Road Bonds Lose In Close Election

New Automatic Laundry Opens Here This Week

A new business enterprise opening in Robert Lee this week is the automatic self-serve laundry owned by Mr. and Mrs. Woodrow Gardner. It will be known as E-CON-O-WASH, a trade name adopted by the manufacturers of Speed Queen laundry equipment.

The business is located in the west end of the Texaco service station, a large room that was formerly occupied by a cafe.

Twelve coin operated washers have been installed in addition to four large dryers. Washers are operated at a cost of 20c, while 25c is charged for the drying operation. A coin changer has been installed for the convenience of patrons.

Air conditioning will make the laundry room comfortable during hot weather and there is plenty of room for parking. The place will be opened 24 hours a day every day in the week, Mr. Gardner says.

Friday, May 1, has been designated as free wash day when everybody is invited to come in and turn out a wash free of charge.

Steers Win Two In Loop Game

Robert Lee high school Steers defeated Bronte and Miles the past week to make it three straight in District 20B base ball competition. Robert Lee won from Bronte 28-1 here Thursday and gained a 9-0 victory at Miles Tuesday.

Lefty Paul Tinkler hurled the Bronte runaway, being stingy with hits and striking out 15 batters.

His brother, Jerry, high school senior, gave up only one hit at Miles and fanned 12. Robert Lee got six hits, including a triple by Catcher Richard Sims.

The Steers have completed the first round of play without a defeat. They start the second round against Norton Friday, with the contest scheduled for the Norton field.

County Judge W. W. Thetford and Commissioner Fern Havins were in Mineral Wells last week attending a convention of the West Texas County Judges and Commissioners Association.

Precinct 1 voters favored a \$150,000 bond issue in Saturday's special election by a majority of 237 to 125. But returns lacked 14 votes of carrying the bonds which require a 2 to 1 majority.

Here's the result by voting boxes:

	For	Against
Sanco	1	29
Silver	8	39
Robert Lee	228	57
Total	237	125

The vote was lighter than expected with only 362 ballots being cast, while 471 poll taxes had been paid in the three boxes. However, only qualified voters who render property for taxation were eligible to take part in the election. Many persons who do not own real estate are not assessed on their personal property holdings.

Robert Lee's vote was an even 4 to 1. Naturally the issue should have been favored here, since the bonds were to have been used mainly in paving city streets.

The Sanco vote was about as expected, while most Silver residents kept hands off. Silver has 126 paid poll taxes this year.

Indications are that petitions will be circulated again to call another election in the near future. A checkup early this week showed that at least 25 and possibly 50 qualified voters in the Robert Lee voting precinct failed to cast a ballot although they were for the bonds.

DEATH OF PAT COWAN
Patrick Cowan, former Robert Lee resident, died last week in San Antonio of a heart attack. His father, the late George Cowan, owned and published The Observer for many years and Pat spent his boyhood here. He was in the printing business in San Antonio and came by Robert Lee a couple of years ago to renew old acquaintances and visit the scenes of his boyhood. Only survivors of the Cowan family are Nellie, Mary and Ramsey, all of who reside in California.

MRS. JOHN WOODWARD was the former Zeldia Caraway of Robert Lee before her marriage April 18. The couple will reside in Sweetwater. Mrs. Woodward's resignation as assistant cashier of Robert Lee State Bank will become effective the end of May.

BCD LUNCHEON
Ben Alfred Boykin and his father-in-law, Charles Lucas, were guests at the Tuesday luncheon of the Board of Community Development at Varnadore Cafe. Mr. Lucas and his wife have been here several months and will return soon to their home in Australia. Mr. Lucas made a number of interesting remarks to BCD members about his wonderful country. The group discussed angles of the close road bond election and sentiment seemed to favor calling another election in the near future. It was pointed out that a number of qualified voters neglected to go to the polls, although they favored the proposition.

Mayor Speaks On Problem of Vacant Lots

Mayor W. D. McAdams spoke on the vacant lot problem in Robert Lee at El Valle Garden Club's program April 22. Mrs. J. C. Snead, Jr. was program leader.

