## Twisters Clinch League Honors

Robert Lee clinched the Concho Basin league championship with a 3-2 victory at Forsan last Sunday. The schedule calls for only two more games and the Twisters are three full games ahead of Forsan in second place.

Forsan manufactured both their runs from three hits in the first inning, but from then on Clarence Tinkler held them in check. He gave up only five hits during the contest.

The Twisters touched Lefty Shelton for 10 bingles. Joe Dean Phillips got three out of five, and John Conley and R. W. Bowman had two hits each. Robert Lee scored once in the third and tied the count at 2-all in the fifth. Gerald Ivey came in with the winning tally in the sixth.

The Concho Basin standing:

	W	L	Pct.
Robert Lee	15	3	.833
Forsan	12	6	.667
Miles	11	7	.611
Big Lake	9	9	.500
Sonora	5	13	.278
20-30 Club	2	16	.111

With the San Angelo collegiates quitting the league, Robert Lee is left without a game next Sunday. Forsan plays at Miles and Brandy Ray and his crew can get back in a tie for second place with a win. However, they will still have to defeat Big Lake the following week.

### Join Ballinger Club

John Conley, star center fielder of the Robert Lee club, left Thursday to play the remainder of the season with Ballinger in the Longhorn league. Clarence Tinkler has been hired to pitch at Ballinger next Wednesday night against the crack Vernon Dusters.

## Interest Centers In McCutchen Offset

Union No. 2-B Daisy McCutchen was drilling Thursday at 1,459 feet in shale and shells. Location is a north offset to No. 1-B Daisy McCutchen, discovery producer five miles east of Robert Lee.

Union No. 2 Jim McCutchen, a west offset to the producer, was abandoned as a failure and the Morgan Drilling Co. rig was moved across the highway to the No. 2-B Daisy McCutchen location.

A south offset to the discovery, American Republics No. 1 Daisy McCutchen, cored from 3,945 to 3,675 feet and showed traces of salt water. The section was reamed out and drilling resumed. Donnel Drilling Co. has the contract.

Flowing 182.5 barrels of pipeline oil in 24 hours Humble No. 2 J.L. Brunson on the southeast side of the Bronte field was completed last week.

Humble No. 1. Noah L. Pruitt, wildcat 1 1/2 miles northeast of Bronte, was drilling yesterday below 2,000 feet in shale and lime. McQueen & Clevenger has the contract, moving their rotary rig from Humble No. 2 Brunson.

### Editor's Vacation Ends

Editor and Mrs. Kirkpatrick arrived home at 5 p. m. Tuesday from their month's vacation trip which took them to eastern and midwestern states. They report a fine time and made the 4,440 mile journey without mishap.

Mr. and Mrs. Gladstone Stewart of New Orleans were recent house guests in the home of Mr. and Mrs. S. B. Cragin.

### Enlist in Air Corps

Cumbie Ivey, Jr. and Horton Devoll, Jr. are two Robert Lee youths who recently enlisted in the Air Corps. They signed up for four years of service at the Abilene recruiting office and early last week reported at Lackland Air Base near San Antonio.

Ivey is a graduate of North Texas State College at Denton and for the past two years has been an employee of Sun Oil Co., with recent headquarters at Snyder.

Devoll graduated from Robert Lee high school two years ago and has been ranching with his father north of Sanco.

### Bronte Variety Store

Harry Porter is preparing to open a variety store in Bronte. He has leased a location formerly occupied by the Kemp cleaning plant and hopes to open Saturday of next week. Mr. Porter established the Robert Lee Variety Store last fall and his business here has proven highly satisfactory.

## Top Callers Coming For Square Dance Jamboree

Wide interest is being directed to the Square Dance Jamboree to be held in Robert Lee on Friday night of this week. The affair is sponsored by the American Legion and Auxiliary and will be held at the Legion's open air pavilion at the northwest edge of town.

Many of the best known square dance callers in West Texas will be on hand and music will be furnished by Doug Peel's band of San Angelo.

Among the callers who have accepted invitations to be present are Sam Conner of Ballinger, Ivy Jones of Rotan, Marvin Landers of Bronte, Jack Fomby of Sweetwater, Dr. Bruce Johnson of Lorraine, Felix Dooley of Roscoe, James W. Clift of Water Valley and G. ne Loika of Ballinger.

Also S. L. Bowen, Wayland Krazon, John Griffin, H. S. Blake-way, Louie Winstead, Tommie Pendleton, Bob Wills, C. C. Pointer, Gaston Elms, Arthur Moore, L. J. Sutton and J. C. Doss, all of San Angelo.

Proceeds of the \$1.50 admission per dance couple and 35c for spectators will be used to carry on the community welfare program of the local American Legion post and Auxiliary unit.

## Coach Higdon Resigns; Gets Call To Army

Bob Higdon, who had been hired as Robert Lee high school athletic coach, resigned his position this week to enter the army. He has been called in the first draft and was advised to report not later than Sept. 18.

Bobby played quarterback at Sul Ross the past four years and had all the qualifications of making a good coach. His resignation leaves a vacancy that may be hard to fill, since a number of coaches are entering service this fall.

