Robert Lee, Coke County, Texas, Friday, January 13, 1956

Published Weekly

'55 Rainfall Was Only 11.9 Inches

Landowners and operators cooperating with the Coke County Soil Conservation District applied many good conservation practices during 1955 in face of the continued drouth that gripped parts of West Texas. Their practices are a part of their complete coordinated soil, water, and plant conservation plans that they have developed to treat each acre of their land according to its needs.

According to A. V. Sheppard, work unit conservationist of the Soil Conservation District, there was applied in the Coke District, 1953 acres of contour farming, 22,180 acres of deferred grazing, 3854 acres of brush control, 40.1 miles of field terraces, 11.5 miles of diversion terraces, 18 farm ponds constructed, 700 acres of land pitted, 58 acres of land put into irrigation, 480 acres of cover cropping and 55 acres of land cleared for cultivation.

Artificial boundaries are man made and of little significance. Soil erosion knows no boundaries and obeys no landlord.

Drouth has hampered the application of conservation work during the year. Rainfall received varied over the district. Parts of the district received 5 to 6 inches of rain. Unofficial rainfall records kept by the Soil Conservation Service at Robert Lee shows the following amounts of rainfall by months:

JANUARY	0.0
FEBRUARY	1.4
MARCH	0.0
APRIL	0.3
MAY	3.5
JUNE	1.7
JULY	1.6
AUGUST	0.0
SEPTEMBER	2.4
OCTOBER	1.0
NOVEMBER	0.0
DECEMBER	0.0
TOTAL	11.9

Twenty three landowners and operators became district cooperators with the district during 1955. The agreements were on 23,815 acres. To date 338 landowners and operators are cooperating with the district on 350,829 acres. This is 74 percent of the acres in the Coke County Soil Conservation District. Landowners and operators becoming district cooperators in 1955 were:

Calvin Sparks, Dolf Richards, B. D. Griffin, Ira A. Bird, James Burrus, Mrs. E. S. Cummings, Ward Hill, R. W. Odom, S. E. Adams, John Gaston, Bernard Petty, Foy Moore, J. J. Rogers, Roy Casey, Frankie Percifull, Will Percifull, Crowley Harmon, Joe Rawlings, Arthur Rynnion, T. A. Peays, Kenneth Lackey, Charles Sims, Garland Black.

Man can go broke by having too many livestock, but seldom is man hurt by having too much grass.

BIRTHS

LUERA—Mr. and Mrs. Tom Luera of Ballinger are parents of a son born Jan. 4 in Coke County Memorial Hospital. Arriving at 12:15 p.m. the baby weighed 7 pounds, 4½ ounces. The couple has another son who is one year old.

If You Don't Get the Observer You Don't Get the News

COMMISSIONERS COURT, 19-46 — The above picture of Coke County Commissioners Court taken Jan. 1, 1946 includes left to right: H. C. Varnadore, S. A. Kiker, Judge McNeil Wylie, T. R. Harmon and Ben Brooks. "They

Go After Roads and Get 'Em," was a heading used with the photo. A road building program costing 1¼ million dollars had been outlined, and much of it has since been completed.

FIND ABANDONED AUTO

Sheriff Paul Good says investigation proved the abandoned car found last weekend west of Edith was owned by a Dallas woman. The 1948 Dodge sedan was discovered in a ravine on the Thompson place near Green Mountain. The discovery was made by a representative of Coronet Oil Co., who was checking the locality for a drilling site. Sheriff Good in cooperation with state officials learned the car had been stolen early last week from Mexia. The auto was owned by Mrs. Lilly Lanning, an employee of A. Harris Co. in Dallas. She was visiting in Mexia when the car was taken. Insurance company officials were expected here yesterday to get the stolen car.

L. T. Pate, Former Resident, Dies

Funeral services for L. T. Pate were held at 2 p. m. Thursday in Robert Lee Church of Christ.

Mr. Pate, 72, of Clyde and former longtime resident of Coke County, died at 5 p. m. Tuesday in Hendrick Memorial Hospital in Abilene.

Burial was in Robert Lee Cemetery under direction of Clift Funeral Home.

A farmer, Mr. Pate moved to Clyde 10 years ago. He was married to Miss Katie Stroud in 1923 at Robert Lee.

Survivors include his wife; two daughters, Mrs. Theopa Minucci of Denver City and Mrs. Ruth Barker of Corpus Christi; two sons, L. T. Pate Jr. of Odessa and Jim Freeman Pate of Clyde; three brothers, a sister and seven grandchildren.

Pallbearers were C. S. Brown, Lee Roberts, Joe Ed Scott, Mitchell Davis, Calvin Wallace and David Lowrance.

DOUBLE WIN FOR BRONTE

The Bronte Longhorns defeated the Robert Lee Steers 37-32 for a 20-B North Half Basketball win here Tuesday night. The victory gives Bronte a 1-1 district record and Robert Lee a 0-2 rating.

Noel Scott led the Longhorns offense with 14 points. Freddie Ashworth and Jerrell Harmon of the Steers netted 12 counters each.

