New Cars Showing, Football Game Friday

Vaughan Adds Salesman As New Model Chevrolets Come To Town

Vaughan Chevrolet has levelled off for the selling season with new cars, and with Ben Bessent, formerly with Mustang Chevrolet, San Angelo, as salesman.

Mr. Bessent, whose wife is the former Mary Vaughan, was with Vaughan Chevrolet before moving to San Angelo. They have three children, Craig, Randy, and Lisa. Other employees at Vaughan

are Mrs. Melba Denman in the office, Foy Askins and Dale Wojtek in the shop.

New models to be shown Friday or later in the season, as advertised from time to time, and as described by Robert Vaughan, Chevrolet dealer:

"Luxurious full size Chevrolets, fashionable Chevy II models, fun loving Corvairs, and the all sport Corvette Sting Rays."

The thirty-three models won't likely all ever be together here at one time. But:

"The full size Chevrolet is the favorite for full size value. This year Chevrolet makes even more of a mark as the prestige leader. There's beauty, room, and comfort rivalling the costliest cars in the thirteen models of these, in three series."

The Chevy II is announced as "Fashionable, Frugal, and Care-free," with quieter and more comfortable ride and plush new interiors.

Four new styles of Corvair await the buyer's choice, elegant Monza, Family, favorite 700, extra economical 500, and Green Brier Sports Wagon.

Drilling On Havins As Preslar Swabs

Oil activity picked up in the latter part of August and early September, with two more probable producers just west of Sanco in the Northeast IAB field's Pensylvania.

Casing was set early this week on Tucker's No. 2 I. A. Bird, reported with thirty feet of sand, and bottomed at 5,230 feet. Both this well and Standard's second Bible well adjoining the Sanco townsite area would have to await final results of the sand-fracturing process, sometimes tedious and not always fully predictable as to the outcome.

Humble's well on Green Preslar land west of Highway 208 and just north of the I.A. Bird ranch line was reported still swabbing in the effort to complete recovery of load oil and establish natural flow.

A new location was made on Pat Havins land, about 1/2 mile south of the house, on Allison and Prest-ridge lease, rig moved in last of the week and was setting surface casing Monday.

The well on the Guy C. Burton place was reported plugged and abandoned, the rig moving on to Pat Havins. It was bottomed just past 4,000 feet, the second well drilled to that depth and abandoned in that vicinity. The Dual rig which drilled Standard's well on the Bible lease was still stacked at that location Monday.

Dogies Defeat Loraine, 8 to 6

The Robert Lee Dogies came from behind in the second quarter against the Loraine junior team Tuesday night when Gary Sam Williams, with his left arm in a sling tossed to Jimmy Varnadore for 12 yards in the 3rd and Gaylon Pitcock made the extra points through center, to end the scoring 10-6.

The other 2 points for the Dogies came in the first quarter, blocked a punt and recovered it for 2 points on a safety.

Lorraine's tally was in the 2nd quarter on a 50 yard end run, no extra points.

The Robert Lee Steers scored by air for the first time this season for two markers, and then marched downfield for another to a wide 18-8 win Friday night at Melvin.

Undefeated in their first three games, the locals tied Menard, won 62-14 over Eden heretofore and meet Sands, the Ackerly team here Friday night.

The Robert Lee lads had been polishing their air force before the Melvin game.

Quarterback Comie Hallmark tossed one to Dwain Walker in the end zone for 31 yards and touchdown, in the first bombing raid, then later a 60 yard shot to Phil Lowder for another six-counter, but line plays for extra points in both cases didn't go.

Melvin's touchdown came on a jump pass from David Siler to left end J. Fortson, and extra points by Siler on a reverse (fake kick) play.

A big delegation of Robert Lee fans thronged the place, and the Steerettes, local pep squad, were on hand in force to lead cheering and to entertain with marching and drills between halves.

Ivey To Show Thirteen New 1963 Models In Three Ford Lines Here

The Fairlane series, medium sized Ford is expected to lead the Ford field this year, as a medium-sized, medium priced car. Ivey Motor Company is showing thirteen models Friday, tomorrow, September 28.

