## Allen Sparks Takes 2nd In State Meet

Allen Sparks, Robert Lee high school senior, tied for second in the high jump at the State Track and Field Meet at the University field in Austin last Saturday.

He competed in Class B.

The event was won by Bob Billings of Yorktown, who cleared the bar at 6 feet-3 inches to establish a new state record. Sparks jumped 6 feet to tie for second with Carroll Day of Buckner Home in Dallas.

The mark set by Billings was better than the showings of either Class AA or Class A.

Allen has the natural build for a high jumper. He is slender and 6 feet 6 inches tall. He has been jumping 6 feet consistently this spring and won both the district and regional meets handily. He was accompanied to Austin by Coach Charles Dennis.

Allen makes his home with his grandparents, Mr. and Mrs. J. C. Cobb.

The condition of Monroe Parker is critical this week and on Monday he was removed to the Bronte hospital where he is under an oxygen tent. He is suffering from a heart ailment.

Mrs. Powell's first grade pupils and their room mothers went to Christoval last Saturday morning where they enjoyed a picnic. In the afternoon they returned to San Angelo by train, it being the first train ride for most of the youngsters.

## Robert Lee Wins 2nd In State FFA Judging Contest

Robert Lee high school's FFA team won second place in the State Livestock Judging Contest held Saturday at A & M College. Members of the team are Ted Cox, Milburn Wink and Bill Carwile. Their sponsor and coach is Carl Maddoux, high school ag instructor.

Wink had third highest individual score and Cox was eighth. Goldthwaite won 1st, with Robert Lee only 18 points behind to take second. Ballinger was third.

These top teams will compete against the best 4-H teams in the state in a contest to be held at the State Fair in Dallas next October. Winning team of that event will go to the national contest in Chicago next December.

The fine record made by Robert Lee at the state contest last week brought high honors to the boys, their coach and the community. Texas is a big state and they were competing against 80 teams, representing 10 per cent of the best judging teams of the state's 12 areas. Robert Lee was third at the regional contest in Lubbock, which made them eligible to take part in the state contest.

The contest involved the judging of breeding sheep and fat lambs, breeding hogs and fat barrows and breeding cattle and baby beeves.

Cox is a high school senior, while both Wink and Carwile are sophomores. They will not be eligible to compete in livestock judging contests another year.

## Marine Sergeant Jim Mac Taylor, 27, Accident Victim

Marine Sgt. James Mac Taylor, son of Mr. and Mrs. Roy Taylor of Robert Lee, was killed Tuesday night in an accident at the Marine air base at Cherry Point, North Carolina.

Details of the tragedy are not complete, but it was reported the Robert Lee man met his death from the accidental discharge of a gun which he was cleaning in the living room of his home. Taylor and his family had quarters on the base.

First word of the accident came to the parents here Wednesday forenoon in a telephone call from a Marine chaplain. He did not give any particulars. Late Wednesday night a call came through from Jim Mac's wife.

A daughter of the Taylors, Mrs. Dan (LaVelta) Dimert, now living in New York, flew to Cherry Point to be with her sister-in-law and will accompany her to Robert Lee.

The body will be returned here for burial and was shipped by rail from North Carolina Thursday morning. Clift Funeral Home will be in charge of arrangements.

Jim Mac was born in Robert Lee July 4, 1923, and graduated from high school in 1940. He enlisted in the Marines in October before Pearl Harbor and was on active duty throughout the war. He re-enlisted and planned to make the Marine Corps his career.

He had been at Cherry Point base more than two years and was serving as navigator on a troop transport. Jim Mac recently was promoted to Master Sergeant, highest non-commissioned officer grade.

While stationed in North Carolina several years ago he met and married Ruth Crumpler of Goldsboro, N. C. They have two daughters, Virginia and Patricia, 4 and 3 years old.

Jim Mac was the only son in the Taylor family which includes ten daughters. Mrs. Jack (Jane) Goldsmith was expected to arrive Thursday from Akron, Ohio, and the other children will be here for the funeral.