Bronte also won the girls contest in an overtime affair. Scooter Snead hit the winning basket to give the Bronte lasses a 44-43 win. The game was tied at 42-42 at the close of regulation time.

Snead was high for Bronte with 23 points and Jo Clawson netted 16 for the losers.

BCD Luncheon Well Attended

Sponsorship of soft ball, Boy Scout activities and numerous other community projects were handled the past year by the Robert Lee Board of Community Development. A detailed account of BCD promotions was given at the luncheon meeting by Bart Geer, who has served as secretary of the organization the past two years.

The secretary's report showed a cash balance of \$76.00 on hand with all bills paid. Since the BCD is Robert Lee's only civic organization, it was pointed out that increased revenue from its members will be required this year.

Among the twenty persons attending the meeting at Varnadore Cafe were several visitors. They included Travis Hicks, former county agent, Bill Briggs, associated with the S. E. Adams insurance agency, C. R. Madden, new administrator of the hospital, and James Coffman, assistant county agent.

Mr. Madden told the group that Coke County Memorial Hospital is well equipped throughout. It is giving first class service and he hopes it will soon be on a paying basis.

School Supt. B. C. Goodwin gave an interesting talk. He said there was some discussion that high school pupils at Silver might come to Robert Lee another year. Mr. Goodwin pointed out that Robert Lee would be happy to have them, but that it was strictly a matter for Silver people to determine among themselves.

The next BCD meeting will be held at night. It will be Thursday, Jan. 26, at 7 p. m. at Varnadore's Cafe.

Coke Livestock Show Set for January 23

Coke County Livestock Show will be held Monday, Jan. 23, at the show barn in Robert Lee. An added feature to the show this year will be an auction sale of a limited number of lambs and hogs following the show. The auction has not been held since 1948.

Fred McDonald Jr. is president of the association. The group was scheduled to meet Thursday night to work out details concerning the show. Complete details of the annual show will be carried in next week's paper.

Bob Hickman is back at his home at Bronte and is doing nicely after undergoing major surgery a few weeks ago.

STOCKHOLDERS MEETING

Annual meeting of stockholders of the Robert Lee State Bank was held Tuesday. All but six of the 350 shares of stock were represented in person or by proxy. The bank had a successful year in 1955 and has been showing a steady gain each year. Officers and directors were re-elected. They include R. C. Russell, president; G. C. Allen, executive vice-president; T. A. Richardson, cashier; and Victor Wojtek, Cumbie Ivey, Henry Briscoe and Willie I. Tubb, directors.

Improvements At WTU Office Now Under Way

Extensive improvements are underway this week on the first floor of the Masonic Building occupied by West Texas Utilities Co. A new front is being installed and the entire office will be modernized.

W. D. McAdams, local WTU manager, says modern equipment is to be provided and tentative plans call for a central heating and cooling unit.

Work on the front is in charge of Jack Capps and Martin Casey, while Pittsburgh Glass Co. will install the windows. Entrance to the office has been moved to the northeast corner, permitting a solid front of glass in aluminum frames, with black trim.

The building is owned by Hayrick Masonic Lodge No. 696, and the top floor is used by the lodge and its affiliated organization, the Eastern Star Chapter.

Phone Strike Ends; More Pay For Employees

SAN ANGELO — General Telephone Company of the Southwest employees were back on their jobs this week after a six-day strike throughout the Company's five-state territory ended with signing of a new contract between General and the Communications Workers of America last Friday (Jan. 6).

The new contract, which will be in force 15 months, includes the following major changes over the old contract:

1. Wage increases totaling \$175,000 annually which, when added to the wage adjustment granted in November, 1955, results in an hour-up increase per employee equivalent to the wage increases received throughout the telephone industry.
2. Different plant areas for wage schedules were established. The number of traffic and commercial areas for wage schedule purposes were reduced.
3. Increases in the board and lodging allowances for unlocated construction personnel of \$1 per week.
4. Increases from 75 per cent to 100 per cent in on-the-job injury benefits.

A company spokesman estimated employees not working lost \$25,000 per day in wages during the strike.

The strike started when the former Union-Company contract was terminated by the Union. It was the first authorized Company-wide strike in the history of the Company.

Mrs. Pearl Bilbo of San Angelo is a new member of the Varnadore Cafe staff. She is a sister of Ernest Varnadore.

March of Dimes Campaign Will Open This Week

This community will join with 10,000 others to launch the 1956 March of Dimes on Saturday, Jan. 14. The campaign continuing through Jan. 31, is based on the theme — "Polio Isn't Licked Yet."

Fund raising efforts will be directed in Robert Lee, Silver, Edith and the entire west side of the County by Mrs. Gertrude Gray, county treasurer, and a group of volunteer workers.

On Saturday of this week a Blue Crutch sale will be conducted by members of the high school senior class. Thus far no coin containers have been received here.

Mrs. Gray says some important benefit affairs are being arranged, including basketball games and other events to be announced next week. As usual Silver is expected to rally behind the campaign. In past years Silver residents have far exceeded Bronte and Robert Lee in their support of the March of Dimes.

