a second glance

by JOHN H. KING II

Jealousy, selfishness and disinterest are the three ingredients that have been responsible in destroying schools, churches, civic organizations, nations, cities, towns, villages and family units.

The desire to work and cooperate with our neighbors has been responsible in making the above list possible. Let's build Robert Lee... not destroy it.

Contract of this well called for a depth of 7200 feet. The driller struck granite at 7100 feet and the operator recovered the pay sand that discovered earlier at 5200 feet.

County Soaked From Big Rains

Many residents who have lived in Coke County for as long as 50 years are saying that they have never seen as much beneficial rain for this time of year as the county received Thursday through Sunday. Rainfall in the county was measured up to 8 inches.

Early Wednesday afternoon the Edith Community, 8 miles west of Robert Lee, received as much as 5 inches of rain within one hour and a half. The general rain didn't start until around noon Thursday, but it rained almost incessantly from then until early Sunday morning.

The Colorado River was swollen out of its banks late Wednesday and again Saturday due to rains at Edith and in counties north of Coke.

BROTHER DIES

M. H. Harris, 58, brother of Mrs. T. A. Richardson of Robert Lee, died at his home Tuesday, June 13, at Whitehouse near Tyler.

Mr. Harris was a member of the Church of Christ and was a frequent visitor in Robert Lee.

BURGLARS ROB SUN GROCERY

Burglars hit the Sun Grocery at Silver, owned and operated by Vaughan Davis of Robert Lee, for the third time since September 15, 1960, Saturday night.

Davis said that the intruders took approximately \$300 in cigarettes and knives Saturday. He said losses from the three break-ins have totaled from \$900 to \$1000.

Sheriff Melvin Childress investigated the burglary Sunday morning. He said that the robbers gained entry into the store by prying off two locks of the front entrance. The sheriff told the Observer that he had filed a report of the incident with the Texas Rangers in San Angelo.

Davis said that he had only "one lock on the door when the two previous burglaries occurred, but there were two locks for them to break this time."

Also reported to the Sheriff's Department was a rifle stolen from Hal Anderson's residence at Silver.

Sheriff Childress urges all owners of guns to make a record of the serial numbers so that in the event the firearms are stolen it will help law enforcement officers in the recovery of the stolen property.

Report local news by calling Merle King at 453-4051 or 453-3501.

There were practically no reports of run-off since the rain fell slowly. Some ranchers have reported that the grasslands are in the best condition that they have been in 10 years. Some farmers had planted cotton and feed crops just before the rain fell, and some will have to replant, but there hasn't been any grumbling about the extra work since they are confident they will have a successful year.

The Mountain Creek Lake, Robert Lee's water reservoir, received only a 6 inch rise. The watershed didn't yield much run-off.

Bill Allen's Matapeake Ranch, 6 miles south of Robert Lee, received 6.4 inches of rain during the 4 day rain spell. J. O. Rudd reported that the rain gauge at the ranch house, which is 9 miles south of town, caught 5½ inches.

Ed Roberts, who ranches in the Wildcat Community west of here reported 6 inches.

In the Edith Community, Crowley Harmon and Finell Smith received 5 and 4 inches Wednesday afternoon. The total amount they received through Sunday was 8 inches.

Bob Godwin reported that Millican Camp had 2½ inches Wednesday and about 4-5 inches more during the next 4 days.

Alton Roberts' place, 7 miles south of here received 6.7" this period, but for the past 30 days he has had more than 11 inches of rainfall.

Robert Walker of Silver reported 5½"; L. E. Wink in the Graham Valley Community 10 miles northeast of Robert Lee got 4.5 inches.

Jameson Gas Plant at Silver also reported 4.5 inches of rainfall during the 4 day period.

Jean Moore and Lee Mullican United In Rites at Bronte Church of Christ

Miss Jean Renea Moore of Lubbock, daughter of Mr. and Mrs. Foy L. Moore of Bronte, became the bride of Pfc Edward Lee Mullican in a ceremony read at 8 p. m. Saturday, June 17. The ceremony was read at the Bronte Church of Christ by the bride's father, Foy Moore, who is minister for the Robert Lee Church of Christ. The ceremony was originally planned to be held in the garden at the Moore home but the site was changed due to inclement weather.

Church decorations included an archway of greenery, flanked by candelabra and baskets of flowers. The bridegroom is the son of Mr. and Mrs. Frank Mullican of Silver.

Given in marriage by her brother, Robert L. Moore of Rule, the bride wore a floor-length gown of satin and lace, designed and made by her mother. The long sleeved figurine bodice of lace came to a point in front. The neckline was edged with scallops of lace, and the satin overskirt was caught up in front revealing the lace underskirt.

Her headdress was a crown of pearls and lace from which cascaded a waist-length veil of il-

lusion. The bride carried a bouquet of glameillas accented with pink sweetheart roses.

