PRIMARY TO SIDE FIGHT GOVERNOR

Interest is directed to the Texas Democratic Primary on Saturday all on account of the race for Governor. Voters also select a nominee for the Court Judge, but hard-one knows who those candidates are.

County cast a few more than 1,100 ballots in the first primary July 24, but it is doubtful that many turn out for the second. Polls open at 8 a. m. and close at 7 p. m.

ELECTION RETURNS

Observer office will again on Saturday night to gathering returns. All election returns have been requested to be in the results as soon as possible. Clerk Weldon Fikes' office will remain open to accept any ballot boxes that might be brought in.

Yarborough carried Coke in the election with a total vote of 509 for Gov. Yarborough's best vote in Robert Lee where he led by 17 votes.

Sanco and Edith. He carried by 9 votes to 1 and a clean sweep of the 17 precinct near Water Valley. He went for Yarborough 119 last time.

Ante voting has not been in July. Fifty-one applications for absentee ballots divided as follows: Precinct 2, 14; and Precinct

THE GOVERNOR'S RACE

Voters are becoming fed up with the campaign for governor between the two runoff candidates, Gov. Allen Shivers and Judge Ralph Yarborough. The people are also confused as to the issues. Charges and counter charges, accusations and denials have been hurled back and forth in reckless abandon. You listen to one of them and he sells you, but good. Next thing you catch the other candidate on radio or TV and by heck you decide this is the guy that must be elected if we are to save our great and glorious State of Texas and its millions of wonderful people.

The Observer don't mind these kind of rough and tumble campaigns, but you just can't believe all you read and hear. Figure out some conclusions for yourself.

We feel that Allan Shivers has made a good governor, but its time for him to step down. At the end of this year he will have served 5½ years and if re-elected he will be in there 7½ years. He is getting too big a hold on the state. He is getting the power that he craves and it's not going to be good for ALL the people.

And another thing, many of us have not got over the 1952 campaign when Shivers turned traitor to his party. If he wants to vote with the Republicans he should get over there with them, and not run as a Democrat.

He was instigator of that hideous situation in which both the Democratic and Republican state chairmen practised law in the same office in Dallas, and the Democratic leader betrayed his entire party organization. It might come back in a nightmare as a two-headed monster.

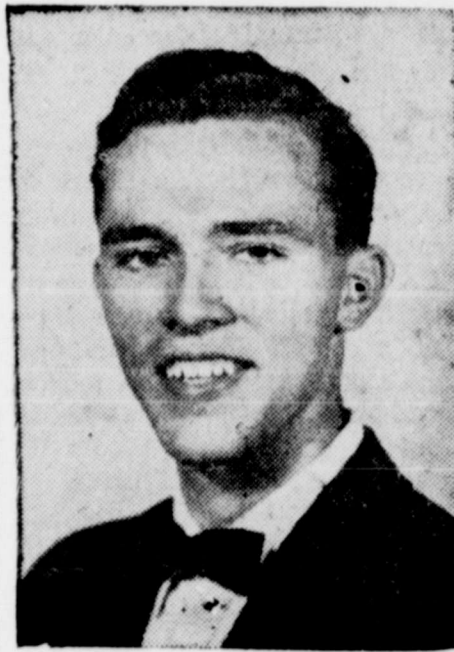

Shivers denies just about every charge that has been aimed at him, but he cannot deny that he sold his party down the river, that he plans to support the Republican national ticket in 1956, that he is the first Texas governor in modern times that ever asked for more than two terms, and that he won't try to get the office again two years from now.

At the same time we deny just about every charge that has been hurled at Judge Yarborough. He's a good man, competent, clean and apparently a fighter to the last ditch.

It takes a strong candidate to battle the Texas political situation with its machine backing and enormous wealth. Yarborough surprised everyone with his wonderful showing in the first primary. We don't know whether or not he can win the runoff. He lacks campaign funds, no money for big red, white and blue window cards and very little for newspaper advertising.

The Observer knows that considerable pressure is being used in Coke County to get voters to switch from Yarborough to Shivers, but we fail to learn of any who are going to change. People do a pretty good job of figuring things out for themselves.

This writer isn't after a political job, although Shivers said Mr. Yarborough was passing them out everywhere he went. We got into the fight more or less because of a principle. Our sympathy usually is for the under dog. It is more apparent than ever that "Shivers has the ma-

REPAIRS MADE ON SPILLWAY

Spillway repairs on Mountain Creek Dam here were completed last week. The job was given a final inspection by Engineer S. C. Cooper, who will recommend final approval by Directors of the Upper Colorado River Authority.

