W. T. WALTON TO BE SPEAKER FOR COMMENCEMENT

Speaker for the commencement exercises which will be held Tuesday night at 8 o'clock, May 20, in the Robert Lee School Auditorium is W. T. Walton, vice president and Dean of Students at Hardin-Simmons University.

Mr. Walton graduated from the Mansfield High School in Tarrant county. Upon graduation from high school, he entered Hardin-Simmons University where he took undergraduate work. After completing the work in Hardin-Simmons, he studied at the University of Texas and completed three years' study in Yale University.

Mr. Walton has taught eleven years in the public schools of Texas, the last six of which he served as President of Ranger Junior College and Superintendent of the Ranger City Schools, in Ranger.

In 1941 he returned to Hardin-Simmons and has continued there since that date. He not only holds the office of vice president and Dean of Students, but also teaches philosophy and religion.

GARLAND DAVIS, son of Mr. and Mrs. E. C. Davis, was a recent contestant representing the Robert Lee High School in the Interscholastic League meet in Austin. Garland was a first place winner in declamation at the regional contest in Brownwood. Although he did not place first in Austin, it is reported that he was near the top of the list of winners.

ROBERT LEE TO PLAY BALL

After the cancellation of a game between Robert Lee and Forsan scheduled last Sunday, the local Rabbit Twisters are raring to go this Sunday. Their first opponents in Concho Basin league play will be Bryan Electric of San Angelo. This should be a good game since Bryan Electric defeated Texon last Sunday, beating them 4-1. Bryan Electric's pitcher struck out 13 men in the Texon game. Play ball at 3:00 Sunday afternoon on the local field.

ATTORNEY GENERAL RULES

The County Judge and the District Attorney have received a ruling from the Attorney General to the effect that E. B. Fuller, who has filed for County Attorney of Coke County, is eligible to have his name printed upon the primary ballot in July. Mr. Fuller has consistently contended he had such a right but a rumor has persisted that he was incorrect and that he was not eligible to run. It seems that the Attorney General's ruling will clarify this situation and the County Democratic Committee will no doubt certify him as a candidate.

Billie Joyce Patterson, daughter of Mr. and Mrs. Eddie Patterson, received second degree burns Sunday morning when she fell into a tub of hot water. She was hospitalized Sunday night and was released from the hospital Monday morning.

JOAN HESTER, granddaughter of Mr. and Mrs. Henry Childress, is the Robert Lee High School valedictorian for 1952. Joan's grade average was 91.87.

Commencement Exercises

TUESDAY, MAY 20, 1952
8:00 P. M.

Processional	Mrs. Cortez Russell

Recessional	Mrs. Cortez Russell

Services Held For J. J. Simpson, 84

Funeral services for J. J. Simpson, 84, were held at 4 p. m. Thursday, May 8, in the local Methodist church. The Rev. Ray Lee, pastor of the Robert Lee Baptist church, officiated.

Mr. Simpson died Wednesday, May 7, in San Angelo. Burial was in the Robert Lee Cemetery with Clift Funeral Home in charge.

Mr. Simpson was born in Mississippi, Nov. 19, 1867, and married Miss Ada Fulton in 1889. Mrs. Simpson preceded him in death by only five weeks.

He is survived by two sons, V. H. Simpson of Robert Lee and J. H. Simpson of Carlisle, Ark., 17 grand children, and 26 great grand children. Another son, H. L. Simpson of Longview, and a daughter, Mrs. Minnie Hill of Nacogdoches, also preceded him in death.

Coke County

Hospital News

May 9—Mrs. J. K. Lofton admitted.

May 10—Mrs. A. E. Latham dismissed.

May 11—Billie Joyce Patterson admitted. Lara Faye Wright dismissed.

May 12—Mr. J. H. Jackson, Donnie Duncan, Mrs. C. G. Walker, Mrs. Jack Brock, Mrs. Joe Dodson, Sr., Mrs. A. V. Sheppard, Bobby Roberts, Mrs. Jack Cowley, Joan Hester, Mrs. Sam Jay admitted. Billie Joyce Patterson, Ruby L. Pettit dismissed.

NEW WILDCAT STAKED

Fullerton Oil Co. of Hobbs, N. M., No. 1 W. H. Mackey, slated Coke county wildcat, will drill to 5,800 feet with rotary, 2 1/2 miles northeast of Bronte.

Location is 660 feet from the north and 1,980 feet from the west lines of section 4, BB&C survey.

Drillsite is four miles northeast of the Bronte field and 1/8 miles northeast of Humble Oil & Refining Co. No. 1 Pruitt, duster plugged and abandoned at 5,670 feet in September, 1950.

DENNIS REED, son of Mrs. L. L. Reed, recently represented the Robert Lee High School at Austin in the Interscholastic League meet. Dennis placed first in the typing division at the regional contest held recently in Brownwood.

