Four Coke County youths will participate in the National Boy Scout Jamboree opening next week at Colorado Springs, Colo. They are Clark Godwin, son of Mr. and Mrs. R. F. Godwin, and Rankin Roach, son of Mr. and Mrs. W. T. Roach of Robert Lee, and Eddie Glenn, son of Mr. and Mrs. D. K. Glenn, and Rex Harris, son of Dr. and Mrs. John Harris, of Bronte.

The boys report in San Angelo last Monday each equipped with a cot, bedroll, pack, and duffel bag. They will sleep in the National Guard Armory and early Tuesday leave by bus. COLORADO SPRINGS, Colo., — Boy Scouts of the nation and the world meet this month in a land of legends.

From their breakfast fires on the broad plains of the Reverse J. Diamond Ranch in central Colorado, the 55,000 youngsters may see the morning sun glinting on snow atop 14,100-foot Pike's Peak.

At this 50th national Boy Scout Jamboree, commemorating half a century of scouting, the boys from every state and three dozen foreign nations will be surrounded by memories of Kit Carson and Jim Bridger and the mountain men, by tales of Buffalo Bill and the early Spanish conquistadores, by stories of the fabulous pony express and by relics of the forts of the early Army of the West.

Mrs. A. V. Hughes Thrilled By Brother's Visit

Sam Devcich of Thames, New Zealand, arrived Tuesday for a visit with his sister, Mrs. A. V. (Daisy) Hughes. It was a happy reunion of the brother and sister who had not seen each other since Daisy left home 14 years ago to come to the United States and marry A. V. Hughes of Robert Lee whom she met when he was serving with the U. S. forces during World War II.

Accompanying Mr. Devcich is Father Lyons, M. A., parish priest at Thames. They are on a trip around the world, traveling by air. The trip will require about six months.

Mrs. Hughes is the only girl in a family of five children. Her parents operate a farm and ranch and Sam is the manager. He is not married. They raise farm crops and sheep, cattle and thoroughbred horses.

None of Mrs. Hughes' family have ever visited here, but two of her cousins, who also reside at Thames, came by while on an extensive tour four years ago.

Father Lyons will continue on his trip Thursday, but Sam plans to remain for a week or two. The priest will stop in San Antonio, Chicago and New York. He and Devcich will get together later at same place in Europe. Their complete trip was planned by BOAC.

Garlan and Bill Green and their families of Colorado City were Sunday guests in the home of their mother, Mrs. Ethel Green.

Small Increase In City Water Rate

Mrs. Georgia Turner and grandchildren, Bill and Johnnie Lynn Cornett, left last Thursday for their home at El Paso after a visit with the former's parents, Mr. and Mrs. Ed Hickman.

An increase in the water rate for Robert Lee citizens has been voted by the City Commission, effective immediately.

It involves only the minimum rate which is raised from \$2.50 to \$3.00 per month for the first 3,000 gallons. Water users outside the city limits will be raised from \$2.50 to \$4.00 per month for their minimum.

Rates for additional water will remain unchanged. A complete schedule of rates appears in an official publication in this newspaper.

City officials state that operation costs have increased while the water rates have not been raised in many years. As a result city finances were beginning to show the need of more income.

The new minimum will mean \$197.00 per month in additional revenue to the city water department. About twenty users reside outside the corporate limits and will be subject to the \$4.00 per month minimum.

City authorities maintain that the new rates are in line with the average over West Texas.

SPILLWAY REPAIRS

City officials have also approved the Upper Colorado River Authority contract for spillway repairs at Mountain Creek Reservoir which cost a total of \$78,101.02.

This amount was paid from UCRA funds and will be added to the total which the City of Robert Lee must repay. The city pays no interest charges on UCRA money which has been advanced to build the Mountain Creek Dam and Reservoir which furnishes Robert Lee's water supply. The city repays the UCRA at the rate of \$350.00 per month.

The new contract covering recent spillway repair costs is also published in this newspaper for the information of the public.

Pre-Nuptial Event Honors Pat Conner

A bridal shower honoring Miss Patricia Conner took place Monday night at Sun Recreation Hall in Silver. Cake and punch were served from a table covered with white linen, with a miniature bride and groom as a centerpiece. Blue and white were the predominant colors.

A large number were in attendance and the honoree received many nice gifts. Out of town guests were Mrs. E. R. Pace of Dallas, Mrs. Bayless Pope of San Angelo and Jo Ann Millican of Abilene.