Millions of dollars in March of Dimes funds are needed to aid thousands and thousands of polio patients for whom the Salk vaccine comes too late. Some 68,000 patients all over the country are now on the rolls of the National Foundation, and many more will be stricken before the Salk vaccine is administered to all.

RESEARCH FUNDS NEEDED

Funds are also needed to continue the National Foundation's work in scientific research. That program has already produced the Salk vaccine, which is 60-90 per cent effective against the three types of virus known to cause polio. Additional research may turn up still better medical weapons.

Mr. and Mrs. Robert Eaton of Comanche and Mrs. Price Yantis of Bangs visited here Sunday with their uncle, Joe Dodson. The latter has been hospitalized for several months and his condition has not improved.

Mr. and Mrs. Frank Dickey, Sr. returned early last week from a combined business and pleasure visit of several weeks in Mexico City.

HOSPITAL NEWS

Jan. 4—Mrs. Fred McDonald, Jr., Mrs. R. C. Sawyer admitted. Son born to Mrs. Tom Luera. Miss Oramarie Stout, Mrs. T. W. Casey, M. E. Stout dismissed.

Jan. 5—Mrs. M. C. Hendry, Mrs. Charlie Arnold, C. J. Minucci, Billy Mundell, Mrs. Dave King admitted. Mrs. A. J. Muston, Mrs. Tom Luera and infant, and Billy Mundell dismissed.

Jan. 6—Mrs. L. E. Cowley, Harold Congden, Alvin Bessent admitted. Mrs. M. C. Hendry dismissed.

Jan. 7—Lendy Devoll, Clinton Hood, Mrs. Sam Jay admitted. Mrs. Dave King, H. R. Congden, Mrs. Fred McDonald, Jr. dismissed.

Jan. 8—Mrs. L. E. Cowley, Carmen Minucci, Mrs. Sam Jay dismissed.

Jan. 9—Mrs. Oscar Collett admitted. Lendy Devoll, Alvin Bessent dismissed.

Jan. 10—Mrs. C. D. Stewart, Sam Powell, W. M. Proctor admitted.

THE OBSERVETTE

Published by Students of Robert Lee High School

FHA Notes

Doris Sparks and Marta Geer

Freshman H. E. girls prepared luncheons for their six weeks grades last Wed. Two teams had one dollar each to spend on luncheon and one had \$1.50. The luncheons they prepared were very good and drew some very good grades.

The F. H. A. met Thursday afternoon for their regular meeting. Jackie Sparks called the meeting to order and business was taken care of. A very nice program was brought by the Freshman girls. Everyone especially liked the song. The boys taught them the hymn but the words were changed.

Candy was sold Tuesday at noon to acquire funds for the F. H. A. Chapter.

CAROLYN'S QUIPS

Friday night six Junior girls: Carol, Carolyn Lee, Carrol, Joyce, Mary and Jo Alice spent the night with Carolyn Simpson. This time some Bronte boys came over to dance.

Mary and Ben went to the show Friday night.

A "surprise dance" was given at the Wildcat Schoolhouse for Doris Sparks Saturday night. It was well attended.

Mary Francis Wylie gave a dance last week. Everyone had a good time.

Dates at church Sunday night were Dian and Tom, Martha and Byron.

LOST: Freddy McDonald's football jacket to a girl from Silver.

FOUND: One chain from Silver around Ferddy's neck.

WONDERING:

Why Jo Alice was so angry when a certain girl from Ballinger came to the ballgame at Bronte Friday night?

Who Mack, Emmitt, and Andy meant their K. P. E. P. request for? Hey, boys, we can't dig your crazy lingo.

Why Carolyn Lee kept her eyes toward the sky Sunday? Could she have been looking for a plane from Tulsa?

Why Delton had on Carol's disc? Is your steady mad?

The Goal Post

Robbie Godwin

The Robert Lee cagers took on Blackwell on their home court last Tuesday where they took two decisive victories; girls 44-31, boys 46-21.

Leading the teams were Jo Clawson for the girls, and Fred Ashworth for the boys.

Then on Friday they rode to victory at Water Valley, with the girls taking the opener by a booming 69-20. Later in the evening the boys did nearly as well by rounding out the evening with a 50-27 decision. The girls played all over the court in the course of their game, but some of the boys have said they don't know when their points were made or who made them! However, our vital statistics show the hotshots Robertson and Clawson still on top with 29 and 14 respectively. Many of the other girls also made tallies. For the boys, Harmon was on top this time with 15. Fred Ashworth sank 10 points.

This week the teams met Bronte here on Tuesday. Then on Friday the girls will play Winters in three games, A, B, and Freshman.

Pre-game predictions on Bronte games; Robert Lee girls over Bronte girls-near cinch; Robert Lee boys over Bronte boys — could be!

