The World As We See It

(By the Editor of the Observer)

The Civil War was fought by two classes of people—those who wanted to change things too fast and those who didn't want to change fast enough.

So they got out and killed each other for four long years.

If it is right and the real, abiding law of the land demands it, the people of Mississippi and other states of the South will finally come around after awhile and let negroes into their university.

They are Americans. Americans have to be won over to different view points. For the Federal government to force states to submit against their will is to deny the first principles of what we like to call Democratic government.

The people of the South have spent millions building schools for negroes. Those Christians who believe they should go further and admit negroes to the white schools should exercise some Christian patience. It is not Christian to put a bayonet to people's throats, even to make them do what we think is right. It is not American. You cannot come in from Washington, arrest and imprison the elected officials of a state without doing violence to our whole people.

It is not wise socially or politically. If we think the people of Mississippi are wrong, we have worse wrongs in the world almost as near in Cuba. Are we going to use the U. S. army, air force,

Continued on Page 2

Steers Out Front In Class B, Meet Iraan

Rated the number one Class B team in the area, with 3 won, none lost, 1 tied, the Robert Lee Steers travel to Iraan Friday of this week, entertain Ozona at Robert Lee on Oct. 12, have an open date on the 19th and on the 26th play their first 8-B conference game with Hermleigh at Hermleigh, after trouncing Sands here last Friday 48-8.

The Sands Mustangs made a strong try at the outset and made the Steers buy their points, but were outrated from the start. In the first session, Quarterback Comie Hallmark threw a pass to Halfback Phil Lowder for 41 yards

and a touchdown. A pass from Terry Thetford to Derwood Coalson for the extra points was incomplete.

In the second, Lowder scored on a 41 yard reverse play around left end. Key blocks were thrown by Derwood Coalson and Lynn White. Rusty Dodson made a line plunge for the extra 2 points.

Comie Hallmark scored on a 34 yard keeper play and threw a pass to Lowder for the extra points.

In the third, Dodson went off left tackle for a touchdown. Terry Thetford against tried to find Derwood Coalson in the end zone for the extra points, but it was incomplete.

Dodson went around right end for a touchdown. Eddie Parker tried a run through the line for the extra points, but was stopped short of the goal.

In the fourth quarter, Dodson plunged 1 yard off left tackle for a six count, and Hallmark skirted left end for the extras.

Terry Thetford passed to Comie Hallmark for a 32 yard air goal, but Thetford's extra point pass to Dennis Gartman was incomplete.

Downfield blocking by Bill Roach and Derwood Coalson was again given high rating, while Roach, Terry Thetford and Comie Hallmark were cited for strong defensive tackling.

Coaches commented that the entire Steer squad displayed fine spirit, hustle, determination, and desire. Every boy suited up saw action, they said, and gave a good account of himself.

Score: Robert Lee Steers 48; Sands Mustangs 8.

Statistics

10	First Downs	6
256	Rushing Yardage	-1
76	Passing Yardage	80
3 of 6	Passes Completed	7 of 16
3	Passes Int. by	0
0	Punts, Average	0
2 for 22	Penalties, Yds.	6 for 50
2	Fumbles Lost	2

The local team tied Menard 6-6 here, took Eden 62-14 at Eden, and Melvin 18-8.

8-B conference teams they will meet after Hermleigh are Trent, Loraine, and Bronte.

Hawley Allen Has Injury in Accident

H. C. Allen Monday afternoon about 5 o'clock was struck in the face and eye by a chain with which he was working.

Rushed to the hospital, he was reported Tuesday in danger of losing the left eye.

Mr. Allen was working with the door of the garage at his home when the spring with metal and chain attached flew out and struck him, breaking his glasses and driving a piece of glass into his left eye.

Mrs. Gerald Allen, who had just driven up rushed him to Coke Memorial Hospital, where Dr. John McDaniel administered first aid, removed the glass, and advised he go to San Angelo for more specialized treatment.

He is reported doing very well following an operation in the effort to save the eyeball, though sight in that eye, in which vision had formerly been poor, will be completely lost.

WTU OPEN HOUSE TO BE HELD HERE FRIDAY

West Texas Utilities in Robert Lee is holding open house Friday afternoon from 2 to 5. The company's home economist will demonstrate cooking on electric stove, and several new appliances will be shown, according to W. D. (Dub) McAdams, local manager.

