STEERS SHOULD IMPROVE AFTER A POOR START

Robert Lee Steers were scheduled to entertain the Ira Bulldogs on the local field Thursday night of this week. Fans were anxious to see how much improvement the Robert Lee squad had made since its poor showing against Bronte last Friday night.

By the way, next week's game with the Abilene High School Sophomores will also be played Thursday. Kickoff time for all games this year has been set for 7:30.

While the Steers were disappointing in their first game, it must be remembered that the squad is inexperienced. Only a few of the boys ever played in a game before. The Observer believes they will improve a lot as the season progresses.

They did just about everything wrong, but in making mistakes they were also learning. They need to develop a better spirit, and a will to win. Coach James Mancill says most of the boys came through without injuries. However, Sherman Williams has a knee which is causing him trouble and Roland McArthur isn't back in yet. There is evidence that the entire squad seemed to be pooped out after a few minutes of play.

Mancill says Don Bell will be started in the line this week and Bobby Walker goes into the full-back slot.

Some good indications are that the Steers completed four out of five forward passes attempted, and that the reserves showed up far better than was expected.

Another thing for consideration is that the Bronte Longhorns are a pretty good outfit this season, and they are likely to make some other clubs look bad.

Jack Gray's school band made a fine showing at the Bronte game. They will have some new formations at each game.

Earl Robertson, Former Resident, Accident Victim

Earl Howard Robertson, 24, was killed Sept. 5 in a hunting accident near Globe, Ariz. He attempted to remove a shotgun from his car when the weapon was discharged accidentally and the top of his head was blown off.

Earl was raised at Robert Lee and is the son of Mr. and Mrs. Claude Robertson of Stafford, Ariz. His mother is the former Hallie Plumlee, daughter of S. B. Plumlee of Robert Lee.

His aunt, Mrs. George King of Stanley, N. Mex., and her sons, Earl and Alvin, went to Globe when they were advised of the tragedy.

Earl has a sister Mrs. Dorothy Wallace of San Angelo, and a brother, Robert, resides in Big Spring.

METHODIST REVIVAL

The Rev. H. C. Smith, superintendent of the Abilene District of the Northwest Texas Methodist Conference, will preach at a Revival at the Robert Lee Methodist Church running from Oct. 4 through 11. Services will be held at 10:30 a. m. and 7:30 p. m.

Mr. and Mrs. W. G. Byrd came down from Happy this week to visit their daughters and old Coke County friends. Mr. Byrd says crops are poor there except where the fields have been irrigated.

WINTER LEAGUE GAME

Robert Lee defeated West Texas Utilities club of San Angelo in a Winter League game here last Sunday. The visitors were entirely out-classed and the final score was 38 to 9. No, it wasn't a football game, it was baseball. Dale Wojtek was on the mound for the home club.

Tio Vista, the San Angelo Latin-American team, will play here next Sunday at 2:30, and the locals expect strong competition. Ronnie Baker will hurl for Robert Lee.

Corner Drug and Eola will come here in succeeding weeks before the season winds up.

Chilly Tinkler and John Conley did the umpiring last Sunday and both players and fans were highly pleased with their work.

Big Time Promised Friday Night At Green Mountain

Big plans are being made for the Green Mountain Musical and Community Party on Friday night of this week. It marks the third anniversary of these popular monthly events and also celebrates remodeling of the school house which was damaged by last summer's windstorm.

Repairs on the building have been completed by making use of more than \$5,000 received from the insurance company. Partitions were removed, making the building into one room, with a kitchen occupying one of the rear corners.

Some outstanding entertainers will be on hand Friday night, including Johnny Thurman, known as the Flop Eared Mule of Station KRUN at Ballinger. Also Mrs. Marvin Corley of Tennyson, who is entertaining professionally as Mule Creek Minnie. She has received recent acclaim from her impersonations of Minnie Pearl. Other headline entertainers have been invited.

Then there will be the old stand-bys including Chester Derrick, Richard Beck, the Cornelius Brothers and of course Uncle George Powers with his fiddle. Eddie Garvin will emcee the program in addition to taking his place with the musicians.

Seating will be provided for the big crowd expected at Green Mountain Friday night and refreshments will be served. Ladies are requested to bring pies and cakes.

PARTY AT SANCO

The Sanco Home Demonstration Club will sponsor a Pie Supper and 42 Party at the Sanco school house Saturday night, Sept. 26, starting at 7:30 p. m. Everybody invited to attend.

D. J. Walker, Jr. and family have returned to their home here after residing at Sweetwater a few months. The former is now rough-necking for Hershel Hall on the Ray-Harris rig at Silver.

Sept. 20—Cecil Coffey, Mrs. Roscoe Baker admitted. Mrs. R. C. Roberts, Mrs. J. E. Self and infant son dismissed.

Sept. 21—Mrs. Bob Patterson admitted. Cecil Coffey dismissed.

Sept. 22—Mrs. Sam Fowler admitted.

CAMPAIGN FOR NEW SCHOOL IS STARTED HERE

A group of thirty interested citizens met with the school trustees Tuesday night to discuss the possibilities of getting a new school building for the Robert Lee Independent District.

Considerable sentiment for a new building has been expressed and the meeting was called to learn if there was enough interest to warrant going ahead with the proposition.

Practically every person at Tuesday's session felt that a building was needed, that the district could have a new school without raising the present tax levy, and that the ball should be started rolling to give the public all possible information on the subject.

A. V. Sheppard, school board president, who served as chairman of the meeting, appointed the following citizens' planning committees: H. S. Lewis, Jr., Mrs. W. T. Roach, Mrs. O. B. Jacobs, J. F. McCabe, Jr. and W. E. Burns. This group will meet with the school trustees next Tuesday night and make plans to visit some of the new school buildings in West Texas.

The planning committee, working in cooperation with the trustees, will also assemble data and vital information to be presented to the public at a community meeting later.