GET THE CRYING TOWEL

The atmosphere is a bit tense around high school this week. Students are preparing to close out shop on the fall semester. There can be heard many lamentations. The mid-night oil is beginning to flow, and the cramming is taking place. As the teachers review the facts that were given during the semester, many long faces are saying, "Oh, where, oh where was I when that was given?" Well, cheer up kids, all's well that ends well, and who will worry about tests and such a hundred years from now?

Grade School News

By Voleta Harwell

The fourth grade was proud to receive two new pupils this week. They are Donnie McKenzie and Bobby Pena. The sixth grade was also glad to receive Ora Pena and Elida Pena. The third grade has lost three pupils, and Janice Stephens, a second grader, moved to Hobbs, New Mexico.

Naturally, the biggest issue of the week is the mid-term exams. About half of the fourth grade will be exempt because they have not been absent more than one day. The exemption plan seems to have brought attendance up quite a bit. The first grade is glad to report that all of the children are back in school after illnesses.

The second grade seems to be interested in rooting and growing things after a study of stem plants, sweet potato roots, and bean roots. Shirley Ponds, a second grader, celebrated her birthday with a party at her home.

WHO IS IT?????

By Mary Vaughan

The mystery girl of the week is a pert 5'2" tall girl. She has green eyes which go perfectly with her brown hair. She weighs only 98 pounds. Her favorite sport is swimming, but at the present time, like so many of us unfortunates, she is playing ping pong. Her favorite color is green. Her favorite food is smothered steak. For a pastime she likes to go to movies. Her favorite subject is History. Her most difficult subject is literature. She detests stuck-up people. Her ambition is to be a secretary in some big office.

For our boy of this week, I have chosen a real cute lower classman. His favorite sport is football and his playing this year has surprised everyone, as it was surpassed by no one. His favorite food is steak. He likes to spend his leisure time hunting. His pet peeve is SISTERS. He wants to be a welder when he finishes school. His most difficult subject is English. His favorite subject is Vocational Agriculture. He is 6' and weighs 160 pounds. He has brown eyes and blond hair. When upset he can be heard to utter this word: Peckerwood...

Well gang, lets get on the beam and guess these two swell kids. I hope you have better luck than some had last week.

The mystery girl and boy of last week were Jo Francis Box and Richard Dumas.

Senior Class News

The Seniors reported to school Monday and can hardly wait until the time comes for them to receive their final holiday. We were happy to hear that Jerrel Harmon made the Area football team. Roland McArthur made the second team. These two seniors have made a fine showing in their sports.

We are proud of

IT'S A DATE

January 17 — Norton boys and girls basketball game here at 7:00.

January 20 — Amateur program at 7:00.

January 20 & 21 — Lakeview tournament for the girls. First game will be at 4:00 Friday against Winters.

PTA To Sponsor Amateur Program

The Robert Lee P. T. A. will use an amateur program to raise money for its annual project. The program will be held in the High School Auditorium at 7:30 p. m., January 20. A committee of parents and teachers will plan and supervise the program. This committee consists of N. B. Geer, M. E. Petross, Mrs. Jeff Dean, Jack N. Gray, and Jack G. Brock.

Anyone wanting to enter the program should contact one of these persons.

There will be prizes for the winners. The divisions will be Junior and Senior. Juniors will be considered as pupils through the first 7 grades, and seniors will be considered all persons above the 7

The Observer, Robert Lee, Texas

grade level. Any amateur talent in Coke County is invited to enter the contest.

Aggies Develop Farm Shop Skill

Jim Cox and Jerry Harmon have been making valuable additions in the form of welding tables, cabinets, etc. to the vocational agriculture shop. These outstanding shop boys have been instrumental in developing the Vocational Agriculture shop as a better arranged and more enjoyable place of learning the basic fundamental skills of farm shop.

Various items that have been constructed by these two boys include acetylene welding tables, arc welding tables, metal and welding cabinets, work benches, blocking tables, etc.

Jim and Jerry have completed two years of vocational agriculture and are currently enrolled in V. A. III. Both boys have developed a reasonable amount of skill in the use of arc welders, acetylene welders, heating and bending metal skills, table power saws, skill saws etc.

Jerry is the chapter treasurer and has 2 barrows entered in the County Livestock Show Jan. 23. Jim has 3 fine wool lambs entered in the Show.

FRESHMAN NEWS

Kenny Sawyer

The Freshman Class was proud of its representation on the football team this year. The ones participating were Freddy McDonald, Sam Skipworth, Johnny Jones, Jerry Tinkler, Lanenon Stephens, Bobby Cowley, Don Stewart, Melby Duncan, and William Allen. No basketball season is here, and Freddy, Don, and Jerry are on the basketball team. The Freshman girls also have a good representation on the basketball teams.

The Freshman Class has Lanenon Stephens and Joy DeKinsey, and William Allen may be leaving soon.

All high school students will begin a study of grammar in the spring semester. Workbooks are provided high school English students. The price of the workbook is 85 cents each. All students are urged to pay for their workbook as soon as possible.

Students entering interscholastic league literary events will enjoy the speech class during the spring semester. One-act play, debate, extemporaneous speaking, declamation and ready writing are units offered in this subject. The objective of this speech course is to help high school boys and girls improve their ability to speak in public.