## Robert Lee Beats Skyhawks, 17 to 4

Robert Lee defeated the Skyhawks of Goodfellow Field here last Sunday by a score of 17 to 4. The contest was called at the end of seven innings because of wind, dust and cold weather.

Lefty Shelton, twirling for the locals, showed his old time form and allowed but six hits. He struck out 11. The Hawks used two pitchers, Blackman and Trainer, but neither was effective.

Robert Lee secured 14 safe blows including home runs by Gerald Ivey, Royce Smith and Donald Roe.

Efforts are being made to book a game here next Sunday with the scrappy Maverick club. Word comes from Ballinger that a new league is to be formed, with Miles, Robert Lee, Ballinger, Bronte and Coleman among the prospective entries.

## ROBERT LEE FACES WATER SHORTAGE

The City Commission of Robert Lee requests all water customers to conserve on the use of water during the present emergency.

Our wells are weakening and the lake supply is low. We may have sufficient water for general use if it is used sparingly. If we don't get rain this spring, the city will be forced to spend considerable money to dig new wells. But we don't want to incur this expense when our present bad situation would be entirely remedied with good rains.

Therefore, we are requesting that during this emergency no water be used for yards and gardens.

## FARM HOME FUNDS AVAILABLE BUILDINGS AND REPAIR WORK

The Farmers Home Administration still has some money available to build needed farm dwellings, barns, poultry houses, and other needed building. Also, money is available to purchase family size farm and to improve the water supply on a farm. The housing money can also be used to repair building on a farm.

Five new homes have been built or are under construction in this section at this time.

Any farm owner that meets the eligibility requirement could place application for a housing loan or water facility loan. Any tenant farmer that owns his livestock and equipment would be eligible to place application to purchase a farm.

Mr. Paul C. Shillingburg, County Supervisor, states that he would be glad to discuss this program in detail with anyone interested in the program. He is in his office in Sweetwater every Tuesday morning from 8 to 12 o'clock. The office in Sweetwater is located upstairs over Woolworth store. Mr. Shillingburg is in the office in Robert Lee each Thursday from 10 to 2 o'clock.

Each application is reviewed by our county committee. This county committee for Nolan County is composed of Frank Henley, Sweetwater, Texas; W. M. Richey, Champion community; and Claude Carpenter, Star Route, Sweetwater, Texas.

The Committee for Coke County is George B. Thomas, Bronte; T. Wilson Bryan, Robert Lee; and Lowell G. Roane, Robert Lee.

### RAINS FOR EAST TEXAS

Dear Mr. Kirkpatrick:

I am enclosing a check for \$2.00 for another year's subscription to The Observer. We surely enjoy reading about all the folks and the happenings, so don't want to miss a copy.

Our much needed rains have come, and cotton is up to a good stand in most places. We hope you have had enough for your crops.—Yours sincerely, Mrs. A. J. Roe, Jr., Route 2, Honey Grove, Texas.

### OBSERVER GETS AROUND

Dear Editor:

Just a line to let you know the places my paper goes. Happened to mention Robert Lee at church one morning and a lady I have known for a long time, said she was born and raised there. Her dad ran a hotel in Robert Lee years ago. Their name was Greer and she knows all the old timers there.

I've been taking her my Observer and after she reads it she sends it to her brother in Arizona. So you see it is well read.—Respectfully, Mrs. W. S. Powell, Route 2, Longview, Texas.

(Editor's Note: Mrs. Powell is the mother of Mrs. G. B. Gebhart of Silver.)

Mrs. F. E. Byrne has moved from San Angelo to Littlefield, Texas, where she has purchased a nice modern home. The Byrne family formerly resided at Littlefield and one of the daughters lives there. Mrs. Byrne has leased her home at 1908 Volney in San Angelo.