Indications are that the whole project centers around the question of whether or not a new building can be had without raising taxes. Mr. Sheppard reported that it positively would not affect the present tax rate. Sixty per cent of the present taxing valuation of the district comes from oil interests. Sun Oil Company, operators of the highly valuable Millican field west of Edith, has expressed a desire to go along with any proposition designed to make better schools.

S. E. (Skinny) Adams said the high school building had always leaked since it was built thirty years ago. Mr. and Mrs. Harry Weaver, representing extensive ranch holdings in the district, announced they would go along with any reasonable project.

The old Robert Lee school building seems to have served its purpose well. It has turned out its share of good students. But the advantages of a modern school plant for our next generation is worthy of study. It won't become a reality this year, and maybe not next year, but a careful survey of the proposition at this time is entirely proper.

Mrs. James Hillman and little daughter, Linda, arrived by plane Tuesday night from Alexandria, Va., for an extended stay in the parental home of Mr. and Mrs. A. J. Kirkpatrick. The condition of Mrs. Kirkpatrick remains serious at Coke County Memorial Hospital.

Mr. and Mrs. S. E. (Skinny) Adams were here briefly last Friday from San Angelo. They report their son, Stanley, has enrolled as a freshman at the University of Texas in Austin. He plans to become a lawyer.

Mr. and Mrs. Frank Smith returned Monday from a weekend trip to Premont where they visited their son-in-law and daughter, Mr. and Mrs. Carl Grubenman, and children, Carla and Kyle. Mrs. David English and Debbie came from Premont with the Smiths and will visit friends at Silver and Big Spring.

CHURCH OF CHRIST SINGING

The Robert Lee Church of Christ will entertain congregations from Bronte and Blackwell at a Singing next Sunday afternoon at 2:30. Each month one of the three churches sponsors a similar event. The public is invited to attend.

APPROACHING WEDDING

Miss Billie Roberts and Mr. Eddie Good have announced their engagement and approaching marriage. Date for the wedding has been set for Nov. 17. A popular Robert Lee young couple, Miss Roberts is the daughter of Mr. and Mrs. Lee Roberts, and Mr. Good is the son of Sheriff and Mrs. Paul Good.

John Auten Down From Dakota Visits Old Coke Friends

John Auten, who has been engaged in oil drilling in North Dakota the past two years, visited among Robert Lee friends the past week. He came down on a combined business and pleasure trip.

John is drilling superintendent for Paul F. Rutledge, who is operating three rotary rigs in the newly discovered Winston Basin. John and his family reside in Williston, while the rigs are about 50 miles out. He has a pusher for each rig. North Dakota winters are severe, but Rutledge is operating in a highly successful manner.

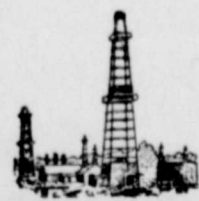

Two of the Rutledge rigs were drilling in Coke County for Sun and the other was in the Sprayberry field when they were moved to North Dakota in 1951. They had a big contract with Amerasia, and two of the rigs are still working for the same operator.

John took several Robert Lee employees north with him, but Delmir Morris Sheppard is the only one who is still there. He is a driller. John's brother, Jack, is one of his pushers.

The Autens keep in touch with Coke County news through The Observer, which is sent to them by Fred McDonald, Jr.

Mrs. F. W. Hunter and Mr. and Mrs. Jack McGlamery and family of Austin visited over the weekend with the former's father, B. W. Shropshire, and her sisters, Mrs. Carol Reed and Mrs. D. P. Key. Mrs. McGlamery is the former Mildred Hunter, who graduated from Robert Lee High School when her parents resided here some years ago.

Mrs. Clayton Caraway resumed her nursing duties at Coke County Memorial Hospital Wednesday after an illness of two weeks.

Notes From The Oil Field

LaGloia Corp. 1 E. A. Moore, in the Jameson field west of Silver, was completed.

Superior 1-161 Price, west of the Millican field, drilling at 6,931 feet in shale and lime. No shows.

F. Kirk Johnson 1 Nora Gee, 5,660 feet, shale.

Magnolia Petroleum Co. No. 1 R. B. Allen has been spotted in the Jameson Field, west of Silver.

Kewanee Oil Co. will drill its No. 1-B (Wend) Wendland, eight miles southeast of Robert Lee.

Stanolind No. 1 Jessie Chappell, on the Spade Ranch west of Silver, drilling Tuesday at 4,004 feet. Ard Drilling Co. is the contractor.

BRONTE KNOCKS OFF ROBERT LEE IN GRID OPENER

Robert Lee Steers opened the football season here last Friday night by losing to the Bronte Longhorns by a score of 28 to 6. The visitors excelled throughout the game and racked up 14 first downs to four for Robert Lee.

Bronte annexed four touchdowns, converted two extra points and got two points on a Robert Lee safety to run up their 28 tallies. Only bright spot of the evening for the Steers was a long touchdown run by Sammie Duncan in the last quarter.

After receiving the opening kickoff Bronte failed to gain and punted to the Steer 20 yard line. In two plays Bobby Walker and Don Bell made it a first down on the 30. Walker picked up 2 more yards and Bell hit the right side for 7. Hollis Lloyd then sneaked through center for another first down.

But the Steer offensive bogged down and during the remainder of the half they negotiated only one more first down. Bronte hit pay dirt when Lynn Davidson, Steer halfback, fumbled a punt which was recovered by Bronte on the Robert Lee 31-yard line. On the first play Dean Stephenson rifled a pass to Johnny Smith, an end, who ran for a touchdown. Stephenson converted the extra point by placekick.

Bronte was on the Steer 2-yard line when the first half ended. Early in the third quarter Bronte recovered a fumble on the Sttter 25. Stephenson circled end for a 1st down on the 14, then completed a jump pass to Arbie Phillips on the 3. Stephenson plunged through center to score and again placekicked the extra point. Score: Bronte 14, Robert Lee 0.

The Longhorns counted 2 points on a safety when Phillips caught a pass from Stephenson. He was tackled hard and fumbled about the 2-yard line, the free ball rolling into the end zone where it was covered by a Robert Lee player.