According to Cumbie Ivey, Jr., the styling is not radically different from the 1962 models, but with some refinements and improvements. The compact, Falcon, is still popular, and the Galaxie line meets the demands for

roomier, smoother, and more powerful performance.

The Ford Falcon for 1963 emphasizes sports appeal with five new models, new styling, and many new features.

The 1963 Ford Galaxie features completely new styling, a new high economy V-8 engine, new 36,000 mile major lubrication interval and a new soft riding "compliance link" suspension.

Ford public relations people announce the Thunderbird this year as the finest quality car ever produced by Ford Division, incorporating more than 2,500 engineering and design changes readied over the last 18 months.

Ford Division has increased its truck line to 1,068 different truck models for 1963, an increase of 318 models over 1962.

The "city-size" diesel engine is an addition, bringing diesel engines to delivery trucks.

ROBERT LEE CLUB MEETS

The Robert Lee Home Demonstration Club will hold their next meeting today, Thursday, Sept. 27, at the Recreation Hall, with Mrs. Dale Wojtek and Mrs. Sherman Williams hostesses. The program will be a book review.

Last week the program was by Mrs. Royce Smith, on T. V. facts, the club meeting at Recreation Hall with Mrs. Bobby Walker and Mrs. Ralph Walker hostesses.

Robert Lee Parent-Teachers May Air Condition Rooms As Project

A committee from the Robert Lee Parent Teachers Association will visit several schools to study air conditioning installations and to inquire about costs and other features with a view to installing units in the local school.

At Thursday night's meeting several projects were submitted by projects chairmen for consideration and selecting: Playground equipment, assistance to the library, help on the score board at the football field; sewing machines, chair upholstery, and silver service for the Home Economics Cottage, spoons for the lunch room, lights for the stage, lights between the building and

the gym, and air conditioning, which received the majority vote.

With sixty present, a membership of 125 was reported. Budget for routine expenditures was approved for \$127.00, with a total balance of \$1,149.93 on hand, as reported by the treasurer, Mrs. Sterling Lindsey. The balance of \$1,022.93 over and above the budget is available for projects.

Officers for the year are: Mrs. W. E. Jacoby, President; Mrs. Cumbie Ivey Jr., Vice-President; Mrs. Edna Mae Havins, Secretary; Mrs. Sterling Lindsey, Treasurer; Mrs. Willis Wayne Smith, Membership Chairman; Mrs. Bill Allen, Historian; Mrs. James Craig, Safety Chairman; Mrs. Ava Lou Hanna, Publications; Mrs. Sam Powell, Hospitality Chairman; Mrs. Douglas Dean, Health Chairman; Mrs. Glenn Waldrop, Projects Chairman; Mrs. J. Q. Counts, Budget and Finance; Mrs. Fagan Parker, Reporter.

The Hospitality Committee served refreshments, followed by a tour through the building with Mr. Douglas Dean explaining the new laboratory and Mrs. J. L. Carwile, librarian, showing the new library.

Quarterback Club Has Moved Concession Booth, Now Working on Fence

The Quarterback club, responsible for many of the conveniences at the Robert Lee High School's Griffith Field, using largely volunteer help from among its own membership, has moved the concession stand from the side of the field to the west end, so that those working in the stand may get an unobstructed view of the game.

They have also been working this week on taking down the fence at each end preparatory to moving it and making an enclosure so that cars may be brought through a gate and parked inside to simplify the business of collecting. Heretofore, cars have been stopped in the open street for people to pay for entrance to the game.

Stands, rest rooms at the field, and many other improvements have been Quarterback projects in the past.

The Quarterbackers, meeting Tuesday night next week at the cafeteria building at the high school, welcome all men interested.

As Good As We Make It Today and Tomorrow Robert Lee!

Castle to Cuba—Die Kampf Im Texas

(By the Editor of the Observer)

Now it's out in the open. It wasn't a mild agrarian reform. It wasn't a redistribution of wealth or a world improvement association.

It was and is a hard fisted gimmick to conquer the world. In a corner of the courtyard in Schwarzenberg Castle was a small medieval chapel, where the owners and their families and guests had worshipped for centuries.

