Ranch and Farm Meets Slated Here Farm Bureau Aims at Membership Goal

With 122 members in Coke County as their goal for 1962, Farm Bureau membership committee and workers made their final rounds this week to recruit new members and old members who had dropped out.

At the beginning of the week, with 112, they lacked only ten of their goal for the year.

The county convention, meeting Tuesday night next week, October 16, in Robert Lee at the high school cafeteria at 6:00 for barbecue and beans, and at the auditorium for their business session, the farm and ranch organization will be led by C. W. Hamilton of Blackwell, president.

Ralph Garvin Named Caretaker At Local Park

Ralph Garvin of Robert Lee and Edith community was chosen from 13 applicants Monday for the caretakers position at the Coke County Robert Lee Park, and will begin work there on October 15, the date R. C. (Buzz) Sawyer's resignation becomes effective.

Both County Judge W. W. (Bud) Thetford, and Commissioner Fern Havins said the selection was a hard one to make from among many capable men applying. The court, they said, took everything into consideration and did the best they could to consider all phases of the duties required.

Mr. Garvin has been working lately at various places, but has been for many years a citizen of Coke county and has made his home on his farm in Edith community.

Vice president is Frank Coalson of Robert Lee and Secretary-Treasurer Mrs. C. E. Arrott of Tennyson.

Directors in the Bronte area are Joe George Wilkins and J. B. Arrott; Blackwell, Walter King; Edith, Finis Harmon; Ft. Chadbourne, R. C. (Lum) Lasswell; Friendship, J. B. Robertson; Hayrick, Austin Sandusky; Juniper, H. H. Holland; Robert Lee, Oscar Kresta and Ben A. Boykin; Sanco, Ulmer Bird; Silver, M. C. Hendry; Tennyson, James Arrott; Valley View, James Royce Smith.

Full time field man for the West Texas area is Edward Cumble of Bronte.

The State Convention, for which delegates will be elected Tuesday, is to be held November 11 through 14 at San Antonio, with Paul Harvey as the principal speaker.

Nominating committee for Tuesday is composed of Nolan Pentecost, James Arrott and R. C. Lasswell. Clarence Arrott is in charge of barbecue, Frank Coalson, beans.

Ladies are to bring salads, cakes, and pies. Ben Boykin, Oscar Kresta, and Finis Harmon form a committee for other foods.

GOING AWAY PARTY

Jimmy and Ronnie Varnadore were honored with a going away party Friday night at the Recreation Hall.

Hosts for the party were Ronnie and Donnie Devoll and Jimmy Blair.

Gifts were presented to the honorees.

Refreshments of punch and cookies were served by Mrs. Curtis Blair and Mrs. Lendy Devoll to about thirty-five guests.

Put It In The Bank? Well!

Henry Varnadore, right, had some willing help when Dewey Gartman, left, happened along, in front of the bank building in Robert Lee one day last week.

Mr. Varnadore, long time commissioner of Precinct 1, then resident of Arkansas, and now returned to his own country, wouldn't admit visiting any distant melon patch by day or night, but affirmed to me in answer to all questions that the 70 pound watermelon pictured above grew in his own Robert Lee yard, along with seven on another vine, one of which weighed 69, another 64, and the others slightly less, unweighed.

Both the men above left Robert Lee for many years, but are back now, where you can raise a good watermelon.

Game Management at R L Park Saturday

The Coke County Game Management Association will hold its annual meeting at the Robert Lee Park on Saturday, Oct. 13. Activities are due to begin at 4:30 p.m. with a firing demonstration by Bill Vinyard and Arthur Sikes, Department of Public Safety representatives of San Angelo.

Those in attendance will be treated to a barbecue at 5:30 p.m. The meal will be served outside if weather permits. The association business will follow with officers and directors for the

coming year to be selected.

The program of the evening will be handled by Norrell Wallace, Information and Education Office of the Texas Game and Fish Commission, region one, stationed in San Angelo.

Everyone is encouraged to come early and enjoy the programs and participate in the Association business meeting. A number of out of county guests are expected to attend.

The Association will be seeking members and is anxious to have more ranchers, farmers and others interested in wildlife and wildlife conservation and management join the association. Memberships will be available at the meeting. Dues are \$1.00 per person and wives are invited to attend and become association members.

The officers and directors handling most of the duties preparatory to the big meeting are J. O. Rudd, president; Aubrey Denman, vice president; J. E. Quisenberry, secretary; Curtis Walker, precinct 1 director; E. F. Glenn, precinct 2; Finnell Smith, precinct 3; and James Arrott, precinct 4.