Cookies and coffee will be served.

County Farm Bureau Convention To Be Held In Robert Lee October 16

At a directors meeting Tuesday night in the Farm Bureau building at Robert Lee, plans were completed for the annual Coke County Farm Bureau Convention, to meet at the Robert Lee High School auditorium and cafeteria building on October 16.

Bible Well at Sanco Awaits Allowable

Standard of Texas new well on Bible land just west of Sanco is apparently good, with 155 barrel potential test, and waiting now for allowable.

Flowing pressure is 300 pounds, about normal for the Sanco field.

Load oil was recovered soon, and tanks have been set.

The Dual Drilling Company rig, which drilled this well, is still stacked at the location.

This well is between Sun production on the Meneille lease and the Sanco townsite. There has not been any well drilled on the Sanco townsite, and owners of the town acreage are still awaiting word as to the pooling of their land, which presumably will be pooled either with one of the Marvin Simpson wells or with the Bible well.

(Note: After reading the editorial at the top of the page above in the proof, we want to make it clear that guns, mobs, riots, or confronting officers of the law under orders with demonstrations or riots of any nature are not any solution to whatever ills may beset us. Civil war would mean the end of all our hope as free people for many, many years, as we see it.)

WTU Figures Show Robert Lee Growth

According to records in the local office of West Texas Utilities as of Sept. 25th, there are 450 connects in the city of Robert Lee, as compared with 432 on the same date in 1961.

This reflects an increase of 18 consumers, including residents and business establishments within the city limits and those just outside the city limits.

W. D. McAdams, local WTU manager, expressed the opinion that this is the largest number of consumers of electricity Robert Lee has ever had, including the time of the oil drilling boom.

Also, residences being served

Company's Failure To Supply Vaccine Causes Delay Here

Vaccine for oral immunization in Robert Lee may be available early in November, according to Dr. John McDaniel.

The company from which the vaccine was ordered did not have it available, Dr. McDaniel said. Evidently some firms cut back orders when the question arose as to safety of the vaccine, and this particular concern assumed that the order for Robert Lee was cancelled.

average better and more permanent in their construction, with many new buildings built in recent years.

The 1950 census showed Robert Lee with 1,069 population, including residences just outside the city limits, Mr. McAdams, former mayor, pointed out. But the 1960 census, showing a loss of about 70, was confined to those inside the city limits.

Mr. McAdams estimates that the population is as large or larger than it was in 1950, if figured on the same basis, including those on Mountain Creek outside the city limits, and the J. F. McCabe and Victor Wojtek and other residences just outside the municipal boundary.

With the building of the new power plant on Oak Creek and the new highline construction under way now, Robert Lee is assured of ample voltage for all present needs, with enough reserve to take care of considerable industrial use here.

Asked if a new plant locating here could be sure of getting electric power to run it, Mr. McAdams said,

"We would get it to them."

Wink Test Sits Between 3 Drys

Lipan Oil and McAlester Fuel Company of San Angelo No. 1 Leslie Wink was drilling early this week after spudding in Sunday night.

Location is 660 feet from the north and west lines of 344-1A H & TC. It is about a mile northeast of the Wink dwelling and at about a center point between three wells formerly drilled and abandoned.

Dugger and Herring of Abilene are the drilling contractors, and the test is scheduled for 7,000 feet.

The area is bounded by the well drilled and abandoned on the Tyler Ranch about 2 miles to the SE, one on Velma Denman land 2 miles to SW and one on T. W. Whiteside land 2 miles to the NW.

Community Calendar

The Coke County Farm Bureau Convention is set for Tuesday, October 16 at the High School Building in Robert Lee.

The Coke County Game Management Association will hold its annual meeting at the park in Robert Lee on October 13, with barbecue to be prepared by members of the Board of Community Development.

The Quarterback Club is to meet every Tuesday night, instead of alternating Monday and Tuesday.

CITY SECRETARY HAS ARM BROKEN IN FALL

Mrs. Betty Ferrell is typing one-handed this week at the Robert Lee City Hall, as her left arm and hand recover from broken bones sustained in a freak accident while in Midland recently.

She had accompanied Mr. and Mrs. T. M. Wylie for a visit with Mr. and Mrs. Tom Brown, and while the family were enjoying an outing in the back yard she fell while walking across the grass.