On that beautiful day early in May, 1945, when the man who is now your editor, strolling about the place, walked into the chapel, it was filled with shelves made of crude lumber, whatever could be found handily, and the shelves were filled with books.

The wonderful painted ceiling above with angel figures poised where they had been so long was not damaged, but in looking through the books and putting a few facts together, it was evident the people who had been in there lately were ruled by a different kind of spirits.

Knowing only a few words of German, this writer was mildly wondering what this library was, when he read a title that brought him wide awake.

The title was "Die Kampf Im Texas." For over ten years the world had been puzzling over Hitler's book, which was his blue print for taking the world—"Mein Kampf." I had read some of it. The word "Kampf" means "Battle," or "Struggle."

Now who, deep in old Bavarian, Germany, could have a "Struggle" or a "Battle" in Texas?

A few things I had read through the thirties began to come together in my mind. Out in the courtyard I met our colonel, in command of the battalion, and told him what I had just seen.

"O, yes," he said, as if just remembering something important. "We have orders stating that there is a very important library in

Community Calendar

Friendship Home Demonstration Club is to meet Tuesday in the home of Mrs. J. B. Patterson. It had been announced to meet Thursday.

The Coke County Farm Bureau County Convention is set for Tuesday, October 16 at the High School Building in Robert Lee.

The Coke County Game Management Association will hold its annual meeting at the park in Robert Lee on October 13, with barbecue to be prepared by members of the Board of Community Development.

The Quarterback Club is to meet every Tuesday night, instead of alternating Monday and Tuesday.

The Steers meet Sands here on Griffith Field Friday night.

Polio immunization for adults and pre-school children at the hospital Sunday just after 12:00 noon.

Sam Ed Skipworth is doing student teaching at Marathon in connection with his college work as a senior at Sul Ross, Alpine.

He and his wife recently met his parents, Mr. and Mrs. Dick Skipworth of Robert Lee at Midland, with Mr. and Mrs. Buster Farris and Jodie and Ruth Williams from Big Spring, all visiting Mr. and Mrs. Cecil Gates at Midland.

Polio Vaccine Friday for Students And for Adults Next Sunday

The Sabin oral vaccine will be given to the students of Robert Lee high school in cases where parents have signed the forms authorizing it, according to announcement made Tuesday.

Supt. Dorman Thomas said those whose parents have signed the written authorization, and only those will be given the vaccine.

Douglas Dean, grade school principal said the vaccine would be administered by grades Friday, and only school students will be given it. Any community program will be separate, and announcement comes from Dr. John McDaniel or the hospital.

Monday 215 students had brought

written authorization from their parents to take the vaccine, and more were coming in, with the probability that some 250 might be authorized by Friday.

School administrators emphasized that the vaccine would not be administered to any child without the parents written consent.

Dr. John D. McDaniel said Types I and II, which have both been cleared for use, by state and national medical authorities, will be given to adults and pre-school children at the hospital Sunday afternoon from twelve until 2:00 o'clock. Type III will not be given at present.

CASTLE TO CUBA — DIE KAMPF IM TEXAS —
Continued from Page 1

that chapel and we are to see that it is not disturbed." I suggested that maybe we should put a lock on it, as the books would make interesting souvenirs.

Then as I went back to my work, light dawned. This castle had been headquarters for a lot of Nazi activity after the bombing raids began. The rough board shelves indicated the books had been brought out hurriedly, probably from Nuremberg, Nazi party headquarters, to save them from destruction in the bombing.

This must be a part of or closely related to the world famous German Geopolitical Library, collected by the German General Staff for instruction in the strategy of conquering the earth by dominating strategic land masses with strong land armies.

But why Texas? Well, ladies and gentlemen, Texas is a part of the earth.

And Cuba is a part of the plan.

The Nazis were finished. But over in Czecho-Slovakia I saw the people who were picking up the plan where the Nazis left it off. They are in Cuba now. They have conquered it without losing a man or firing a missile.

The Senators from Texas are evidently interested in having a Texas to be Senators from, a few years from now as well as in 1962. Congress is adopting a stiff statement giving the Kennedy administration the go ahead toward stopping this invasion while there is still some water between the Russians and Rio Grande.

