## STEEL TO SLOW DOWN WORK ON COURT HOUSE

Good progress has been made on construction of Coke County's new court house up to this point, but the project faces a delay of several weeks because of the steel shortage.

A. Z. Sturgess, superintendent in charge of the job for Suggs Construction Co., advised The Observer this week that structural steel due for delivery here June 1 is now promised for July 15.

Basement of the new building has been finished and concrete has been poured for the outside walls of the entire building. Next step will be to pour the first floor which will be held up until arrival of I-beam steel.

Sturgess has reduced his crew this week to a couple carpenters and five laborers. Heating and plumbing and electric sub-contractors will also face a delay in their operations.

The basement has dimensions of 71 by 33 feet. On the east end 22 feet of space has been set off for storage of official records. It has a 9½-foot ceiling as does the space allowed for rest rooms in the southwest corner of the basement. A boiler to provide central heating for the courthouse has been installed in the northeast corner of the basement.

The building was to have been completed by Nov. 1.

## MULLINS TO MENARD

S. L. Mullins of Robert Lee has been named Menard County Agent and took over his new duties June 1. He succeeds Paul Newton who resigned to accept a position as livestock superintendent with the Texas Prison system.

Mullins has been associate county agent in Coke County the past six months.

He and his family have been living in the John Conley residence.

## FROM MRS. WHITT

My husband, T. A. Whitt, will get his artificial limb this week, and we are happy about it.

We will be coming to Silver before many days.

## 13 Boy Scouts At Sol Mayer Camp

A group of 13 Robert Lee Boy Scouts are spending the week at Camp Sol Mayer, southwest of Menard. More than 150 Scouts from this area are at the camp this week.

Scoutmaster Joe Dodson, Jr. accompanied the boys Sunday but returned home Monday night after sustaining a new injury to his finger which had been hurt previously. Raymond Shandley, assistant scoutmaster, then took charge of the group. Dodson will relieve Shandley Thursday and spend the rest of the week there.

A number of parents plan to drive to camp Thursday to attend "family and stunt night." The Week's camp ends at noon Saturday.

The Robert Lee group includes Freddie McDonald, Mac Tubb, Don and James Stewart, Charles and Jerry Calder, Bobby Cowley, Larry Jack Rabb, Jerry Quisenberry, Bill Mundell, Sam Ed Skipworth, Gary Jackson and Richard Sims.

Austin, president, and other new officers were installed by Mrs. Sam Powell. The group was entertained by interesting colored slides from Siam shown by Mrs. McDaniel. Club meetings will be resumed in September.

Coke County contributions to the Cancer Fund have reached \$426.60, according to A. J. Kirkpatrick, county chairman of the Cancer Crusade. The county quota is \$500.

During the past ten days a canvass of Robert Lee business firms resulted in good success. School teachers and lunchroom ladies gave \$36, and \$16 was turned in by Mrs. T. A. Davis from the Edith community. Total raised in Robert Lee and the west half of the county is \$279.30.

Persons who have not been contacted and wish to help, are to leave their contributions at The Observer office within the next few days.

## 4-H CLUB BAKE SALE

## HUNTER STRAIN LOW BIDDER ON PRECINCT ROAD

Contract for constructing 6.75 miles of new paved highway in Precinct No. 1 was awarded here Monday by the Coke County Commissioners Court to Angelo Construction Co. of San Angelo.

The concern, which is owned by Hunter Strain, took the contract on a bid of \$100,314.90. It was considerably under five other bids submitted. W. W. Greif & Associates, consulting engineers, had estimated the cost at approximately \$103,000.

Other bids were: Dean Skinner, Austin .... \$112,509 Gage Bros, San Antonio. 113,702 Younger Const. Co. .... 118,000 Brown & Pruitt, Abilene .. 121,561 F. A. Seidell, Ballinger. 130,416

The road begins on the south side of the new Colorado River Bridge, southwest of Silver, and runs southeast to the old road at a corner between C. E. Scott and J. J. S. Smith properties.

It terminates on the line between Precincts 1 and 3, which point is only 3 miles north of Highway 158 at the east side of Millican oil field.

It is a part of the road and bridge building program to make new outlets for the newly developed oil field in the extreme northwest corner of the county. A bond issue of \$245,000 for this purpose was voted last year.

The new road leads through one of the most rugged sections of the county. It involves lots of earth moving and drainage. Engineer Greif said there are five bridge structures, each 10 x 10 feet reinforced concrete, two 8 x 8 foot concrete bridges and a number of iron culverts running as large as 48 and 54 inches in diameter.

Work is to start within two or three weeks, and completion date is set for October.

## JEFF DEAN IS HOME

County Judge Jeff Dean returned last Thursday from Houston where he spent six weeks undergoing examination and treatment at M. D. Anderson Hospital. Mrs. Dean flew to Houston the previous day and accompanied her husband home. Jeff spent a few hours at home with his family and then entered Coke County Memorial Hospital where he is resting. A report from the Houston specialists has not been received at the hospital here.