MRS. ALLEN IMPROVING

Mrs. O. E. Allen, visiting with her daughter, Mrs. Wayne (Curly) Russell at Colorado City, is improving after suffering a recent heart attack.

Kick-off Breakfast For Boy Scout Fund is set for October 16.

GOVERNOR PRICE DANIEL hands his proclamation of National Fire Prevention Week, October 7 to 13, to Fire Chief W. E. Zorn of Del Rio, Texas. Zorn is president of the State Firemen's and Fire Marshals' Association of Texas. Members of the state board of insurance, the state fire marshal and Austin fire marshal look on while the governor serves the proclamation.

THE WORD AS WE SEE IT —

Continued from Page 1

paratroopers and marines to do away with all the wrongs in the world right now?

That would be a tough assignment.

If the abolitionists had been willing to use persuasion and to keep preaching their doctrine for ten more years in 1860 slavery could have been peacefully done away with in America as it was in England.

This is no time for a repetition of the carpetbagging days. If there are Baptists, Methodists, or Presbyterians in Texas who believe their brethren in Mississippi are living in sin, then let's send missionaries, not tear gas.

We have had too many people in other sections want to Christianize the South with paratroopers, marshalls, and court orders.

It will never be done that way. But the United States of America can be destroyed that way.

The lot of the negro would have been much better in the 1880's if the Civil War had not been fought and the emancipation accomplished by the longer peaceful processes of government. The lot of the negro in the 1980's will be far better socially, economically, and politically, if peaceful processes are continued.

He will not be helped by forcing his way into and among a people angered and resentful.

Reformers who can't wait have always become Hitlers or revolutionists, turned into killers.

To come in from Washington and arrest and imprison the officials of a state would create far more problems than it would remedy, both for the state and for the nation.

That kind of mechanics is like trying to repair a short with a sledge hammer.

Local Ranch Man Saw Hay All Over South South Dakota Country

Jeff Blair, Arledge Ranch Foreman, got back early this week from hauling 55 Debouillet bucks in a pick-up and trailer 1,200 miles to the Arledge Belle Fourche Ranch in South Dakota and their ranch at Milliron in Montana.

Jeff brought 8 head of horses back.

The country up there is in fine shape, with ranchmen cutting hay all over the pastures—alfalfa and prairie hay growing unfenced. Jeff said it looked like he saw enough hay up there to build a fence around Texas ten feet high, and through Colorado was hardly ever out of sight of more hay.

While considerable sheep live in the South Dakota-Montana country, it still is pre-eminently a cattle country.

Mrs. Richard Slack of Rome, Georgia, and Mrs. T. B. Akin of San Angelo were Sunday guests of Mr. and Mrs. Sam Powell. Mrs. Slack is a niece of Mr. Powell, Mrs. Akin a sister.

CONTROL ROOM W.T.U. OAK CREEK PLANT

DATA LOGGER

CONTROL!

ELECTRONIC SCANNING SYSTEM

Every minute of every hour of every day the "data logger" at the WTU Oak Creek plant scans the condition of all electrical and mechanical equipment. From the tiniest malfunction to a major emergency is noted and timed on the recorder to the left. The recorder on the right types the daily log.

The electronic scanning system, or brain, at Oak Creek is a major factor in helping to locate trouble whenever the data logger indicates something is wrong. The scanner also serves as a good news panel to say "all is well." It's just part of WTU's equipment complex ...HELPING YOU LIVE BETTER ELECTRICALLY.

County Agents News Column

By STERLING LINDSEY

Coke County 4-H Club members made a creditable showing in the Store Area Gilt and Boar shows held in San Angelo Saturday. Bob and Jimmy Wells, sons of Mr. and Mrs. James Wells of Bronte, placed second and first respectively with their gilt and boar in the five county contests. They competed against entries from Runnels, Tom Green, Glasscock and San Saba counties.

In the county gilt show that preceded the Store area shows, Bob Wells exhibited his gilt to the number one spot. Placing second and third were Sharon and Rebecca Walker, daughters of Mr. and Mrs. D. J. Walker Jr. of Robert Lee. David Scott, son of Mr. and Mrs. Darwin Scott of Bronte, exhibited the fourth place gilt.

Hulan Harris, area supervisor

of vocational agriculture, area II of Texas and formerly of Robert Lee, judged the show.

