution explicitly commands action.

This reporter is willing to go along with Jackson, Lincoln, Theodore Roosevelt and Truman on the theory that the President has a right under the constitution to act for the general welfare of the American people despite congress, just as long as the constitution of this country does not expressly forbid that action.

Wallgren Heads NSRB

Gov. Mon Wallgren, the lame duck senator and governor from Washington, has been named chairman of the national security resources board by President Truman as a man most apt and fitted by training for the job.

The President pointed out that Wallgren, who was a member of the war investigating committee of which Truman was chairman as a senator from Missouri, has had specific training for the job. As a matter of fact, the President by this appointment of one of his close friends recaptures one of the most important positions in Washington from the military establishment.

The President recently has veered away from naming military men to key jobs. He moved the national security resources board out of the Pentagon and into the old state department building across the street from the White House.

He eagerly accepted the resignation of Arthur Hill of the Pennsylvania railroad and the Greyhound Bus company as chairman and since, has had this important board in the hands of his secretary, John Steelman, for the time being. The board has the job of building up stock piles of strategic materials, a most important job not only in war but in peace times.

HOUSEHOLD MEMOS... by Lynn Chambers

Serve Home-Made Rolls Often! (See Recipes Below)

Bake at Home

HOMEMAKERS who want to keep up their morale will find satisfaction in the praise of the family. Such remarks as "Oh, boy, mom is making those rolls for dinner tonight," or "The house smells wonderful with that bread baking," bring a lift and a lilt to the heart of many of us besieged with the routine of endless cleaning, dusting, laundry and preparing meals.

No longer need there be an excuse for not making yeast-raised breads and rolls at home, for methods have become exceedingly simplified recently. You don't even have to knead these delightful concoctions any more, and in many cases, one rising is sufficient.

No-knead rolls and bread are light and delicious. They do not have quite as fine a texture as breads which have been kneaded, but this is a small matter, especially when you can have fragrant yeast rolls so quickly.

The recipes for quick rolls of this type are quite different from others you've used. Less flour is used and the dough is soft. The directions given in this column have been carefully tested, so be sure to follow them closely, and you'll have amazing success.

FOR THIS SEASON of the year one recipe which you'll want to use often, is that for hot cross buns.

Hot Cross Buns (Makes 18)

- 1 cup scalded milk
- 1/4 cup shortening
- 1 tablespoon sugar
- 2 teaspoons salt
- 1 package yeast, compressed or dry granular
- 1 egg
- 3 cups sifted, all-purpose flour
- 1/2 cup raisins
- 1/2 teaspoon cinnamon

Combine milk, shortening, sugar and salt. When lukewarm, add yeast and mix thoroughly. Blend in egg, then add gradually the flour with raisins and cinnamon and mix until well-blended and soft. Place in a greased bowl and cover. Place dough in refrigerator until needed, or allow to rest for

10 minutes before shaping. Form dough into buns and place on greased baking sheet. Let rise in a warm place (80° to 85°) until light, about 45 minutes. In the meantime, combine one well-beaten egg white with two tablespoons of cold water and brush the tops of the buns with the mixture just before baking. Slash a deep cross on top of each bun with a sharp knife, after they have risen. Bake in a hot (425°) oven for 20 minutes.

Combine four teaspoons of milk with one cup sifted confectioners' sugar and one-fourth teaspoon vanilla. Drip this mixture over the buns filling the crosses, while the rolls are still hot.

Omit the raisins and cinnamon from the above recipe and use it for caramel rolls, as follows:

Caramel Rolls

Spread the dough with one and one-half tablespoons butter, melted, one-fourth cup brown sugar and one teaspoon cinnamon. Roll and cut into one-inch pieces. Combine one-half cup brown sugar, three tablespoons honey-flavored corn syrup and one tablespoon butter. Spread about one tablespoon of this mixture in greased muffin tins and place in cut pieces of dough. Let rise until light, then bake in a moderately hot (375°) oven for 15 to 20 minutes or until golden brown.

There's an old-fashioned hot bread which grandmother used to make, potato rolls, a recipe which has now been brought up-to-date with streamlined technique to speed the process.

***Potato Rolls (Makes 2 dozen)**

- 1 cup scalded milk
- 3 tablespoons shortening
- 1 tablespoon sugar
- 2 teaspoons salt
- 1 package yeast, compressed or dry granular
- 2 eggs
- 3/4 cup hot, mashed potatoes (unseasoned)
- 4 cups sifted all-purpose flour

Combine the milk, shortening, sugar and salt. Add yeast and mix well. Blend in beaten eggs and mashed potatoes. Add gradually the flour and mix until well-blended and dough is soft. Store dough in refrigerator or cold place for at least two hours or until needed. The top of the dough should be greased.