A pass interference ruling against Bobby Walker on the Steer 10-yard stripe set up the next Longhorn touchdown. Fullback Kenneth Scott took a pitchout from Stephenson and went over standing up. Try for extra point failed, making the count Bronte 22, Robert Lee 0.

A 25-yard carry by Dennie Braswell, substitute Bronte back, sparked the drive for the fourth and final Bronte TD. Braswell later scored from the 4-yard line. Try for extra point again failed.

On the following kickoff Freddie Ashworth took the rolling ball on his 10 yard line. He handed off to Duncan, who ran 75 yards down the south sideline for a touchdown. Davidson's conversion kick failed. Final score: Bronte 28, Robert Lee 6.

Just before the game ended Davidson completed a pass to Ben Bessent, Robert Lee end, who went to the Bronte 15-yard line. It was a 50-yard gain.

Mr. and Mrs. Maurice Yarbrough and children and B. B. Pierce returned Tuesday from a few days visit with kinfolks at Quinlan.

BIRTHS

SELF—Mr. and Mrs. J. E. Self are parents of a son born Sept. 19 at Coke County Memorial Hospital. Michael Ray arrived at 9:15 p.m. and weighed 7 pounds, 10 ounces. The couple has nine other children. Mr. Self is employed by the I & H Trucking Co. of Robert Lee.

Kewanee Finals Wendland Pumper

Kewanee Oil Company No. 1-A Wend, block 455, Frederick Merkel survey, northeast offset to the Cisco sand discovery in the Wendkirk pool southeast of Robert Lee, has been completed as a Swastika discovery.

It pumped 38.28 barrels of oil, plus 12.76 barrels of water daily through perforations from 3,655 to 3,664 feet, after being acidized.

Shamrock Oil & Gas Corporation, Amarillo, spotted a southwest offset to the Wendkirk Cisco pool opener as No. 3 H. G. Wendland, 330 feet from south and west lines of block 454, Merkel survey, A-517. Contract depth is 4,500 feet.

There was one advantage to the old-style wall telephones. The gals had to quit talking when their legs gave out.

Plenty of Cotton Pickers Sacks and Duck Material at ROACH'S.

Fordomatic leaves 'em all behind

—It's the newest word in smooth, versatile automatic drives . . . and it does its job so well that the whole car industry is scampering to catch up.

Does more things automatically

Fordomatic goes beyond the range of ordinary automatic transmissions to give you extra safety and convenience. You have at your command extra passing power all the way up to 58 miles per hour and extra engine braking at any speed. Only Fordomatic, in Ford's field, gives you these pluses.

Quick on the draw

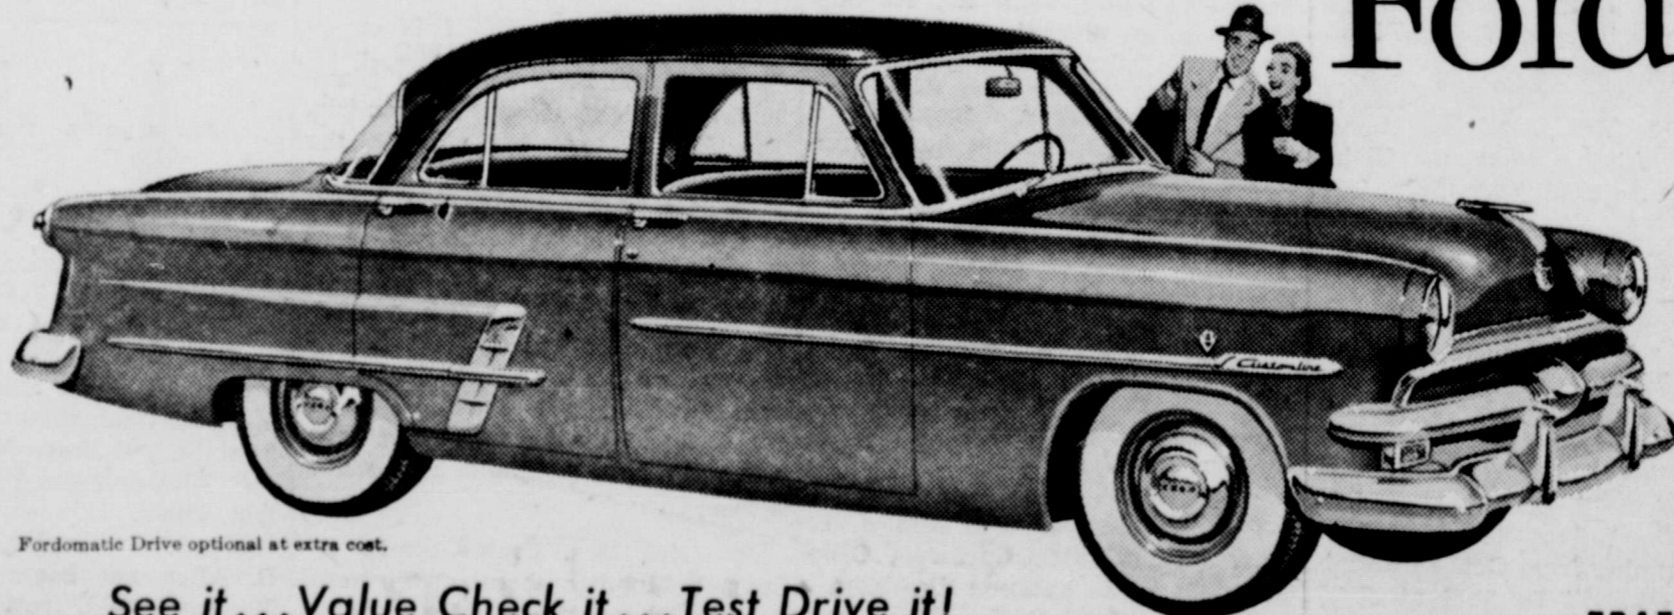

Step lightly on the accelerator—and response is terrific! With Fordomatic's versatile "getaway" gear, Fordomatic slips gently, automatically into high at just the right moment. If safety permits, you may go all the way up to 65 mph in "double-time" before the shift takes place.