Paul Good Out For Re-Election As Coke Sheriff

Paul Good this week announces that he is a candidate for re-election as Sheriff and Tax Assessor-Collector of Coke County.

He served 17 years as a deputy under the late Frank Percifull prior to his election in 1946.

Much credit is due Sheriff Good and his deputies in keeping Coke one of the most law abiding counties in West Texas. This has been true in spite of the enormous oil development which has been underway here the past ten years. District and county courts have very little criminal matters on their dockets.

However, tax money now handled in Mr. Good's office is nearly seven times greater than it was in 1946. Oil property has raised the

PAUL GOOD

county's assessed valuation to \$30 million compared with \$4½ million when he took office.

Mr. Good's office also handles motor vehicle licenses which bring

in \$50,000 a year for the county road funds, and a busy time is anticipated the remainder of January issuing poll tax receipts.

Mr. Good stands on his record of fair and honest treatment. His friends point out that experience is of high value in this important office.

He will appreciate your support at the July primary.

PERSONALS

Rev. Bennie Smith and wife, accompanied by Rev. Maynard Rogers and wife of Miles, were in Fort Worth the first half of the week where they attended an evangelistic conference sponsored by the Baptist Church. Fred Cheery of Oklahoma City accompanied them to Robert Lee Wednesday to begin a revival meeting at the local Baptist Church.

Lt. Paul S. Ferrell and family have left for an assignment in the Air Force at Fairbanks, Alaska.

The Observer, Robert Lee, Texas

Jan. 13, 1956

They drove to Seattle from which point they would fly to Fairbanks, while their car was shipped by boat. The Ferrells spent the holidays here with his parents, Mayor

and Mrs. J. S. Ferrell, and then visited her folks at Raton, N. Mex., before departing for Seattle.

Speaks softly and packs a powerful wallop!

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body by Fisher.

Whether idling at curbside or cruising, this new Chevrolet talks in a well-mannered whisper. You scarcely ever hear more than a soft undertone of power from its deep-chested V8. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.)

Soft-spoken, yes—but this handsome traveler packs a wallop that ranges up to 205 h.p.! It's charged with sheer action!

Action that can save you precious seconds for safer passing on the highway! Action that lets you take steep hills in stride!

Action that helps you zoom out of trouble spots almost as quickly as they develop!

And action isn't all. Chevy holds the road like part of the pavement! You feel added assurance in the way it clings to curves.

Of course, Chevrolet brings you the security of safety door latches in all models. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.

Come in and drive a new Chevrolet. We've got one ready and waiting for you.

POLITICAL ANNOUNCEMENTS

The Observer is authorized to announce the following candidacies, subject to the Democratic Primary Election July 28, 1956:

- For County and District Clerk
J. L. (CHILLY) TINKLER
- For Sheriff and Tax Assessor
PAUL GOOD
- For Commissioner, Precinct 1
J. W. SERVICE
- For Commissioner, Precinct 3
ED HICKMAN

Sam Powell, well known Robert Lee rancher, was admitted to Coke Memorial hospital Tuesday night for medical treatment. His condition was much improved yesterday.

Ed Hickman Is Candidate For Re-Election

ED HICKMAN

Ed Hickman has announced his candidacy for re-election as Commissioner in Precinct 3. He is now on his second term.

Residents in that section of the county realize their roads are being continually improved, and the road building projects have been spread over all parts of the precinct.

Mr. Hickman says when he first ran for the office four years ago, he told the voters he hoped to be able to get a good all-weather road outlet for every rancher and farmer in his district. He intends to keep this promise and its realization is not too far distant.

The commissioner states he has a good road crew which works hard and gives the taxpayers honest service.

Mr. Hickman is happy that the state is running a new highway through a large part of Precinct 3, leading from Robert Lee to Water Valley. Seven additional miles on this project are to be completed this year.

He is now busy with the 3 1/2 miles of new paved highway from Pecan Church northwest to the Shaggy Peak corner. This includes a badly needed bridge over Pecan Creek. Voters approved his project with a bond issue of \$62,000 which is to be paid off during the next 20 years or less.

Many important county-wide matters require attention of County Commissioners these days, making the job practically full time.

Mr. Hickman stands on his record in seeking re-election. He states that he is grateful for the fine cooperation he has received in the past, and if re-elected he will endeavor to render the same conscientious service.

PERSONALS

Mr. and Mrs. J. K. Lofton have returned to their home at Blythe, Calif., after being called here by the death of Mrs. Lofton's brother, Onie Bessent.

Mrs. C. R. Madden is receiving special treatment at St. Mary's hospital in Galveston. She is doing nicely and expects to be dismissed soon.

Mr. and Mrs. Franklin Cowley of Ft. Stockton visited among Coke County relatives and friends last week. They report that Ft. Stockton is growing. Firestone will bring 40 new families there for a tire testing station and oil activity is on the increase.