The list of lamb feeders continues to climb. Four more 4-H club members joined the ranks since last week. Connie Blaylock and Buzzie Wojtek, of the Robert Lee 4-H clubs are now feeding lambs, while two of the Bronte members, Danny Parker and Wesley Ash placed lambs on feed.

National Fire Prevention Week

National Fire Prevention Week starts next Sunday, Oct. 7. I hope that everyone recognizes the costs from fire to our county each year.

Much of our losses could be avoided if more caution and care, more prevention, were exercised.

Our nation lost 11,700 human lives to fire last year. More than half of them — 6,100 — occurred in dwellings. About 800 people die every year in farm fires — most of these, too, in homes.

The National Fire Protection Association made a study of fires

in family dwellings during 1961 in which four or more lives were lost. They found that four out of five of the victims were children under 15. Nearly half of those children were under four.

One family of nine died when fire destroyed their home. That fire was discovered while there was still time to escape and every bedroom had a door opening directly outside — yet not one got out alive.

In none of the fatal fires in dwelling last year did the family appear to have an escape plan to use in case of fire. They also lacked any fire detection system. Their neighbors were equally unprepared for rescue work in fire emergencies.

The most dangerous hours for fires were between midnight and 6:00 in the morning — the hours of deep sleep. Most victims were on the ground floor and nearly 80% were in their bedrooms when fire was discovered. Delayed discovery was a factor in 95% of

The Observer, Robert Lee, Texas

Oct. 4, 1962

these fatal fires.

Nearly half of home fires originated in the living room. About one-fifth originated in kitchens, one-seventh in bedrooms.

The winter months are most dangerous, with nearly twice as many deaths in December and January as in other months. This points up the need for training children for fire emergencies before the winter heating season begins. All of us can exercise more caution.

EDITH HOMECOMING 1963

Since 1935 Edith Homecoming has been held on the third Sunday in August. Those who have an active part in planning, say it will continue on the same Sunday, which will fall on August 18, 1963.

Progress means people working and getting somewhere with it.

POLIO VACCINE POSTPONED

It seems the polio vaccination originally scheduled for Friday and Sunday was postponed, due to an insufficient supply of the vaccine here.

Mrs. Burroughs Burial Wednesday At Cemetery Here

Funeral services for Mrs. John Burroughs, 88, former resident of Coke County, were set for Wednesday afternoon at four o'clock in Johnson's Funeral Home, San Angelo, burial to follow in the Robert Lee Cemetery, the Rev. Fred Hammer officiating.

Mrs. Burroughs died suddenly at her home in San Angelo Monday morning. Friends said she had been feeling well and was preparing to go riding, when she complained of feeling dizzy, and passed away shortly thereafter.

Survivors are her husband, John Burroughs, and two daughters, Mrs. Wanda Voss and Mrs. Mary Beth Dendy, both of San Angelo, 15 grandchildren, and 35 great-grandchildren.

Mr. and Mrs. Burroughs reared 11 children, all but two of whom are deceased. They lived for many years in Wildcat community, then moved to the farm on the Divide where they made their home until moving to San Angelo, where Mr. Burroughs operated a meat market and cafe for some time.

Mrs. Burroughs, a Texan for 76 years, moved from Rayville, La., to Commerce when she was 12 years old. She moved to Coke County with her sister, Mrs. Frank Pritchard, in 1889.

In 1890 Mrs. Burroughs, the former Betty Hines, married John Burroughs at the old town of Hayrick.

Mr. Burroughs took up school land on Red Bluff Draw off Chalk Cheek in Coke County.

They moved to San Angelo in 1922 and have lived there intermittently since, their home being at 1408 Walnut St.

Mrs. Burroughs was active in the First Methodist Church. She had been a member of the Rebekahs for many years and was a charter member of the Canton Auxiliary.

Pallbearers will be Fred Branton, Frank von Rosenberg, B. H. Willis, Bill Asbill, Cecil Lacy and Lawrence Champion, all of San Angelo.

A-B Billy R. Ledbetter

Ledbetter to Train for Radio, Radar Specialist

LACKLAND AFB, Tex. — Airman Basic Billy R. Ledbetter, son of Mr. and Mrs. Clifton M. Ledbetter, Robert Lee, Tex., is being reassigned to Keesler AFB, Miss., for technical training as a United States Air Force radio and radar maintenance specialist.