Reports of the flower show were given by committee chairmen. Invitations were read from Ballinger, San Angelo and Abilene clubs to attend flower shows and visit gardens in those cities.

Sandwiches, cookies, nuts and candy were served from a tea table with yellow linen covering and crystal and silver service pieces. The centerpiece was of yellow and white irises. Mrs. Marvin Simpson poured coffee.

Hostesses were Mrs. J. S. Ferrell, Mrs. H. S. Lewis Sr. and Miss Carole Hooper.

Mr. and Mrs. Fern Havins and Mr. and Mrs. Wesley Watson returned Monday from Kerrville where they were called by the critical illness of their brother-in-law, L. W. Welch. He underwent a major operation Monday morning after a five weeks illness. Mrs. Welch is the former Ruby Bessent.

L. H. Blankenship has purchased another Brown residence in the same addition, being Lot 22. The two-bedroom home was redecorated before the Blankenship family occupied it a few weeks ago. They vacated one of the Millard Meek houses.

Bruce Allen and his family are now occupying the place on North Austin street recently purchased from Mrs. Nellie Simpson.

Dale Brown sold his attractive small residence in the north part of Robert Lee to Hershall Hall. Bennie Rogers, Humble employee, bought the former Jack Waide residence in Riverview addition. It had been sold to the Church of Christ and was used as a parsonage.

RABIES SITUATION

Several people have asked when they may turn their dog or cat loose, having reference to the 30 day imposed quarantine period during the rabies control program. The 30 days restricted period has expired and persons desiring to do so may release their pets.

The rabies situation has improved sharply during the last month. Only two rabid acting wild animals have been reported to me during that period. It is too early to say the threat is over since animals may carry the disease several months before it becomes active, but the decrease in suspects certainly is encouraging.

COYOTE TRAPPED

Several ranchers in the Edith area must have breathed a sigh of relief early last week when Mr. Elliott, the government trapper, brought in a coyote taken in that area. The coyote was an old one and is believed to be the one that has caused so much damage in that area the past few years.

Five thousand dollars would be a modest estimate of the losses he has caused during the last five years. Several hundred lambs have been found that were believed to be killed by this particular

coyote. In addition, countless pounds and baby lambs must have been lost when he made his forages on the sleeping flocks, scattering and exciting them.

DISTRICT CONTESTS

Several Coke County 4-H club members participated in the District judging contests held in San Angelo recently. Top winning teams were the Jr. and Sr. soil judgments teams. William Ray Hood, Robert Wink, C. L. Sparks and Doyle Robertson of the Robert Lee 4-H Club made up the first place team in the Junior Contest. William Ray, C. L. and Robert were the three high individuals of the contest, placing in the order listed.

The Senior Soils team also won first place and will attend the State judging contest at College Station on June 10. Team members were Kenneth Wink, Robert Lee; Donald Spiller and Eddie Glenn, Bronte; and Dee Arrott of Tennyson. Eddie, Kenneth and Donald were the top three scorers in the order listed.

Jerry Burson, D. E. Moore, and Mike Krall of Robert Lee participated in the Junior grass judging contest, placing third. Jerry was fifth high Junior grass identifier.

The Senior grass team and the Jr. electric demonstration team made satisfactory scores but failed to place in the top three. Pat Wilkes, David Lindsey, Douglas Wilkes of Silver and Malcom Johnson of Bronte made up the Sr. grass team. Pat Wilkes was

5th high individual of the contest. Gary Knapp and James Calder were members of the electric demonstration team. They found heavy competition in their division.

County Agent Sterling Lindsey left Monday on a judging trip of Rural Neighborhood Progress projects in District 7 which is composed of 22 counties in this section of West Texas. He expects to return Thursday evening.

Roscoe Blantons of Brownwood have a daughter born April 15. They also have two sons. The grandmother is Mrs. Roxie Blanton, the former Leah Powers. The new baby is a great-granddaughter of Geo. F. Powers of Edith.

Young Knife Slayer Draws Life Sentence

Willie McDade, 17, of Odessa was sentenced to life imprisonment in Robert Lee Wednesday afternoon of last week after pleading guilty of murdering Louis (Shorty) Canada, a San Angelo milk route salesman, Oct. 24.