## Farmers Urged to Grow More Feed Grains

Farmers in areas where the wheat crop has failed are urged to consider the planting of grain sorghums. It is hoped that farmers will not plant grain sorghums at the expense of cotton because cotton is vitally needed in our defense effort. However, where growing cotton is not feasible the planting of grain sorghums will help out greatly in our drive for needed feed grains.

With continued strengthening in consumer demand in prospect and with military requirements increasing there will be need for all the livestock, dairy and poultry products that can be produced from the feed supplies that are expected to be available in the next few years. Feed is the essential factor in maintaining livestock for the present high level of production of meat, dairy and poultry products and must be maintained for several years. While feed is available at the present time, the rate of feeding is at record levels and this constitutes a heavy drain upon the supply of feed. Requirements may be expected to be even greater as consumer income expands with our progress in the national defense effort.

Two meetings have been held by the

Texas Agricultural Mobilization Committee to highlight the need for increasing production of grain sorghums. These meetings were held at Amarillo on May 2, and at Abilene on May 3.

About 275 PMA, SCS, FHA and Extension Service and other representatives of Agricultural Agencies were present at the meeting in Abilene.

T. B. Walker, representative of the Production and Marketing Administration, U. S. Department of Agriculture, was the first speaker. He said that the government goal in grain sorghums for 1951 was 10 million acres, about the same planted in 1950 when cotton acreage was short. He announced at the meeting the support price for grain sorghums had been increased from \$1.88 to \$2.17 (on a national average) to encourage the planting of the vital crop. The \$2.17 is based on 75 per cent of parity in 1951.

Mr. and Mrs. Pete Davis and daughters, Daisy Nell and Sheridan, visited Sunday with an uncle of Mrs. Davis, Sam Smith, who resides on a ranch near Stacey. Mr. Smith is in poor health.

### MRS. BLAIR HONORED

A pink and blue shower for Mrs. Bill Blair was held recently in the home of Mrs. D. J. Walker, Jr., with Mrs. Bobby Baker and Miss Janie Sue Higgins as co-hostesses. Refreshments were served to the guests. Mrs. Blair received many beautiful gifts.

### FROM FORMER RESIDENT

To The Observer:

You will find enclosed \$2.00 for renewal of my Observer which we enjoy reading so much. I lived down there 31 years of my life and am interested in hearing about my old friends.—Yours truly, Mrs. J. L. Patterson, Route 2, Box 111, Midland, Texas.

## Questions and Answers About The Telephone Company's Request For Higher Rates in Robert Lee

- Q. WHY IS THE TELEPHONE COMPANY asking for higher rates in Robert Lee?
- A. Because Robert Lee rates are too low to bring in enough revenue to pay cost of furnishing service.
- Q. IS THE TELEPHONE COMPANY OPERATING the Robert Lee Exchange at a Loss?
- A. Yes. Last year expenses of operating the Robert Lee exchange were much higher than revenue collected for service here.
- Q. HOW ABOUT TELEPHONE COSTS—ARE THEY UP MUCH?
- A. The Telephone Company payroll in Robert Lee is more than four and one-half times as high as it was six years ago. The growth of Robert Lee, with the increased telephone usage and improvement of telephone service has made it necessary for us to employ more people; also, in addition, operating costs have gone up.
- Q. HOW LONG HAVE ROBERT LEE TELEPHONE RATES BEEN IN EFFECT?
- A. Present rates for telephone service were established in 1931. At that time Robert Lee had about 211 telephones as compared with more than 350 today. The scope, value and usage of the service has increased greatly in the past 20 years, with no increase in rates.
- Q. WITH SO MUCH MORE BUSINESS, isn't the Company's Revenue much higher than it was a few years ago?
- A. Telephone revenues have increased, to be sure, but expenses have increased much faster. Since 1940, telephone revenues have increased approximately 240 per cent, but expenses during the same period have gone up approximately 243 per cent. Despite the fact that that we have more telephones than in 1940, and are handling a greater number of calls than ever before, the telephone system here is being operated each month at a loss. Rates established 20 years ago simply will not bring in enough revenue to pay present costs of furnishing service.
- Q. WHAT DOES THE RATE INCREASE AMOUNT TO?
- A. Briefly, the new rates represent an increase of 6 cents a day for residence customers. Business telephones will cost about 11 cents a day more. Charges for various auxiliary telephone services will be increased in relation to higher costs for furnishing them.
- Q. WOULD IT BE POSSIBLE FOR THE TELEPHONE COMPANY to cut corners and reduce expenses?
- A. The Telephone Company takes advantage of every possible operating economy to keep rates low without affecting the quality of the service. Through these economies and advances in the telephone art, we have been able to furnish more and more telephone service here without increasing rates. The Telephone Company is proud of its record of not having increased rates during the past 20 years, and the cost of virtually everything that goes into the furnishing of service has risen sharply.