Airman Ledbetter, who completed the first phase of his military training here, was selected for specialized course on the basis of his interests and aptitudes.

The airman is a 1962 graduate of Robert Lee High School.

Uncle, Nephew, Grandson, Great Grandson, Play For Great-Grand-Dad

An uncle and nephew combination on the Steer squad clicks when Dennis Wayne Gartman and Robert Wink team up in a play.

With the uncle smaller than the nephew, the two looked forward to the day when both would play with the Steers.

Robert plays in the backfield and Dennis is an end in the line.

E. H. Wink, grandfather of Robert and great grandfather of Dennis watched the game at Eden. Mr. Wink, father of Leslie Wink, is 82, lively at that, and greatly enjoyed watching his grandson and great grandson play in the same game.

OBSERVATIONS

When you watch the football game, never forget, if the line wasn't there the backs couldn't run with that ball.

Among the Men

Arnold Samuelson, who calls himself a "construction stiff," has a new mimeograph with electronic stencilling device and is publishing a mimeograph sheet, "Lakeview News" in Robert Lee and distributing it to homes and businesses in the Lakeview side of San Angelo.

He has improved his technique in making pictures and uses the hit and run style of brief comment and news personals.

Early in life Samuelson started on newspaper work, but venture and adventure stirred his blood, and he was off to see those far away places, while others sweated over the copy. He and Mrs. Samuelson motorcycled through a lot of the U. S., including a turn in West Texas early in their life together, made their home in Robert Lee during the oil construction days here, and settled down in their home in the trees by the river.

Wesley Watson, one of the philosophers who used to meet at Brown and Clark Station, has not lost his interest in the affairs of state and nation.

Widely read on public questions, he gives thought to every issue that arises, and is concerned over the infringement of government on our freedom to do business in this country.

Wesley is responsible for the Observer doing away with the beautiful bouquets of Russian thistle that did adorn the premises at the front, and he did it by complimenting us on what a nice crop we had.

Silver News

By Mrs. George Fugate

Mr. Claude Walker was a recent surgical patient at the Shannon Hospital in San Angelo.

Mr. and Mrs. John Clifton and Sandra were weekend guests in the home of their daughter and family, the Martin Bowmans of Lubbock. They also attended the Texas Tech-Texas football game.

Others attending the Tech-Texas game were Paul Gilbert and son, Gil, and Wayne Goodwyn.

Debbie Hines and Cynthia Davis attended the Junior Planning Board meeting of the Intermediate girl scouts at Camp Booth Oaks, Sweetwater, Saturday. Debbie was elected vice-president of the group. Representing the Senior Scouts of Silver at the Senior meeting were Judy Kincaid and Aletris Ackerman. Fredda McCabe, president of 1961-62, helped install the new officers.

Indians See First Victory

The Silver Indians defeated the Ballinger 7th grade football team last Thursday with a score of 26-0.

Silver will be host to Colorado City, Oct. 4th, at the Silver school stadium. Coach Swinney's team has one loss, one tie and one win record thus far this season.

Mrs. Leroy Brown has returned to her home after spending several days at Root Memorial Hospital in Colorado City.

Guests in the Earl Lindsey home are Mrs. Lindsey's parents, Mr. and Mrs. Moss of Fredericksburg. Mrs. Lindsey will take the couple to Eastland and Jacksboro for a visit with old friends, before they return to Fredericksburg.

Sept. 30th was Church School Rally Day at the Silver Methodist Church. The various Sunday School classes were in charge of the evening services. Mrs. Mert Donley is church school superintendent.

The pastor, Rev. Howard Johnson, announced that Oct. 10 would be family night at the church.

Mr. and Mrs. Bob Hughes and Holly were weekend guests in the home of her parents, the C. S. Farmers of Waco. They also visited their daughter, Susan, who is a freshman at Baylor. While in Waco, the Hughes attended the Baylor-Pittsburg game.

Mr. and Mrs. Glen Hodge, Mark and Stacey of Memphis, Tenn., recently visited friends at Texas Natural camp. The Hodge's are former Silver residents.

Weekend guests in the home of the Fred Beatys were their daughter and son-in-law, Mr. and Mrs. Jimmy Crowder of Midland.

Baptist Revival

Brother David Crow announced that the Silver Baptist Church will be in revival from October 12 through October 21.

Morning services will be at 9:30 a.m. and the evening services will be at 7:30 p.m.

