A. B. Sheppard Opens His New Service Station

A. B. Sheppard's new service station opened for business this week. It is located on the highway Y in the northeast part of town, and is accessible to traffic from all directions.

The site was purchased from heirs of the late R. C. Roberts and the former Roberts home was moved off.

The new station represents an investment of nearly \$15,000 and is highly attractive and modern in design. It was constructed by Capps & Casey, Robert Lee contractors.

Space is provided for washing and greasing services, and there

are two sets of pumps to serve the motoring public. Everything connected with the station is brand new.

Mr. Sheppard has signed a contract to handle Sinclair gasoline and lubricants, and will be supplied by the Ballinger distributor.

Joe Ross is a fulltime employee, and Leon Kincaid will work part time and help supervise the business.

A grand formal opening day is planned for some time in February.

E. O. Higgins returned this week to his work at the Gulf Station following a few weeks of illness. He spent some time in Coke Memorial Hospital and is much improved from a back ailment.

Mrs. Travis McNair spent a few days this week with her parents at Marble Falls.

HAVE NEW HOME

Mr. and Mrs. B. B. (Buster) Pierce are now occupying their new modern home in the north part of town, just south of Mrs. Ben Tubbs' residence. The structure has dimensions of 24 x 38 feet with two bedrooms, kitchen, dining and living room and bath. Mr. Pierce will continue his farming operations southeast of town. Mrs. Pierce is on the nursing staff at Coke Memorial Hospital.

Boys and Girls Junior High Meet at Silver

Boys and girls teams from seven schools will take part in the Junior High basketball tournament at Silver next week.

The tourney opens at 7 Thursday night, Jan. 31, when Sterling City meets Silver in a double header.

Other first round contests are scheduled for Friday starting at 6 p.m. when Eola meets Millersview in a girls game, followed by a boys game with teams from the same schools.

Robert Lee girls play Westbrook at 8 p.m. and the boys game follows at 9 o'clock. Paint Rock drew a first round bye.

Second round games will be held Saturday morning, and consolation semi-finals Saturday afternoon. Four contests will take place Saturday night starting at 6 o'clock. They will include both boys and girls consolation and championship finals.

Supt. Paul Ashby and Principal Coach Guy Wheeler will be in charge of the tournament.

Jerome Sheppard has accepted a position as a mechanic in the Baker & Taylor shop at Spearman, where his brother, Bert, is foreman. Jerome left this week to begin his new position and his family will move to Spearman as soon as living quarters are secured. Jerome was formerly employed by Baker & Taylor on a drilling rig.

Coffee Day, Mother's March Set To Boost Funds to Finish Polio Fight

BCD LUNCHEON

A group of 20 were present at the Board of Community Development weekly luncheon meeting Wednesday noon at Varnadore Cafe. The president, Rev. Travis McNair, presided. Reports on finishing the new county park and swimming pool were given by Mayor Cumbie Ivey, Jr. and Commissioner Fern Havins. An interesting address on proposed water conservation was given by O. F. Armstrong, field representative of the State Board of Soil Conservation. He spoke to Bronte high school students in the forenoon and to Robert Lee pupils Wednesday afternoon. Guests included Weldon Patterson of Sweetwater, newly appointed Nolan county auditor, who was here to get some pointers from County Auditor Weldon Fikes. Also Tom Wington, Raymond Schooler and C. E. Arrott, members of the County ASC.

The March of Dimes, designed this year to "finish the fight against polio," is gathering momentum in Coke County.

Lewis Heuvel, chairman of the Robert Lee and Precinct 3 area, says he has received more than \$200 from local business firms. Only \$20 was realized from the benefit basket ball game last week. The crowd was small and half the receipts were required to pay the officials.

FREE COFFEE DAY

Mr. Heuvel states that Friday, Jan. 25, will be MOD Coffee Day at Varnadore Cafe. All receipts from the sale of coffee will be donated to the polio fund.

A similar day has been set for Friday of next week at Froggy's.

MOTHERS MARCH JAN. 31

A far greater response than in previous years is expected to the Mothers March set for Thursday night, Jan. 31. Starting at 7 p.m. the entire community will be canvassed by women taking up March of Dimes contributions.

Family record cards will also be distributed at that time so that each family can keep a record of the dates when the parents and their children receive their first, second and third polio vaccine shots.