Heart Attack Claims Johnny Menielle, 48

Johnny Menielle, 48, local rancher, died Wednesday night. Mr. Menielle, who was born and reared in Coke County was in good health when a heart attack claimed him at 10:30. He had attended a Veterans school meet earlier Wednesday night and was opening a gate at his ranch nine miles northwest of Robert Lee on his way home when stricken.

Mr. Menielle is survived by his wife, one brother, L. B. Menielle of Big Lake, and one sister, Mrs. John Pettit, who lives at the ranch.

Funeral services will be held in the Robert Lee Methodist Church at 4:00 p. m. Saturday with Rev. Ray Lee officiating. A Masonic service will take place at the cemetery.

Seniors Graduate Night Of May 20

Commencement exercises for the Robert Lee High School senior class has been set for Tuesday, May 20, at 8 p. m. in the Robert Lee school auditorium. Baccalaureate services will be held Sunday, May 18, at 8 p. m., at the Robert Lee school.

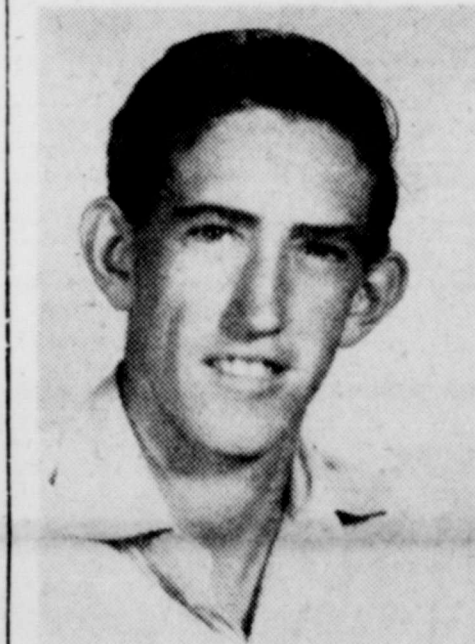

Jean Hester, granddaughter of Mr. and Mrs. Henry Childress, is this year's valedictorian. Joan's average of 91.87 was taken from her last two years' work. Salutatorian will be Royce Wallace, son of Mr. and Mrs. Calvin Wallace. His average was 87.4. Melba Rives, daughter of Mr. and Mrs. Pat Rives, had the second highest senior average, but she was not eligible because she attended school in San Angelo last summer.

W. T. Walton, professor of Bible and philosophy at Hardin-Simmons University in Abilene, will be the commencement speaker, Paul Southern, head of the Bible department at Abilene Christian College in Abilene, will be the speaker at the baccalaureate services.

Eleven members compose the graduating class of 1952. The class is one of the smallest to be graduated in a number of years. The seniors plan to leave on their class trip to Eureka Springs, Ark., Monday, May 26. They will return to Robert Lee the following Friday.

8th Grade Graduation

Roy Cosgrove of ACC in Abilene will be the commencement speaker for the eighth grade graduating class. Commencement exercises are scheduled for Wednesday, May 21, at 8 p. m. Voleta Harwell, daughter of Mr. and Mrs. Chester Harwell, has been named valedictorian. Voleta's average grade was approximately 96, followed closely by Mary Jo Clawson, daughter of Mr. and Mrs. Frank Clawson, with an average of 95.

ROYCE WALLACE, son of Mr. and Mrs. Calvin Wallace, has been named the 1952 salutatorian of the Robert Lee High School.

MELBA RIVES, daughter of Mr. and Mrs. Pat Rives, has the second highest senior average, but she was not eligible for salutatorian honors because of attending school in San Angelo last summer.

HOSPITAL FULL

Nine patients were sent to the Robert Lee hospital Monday and Tuesday due to food poisoning which is believed they obtained at a banquet Friday night. Others attending the affair also became sick, but not seriously enough to be hospitalized. All patients are improving and should be dismissed within the next two or three days.

Charles S. Wooten, professor of piano at McMurry College, and Mrs. Wooten will spend Saturdays in Robert Lee teaching piano and voice. Price is \$1.50 per 30 minute lesson, payable monthly in advance. Beginners, adult beginners, and advanced students accepted. Will meet all persons interested at the Methodist Church at 9:00 Saturday morning, May 24.

Goens Yields Oil, Water In Coke Test

Humble No. 1 M. A. Rawlings, Coke county wildcat which showed prospects of production in the Palo Pinto, recently encountered oil, gas and salt water in the Goens lime section of the Strawn.

Drillstem testing from 5,045-60 feet for one hour last week, No. 1 Rawlings showed gas in 15 minutes. It recovered 2,000 feet of 46 gravity oil, 350 feet of oil and gas-cut mud and 90 feet of salty sulphur water.