## Mrs. Fred McCabe Visits Son In East

Mrs. Fred McCabe, Sr., and her daughter-in-law, Mrs. Fred McCabe, Jr., left Robert Lee April 16 by auto to visit Fred, Jr., at Aberdeen, Md. He is receiving his basic training there with the Ordnance replacement training center.

The Aberdeen Proving Grounds, consisting of 79,000 acres, is located above Baltimore on the Chesapeake Bay.

The McCabes visited many places of interest in that locality, including Baltimore, Washington, the Gettysburg battlefield and went as far as New York. They enjoyed a 3-hour boat ride on the Chesapeake.

Mrs. McCabe said one of their most interesting drives was the Pennsylvania turnpike. She traveled through 14 states.

Mrs. Fred, Jr., remained in the east to be near her husband. Mrs. Fred McCabe, Sr., returned to Texas by train, stopping over for a visit with relatives in Dayton, Ohio. She arrived home last Saturday.

Mr. and Mrs. Ell Hatley were Sunday guests in the Delbert Vestal home in Ballinger.

## Charlie Millican Victim of Stroke; Rites Held Tuesday

Death came Sunday afternoon to Charlie Millican, 63, well known Robert Lee resident. His passing occurred at 4 p. m. at the Coke County Memorial Hospital where he had been a patient since the previous Monday when he was stricken with a cerebral hemorrhage.

Funeral rites were held from the Baptist church Tuesday at 2:30 p. m. in charge of the Rev. Ernest Stewart, pastor, and the Rev. Fred Blake of Brownwood, a former pastor. Burial was in the Robert Lee cemetery under the direction of the Clift Funeral Home.

Charles Henry Millican was born June 30, 1887, near Hillsboro, Texas. He was the eldest child of Mr. and Mrs. Elijah Millican. The family came to Coke county in 1894. The first few years they lived in a half dugout, southwest of Robert Lee, and later purchased a half section farm and ranch, nine miles southwest of town.

Charlie served in World War I and then engaged in farming on the South Plains near Ralls. He married Mrs. Lena

Hailey at Cone, Texas, on Feb. 13, 1927. They farmed there for ten years and moved back to the home place in Coke county in 1937.

He fathered three step-sons and a step-daughter and was a foster father to two nephews, Raymond and Henry, sons of the late Rufus Millican. Charlie was a long time member of the Baptist Church and was a good friend and neighbor. He had a sunny disposition and was loved by everyone who knew him.

Surviving are his wife, Lena; four step-children, Sam Hailey of El Paso, Paul of Ft. Hood, Allen of Lubbock and Mrs. Lois McCarmick of San Angelo; and the two nephews who grew up in their home, Henry Millican, of Edmondson, Texas, and Raymond of Marshfield, Mo.

He also leaves one brother, T. T. Millican of Paducah; five sisters, Mrs. Cynthia Dawson, Chico, Mrs. Mattie Perry, Marysville, Calif., Mrs. J. D. Anthony, Booneville, Ark., Mrs. Pern Walker, Lawton, and Mrs. Lucy Offield of Afton, Texas.

He was preceded in death by his parents, a sister, Mrs. Annie Sexton, and two brothers, Rufus and Robert Porter.