Mr. Heuvel is asking all those planning to help with the Mothers March to meet with him for donuts and coffee next Tuesday at 10 a.m. at the Varnadore Cafe.

SILVER CHAIRMAN

C. E. Butcher has been named chairman of the March of Dimes campaign at Silver, instead of Supt. Paul Ashby.

Earl Barnard is chairman of the annual MOD Dance at Silver, the date for this big event having been set for Saturday night, Feb. 9.

Mrs. W. E. Milam is now employed as bookkeeper in the Hoyt-Tyndall men's clothing store in San Angelo. She recently completed a course in a San Angelo business college. Mrs. Milam, daughter of Mr. and Mrs. T. W. Farris, has moved to San Angelo.

A Tribute to a Grand Pioneer Lady

When we buried Mrs. C. D. Stewart on January 19, we closed a chapter in the history of the old west which may well be read by Texans for all time to come.

She lived through and was a part of the transition from frontier life to modern civilization — 1884 to 1957.

Those were rugged days that tried men's souls. People lived out lives of great renown that will command the respect and admiration of generations to follow.

Yet among this worthy group, Mrs. Stewart stands out — a great among the greats. She began the 20th century alone with eight children, a small farm, a rock house and a firm belief in God.

I first remember her then. I knew her through the years. I watched her and took courage from her way of life.

She set a table of good food. She kept her children neat and sent them to school. Hers was a model home; her family was honorable and respected. She never faltered. She never asked for nor received a handout.

We buried her at Edith. She was 91, deaf and blind. A host of children and descendants stood by. They were a fine lot of Americans. It was as she wanted it to be.

Her demise may escape notice, and not long be remembered except by a few. But as time runs on there will be few with courage which adversity can not beat down. This she had.

There will be few who rise to the responsibilities of both mother and father. This she did.

There will be few who give their very all. She fully gave.

There will be none who do more with what she had. She did her best.

Surely the "Great Scorer" will write in the Book just after her name, "Mother, worthy of the love of God."

The story of her life with its countless manifestations of courage, love and grace should be written in detail; but that pleasure is not for me. I cannot think of her objectively.

To me she was faultless; a lovely, noble and kind mother without a peer. — Frank C. Dickey.

RE-ELECTED AT SILVER—Supt. Paul Ashby has been re-elected school superintendent at Silver with a salary increase, and his contract was extended to make it three years. He became head of the Silver school system two years ago.

LOOK!

...more than a car
...more than a truck

LOOK again!

IT'S THE NEW FORD

RANCHERO

HAULS LIKE A TRUCK! No need to hold back on load. Pile it on—the Ranchero packs a greater payload than many standard pickups! Power aplenty, too—Short Stroke 144-hp Six or either of two Short Stroke V-8's, up to 212 hp. Fordomatic or Overdrive at extra cost.

HANDLES LIKE A CAR! Ball-joint front suspension—first time on any pickup—gives true passenger-car ride. Cab interior is exactly like that of the '57 Ford Ranch Wagon. Power steering, power brakes, power seat and power windows available at extra cost.

Looking at the boldly modern styling of the new Ford Ranchero, you may find it hard to believe that it's actually a man-sized truck. But, you'll find there's a lot of heft behind the glamour.

It carries more than half a ton. That's more capacity than many standard pickup trucks offer you. Loading height is less than any pickup. No matter how you look at it, the new Ford Ranchero is a real workhorse.

And it's a show pony, too! The Ranchero looks, rides and handles like a passenger car. Its low, crisp lines have a wonderful way of saying how progressive you and your company are.

The new Ford Ranchero is surprising in many ways. Never has so much style and luxury been packed into so rugged a vehicle at such a low price.

There is a correction to be made that appeared in last weeks news. Marsha Dodson is in Mrs. Byrd's class.

The fifth grade posters were valentines. They have seen several movies. Robert Holland moved last weekend to San Antonio. They are decorating the room for the coming semester.

The third graders are making a complete study of Eskimos. They are also having a display on the bulletin board.

Mrs. Eastland's second graders are proud of the great percentage that have learned the word that they have been studying.

NONE HURT IN EXPLOSION AT SILVER PLANT

An explosion and fire in Sun Oil Company's Jameson Natural Gasoline plant at Silver last Friday evening did considerable damage, but no one was injured.