Previously, three drillstem tests in the Palo Pinto between 4,446 and 4,589 feet returned oil and gas, with a small amount of water on the third test. No. 1 Rawlings is three miles north of the Bronte Pennsylvania multipay field.

Notes From The Oil Field

Chester Hunter of Dallas has extended the Jameson (Strawn lime) field of northwestern Goke county one location west with the completion of his No. 1 J. B. Walker, Sr., for a daily flowing potential of 165 barrels of 46 gravity oil plus 33 per cent water, with a gas-oil ratio of 1,705-1.

Production was through a 1/4 inch tubing choke and open hole between 6,376 feet, where seven-inch casing was cemented, and 6,430 feet the total depth. Tubing pressure was 700 pounds and casing pressure was 1,350 pounds. The section was treated with 3,000 gallons of acid.

ROBERT LEE RAINFALL

Rainfall for the first four months of 1952 amounted to an inch a month according to figures of the Soil Conservation Service. The four inches was twice as good as 1951, when only two inches fell in the same period. It was better than the 3.5 inches which fell during that period in 1950, but it was a little less than the 5.8 inches of precipitation which fell in the first third of the year in 1949.

Twenty nine people proved themselves to be good neighbors when they turned out last Wednesday, May 7, to plant 100 acres of Lee Hallmark's land in cotton, maize and hegari. Mr. Hallmark was seriously injured recently in a car wreck near San Angelo. As the men worked the fields with 12 tractors, the women prepared lunch. Mr. Hallmark's farm is located six miles south of Robert Lee in the Valley View community. He is reported to be improving.

Mrs. J. C. Cobb and grandson, Mrs. Bertha Jones and sons of Big Lake, and Mr. and Mrs. David McMinn and sons of Corpus Christi visited the past weekend in the V. P. Byrne home. Other local people were also present.

A rhetorical question is one which does not require an answer.

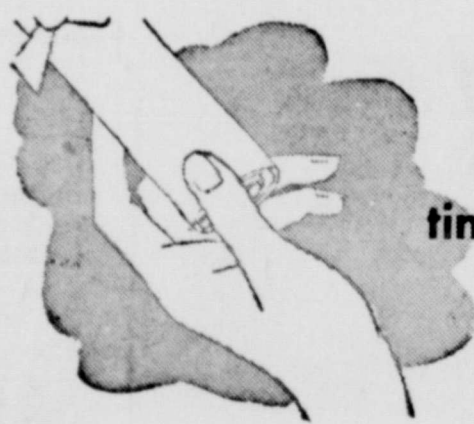

May security and happiness be your good fortune always.

Continued From Page 8
in their home and it is wonderful. There are 4 TV stations here in Washington and 4 in Baltimore that furnish a great variety of programs. Jimmy and I saw the high flying Washington Senators defeat the Detroit Tigers 5 to 2 Tuesday night. Everyone is pepped up over the team now that they are on a winning streak. It seems their trade of Irv Noren, star outfielder and former Ft. Worth player, to the Yankees has helped the Nats a great deal. They got Wilson, Jensen and Busby in return for Noren and the three newcomers have established themselves as Washington's trio of outfielders. Wednesday night we watched the Nats win 6

to 2 over Detroit on television, and yesterday the teams played a 4-4 tie in 11 innings.

Mom and I are going to Pittsburgh by plane Monday where we will spend 10 days with our other son-in-law and daughter, Mr. and Mrs. Joseph Dausch, and five children, including two little girls who arrived since our visit two years ago. We'll return here for a few days before coming home on May 26.—A. J. Kirkpatrick.

Eastern Star Elects New Officers

The Robert Lee Chapter No. 187 of the O. E. S. met Tuesday night, May 8. The following officers were elected for the coming year. They will be installed in June.

Mrs. Thelma Blair, worthy matron
W. T. Roach, worthy patron
Mrs. Betty Green, associate matron

R. I. Stephenson, associate patron
Mrs. Nancy Stephenson, conductress

Mrs. Cleo Stephenson, associate conductress

Mrs. Juanita Godwin, secretary
Mrs. Ruth Garvin, treasurer
Mrs. R. S. Crum, organist.

Refreshments were served during the social by Mrs. Roach, Mrs. Bernice Lee Howell and Miss Grace Green.

B. C. Goodwin, P. E. Webb, and J. L. Carroll are members of a Coke county committee for informing the public of shortages that will likely appear within the next two years.

Pvt. Jack Sparks has arrived safely in Germany. Jack is the son of Mr. and Mrs. Bill Sparks of Roswell, N. Mex. He is the grandson of Mrs. Annie Sparks and great grandson of Uncle Jack Adkins.

Mathers Sand Well Flows 74 Barrels Oil

Sun Oil Company's No. 34 C. E. Mathers flowed 74 barrels of oil during a 23 hour test through a 5-32 inch choke. Total depth of the test is 6,070 feet in the Strawn sand. Gas-oil ratio was 1,400-1. Tubing pressure was 250 pounds with a packer being used on the casing. The Mathers rig has been released and is rigging up on Homer Jameson No. 26.

