He had to his credit 20 years as a trustee in the Pecan school district and was on the county board for 18 years. He is the proud owner of a 50 year pin for membership in the Masonic Lodge at Robert Lee.

Mr. Millican is a member of Pecan Baptist Church and has served many years as a deacon.

Light Vote Expected in Coke County For Runoff Election on August 23rd

SERVED AT LACKLAND

James Haralson recently completed 15 days of active duty as an officer in the Air Force Reserve. He has been promoted from 1st lieutenant to captain. His training period was spent at Lackland AFB near San Antonio and Mrs. Haralson went to San Antonio to be with her husband the last week.

Capt. Haralson served in Korea and was stationed in Japan when the Korean conflict ended. Mr. Haralson is a soil conservationist and is employed here on Coke County Soil Conservation District projects.

4-H Club Boys County Camp

Eighteen 4-H Club boys from over the county along with several parents and the extension agents, spent Friday night camping in the hills south of the old Lometa School House.

The camp, which is intended to be an annual affair, began on a high note with a barbecue supper provided by the hosts, Mr. and Mrs. Bert Blaylock. The group kept the hills lively with their mountain climbing, swimming, fox calling and game playing until they broke up after the noon meal on Saturday.

Boys attending the camp from the various clubs were as follows: Joe Holt, Jimmy Arnold and Donald Dukes, from Silver; Larry, Davy and Jackie Corley, Dee Arrott, all from Tennyson; Malcom Johnson, Bronte; Ray Roe, William Ray Hood, Kenneth Wink, Robert Wink, Darrell Pitcock, Gaylon Pitcock, Lloyd McDaniels, Ronald Hester, Benny Boykin and Bobby Blaylock, all of Robert Lee.

The group was accompanied by Leslie Wink and Ted Pitcock, Sanco; Pat Johnson, Maverick; Bert Blaylock, Game Warden Glenn Crook and County Extension Agents Ray Sims and Sterling Lindsey.

Saturday's runoff primary in Coke County will be more exciting than in many other places. While there is a state-wide runoff for a supreme court judge, Coke County also has races for justices of the peace in both Precinct 1 and Precinct 2.

In Precinct 1 (Robert Lee, Silver, Sanco) the candidates for JP are E. C. (Doodad) Davis and Roy P. Ross. Neither filed earlier in the year but their names were written in at the July 27 election.

They were the two high vote getters, but neither received a majority of the votes cast because P. E. Mahon also got some write-in votes. Mr. Davis and Mr. Ross paid filing fees to the Democratic County Executive Committee and got their names printed on the runoff ballot.

In Precinct 2 (Bronte) a nomination was not made in the first primary because nobody received the required more than 50% of the votes cast. Two high in a five-man race were George Wrinkle and J. T. Liles who are opposing each other in Saturday's runoff.

For associate justice of the supreme court, Place 1, Robert W. Hamilton is opposed by J. Edwin Smith of Harris County.

Only four voting boxes will be used in the runoff election, two in each of the precincts where justices of the peace are to be nominated. They are Robert Lee and Silver in Precinct 1 and Bronte and Olga in Precinct 2.

All other qualified voters will be permitted to cast their ballots at any of these polling places, and they may also vote in nearby boxes in adjacent counties.

Voters residing in Precincts 3 and 4 will be handed ballots which do not carry the justice of the peace candidates. Polls will open at 8 a. m. and close at 7 p. m. Election boards will be reduced in size, since a small vote is expected. Nineteen applications were made for absentee ballots, 12 in Precinct 1 and seven in Precinct 2.

COKE SOIL CONSERVATION DISTRICT NEWS
Present Supervisors —
C. N. Webb, chairman; Robert Walker, Vice Chairman; D. K. Glenn, Secretary and Treasurer; Bryan Yarbrough and W. E. Burns.

Now is the time of year when farmers and ranchers in the Coke Soil Conservation District are beginning to make plans for fall seeding of small grain crops. Small grain is one of the major crops grown in the district and one of the most adaptable and valuable. In addition small grain serves as a dual purpose crop providing winter grazing and when moisture conditions are good a cash grain crop.

Small grain also provides needed cover for soil protection and improvement during the critical spring blowing season.

Many landowners and operators are finding that a winter soil improving crop such as Winter Peas or Vetch interplanted with small grain is a paying proposition in that when properly inoculated these winter legumes will add much needed nitrogen and organic matter in turn increasing yields and providing a higher quality of forage for grazing. For additional information concerning the planting of winter soil improving crops contact your local Soil Conservation Service offices located in the County Court House, Robert Lee, Texas.

Equally important in seeding small gain crops is the seed bed preparation. The practice of Stubble Mulching or leaving the stubble of the preceding crop on the surface is very beneficial from the standpoint of providing cover to help prevent wind and water ero-

County Agents News Column

By Sterling Lindsey

We seem to miss on the rain, but that does not apply for all of the insects. Flea Beetles have moved in, in large numbers in Robert Lee. I have a good supply of them in my yard, there are lots of them in the grass on the Courthouse yard and I have seen them in other lawns in the area. If you have a maize patch that is heading, be on the look out for them. They can ruin a crop in a hurry, particularly when the crop is short on moisture already.

Flea beetles are oval shaped, about the size of a pin head and are shiny black in color. They suck the sap from plants and cause it to have a bleached or pale appearance.

They can be controlled with a 5 percent DDT spray or dust, 5 percent Rotenone spray or a 2 percent Toxaphene spray.

Since we have mentioned maize, if you are out Friendship way, take a look at W. B. Robertson's patch. He has some maize and cotton, both of which look very good for this year.