Mr. Kennedy, early in his administration, started the policy of building up our ground forces—the land army which had been almost abandoned in the former administration in favor of nuclear weapons that have not been used yet.

The landowners who declined to have them maneuver on their land may see maneuvers yet, for keeps, on their land.

That is, unless something is done big enough and quick enough first. This thing will move fast from here on.

(Next week: The Prussians and the Russians.)

Ship and travel
Santa Fe

... always on
the move
toward a
better way.

OBSERVATIONS

It may be that the statement made by the United States Congress goes as far as it should at present. It does not say we will throw the scoundrels out of Cuba and does not serve notice to them to get out.

But it says they mustn't go any further, and it gives the President all the authority he needs to put the squeeze on in the United Nations and all over the world.

The world is a mighty big place, and we have got a lot of tidying up to do in Europe, the Middle East, and in Asia before we are ready to really tie into the Russkies.

Positive statements by Congress and in the U. N. did not come any too soon. Now it's going to take a lot of hard work and hardware to back up this talk.

Robert Lee doesn't have to wait for a big dam to start growing. Every time somebody fixes up a building, expands his business, hires another hand, brings in another customer by thrifty and judicious advertising, he is building the town.

Confidentially, we believe an upward trend has already begun here.

Now, now, Mrs. Fay Roe, who's doing the reporting around here and who's being reported? Well, maybe we ought to get the reporter reported now and then, but don't let's have the reporter to bake a demonstration cake or the likes of that.

About Edith's Annual Homecoming—Next Year Will Be Twenty-Ninth

Mrs. W. D. Powers of Paducah sent in her subscription to the Observer, with a letter mentioning the Edith Homecoming and said if it had been in the paper a week earlier she could have come.

Maybe the editor and the committee can get together a little earlier next year. We inquired several weeks in advance, but couldn't get definite word on it. At this year's meeting, the word was made definite. IT WILL BE next year, Mrs. Powers.

Incidentally, the other day among the old papers we found the Observer of November 8, 1935, and quote here from one of the stories that ran in it that week:

"The first event of its kind in Edith community, the homecoming for that section of Coke County is scheduled for next Sunday, beginning at 10:00 o'clock and running through the day."

So next year's homecoming will be the 29th, as we figure it.

—Editor

SOPHOMORE CLASS OFFICERS

The Sophomores of Robert Lee High School have met and elected officers. They are: Mary Wojtek, president; Terry Thetford, vice president; Kay Havins, secretary-treasurer; Linda Heuvel, reporter.

The student council representatives for the sophomores are Dawn Boykin and Charles Askins. Mr. Garland Davis is sponsor.

TO EVERYONE AT SILVER

The Silver Lions Club voted at their meeting last Tuesday to take Observer subscriptions as a project for raising funds for their community and benevolent activities.

Fifty cents of each subscription, new or renewal taken by the Lions will go to the club for whatever purpose they choose. The Observer has not sent out notices to Silver people whose subscriptions expired recently, in view of the fact that the Silver people might like to give their subscriptions to the Lions.

Members of the club who call on you will have access to a copy of our mailing list showing dates of expiration. If you find any error in the expiration date, all you have to do is just to tell the one who calls on you.

Here at the Observer we will take your word and his word with-

out any question. Mistakes happen in booking up subscriptions and getting the mailing stencils marked up.

We are glad to have this part in the fine work being done at Silver in community projects, and to have the Silver Lions represent us in this way.

It has been a pleasure to serve you as your home paper, and we want to continue these weekly visits in homes now getting the paper and also to serve those of you who haven't been taking it.

Mrs. George Fugate will continue to write your news. Do not hesitate to call her at 453-3313 when you have something of interest, or drop it in the mail.

When in Robert Lee, come to see us at the Observer office.

Sincerely yours,
The Robert Lee Observer

Silver News

By Mrs. George Fugate

Mrs. Jerry Eubanks and Mrs. Billy Jones were special guests at a dinner, hosted by the Men's Bible Class of the Highland Heights Methodist Church in Sweetwater.

Accompanied by Miss Gayle Conley, the two ladies presented a musical program for the group.

