TWO NEW SAND PRODUCERS ON MATHERS LEASE

Two new sand producers for Sun Oil Co. on C. E. Mathers, southwest of Silver, are nearing completion.

Mathers No. 45 tested perforations from 5,945-66 feet and flowed 166 barrels of oil, no water, during 19 hours. Gauge was through a 12/64ths inch choke. Tubing pressure was 1,175 pounds, casing pressure 1,375 pounds and the gas-oil ratio 2,120-1.

Mathers 44 flowed 98.6 barrels of oil, no water, during 16 3/4 hours from perforations 5,920-27 and 5,940-46. Gauge was through an 1/64th inch choke, with pressures of 850 pounds on the tubing and 300 pounds on the casing. Gas-oil ratio 3,550-1.

Sun 39 Mathers was waiting on cement Tuesday after surface casing was seated at 514 feet. Baker-Taylor is the contractor, having moved rig from Sun Tubb D-2.

Sun 21 Brannan was drilling at 3,820 feet in shale.

Sun 11 John Walker was in shale at 5,939 feet.

Sun Central National Bank-State Unit A-1 was drilling hole for surface pipe with cable tools.

Sun No. 1 Vicor McCabe, two miles north of Silver in Mitchell County, was drilling ahead at 6,240 feet and will go to the reef. It had good shows in three sections of Strawn lime.

JACOBS LOCATION

Location of Sun No. 1 Mattie Jacobs is 660 feet from the north and east lines of Section 325 1-A H&TC. It is slightly east of Sun's sand producer on Mary A. Bloodworth. The Jacobs location is three-fourths of a mile northwest of the Billie Hanks failure.

BRONTE WINS DOUBLE BILL

In both games the score was close during the first half. Robert Lee boys were ahead 9 to 8 at the quarter and Bronte took a narrow 17-16 lead at the half.

Three Coke county youths recently inducted into the service have been sent to Ft. Leonard Wood, Mo., for basic training. They include Dale Brown, Dale Lofton and Gayle Huffstutler. Ben Snead of Bronte, who was inducted with them, has been sent to El Paso.

Rev. and Mrs. Lee Attend Funeral Of Son In California

The Rev. and Mrs. Ray Lee returned to Robert Lee Friday from Los Angeles, Calif., where they had been called the previous Sunday by the accidental death of their son, Rudolph Lee, 42. The Lees made the trip by auto and were accompanied by their son-in-law and daughter, Mr. and Mrs. James Garrett of Vega.

The younger Mr. Lee was killed in a fall from a cliff near San Fernando. He had taken his son, Ronald, 12, on a hike into the mountains Saturday afternoon. They were accompanied by a neighbor lad, Butch Clark.

When the Clark boy ventured too close to the edge of a precipice, Lee attempted to rescue him, and both fell down the side of the steep mountain. The boy landed on a ledge 60 feet below, but the older man's body dropped to the floor of the canyon, 180 feet farther down.

He sustained multiple fractures and bruises which caused almost instant death. It was getting dark at the time and a sheriff posse could not locate the body until the following morning. The Clark boy's injuries were not critical.

Rudolph was born in Armstrong county, Texas, and had been in California 18 years as an employee of Western Union. He was manager of the San Fernando office. He is survived by his wife, a daughter, Ronya, 14, and the son, Ronald, besides his parents and the sister in Texas.

Funeral services and burial occurred in San Fernando Wednesday morning. Rev. Lee reports that close acquaintances and business associates of Rudolph served as pallbearers and they included two Jews, two Catholics and two Protestants.

The Rev. and Mrs. Lee wish to thank their many friends in Robert Lee and other points in Texas for the many telegrams and letters of condolence and for the beautiful flowers.

WILTON SCOTTS RETURN

Robert Lee folks welcome the return of the Wilton Scott family, who have resided at Mena, Ark., the past year. Mr. and Mrs. Scott moved into their home Monday, while the little sons, Jerry and Larry, are spending some time with their grandparents, Mr. and Mrs. L. L. Scott at Lampasas. Wilton has leased out his Arkansas farm, but retains his herd of purebred Angus cattle. His immediate plans are indefinite, but he expects to devote some time to his service station at Winters.

Mrs. Dale Brown and Mrs. John L. Bruton spent the weekend at Woodrow with the former's parents, the Rev. and Mrs. C. R. Blake.

Notes From The Oil Field

Laan-Tex No. 1 J. L. Reid Estate, wildcat 8 miles north of Robert Lee, has been plugged and abandoned at 6,812 feet in the Ellenburger. Porosity was found in the 100 feet of Ellenburger formation, but it was largely water with some oil.