His companion, Roosevelt Wiley, 26, also an Odessa Negro, was sentenced to death by a jury in 72nd District Court at Lubbock March 11 in the same killing. A ruling will be handed down within 10 days on his motion for a new trial.

According to testimony, the pair flagged down the milk truck driver on Highway 87 between Water Valley and Broome after their stolen truck ran out of gas. They then stabbed the driver numerous times, took about \$1,000 from his pockets and threw his body in heavy brush.

They were arrested at Big Spring shortly after police found the abandoned milk truck near there. Wiley was tried at Lubbock on a charge of venue.

McDade was 16 at the time of the murder and court action was delayed until he was 17 — eligible for prosecution as an adult. Because he was a minor at the time of the murder, however, the law sets maximum penalty at life imprisonment.

McDade was the only defense witness. He told the court in his plea for mercy, that he was one of 14 children and was forced to quit school in the eighth grade. He said no member of his family had visited him in jail since his arrest. The youth also told of three trips to the State Training School at Gatesville for running away from home.

The jury began deliberations about 5 p. m. and returned with their verdict 25 minutes later. McDade waived appeal and requested immediate sentencing. Judge Joe L. Mays presided.

Members of the jury were Miss Inez Gartman, Robert Lee; A. R. Bagwell, Robert Lee; T. B. Childress, Robert Lee; Steve Badley, Bronte; Bob Cavin, Bronte; C. E. McGuire, Bronte; George Wrinkle, Bronte; Artell Roberts, Robert Lee; John Gaston, Tennyson; Johnnie Hollis, Silver; and Fred Lee Roe, Robert Lee.

The young Negro is being held in Coke County jail, and will be taken to the penitentiary next week, according to the statement made yesterday by Sheriff Paul Good.

Wylie's lawyers were turned down in their efforts to get him a new trial. The case will be reviewed by the supreme court before date for his execution will be set.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

Austin, Tex. — With just about three weeks left in the regular session, legislators will be under much pressure — to do many things and do them fast.

Each day that passes without agreement on financial matters heightens the possibility of a special session as soon as this one ends.

Many measures will be trampled under or pushed aside until '61. But as Speaker Waggoner Carr told the house, the problem of raising some new money "won't go away. It has to be faced."

NO EASY OUT — Like every other tax proposal made this session, the huge "something for everybody" omnibus tax bill recommended by the House Tax Committee brought howls of protest.

It would raise an estimated \$151,000,000 a year by raising some old taxes and placing new taxes on hundreds of items. Tabbed for increases are natural gas, motor vehicles, cigarettes, liquor, wine, beer licenses.

New targets include hotel rooms, restaurant meals, cigars, chewing tobacco, snuff, aircraft and auto parts, dozens of luxury items (jewelry, furs, cameras, watches, silver, etc.) radio and

TV parts, business machines, commercial rentals, club dues, construction materials, dance studios, reducing salons.

Officially, the bill is known as the Tax Committee substitute for H. B. 727. Unofficially, it's called a lot of other things.

House members showed no more eagerness to rally behind this broad-based approach than they had for Gov. Price Daniel's less "spread out" plan.

GIVE LITTLE, TAKE LITTLE

—Two appropriations bills of varying sizes have been passed by the House and Senate. Differences will be adjusted by a conference committee of members from the two houses.

Both bills call for spending nearly \$2,500,000,000 during the next two years. House bill is slightly larger. It calls for approximately \$333,000,000 from general revenue. Senate would spend only \$307,000,000 in general revenue.

To satisfy both houses, the conference committee will try to reach a compromise between these two figures. However it's worked out, it's already clear that spending will considerably exceed the \$281,000,000 spent from general fund for 1958-59.

4TH GRADE FIELD TRIP

Miss Violet Brown's fourth grade went to San Angelo last Thursday on a field trip. We visited Gandy's creamery, Angelo Pet Shop, and Mead's bakery. We enjoyed a picnic lunch in the park. Going with us were our teacher and Mrs. Mathers, Mrs. Higginbotham, Mrs. Clendennen and Mrs. Paul. We all had a good time.—Gene Sorrells, Secretary.