Supt. B. C. Goodwin says the school board is in hopes of hiring another coach this week. Contact has been made with a young man of outstanding ability, but no contract has been signed.

### Seniors to Register

Robert Lee public schools open Monday, Sept. 4. Registration for all seniors has been set for Friday, Sept. 1, at 10 a. m.

Supt. Goodwin states that a faculty meeting will be held at 10 a. m. on Saturday, Sept. 2.

## Robert Lee Gin Begins Operation

The Robert Lee cotton gin was expected to be in operation today and Ben Tubb was in with the first bale ready for processing.

Fred McDonald & Sons, owners of the gin, have completed extensive improvements, including complete electrification of the plant. A new 1.0 h. p. electric motor has replaced the old diesel engine, and 20 and 10 h. p. motors have also been installed.

Fred McDonald, Jr. said yesterday that new cleaners and drop-pers have been added and all worn parts were replaced in the boll machine. The gin will be able to handle its run much more rapidly this season.

While recent dry weather has cut into the crop, a fair cotton yield is expected in this locality. Other growers in addition to Mr. Tubb began pulling cotton this week.

It is estimated that Coke county has about 7,200 acres of cotton this year and at least one-third of its lies in the Robert Lee territory. The Bronte gin is also ready for operation and a good run is anticipated in that area. The Blackwell gin was destroyed by fire last year and has not been rebuilt.

### Childs-Culp Wedding

Mrs. Hazel E. Childs and Mr. D. W. Culp were united in marriage on Aug. 12. The ceremony was performed by a justice of the peace at Lovington, New Mex. The bride is the owner of Hazel's Cafe and has lived in Robert Lee the past two years. Mr. Culp is employed by the Texas Highway Dept. in the San Angelo district. The couple are now at home in Robert Lee.

## Coke Reserve Unit Called For Duty

Coke county's only military organization has been alerted for extended active duty and has received orders to "proceed to training station in the near future."

The outfit designated as Organized Reserve Army Service Unit 4006 has been holding regular weekly drill sessions at Bronte and includes men from Bronte, Robert Lee and surrounding territory. It is a part of a statewide organization.

Frank Bryan of Robert Lee, who holds a reserve commission as First Lieutenant, is commanding officer of the unit. He succeeded R. T. Caperton, a major in the reserve, who was recently relieved of the command.

Rumor is that the group will leave Sept. 5 for Fort Sam Houston for active service. Mr. Bryan is closing out his grocery stock in Robert Lee and is looking for a buyer for the fixtures.

Bon Spoons of Bronte is also one of those being called and is trying to make a satisfactory disposal of his oil business. Others receiving the call to active duty are Noel Percifull, Francis and DeWayne Pruitt and Wayne Rogers.

Weldon Fikes, county clerk-elect, and Matthew Caperton failed to pass the physical examination.

### WANTED

ASSOCIATE DEALER for KAISER-FRAZER automobiles. New low-price HENRY J available soon. Cash not necessary. References required. If interested, call or see H. P. Riley at Bob Fuller Motor Co. San Angelo, Tex.

### No Runoff In Coke

Coke is among several counties which will not participate in the Texas runoff primary election on Saturday of this week. Since a complete slate of county candidates were named in the July primary, the Democratic executive committee ruled that a runoff was not necessary. All costs of conducting a primary election must be paid by local candidates, and they did not feel disposed to pay for an election in which their candidacies were not at stake. Some hot campaigns for lieutenant governor and for several high court positions have developed.

### County Budget Hearing

A number of taxpayers have signified their intention of gathering at the court house at 10 a. m. Friday when a public hearing will be held on the county's financial budget for the coming year. Since there has been much talk concerning Coke county's financial condition, it will be a proper occasion for the matter to be brought into the open.

## Edith Homecoming Was Grand Success

The annual Edith Homecoming last Sunday was a grand success, with more than 900 persons in attendance. Many former residents returned to renew old friendships. A free barbecue dinner was served at noon.

Featuring the program was an address by Hon. Robert T. Neill of San Angelo, who reviewed the history and development of Coke county. Group singing and short talks kept folks entertained throughout the day.

Waymond Robertson was elected as a trustee to succeed his father, the late Jim Robertson.

The association voted to make the reunion a county-wide affair. Beginning with the third Sunday in August, 1951, the Coke County Early Settlers Reunion will begin its annual meetings.

A program of county-wide interest will be planned and arrangements made to take care of a greater attendance.

## Personals

Glenda, 11 year old daughter of Mrs. Mamie Littlefield, returned to her home here Wednesday night and is recovering rapidly from a recent illness. Last Friday she accompanied George Gray to Odessa to visit in the home of her uncle, Ed Littlefield. She became seriously ill that night and was taken to a hospital where it was learned she was suffering from a virus infection of the brain. She responded quickly to treatment and will soon be restored to normal health.

Guests earlier this month in the Palmer Leeper home were their son, John Palmer, and wife of Washington, D. C. Towner Leeper came from Dallas to join the group. John Palmer is assistant director of the Corcoran Art Gallery. This was his wife's first visit to Texas and they planned to spend some time with her relatives in Boston before concluding their vacation trip.