The explosion occurred about 6 o'clock in the west end of the compressor building when the huge No. 1 compressor blew out a gasket. The explosion tore off a portion of the roof and fire caused considerable damage to the \$150,000 engine.

O. L. Snyder, operator in charge of the shift, with aid of other employees, shut the plant down immediately and the blaze was extinguished by fire fighting equipment on hand.

The Robert Lee fire department responded to a call for help, and used water to cool off the heated machinery and pipes.

Gas is handled in the plant under a pressure of more than 800 pounds. It is fortunate that no one was in the building when the explosion occurred, although Elmo Hargis had passed through that area only minutes before.

J. C. Furr and Eddie Byrd were eating their evening lunch in an adjoining control room when the blast occurred. Neither was hurt. T. W. Lyle, another operator, was just entering the yard from a trip to check re-pressuring plants out in the field.

Supt. John Shimer and Plant Foreman J. D. Gilbert were called from their homes to take charge of the emergency. With the plant shut down, homes in the Sun employee camps were without gas until some time the following day.

John E. Walke and H. P. Pew, Sun executives from Dallas, drove out to Silver during the night.

All of the equipment except one compressor was back in operation Sunday and the entire plant was running normally.

Commissioner and Mrs. Ed Hickman motored to Killeen for a weekend visit in the home of their son, Ed F. Hickman, and family. They report pretty fair crop conditions in that area.

SMALL TALK

By A. J. K.

Last week turned out to be quite an important period for me. After getting to see the President at San Angelo on Monday, we had the pleasure of seeing and hearing Gov. Price Daniel later in the week.

Mrs. K. and I went to Austin Friday to attend the mid-winter convention of the Texas Press Association, and it proved to be a highly interesting event.

Friday night members of the legislature were invited for an informal gathering and buffet supper. We had the opportunity to visit a while with our representative, A. J. Bishop of Winters. Senator Dorsey Hardeman was not present. Bishop is one of the youngest members, but he's been down there a couple of sessions and knows his way around by now. He's pretty serious and will give the job his best efforts.

One of the Saturday morning speakers was our new Attorney General, Will Wilson. He is a popular official and gives every indication that he will make good in this important office. You remember, he resigned last year as a Supreme Court Justice to run for Attorney General.

Highlighting the luncheon at noon was an address by Gov. Price Daniel, who had been inaugurated earlier in the week. Gov. Daniel has lots of friends among newspaper people, since he is in the business himself and is part owner of the Vindicator at his home town of Liberty.

Gov. Daniel urged the press group to get behind his program for the next two years. He asked particularly that they support his proposals for a law enforcement commission, a greatly expanded water conservation program, a revised traffic safety program and more money for teachers and schools.

Gov. Daniel and his charming lady were hosts to the press at a reception at 4 p.m. at the gover-

nor's mansion. They had just moved in a couple of days before, but the place is furnished throughout and they didn't have to bring anything along except personal belongings.

The mansion is quite a wonderful place in spite of the fact that it is 100 years old. It is well furnished, too, with thick carpets, heavy mahogany furniture, paintings, etc. The Governor and his family reside on the second floor where they have their own dining room. There's a long flight of stairs going up there.

The mansion is open to visitors on certain daily schedules.

Saturday night's closing banquet was featured by an address by William T. Rafael of New York City, a director of Crusade for Freedom and Radio Free Europe. His remarks were highly interesting. While the efforts of these organizations have been effective in getting countries behind the Iron Curtain from accepting Communist propaganda, he said they had discouraged the recent Hungarian revolt.

Violet and I enjoyed our trip to Austin. We saw a number of old friends and made some new ones.

The legislature is getting off to a rapid start. Price Daniel has the opportunity to prove himself a great governor. We believe he will.

Back in the hospital this week is John Allen, who has a recurrence of a heart ailment.

GETS BURNED SERIOUSLY

O. L. White, Sun Oil Co. employee, is being treated in the Colorado City hospital for serious burns received Sunday morning in a fire at the garage at his home in Tubb Camp.

The burner of a water heater is thought to have ignited gasoline fumes and caused an explosion. Although badly burned Mr. White ran outside and moved a pickup truck from the driveway, while his wife drove the family auto out of the garage before it was damaged.

J. D. Gilbert arrived quickly with a hand extinguisher and put out the blaze with the assistance of other residents of the camp. Interior of the garage was charred.