The contract was handled by Fern Havins of Robert Lee and his associate, Cecil Gilbert, San Angelo. Their bid of \$16,490 was about \$2,000 under the next bidder. Home labor was used and material purchased locally. The job was completed without delay, indicating that the contractors knew their business.

The project involved construction of a concrete apron 500 feet in length at the lower end of the spillway, designed to prevent further washing. The apron included a 4-foot head wall, and the toe wall extended down to rock. Concrete was re-inforced with 18,000 pounds of steel set in one-foot squares.

Eighteen inch rocks were used in rip-rapping the ends of the spillway outside the concrete apron.

J. B. Mauldin and family of Belton were here for a weekend visit with kinfolks. Their son, Byron, remained in Robert Lee for a week's visit with his grandmother, Mrs. Jim Mauldin.

chine and the money — but Yarborough has the people."

We're not mad at anybody — you vote as you please. Besides we feel pretty good about the recent road bond election, and can't have everything.

No, we're not giving up on Yarborough being the next governor.

ROAD BONDS IN PRECINCT NO. 1 CARRY 196 TO 65

Voters of Precinct 1 of Coke County favored a \$245,000 road bond issue in Saturday's special election. At the same time a \$49,500 issue in Precinct 3 failed to carry by the necessary two-thirds majority.

Vote tabulations are:

PRECINCT NO. 1

	For	Against
Robert Lee	145	43
Sanco	9	16
Silver	42	6

PRECINCT NO. 3

	For	Against
Edith	23	13

Commissioners Court met Monday to canvass the returns, and voted to sell the Precinct 1 bonds to Columbian Securities Corp. of Texas. The issue is to draw 2.35% interest. They have a 15-year maturity date, with an option to be paid off after 10 years.

Gordon Charlton, representing the bond company, advised county officials to levy only 12 cents this year, and the amount may be smaller in years to come.

Failure of Precinct 3 to vote the bonds means that a 3-mile stretch of proposed paving leading north of Highway 158 at Pecan Church will be left out of the program for the present. However, Commissioner Ed Hickman stated he would construct the best road possible from available funds.

Included in the Precinct 1 project is 5.85 miles of new paving from Silver south to the river, a new high water bridge over the Colorado at that point, and 8.55 miles of new paving leading south toward the highway west of Edith. Also included in 12 blocks of paving in Robert Lee which lead to the hospital and the school house.

W. W. Greif & Associates, engineering firm of McCamey, has been in charge of surveys for the precinct road districts. A. G. Blucher has returned to Robert Lee and will serve as resident engineer.

Mr. Blucher says engineering data has been completed on the stretch from Silver to the river. It has agreed that also specifications for the river bridge and the paving in Robert Lee be prepared as soon as possible, so that the project can be submitted to contractors for bids.

Precinct 1 bonds carried by 75% of the vote, while in Precinct 3 there was a majority of one vote for the bonds.

Main purpose of the bond issue was to connect up the rapidly expanding oil fields in the northwest corner of the county.

Weekend guests in the home of Mrs. Zelma Milam were Mr. and Mrs. Paul Milam and daughter, Lynaree, and Mr. and Mrs. H. V. Jordon of Caddo Mills. Also Mr. and Mrs. Tom Baum and daughter, Nelda Sue, of Stanton. The Jordons also visited their uncle and aunt, Mr. and Mrs. Henry Briscoe.

SILVER NEWS

Silver public schools open next Monday, Aug. 30. One vacancy exists on the teaching staff and this was expected to be filled at a special trustees meeting Tuesday night of this week. Quite a large group of Silver pupils will attend high school in Colorado City. A new bus has been purchased to make the Colorado City run.

A barbecue at the J. D. Gilbert cabin on Oak Creek lake near Blackwell Saturday evening honored a group of summer roustabouts who have been working here for Sun Oil Co. Hank Baker and Hunter Howlett helped Mr. Gilbert in arranging the enjoyable affair.

Mr. and Mrs. R. B. Allen spent a couple of days this week in Eldorado visiting their daughter, Mrs. Jerry Sanders, and family.

Dr. and Mrs. L. E. Derrick of San Marcos were guests last week in the home of Mr. and Mrs. C. T. Wilkes. The former is a brother of Mrs. Wilkes. He is professor of English at S. W. State College in San Marcos.

Mr. and Mrs. Harry Stevens and children, Carol Ann and Bill, arrived Friday night for a vacation visit with Mrs. Stevens' parents, Mr. and Mrs. Tip Agee. Mr. Stevens is connected with the Carroll funeral home in Gainesville.