Mr. and Mrs. George King and daughter, Anna Beth, of Stanley, New Mex., visited last week with Coke county relatives and attended the Edith homecoming. Anna Beth will be married Aug. 29 and will reside in Tennessee.

Mrs. Bill Craddock and children, Robbie Ann and Frank, were guests the fore part of the week in the parental F. C. Clark home.

## Sun H. Jameson 16 Flows 128 Barrels Oil in 13 1-2 Hours

Sun Homer Jameson No. 16 at Silver flowed 128 barrels of oil and 16 barrels of wash water during a 13 1/2 hour test ending Thursday morning. Gauge was through a quarter inch choke. Tubing pressure was 525 pounds with 1,375 pounds casing pressure. Gas oil ratio was 1,608-1.

No. 16 Homer Jameson was bottomed at 6,516 feet after topping the lime reef at 6,306. Location was on a high knoll.

Ray-Harris was the drilling contractor and their rotary rig was moved to Sun No. 7 Homer Jameson which was drilling in redbeds and shells at 389 feet Thursday morning. Surface pipe will be set at 500 feet.

Southwest of Silver Sun No. 12 Jewell Brannan was drilling in shale at 5,732 feet.

In the Millican field west of Edith Sun No. 9 Annie L. Cummings was drilling at 3,640 feet in shale. Further northwest Sun No. 7 G. W. Davidson was in shale at 5,252 feet.

North of Sanco in southern Nolan county Sun No. 1 Price Maddox pumped 13 7/8 barrels of oil in 24 hours. Parker Drilling company's rotary equipment was released by Sun.

Northwest of Maddox Sun No. 1 Eunice Parramore was waiting on rig Warren & Bradshaw have the drilling contract.

### Sun Employees Picnic

Sun Oil Company sponsored a barbecue and picnic last Friday at the Colorado City Country Club. Employees and royalty owners from Coke, Scurry and Mitchell counties swelled the attendance to 250.

Dr. J. K. Griffith of Robert Lee will be at the Silver school, Monday Aug. 28, at 9 A. M. to give any child, who needs them, serums and vaccinations.

## Coke County Hospital News

Patients admitted during week Aug. 17-23: Mrs. G. W. Singleton, Mrs. S. J. Price and baby daughter, R. I. Barnhill, Pansy Brown, Bobby Hatchell, son of J. W. Hatchell, T. J. Walls, son of T. J. Walls, Sr., Sam Duncan.

Dismissals: Mrs. S. J. Price and daughter, Bobby Hatchell, Pansy Brown, Mrs. G. W. Singleton, Mrs. H. F. Stanfiel, T. J. Walls.

Mrs. J. C. Slaughter has been critically ill at the Coke county hospital where she has been a patient since Aug. 10. Relatives were called to her bedside early this week. Her condition Thursday was improved.

Junior Cragin is here for a vacation visit in the parental S. B. Cragin home, after completing summer work at the University of Maryland. He was accompanied to Robert Lee by his fiance, Miss Carol Fredeen, who will return by plane Saturday to her home in College Park, Md.

Mr. and Mrs. R. B. King and family of El Paso were among the former residents who came for the Edith homecoming last Sunday. Their daughter, LaVelta, who had spent two weeks here with relatives, returned home with her parents Monday afternoon.

### Pep Squad Notice

We now have the material for your pep squad suits.—Roachs' Dry Goods.

## MOURNING DOVE - WHITE-WINGED DOVE OPEN SEASONS 1950

**MOURNING DOVES**

**OPEN SEASON - NORTH ZONE.** Sept. 1 to Oct. 15, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

## Scratch Dallas Campaign Is Sweeping The State

The country boys' campaign to "scratch Dallas" in the Aug. 26 run-off election is sweeping the state, Chairman Emmett Alexander of Marble Falls said today.

The Marble Falls businessman who announced plans last week for the revolt against Dallas County's control of state government, said he had received hundreds of letters, telegrams and phone calls in support of his plan.

The plan calls on Texans to vote against the four Dallas County candidates in the five statewide races, to elect their four opponents and to thereby strengthen representation of other areas in the government.

"The reaction to our drive to decentralize the power held by Dallas County in state government has been more than satisfactory," Alexander said. "And we expect it to snowball into victory by Saturday."

"We are not running any one man. We have picked the opponents of the four Dallas candidates because we do not want Dallas to boss the entire state and because we think the out-of-Dallas candidates are equally as well qualified for the different state offices."

The Dallas County candidates and their opponents are Pierce Brooks of Dallas and Ben Ramsey of San Augustine County, for lieutenant governor; Will Wilson of Dallas County and Fagan Dickson of Bexar County, for Supreme Court, Place 1; George W. Harwood of Dallas County and Meade F. Griffin of Hale County, for Supreme Court, Place 3; and Robert L. Lattimore of Dallas County and W. A. Morrison of Milam County, for Court of Criminal Appeals.

Alexander said an eight-member committee, including Mayor R. O. Smith of Marble Falls and M. C. Winers, City rancher and merchant, vice-chairmen, were pushing the "scratch Dallas" campaign.