Heavy Rain Spots Robert Lee-Bronte Area Up to 3 Inches

Residents of Robert Lee reported up to three inches of rain Monday afternoon and Monday night.

Bronte had about the same. Bill Allen reported three inches on his river place east of Robert Lee.

J. O. Rudd said the rain was light on his ranch while Gerald Allen reported about an inch generally over his range.

There was no rain at Sanco or Silver. Robert Lee City Lake still has caught no water, while Oak Creek Lake is reported raised some seven inches.

Telling of Needs, Openings in Town

Subject for discussion Tuesday was means of getting out information to prospective residents and those who might bring new businesses here. The subject was introduced by A. J. Kirkpatrick who proposed advertising in a few papers of wide circulation of the town's opportunities and needs, particularly for a resident dentist.

Ulmer S. Bird, publisher of the Observer, announced an offer of \$10.00 in free advertising to any concern or individual starting a business in Robert Lee not competitive to businesses already established here.

Mr. Kirkpatrick was requested to give the matter of community advertising further study in behalf of the BCD.

Varnadores Sell Property Here, Move to Colorado

Ernest Varnadore and Howard Varnadore and family moved Monday to Del Norte, Colorado, where they bought a stock farm recently, and will run sheep and cattle.

Mr. and Mrs. J. E. Hollis, who have been operating the Honey Hut Cafe, have bought the Varnadore Cafe building and fixtures, and are preparing to move from the Honey Hut location to it this week.

Ernest Varnadore has also sold his farm downriver from Robert Lee, where Johnson Sand and Gravel Company is operating.

Boy Scout annual fund drive opens with breakfast at 6:30, morning of October 16.

Top - B Steers Will Face Tough A-Ozona

The Robert Lee Steers held their out-front lead in Class B West Texas football with a top-heavy 42-12 over the Class A Iraan Braves Friday.

Barring too much confidence or the occasional off-days winning teams can have, the Steers are rated a fully even chance at holding their lead here Friday with Ozona, another Class A, locally considered as tough an assignment as they are likely to have in their present schedule.

With a scrappy, tough line that worked loyally with their backs, the locals flashed more speed in the backfield and added more precision to a teamwork that has clicked throughout the season.

Coaches John Malone and Garland Davis have insisted their boys have had to earn their wins every game, and will still have to do so, but Robert Lee fans expressed confidence they have a team which, barring unexpected misfortune, stands a good chance to top District Class B and go for Bi-District in their class.

Robert Lee kept such a potent offense at Iraan that they never had to punt once. They ran away in the first half, marking up 28 to 6 at the intermission.

Rusty Dodson carried the ball 28 times for 193 yards, Comie Hallmark, 112.

Early in the first quarter when Iraan tried to kick out of a fourth down, their Glenn Robertson was

covered up as he fumbled the snapback, losing 14 yards to Iraan's 27. Dodson carried twice, to Iraan's 14, then Hallmark around left end for the first Steer touchdown, blockers doing their job, too.

Hallmark ran for two points. For the next TD, the Steers made 43 yards on running plays, Hallmark and Dodson alternating in carrying the ball, and Hallmark went over for two yards and a touchdown. Dodson hit the middle for two points.

The Braves scored in the second quarter when they got the ball on the Steer 42, and made the goal line in seven plays, Mabry going through the middle of the line for the TD.

The Steers came right back with a short pass Hallmark to Dodson, who went with it the rest of the way.

Ozona has won 2, lost 2 this season, winning over Bronte and Rock Springs. They have Penn Baggett, all-district tackle last year, and a good runner in the backfield, Halfback is Pete Montgomery.

Local coaches have viewed film of some of their plays, and it shows good passing attack, they say.

So fans are assured of their money's worth Friday night, with what is expected to be the best game of the season.

The World As We See It

The Prussians and the Russians

"Thou shalt love thy neighbor as thyself" is the supreme law of the land as handed down by the Lord Almighty. But He does not enforce that one with gun-toting officers or bayonets.

It is true that law and order must prevail. It is also true that real government of free men must obtain the consent of the governed. To send out a United States Marshall to apprehend a criminal is one thing. To apprehend a whole university or state is quite another, particularly if that state is convinced it is being wronged.

All was quiet in Pilsen. There was nobody on the streets in Pilsen. That is, except—

At several locations in town were buildings draped all over the front with some sort of red cloth. At each side of the door of each building stood a guard wearing a shoddy sort of gray-blue uniform. All I saw the guards do was stand and watch.

