Two Men Make Bond Fire Alarm No. Changed to 3-4291 In Safe Loot Burglary

Summers, both of Robert Lee, the arrest, the men told them were arrested around 11:30 Thursday morning in San Angelo and charged before Justice of the Peace Roy Ross with entry and about \$1,000 in a bag in the bar

Bonds were set in each case at \$1,000 and the two were lodged in the Coke County jail at Robert Lee.

Entering through a window around 3:30 Thursday morning. burglars removed from the Ivey Motor Company building a medium sized safe out of the office.

Later the safe was opened by cutting through the bottom with a blow torch. The safe was found on the old Lindsey McDorman driven through Gene Baker's place to get there.

Papers and checks were found near the safe in a towsack. Kenneth Lackey, bookkeeper at Ivey Motor, after checking all the returned account books and other papers said that so far as he could tell at that time nothing of value was missing.

There were a few \$25 U. S. Bonds and checks in the safe, with all the firm's books.

Constable Ollie Roe said that when he examined tracks made in oil-moistened dirt where the vehicle had backed up to the Ivey people during the noon meal. building he recognized the tracks tween the Johnson shop and residence earlier in the night.

Officials in adjoining counties were notified of the car and license numbers, and Dale Brice, Attendance Good San Angelo policeman, stopped the car, then Deputy Jesse Parker and Constable Roe picked up the men and brought them to Robert Lee.

Sheriff Melvin Childress had left on his vacation shortly before the burglary occurred.

J. H. (Jack) Miller, Tom Green county deputy, was called into the case. Miller, a finger print expert, secured several prints, he said.

Johnson, 27, has a wife and two children. He operates a repair shop in the old Charlie Vowell building. Summers is on leave from the Marine Corps.