## Pierce Brooks Is Confident of Win

Pierce Brooks, Dallas insurance executive, took his aggressive campaign for lieutenant governor into East Texas this week and told supporters that he was supremely confident of winning the Democratic nomination for lieutenant governor on August 26th.

Brooks said he was greatly encouraged by the tremendous number of pledges of support he had received in East Texas. "The groundswell for Pierce Brooks which started out in West Texas has swept into East Texas," he said. "The people are thoroughly aware of the vital issues in this campaign and the smear campaign launched by supporters of the other candidate has been met with cold resentment."

The Dallas county candidate pointed out the lieutenant governor's office is a business office and that the state's financial affairs, now at their lowest ebb in history, can best be solved by a business man.

"The political experience that has brought the state to the brink of its worst financial crisis in history," Brooks said, "is not the type of experience to get the state out of the present financial mess."

Brooks called upon all Texans who believe in free and clean government to go to the polls on August 26th and vote.

"The people have a choice between two candidates for lieutenant governor," Brooks said. "One, Pierce Brooks, is a business man without any political obligations or alliances; the other is a professional office holder who is being supported by a group of power thirsty and money hungry individuals and corporations."

The Dallas insurance man will bring his campaign to a close Friday night at Tyler with a statewide radio broadcast over the Texas Quality Network.

## Carl Runge Wants Competent Judges

To the Editor:

Without question, the people of Texas want to elect the best qualified men to the positions on the Supreme Court and the Court of Criminal Appeals. But unfortunately most voters do not know any of the candidates personally. The political advertisements appearing in newspapers and elsewhere are usually prompted by the candidate and his friends and therefore are not convincing even though they

### IT'S TIME for BROOKS! Because...

Something must be done now about the runaway cost of our state government—a cost which has increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period.

With the State plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

Only by the election of a business man can the people of Texas be assured of a direct and vigorous attack on this runaway cost, useless waste, and needless extravagance in our State government.

Only a business man who has not been a part of the system which spawned this era of waste and extravagance can give the problem that searching inquiry and impartial analysis needed now. Pierce Brooks is that man.

The next Lt. Governor of Texas should be above any internal friction, beyond all cross currents of politics, and completely judicial when clashes of personalities arise among members of the Senate. He must be in a position to treat them all alike, to be fair to each, and also to be true to his obligations to the people. Pierce Brooks meets these tests.

Pierce Brooks is the only candidate completely free from the entangling alliances, political obligations, cliques, clans and groups which grow up when men stay in office too long.

The Lt. Governor to be elected in 1950 should not come from the confused atmosphere of the State government, but direct from the people with a program for the people. Pierce Brooks is such a man.

In these crucial times the next Lieutenant Governor should be answerable to the people of the State and not to any group of special interests that has made millions of dollars off the taxpayers.

**Pierce Brooks for Lt. Governor**

do serve to keep his name before the public.

However, when the oldest and largest Texas daily newspaper points out the qualifications of the respective candidates, voters will do well to read the statement even if they do not agree with it. Here is what the Dallas News had to say in its editorial column Sunday, August 20:

#### Select the Best For Texas' Future

"Saturday next in the Democratic runoff primary many important Texas posts are at stake. These are serious times. The nation is already at war. Within the next thirty months we may be in world-wide combat. It is of the utmost importance that our official posts be filled by the most competent men we can get. Of the places for whom the certain incumbents will be named Saturday, this is especially true of the Lieutenant Governor, the two positions on the State Supreme Court and one on the Court of Criminal Appeals.

"The News does not believe in making a choice lightly on such shallow grounds as personal reference or residence. Believing with Pres. Grover Cleveland that public office is a public trust, the conviction here is that the men we install should be selected on no recommendation other than merit. Surely no thinking citizen of Texas can entrust the lives and fortunes of him and his to less than the best of the men from whom he can choose.

"The News urges that Texas Democrats name Ben Ramsey of San Augustine their nominee for Lieutenant Governor. As experienced, constructive, forceful legislator, he has the skill and ability to preside in the Senate. The choice of both Governors Jester and Shivers for Secretary of State, he has the preliminary training and the proven capacity for emergency service as Governor.

"Judge W. A. Morrison of Cameron is a standout candidate for the Court of Criminal Appeals, our court of last resort in criminal cases. He has had criminal court judicial experience. He stands high in his community and with his fellow barristers.

"For Place 3 on the Texas Supreme Court, Meade Griffin of Plainview is far and away the preference of the civil lawyers of Texas on the basis of recognized integrity, wide experience at both bench and bar, and selfless devotion to his country and his state. Justice Griffin is one of the few men who have given up a more lucrative practice to serve on the court.

I particularly endorse the candidacy of Meade Griffin of Plainview for Place 3 on the Supreme Court. He was appointed on the Court by Governor Jester in April, 1949, and is seeking his first elective term. In the July primary, his home county voted 18 to 1 in favor of Judge Griffin over all the rest of his opponents. Even the Dallas News—the home county of Judge Griffin's opponent—endorsed Judge Griffin.