Rev. H. W. Bartlett, pastor of the First Baptist Church of Colorado City, will be the evangelist. Leslie Copeland will be song leader.

The pastor, Bro. Crow, and the church extend a cordial invitation to all in the Silver area to attend this revival meeting.

Sabin Oral Vaccine Day Success "Sabin Sunday" was a huge success in Silver and Mitchell County. 5,459 Colorado City residents, 1500 Lorraine residents, 412 Westbrook people and 370 Silver resident — a total of 7,741 took Type I, Sept. 30, of the pleasant

tasting Sabin oral vaccine.

Dr. Kenneth Cowan, pharmacist W. L. Doss, and five registered nurses were present at the Silver school cafeteria to administer the vaccine to approximately 95% of Silver residents. Nov. 11 is the tentative date for Type II in Silver and Mitchell County.

If there is anyone who did not take Type I in Silver and desires to — Rhode - Cowan Clinic and Rudd Clinic will have the vaccine to give you.

Dr. Cowan asked all persons, who took Type I, to send their personal physician a card, giving the date (Sept. 30, 1962) and type (Type I) for each member of the family. This will be transferred to the doctor's permanent record on each patient. This is of the utmost importance! Send a card or letter — DO NOT CALL the doctor's offices.

The cost of the vaccine and cups for Mitchell County and Silver was \$5,000. Donations from all feeding stations amounted to \$935, with Silver contributing \$95. Our many thanks, again, to the Mitchell County Medical Assn., the Silver School, Mr. Bird, for his generous publicity, and all the volunteer workers who made this

The Observer, Robert Lee, Texas

program a tremendous success.

4-H Girls Organized

The following officers were elected at the recent 4-H Girl's meeting: Nona Ramsey, president; Kay Jameson, vice-president; Joy Lowder, secretary; Donna Ramsey, reporter; and Brenda Henderson, recreation leader.

Mrs. Faye Roe, CHDA, met with the girls at the Home Economics room. Plans for meetings, food groups and the year's work were discussed.

Ben Weathers, nephew of Miss Minnie Weathers of Robert Lee, is reported doing well after being critically ill at the Medical Center in Houston. He returned by Ambulance to his home at Lake Thomas Sunday.

THANK YOU, MR. BURK

WHY INDEPENDENT THINKING

**TEXANS
SUPPORT
JACK COX**

1. His sincere concern for the well being of Texas people, plus his broad legislative and administrative experience, will bring honest, efficient government to our State.
2. He is completely honest and forthright in all his dealings... a man of strong religious and moral principles... an Elder and lay minister in the Christian Church.
3. He is a fearless fighter who will provide aggressive leadership for a growing Texas.
4. He is QUALIFIED by 6 years experience in the Texas Legislature and 6 years service on the Texas Commission on Higher Education.
5. He is CONSERVATIVE and proud of it.
6. HE IS INDEPENDENT OF WASHINGTON CONTROL... will always put principle ahead of blind party loyalty.
7. He is TRUSTWORTHY. He talks the same to all Texans in all sections of the state.
8. He is well educated, with a degree from North Texas State in government and economics... basic necessities for state administration.
9. He has a sound business and financial background... knows both labor and management problems from personal experience.
10. He has the youth and vigor to lead the fight to protect Texas State Government from Washington domination.

By FAY C. ROE

Officers were elected in the girls 4-H clubs during September. Groups were organized in Bronte, Robert Lee and Silver. A total of 75 girls enrolled. I hope to add more members as we progress through the year. During October,

the girls will be working in Foods Groups and on decorative stitches.

I visited Mrs. Lena Millican in Robert Lee last Friday, wanted to see the nice hats she is making these days. Mrs. Millican is one of the ladies who attended the hat making workshop last spring. She is using the information plus a special talent, and is

"turning out some mighty pretty headpieces!" Besides having a talent for hat design, she has a "green thumb." She has a very pretty yard and some unusually pretty flowers and shrubs.

Mrs. Lawrence Feaster displayed one of her seed pictures during the Polio Immunization Sunday at Silver. The picture was two roosters facing each other in

The Observer, Robert Lee, Texas

one large frame. It is so rewarding to see results of leader training meetings as I go around the county. Mrs. Jahew Jameson trained leaders to make the seed pictures last spring. Each club group in the county has held training meetings in the communities. A large number of the pictures have been made.