IT WASN'T RABIES

One of the funniest things to happen at Silver recently occurred at the Leslie Copeland home a Perkins-Prothro Camp. Nita Copeland was seated on the front steps of her home putting little Bert's shoes on when she looked up to see a kitten coming towards her foaming at the mouth and acting very sickly.

Instinctively she picked up the baby and put him in the car which was parked in the drive. Looking around she discovered the kitten to be her own. Knowing the kitten had received rabies shot, all kinds of thoughts ran through her mind.

"This can't be happening. What should I do first? Keep calm so it won't try to bite me. Try to get it in the garage so other children won't be hurt. Don't say anything to anyone until Les comes in from work and let him call the vet and see what to do."

The next hour was spent in agony wondering if any of the other children had been near the kitten.

Not being able to stand the suspense, Nita went to the home of Zeddie Beal to tell them about the cat and that Lynn, their 7 year old son, had been playing with it. Upon this information Ruth Beal called Lynn into the house and asked him what he had done to the cat and if it had acted all right when he was playing with it.

Lynn informed the mothers that the cat had been fine and he had had fun taking an old toothbrush and using a green toothpaste, he had decided to give the cat's teeth a good brushing.

The toothpaste began to foam and the cat naturally swallowed some of it and got sick, and upon seeing the cat, Nita mistook the toothpaste for rabies. Great was the relief of her two mothers.

But other residents of the camp are wondering how Lynn held the cat still long enough to brush its teeth without getting scratched. Guess when you are a boy, things like this come naturally, don't you?

Morality isn't enough?

During the first century after Christ, there was a Roman captain in the occupation army in Palestine. He was "a devout man, and one that feared God with all his house, which gave much alms to the people, and prayed to God always." (Acts 10:2)

Yet, strange as it seems this "good" moral man, Cornelius, needed something more. Morality isn't enough to save a man. God told Cornelius to send for Peter, "who shall tell thee words whereby thou . . . shalt be saved." (Acts 11:14) Cornelius needed Christ to save him. Jesus said: "I am the way, the truth, and the life: no man cometh unto the Father, but by me." (John 14:6)

Peter came to Cornelius' house and found his kinsman and near friends ready "to hear all things that are commanded thee of God." Peter preached Christ as the Son of God, the Saviour of the world. He told how Jesus had lived a perfect life, and died for man's sin on the cross. He called on all to believe in the Lord Jesus. They believed and Peter asked: "Can any man forbid water, that these should not be baptized . . . and he com-

manded them to be baptized in the name of the Lord." (Acts 10:47-48) Faith in Christ leads one to obey Christ, to "repent and be baptized" for the forgiveness of sins. (Acts 2:38) Jesus said: "He that believeth and is baptized shall be saved . . ." (Mark 16:16)

Millions today, like Cornelius, are generous, and morally "good," but they need Christ. Even at his best, man is still a sinner. If you have not obeyed the gospel of Christ as Cornelius did, You need the blood of Christ to save you from your sins (I John 1:7). You need to believe in Christ as God's Son, repent of your sins, and be baptized into Christ for the forgiveness of your sins. When you obey Christ in baptism God will add you to the undenominational church of Christ. We urge you to become a Christian today!

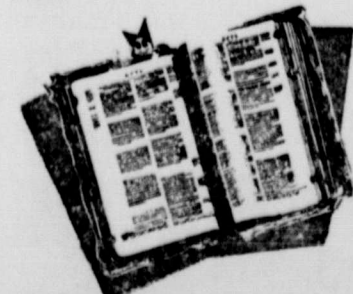

Are you willing to follow this wonderful example of Cornelius? Here are five facts you need to face:

1. Man is lost without Christ and cannot save himself. Romans 3:10, Jeremiah 10:23
2. Christ alone can save man. John 14:6
3. Christ died on the cross to make salvation available to all. Matthew 11:20, 30, 1st John 1:7
4. Man must believe in Christ as God's Son and obey the commands of Christ. Mark 16:15-16, Acts 22:16, "He became the author of eternal salvation unto all them that obey Him." Hebrews 5:9
5. You can be just an undenominational Christian like the Ethiopian.