Robert Large and family are here for a visit with kinfolks. He is a boiler expert in the US Navy and has been stationed at San Diego, Calif. Mrs. Large is the former Pauline Tinkler, daughter of Mrs. Mattie Tinkler.

Mrs. L. B. Mahon is again doing office work at Vaughan Chevrolet Co., a position she held previously. Donald Mauldin is now in charge of parts and will help with sales for Mr. Vaughan.

BAGWELL TEXACO STATION

Robert Lee, Texas

Service Seeks Re-Election In Precinct No. 1

J. W. SERVICE

Announcing for re-election as Commissioner in Precinct 1 is J. W. Service. He is a stock farmer residing 7 miles northeast of Robert Lee.

A constitutional amendment adopted in Texas two years ago provides 4-year terms for county officials. However, commissioners in precincts 1 and 3 were not affected immediately along with the sheriff and county attorney. But this year these officials will be eligible for 4-year terms.

Precinct 1 is by far the largest precinct in the county and because of the enormous oil development

in the Silver locality, it accounts for one-half of Coke County's taxing valuation. The precinct, 7 or 8 miles in width, extends entirely across the county from north to south, and angles to the west to take in the Silver area.

This makes the office of Commissioner in Precinct 1 a highly important position, with increased duties arising every year. County business is largely in the hands of the Commissioners Court. They determine the tax levies and decide where the tax money is to be spent.

Precinct 1 completed an important road building program the past year which included paving on the west side of the Silver Loop, a new Colorado River Bridge southwest of Silver, a new highway on the south side of the river leading toward Edith and Robert Lee paving around the hospital and school.

This program was financed by a bond issue of \$245,000, thus permitting normal tax money to be used in maintenance and new road work in other parts of the precinct.

Mr. Service points out that the precinct bond issue was sound, and that the amount will be retired rapidly. Many public improvements, including the court house, have been made possible because of increased taxes from oil interests, the commissioner added.

Commissioner Service has been helpful with street work in Robert Lee and has given staunch support to Coke County Memorial Hospital and other projects pertaining to the welfare of the community.

He says he is ready and willing

at all times to discuss precinct and county matters with taxpayers.

In asking re-election he invites examination of his record and will appreciate your continued goodwill and cooperation.

MRS. J. N. GOODWIN

B. C. Goodwin, Robert Lee school superintendent, mourns the death of his mother, Mrs. J. N. Goodwin, 86, of Dallas. Her passing occurred at 9 p. m. Wednesday following a long illness. She had been bedfast since suffering a fractured hip three years ago. Mrs. Goodwin had made her home in Dallas with a daughter, Mrs. H. L. Lightfoot. Immediate cause of her death was a stroke which seized her Sunday. Mr. and Mrs. Goodwin and daughter, Sue, went to Dallas for the funeral services Thursday.

A CAREFUL BANK

Constant watchfulness through the years has been our best protection—and yours. We are glad to be known as "a careful bank."

Our conservative policy will continue to safeguard depositors and to make this bank a bulwark of financial strength in the community.

Robert Lee State Bank

SILVER NEWS

EXPLOSION DAMAGE

The Odom Drug building was the scene of an explosion at 2 a. m. Sunday. Damage estimated at more than \$4,000 resulted in the rear rooms which are occupied by the cafe operator, Henry Skrabanek and his wife and four children. They were asleep at the time but none were injured. Investigators believe the explosion was caused by an accumulation of gas. Walls, ceilings and floors were pushed out a few inches by the blast. The damage was covered by insurance.

SPIVEY — Mr. and Mrs. Harold Spivey are parents of a son born Dec. 27 in Root Hospital at Colorado City. He weighed 8 pounds, 9 ounces and has been named Michael Wayne. He has a sister, Catherine Elizabeth, 19 months old. The father is employed by Sun Pipeline Co. in Silver and the family resides in Colorado City.

Silver residents may pay their poll taxes to Bob Edwards, who has a receipt book at his office at Jameson gasoline plant. This is an important election year and a record number of poll tax receipts are expected to be issued. The deadline is Jan. 31.

Mr. and Mrs. S. D. Flowers mourn the death of their daughter, Marilyn, 11 months old. Three weeks ago it was discovered she

had a brain tumor and her death occurred Friday night at their home in Colorado City. Burial occurred Monday at Kermit where the parents of Mrs. Flowers reside. Mr. Flowers is a Sun gas department roustabout and was transferred to Silver from Sun Field a few months ago. He and his family live in Colorado City.

Kay Stewart, daughter of Mr. and Mrs. John T. Stewart, was named on the all-tournament team last week at Coahoma. Colorado City was one of 16 teams entered in the big tournament. A senior at CC high school, Kay plays a forward position and in most games is high scorer for her club.

Charlie Arnold is being treated for a heart condition in Shannon Hospital and his wife is a medical patient in Coke Memorial Hospital in Robert Lee.

Discouraging reports from J. L. Legg, whose condition is reported critical at a Kermit hospital. He submitted to lung surgery several months ago but the operation failed to bring permanent relief. Mr. Legg and his family formerly resided in Silver where he was a production foreman. He was transferred to Kermit a few years ago.