When ready to use, roll chilled, dough to one-half inch thickness on a floured board. Cut with a two and one-half inch cutter. Place on a greased baking sheet. (Or, shape rolls into any shape desired, like parkerhouse, cloverleaf, twists, braids, bowknots, etc.) Let rise in a warm place until doubled in bulk, about one and one-half hours. Bake in a moderately hot (400°) oven for 15-20 minutes.

Orange Bread (Makes 1 loaf)

- 1 cake yeast, compressed or dry granular
- 3/4 cup lukewarm water
- 1 beaten egg
- 2 tablespoons melted shortening
- 1 teaspoon salt
- 2 tablespoons sugar
- Grated rind of 2 oranges
- 3/4 cup orange juice
- 4 cups flour

Dissolve the yeast in water. Add the beaten egg, shortening, sugar, orange rind and juice. Stir in flour, mixing until smooth. Add more flour, if necessary, to make dough easy to handle. Let rise in bowl until doubled in bulk. Place in a greased loaf pan and let rise again until doubled in bulk. Bake in a hot (400°) oven for 10 minutes, then reduce heat to moderate (350°) and bake for 45 minutes longer.

To Relieve Your Cough, Mix This Recipe, at Home

You'll be surprised how quickly and easily you can relieve coughs due to colds, when you try this splendid recipe. It gives you about four times as much cough medicine for your money, and you'll find it truly wonderful. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. (Or you can use corn syrup or liquid honey, instead of sugar.) Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This makes a full pint of medicine that will please you by its quick action. It never spoils, and tastes fine. This simple mixture takes right hold of a cough. For real results, you've never seen anything better. It loosens the phlegm, soothes the irritated membranes, and eases the soreness. Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

Gold Star Award For Elna Jameson

Elna Avis Jameson, daughter of Mr. and Mrs. Allen Jameson of Silver and a member of the Robert Lee 4-H club, was selected as Coke County "Gold Star Girl of 1948." She is 15 years old and having started her club work at the age of 9, this is her sixth year of 4-H activities, and she has exhibited leadership and ability along with her achievements.

Among Elna's large collection of awards we find that she has won seven blue ribbons and a gold pin for garden work. Elna's name was placed on the "I Dare You" honor roll, a trip to the 4-H Round-up at A. & M. College was won for outstanding club work and many articles of clothing were made along with the raising of calves, chickens and gardens.

The Gold Star award was made at the 4-H Achievement Day Banquet, December, 16, 1948.

Due to the fact that there was no Home Agent in the county at the time the award was given there was no report made to the local newspaper.

Cpl. Preston Ross enjoyed a three day leave with home folks here the first of the week. He is stationed with the Air Force at Kelly Field near San Antonio.

Mr. and Mrs. J. W. Denman and Mr. and Mrs. B. B. Pierce motored to Denver City for a weekend visit with the former's sister, Mrs. M. B. Pate, and family.

Safeguard That Youth

As the beautiful animals passed in review at our own Livestock Show Tuesday, well bred, well fed—in spite of the drouth—and carefully groomed, everyone who saw them must have felt a sense of pride. Not just pride in the animals themselves, pretty as they were, but pride in the ranchers and farmers who are developing their flocks and herds so that their animals can stand among the best, and pride in the boys and girls who have cared for those animals as their special charges.

Who could describe the light of heaven in a boy's eyes when he steps forward to receive a blue ribbon, token of many long hours of careful and hard work? What farmer would not give one of those animals the very best care possible? Would he hesitate to haul that animal 30 miles to a veterinarian or pay the fee?

Even though the animal did not represent a significant investment in itself, no father would knowingly permit his son to be disappointed and not get to show his calf, or lamb, or pig.

Yet that 17 year old son might have tuberculosis in its first stages, when it would be a relatively easy matter to arrest it and assure him of normal health. Surely no father will pass up the opportunity to have a free chest X-ray made by expert technicians in Robert Lee, March 11 or 12, of everyone in the family 15 years of age or older.

If you wait until there are obvious symptoms, you have waited too long. The sure way is a CHEST X-Ray.