50 Years Forward on the American Road

It's one of 41 "Worth More" features that help make Ford worth more when you buy it . . . worth more when you sell it!

Ford

Fordomatic Drive optional at extra cost.

See it . . . Value Check it . . . Test Drive it!

ROBERT LEE, TEXAS

Paula Harvey Weds Alice Young Man

The marriage of Miss Paula Harvey to Mr. George Elliott Creagh took place Friday at 7 p. m. at the First Baptist Church Chapel in Abilene. Sylvia Harvey, sister of the bride, was maid of honor at the double ring ceremony performed by Dr. L. O. Harris. A reception was held at Hunter Hall, women's dormitory at H-SU.

The bride is the elder daughter of Mr. and Mrs. John D. Harvey of Colorado City, former Robert Lee residents. She graduated in August from Hardin-Simmons University and is now teaching in the Valley View elementary school in Abilene.

The bridegroom is the son of Mr. and Mrs. Gerard Creagh of Alice. He is a senior at Hardin-Simmons and a member of the Cowboy Band.

The couple will reside at 1109 Hickory St. in Abilene.

Robert Lee guests at the wedding included Mr. and Mrs. Fred McDonald, Jr., Mr. and Mrs. Cumbie Ivey, Mr. and Mrs. W. T. Roach, Mr. and Mrs. G. C. Allen and Mrs. Bill Allen.

Pete Davis and daughters, Daisy Nell and Sheridan, of Colorado City, accompanied by Miss Joy Graham of Roscoe and Miss Helen Richard of Lorraine, attended services at the North Side Church of Christ here Sunday evening. Before church services Mrs. D. P. Key enjoyed hearing the girls sing at her home.

GARDEN CLUB PICNIC

Members of El Valle Garden Club enjoyed a picnic supper last Thursday evening on the patio at the home of Dr. and Mrs. J. D. McDaniel. Co-hostesses were Mrs. Fred McDonald, Jr. and Mrs. Palmer Leeper. Mrs. McDaniel is serving her second year as president of the group. Thirty-four persons were present, with the ladies bringing their husbands as guests.

GOOD PTA TURNOUT

Robert Lee Parent-Teachers Association had a big attendance at its first meeting of the year last Thursday night at the school auditorium. Mrs. Curtis Walker, president of the group, presided over the program. Speakers included Supt. B. C. Goodwin and Mrs. L. B. Mahon. Music was furnished by the school band in uniform.

The finance committee reported that the PTA will sponsor a Halloween Carnival this year, the event being set for Saturday night, Oct. 31. A part of the funds will be used to pay for the new school piano.

Following the program a get-together was enjoyed and a welcome was extended to the new PTA members and the new teachers.

Plenty of Cotton Pickers Sacks and Duck Material at ROACH'S.

Coming from Odessa for a week-end visit with their grandparents, Mr. and Mrs. Roy Taylor, were John, Joe and Nancy Ligon. John is a senior at Odessa High this year.

Personals

H. J. Gartman and his brother-in-law, G. Ormandof of Austin were here a couple of days last week on a combined business and pleasure trip. Mr. Gartman is making an extended visit with Austin relatives.

Visiting in the homes of C. E. and Sam McDonald over the weekend were their nephew, Jack Wood, and his family of Artesia, N. Mex., also three sisters of the McDonald brothers, Mrs. C. L. Langston of Olden, Mrs. S. C. Black of Iraan and Mrs. J. B. Wood of Carlsbad, N. Mex. It had been 33 years since they were all together.

Dale Lofton and wife have been here on a two weeks' visit with his parents, Mr. and Mrs. Alfred Lofton. Dale is stationed at Fort Leonard Wood, Mo., where he is an instructor in camouflage methods. Dale entered the service last January.

County Ag Agents News Column

TRAVIS HICKS, Co. Agent

The Coke County Advisory Committee met at the County Agent's office recently for the purpose of discussing Extension work in this county. Discussions centered around economic factors affecting the livelihood of the average small farmers and ranchers. Notwithstanding the drought and all other conditions that affect farmers, they need to adjust their living to meet these conditions, it was decided by the group, rather than waiting for the condition to change.

A long range program was formulated by the committee with emphasis on encouraging farmer-ranchers to plan more home production, most especially those products which contribute to family living such as:

Poultry. Each should have 30 to 300 fowls, enough good hens for eggs, broilers and fryers for home use and turkeys where applicable.

Dairy Cows. Enough good cows to provide milk and butter for family use, with some to spare, on a year round basis and, if applicable, enough dairy cows to sell cream or milk.

Swine. Enough pigs for home consumption and, where applicable, one brood sow per farm.

Crops. A balanced farm crop rotation that should under normal conditions provide for the above livestock and poultry, and in time of surplus production, to provide for silage storage of green forage.

The second point in the long range plan to recognition of outstanding farmers who have made progress in carrying out the program by aiding them in securing the best in poultry, livestock and seed, by encouraging proper use of fertilizers and crop rotation by encouraging and promoting community enterprise including social gatherings, contest, etc., and by carrying the story of a balanced farm program to these community groups.

4-H CLUB WORK

The Advisory Committee, the commissioners, bankers, business men all approved the coordination of 4-H club work with the adult program. That is, the teaching through demonstrations and other means the advantages of a balanced program.

They pointed out that 4-H boys should learn to operate their demonstrations on a profitable basis regardless of prizes that may be won. In so doing they will have instilled into their minds the idea that farm and ranch life can be profitable and worth while.

The Committee and others are taking a realistic view of the future in that they are looking for a leveling off process in prices of farm products. With all the modern conveniences on the farms at the present time, the farm family has opportunity to enjoy every advantage to be found anywhere.