Lawless Drilling Co. had the contract. Q. W. McKeegan, pusher for the company, said his rig will drill another hole for Laan-Tex west of Silver.

Seaboard No. 1 Lucille March Stone, 8 miles southwest of Robert Lee, recovered 210 feet of slightly gas cut mud and 1,000 feet of salt water on a drillstem test in the Palo Pinto from 5,820-71 feet. It was drilling ahead Wednesday morning at 5,920 feet.

Humble No. 1 Weaver, 11 miles south of Robert Lee, was drilling Wednesday below 4,900 feet in lime and shale.

Chester Hunter No. 3 J. B. Walker, Jr., on the west side of the Jameson Field at Silver, has been completed for a daily flowing potential of 168 barrels of oil, no water. Gas-oil ratio was 1,403-1. Production was through a one-eighth inch choke from perforations between 6,000 and 6,028 feet. The pay section was fractured with 8,000 gallons of sand oil.

Another sand producer west of Silver is American Republics No. 3 Eva Snowden, completed for a daily flowing potential of 162.93 barrels of 45.8 gravity oil. Gas-oil ratio was 1,245-1. Production was through a 1/4-inch choke from perforations between 6,034-38 feet. It failed to find production after drilling to 6,615 feet.

CAR TAGS ON SALE

Auto licenses for 1953 went on sale this week in the office of Sheriff and Tax Collector Paul Good. This year's plates are light orange with lettering and numerals in black, a reversal of last year's color scheme.

A total of 1,600 passenger car tags have been allotted to Coke county, starting with FM 2950 and continuing to FM 4549.

Motor vehicle owners are requested to purchase new licenses early and not wait until the March 31 deadline.

Citron is a fruit originally from tropical Asia.

SCHOOL NOTES

At its regular meeting last Thursday night the Robert Lee school board interviewed its first applicant for the coaching position which will be vacated by Charles Dennis.

Supt. B. C. Goodwin advised The Observer Wednesday that school enrollment was up to 358, the highest figure since 1950. There are 94 pupils in high school and 264 in the elementary department. In the grades, all rooms except two, have more than 30 students and some have as many as 38.

Supt. Goodwin leaves Thursday to attend the national convention of School Superintendents in Atlantic City. He will board a special train at Dallas carrying Texas school men to the convention.

Mrs. Travis Hicks is expected to return to her teaching duties next week after being out two weeks with the flu. Mrs. R. M. Page is her substitute this week. The vacancy was filled last week by Mrs. E. E. Donelson.

SILVER BOOSTS MARCH OF DIMES DRIVE WITH DONATIONS OF \$1215

P. T. A. MEETING FEB. 19

Mrs. Victor Wojtek announces the next P. T. A. meeting will be next Thursday, Feb. 19, at 3 p. m. at the school auditorium. Mrs. J. J. Black of Midland, district president, will be present. Third grade pupils will be on the program. A birthday cake will be served commemorating the 54th anniversary of the P. T. A.

Mrs. H. C. McMinn and son, J. W., returned Sunday night from a few days visit in Corpus Christi. Mr. McMinn remained there for another week.

Group of Neighbors Plow Farm Land For Mrs. Howard Eaton

Mrs. Howard Eaton is deeply grateful to a group of neighboring farmers who brought in their tractors and seeders last Thursday and put her land in condition for spring crops.

They listed and re-listed 95 acres of farm land and sowed 35 acres of oats.

Furnishing tractors were B. Alfred Boykin, Frank and Wilson Bryan, Tom Wiginton, Sam McGallian, J. W. Service, Sr., Oscar Kresta, Oscar Collett, Ben Tubb, Lee Roberts, Delmir Sheppard, Weldon Fikes, Weldon Johnson and Fred McDonald, Jr.

Seed oats were furnished by A. V. Hughes, Fred McDonald, Jr., Sam Powell, D. P. Key, A. B. Sheppard, Lowell Roane, L. R. Schooler and Bruce Cliff.

The group of volunteer workers were brought to town and served a noonday meal at the cafe by David Key and Eli Hatley.

Mrs. Eaton, who has continued to operate her place south of town since the death of her husband a few months ago, says all she needs now is moisture for her fields.

Do You Want a Clean And Healthy Town?