Mr. White's burns extended over one hand and wrist in addition to his face and neck. It is thought they may be second or third degree burns, but the seriousness of his wounds will not be known for a few days, the attending physician said.

White resides in one of the company owned houses in Tubb Camp at Silver. He is an operator at Sun's gas plant in the Millican field west of Edith.

Linda Skrabanek and Patricia Conner, who have been attending high school in Colorado City, will transfer to Robert Lee High School starting next Monday. Both are sophomores.

Betty Gilbert, daughter of Mr. and Mrs. J. D. Gilbert, was treated a couple of days last week in St. John's Hospital at San Angelo for a light attack of appendicitis.

Bob Edwards, Jameson gasoline plant chief clerk, will attend a regional meeting in Dallas the latter part of the week. His wife and daughters accompanied him to Dallas and will go on to Henderson to visit kinfolks.

Paul Gilbert, chief clerk in Sun's production office, will also attend the Dallas meeting and plans to go on to Shreveport to visit his father.

Perry Post has been off duty the past few days because of illness. He is a repairman at Jameson natural gasoline plant.

Members of the Silver Lions Club will entertain their ladies at dinner next Tuesday night. The program will be featured by a visit from the deputy district governor, Walter Rogers, of Colorado City.

GET POLL TAX RECEIPTS

Again this year Bob Edwards is issuing poll tax receipts from his office at Jameson gas plant. He reports 25 receipts had been sold up to Tuesday, but anticipated more interest from now until the Jan. 31 deadline. Poll taxes lag as a rule during off-election years, but interest this year is caused by the special U. S. Senator election called for April 2nd.

WILKES — Mr. and Mrs. Carroll T. Wilkes (Amanda Jane Scoggins) are parents of a son born Jan. 7 at St. John's hospital in San Angelo. He weighed 9 pounds, 11½ ounces and has been named David Eugene. He has a brother, Rickey Carroll, 2 years old. The father is employed by Ernest Clendennen portable welding service here. Grandparents are Mr. and Mrs. C. T. Wilkes, Sr. of Silver and Mr. and Mrs. W. B. Scoggins of Millersview.

Mr. and Mrs. Randy Sausser are recent parents of a new daughter, according to word received by friends here. Former residents of Silver, Mr. Sausser was transferred to Dallas by Sun Oil Co. two years ago.

Mr. and Mrs. Chas. Crowson, Jr. were Saturday guests in the home of Mr. and Mrs. Jim Merziman at Midland.

Silver 8th grade team won the only victory when four Lakeview junior high teams played in Silver Monday night. Losing to the visitors were the 7th and 9th grade clubs and the girls team.

Sun Pipeline Co. reports transfers of two employees effective this week. James T. (Jake) Hays, assistant gauger, was transferred to Snyder, while Wm. B. Fawvor, r. goes to Sour Lake as a radio technician trainee. The Fawvors will be honored with a covered dish supper at Sun Recreation Hall at 6:30 Friday night, while Mr. Hays and his family will be guests of honor at coffee at the Rec Hall Saturday morning from 9 to 11 o'clock.

MARCH OF DIMES

C. E. Butcher has taken over as chairman of the March of Dimes campaign, instead of Supt. Paul Ashby, who served in that capacity last year. A benefit basket ball game and other events have been planned to help the Polio Fund.

Earl Barnard, clerk in Sun's production office, is chairman of the annual March of Dimes Dance which has been set for Saturday night, Feb. 9.

Home Demonstration Club Activities

MRS. A. J. ROE, JR., H. D. Agent

I enjoyed a meeting with the Diversity club of Bronte last Thursday evening. The program I gave was "Food for Thought." I made and served a "one dish" meal along with the refreshments served by Mrs. O. R. McQueen. Mrs. Claude Word is president of the club.

If minerals accumulate in your steam iron try this: Put a mixture of vinegar and water (half and half) into the reservoir. Heat for about 30 minutes at 300 degrees F. (Rayon setting). After the iron cools, flush the reservoir several times with clear water.

The semi-tailoring class met for the second day Tuesday. We took measurements, did pattern alterations. There were six leaders and two visitors present. The days are so short it seems we hardly get started until it's time to go home.