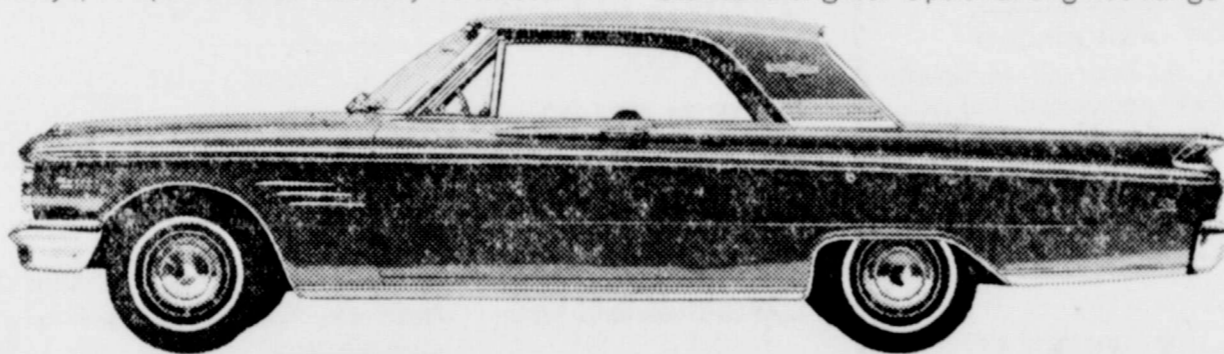

Wednesday, Oct. 3 — Office.
Thursday, Oct. 4 — Office
Friday, Oct. 5 — H.D. Council, 2 p.m.
Monday, Oct. 8 — Bronte Jr. H.D. Club — Mrs. Gene Halami-cek.
Tuesday and Wednesday, Oct. 9 and 10 — San Angelo, Foods Preparation and Management training.

BURSTING WITH NEWS... '63 MERCURYS

NEWS-MAKING ROOF FROM MONTEREY. The advantages of Monterey's unique styling go beyond its beauty. This is elegance that works. See how the recessed rear window slants inward? It stays clearer in rain or snow. On hot days, it opens for breezeway ventilation.

The overhanging roof shades rear-seat passengers from the sun, gives more headroom, keeps glare off the rear window for better rear-window visibility. More good news: a Mercury Marauder 390 V-8 is Monterey's standard engine. Optional engines range up to a Super Marauder 406 V-8.

SPARKLING NEW MODELS FROM METEOR. For '63, Meteor is the hot brand. Meteor is the sparkler with a whole new line of models in the low-price field—sleek new low-to-the-road hardtops, sedans, and three new station wagons. Feel sporty? Try the racy Meteor S-33

hardtop, with individually adjustable bucket seats, and a handy console. For brilliant performance to match Meteor's sparkle, a new Lightning 260 V-8 is optional in every model. And you save on upkeep with Mercury service-savers. Action-test the lively new '63 Meteor soon.

THE LID'S OFF COMET. Now a jaunty new convertible joins Comet's all-fun line. This sleek, rakish beauty comes in two models: the Custom and the dashing S-22, with bucket seats and optional stick shift. All Comets now have a complete package of service-savers like self-

adjusting brakes. And Comet still heads its class with the largest trunk, longest wheelbase, and best resale value record. See Comet's whole happy '63 line-up: the new convertibles, four sedans with Comet's classic roof, station wagons like the Villager. Fun-test your favorite Comet now!

COMET • METEOR • MONTEREY: PRODUCTS OF MOTOR COMPANY • LINCOLN-MERCURY DIVISION

First showing '63 MERCURYS... at these showrooms

* Lincoln-Mercury Division, Ford Motor Company, warrants to its dealers, and its dealers, in turn warrant to Mercury owners as follows: That for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers, of any part with a defect in workmanship or materials. Tires are not covered by the warranty. Appropriate adjustments will continue to be made by the tire companies. Owners will remain responsible for normal maintenance services, routine replacement of maintenance items such as filters, spark plugs, ignition points, wiper blades and brake or clutch linings, and normal deterioration of soft trim and appearance items.

EL VALLE HOLDS WORKSHOP TO PLAN FLOWER SHOW, WILL BEAUTIFY LOTS

Beautifying vacant lots of the town was a project adopted when El Valle Garden Club opened its 1962-63 season at their afternoon meeting last Thursday in the Community Hall, with a workshop on the Flower Show to be held October 27 in the home of Mrs. Cumbie Ivey.