Mrs. C. M. Haigood has returned from an extensive motor trip to eastern states. She accompan-

ied her brother, Roy Tracy, and family of Alice. They visited their mother and a sister, Mrs.

Howard Beringer, and family at Meadeville, Pa. Going east they stopped at Hardinsburg, Ky., to visit an uncle, Lawrence Snowden, and family. They visited Niagara Falls and went through the Talon zipper factory. The Texans also attended Sunday services at a Church of Christ in Erie, Pa. They returned home via Fort Bragg, N. C. and visited a sister, Capt. Frances McKinney.

Mr. and Mrs. R. S. Anderson are now operating the Sun Cafe which had been leased the past year or more to D. L. Lowe. The Lowes have returned to Colorado City. The Andersons own the building fixtures. They have competent kitchen help and Mrs. J. Jameson is assisting in the management.

CARD OF THANKS

We wish to thank our friends and neighbors who helped when our apartment burned out, and especially thank the Volunteer Firemen for their fast work. — The J. D. Boykins.

FORD IS FIRST IN SALES

- by thousands

National new-car registration figures* for the first six months of 1954 prove that Ford leads the industry in sales! In fact, ever since car production has been free of restrictions, more and more new-car buyers have been swinging over to Ford. That's because Ford offers more things for more people than any other car. In today's Ford, for example, you get the matchless benefits of owning the only car in the low-price field with a V-8 engine (the new Ford Y-block V-8) . . . the only car in Ford's field with the smooth ride of Ball-Joint Front Suspension . . . the only car in Ford's field with truly modern styling . . . the only car in Ford's field with such high resale value.

LETS TALK

TEXAS

Ralph W. Yarborough

THE DEMOCRATIC CANDIDATE

Hard-working Ralph Yarborough has a clean, honest, progressive record as a public official. His ambition is to be the kind of Chief Executive about whom any Texan can say with satisfaction, "He's MY Governor." He does not regard Texas as groups-blocs-cliques or parts of a political machine, but as independent voters of the greatest state in the nation. Ralph Yarborough pledges not to run for a third term. The Democratic candidate for Governor invites the support of all Texans who believe with him in the time-honored Texas principles of free, honest, democratic government and in the future of Texas.

Do you want a fresh, clean, dynamic administration not tinged with corruption or fraught with influence peddlers, fixers or 20 percenters?

Do you want a Third term Governor who is to perpetuate himself through an all power political machine?

THINK FOR A MOMENT—no other governor has asked for a third term. It is Un-Texan—it is against the Texas tradition! THIRD TERMISM BEGETS CORRUPTION.

Look at what has happened to the present administration too long in office.

THE "INSURANCE MESS" IN AUSTIN. Present insurance commissioners, all of whom were appointed by Allan Shivers in his term of government, has allowed fly-by-night insurance companies to prey on the people of Texas. They have lost life savings—they have lost their insurance protection for the future. The Insurance Commission has allowed political cronies of the insurance peddle influence for exorbitant fees and in the other way when those insolvent companies have been brought to their attention. THIS IS THIRD TERMISM.

2. The now INFAMOUS HIDALGO COUNTY LAND DEAL in which the governor received \$425,000 for "something" is a good example of THIRD TERMISM. (No one is sure what the governor sold for that \$425,000, he said it wasn't land, because he knew he didn't own the land. It wasn't an option, because the option had expired. It wasn't oil rights or royalty, because by his own admission he didn't sell the royalties. Only the governor knows what he sold. An interesting question for the THIRD TERM-ITES to mull over.)

DON'T BE FOOLED by the political machine that is trying to perpetuate itself. Allan Shivers and his supporters are saying that people who know Yarborough have voted against him. This is ridiculous—actually some six hundred and eighty thousand people went to the polls July 24 and voiced their disapproval of Shivers' bid for a third term. Since then, he has tried to belittle the supporters of Yarborough. TEXANS, LET'S TALK ABOUT THE FIRST PRIMARY:

The local picture - -

1. Shivers claims that the six hundred and eighty thousand people who voted against him are Pinkos, NAACP, CIO-PAC, Left-Wingers, and undesirable people from out of state. Isn't this ridiculous, actually this means that every person that voted in July is one of those "undesirables."

Are all the Farmers, Teachers, Doctors, Lawyers, House-

wives, Fishermen, Workers, Bus Drivers, Druggists, Preachers, Nurses, Secretaries, Insurance Men, State Employees, Mayors, Supreme Court Justices, County Attorneys, all of the good folks who backed Yarborough — are they undesirable Texans?