Bill Branch was here Tuesday looking after Sun Oil Co. affairs. He was stationed at Silver for a

time and now works out of the Midland office. He is a petroleum engineer.

H. G. White underwent surgery Tuesday at the Colorado City hospital. He is an operator at Jameson gasoline plant.

Bobby Hugh Odom who is serving with the armed forces in Korea, writes his parents that he enjoyed a brief New Years trip to Japan, where the new Year celebration was featured by a football game.

Silver boys and girls junior high basket ball teams will play at Christoval on Friday night. The girls game starts at 7 o'clock.

Principal R. C. Dodd reports five new students have enrolled in the Silver school. They include twin brothers, Lloyd and Floyd Jones, who moved here from Quinlan, and are ninth graders. Also Evelyn Jean and Cecil Howard, daughters of Mr. and Mrs. S. J. Howard. Mr. Howard is employed by Texas Natural Gasoline Corp. and moved his family here from Hobbs, N. Mex. Evelyn is in the 7th grade, Cecil the 4th and Linda Jean is a first grade student.

Exports of agricultural commodities from the U. S. during the July-November, 1955, period were 4 per cent larger than for the same period in 1954. Cotton exports, however, were less than half those for the 1954 period.

The Observer, Robert Lee, Texas

Jan. 13, 1956

Last year REA-financed systems sold an estimated 19 billion kilowatt hours of electricity . . . 16 per cent more than the year before. The cost to consumers dropped 5 per cent during the same period.

**THESE ARE
IMPORTANT PEOPLE
IN YOUR LIFE**

Dear Friends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely

HUMBLE OIL & REFINING CO.

HUMBLE

J. L. Tinkler Is Candidate For Clerk's Office

Asking for election in his own right is J. L. (Chilly) Tinkler, County and District Clerk. He was appointed to the office last fall when Weldon Fikes resigned to become County Auditor. Mr. Tinkler had previously served several years as a deputy sheriff.

While Mr. Fikes was elected in 1954 for a term of four years, state law provides that an appointee to a 4-year office shall only serve until the next general election. This means that Chilly's appointment is good only until the general election.

It also means that if he is elected this year he will have to run again in 1958, but it will then be for a term of four years.

Mr. Tinkler has been learning the duties of the clerk's office rapidly and has competent deputies on his staff who helped him acquaint himself with the various departments.

J. L. (CHILLY) TINKLER

The clerk is one of the most important officials in county government. He is clerk of the commissioners court, county criminal and civil court and district court, and is also county recorder of deeds and records.

He is happy over the fact that the new court house will have a

fireproof vault and storage space in the basement directly under the clerk's office. It has been impossible to properly protect many important records in the old court house.

Mr. Tinkler has a wide acquaintance over the county due to his former work as deputy sheriff. However, he plans to make an active campaign and will see every voter before the July primary election.

GREEN MT. HD CLUB

The Green Mt. WHD Club met at the community center for the regular meeting Jan. 3.

The president, Mrs. Glenn Waldrop, welcomed the visitors. Mrs. R. L. Page gave the opening exercise.

Roll call was answered with "My Favorite Meat Dish."

Mrs. Page and Mrs. Waldrop were elected as clothing leaders.

Mrs. Roe gave a very interesting demonstration on "Meat Cookery."

There were five members, two visitors and four children present. —Mrs. Fred Ashworth, Reporter.

The Observer, Robert Lee, Texas

Jan. 13, 1956

By sticking to a regular, year-in and year-out blackspot control program, rose growers can get more and larger blooms. Fungicidal

dusts, either zineb or copper-sulfur, applied once each week during the growing season will give good control of blackspot.

ONE 5-MILE DRIVE WILL PROVE IT

Your driving is easier — you feel safer — in THE BIG M

The stunning Mercury Montclair 2-door hardtop with distinctive low profile and Flo-Tone color styling.

Co-Op

Easier riding and handling on sharp turns — new comfort on bumpy roads — widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.

Then you'll feel THE BIG M's reflex action firsthand — how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.

And you'll experience the reflex-action response of THE BIG M's new SAFETY-SURGE V-8 engine — how it takes the tension out

of passing, makes hill-climbing as effortless as breathing.

You'll discover the new peace of mind provided by THE BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.

So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.

BIG 4 OF THE BIG M

- 1 NEW REFLEX-ACTION PERFORMANCE.**
THE BIG M responds to your every command — go, stop, climb, pass — quick as an athlete's reflex. On all roads and curves, Mercury adjusts instantly, automatically, for your ease and comfort.
- 2 BIG M BEAUTY.**
New long, low profile. Distinctive Flo-Tone color styling. Clean-lined beauty for young-minded people.
- 3 NEW SAFETY-FIRST DESIGN.**
Widest choice of safety features; impact-absorbing steering wheel, safety door locks at no extra cost; padded instrument panel, safety belts, optional.
- 4 PROVABLE VALUE.**
Low price when you buy — low cost while you drive. For 4 years best resale value in its field. Many dividend features for greater performance and convenience.