Plans concerning the new program change, effective Sept., 1963, were discussed at the Girl Scout Neighborhood meeting last week. Mrs. Jerry Eubanks, Neighborhood chairman, presided at the meeting. The troops were organized and the following leaders selected: Mmes. Lil White, Jan Folsom, and Doris Weatherbee as 2nd, 3rd and 4th grade Brownie leaders; Sarah Davis, Marie Jameson and Frances Denman as 5th, 6th, 7th and 8th grade Girl Scout leaders; Mary Fugate and Sitter McCabe as Senior

leaders. The troops will start their weekly meetings the first week in October at the Girl Scout Hut.

Mrs. Gail Brown is spending a few days in Austin visiting her two sisters.

Eight-Man Contest

Silver and Sterling City football fans watched a very exciting game last Thursday evening at the Silver School Stadium. The eight-man game ended without either team scoring.

The Silver Indians will travel to Ballinger the 27th.

Cheerleaders for the Junior High team are Gayle Conley, Rhonda Gartman and Susan Newell.

Seventeen Girl Scouts and their leaders were guests at a "Viewing Party" Sept. 24 when CBS presented the hour-long special TV program of the Golden Anniversary Girl Scout Senior Round-up. Refreshments were served by Mrs. J. P. Jameson, hostess for the occasion.

Miss Yvonne Hibbinbotham is spending two weeks with her parents, the O. W. Higginbothams. Yvonne is a registered nurse at John Seeley Hospital in Galveston.

Mrs. Clarence Haigood is visiting her son and daughter-in-law at Rockport.

Mr. and Mrs. W. P. Hughes of Juarez, Mexico, were recent guests of the Bob Hughes.

8 and 9th Grades Elect Officers

The eighth grade officers are: President, Larry Paul, vice president, Donnie Higginbotham, secretary-treasurer, Debbie Hines; reporter, Susan Newell, class favorites, Jeannie Sirius, Debbie Hines and Donnie Higginbotham.

The ninth grade officers are: President, Gayle Conley, vice president, Robert Jameson, secretary-treasurer, Mike Conner; reporter, Brenda Jameson; class favorites, Brenda Jameson and Mike Conner.

New Date Set for Oral Vaccine Sunday, Sept. 30, is the new

The Observer, Robert Lee, Texas

Sept. 27, 1962

date set for Sabin Oral Vaccine Day at Silver and Mitchell County. Type I will be given that day, followed by Type II, Nov. 11.

Announcement giving the go-ahead sign came from Dr. Kenneth Cowan after the Texas State Health Department strongly recommended the continued use of Sabin Vaccine.

The postponing of the date was, doctors here and everywhere explained, for the the sole purpose of being sure. Sure that highest national, state and local authorities find Sabin oral vaccine as given in this country completely safe. Safe and effective, authorities have found this to be true.

This is the statement the State Health Department issued: "Sabin Oral vaccine Type I and II are licensed and effective and members of this group feel that their use should be endorsed and encouraged by local medical authorities."

"Type III vaccine is also a licensed and effective vaccine and should be used with infants, children, and the entire population when in the opinion of local medical authorities the presence of Type III polio constitutes a threat to the community."

Local doctors have announced no plans for giving Type III under the present plan for county-wide immunization. Their chief concern is that this area's people be assured, then re-assured about Types I and II.

Remember the date — Sept. 30 from 12 p.m. to 6 p.m. at the Silver School Cafeteria. Nurses will be in charge at Silver and a doctor directing the program.

'63 CHEVROLET IMPALA SPORT SEDAN

Tomorrow-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors . . . plus a lot of invisible ways to keep it looking and running like new when a lot

IT'S EXCITING!

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting . . . self-adjusting brakes . . . Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

GO CHEVY II for '63-IT'S EXCITING!

'63 CHEVY II NOVA SPORT COUPE

GO CORVAIR for '63-IT'S EXCITING!

'63 CORVAIR MONZA CONVERTIBLE

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

The Texas Experimental Ranch near Throckmorton will conduct a field day on Thursday, October 4, for operators in this area that would like to view some of the work they are doing. Grazing management is the study that is emphasized most in the program. Also mentioned is the suspension system of fencing that is being used on the ranch.