Matron of honor was the bride's twin sister, Mrs. Kenneth McCutchen of Lubbock, and another sister, Miss Joy Kay Moore was bridesmaid.

Best man was Charles Black of Lubbock. Ushers and groomsmen were Larry Mullican of Silver and Jerry Mullican of Canyon, brothers of the bridegroom, and Kenneth McCutchen of Lubbock.

A reception followed the ceremony in the Moore home. The table was covered in pink net, and a five-tiered wedding cake, baked by the bride's mother, was accented with pink flowers. A white satin banner bore the names "Jean and Lee." Misses Deanie Allen of Bronte and Yvonne Allen of Lubbock served guests. Miss Annette Duncan of San Angelo was at the guest register.

Following a wedding trip to Abilene and Lubbock, the couple will make their home in Anchorage, Alaska, where is is stationed with the U. S. Army at Ft. Richardson.

Mrs. Mullican is a graduate of Bronte high school and has been

employed with an investment firm in Lubbock.

The bridegroom is a graduate of Colorado City high school and attended Texas Technological College at Lubbock.

County Agents News Column

By STERLING LINDSEY

I believe that everyone will agree that the rains received during the past week were a generous blessing. I have seen good rains, timely rains that were of great benefit, but I believe this one was the best over such a wide area of sparse, usually arid West Texas that I have ever seen. The pastures are in good shape as a whole and should get better. I have already heard two men putting out feelers for a few cattle to reduce some of their taller grass to sheep size.

A few fields of cotton will have to be replanted, but the benefits will outweigh the losses immeasurably. Thrips should be watched for in the young cotton. Also, the grasshoppers could get out of hand in a few places. They are much easier to control while they are young, wingless and still in the hatching area. If an outbreak looks possible in your cotton I would attempt to prevent it rather than try to control it.

Participation in the feed grain program in Texas according to figures received recently is greater than the Secretary of Agriculture anticipated; a total of 152,878 farms in Texas reported a feed grain base. Of these, 80,286 signed up as participants. The total feed grain base for the farms signed up is 7,131,484 acres. The diverted acreage is 41.3 per cent of that figure or 2,951,351 acres.

Dollar-wise, the computed advance payment to the producers and landlords was \$24,578,792.

In summary, the diverted acres of grain sorghums represent 37.1 per cent of Texas' harvested acreage for 1959 and 1960 (an average of the two years). The Secretary of Agriculture set a goal of 20% diversion for the Nation.

WHAT IS ENGLISH?

Editor
Robert Lee Observer
Robert Lee, Texas.

Dear Sir:

I was quite interested in Mrs. Coalson's reaction to the "present 'so called' English entrance examinations." What is English? Is it simply facts, or is it a means of expression? Possibly incorrectly, I judged Mrs. Coalson to prefer the former. Granted that "fundamentals" are important, are they an end or a means to an end? I should think that an examination designed to test a student's mastery of or ability to use the English language would be far more important to his success in college than a test which determined merely the facts he knows about the language.

In spite of the lamentable fact that "such tests are compiled and printed by educators in far away New Jersey," I, as a native of your fair city, feel that even Texans can benefit from the cultures and influences foreign to their immediate situation.

Sincerely yours,

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird—sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the Ford that makes saving fun!

MRS. CALVIN RICHARDSON

Faught-Richardson Wedding Rites Read in Robert Lee Baptist Church

Miss Lee Ann Faught, daughter of Mr. and Mrs. I. A. Faught of Silver, became the bride of Marine P.F.C. Calvin Richardson of Hawthorne, Nevada, son of Mr. and Mrs. E. R. Richardson of Lake Arthur, New Mexico.

The ceremony was performed in the First Baptist Church in Robert Lee by the Rev. Mr. Robin Guess, pastor of the church.

Misses Gayle Lewis and Brenda Cowley, accompanied by Vicki

Wojtek, sang "The Wedding Prayer" and "Whither Thou Goest."

Given in marriage by her father, the bride wore a waltz length tulle gown over satin. Her head-dress was a sequin crown which held a veil of tulle trimmed with Chantilly lace. She carried a white Bible topped with camillia, tied with satin streamers. She also wore a necklace of pearls with matching earrings, a gift of the groom.

For her daughter's wedding, Mrs. Faught wore a beige ribbon knit dress with green accessories.

Mrs. Richardson, mother of the groom, wore a powder blue pima cotton dress with white accessories.

Sharron Faught, the bride's sister, was maid of honor and Jerry Richardson, brother of the groom was best man.

Following the ceremony, a reception was held in the education building of the First Baptist Church.

After a short wedding trip, the couple will make its home at Hawthorne, Nevada where P.F.C. Richardson is stationed with the U. S. Marines.

Visiting recently with the Jim McCutchens and the T. B. Childress family were Mr. and Mrs. Arthur Peyton of Engleside, Texas, Mrs. Lucy Rodden of Valera and her son, James Rodden of Chicago, Ill.