CITATION

State Of Texas
County Of Coke

To Addie Ward and H. L. Ward, husband of Addie Ward, defendants in the hereinafter styled and numbered cause:

You, and each of you, are hereby commanded to appear before the District Court of Coke County, Texas, to be held at the courthouse of said county, City of Robert Lee, Coke county, Texas, at or before 10:00 o'clock A. M. of the first Monday after the expiration of forty-two days from date of issuance hereof; that is to say, at or before 10:00 o'clock A. M., Monday, the 4th day of April, 1949, and answer the petition of George F. Powers, Floyd Powers, W. D. Powers, M. M. Powers, George Asbury Elledge, J. D. Elledge, Marvin Elledge, Mary Etta Tracy, joined by her husband, Charles Tracy, Estella Violet Sparks, joined by her husband, Luther Sparks, and S. E. Adams, plaintiffs in Cause No. 1760, styled George F. Powers et al vs. Addie Ward et al, in which the following persons are plaintiffs: George F. Powers, Floyd Powers, W. D. Powers, M. M. Powers, George Asbury Elledge, J. D. Elledge, Marvin Elledge, Mary Etta Tracy, Charles Tracy, Estella Violet Sparks, Luther Sparks, and S. E. Adams; and the following persons are defendants:

Addie Ward, H. L. Ward, Sallie Cook, Fred Cook, Pearl Harris and Ed Harris, Anna Epperson, J. E. Epperson, Beulah McCutchen, R. W. Field, Green Field, Newton Field; which petition was filed in said court on the 9th day of November, 1948, and the nature of which said suit is as follows:

Suit for partition or sale and partition of the proceeds of the following described land alleged to be situated in Coke County, Texas, to-wit:

All of the Northeast one-fourth of H. & T. C. Ry. Co. Survey No. 157, Block 2, described by metes and bounds as follows:

Beginning at the N. E. corner of said Sy. No. 157, same being the S. W. corner of H. & T. C. Ry. Co. Sy. No. 153, Block 2 and the S. E. corner of H. & T. C. Ry. Co. Sy. No. 152, Block 2; Thence S. along the W. boundary line of said Sy. No. 156 950 vrs. for corner in said boundary line; Thence W. parallel with the S. line of said H. & T. C. Ry. Co. Sy. No. 157 950 vrs. for corner of this tract; Thence N. parallel with the E. boundary line of said Sy. No. 157 950 vrs. to a point in the N. boundary line of said Sy. No. 157 and the S. boundary line of said Sy. No. 152 for corner; Thence E. with the S. boundary line of said Sy. No. 152 to the place of beginning; being 160 acres of land, more or less;

Which said land plaintiffs allege to be jointly owned by plaintiffs and defendants the plaintiffs jointly owning and holding 155-160ths thereof and the defendants owning and holding, jointly, 5-160ths thereof.

Plaintiffs pray for partition of said land as the interests of the parties appear, and, in the alternative, that said land be sold and the proceeds thereof divided. Plaintiffs further pray that cost of court, including the costs and the procedure of partition and selling of said land on judgment entered pursuant to said partition be assessed against the defendants, jointly and severally.

If this citation is not served within ninety (90) days after date of its issuance it shall be returned unserved.

Yes, a penny's **BIG** money!

When you spend it for electric service, of course! That important little penny will do any one of these things for you...

It's amazing what your electric penny buys in comfort and efficiency and real living values. It takes a lot of skill and experience—yes, and sound business management—to keep electric service the biggest bargain in your budget today. (And this, remember, in spite of the rising costs of making electric service available to you!) Truly, electric service does a lot for a little!

God's Signature

Lesson for March 13, 1949

IN A STRANGE city you may suddenly need to be identified. Some suspicious clerk wants to know if your signature is genuine. It is a fair challenge, for too many liars are in circulation. Jesus himself had to furnish identification. No less a person than his old friend John the Baptizer had grown uneasy. "Are you the one we are looking for," he inquired, "or shall we look for someone else?" Jesus' answer to John was not to discuss the theology of the Incarnation, or anything of that sort. He just went about his usual day's work.

Dr. Foreman

In the course of that day he cured a good many sick people, and preached to some very poor people. "Now go back," he said, "go back and tell John what you have seen and heard." What those men saw that day was what Jesus at another time called the "finger of God," the genuine divine signature.

Jesus wrote no book, no letters even; he wrote in action, and his acts were the handwriting of God. It is important to see where Jesus underscored that writing. It is true, his healings were what we call miracles. But Jesus did not even mention that feature.

What he asked JOHN to notice was simply this: the blind see, the lame walk; lepers are cured, the deaf hear, the dead are raised, and (as a climax!) the poor hear good news.

Not By Bread Alone
THE EXPRESSION, "needy people," nowadays suggests people who haven't enough to eat or wear. Jesus helped such persons; but he knew well that men's needs go beyond well-cared-for bodies. There was the poor man from the graveyard, for example,—he was happy enough. He didn't want clothes, and he was strong enough to steal all the food he could eat. All he wanted, in fact, was to be let alone. But Jesus knew that what he needed above all was a sane mind, a mind no longer run over and trampled by a regiment of devils.