## Steel Expected By June 15 For New River Bridge

Structural steel needed for the new river bridge southwest of Silver is expected to be delivered June 15, according to Engineer W. W. Greif. The bridge work has been delayed several weeks because of the steel shortage. An order for the steel was placed Feb. 23.

The new paved highway from Silver to the river has been finished except for a small stretch near the school children's underpass at Silver. Younger Bros. is the contractor and will wind up their job soon.

They also have some paving to finish in Robert Lee.

## Concho Leaders In Sunday Tilt

It happens just once in a while. But there's a natural coming up for baseball fans when Robert Lee Rabbit Twisters entertain the San Angelo Jax Inc. club here next Sunday afternoon.

The teams are tied for top honors in the Concho Basin League, and the winner will become first half champion of the loop. A previous meeting of the clubs was rained out here a few weeks ago. Both clubs have won four and lost one in league play.

Neither team had been defeated until last week, when Robert Lee was nosed out by Sonora, and Jax took a 10-0 licking from Magnolia.

Although their pitching failed to hold up against Sonora, the Rabbit Twisters are still a good ball team. Managers Chilly Tinkler and Lew Heuvel have other prospects who may help the hurling department in future games.

Some bad plays hurt Robert Lee last week and the hitting was spotted. Conley was the only man to get a hit off Red Thompson during the last three innings. The team missed the wonderful stick work and fielding of Norman Roberts. A bright spot is the performance of Jimmy Gray, who is fielding well and hitting the ball.

King Kong Henley, the popular San Angelo arbiter, will call the game Sunday. He has been engaged for all future home games.

## SCHOOL MAKES TAX CUT OFFER TO SUN OIL CO.

Sun Oil Company's request to have its assessment cut 30% this year has been turned down by the Robert Lee Independent School District.

School officials point out that such a reduction would mean a loss of \$12,000 in tax money, and would seriously curtail school operations.

Most of the property involved is Sun's Millican oil field west of Edith which has in the neighborhood of 40 producing wells.

Sun recently filed its rendition for county tax purposes, where no protest was entered over its similar 30% cut. However, the county gained more than 4 million dollars in new oil field valuations this year, and none of the county funds

will be hurt.

Following is a statement released by school officials and the Board of Equalization concerning the matter:

"The Equalization Board of the Robert Lee Independent School met in the School Tax office Monday, May 30, at 9 a. m.

"Mr. Henry Lee, tax consultant for Sun Oil, was on hand to urge the Equalization Board to place more of the tax burden on real estate, especially farms and ranches. Mr. Lee insisted that Sun Oil is paying more than its share of taxes. This idea is quite different from the one expressed one year ago when they promised a better deal than the one offered at present.

Harry Pickett, Evaluation Engineer for Robert Lee School and the Equalization Board set taxes for next year in the Millican Field. The amount was protested and Mr. Lee asked for a formal

hearing July 6. The tax requested of Sun Oil would amount to \$2,300 less than Sun Oil paid on the same property last year.

"The Equalization Board, composed of Raymond McCutchen, B. A. Austin and Chester Harwell, is faced with pressures of equalizing taxes throughout the district. This job was undertaken Monday afternoon. The Board will not up all values but some assessments will be raised in an effort to equalize property values.

"The Equalization Board will hold a second meeting June 18, 8 a. m. for local taxpayers."

## MOVING TO OKLAHOMA

Spearman, Texas  
May 22, 1955

Dear Mr. Kirk:

Please send our Observer to Gen. Del., Laverne, Okla. We are moving one day this week. Our rig is the only rig to be moved right row. We hate to move from Spearman, it is a nice little town, although it isn't the country for me, it is too bare. The place we are moving to reminds me of Robert Lee. It is the first oil play they have had. There are a lot of trees over there and nice fishing spots.

We sure enjoy getting The Observer. Can hardly wait to read all the Coke County news. Keep it coming. — Sincerely, Mrs. Vincent (Ava Lou) Hanna.

Clinton Fincher, 19, Sterling City youth injured in an oil field accident at Silver last January, died suddenly Friday afternoon.

He collapsed while playing pool about 4 p. m. and died a short time later in the Sterling County Hospital.

The young man was critically injured last Jan. 25 while working on a Dual Drilling Co. rig. He received a crushed chest and shoulder injuries when he was caught in a catline.

For two months he was a patient at Coke County Memorial Hospital in Robert Lee and later was removed to Shannon Hospital in San Angelo where he underwent chest surgery. He was apparently regaining his health and had taken a job with the Highway Department two days before his death. Cause of his death was attributed to a chest hemorrhage.