Sun No. D-1 W. I. Tubb, bottomed at 6,564 feet, is reaming hole to that depth. An electric log will be run and then the oil string will be set to the total depth.

W. I. Tubb C-1 is still testing the Strawn lime section. The test is bottomed at 6,567 feet and is swabbing muddy water with no oil. Plans call for acidizing with 11,000 gallons of acid.

W. I. Tubb No. 9 was drilling at 5,475 feet in shale and sand.

J. B. Walker No. A-4 is drilling at 314 feet in shale and shell.

Central National Bank No. 6 is drilling at 885 feet in shale and anhydrite.

Sun No. 18 Annie Cummings in the Millican field is rigging up.

Pipe has been arriving the past week for the line being built from Silver to Colorado City.

Thunderstorms Said Producer Of Both Rain, Lightning

CHICAGO—Thunderstorms are actually inefficient producers of rain and lightning, a university of Chicago meteorologist told the New York meeting of the American Meteorological Society.

Roscoe R. Braham, Jr., senior meteorologist of the university's Chicago Midway Laboratory reported that most of the moisture and energy in the storm is dissipated without falling as a rain or appearing as lightning.

Only one drop out of every nine potential drops in the storm actually falls to the ground as rain, for which people in most sections of the United States can be grateful.

In the drought-stricken southwest, however, some of the thunderstorms produce no rain at all.

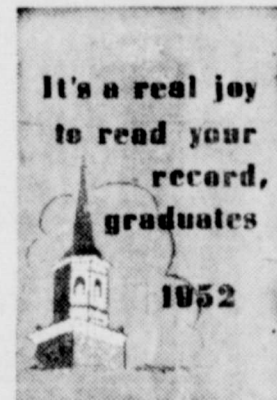

Even though the relative production of rain in the average thunderstorm is small, it will nevertheless dump 110,000 tons of water over a maximum area of eight square miles.

About one third of the potential moisture that passes through the thunderstorms never condenses to raindrops. Another third turns to rain but evaporates again as it moves in the down-draft that lies in the heart of the thunderstorm during its later stages. Of the remainder, only a third actually falls as rain. Part evaporates from the sides of the individual thunderstorm cell, and part remains as vapor in the cloud that is left behind by the storm.

House or Home?

Lesson for May 18, 1952

ANYBODY with pencil and paper can count the number of houses on a street. Counting the homes is something else. Anybody can sell you or build you a house, any kind you can pay for; but no one can sell you a home. A house is a house the minute it is finished. A home never is finished, it goes on being built year after year.

Dr. Foreman

Edgar Guest said what everybody knows: "It takes a heap o' livin' to make a house a home." A house begins to be a home when two people move in who love each other; but it is much more of a home after the grandchildren start coming back for visits.

A house may be running down while a home is growing better and better. Besides, a home does not necessarily have to have a house.

Does the Family Live There?

ALL of us would rather have a home than a house if we had to choose. Whatever we live in—a separate house, a "flat" or "duplex," an apartment, a trailer, or what not—it can become a home—IF.

A house becomes a home in the first place only if the family live there. If all they do is to come in when there is nowhere else to go; if they seldom see one another and then almost by accident; if the place is only a lunch-counter, a rooming-house, a place to be fed and to stay in when it rains; then it is no home, it is only a house.

Animals don't have homes; they have kennels, barns, styes, stables. They can have very expensive stables too, as you can find around the Bluegrass country. But no one has ever succeeded in making a home for horses because horses have no family life, they are quite content if the roof doesn't leak and if there is enough to eat and a clean place to lie down in.

People have minds and hearts and souls, and they can know comradeship and unity such as are completely beyond the reach of even the most intelligent of animals. Living is much more than existing; and it takes a heap of living, not just existing, to make a home.

Who Runs the Place?

A HOUSE is a home if it is well run. This does not refer to paying the bills, keeping up the repairs, keeping down waste in the kitchen and so forth. A house is a home only if it is in charge of those who have the most wisdom and can best bear responsibility.

The Bible comes to us from a time and place in history very different from ours; so that we are not wise if we take just any family in the Bible and use it as a model. Solomon had 700 wives and 300 minor wives or "concubines;" Abraham had at least three.

We have progressed (thanks to Christianity) past these things. But still the Bible does give us some indispensable guidance in this matter of the home. And one of the points you will find in both Old Testament and New is that the parents ought to have the place of authority in the home,—that is, they are expected to run it.

Some families aren't run by any one; they are pure anarchies, continual rumpus and riot. Some families are run by the children, which means they are run by those with least sense and experience. "Honor thy Father and thy Mother" also means, "Father and Mother, be honorable."