What's wrong with this statement: "We are working hard to build a University the football team can be proud of."

Grandma, who used to work at the spinning wheel, now has a daughter who likes roulette, too.

HEALTH TALKS

HEALTH Q'S AND A'S

Q. How effective was the military medical program of the United States during the Korean conflict?

A. As one indication, the death rate of wounded servicemen was reduced from the World War II level of 4.5 per cent to an all-time low of 2.3 per cent.

Q. What is the present status of gamma globulin in regard to polio?

A. Although it has not been fully determined, the serum gamma globulin apparently helps at least temporarily to prevent poliomyelitis in some persons and to lessen the severity of paralysis in others. It is not 100 per cent effective. A nation wide research team is studying its effects on the disease.

Q. How is gamma globulin distributed?

A. The Office of Defense Mobilization makes shipments only to the

state departments of health, which in turn are responsible for distributing it on an equitable basis for local use. Because of the cost of the serum and its relative scarcity, it is important that the serum not be wasted.

Q. What problems did hospitals have in common during the recent tornado disasters in the United States?

A. To provide first class medical care for the victims through classifying and routing patients, keeping simple but accurate records on all victims treated, maintaining uninterrupted communication systems, and setting up information and press bureaus.

Q. In what ways can industrial poisons affect the worker?

A. By way of the lungs through breathing fumes, mists, vapors, or dusts; by way of the skin through actual contact; or by way of the digestive tract through something taken into the mouth.

The lowest priced truck line of all!

You get more truck . . . you pay less money! No other truck offers you all the advanced features, the ruggedness and economy you get in Chevrolet Advance-Design trucks. Yet they're America's lowest priced truck line!

You'll save on operation and upkeep!

Chevrolet Advance-Design trucks are built to haul your loads for less! Two great

Chevrolet valve-in-head engines bring you gas-saving performance in both light- and heavy-duty models. And you'll find that upkeep costs are lower, too.

A better trade-in, too!

You're money ahead when you buy a Chevrolet truck . . . you're money ahead while you drive it—and you're ahead again when you trade it in! That's because Chevrolet Advance-Design trucks traditionally command a higher resale value.

Buy no truck until you get our deal!

See how little it will cost you to own a rugged new Chevrolet truck that's just right for your needs. See how much you'll save on the low, low price . . . how much you'll be ahead on the trade-in. Buy right—right now!

VAUGHAN CHEVROLET COMPANY
ROBERT LEE, TEXAS

A LA WILL ROGERS

The famous Will Rogers' wit was already well-developed when the beloved humorist was a college freshman.

Upon his entry to Scarritt College, Missouri, during one of his first classes, the teacher asked him: "Where are your books?"

"I ain't got none," replied Will. "What would you think of a man going to work without any tools?" smiled the teacher.

"I'd say he was the boss," quipped Will.

Well Acquainted

A young teacher substituted for a friend who was taking a week's honeymoon. A month later at a party someone started to introduce the groom to her.

"Oh," he answered brightly, "I know Miss Royal very well indeed. She substituted for my wife on our honeymoon."

Not for Him

A farmer instructed his hired man, who had been with him for a number of years, to write on each egg the date laid and the breed of the hen. Pretty soon the hired man resigned.

Farmer: "Why do you want to leave?"

Hired Man: "I'm through. I've done all sorts of jobs, but I draw the line on bein' secretary to a bunch o'hens."

SOME HABIT

Harriet and Emily, two maiden ladies, were discussing their vacation trip with a friend. "It was wonderful," Harriet said, "but Emily embarrassed herself terribly with that habit of hers."

"What habit?" inquired the friend.

"You know," replied Harriet. "Emily always looks under the bed before retiring for the night."

"So how could that embarrass her?"

"Well, you see," answered Harriet, "Emily was in an upper berth."

Public Property

A soldier parked an army jeep and started walking down the street. A policeman called after him: "Hey, buddy, drop a nickel in that parking meter."

"Put it in yourself," the GI yelled back. "That jeep belongs to you as much as it does to me."

HORSING AROUND

A Fairfield man was walking on a farm road near here when a horse spoke to him from behind a tree. "Hello, remember me? I won the Kentucky Derby two years ago."

"A talking horse", exclaimed the man. Rushing to the horse's owner, he asked the sale price.

"That damned horse is no good but if you want him you can have him for \$20," the farmer said.

"Twenty? I'll give you \$2,000," the man retorted.

The farmer said, "Say, has that old haybag been giving you that baloney about winning the Kentucky Derby? I happen to know he came in last."

Try Again

"Is your mother in, little girl," asked the salesman. "Yes, she is," was the reply. The salesman rang the bell repeatedly but there was no response. "Didn't you say your mother is at home?" he asked again. "Yes, she is," the little girl repeated. "But she doesn't answer when I ring," said the salesman. "No, sir—you see you're ringing the wrong bell. This isn't our house."

A lot of women would rather dye than admit their age.

SOIL CONSERVATION

Coke SCS Enters National Contest

The Coke County Soil Conservation District has entered the national Soil Conservation Awards program sponsored by the Goodyear Tire & Rubber Co. of Akron, Ohio, it was announced today by District Chairman C. N. Webb, of Tennyson.

Members of Coke County District will compete against other soil conservation districts of the state. Non-partisan judging committees, selected from Texas outstanding exponents of the soil conservation movement, will determine the state's outstanding district for the period July 1, 1953, and April 30, 1954, on the basis of total points scored in performance of regular district duties.

Grand award for one member of each winning district governing body and the top cooperating farmer or rancher named by the district will be a one week, expense free, vacation trip to Goodyear's fabulous winter resort, the Wigwam Guest ranch on Goodyear Farms, Litchfield Park, Ariz., in December 1954.

Members of the Coke County District governing body who will compete for the Goodyear award are:

C. N. Webb, Bryan Yarbrough, W. C. Shamblin, W. E. Burns and Robert W. Walker.

National winners of the Goodyear Soil Conservation Awards will be announced at the seven regular area meetings of the National Association of Soil Conservation districts. Plaques will be awarded at these conventions to the hundred first and second place winning districts.