They will have an interesting

and worthwhile program planned. If you would like more information on the program, give us a ring.

In writing about 4-H activities last week I left off Bucky Sparks. Bucky is feeding lambs with his brother, C. L., one of the Robert Lee FFA chapter members. Also, added to the list is Roy Lee Baker of Tennyson, feeding two lambs.

The San Angelo Show directors have reinstated the Range Ewe lamb class in their show. We hope to have several club members in this program. The range ewe lamb class draws a lot of interest at the show, and it gives a rancher, boy or girl, incentive to produce better, higher producing sheep. James Bird Pentecost plans to have an entry there and we hope others will as the educational values of the program are recognized.

Ben Boykin, Fred McCabe Jr. and Francis Seltz are doing some late season spraying of cotton. In addition to the normal purpose of controlling weevils they are looking to the future believing that the fewer weevils they have left in and adjacent to their cotton fields, the fewer they will have to contend with early as overwintered weevils next spring. We are optimistic about this approach, but will wait for the outcome before making any claims. This practice, along with early stalk destruction (before the weevil has a chance to fatten and hibernate) has shown promise in the El Paso valley. We believe it will help here also. But we hope we can make a more concrete appraisal as we get into the cotton season next year.

Fall armyworms, which develop best during cool, wet weather, are being reported in many areas of the state, according to the Extension Entomologist.

The worms which feed primarily on pastures, lawns and native grasses during this part of the year, may later become a problem on small grains. They probably cause more economic damage to fall planted small grain, grain sorghum, and Bermuda grass in Texas than to any other crop.

The worms eat the forage and tender stems of the plants they attack and cause whitish patches in fields of grain or pastures which are the first signs that worms are present.

The adult moths are active in the late evening and at night and females usually lay eggs in masses of 150 on blades of grass or on the eaves of houses, since they

are attracted to light.

The young larvae hatch in two to four days but the young larvae are not usually noticed until they are 1 to 1½ inches long. Larvae feed for about two or 3 weeks and pupate in the ground, completing a life cycle in about one month.

For the best control of the fall armyworm, insecticides should be applied at the first sign of an outbreak and when the worms are small. For information on their control, copies of MP-339, "Texas Guide for Controlling Insects on Sorghum, Small Grain, Corn and Grasses" are available from the agent or the Agricultural Information Office, College Station, Texas.

Coalsons At Reception Honoring Ruth Gray

Mr. and Mrs. Frank Coalson were among the 270 guests attending a reception in San Angelo Sunday afternoon honoring Miss Ruth Gray, librarian at San Angelo College for the past nine years.

Miss Gray has accepted a position of assistant cataloger at the North Texas State University in Denton, and is reporting there immediately. This farewell occasion was held in the home of Mrs. Ralph A. Stewart at 2525 Oxford with Mrs. Estill Bludworth, Mrs. Earl Heddins, Miss

Dora Mae Kelly, Mrs. Vetal Flores, Mrs. Arthur Martin, Mrs. Percy Pace, and Miss Ethel Taylor as co-hostesses.

Reports, recommendations and elections of officers will highlight the Annual Home Demonstration Council meeting on Friday, October 5. The meeting date was changed due to conflicts in my schedule. Mrs. R. L. Page is council chairman. Others to appear on the program will be delegates to the State T.H.D.A. meeting. These ladies, Mesdames Pat Rives, Page and Marguerite Galey, will highlight their trip to the meeting. All club members and visitors are invited to attend.

Home Demonstration Food Leaders were in Friday afternoon for a training meeting on "Varying Ground Meat Dishes." These leaders will give the program in their local clubs in the next few weeks. Leaders in attendance were Mesdames LeDrew Arrott, O. R. McQueen, Tom Rives, Glenn Waldrop, Sherman Williams, Floyd Harmon and Dale Wojtek.

All girls 4-H clubs are being re-organized at this time. Prospective adult leaders are being visited to get the Foods Unit groups started. I now have two Foods Leaders in Bronte and three in Robert Lee. More are still needed! I can't think of any work any more important than what could be done with a group of girls in such work. I hope I can get some interested ladies to answer my S. O. S.