Dallas lawyers voted 480 for Griffin and 43 for his opponent. Judge Griffin and I were classmates at the University of Texas 35 years ago. He was always safe, sound and conservative. Besides being a capable lawyer from a good West Texas town, he took time out to serve in World War I and II.—Respectfully, CARL RUNGE, San Angelo, Texas.

#### Raymond Fish, 19, Injured in Korea

Charles Raymond Fish, 19, former Robert Lee youth, was injured in the Korean War, according to news dispatches.

He was fighting with the First Division Marines. Extent of his injuries are not known at this time. Fish was among others flown back to the states last week.

Raymond is a son of Mr. and Mrs. H. D. Fish, who operated a grocery store in Robert Lee for several years. They now reside at Guion. His sister, Miss Addie Fish is employed in Austin.

## SILVER NEWS

The O. W. Newell family returned Friday from a few days trip to the Davis Mountains and the Carlsbad Caverns.

Mrs. Fred Stanfiel is at home after undergoing major surgery at the Robert Lee hospital last week.

Mr. and Mrs. C. E. Mathers and Mr. and Mrs. Lawrence Higgins of Robert Lee left Sunday for a vacation to Colorado and other eastern states.

Carl Norberg of Philadelphia, who has been here this summer as a roust-about for the Sun Oil Co. left Tuesday for El Paso. He will join a friend, Donald Shaw of New Orleans, and they will go to San Salvadore to visit the latter's parents who are with the American Embassy there. After two or three weeks stay they will return to El Paso for the fall term at Texas Western College.

Barbara Keener spent the weekend here with her parents, the H. W. Keeners. She has taken a position as stenographer in the C. I. T. Credit Corp. office in Abilene. Barbara is a '50 graduate of Colorado City high school and came here a year ago from Grapeland.

Mr. and Mrs. R. B. Allen and Esther returned last weekend from a trip to the New England states, and a visit with their daughter, Mrs. Elmer Clegg and family at Cataumet, Mass. While there they were joined by another daughter, Mrs. Lonnie Evans, husband and son of Albuquerque, N. Mex.

Visiting the W. L. Carrs this week were their daughters, Mrs. Kenneth Brown and Brenda and Mrs. Charles Shelton and Scott of San Angelo.

The H. R. Gassiotts were in Abilene Monday night for the Hardin-Simmons graduation exercises. Their son, Bill, was a mem-

ber of the class and took his degree in Business Administration. Receiving their M. A. and B. S. degrees at the same time were Mr. and Mrs. C. B. Underwood, former teachers in the local school.

Mr. and Mrs. T. C. Coffey and children returned Sunday night from a trip to New Mexico. At Eunice they visited the C. C.

Coffey family and the Charlie Snowdens at Moriarty. They went through the Carlsbad Caverns, through the Hondo Valley to Ruidosa and returned by Albuquerque.

Mrs. D. H. Caldwell Janet and Mary Ann returned recently from several weeks visit with relatives at Wolfe City.

## BAKER'S Groc. & Mkt.

## Soil Conservation District News

Austin Sandusky and a group of his neighbors met at the city park in Bronte last Tuesday afternoon to discuss recommended treatment of crop and rangeland. Sandusky has announced. The group met to discuss the treatment recommended by the Board of Supervisors for treating each acre according to its capability and needs. The Program and Plan of Work of the Board of Supervisors recommends that the treatment planned to be applied be according to its capability and needs to keep each acre permanently productive.

A. V. Sheppard and L. L. Wilkins met with the land owners and discussed the needs and advantages for complete planning before beginning application, and the part each practice contributes to a complete coordinated soil and water conservation plan.

Land owners planning to seed fall cover crops, such as Dixie Wonder Winter Peas, Rye and Vetch, and clovers should make arrangements to secure their seed inoculant and fertilizer, Guy Denman, member of Board Supervisors, has announced. The time for seeding fall cover crops is almost here. From all information that can be secured the seed and fertilizer will be hard to get unless the seed are arranged for soon, Denman points out.

## State Health Letter

Austin, Aug. 25—City fathers in three Texas cities, by artificially adding fluoride salts to their municipal water supplies, are making the dream of fewer tooth cavities come true.

Corpus Christi and Marshall have fluoridation systems working now. Austin has one in the installation process.

If things go according to plan, children in these towns will be

spared easily half the visits they now have to make to their family dentists, because they'll have fewer cavities.

State Health Officer Geo. W. Cox describes the fluoridation process as a "tremendous step forward in the fight against dental diseases. It's simple and inexpensive, as well as effective."

"It won't be a cure all," cautions Dr. Edward Taylor, director of dental health in the State Health Department. "It won't give children complete protection against tooth decay, but it will reduce decay from 23 to 47 percent."

He said that range of reduction percentage had been established in departmental experiments with artificial fluoridation in Marshall.

The addition of the chemical to drinking water in the ratio of 1 to 1.5 parts per million parts of water now has been recommended as a decay control measure by the United States Public Health Service, the American Water Works Association, and the Association of State and Territorial Dental Health Directors.

Recommendations are subject to approval of state and local health departments, which has been granted in the case of the three Texas cities.

Marshall began artificial fluoridation in 1946 in a controlled experiment, and was a leader in the field both nationally and locally. Corpus Christi began the water treatment in October last year.