The new year books, with the program theme "A Galaxy of Beauty" were presented by Mrs. J. D. Harmon, Yearbook Chairman. A feature is a study of landscaping, using rocks and walls.

Mrs. W. W. Smith distributed flower show schedules, the theme of the show being "A Galaxy of Flowers."

Mrs. Floyd Sims of Winters, National Flower Judge, conducted the workshop.

The club will sponsor a tasting tea to raise funds for the state headquarters building in Fort Worth and again assist McKnight's Sanatorium with Christmas gifts. Contributions for the Cancer and Heart Fund will be made and a Christmas tree erected in the Community Hall. Work on cemetery beautification is to be continued.

Mrs. Guy Burton was welcomed as a new member.

The Yearbook Committee, consisting of Mrs. Harmon, Mrs. Sam Powell, and Mrs. Sterling Lindsey, served a salad plate with coffee. Autumn colors were used in the party room with the re-

freshment table covered with burlap. A wooden Mexican salad bowl filled with dried flowers centered the table.

Officers assuming their duties for the year are: Mrs. Marvin Simpson, president; Mrs. J. D. Harmon, first vice president; Mrs. W. W. Smith, second vice president; Mrs. Sterling Lindsey, third vice president; and Mrs. C. J. Brooks, treasurer.

Here's Another Of Those Good Letters

Editor of the Observer
Dear Sir,

Please send me the Robert Lee Observer at the address below. Don't know the cost per year but if you will let me know I'll send you a check. Thanks so much.

Mrs. Jack Martin
Box 53
Pagosa Springs, Colorado

Mr. Ulmer S. Bird
Robert Lee, Tex.

Dear Mr. Bird:

Please send our Observer to 321 East Ragland Ave., Kingsville, Texas, as we do not want to miss an issue.

Thank you,
The E. C. McArthurs

Kingsville, Texas

Lunchroom Menus

Robert Lee school lunch menus for week beginning Oct. 8 and ending Oct. 12:

Monday — Baked ham, candied sweet potatoes, English peas, celery sticks, hot rolls, butter, milk, pink applesauce and cookies.

Tuesday — Pinto beans with salt pork, spinach with eggs, buttered potatoes, corn bread and butter, milk, cherry cobbler.

Wednesday — Hamburgers, lettuce, onions, pickles, buttered corn, potato chips, buns, buttered, milk, fruit cocktail.

Thursday — meat balls and spaghetti, green beans, cole slaw, hot rolls, butter, milk, banana pudding.

Friday — Bar-b-cue chicken, whipped potatoes, sliced tomatoes, lettuce, hot rolls, butter, milk, jelly and/or grapefruit sections.

MARRIAGE ANNOUNCED

Mrs. W. D. Jameson of Colorado City has announced the marriage of her daughter Alva Willie to Dr. John D. McDaniel of Robert Lee.

CRADDOCKS ACTIVE CITIZENS IN COLORADO CITY AFFAIRS

Mr. and Mrs. T. M. Wylie and Priscilla spent Saturday night and Sunday with her parents, Mr. and Mrs. J. S. Craddock in Colorado City.

Mr. Craddock, among the first West Texans in the automobile business, celebrated his 73d birthday while they were there. He is active with his hobby, woodworking, and in church and civic matters, though retired from the automobile business several years.

Mrs. Craddock is also active in social, church, and civic affairs in Colorado City, where the Craddocks entered the garage business after leaving Robert Lee.

NEW MERCURYS HERE

The new Mercury, announced in the Observer this week, is now showing on the floors of Ivey Company, with three companion models, including Comet and Meteor.

Mrs. Bert Blaylock underwent emergency surgery for appendicitis Saturday about 8 p.m., and is reported doing well Tuesday of this week.

Saturday afternoon, after lying down for a nap she awoke very ill and was brought from the ranch to Robert Lee by her son, Bobby.

G. E. (Grant) Davis was again in Coke Memorial Hospital for treatment Tuesday.

NOTICE

I will be out of town from Wednesday, Oct. 10th, until Sunday, Oct. 21. Please report any Claims to "CLAIMS ADJUSTER," Box 145, Big Spring, Texas; or Phone AM 4-5612.