Raymond McGallion At Ft. Sam Houston

Pvt. Raymond M. McGallian, son of Mr. and Mrs. J. S. McGallian of Robert Lee, is now a student in the Medical Aidman Advanced Course given at the Medical Field Service School, Brooke Army Medical Center, Fort Sam Houston, Texas.

Enlisted personnel and officers from Armed Forces installations throughout the world come to this school for technical and professional training in military medical service.

Completion of this course qualifies graduates for duty assignment as technicians in military hospitals and medical units.

It's no more of a sin to play golf on Sunday than any other day, the way most people play it.

O. E. S. BAKE SALE

Robert Lee Chapter 187 of the Order of Eastern Star will hold a Bake Sale in Robert Lee on Saturday, Sept. 26, starting at 9 a.m. Home made pies, cakes, cookies and candy will be sold and cake and coffee will be served to the public.

Your patronage will be appreciated.

Don't insist on your rites—drive carefully.

Lipstick, rouge and careful make-up will make a woman look much younger. But you can't fool a steep flight of stairs.

Every 3 days a new diesel joins the Santa Fe fleet!

A 10-year record of "building new" on the Santa Fe

Christened with California champagne, Santa Fe's first multiple-unit diesel locomotive rolled out of Chicago on Tuesday, May 12, 1936.

It powered the first *Super Chief*.

39½ hours later it rolled into Los Angeles—and the new age in railroading was born.

There were 3600 "horses" in that one.

Five years later, the first multiple-unit freight diesel rolled on Santa Fe rails.

There were 5400 "horses" in that one.

Today, there is more than 2,100,000 diesel horsepower on the Santa Fe—1524 mighty diesel units.

From 1943 through 1952, a total of 1261 diesel units were placed in service. Better than one every 3 days for a 10-year record!

And still they come! 222 in 1953!

Every diesel added, every mile of heavier rail, makes America's New Railroad a little more completely new. Why, enough new rail has been laid on the Santa Fe in the last seven years alone to reach from Chicago to Los Angeles!

All new—but always the old pride that all this building new costs you, the taxpayer, not one tax penny.

SANTA FE SYSTEM LINES

PROGRESS THAT PAYS ITS OWN WAY

H. JAMESON 23 RATES 94 BBLs.

Sun 23 Homer Jameson at Silver has been fined for a daily flow of 94.48 barrels of 43.7 gravity oil. Gauge was through an 11/64 inch choke. Tubing pressure was 500 pounds with packer on the casing. A sand section 6,025-37 feet was treated with 4,000 gallons of sand oil.

Sun B-3 Central National Bank south of the river at Silver, flowed 198 barrels of load oil during a 16 hour test. Pressures were 790 pounds on the tubing and 575 pounds on the casing. Gas-oil ratio 1,350-1.

Baker & Taylor was the contractor and moved rotary to Sun B-3 J. B. Walker where it spudded in Wednesday.

Sun 35 C. E. Mathers drilling Wednesday at 3,169 feet in shale. Fishing rock bit core out of hole required 11 1/2 hours. Empire is the contractor.

Sun 6 Bloodworth at 5,700 feet in shale. Some delay resulted from fishing and recovering three drill collars. Morris-Hamilton is the contractor.

Sun Clara Walker No. 1, drilling Wednesday at 3,150 feet in shale. Baker & Taylor has the contract. Location is 1 1/2 miles east of production in the Jameson field at Silver.

Sun 8 V. T. McCabe north of Silver drilling at 4,645 feet in shale.

Sun A-1 McCabe seated 5 1/2 inch casing at 6,048 feet and was waiting on cement. Ray-Harris is the contractor.

A dream is often a nightmare without her makeup.

Personals

The condition of Lee Hallmark remains very critical at Shannon Hospital.

J. S. Ross left Friday for an extended visit in Pueblo, Colo., with his son and daughter, Warren E. Ross and Mrs. M. W. Shepard.

Tommy Williams was here from Littlefield over the weekend. He preached Sunday at the North Side Church of Christ and visited his mother, Mrs. Mabel Williams, who is improved from a recent illness.

Norman Roberts has returned to his home here and will be a senior at Robert Lee high school. He had a two weeks' tryout with the Tarleton College Plowboys, but failed to get a scholarship this year. Norman is a fine college gridiron prospect, but he is a little young.

Carl Warren and his wife of Phoenix, Ariz., visited here a few days last week with friends and relatives. It had been many years since he had been back to his old home town. Carl is a nephew of J. I. Murtishaw.

Word comes from Paducah that W. D. Powers is making a steady improvement from injuries received in a car wreck several weeks ago. He was riding with his daughter, Mrs. Jewell Williams, when they were hit by a drunken driver. Mr. Powers, former Coke County resident, received several fractured ribs and other injuries. He is a brother of George and Denton Powers and Mrs. G. A. Harmon.

Mr. and Mrs. Bill Hardin and little daughter, Linda, have returned to their home in Wichita Falls after spending part of their vacation in the parental home of Mr. and Mrs. D. J. Walker. All of the Walker children were home over the weekend. Mrs. Hardin is the former Agnes Walker.

Mr. and Mrs. Roy Hood and son, Ross Gene, and Mr. and Mrs. Fred Ashworth and children spent Sunday with the Johnny Ashworths in Abilene. They attended church services there and visited the zoo. Johnny is a brother of Fred Ashworth and Mrs. Hood.

Mrs. Ruby Pettit and daughter, Lurlyne, came down from Big Spring Saturday for a visit with kinfolks. Mrs. Pettit remained here for a few days to care for her mother, Mrs. R. C. Roberts, who has been ill. She reports that her son-in-law and daughter, Mr. and Mrs. Bill Lassiter, are now at Marysville, Calif., where Bill is stationed at Beals AFB.

Weldon (Jiggs) Lofton and family came up from Texas City for a visit over the weekend with home folks at Robert Lee. Jiggs is an engine operator in one of the big industrial plants on the Gulf.