Mr. and Mrs. Bailey Russell returned Sunday from a four day fishing trip at Sugar Lake. Bailey reports they caught over 200 pounds of catfish.

Mrs. G. E. Davis and Mrs. Mabel Williams went to Fort Worth Saturday to be with their mother, Mrs. S. M. Lewis, who is ill.

Are Children a Nuisance?

A HOUSE IS A HOME if children are expected, welcomed and loved. It is not a home if children are regarded either as nuisances, as items of expense, or perhaps shut out entirely.

Now there are true homes which are of necessity childless; but a house where children would not be welcome and where they are not loved, is no home.

The parents ought to be in charge, by all means. But they ought not to be tyrants, dictators. They run the home for the children's benefit, which is quite a different thing from letting the children run it as they please. Eventually, if the parents are wise, they will send out into the world young people who have been taught to stand on their own feet. They will cut the apron-strings they will train their children so that they will be capable of founding and living happily in homes of their own.

Individuals May Join Blue Cross

For the first time in history the Texas Blue Cross and Blue Shield Plans for Hospital and Medical—Surgical care has announced a continuing program for non-group enrollment of individuals. The official announcement was made by Mr. W. R. McBee, Executive Director of Blue Cross and Blue Shield, in an address to the members of the Board of Medical Councilors of the State Medical Association Meeting in Dallas. The Association's Convention is scheduled for May 4 through May 6.

"This non-group enrollment for individuals will make Blue Cross—Blue Shield available to thousands of Texans heretofore not eligible. This enrollment will start immediately and will be continuous," McBee said.

This modern idea of prepaid medical care had its birth in Dallas in 1929 when it was first introduced as hospital participation in the Baylor University Hospital. It was first employed as protection for public teachers of Dallas who had operated their own private plan for several years prior to the Baylor adoption. From the beginning, this cooperative movement between the hospital, the doctor, and the plan was based on group enrollment to permit maximum coverage at reduced cost.

Throughout the years individual requests for enrollment have mounted until local experimental enrollments proved the plausibility of going forward with an individual plan on a state wide basis.

Garland Davis, son of Mr. and Mrs. E. C. Davis, plans to open his new hamburger stand situated near the Colorado City highway this Saturday. The stand is located in the Davis home and will serve hamburgers, cold drinks, hot dogs, ice cream etc. Henry Childress will give Garland a hand for a few days. The stand was constructed by C. W. (Coon) Bessent and E. C. Davis.

Mr. and Mrs. Roy D. Shafer moved into their home, the former Jack Looney residence, Monday. Mr. Shafer recently purchased the Looney Hardware Company. He plans to hold formal opening for the store on Saturday.

Mrs. Carl Grubenman, Sr., of Victoria, and Mrs. Virgil Smith and two children of Gladewater, visited Mr. and Mrs. Carl Grubenman, Jr., at Silver last weekend. Mrs. Grubenman Sr., and Mrs. Smith are Carl's mother and sister.

CARD OF THANKS

We wish to take this opportunity to thank all our neighbors and friends who worked our fields last Wednesday. For your greatly appreciated service, we can never express our true appreciation for what you have done.

Mr. and Mrs. Lee Hallmark and family.

Cooking School to Be Thursday, May 22

How would you like to cook your family's meals simply by turning a switch? Today, the homemaker can accomplish just that—cook a complete meal by just turning a switch. Mrs. Jennie V. Wynne, widely known Home Economist, will demonstrate the most recent and proven developments in modern cooking at the demonstration which will be held Thursday, May 22, in the West Texas Utilities Company office at 2:30 P. M.

Mr. W. D. McAdams, West Texas Utilities Company local manager, has issued an invitation to all the housewives in Robert Lee and the surrounding area to be his guests at the demonstration which is planned as one of the best ever conducted here.

The demonstration, sponsored by the West Texas Utilities Company, will be conducted by Mrs. Jennie V. Wynne, a senior Home Economist for Frigidaire Sales Corporation. She will be assisted by Mrs. Ruth N. Clampitt, Home Economist for WTU Co's Ballinger-Robert Lee district and by other members of the district staff.

Mrs. Wynne, who will present the very latest in food preparation and time saving methods, is a graduate Home Economist with years of practical experience. She has had special training in food preparation, preservation, and quick-freezing techniques at the nationally famous Frigidaire Home Economics Department at Dayton, Ohio.

Recipes and favors will be given to homemakers who attend the demonstration. All the food used in demonstrating the modern electric way of food preparation will be presented to the women attending the school.

Mrs. Coke Austin visited with her mother, Mrs. A. J. Roberts of Comanche, on Mother's Day.

FIVE YEARS AGO

(From the files of Observer May 16, 1947)

Coke county received big rains last weekend that will bring untold benefit to crops and grazing land. In northwestern Coke county, around Silver, a downpour of six inches or more was reported on Saturday. Farmers say a pretty fair oat crop will be harvested now and wheat will also make a crop. The county has its biggest oat acreage in years.