Hostesses were Mmes. Jim Hearford, Bob Odum, Arch Mathers, O. W. Newell, H. G. White, Robert Henderson, Maurice Duncan, Duane Leonard, J. P. Jameson, Lee Weigel, Frank Mullican and Hale Kincaid.

Miss Conner's marriage to Bob McKelvy of Clyde will be solemnized Thursday at 7:30 p. m. at the home of the bride's parents, Mr. and Mrs. Geo. E. Conner in Silver. Bro Foy Moore will officiate.

Brother-in-law Of J. O. Rudd Killed in Panama

Maj. Sidney L. Davis', 41, of Houston, a brother-in-law of J. O. (Hoggie) Rudd, Robert Lee ranchman, was one of five known dead in the crash of a U. S. Army L-20 plane in the Panama Canal Monday.

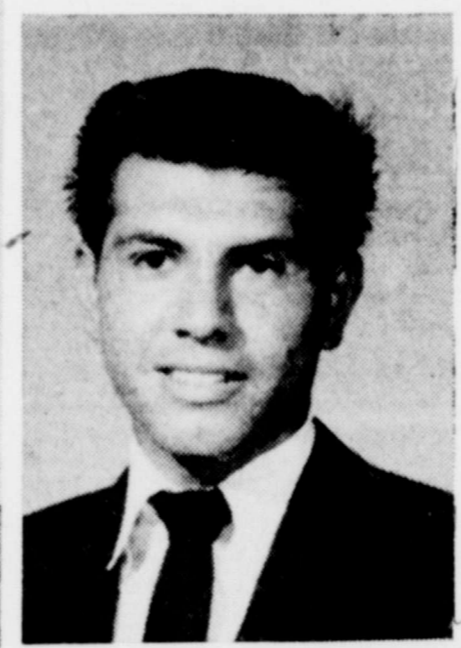

Rudd first learned of the crash late Monday and Tuesday morning received a telephone call from his sister in Panama. She said the Army planned to fly the bodies of the crash victims and members of their families back to the United States but the time remained indefinite.

A spokesman at the U. S. Army Caribbean headquarters said the plane was on a routine flight across the isthmus.

Other than his wife, Maj. Davis is survived by a daughter, Linda, 10. Maj. Davis had been in the service about 20 years.

Robert Lee, Bronte Young Men Receive A & M College Scholarship Awards

Two annual scholarships awarded by the West Texas A & M Club went to Coke County youths this year. They are David Waldrop of Robert Lee and Reyes Olivias of Bronte.

This is the first time both of the scholarships have gone to boys in the same county and in previous years very few Coke County youths have been so honored.

West Texas A & M College is made up of former A & M College students who reside in an area surrounding counties in the San Angelo area. The club awards two scholarships each year. A scholarship is a cash grant of \$300 for four years while the student is attending A & M College.

Members of the scholarship award committee which met at Cactus Hotel in San Angelo Friday night included Bill Allen of Ro-

bert Lee, R. T. Caperton of Bronte and Tom Hill of San Angelo. They interviewed a number of applicants before selecting the Coke County young men.

David Waldrop is the son of Mr. and Mrs. Glenn Waldrop, who reside on the Foster Sims Price ranch west of Edith. He was outstanding in 4-H and FFA activities and won many awards in local, district and state lamb shows. He plans to study veterinary medicine at A & M.

Reyes Olivias is the son of Mr. and Mrs. Simon Olivias of Bronte. He had the highest scholastic rating among the boys in the 1960 graduating class at Bronte high school. Reyes is also an outstanding athlete and was a key player on the Bronte Longhorn championship football team. He expects to study engineering.

Crack Kirby Club Meets Twisters In Crucial League Contest Here Sunday

Robert Lee Rabbit Twisters entertain the tough Kirby nine of San Angelo here Sunday at 3 p. m. It is a crucial game, according to Manager Chilly Tinkler. A victory for Robert Lee would put them in a tie with Kirby for second place in the Concho Basin League standing.

The Twisters defeated Brownwood National Guard at Brownwood last Sunday by a score of 4 to 4. It was a big eighth inning rally which netted 6 runs and the victory.

With two men on base John Conley went to bat as a pinch hitter. He had been out of the game because of an ankle injury. Conley singled to score two runs. Ad Davis followed with a hit to right and Conley came home. Jerry Tinkler then lined one over the short fence for a double, Bennie Corley singled and Norman Roberts smashed a two-bagger.

The Twisters made a total of 11 hits. Roberts poled a home run and a double, Jerry Tinkler had a double and a single, and Richard Dumas connected for three singles.