Undergoing major surgery Sunday night at Coke County Memorial Hospital was Mrs. Rosco Baker of San Angelo. She is making a good recovery. Mrs. Baker operates the Cotton Club on the Ballinger Highway east of San Angelo.

SILVER NEWS

Mrs. Clifford E. Wilson, the former Susie Jameson, has gone to Chanute AFB in Illinois to join her husband. The couple was married here August 7 and Wilson is serving an enlistment in the Air Force. Mr. and Mrs. Jahew Jameson and daughters, Donna Jean and Billie Fred, motored to Illinois with Mrs. Wilson and enjoyed some sight seeing enroute.

The marriage of Mrs. Joan Gassiot Allen and Mr. Edwin L. Shipman took place Sept. 5 at Delhi, La. Mrs. Allen is the daughter of Mr. and Mrs. H. R. Gassiot. Mr. Shipman is employed here as an engine operator at Sun's gasoline plant.

One of the outstanding sporting events of the season was the recent soft ball game staged at Gladney Field between two red hot Sun Oil Co. teams. John Shimer was on the mound for his Gas Department gang, while Jake Higginbotham hurled for his team representing the Production Dept. Umpires were recruited from the Pipeline employees. The 7-inning contest was won by the Gas Department 23 to 16.

A mothers and daughters game Tuesday night created a lot of fun, the event being sponsored by the FTA to raise some funds.

Tyrus Davis, engine operator at Sun's gas plant in the Millican field, is enjoying a two weeks' vacation with his family.

Charlie Smith, young field clerk, returned to his work in Sun's production office here last week. He became ill with polio early this month, but his case cleared up rapidly and he seems to have suffered no ill effects. He was a patient for nine days in the polio ward of Hendrick Memorial Hospital in Abilene. Charlie's many friends are happy that his illness was not more serious.

Bobby Hugh Odom and Billy Preston represent Silver at San Angelo College this year. Billie Fred Jameson has transferred to Texas Tech in Lubbock where her sister, Donna Jean, is a senior this year.

Lowes have opened a new cafe in the R. S. Anderson building next to Sun Grocery. The room was enlarged and redecorated and new fixtures were installed. Lowes will continue to operate the cafe in the Odom building.

R. J. Kirkpatrick and R. A. Salvin of the Dallas office conducted a school here last week for Sun Oil Co. supervisors on "Our Economy at Work."

H. P. Pew was also out last week discussing a training program for employees of the gas department, and was accompanied by W. H. Aull and W. D. Dowden of the accounting department in Dallas.

Enjoying a fishing expedition to Devil's River Lake near Del Rio last weekend were Don Hull, Richard Parrish, J. D. Gilbert, Joe Flory and Bob Edwards. They caught 84 white perch.

FARRIS CITY DRUG

POULTRY CAN PAY IN COKE

By T. B. Hicks

For one reason or another we have heard that old story over and over that "you can't make poultry pay in Coke County." Some say it is "too dry." Others say "feed is too high" or the "blue bugs will get the birds." Then, once in awhile, we hear someone come right out and say that you've got to be at home every day to tend to a flock of poultry.

Whatever the excuse may be, it can be overcome by observing a few rules of good management.

1. Get the best birds that can be found. Whether the farmer is growing turkeys, fryers, or laying hens, he cannot afford to compromise with quality.

2. Feed the best rations that can be obtained. This does not necessarily mean to feed the most expensive feed. Farmers can produce much of their own feeds. A fall oat patch near the house is just the thing for laying hens. Any kind of green feed grown on the farm is good for turkeys.

3. Practice good sanitation and keep parasites down. If this is neglected the farmer-poultryman is sure to fail, but with modern insecticides or "pesticides" it is not a hard job to keep poultry free of pests.

Will poultry pay? 4-H club boys have demonstrated year after year that turkeys will make a profit if the above rules are followed. They have accurate records to prove their point. We have a few farmers who have year after year, even during the drought, made a profit from a farm flock of hens. If a farmer wants just enough eggs for home use and to help pay the feed bill, we suggest about thirty good young hens. If he wants to market enough eggs to show a profit for time and effort, we suggest not less than 300 hens.

The droughts will always be with West Texas. The war prices of farm products seem to be passing into history. Perhaps we farmers had better begin thinking about making a living now.

We are still getting listings of hay and grain located in Texas. Also one rancher writes in saying he has some good Rambouillet bucks for sale. Come by the county agent's office to see about these things.

Prison Rodeo To Feature Convict Parachute Jump

Huntsville—At this year's annual Prison Rodeo, where 22 years ago the first stock chute was opened to eject a convict rider astride a wild bull, a new sort of chute will open to waft a prison inmate groundward from an airplane 1,500 feet above to a landing in the same arena used for the first show in 1931.

The parachute jump, by prison inmate, was given official sanction by the Civil Aeronautics Association authorities of Houston here this week and will be a feature of each of the rodeo's four performances, October 4th, 11th, 18th, and 25th. Barney Thurman, World War II paratrooper with a record of nearly 50 jumps, serving a 3-year sentence, will make the spectacular leap into the Prison Stadium arena.

Another act—one much talked about by the convicts behind Huntsville prison walls—by another inmate will also be a new part of the annual rodeo.

Marion Frazier, serving 99 years on Ramsey prison farm, has trained a prison born and raised dog to perform a number of extraordinary routines. Mutt, as the dog is named, is said to be able to climb a ladder faster than a fireman; ride and propel a small scooter; jump through a hoop of fire; open a small gate, go through it on his hind legs, then close it behind him plus other unusual tricks.

Perhaps the movies would be better if they shot less film and more actors.

Personals

Mr. and Mrs. Carl McDaniel and daughter, Carlene, visited here this week with Mrs. McDaniel's parents, Mr. and Mrs. Martin Casey. Carl has been roughnecking on a Fryer-Hanson rig at Aztec, N. Mex., and will continue with the company after the rig is moved to Midland.