This is open house week at the Ivey Motor Company in Robert Lee, where two brand new 1947 Fords on display are attracting wide attention. On of the units is a super delux 8 cylinder sedan that is scheduled to go to Gerald Allen.

Robert Lee came from behind and defeated Maverick 2 to 1 in a Concho Basin league game here last Sunday.

Ray Ledbetter's new business building was sold last week to Bill Ratliff of San Angelo. The price was \$10,000 with Ledbetter taking a new \$2,100 Plymouth sedan on the deal.

While the river was on a rise last week, two brave men, Arnold Samuelson and Jack Looney, made "daring" journey down the turbulent Colorado River from Robert Lee to Bronte in Jack's life raft, the "Inflator Sausage." The expedition was classified as a good will tour and took a little over three hours to complete. Says Samuelson, "We see 24 cows and calves bellowing on an island, standing close together in a corral fenced with water, we pass unfamiliar farm buildings, pastures, fences, some unknown fields, we gain speed in the narrow channels, slow down in the wide places, and after awhile we are completely lost and know we're lost and wonder when we'll get there." Not knowing that they would complete the journey in such short period of time, Looney says, "Heck, we should've had 'em meet us at Ballinger."

Ah, such courage. Ed, Robert Lee's newest business institution is the grocery and market opened this week by Genie Baker.

Mr. and Mrs. J. E. Foster of Silver, City, N. Mex., spent last week visiting in the home of Mr. and Mrs. V. P. Byrne. Mr. Foster is a cousin of Mrs. Byrne.

Now-choice of FIVE Great Engines

New 1952 Ford F-7 is powered with the completely new LOW-FRICTION 145-h.p. V-8!

in Ford Trucks for '52!

**3 NEW Low-Friction engines!
Gas savings up to 14%!**

Ordinarily, engine friction alone can steal as much as 30% of the power your engine develops. Ford's new short piston stroke cuts piston travel, reduces gas sacrificed to engine friction, delivers more of the power developed! These three new engines, PLUS the famous 239 cu. in. V-8 (now 106 h.p.), the 112-h.p. BIG SIX, the new Courier Custom Delivery, mean that there's a Ford Truck that's exactly right for your kind of job—at a rock-bottom per-mile running cost!

Availability of equipment, accessories and trim as illustrated is dependent on material supply conditions. F.D.A.F.

**Completely PROVED under toughest conditions!
High-compression punch with regular gas!**

- 101-H.P. COST CLIPPER** 112-H.P. **BIG SIX**: 254 cu. in. Available in Series F-6 only.
- SIX**: New LOW-FRICTION design. 215 cu. in. Available in Series F-6 C.O.E. Series F-1 thru F-5.
- 145-H.P. CARGO KING** V-8: New LOW-FRICTION design. 279 cu. in. Standard in Series F-7 Big Jobs.
- 155-H.P. CARGO KING V-8**: New LOW-FRICTION design. 317 cu. in. Standard in Series F-8 Big Jobs.

Cost still less to run!

Robert Lee 92 PHONES Bronte 123

There was a young lawyer named Pace
Whose car made him lose his last case.

Too late to commence
His most brilliant defense.

He walked out of court in disgrace!

Then I got Conoco's **NEW 1-2-3**
"50,000 Miles No Wear"
Service!

Now Lawyer Pace wins every case . . . thanks to one of the greatest services ever offered the motoring public—a service that helps engines last longer, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's today!

HERE'S CONOCO "50,000 MILES—NO WEAR" SERVICE

At proper intervals, Your Conoco Mileage Merchant will:

- 1 Drain out grit and sludge, preferably while the engine is hot!
- 2 Recondition all air and oil filters!
- 3 Fill the crankcase with great Conoco Super Motor Oil.

This is a **HEAVY DUTY OIL**

**HELPS YOUR ENGINE LAST LONGER,
PERFORM BETTER, USE LESS
GASOLINE AND OIL!**

STANLEY ADAMS

Stanley Adams Attains Honors

Stanley Adams, son of Mr. and Mrs. S. E. (Skinny) Adams, was recently elected president of the student body for the coming year at San Angelo High School. Stanley has made a fine showing in a number of different activities at San Angelo. Besides being named president of the student body, he has also been elected president of the San Angelo Youth Center and nominated to attend this year's Boys State in Austin.

Stanley is a junior in high school. Last year he contracted polio and spent a long period of time in a San Angelo hospital and in the Warm Springs Foundation at Gonzales, Tex. But, Stanley won his fight and has long since returned to school.

Naturally it was a great honor

to be named by his fellow students to the highest office a student can hold in high school. His nomination as a delegate to Boys State was sponsored by the Optimist Club of San Angelo. Boys State is sponsored each year by the Legion state organization to better acquaint high school students with workings of their state governments.