While in Bronte last week I saw Mr. Bird and Mr. Ogleseby chatting over their lunch. Others seen in the same place were Mr. and Mrs. J. F. Hughes and Mr. and Mrs. Bob Wilson. These were not the only ones seen in Bronte, but just a few! Enjoyed a nice H. D. Club meeting in Mrs. Hughes' home that afternoon.

Schedule:
Thursday, Sept. 27, A.M., Office; Friendship H.D. Club.
Friday, Sept. 28, A.M., Office; 1:30 p.m., Council Yearbook Committee.
Monday, Oct. 1, Office.
Tuesday, Oct. 2, Office.
Wednesday, Oct. 3, Office.

PATCHWORK PRINT — The trim uncluttered shirtwaist dress takes on new interest in a popular Tydee printed cotton of black, green, and brown tones. The fabric bears a Sanforized-Plus tag, meaning it's wrinkle free and shrinkproof and needs only a bit of ironing after washing.

Two Hundred Robert Lee People Invited As Symphonic Guests

Free tickets to the opening concert of the San Angelo Symphony Orchestra Monday, October 15, at 8:15 at the Municipal Auditorium in San Angelo, were left in Robert Lee last week by John E. Robbins, Jr., and R. L. Cole. Mr. Robbins is president of the Symphony Society which sponsors the orchestra.

The Symphony is in its 14th season. Dr. Eric Sorintin is conductor.

Those wanting to take advantage of this offer may get their tickets through the school office,

as they were left in charge of Supt. Dorman Thomas.

Mr. Robbins and Mr. Cole challenged Robert Lee to have more present than any adjoining town. Both children and adults may have tickets.

FFA OFFICERS

When the Robert Lee FFA elected officers, Dwain Walker, a senior, was named FFA President, Bobby Blaylock Vice President, Dick Waldrop Secretary, Terry Thetford Treasurer, Ben Boykin Reporter, Phil Louder Sentinel, and Bob Cox Advisor.

Progress means people working and getting somewhere with it.

Rites Held Here Wednesday for Mrs. Murphy, 68

Funeral services for Mrs. Debbie D. Murphy, 68, were held at 4 p.m. Wednesday in Bronte First Baptist Church. The pastor, Rev. Murrell Johns, and Rev. Lester Vinson of Fort Worth, former pastor here, officiated. Burial was in Robert Lee cemetery under direction of Clift Funeral Home.

Pall bearers were Tom Green, Jack Corley, Robert Brown, Roy Baker, James Arrott, all of Tennyson, Lester Webb, James Wells and E. F. Glenn.

Mrs. Murphy died at her home here late Monday, Sept. 24, of a heart attack. She had been in ill health for a number of years but her death was unexpected.

She was born Feb. 6, 1894 in Coke County, the daughter of the late Willie and Lizzie Gunnels. She was married July 27, 1913 to Ben Murphy. Mr. Murphy died in January of this year. The Mur-

phys lived and farmed in the Robert Lee and Tennyson areas for many years but had moved into Bronte upon retirement.

Survivors include six daughters, Mrs. R. Q. Kinney of Globe, Ariz., Mrs. Miles Clark of Palmdale, Calif., Mrs. Dorit Smiley of Dimmitt, Mrs. Ray Johnson of Kansas City, Kans., Mrs. Jack Sharp of Seminole and Mrs. Marvin Corley, Bronte; four brothers, John and Wyatt Gunnels of San Angelo, Evan Gunnels of McCamey and Ben Gunnels of Roswell, New Mex.; one sister, Mrs. J. D. Elkins of Brady; 17 grandchildren and five great grandchildren.

—Bronte Enterprise

Peck Havins, 57, Dies In California

Weldon Edward (Peck) Havins, nephew of Fern Havins, died August 6 at Coronado Hospital in Coronado, California.

Born October 28, 1905 in Robert Lee, he was the son of Roth and Kate Havins, both now deceased. His widow, Iva, one son, Weldon, Jr., and one daughter, Patricia, live in Coronado. Another daughter, Mrs. Shirley Beldon, lives in Anderson, California. Another son, William Harris Havins lives in Wharton, Texas.