Mr. and Mrs. Dave Millican of Silver have moved to Robert Lee and are occupying the residence a block west of the business section, owned by Mrs. Millican's brother, Willie I. Tubb. Dave says he doesn't think he'll like living in town, but the move was made because of his wife's health.

Mr. and Mrs. Eugene Owen left Saturday for their home in Allison, Iowa, after a month's visit in the home of their son-in-law and daughter, Editor and Mrs. A. J. Kirkpatrick. Tommy Kirkpatrick took his grandparents to Fort Worth where they boarded a north bound Rock Island Rocket.

he's in business for himself...

He's a lineman...

His pay check is signed "General Telephone."

But actually he's working for himself.

Like many of our employees, he owns stock... shares in his Company's profits and success.

And in one of America's fastest-growing utilities, his job is secure... his opportunities for the future many and bright.

General Telephone Company of the Southwest

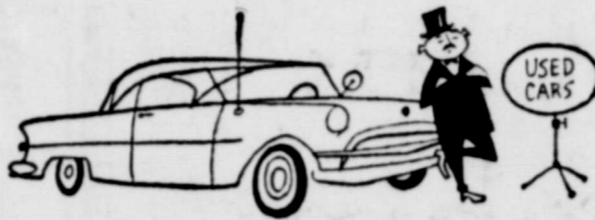

One of the Great Telephone Systems Serving America

The 14 operating companies in the General Telephone System serve 3900 communities in 19 states

Is he in business "to stay?"

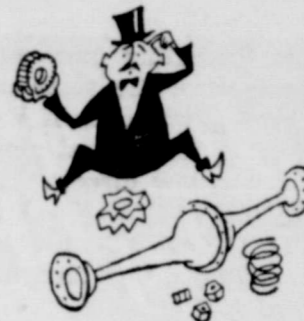

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and we'll be here tomorrow!

Check the used car, sure! But check the dealer too!

Does he really know cars?

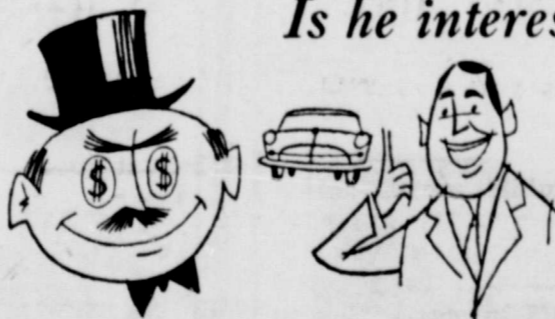

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And our expert mechanics have the equipment and "know-how" to handle any service job.

Are his prices really fair?

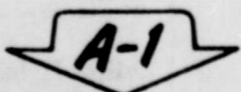

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep them moving to free our working capital. That's a good reason why we offer our used cars and trucks at rock-bottom prices.

Is he interested in you?

Remember—we Ford Dealers want to keep your good will because we want to take care of all your automotive needs. Someday we hope to sell you a new car, or another used car, and in the meantime, we want your service business.

Do his cars meet A-1 standards?

When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standards. And because you can trust the man you bought it from, you can trust the car.

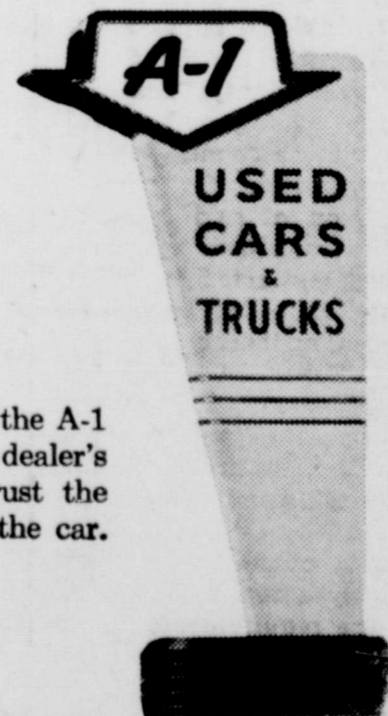

IT'S WHERE YOU BUY IT THAT COUNTS!

TWO DIVORCES GRANTED

Judge Joe L. Mays granted two divorces at a brief session of district court here recently. Mozelle Krueger received a decree from James A. Krueger and her maiden name of Mozelle Cave was restored.

Weldon Carlos Kiser was divorced by Jewel Barton Kiser and the latter received custody of their three minor children. Kiser, who was formerly a welder in the oil field at Silver, must pay \$200 per month to the support of the children. Mrs. Kiser and her family now reside at San Angelo.

SANCO HD CLUB

Members of the Sanco Home Demonstration Club heard a program on "Buying Slips, Coats and Fabrics" presented by Miss Jonell Black, County Home Demonstration Agent at a recent meeting in the home of Mrs. Teddy Pitcock. Mrs. Douglas Gartman conducted the business meeting. The club voted to meet each second and fourth Wednesday as their regular meeting date.

Also present were Mrs. Bryan Gartman, Mrs. Harvey Reid, Mrs. Nolan Pentecost, Mrs. Jack Allard and Mrs. Ulmer Bird.

Plenty of Cotton Pickers Sacks and Duck Material at ROACH'S.

SCHEDULE OF GAMES FOR DISTRICT 7B

District 7-B, operating with only three teams, will have a restricted loop schedule of two games each. Members of the district are Bronte, Robert Lee and Trent. Schools to the north, who were in this conference last year, now are included in District 6-B, and most of those teams are scheduled against the three 7-B clubs.

With Robert Lee's inexperienced eleven seemingly out of the running, it looks like Bronte and Trent will fight it out for the conference championship. Both of Trent's loop contests are on their home field.

Here's the schedule involving District 7-B teams:

SEPT. 11
Aspermont at Trent
Bronte at Ira

SEPT. 18
Trent at Leuders
Bronte at Robert Lee

SEPT. 25
Trent at Hobbs