2. Shivers says that those who know Yarborough best prefer him 3 to 1. The facts are that

all of the people of Texas know Shivers and here is what actually happened.

a. Judge Yarborough's home precinct in Austin hasn't voted Democratic since 1940. It is a Republican precinct, and it went for the Republican candidate masquerading on the Democratic ticket.

b. Yarborough carried his native county of Henderson — where he was born, reared and went to school—by 5,127 to 1,760.

c. In Angelina, where Shivers was born, Yarborough carried it by 5,767 to 4,104.

d. In Jefferson County, where Shivers still votes, Yarborough won it by better than 1,000 votes.

Kresta Again Brings in First Bale Of Cotton

For the third straight year O. E. Kresta brought in the first bale of cotton in this community.

Processed at the Robert Lee Gin Monday of this week, the No. 1 bale weighed 495 pounds and graded 29-32 staple.

Market price is 31½ cents per pound and this year's seed is worth \$55.00 per ton.

Mr. Kresta brought in another bale Tuesday and Pete McDonald also ginned a bale of his own raising the same day.

The Robert Lee Gin will operate every afternoon from now on, and Pete McDonald has taken over the ginner's job this year. The gin had been thoroughly overhauled earlier this summer.

A good rain soon would make a lot of cotton in Coke County.

A fundamental doctrine of the great reformer John Calvin
is Calvinistic predestination.

Though the Bible speaks of predestination wherein God
destined some to be saved, it never denies man's freedom
to accept or reject God.

Actually God predestined that those who obey Him shall
be saved and those who refuse to obey Him shall be lost.
Ph. 1:5, Mk. 16:5-6) IT IS MAN'S RESPONSIBILITY TO
CHOOSE BETWEEN THESE ALTERNATIVES. (Josh. 24:15,
Matt. 11:28-30, Matt. 16: 24-7, etc.).

Such verses as Acts 4:28, Rom. 8:28-30, I Cor. 2:7, and Eph.
1:11 are merely to show that Christianity was purposed
and planned rather than haphazard and accidental.

Calvinistic predestination assumes these verses to mean
that "God from all eternity did, by the most wise and holy
counsel of his own will, freely and unchangeably ordain
whatsoever comes to pass." (Presyb. Conf. of Faith, chp. 3,
p. 1)

This view of predestination is a ghastly and blasphemous
doctrine for it steals man's responsibility of obedience to his
Maker. This doctrine charges man's sins and blunders to
God's planning (see Jas. 1:12-18), and affirms that some men
are effortlessly saved while others are hopelessly lost. (Please
see Acts 10:34, II Peter 3:9.)

This doctrine impeaches God with the audacity to forbid
men to cause it, and then to punish men who all of the
time was a helpless puppet in the matter.

Christ's Gospel is to all men, and all who obey it have the
promise of eternal salvation. (Matt. 18:18-20, Heb. 5:9) You are
always welcome at the services of the church of Christ.

**PARR AGAINST
GOV. SHIVERS**

Staff Special to The News

SAN DIEGO, Texas.—George
B. Parr, the Duval County
political power, said Ralph W.
Yarborough would get his vote
for Governor.

Parr interrupted a coffee-cup
conference with Roy Har-
rington of Austin, secretary-
treasurer of the CIO State Coun-
cil, to say that he was not
particularly for Yarborough.

"It's just that I'm against
Allan Shivers," said the polit-
ical boss.

Parr said that on Wednes-
day night he went to Falfur-
rias to hear Yarborough make
a campaign speech. Parr said
he sat in the bleachers at the
school stadium where Yar-
borough spoke and did not
speak personally to the candi-
date. Some Parr-backed local
officials sat on the platform
with Yarborough.

"We haven't talked since be-
fore he announced," said Parr.

Here is conclusive proof of the link
between Parr, Yarborough and C.I.O.

This news story, appearing in the Dallas
Morning News on Sunday, August 22,
1954, will convince all TRUE TEXANS
that there is a conspiracy by the Parr-
Yarborough-CIO Machine to TAKE
OVER TEXAS.

Remember the CIO-PARR
link has been repeatedly
denied by Ralph Yarborough.

partment now has 25 members and is set up on an application basis, in that there must be a vacancy before a new member's application will be considered for admittance. Applications will be placed on file and in event of resignation will be considered according to the first handed in.

The boys have been doing some clean up work in the past month. This work was done after their regular working hours for the benefit of the city in combating fire hazards. They drill two nights each month, and have become very efficient in their work.

As everyone knows the time required in getting to a fire is of utmost importance in the saving of property and lives. During the past they have been hindered by curiosity seekers following the truck. They ask the public to please refrain from this.