He is also survived by three brothers, Troy B. Havins of Escondido, California; L. E. of Santa Susanna, Cal.; L. H. of Coronado, California; two sisters, Mrs. Inez Congrove, Siloam Springs, Arkansas, and Mrs. Melba Corribeau of Globe, Arizona.

Burial was August 10 at Oak Hill Memorial park in Escondido.

FRIENDSHIP CLUB TUESDAY

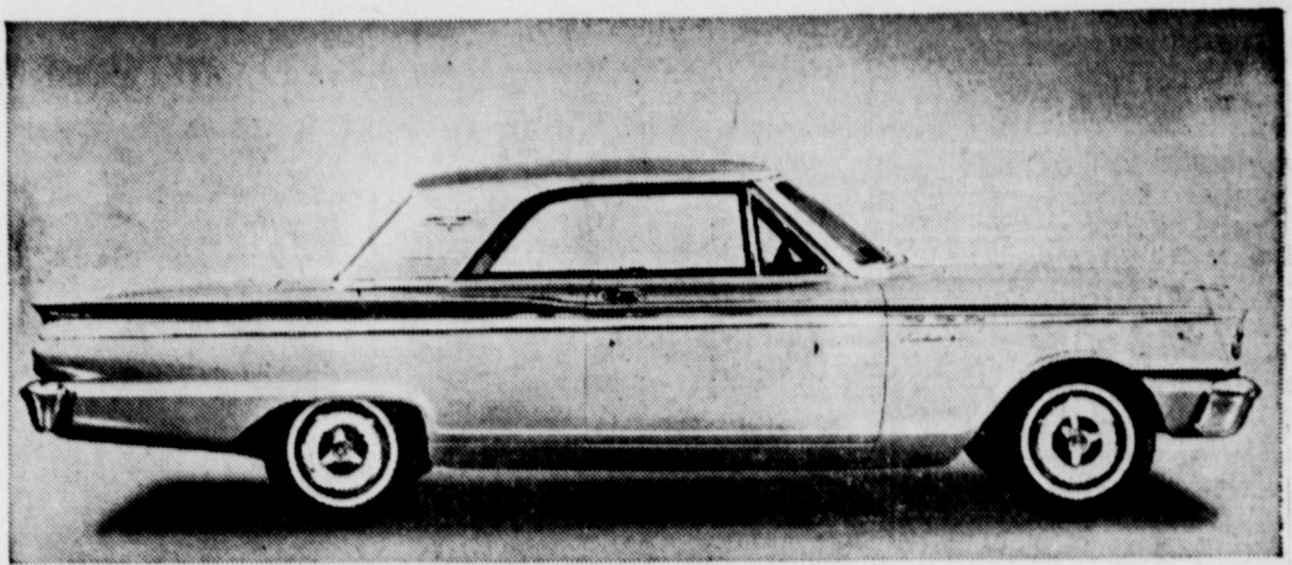

The Friendship Home Demonstration Club is to meet Tuesday with Mrs. J. B. Robertson hostess.

Officers for the coming year, elected last week, are: Mrs. W. H. Robinson, president; Mrs. A. D. Fields, vice-president; Mrs. Tom Rives, secretary-treasurer; Mrs. Lynn May, reporter; Mrs. Linzy McDorman, council delegate; and Mrs. Lowell Blankenship, alternate delegate.

Refreshments were served to ten members and one child.

Cumbie Ivey Sr. is reported doing well following surgery early this week.

Children's Dresses, size 3 to 14, 2.98 & 3.98. Children's corduroy Capri pants, 1.98 & 2.98. Roach Dry Goods.

Two completely new hardtops and three new station wagons have been added to Ford's Fairlane series for 1963. This Fairlane 500 sports coupe with its Thunderbird styled roofline, features a full-length console separating luxury-styled bucket seats, and a color-keyed interior.

Engineering advancements and modern production techniques have eliminated the need for a 1,000-mile inspection, and increased major chassis lubrication intervals to 36,000 miles, with minor lubrication intervals of 6,000 miles. These are only two of the many service-saving items designed into all Ford Division cars except club wagons and buses for 1963.

Fairlane hardtops, station wagons, and sporty sedans will go on display in dealer showrooms on Friday, September 28.