Mrs. Olene Snoddy and Mrs. Elmo Bell recently attended a style show held at the Cactus Hotel in San Angelo.

NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to an order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Robert Lee, Coke County, Texas, at 9 o'clock A. M., beginning on Wednesday, the 28th day of May, 1952 and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Coke County, Texas, until such values have finally been determined for taxable purposes for the year 1952, and any and all persons interested or having business with said Board are hereby notified to be present.

Weldon Fikes
County Clerk,
Coke County, Texas
Coke County,
Robert Lee, Texas.
12th day of May, 1952.

Jim Cobb, W. T. Roach, Waynon Robertson, and L. C. Clark returned Monday from a five day fishing trip on the Rio Grande River. Although they had poor luck, everyone reported a fine time.

Mr. and Mrs. J. B. Mauldin and sons and Mr. Jim Mauldin of Belton, visited over the weekend in the home of Mrs. Olene Snoddy.

Mrs. Olene Snoddy and two sons, Ronnie and Dickey, plan to leave June 1 for Houston, where the Snoddy boys will audition for a local Houston television program. While in Houston they will stay with Mr. and Mrs. Wendell Lammers. Mrs. Lammers is the former Betty Jo Mauldin. The Snoddys plan to be in Houston a week.

W. H. D. MEETING

Members of the Women's Home Demonstration Council met Saturday, May 10, at the agent's office. Four clubs were present, including the new club from Green Mountain.

Visitors to the council were several 4-H girls who had been selected by the 3 E's committee as outstanding in their club work. These girls, Jeffie Harmon, Benny Helen Wyatt, and Mary Nell Wink, will be eligible to attend the 4-H Round Up at Texas A&M early in June. Annelle Simpson, winner in the 4-H dress revue recently will also go to the Round Up and compete with other girls from over the state with the dress she made.

After a brief business session,

Minnie Mae Sharp, agent, showed slides on the construction of a trash burner, and delegates who went to the district meet in Colorado City gave reports.

Mr. and Mrs. Willis Wayne Smith are leaving Saturday for a week's vacation in Colorado.

The Observer Is Coke County's Oldest Business Institution

BY THE MAYOR OF THE CITY OF
ROBERT LEE
A PROCLAMATION:

WHEREAS it is appropriate and desirable that we devote one day each year to a public expression of respect for men and women who demonstrate their patriotic devotion to the Nation by service in the Armed Forces of the United States; and

WHEREAS the third Saturday in May has been designated for the observance of Armed Forces Day;

NOW, THEREFORE, I, John D. Harvey, Mayor of the City of Robert Lee, do hereby proclaim that Saturday, May 17, 1952, shall be recognized throughout this city as Armed Forces Day.

I invite all groups of patriotic citizens including Veterans, Women's, Fraternal, Educational, Religious, Labor, Commercial and Industrial Organizations, to participate actively in the Armed Forces Day Program in their communities, to the end that we may join in honoring the Armed Forces and in emphasizing

the direct relationship of each citizen to the Nation's continuing effort for peace with freedom through the strength of a United People.

IN WITNESS WHEREOF: I have hereunto set my hand and caused the Seal of the City of Robert Lee to be affixed, at Robert Lee this 12th day of May 1952.

John D. Harvey
MAYOR

PENTECOSTAL CHURCH

At the last meeting the pastor brought the message based on Matthew 25:14 concerning stewardship. We were favored with some good songs by a group of visitors from San Angelo. If you ever have time to listen to Gospel Time over Station KRUN, Ballinger, Tuesday and Friday at 5 p. m. you will be well San Angelo. If you ever have time Monday night. Lorene Tyra, pastor.

Mrs. Elmo Bell will be in charge of Olene's Beauty Shop during the absence of Mrs. Olene Snoddy, who plans to leave for Houston June 1.

NOTICE

We invite you to visit Froggy's Hamburger Stand. Free drinks will be served with each hamburger, Saturday, May 17. Come by and give us a trial. Located on Colorado City highway one block northwest of Varnadore's Service Station. Froggy's Hamburgers.

**Betty Baskett Marries

**New Members Take
Office On Silver
School Board**

Installation of new members on the Silver School Board was held Thursday night, May 8. New members are Preston Pew and Hale Kincaid. Old members include J. L. Legg, W. A. Preston, H. H. Jameson, O. W. Newell and O. L. Snyder. Pew was named chairman of the board, with Kincaid named vice-chairman and Snyder secretary.

Discussion on rehiring Mr. P. P. McGee as school janitor and Baylor Walker as bus driver was held over until the next meeting, June 12.

Also during the meeting the following standing committees were appointed:

Finance Committee—H. H. Jameson, chairman, and Hale Kincaid.

Physical Plant Committee—O. W. Newell, chairman, and O. L. Snyder.