Dumas hurled a steady game and kept 13 hits well scattered.

Loel Ballentine hurled a neat 3-hitter as Kirby cut down the Brownwood Colts last Sunday 10-4.

In the other league game Goodfellow shoved across five runs in the fourth inning and went on to defeat Ozona 10-4.

Next Sunday's game with Kirby will complete the second round of play in the Concho Basin circuit. A third and final round will follow. A coin is being flipped to see where the third round contests are to be played and thus far Robert Lee has been lucky over Ozona and the Brownwood soldiers.

Norman Roberts has been lost to the Robert Lee club, having departed Tuesday to try out as football professional with the Pittsburgh Steelers. Paul Tinkler is gone to St. Louis with his wife's family and was not in the lineup last week. He hopes to be back by Sunday. Marlon McCutchen expects to be on hand and Lew Heuvel is ready and willing to help the Twisters the remainder of the season.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

AUSTIN — Things are rather quiet around the State Capitol these days.

For one thing, it's the "off season," the hiatus that regularly occurs between state elections and the convening of a new Legislature.

For another, it's vacation time with a part of almost every agency staff off to forget it all for a time.

But mostly, for this week, the Austin lull stems from most people's suspensful interest in the activity of Texans in Los Angeles. Gov. Price Daniel, vice chairman of the Texas delegation to the National Democratic Convention, and numerous others have been away for several weeks working in behalf of Sen. Lyndon Johnson's nomination for the presidency.

Despite these distractions, state government goes on. Studies are under way on many subjects, on budgets, tax plans and other future legislation. It's important work, but quiet, during his digging and analyzing stage. It'll break into the news next fall as reports are made and trial balloons are run up on bills to be introduced in January.

Surest indication that state government is still on the job is that even now it's hard to find a parking place near the Capitol or on the adjoining state office buildings.

During the summer a dozen or so parking slots by the Capitol's east entrance are set aside for tourists. As a rule, tourists don't keep them filled, and Capitol guards are regularly beset by the persuasiveness of local people who need a place "just for a minute."

NO TURNING BACK — Child adoption procedures, under Texas law, are about as final as a thing can be — more so than marriage or divorce.

Texas Supreme Court underlined this in a recent decision that denied the right to change her mind to a mother who had given written permission for her children to be adopted.

In the case at issue, the mother, a widow, gave written permission for her two children to be adopted. Two months later, having remarried, she sought to regain the children.

Lower courts held in favor of the natural mother, but the Supreme Court ruled that only fraud could be a basis for revoking of adoption consent.

Said the court opinion of the adoption laws: "The Legislature had the safety, education, care and protection of the children uppermost in mind and not primarily the contentment or welfare of either the natural or adoptive parents."

NO MISUNDERSTANDING — In another ruling involving adoption, the Supreme Court held that an adopted child could not inherit a trust set up for a direct descendant.

As a result, a four-year-old boy lost the chance to claim \$830,000. In the case originating in Dallas, lower courts had upheld the child's claim to the money from his late grandfather's estate.

In his will, the grandfather had instructed that the \$830,000 trust be set up if "any child of my son is born after my death." High court ruled that this made it highly unlikely that the maker of the will intended the money to go to a child born to persons other than his son and daughter-in-law.

OIL ON THE HIGHWAYS? — On the heels of a U. S. Supreme Court decision that Texas owns its tidelands 10½ miles out comes a ruling that the state also owns the road right-of-way and that the counties cannot lease the land for mineral development.

Whether the state should exercise its right and lease right-of-way lands for oil and gas exploration probably will not be decided until the Legislature sets a policy. Involved is some 1,200,000 acres of land on 228,000 miles of public roads, some of it across areas with oil-bearing strata.

If the City should fail or refuse to pay the monthly installments herein provided for by it to be made, as well as previous obligations contracted to be paid by the City, to UCRA or fail in any other manner to comply with the terms of this agreement, then UCRA shall have the right at its option to declare the entire balance of the unpaid indebtedness due and payable, and at its option shall have the right to take possession of said water works system and operate the same if it so chooses, or to sell the same and apply the net proceeds derived from the sale or the operation of said system to the unpaid indebtedness of said City.

IN TESTIMONY WHEREOF, this instrument has been executed by the City of Robert Lee pursuant to an ordinance duly adopted on the 5th day of July, 1960; and Upper Colorado River Authority has caused this instrument to be executed by its officers thereunto duly authorized by resolution heretofore adopted.

SMALL TALK

By A. J. K.