Robert Lee residents will soon have the opportunity to express their views on a City Commission proposal to add 75 cents monthly to water bills to create a fund to provide a city-wide program of health, sanitation, cleanliness and safety. A folder explaining the proposition will be mailed in the near future and a ballot coupon is attached so that the people can advise city officials of their wishes. The Observer believes the movement should be endorsed. A clean and healthy community is probably more important than anything else. City tax funds are not sufficient to carry on this work because of the requirements of retiring old bond issues.

OPENS NEW BEAUTY SHOP

Mrs. Bernice Bell announces the formal opening of her new Beauty Shop on Saturday, Feb. 14. Refreshments will be served to all visitors who call during the day.

A new room was added to the Bell residence in the south part of town for the beauty shop. Modern and attractive equipment has been installed.

Mrs. Bell is an experienced beauty operator, having worked in Robert Lee, Amarillo and other points. She is the wife of C. Elmo Bell and a daughter of Mr. and Mrs. G. E. Davis.

More than doubling their contributions of last year, the Silver community has donated \$1,215 for the 1953 March of Dimes campaign. It swelled the west half of Coke County total, to more than \$2,000 and helped push the county grand total to a record high of nearly \$3,500.

Polio funds received during the past week also included \$51.19 taken up at the Alamo Theatre Friday and Saturday nights. Sanco turned in more than \$21 and iron lung containers in the Robert Lee business district accounted for \$40.

Late contributions by mail amount to \$25 and more is anticipated before the end of the week. Chairman Lewis Heuvel has not reported on the campaign in the Edith and Green Mountain community. The drive will end this week.

Last week Bronte and the east half of the county reported collections of \$1,344 to take a big lead over the west half. But now the tables have turned, thanks to Silver's outstanding record. Robert Lee and Sanco both failed to support the March of Dimes as well as a year ago. Silver folks are proud of their achievement, and other sections of the county congratulate them on a great piece of work. A detailed account of the Silver campaign appears on Page 2.

Dr. John Harris of Bronte, county chairman of the National Foundation for Infantile Paralysis, has issued the following statement: "To all those generous people who gave with their hearts, work, talents and money, the entire staff of Coke County's executive council of the National Foundation for Infantile Paralysis thanks each and every one of you."

Registered Nurse Joins Hospital Staff

A registered nurse joined the staff of Coke County Memorial Hospital this week. She is Miss Kathryn Reeder, 24, recent graduate of Wheaton (Ill.) College where she obtained a BS degree in nursing. She learned of the opening here through Charles McDaniel, also a student at Wheaton and a son of Dr. and Mrs. J. D. McDaniel.

Miss Reeder is a native of Fairfield, Iowa, where her parents reside. She began her duties here Monday and is making her home with Mrs. Willis Smith.

HOSPITAL ZONE SIGNS

The Robert Lee City Commission has erected two highway signs warning of a 15 miles per hour speed limit near the Coke County Memorial Hospital.

Gayle Conley's fifth birthday was honored Feb. 1 with a party in the home of her parents, Mr. and Mrs. John Conley. A group of Gayle's little friends were present and a huge birthday cake was served with other refreshments.

Miss Reeder is a native of Fairfield, Iowa, where her parents reside. She began her duties here Monday and is making her home with Mrs. Willis Smith.

Mrs. Blair returned home Saturday after spending 10 days at Sweetwater helping care for the mother and baby.

HIGH SCHOOL SENIORS TAKE KUDER TEST

Supt. B. C. Goodwin announces that Robert Lee high school graduates for 1953 have been given the Kuder Vocational Preference Test provided by San Angelo College without cost.

This test is one of the guidance services for high school graduates of this area which San Angelo College has been giving for the past five years.

As a follow-up to this test, the college will send a team of its expert counsellors, Mrs. Frances Carter and C. A. Roberson, Jr., to the Robert Lee high school to explain the results of the test with specific interpretation to each boy and girl and at the same time point out use the student can make of the information whether he goes on to college or enters business.

The San Angelo College counsellors will be here Tuesday, Feb. 17.

The Kuder Test is an intelligence or an aptitude test. It simply indicates the students' preferences in nine different types of vocations. This information is of vital importance to each boy and girl in planning future studies or activities.

Mrs. Carter, assistant professor of journalism at San Angelo College, has a rich and varied background in educational work, having been a teacher and librarian 16 years in Texas schools. She earned the B. A. degree at Rice Institute and obtained her M. A. degree in adolescent sociology, journalism and English at the University of Texas.

Mr. Roberson, a native of Wall, is assistant professor of Business Administration and Business Manager of San Angelo College. He is a graduate of San Angelo College and Texas Tech.