Austin City Manager Walter Seaholm has indicated that orders for equipment have been placed, and treatment will begin as soon as delivery and installation are complete.

Combining the population of the three cities, over 300,000 people will soon be drinking water chemically treated to retard or prevent dental decay.

## What Money Doesn't Buy

Charles F. Kettering, the internationally-famous research scientist, recently delivered himself of an intriguing and pungent statement that is worth thinking about. "One of the things we have to be thankful for," said Mr. Kettering, "is that we don't get as much government as we pay for."

Consider a Federal budget of more than \$40,000,000,000 a year. Add on top of that a Texas state budget of more than \$500,000,000 a year. And then pile on our county and city budgets.

That's an almost inconceivable amount of money to spend on government or on anything else, for that matter. It can buy a tremendous amount of anything, except, apparently, efficient

government.

Suppose that money were spent efficiently. We would be a most unhappy people here in Texas and the rest of the United States. We would be governed to the death. Or at least most of us, who like to have some personal choice and freedom in the conduct of our lives, would certainly think so.

Yet such a view is decidedly repugnant to the Texas character. We maintain with great determination that we should not be called upon to subsidize inefficiency and waste. We need government—less than we now have, certainly, but nonetheless we need some—and we have a right to demand we pay the least possible for it.

We think about this situation every time we see the tax deductions listed on our paycheck. We don't take a cynical view about the cost of government then.

## SCRATCH DALLAS!

### Why Should Dallas Run Texas?

Four of five run-off races have Dallas candidates — TOO MUCH DALLAS!

For Lieutenant Governor:

**BIRCE P. BROOKS** of Dallas County **EAST TEXAS**

## Business Leader With Great War Record Tells How Hadacol Has Rebuilt Him Physically

Was run-down, weak, after service in South Pacific due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin

Mr. Donald Hedburg, who resides at 1812 Parker in the fashionable Riverside District of Wichita, Kansas, has been an up-and-coming executive member of the staff of the great Wichita Eagle newspaper for over four years.

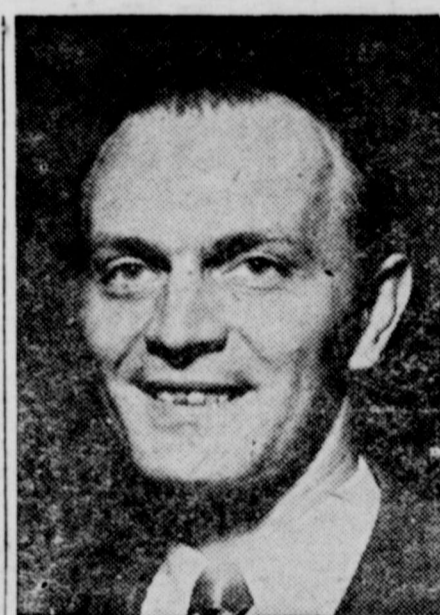

Mr. Hedburg has an enviable record of combat with the U. S. Army in the South Pacific in World War II. He is very active in civic affairs. And just as he was anxious to pitch in and do a job during the war—he now wants to help his fellow citizens who (like he was once), are physically run-down and weak due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin in their systems.

Here is Donald W. Hedburg's witnessed statement: "When I returned from service, I faced the problem of rebuilding myself physically. I was in a general run-down condition.

"In my present capacity of advertising salesman for Kansas' greatest newspaper, The Wichita Eagle, it's absolutely necessary that I have plenty of vitality—'get up and go.' I had real cause to worry. Nothing seemed to rebuild me constitutionally. Then a friend of mine on the national staff told me about HADACOL—he asked me to try at least five bottles. I'm on my fourth bottle and already I feel like my old self. I look forward to a day's work and go home—play with the children—work in the yard—fish until midnight! Thanks again to HADACOL, energy and vitality once again course through every fiber of my body. You bet, I too, am now a missionary for this great new HADACOL."

Get That Wonderful HADACOL Feeling Everyone is Talking About

HADACOL gives such wonderful results because it not only supplies deficient, weak run-down systems with more than their daily needs of important