For 1956 — the big move is to THE BIG MERCURY

Don't miss the big television hit, Ed Sullivan's "TOAST OF THE TOWN," Sunday evening, 9:30 to 10:30. Station KRBC-TV, Channel 9

Ivey Motor Company

SMALL TALK

By A. J. K.

If you have children, the best medical news of 1956 is that everyone in the "susceptible age group" (under 20) should get Salk vaccination shots this year. And improved manufacturing techniques promise even better results than 76 per cent effectiveness reported in 1955. Polio researchers also hope a promising new anti-polio drug may be perfected this year, to help those for whom inoculation with vaccine may have come too late. Persons who have supported the March of Dimes in the past can see that their funds are getting results. The research program has demonstrated that it deserves our continued support.

The phone strike is over without too many sore spots remaining. Local switchboard girls lost a few days' pay, but they got a raise and they were fighting for a principle. I guess it's a good thing they have a union or they might be working for almost nothing.

Our friend and yours (everybody likes her) Viola Bynum came by to give her side of the story which named her as a "strike breaker" in last week's Observer.

Said she had been hired by Catherine Patterson as a casual operator and thought it was all right to pick up a few "fast bucks" during the strike. Phone service was carried on in spite of the strike and if she hadn't worked someone would have come out from San Angelo.

We didn't print that the girls called her a "scab", as it sounds bad out here. But get in a big center where the unions are important, and a scab is something awful.

Anyhow, Viola told me her side

of the story. The picket girls met up with her after work last Wednesday evening. They put up a good story, she said, and some even cried that she was "taking the bread out of their mouths."

She told them they might be getting more wages than they were worth. Suggested they take a crack at waiting on tables in the cafes at 50c an hour like she had been doing. Anyhow the old switchboard was worn out and you couldn't give good service here if you wanted too. Said she did not drive around to the back, but admitted she went in the side door. Said Catherine loved all the girls and everything would be forgotten when the strike was over.

Anyhow, Viola quit as a strike-breaker. Didn't want no trouble, didn't want to take any bread out of these gals' mouths. And that's both sides of the story.

Viola and her son are leaving this week to join husband Jim at Haskell where he is a driller on an Ard rig. She's a good gal and we hope some new oil fields open up here so they can move back.

On a trip to Haskell the other day she turned over their old style station wagon, wasn't hurt but the limousine was badly damaged. Said Jim didn't even get mad for wrecking his fishing car.

If the phone girls or Viola have further comments, don't come to the editor. He won't be here!

NATURAL HISTORY DEPT

It wasn't a turkey egg, they're speckled. Mr. and Mrs. Burley Adkins keep a small flock of Rhode Island Red hens which supply them with eggs. Last week Mrs. Adkins found an egg which measured 9 1/2 inches around the long way and 7 1/2 inches the other way, and

weighed 5 1/4 ounces. It was laid by a pullet which has been in the habit of dropping double yoked eggs. Anna May Benningfield is a witness and says the young hen is back in production. I don't think she was there when the "extraordinary" event happened. But she guarantees it wasn't a turkey egg.

And then we have another report. A while back Hugh Smith killed a porcupine in his barn, and now he catches one in a steel trap down on the March Ranch quite a few miles away. The animal wasn't hurt too badly and he brought it to town and Bobby Baker has it in a box up at his house. What are these guys thinking about? They are native to the timber country, but how can they get any sap from mesquite or live-oak in Coke County?

And about that roadrunner! She's still on the nest down near our house. Venture down in the Third Ward some time and see for yourself.

P. S. A very likely young man, Bill Head, is in charge of the March of Dimes in this section of Texas. He made a few hurried stops in Coke County, but was always in a hurry to get to a bigger center. The March of Dimes will be promoted again this year by local people without the aid of Mr. Bill Head, who told The Observer at the start that the campaign was well organized in every one of his counties except Coke. He should

devote some time to this area. Coke County gives more than the rest of them per-capita. He should take time to visit Silver and give them his personal thanks.

Mrs. Fred McDonald, Sr. of Bronte underwent an examination last Friday morning at M. D. Anderson Hospital in Houston. Specialists advised against an operation and she was brought back to the Bronte Hospital where she is resting comfortably this week. The patient made the trip to Houston and back in the Clift ambulance.

Paula, 2-year-old daughter of Mr. and Mrs. Robert Vaughan, is recovering from illness which caused her to be hospitalized a few

days the first of the week.

Mr. and Mrs. Ray Stewart of Lamesa and Mr. and Mrs. Virgil Duncan of Big Lake were called here this week by the illness of their mother, Mrs. C. D. Stewart.

Mrs. Bell Parker of San Angelo spent several days last week visiting her children in Bronte and Robert Lee. While here she stopped by to renew her Observer subscription.

ATTENTION FARMERS

T. B. Hicks, who has helped farmers and others many years with income reports will be located upstairs in the court house until about January 23. Those desiring to see him may find him there. — Adv.