Quail Available For Stocking At 50c Per Bird

AUSTIN — Land owners are beginning to send in their applications for quail for stocking purposes, according to the assistant executive secretary of the Game and Fish Commission.

"Our state game farm at Tyler already is in spring operation," he said. "We are beginning to receive applications now from land owners who want to stock their places with birds again this spring. Before these applications are processed it is necessary that the release areas be inspected by a game warden. In this manner we will be certain there is plenty of food and cover available."

Quail are sold to the land owner at 50 cents each, which is about half the cost of production. In some areas clubs buy the birds for the land owners. In this way habitat improvement continues.

Reports from wardens throughout the state indicate there also was a good carry-over of native birds from last season, despite the scourge of rats in some parts of the State. The bird now are able to get new green food to eat and emaciated birds are showing signs of improvement.

Additional releases of coturnix quail also will be made this year, according to the secretary. He said when brood birds were taken from laying pens and placed in holding pens during the winter months they continued to lay.

SMALL TALK

By A. J. K.

It pays to advertise. Soon after Brenda McDorman ran an ad about her lost spectacles she found them in the glove compartment of the car where she had put them.

Have been wondering who that person is who moved in and stirred up things, as pointed out in one of the election letters coming from Sanco. It surely wasn't me. I didn't do any dirty work, am proud of every improvement bond issue I supported.

Well, Junior has flown off again. He's the talking parakeet who makes his abode with the Sam Jays. They say he can talk, has some remark about Chig Brown and calls himself a Democrat. He probably hasn't gone far.

One of the few bills before the Legislature that makes much sense is one that would permit insurance companies to base their automobile casualty rates on their loss experiences. In other words, a driver with a good record might get a lower rate than the driver with a long record of traffic violations and casualty losses.

If the insurance companies want to reduce their rates, it seems to us that it is their business and should be their privilege.

We hope the bill passes; and if it doesn't work out, you can be sure the companies will raise their rates again.

POST MORTEM

Following an election there is the usual discussion of how and why it turned out that way. In our opinion Robert Lee folks fell down on the job and missed a great opportunity to get some street improvements they are entitled to. There was no personal contact campaign and no house to house canvass. Some residents of the city didn't support the proposition, although it was much in their favor and would have cost little extra tax on the average property owner. If another election is called it should be with the assurance that more people will give a little time to selling their neighbors on the idea of voting for the bonds and seeing that they get to the polls.

Two letters from Sanco residents were mailed out to voters at the last minute. One of them mentioned that a letter turned in Tuesday was refused because we "did not have room for it." That surely is entirely correct, except that the letter was brought down to our residence about sundown Tuesday. We print The Observer Wednesday morning and must have a deadline. It is true that we already had five columns of type that had to be held over, some of it appearing in this issue.

We didn't see the letter, but suppose it concerned the road bond election and opposed it. If the letter had been presented a day earlier we could have made room for it. However, there would have been a charge for inserting it since the BCD was paying for its space urging voters to support the issue.

The other letter was designed to confuse the voters and probably cost the sender as much postage as he pays in two years taxes at the court house. He said there is a difference between a country road and a city street, inferring

that perhaps the money could not be used in town.

Don't know where he got his legal information, but this question has definitely been decided by supreme court decisions and rulings of the attorney general's office. Why shouldn't town people get street improvements? They pay county road taxes and car tag money.

Oh well, save me a neck and back of fried chicken at the Sanco homecoming.

FROM MRS. GARTMAN

Dear Editor:

Am sending check of \$3.00 for The Observer. We enjoy getting the paper very much and don't want to miss a copy. It helps us keep in touch with everyone. We were sorry to hear of Doc Benningfield's passing. Our sympathy goes to his wife. We hope to come out for the Sanco reunion.—Mrs. H. D. Gartman, Arlington, Tex.

The other two teams from Coke County, who competed, Linda Heuvel and Linda Thetford of Robert Lee and Jeanna Denman and Linda Taylor of Bronte, did a fine job and got a lot of good experience. We're expecting big things of them next year!

District T. H. D. A. Meeting

H. D. Club women of Runnels County certainly were fine hostesses at the District T. H. D. A. meeting in Ballinger, April 16.