Also these boys are trained in the proper procedure of fire fighting and they ask outsiders to please refrain from attacking a fire without instructions from the chief or the fireman in charge.

LEGAL NOTICE NO 599

IN THE MATTER OF THE ESTATE OF ROBIN JILL FREELAND, A MINOR IN THE COUNTY COURT OF COKE COKE, TEXAS
NOTICE OF APPLICATION FOR AUTHORITY TO EXECUTE UNITIZATION AGREEMENT

TO: All Persons Interested in the Estate of the Above Named Minor.

You are hereby notified that the undersigned R. F. Galloway, guardian of the estate of Robin Jill Freeland, a minor, has filed in the County Court of Coke County, Texas, an application for authority to make, enter into and execute a unitization agreement covering his ward's interest in the following described lands in Jameson Field, Coke County, Texas:

32.96 acres out of W. W. Norman Survey No. 1 and 7.04 acres out of W. F. Benson Survey No. 1 and more particularly described as follows:

Beginning at a 5/8" I. R., the Southeast corner of the W. W. Norman Survey No. 1 and the Southwest corner of the W. F. Benson Survey No. 1 from which a 3" mesquite marked x bears South 20 degrees East 48.1 feet and another 3" mesquite marked x bears South 85 degrees west 42.5 feet;

Thence North 88 degrees 48' West 1238 feet to a point on the South line of said W. W. Norman Survey for the Southwest corner hereof;

Thence North 1147.1 feet to a point for the Northwest corner hereof;

Thence East, at 1237.7 feet cross the East line of said W. W. Norman Survey and the West line of said W. F. Benson Survey in all 1498.5 feet to a point for the Northeast corner hereof;

Thence South 1178.5 feet to a point in the South line of said W. F. Benson Survey for the Southeast corner hereof;

Thence with the South line of said W. F. Benson Survey North 88 degrees 48' West 260.9 feet to the place of beginning, containing 40 acres of land more or less, and that such application will be heard by the County Judge of Coke County, Texas at 10:00 A. M. on the 8th day of September, A. D. 1954, in the Court Room of the County Courthouse in Robert Lee, Texas.

R. F. Galloway
Guardian of the Estate of
Jill Freeland, a minor.

Opening of doors or windows, or the cutting of holes in the house will spread a fire, thus hindering firemen from combating the blaze in the best manner to save the house or furniture.

The excellent insurance key rate the City of Robert Lee now has is due to efforts of these men, and to the County Commissioners and City Commissioner's backing.

The firemen appreciate the help of these officials and the general public for their assistance.

WARNING!

TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after the job of organizing industry in Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen

when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East—specifically those in the CIO and its Political Action Committee—are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking—and voting—for them.

22 Players Out For Steer Squad; Plan Barbecue

A squad of 22 hopefuls turned out as the Robert Lee Steers opened football practice Monday. Two lettermen are out of town but are expected to be on hand Monday.

Coach James Mancill reported 12 lettermen are on hand and three regulars. There are five seniors, 3 juniors, 8 sophomores and 6 freshmen.

Most of the boys seemed to have gained weight, but are not in good condition. Practice sessions held twice daily this week are aimed to condition the players, with some work on offense.

Fans will honor the Steer squad with a barbecue supper Thursday night of this week. Later a Quarterback Club will be organized and movies shown of Southwest Conference games.

All fans are invited. Arrange-

Twisters Out To Smear Magnolia

Magnolia Flying Red Horses of San Angelo are one up on the Coke County Rabbit Twisters in their final playoff of the Concho Basin League.

Defeated in the ninth inning here last Sunday, the Twisters must do or die in the second game scheduled for 5 p.m. Saturday at Guinn field.

It was impossible to secure the league park Sunday, and rather than play on a poor diamond, Robert Lee accepted the late Saturday afternoon offer. If the Twisters win, the third and decisive game will be played Sept. 5 in Robert Lee.

The Coke County Club plans to even up the standing. Members of the team point out that Magnolia played far over its head and got every break in the game.

PERSONALS

Mr. and Mrs. Duane Conger and Debbie of Lubbock spent part of their vacation in the parental home of Mr. and Mrs. D. J. Walker. Mr. and Mrs. Walker accompanied the Congers on a trip through the Davis Mountains, Big Bend National Park and other points of interest. A weekend fishing party at Lake Buchanan was enjoyed by the group which also included Ralph Walker and Mr. and Mrs. D. J. Walker, Jr., and Sharon and Becky, and Mr. and Mrs. Bill Hardin and Linda. Mr. and Mrs. Walker went to Dallas from Lake Buchanan to spend a few days with the Hardins.