The son of Mr. and Mrs. Orb Fincher of Sterling City, Clinton is survived by his parents, two sisters and three brothers. The body was taken to his former home at Belton where funeral services and burial occurred Saturday.

Clinton made many Robert Lee friends during his convalescence, and after his dismissal was very grateful for the excellent medical and nursing attention which he received here.

## TWISTERS LOSE AT SONORA BY SCORE OF 8-7

Sonora came from behind to defeat the Robert Lee Rabbit Twisters 8 to 7 on the Sonora field Sunday afternoon. It was the first Concho Basin League defeat for the Coke County Team.

Robert Lee's first tally came in the second frame when Jimmy Gray blasted a triple with two down, and scored on an infield error. Sonora tied the count promptly, but the Twisters put over three runs in the fourth.

Hits by Barnell Malish, Gray and Tommy Franks and another infield bobble accounted for the tallies. Gray's third hit sent Lew Heuvel home in the fifth, to give the Twisters a 5-1 lead.

However, two doubles and three singles in a row accounted for three Sonora runs in the bottom of the fifth. John Conley relieved Franks on the mound and got the inning over without further damage. The Twisters picked up two more tallies in the sixth inning due to a hit by Franks, Heuvel's two-bagger and a single by Malish. Conley, who had walked, was called out in a close play at home when he attempted to score on Heuvel's long fly.

Conley held Sonora in check until the bottom of the ninth. Wuest led off with his fourth straight hit. Robert Lee's infield muffed a double play grounder and Hut Moore crashed a single past third. Two bases on balls and John Bell's double down the left field line accounted for the fourth run of the inning and a Sonora victory.

Franks tired early and his throwing was much less effective than the preceding week when he held Magnolia to seven hits. The first three batters in the fourth hit safely, but he fanned the next man and the next two fled to second and right field. He was touched for 10 hits and 4 scores during the 4 and a third innings he was on the mound. Sonora garnered a total of 16 hits, only six of them being charged to Conley.

Sonora had a strong lineup and Red Thompson held the Twisters to 10 hits. Bryan Stuart of Ozona was his battery mate and Pete Hickman turned in a stellar job at shortstop. A former Robert Lee player, Pete is now coaching at Ozona High School.

Malish broke into the local lineup for the first time this season. He handled the catching chores in place of Franky Percifull, who didn't make the trip to Sonora. Malish worked hard and got two hits.

Jimmy Gray was the Twister batting star with a triple and two singles in five trips. Conley poled two doubles and Franks got a pair of hits.

Oliver Wuest, Sonora second sacker, had a perfect day at bat. First time he was knocked down by one of Franks' fast balls. He then proceeded to get himself four hits. Hut Moore was just about as good. He hit four in five trips. John Bell and Tommy Sharp each got two hits.

## Huge Magnet Used to Pick Up Old Nails

Motorists in Robert Lee and Precinct 1 may be saved a lot of tire punctures. Commissioner J. W. Service recently had an outfit in here which picked up nails and old pieces of metal from city streets and rural highways.

The machine is equipped with a long iron bar which is magnetized from an attached generator. Streets in Robert Lee yielded more than 1½ tons of nails and metal. No record was kept of the amount gathered in rural sections.

Commissioner Service said the machine covered a total of 141 miles of which 23 miles were streets in Robert Lee. The cost to the precinct was \$3 per mile for a round trip.

Mr. and Mrs. Weldon (Jiggs) Lofton and children, Jan and Kirk, have enjoyed a few days visit with kinfolks here this week. They planned to visit in Snyder, Sweetwater and Goldthwaite before returning Sunday to their home in Texas City. Jiggs has a good position with the Carbide and Carbon Chemicals Corp. in Texas City and was taking a week's vacation.

## SMALL TALK

By A. J. K.

Some nice new homes have been completed in Robert Lee and several important real estate deals have been made. Full report next week.

Congratulations to our friends, Ben and Libby Oglesby of Bronte, who have purchased a building and moved The Enterprise to the former variety store location. They are good friends and neighbors, and we appreciate their many kind favors and cooperation.

NOT ALL THE FOLKS WHO ACT FOOLISH ARE ACTING.

Baseball fans better turn out Sunday for the redhot contest scheduled with the Jax club of San Angelo.

We repeat: One of the nicest compliments you can pay your guests is to see that mention of their visit appears in The Observer.

Dear Kirk,

When we opened last week's Observer the first thing we saw was a picture of our boy's granddaddy, Robert Walker. The baby grabbed it and wouldn't even let us read the paper. We were going to the boat docks. He showed it to everyone down there saying, "That's my Granddaddy."

Should you have any extra copies would appreciate some more of the pictures. That was May 13th issue, picture of Coke Co. Soil Supervisors. Thanks, Leta Looney.

Martha Humphrey returned Wednesday from a few days visit with her friend, Sandra Hall, at her ranch home near Christoval.