My prediction made at 9:30 Wednesday morning is that Senator Kennedy will win the Democratic nomination for President at least on the second ballot, and that Senator Lyndon Johnson of Texas will be his running mate. Johnson has made a strong bid but Kennedy had too big a jump on the other candidates. The Texas senator has recently said he was not interested in the nomination for Vice President, but some time back indicated he would serve in whatever capacity he was needed. Johnson will be elected to the U. S. Senate again in November, and he won't be out of a job no matter what happens.

Orville Lee White lost his billfold containing \$70 in cash and valuable papers Tuesday of last week. He gave us an ad to run in The Observer, but a few hours later called in to advise that the lost billfold had been found. We're happy it turned up. Don't know where he found it. Mr. White is an operator at Sun's gas plant in the Millican field.

I don't want to be critical all the time, but feel this paragraph is constructive. We've got a good school board and the trustees are working hard to make improvements and give the district a first rate school. But they don't have the money. It takes money to run a good school and costs have gone up while taxes remain at the same level. Our school taxes are low, being based on assessed valuations of 10% of the actual value in many instances where farm and ranch land is concerned. We get a big slug of tax money from oil properties, but the oil business is slumping and may go lower. Other districts which have good schools have to pay for them. Most people agree that we should have good schools and are willing to shoulder their share of the cost. We need to build up a sinking fund to retire bonds when they become due and payable. We doubt the wisdom of letting the matter go over another year. It still is not too late to raise school taxes for 1960. There is no other way out!

Time Warrants Out In Buying Road Machinery

Coke County Commissioners in a session early this month approved the purchase of a tractor loader for use of Precinct 2. During the absence of Judge W. W. Thetford, who was on vacation, Commissioner Ed Hickman served as chairman of the meeting.

The bid of Plains Machinery Co. of Abilene was accepted at a figure of \$11,400.00 with a used International TD-9 traded in on the deal. The new machine is an International TD-92 crawler type tractor with standard equipment and a Drott model 9K3 1½ cubic foot capacity loader.

Other bids received were for an Allis-Chalmers machine at \$10,849.00, and a Caterpillar Tractor at \$14,157.00.

Commissioners had passed a resolution that in the future all road machinery is to be paid for from current funds instead of is-

suing warrants, except in case of extreme emergency. Howard Brock, commissioner of Precinct 2, stated his current funds were not sufficient to make the outright cash purchase. Instead it was agreed that he use funds allotted to Precincts 1, 3 and 4. The sum of \$3,000 was borrowed from each of the other precincts, and they will be reimbursed from Precinct 2 funds in the amount of \$1,000 per year during the next three years.

GREEN MT. HD CLUB

Green Mountain Women's Home Demonstration Club met July 5 in the home of Mrs. Sloan Boone when seven members were present. A program concerning Preparation and Serving of Garden Vegetables was given by the foods leader. Next meeting will be a Family Picnic on Saturday night, July 30, at 8 o'clock at the County Park in Robert Lee.

across a busy highway from the Air Force Academy, where the space age officers of tomorrow are being trained and only a short distance from Denver, where the mighty Titan missile is designed and produced.

The scouts and leaders start moving into the site July 20. The jamboree formally runs July 22 through 28.

They arrive and depart in special trains, planes and buses on a clockwork schedule carefully figured out in advance.

Fourth Biggest City

In addition to almost 4,000 service tents already in place, they'll set up about 27,000 two-man tents to form—for 10 days—the fourth largest city in Colorado.

Top religious leaders of many faiths from across the nation will oversee religious services and pastoral counseling, with more than 100 ministers, priests and rabbis co-operating. The Colorado Medical Association has a program to provide extra medical care.

3,500,000 Meals

What the Scouts will eat indicates erroneously that eat is all they will do. Food for 3,500,000 meals is being gathered. They'll drink 577,960 quarts of milk and 43,980 quarts of orange juice. They'll eat 132,330 loaves of bread, 10,224 pies, 46,342 heads of lettuce and 45,200 peaches. They'll bite into more than 25,000 pounds of steak and 21,000 pounds of ground beef. More than 5,000 field kitchens will burn up 283 tons of charcoal. Just to be on the safe side of the one-match-per-fire rule in scouting, 38 cases of matches will be on hand.

At the camp, the scouts will perform stunts, compete in proficiency tests and—invariably—swap for souvenirs to pack in their duffelbags and take home.

They will live up to the theme "For God and Country" and — national scouting leaders hope — "Know and love America through learning more about the principles and history of the democracy."