Monday, Jan. 28, will be a busy day for Coke County people! All members of the families are taking part in the show, including Home Demonstration members, FHA and 4-H club groups. They don't expect too many exhibits this year, but we hope to have a lot next year and have judging. This year pretty pink ribbons will be given each person who has an exhibit. Be sure to stop at the American Legion Building which is just west of the park and view the work being done by the ladies and girls of the county.

Be sure to drop by the concession stand while you are at the Livestock Show for your lunch and in between cups of coffee Monday. As usual, the HD ladies will have plenty of home made pies, candy, hot dogs, sandwiches, Cokes and coffee.

Officers Named By Garden Club

Members of El Valle Garden Club met Wednesday afternoon of last week in the home of Mrs. J. S. Ferrell, with Mrs. Marvin Simpson as co-hostess. Program leader was Mrs. W. J. Cumbie.

Mrs. Cumbie Ivey, Sr. reported on Garden Hints for January.

Displaying Valentine arrangements were Mrs. B. A. Austin, Mrs. Paul Good and Mrs. W. T. Roach.

Mrs. Travis McNair gave an

interesting talk on "Evergreen Shrubs for Permanence."

The following officers were elected for next year:

President, Mrs. Frank McCabe.
1st Vice-Pres., Mrs. H. C. Allen.
2nd Vice-Pres., Mrs. Cumbie Ivey, Sr.
Secy-treas., Mrs. J. S. Ferrell.
Corres. secy, Mrs. Paul Good.
Delegate to District Convention, Mrs. J. S. Ferrell.

Sixteen members were present.

T. B. Hicks of Hollywood, Mex., is here for a couple weeks helping old friends with their income tax reports. A former Coke County Agent, Hicks moved to New Mexico years ago where he is connected with a feed and seed company and continues to work with the groups.

Only 10 Per Cent Texas Persons Under 20 Years Have Been Given Polio Shots

Austin, January 17—Quickening concern over lagging polio vaccinations was in evidence this week as state health authorities reported just slightly over 10 per cent of the Texas population under 20 years of age has received the full course of three shots.

"And the start of the 1957 season is just a brief three months away," State Health Commissioner Henry A. Holle reminded.

The polio season usually begins in mid-April in Texas.

Dr. Holle predicted the relative number of cases among teen-agers and young adults would steadily increase because many persons in these age groups discount the possibility of falling victim to the disease and thereby fail to take the protective shots.

"The facts are that about 29 per cent of all polio cases last

year occurred among persons over 15 years old," the commissioner said. "Moreover, polio among persons of these ages is more highly fatal than it is in younger ages."

Dr. Holle said "fair" progress has been made in vaccinating infants and youngsters of grade school age, but that unless high school and college students quickly avail themselves of protection through vaccination, "the heaviest percentages of future cases will affect them."

He said the vaccine is now in plentiful supply, "but it doesn't do any good in the bottle." National vaccine supply sources have indicated that enough of the protective fluid is on hand to vaccinate anyone desiring it, regardless of age.

As the year ended, a total of 732

cases of polio in its paralytic form had been registered in Texas for 1956. Of that number only 48 were reported as having received at least one shot. Only two had received all three shots.

Dr. Holle also appealed to parents of children who had received one or two shots to be sure the youngsters completed the third shot on schedule.

"The vaccine may give over 90 per cent protection when all three shots are administered as recommended."

The recommended sequence calls for the second shot to be given a month after the first, and the third shot seven months after the second.

The commissioner called for a concerted drive throughout the state to get "all Texans—from infancy to maturity and beyond" to begin the three-shot series at once.

"It is a major medical miracle that so many people have been vaccinated in such a short space

of time, but we cannot rest on that laurel with less than 10 per cent of the job done and with another polio season coming up," the commissioner said.

Coke Poll Tax Payments Slow

The Jan. 31 deadline for paying Poll Taxes is drawing near and unless people show more interest during the next few days, Coke County's list of eligible voters is going to be smaller than usual. Up to Wednesday noon only 459 Poll Tax receipts had been issued in the office of Paul Good, tax assessor-collector. The figure of 800 is normal for off-election years, but indications are the number will be less this year.

Voters should keep in mind that an important special election has been called for April 2 when a new United Senator is to be elected. Robert Lee has no city election this year, but the annual school trustees elections are always important.

Mrs. Curtis Walker is much improved at Coke Memorial Hospital where she has been a medical patient the past ten days.