Curriculum Committee—J. L. Legg, chairman, and W. A. Preston. The Silver School District reports that a number of new students are coming in as the result of increased Sun personnel in the Jameson field.

A FINE WAY OF LIFE...
is awaiting you.
We wish you the very
best of good fortune.

County Attorney

EDITOR WRITES OF EASTERN TRIP IN WASHINGTON

Alexandria, Va., May 9, 1952
Dear Readers:

Here we are at the home of our son-in-law and daughter, Mr. and Mrs. Jimmy Hillman in old Alexandria, just across the river from the nation's capitol. It's a 10-minute bus ride over to the Post Office building in Washington, from which point you can grab a taxi to Capitol Hill or any other destination.

Our trip east was so pleasant and rapid, that it seems fantastic. We left our home in Robert Lee at 9 a.m. Monday, with Mr. and Mrs. J. L. (Chilly) Tinkler driving us to the airport in San Angelo. Our Trans Texas plane departed at 10:55 for Dallas where we had about an hour wait before boarding the big American Airliner which brought us non-stop to Washington.

We were 40 minutes late out of Dallas as seating space had been oversold, and tickets had to be checked and some passengers were removed. Every seat was filled and Mom and I couldn't get reservations together. The American new DC6-B traveled smoothly until the last 200 miles when we ran into clouds near Washington. It was much smoother than the smaller plane from San Angelo to Dallas.

The DC6-B carries 60 passengers, two pilots, a flight officer and two stewardesses. It climbed gradually to a height of 19,000 feet and cruised at 320 miles per hour, according to an announcement made by the captain over a loud speaker. He also reported a gross load of 94,000 pounds (only 6,000 under the limit) which included 20,000 of gasoline.

The big 4-motored airliner runs from Mexico to New York with stops only in Dallas and Washington. Dinner was served about 5 o'clock and it was a good meal, with fried chicken, shrimp cocktail, potatoes, salad, hot rolls, strawberry shortcake. The attractive young stewardesses were kept busy all the while, looking after mothers with babies, serving iced tea or water as passengers became thirsty, distributing reading material, etc.

We were due in Washington at 7:15, but because of a late start we arrived 15 minutes late. Of course, we had set our watches ahead an hour because of the Eastern time zone, so our trip from Dallas had required only slightly more than 4 hours of flying. It was a little rainy and was just about dark when we got into the National Airport. The Hillmans were there to meet and the new granddaughter, Linda, 3½ months old, was on hand, too.

May is a beautiful month in Washington because the hot weather has not set in yet. It has been ideal

this week. No rain to speak of, although partly cloudy, with a daytime high of about 75 degrees. Everything is beautiful.

Washington is busy. Many tourists are here now and high school seniors, some from a long distance, are making a pilgrimage to the nation's capital. Many men are hurrying along with brief cases under their arms, and folks are always coming to Washington to see their congressmen and senators to exert pressures of various natures. Then there are the thousands who are on the government payroll.

At Congressman Fisher's office Thursday morning I ran into Senator Dorsey Hardeman, who had come in by plane the previous day. He completed his mission satisfactorily and was taking off for home in the afternoon. We went over to the House Chamber with Mr.

Hardeman for a short period and while waiting around met Speaker Sam Rayburn and Congressman Kilday of San Antonio. Congressman Fisher expects to be home in plenty of time to visit his constituents before the July primary. He says he is getting good reports on his chances for re-election.

Dorsey and I rode the little subway car from the capitol over to the Senate Office Building. Sena-

tor Connally was not in, but Dorsey left a note. Many people regret that Senator Connally has decided to retire. Senator Lyndon Johnson was attending a closed hearing of the Armed Services Committee, but several Texans were in his office, including Claude Gilmer, former speaker of the Texas House. Dorsey, being a native of Tennessee, stopped to greet his old friend, Senator McKellar, but he was elsewhere at the time.

In riding down to Senator Hardeman's hotel, we had the cab driver circle the White House grounds. The buildings look the same from the outside, except they are newly painted, and we learned that the public can now go through the White House from 10 a.m. until 4 p.m. except on Saturdays and Sundays. We may see it inside while we are here.

Mom and I are spending most of our time visiting and loafing. We had been planning this trip for months, and are so happy that Mrs. K. is much improved and enjoying herself. She stood the trip well, in fact was feeling better when we arrived in Washington than when we left Dallas.

Our son-in-law and daughter have installed a new television set

DISTRICT'S BEST DRESSED—These four girls were winners in the dress making division in the District 4-H competition held at San Angelo College Saturday afternoon. They will go on to represent this district in the state finals. Left to right are Alice Foster of Tom Green County and Darnell Soules of Nolan County, tied for first place; Ruby Stephan of Taylor County, third place; and Annelle Simpson of Coke County, second place. The girls are not wearing the clothes for which they were named winners.