When Jesus got through with him he was clothed, but that was not the best part of it. He was in his right mind. So God's signature is not only written in a sound body, it is in the sound mind. Again, at Jericho when Jesus invited himself to dinner with the pint-sized tycoon Zacchaeus, Jesus did not go just for the meal. He went because he knew that Zacchaeus needed something. Jericho needed something, too, something only Zacchaeus could give.

We do know that after dinner Zacchaeus was a changed man. He was going to give back every dishonest penny, with interest; and since he could not locate every one he had cheated, he was going to give away half of his holdings for the benefit of the poor.

What Jericho needed was a new administration, any honest one; they needed slum clearance; and Zacchaeus was going to give it to them. But first of all Zacchaeus had needed a new heart.

We Too
ALL AROUND us is a troubled world. Some men, seeing it, infer there is no God. Others conclude that if there is one, he must be bad or weak. The truth is that the signature of God is not to be found in the evil and the confusion of the world. It is to be seen wherever freedom is standing against slavery, wherever truth is pushing back ignorance, where diseased bodies are being healed, where sanity replaces madness.

More people would believe in God if they could see more of the handwriting of God. Do you want to help?

SILVER NEWS

Folks, don't forget that next Saturday is the big day for us country folks. Be sure to be on hand for the chest X-ray in Robert Lee.

Recent visitors in the Ernest Robertson home were Mr. and Mrs. A. L. Hallman of Hermleigh, parents of Mrs. Robertson and her brother, G. B. Hallman of Midland who is an oil scout for Mid-Continent.

Gerald Millican and Ernest Bloodworth spent Sunday in Lamesa with Ernest's parents, the H. L. Bloodworths and Gerald's aunt, Mrs. L. D. Rodgers and family.

Mrs. W. R. Rogers and infant son, William Robert, Jr., have returned to their home in Halliburton camp after a stay of several weeks in Big Spring.

E. M. Moreland, wife and children came over from Midland recently for a visit with the H. T. Brookshires. While here all the group motored to Winters to see Mrs. L. F. Clark.

Sunday guests in the F. A. Whitt and E. E. Bussey homes were Mr. and Mrs. Elgin Rannefeld and daughter of Roscoe and the Gerald Kennemers of Bronte.

Mrs. H. C. England of Tyler is here for an extended visit with her daughter, Mrs. Clark Rennels, and family.

A number of new families have moved into Silver recently. Mr. and Mrs. J. D. Gilbert and family are from Delhi, La. and are now living in Tubb Camp. The children are, Douglas, a Colorado City high school student and a little daughter, Betty, who will be ready for school next year. Mr. Gilbert is gas plant foreman.

The Ruff Tomlinsons came from Dublin and have a daughter, Frances, who is in the local school. Mr. Tomlinson is a welder for J. B. Scott.

Tom Lynch and wife are from near Marlin and are living in the house vacated by the L. M. Vowells. Mr. Lynch is a tester for Halliburton Co.

Visiting in the W. J. Turner home recently were Mrs. Turner's relatives, Albert McKinney and wife and M. W. Grumbles and family, all of Dallas.

The Dalton Millicans spent last Sunday in the S. D. Hoots home at Bronte.

John Shimer, wife and children spent the weekend in Wichita Falls with Mrs. Shimer's parents, the D. M. Perkins.

On Sunday March 6th Ed Snowden celebrated his 57th birthday with a dinner at his home. To share with him the three beautiful birthday cakes were his niece, Nedra Fay Snowden of Moriarity, New Mex., and Mrs. Mattie Bell Campbell of Robert Lee, whose birthdays were with-in the week.

To share his birthday dinner

were his mother, Mrs. A. Z. Snowden and Mrs. Maude Fox of Colorado City, his brother, Mark Snowden and family of N. M., Mr. A. E. Moore and Miss Eva of Silver. Visiting in his home this week and last is his only own aunt, Mrs. Jettie Elliott of Okla. City. Callers in the afternoon were Mr. and Mrs. R. B. Allen of Silver. Ed says he isn't going to have any more birthdays but we don't think he means it.

T. C. Coffey Sr. is in a Colorado City hospital ill of influenza.

Sunday visitors in the O. L. Snyder home were Mr. Snyder's mother, Mrs. J. Snyder, his sister, Mrs. D. L. Houle, and his brother, L. H. Snyder, all of Eastland.

The Frances Millican family of Spade came Sunday for a visit with the D. M. Millicans. Mrs. Bunyon Millican and son returned home with them for a few days visit.

Mrs. Ned Thomason and her mother, Mrs. C. C. Yarbrough, and Mrs. B. M. Mundell spent Sunday in Snyder with the Boyd Yarbroughs. Maurice Yarbrough, wife and little twin daughters, also spent the day with his parents at Snyder.