Even though it is dry, it is time to be thinking about winter grazing. The specialists say that it is

better to dry plant when planting time comes than to wait until it rains. If the seed are there when rain comes, they will develop into grazable plants much sooner than they would if you wait for rain, also, earlier plants normally will have deeper roots when cold weather hits and will produce grazing longer into the winter.

With moisture so scarce, speaking of ponds and fish may be of little interest to you, but we do have a new, very fine bulletin available on farm ponds. If you are a pond owner or fisherman of any degree, the bulletin should be of interest and value to you. Drop by the office or call us if you would like a copy.

If you have not applied for your Federal Gasoline tax refund now is a good time to do so. You still have about 40 days in which to apply, but they will pass rapidly. Give us a call if you need a form on which to make application or need assistance in completing your application.

Mr. and Mrs. Sam Jay recently took a vacation from their city offices of water superintendent and city secretary. They mad a trip to Van Alstyne to visit Mr. Jay's father and were accompanied by grandson, Benjie Jay, and their nephew, Drexel Skipworth.

LOCATED IN IDAHO

Dear Kirk:

We are finally located in our new home here in Idaho. We just moved up here this week from Denver even though I took the job several months ago. Filer is a town of 2,000 just outside of Twin Falls (21,000). We have a nice home and the school system is really nice. The people here are like Texas people, nice and easy going. Not like the big city type, such as those we found in Denver this summer.

We haven't been getting the Observer this summer, and we really miss it. Enclosed is \$3.00 to keep it going another year.

Tell everyone hello, and that we still think of them. — Yours truly, Keith B. Farris, Box 696, Filer, Idaho.

HOUSE JOINT RESOLUTION NO. 17 proposing an amendment to Article XVI of the Constitution of the State of Texas, by adding thereto a new section to be known as Section 66, to provide that the Legislature shall have authority to provide a system of retirement and disability pensions for retiring Texas Rangers and their widows; stating the maximum of such pension; and providing a fund from which such pensions may be paid.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article XVI of the Constitution of the State of Texas, shall be amended by adding thereto a new Section 66, to read as follows:

"Section 66. The Legislature shall have authority to provide for a system of retirement and disability pensions for retiring Texas Rangers who have not been eligible at any time for membership in the Employees Retirement System of Texas as that retirement system was established by Chapter 352, Acts of the Fifty-fifth Legislature, Regular Session, 1947, and who have had as much as two (2) years service as a Texas Ranger, and to their widows; providing that no pension shall exceed Eighty Dollars (\$80) per month to any

tion assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cents (75¢) tax. The Legislature shall provide for transfer of title to properties to the district.

"(b) The Legislature may by law permit the County of Potter (in which the City of Amarillo is partially located) to render financial aid to that district by paying a part of the expense of operating and maintaining the system and paying a part of the debts of the district (whether assumed or created by the district) and may authorize the levy of a tax not to exceed Ten Cents (10¢) per One Hundred Dollars (\$100.00) valuation (in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the time such levy is made for such purposes. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the county.

"(c) The Legislature may by law authorize the creation of a hospital district within Jefferson County, the boundaries of which shall include only the area comprising the Jefferson County Drainage District No. 7 and the Fort Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with the power to issue bonds for the sole purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax of not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars (\$100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

The creation of such hospital district shall not be final until approved at an election by a majority of the resident property taxpaying voters voting at said election who have duly returned their property for taxation upon the tax rolls of either said Drainage or said School District, nor shall

such bonds be issued or such tax be levied until so approved by such voters.

"(d) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held on the first Tuesday after the first Monday in November, 1958, at which election all ballots shall have printed thereon:

"FOR the constitutional amendment authorizing the Legislature to create a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas, and authorizing Potter County to lend financial aid to and participate in the operation of said Hospital District, and further authorizing the Legislature to create a countywide Hospital District in Wichita County, Texas, and Hospital Districts in Jefferson County, Texas."

Building Activity Picking Up Here; School Supt. Coalson Moves to Ranch

Considerable building activity has been under way in the Robert Lee area according to a report made by Brown Lumber & Supply, building material firm.

A new modern 2-bedroom home has been completed by Mrs. E. S. Hammings on her three-section ranch west of Edith. It is to be occupied by her niece, Mrs. Frank Coalson. Mr. Coalson is superintendent of the Robert Lee school system and his wife is one of the teachers. The couple and their son, Durwood, have moved to the new home. They vacated one of the five nearly new teachers residences built by the school district.

E. C. (Doodad) Davis has completed a 22-foot addition to his home on the highway which oper-

ates under the trade name of Froggy's Hamburgers. New booths and tables have been installed and seating capacity has been increased from 24 to 40.

The place has been remodeled throughout and both the inside and exterior have been redecorated. The cafe was closed for a few days but reopened for business Wednesday.

W. W. (Bud) Thetford, Democratic nominee for Coke County Judge, has purchased the Cortez Harmon residence two blocks from the school house. A three-room addition is being built and other improvements are under way. Mr. Thetford has resigned as a teacher in the Bronte school system and will move to Robert Lee with his family by Sept. 1.

Franky Percifull has completed a new barn on his farm five miles south of Robert Lee. The structure has dimensions of 16 x 44 feet and was built of tile. It will be used largely for grain and feed storage. Brown Lumber & Supply is furnishing material for a remodeling job at the home of Editor Jack Douthitt in Sterling City. Capps & Casey are doing the work.

Some FHA and GI home building is in prospect for Robert Lee in the near future.

Bobby Walker returned last week to resume his army training at Fort Carson, Colo. He was accompanied by his wife and they have an apartment at nearby Manitou Springs.