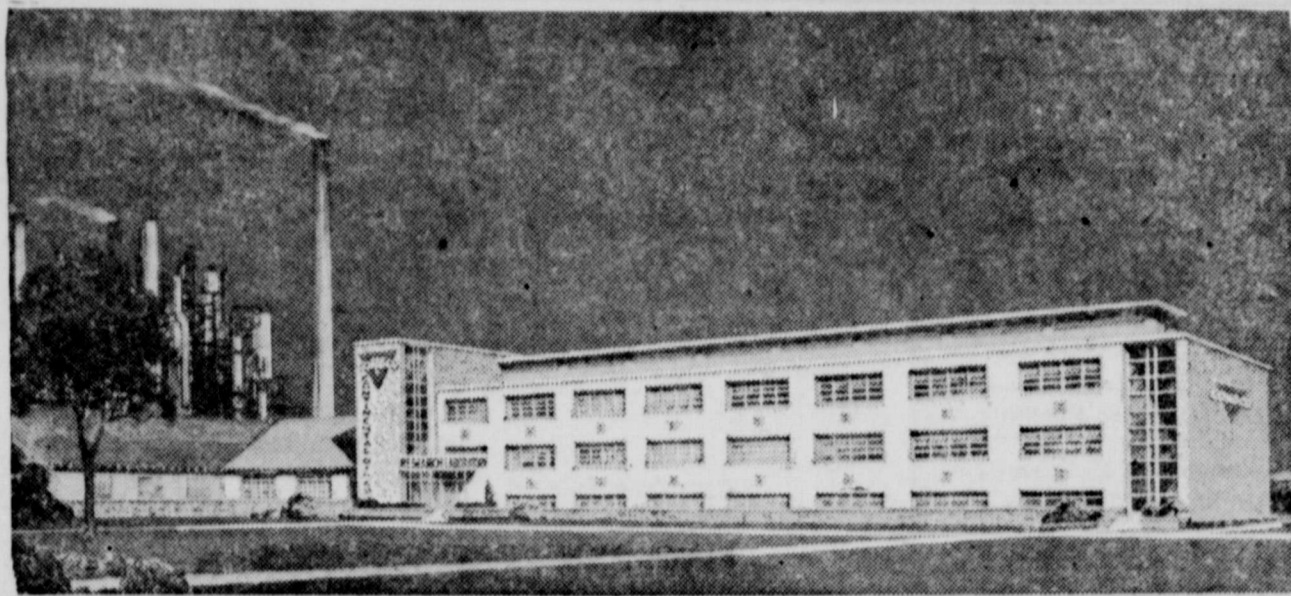

Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin—but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

If you are a victim of neuritis pains, certain stomach and nervous disturbances, constipation, insomnia or a weak, run-down condition due to such deficiencies, HADACOL will start you on the road to feeling better often within a few days. Thousands upon thousands of records of grateful men, women and children proved this to be so.

Many Doctors Recommend It  
HADACOL is recommended by many doctors not only to their patients but to members of their own families who have such deficiencies. Before giving up hope—you owe it to yourself to at least give HADACOL a chance to help you. Why keep dragging yourself around feeling "half-alive" when it's so easy to have that wonderful HADACOL feeling that everyone is talking about! Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50. Refuse substitutes.

Continental Oil Company has awarded a contract for construction of a \$2,250,000 research laboratories building in Ponca City, Okla., that will provide the Company with one of the most advanced development and research programs in the American oil industry, it has been announced by President L. F. McCollum. The new structure, as shown in the architect's sketch above, will be three stories and is expected to be completed in the fall of 1951. Approximately half of the building will be occupied by the Company's central research laboratories, which will include an organic chemical laboratory, comprised of a petroleum chemical division and a lubricating oil division; a physics research laboratory, for research in electronics, X-ray defraction and mass spectrometry; an analytical laboratory, consisting of both chemical and physical methods units, and a colloid laboratory, for carrying on fundamental work on greases and allied materials.

### Continental Oil Co. To Build Laboratory

Ponca City, Okla., Aug. 25—Continental Oil Company has awarded a contract for construction of a \$2,250,000 research laboratory building in Ponca City, Okla., that will provide the company with one of the most advanced development and research programs in the American oil industry, it was announced today by President L. F. McCollum.

"Continental's new research laboratory building, construction of which is to begin in September, complements and coordinates our existing laboratories and serves as a central research point for our development and research department," said McCollum. "The new research laboratory will augment Continental's modern laboratory facilities, which on completion of the new structure will include adequate facilities for thorough study of the many problems as-

sociated with the finding, producing and refining of petroleum." The new building, a three-story structure, will contain almost 40,000 square feet of floor space, giving the company a total of more than 85,000 square feet of laboratory space. The company's total laboratory quarters will be equivalent to a six-story building, one-half block long and 100 feet wide. Approximately half of the building will be occupied by the company's central research laboratories,

which will include an organic chemical laboratory, comprised of a petroleum chemical division and a lubricating oil division; a physics research laboratory, for research in electronics, X-ray defraction and mass spectrometry; an analytical laboratory, consisting of both chemical and physical methods unite; and a colloid laboratory, for carrying on fundamental work on greases and allied materials.

Contract for the new laboratory unit has been awarded to Wigton-Abbott Corporation, engineers and contractors, Plainfield, N. J., who have designed and built some of the most modern laboratories in the nation. The building is expected to be completed in the fall of 1951.

Continental's development and research department is under the general supervision of H.G. Osborn, vice president. Department manager is L. L. Davis, a pioneer in the development of synthetic additives for use in lubricating oils and in research and development of lubricating greases.

#### Checking the Chimney

Checking the chimney for leaks is a good safety precaution. Here is the way it's done: build a smudge fire at the bottom of the flue and when the smoke is passing in a dense column, close the outlet at the top with a wet blanket. If there is any leakage, the defect can be found by escaping smoke.

### State Fair To Be Held October 7-22

The Sky Wheels—highest thrill ride ever seen in Texas—will be the "top o' the Midway" attraction at the 1950 State Fair of Texas Mid-Century Exposition, Oct. 7-22.

The fantastic double ferris wheel, towering 90 feet into the air, cost \$135,000 to build and is the first new major carnival ride to be developed in 50 years.

The ride can carry 48 people at one time on a dizzy journey through space. The two giant wheels, on each end of a long beam, turn majestically while the entire mechanism also revolves.

The greatest Midway in State Fair history will be a fitting fun center for the Mid-Century Exposition, which will be the most spectacular State Fair ever held in every respect, James H. Stewart, executive vice president and general manager, pointed out.

The Diamond Garter, new refreshment center on the Midway, will take State Fair visitors back 50 years with a Mid-Century performance of "The Drunkard's Daughter," nostalgic and comical preachment against sin and gin.

Sally Rand will bring an all-new musical revue to the Midway, and will perform specialty dances for which she is famous.

A score of great carnival attractions brought together from every corner of the country will include the world's largest motorcycle drome, a unique collection of human freaks, the world's smallest living cattle, a big dancing and musical revue and many other unusual shows.

Along with the myriad colorful shows on the million dollar Midway, visitors will find an array of amusement devices designed to satisfy the appetite for fun of every Fairgoer, whether it is his first or his fiftieth State Fair.

There's the world's largest merry-go-round, giant twin ferris wheels of the conventional type, the \$100,000 roller coaster, the country's biggest scooter floor, the Rocket, the Caterpillar, the Bubble Bounce, the Fun House and many others.

In the \$90,000 Kiddie Town, new rides have been added to give the kids the time of their young lives. The 1950 State Fair expects to entertain nearly a million children.

Colorado City, Texas  
Phone 158 In J. P. Majors Co.  
For Appointment 129 E. 2nd St.

Mr. and Mrs. Billy Meek of Goldsmith, Texas, are the parents of a son born Aug. 14 in Odessa. The boy has been named Roger Wayne. Grandparents are Mr. and Mrs. Millard Meek of Robert Lee and Mr. and Mrs. Slent of the Plains.

Mr. and Mrs. Tom King of Petersburg and their son, Thomas, of Lubbock visited relatives and friends here this week and attended the homecoming at Edith where the King family were early settlers. Thomas returned to Lubbock on Tuesday, while his parents will remain here until Friday.

Mr. and Mrs. A. B. Sheppard went to Alpine this week to be present when their son-in-law, Tyrus Davis, graduated from Sul Ross college. He received a BS degree at the commencement exercises Thursday. Tyrus majored in physical education and expects to accept a coaching position.

### Betty Yarbrough Married

Miss Betty Yarbrough became the bride of Mr. Hayes Prince, of Snyder, Friday night, Aug. 18 at 7:00 in the Calvary Baptist Church at Snyder. Mrs. Prince is a daughter of Mr. and Mrs. H. B. Yarbrough formerly of Robert Lee now of Snyder, and Mr. Prince is a son of Mr. and Mrs. C. F. Prince also of Snyder. Bridesmaid was Mildred Elder and best man was Robert Elder. The bride's cousin, Sondra Hester, of Robert Lee attended the wedding. The couple will make their home in Snyder where Mr. Prince is employed by Forrest Lumber Co.

### Citation By Publication

THE STATE OF TEXAS,  
To John R. Clanton, Defendant in the hereinafter styled and numbered cause; You are hereby commanded to appear before the District Court of Coke County, Texas, to be held at the courthouse of said county in the City of Robert Lee, Coke County, Texas, at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, at or before 10 o'clock A. M. of Monday 16th day of October, 1950, and answer the petition of Tommy Grace Clanton, Plaintiff, in Cause Number 1848 styled Tommy Grace Clanton vs. John R. Clanton, in which the following persons are plaintiffs: Tommy Grace Clanton, and the following person John R. Clanton, which petition was filed in said Court on the 22nd day of August, 1950 and the nature of which said suit is as follows:

Plaintiff sues for divorce and alleges residence in Coke County for more than 6 months next preceding date of filing and exhibition of petition and bona fide inhabitance of the State of Texas by plaintiff for more than one year next preceding date of filing petition, plaintiff alleges cruel treatment of plaintiff by defendant consisting of enumerated acts of assault and other misconduct, of defendant just prior to separation alleged to have rendered further living together insupportable and to have occasioned separation, plaintiff prays judgment for divorce and restoration of maiden name.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness Willis Smith, Clerk of the District Court of Coke County, Texas.

Given under my hand and seal of said Court at office in the City of Robert Lee, this 22nd day of August, 1950.

(Seal) Willis Smith,  
Clerk of the District Court  
of Coke County, Texas,  
by Mary Patterson, Deputy  
Issued this 22nd day of August,  
1950.

Willis Smith,  
Clerk of the District Court  
of Coke County, Texas,  
by Mary Patterson, Deputy

### CARD OF THANKS

We wish to take this means of publicly thanking the members of the Coke county school board for their fairness and careful consideration which they recently gave our school problems.—The Green Mountain Trustees.

Melba Rives is spending this week with her brother and his wife, Mr. and Mrs. Edward Rives of Odessa.

Mr. and Mrs. Gene Rives and little son, Jimmie, of Stanton, spent the weekend with his parents and sister, Mr. and Mrs. Pat Rives and Melba.