The communists were taking Pilsen. Our army occupied it. We had got there ahead of the Russians. Our generals did not hand Pilsen to the communists. It was done in Washington.

So nobody was walking the streets in Pilsen. The Reds were waiting.

A kind and gracious man, older than his years, his front teeth knocked out by the Gestapo who used that method to question him during the German occupation — he was district superintendent of the Methodist churches in Czecho-Slovakia—

There was nobody in the Methodist church building but us two. But he led me inside a classroom in the building and closed the door. Then we talked a few minutes. Even then he seemed to be glancing around to be sure no one heard. I handed him a few morsels from

my rations. He was to go over into Prague in Russian occupied Czechoslovakia the next day.

In parting, he clasped me in his arms, in the European manner when men greet each other affectionately or say goodbye with feeling. He had braved the Gestapo. He must now brave the communists.

Sunday the Methodist church was filled with soldiers. A chaplain preached. The soldiers filed out. A young Czech turned to me.

"There is no question," he said, "but that this country is looking East."

He hesitated a moment, then added: "But I think we shall be free."

What he meant was, "I HOPE we shall be free."

He was the grandson of the Methodist district superintendent. Of course his country was looking East. There was nowhere else to look.

The American Army pulled out. The Communists were already there. The Gestapo was gone. But the Prussian plan remained, intensified, more relentless.

Hitler was in a hurry. These people had plenty of time. They now had our district superintendent, his young grandson. Demaree Bass, correspondent, reported that with complete cooperation between the Russian and American governments a new experiment in socialism was under way in Czechoslovakia.

When the war was over at Luxembourg, the people were back on the streets, opening business, walking in parks.

When the war was over at Pilsen, nobody was on the streets. Echoing down the years is the voice of a fine young man—hoping he would be free.

Now young Czechs are in Cuba, along with the Russians, and with arms made in the big factories at Pilsen.

OBSERVATIONS

Mrs. Pat Rives, neighbor of Mrs. Frank Bryan, Sr., sends in words of appreciation, in memory of her beloved friend, from which we quote some lines, which recalling Mrs. Bryan's writing and love for those of her community and interest in each of those she knew, summed her thoughts in rhyme:

"For her neighbors she scattered sunshine.

She lived by the code she knew,

Of living and doing for others.

Her life was so good and true.

"So God's letting her write up in Heaven.

Just like she did here below.

Writing day by day about people.

Who, here in her heart she loved so."

I attended several meetings last week — all of them very interesting and enjoyable. Monday, I drove out to Mrs. R. L. Page's home for a conference with her to plan H.D. Council. It is a pleasure to work with Mrs. Page as Council Chairman. On Monday evening a group of Silver ladies met to elect officers for their H.D. Club. Mrs. Bob Duncan was elected president to complete this year and for 1963. Mrs. Rodney Boyd is vice president; Mrs. Cecil Palmer, council delegate; and Mrs. George Conner is vice president in charge of the group which will meet in the evening. On Tuesday

Seen last week! Mrs. Douglas Dittmore, in a rush! Mrs. Rudd and Mrs. Bert Blaylock able to leave the hospital, Mrs. Kenneth Lackey busily constructing a coat for her young daughter. Oh yes, I would hate to fail to say I had a nice chat with Mr. and Mrs. Frank Coalsen, Mrs. Fred Cooke during a wonderful meal in the Robert Lee school lunchroom. Hats off to those good cooks! Gladys Waldrop and Mrs. Tom Rives were there and they enjoyed the meal and visits also.

I had a conference with Miss Abby Andrews and Mrs. Ruth Clampitt Friday. They were in town for the open house in the West Texas Utilities office. JACK COX for GOVERNOR

You KNOW Where HE Stands

On Education

As Governor, Jack Cox will stand up for the right of Texans to continue to build their school facilities and improve education at all levels to suit the needs of Texas children. He will tell Washington master planners the people of Texas do not want, do not solicit, and will not accept Federal "Aid" to education.

On Industrial Development

The election of Jack Cox, a true conservative, will provide dramatic proof to business throughout the United States that Texas will have a favorable business climate. New industry will come to Texas and provide more jobs and better jobs at better pay for Texas workers.

On Right to Work

As a member of the Texas Legislature, he was one of the leading advocates of a Texas right to work law. He believes no man or woman should be forced to pay tribute to obtain or hold a job, and as Governor he will fight to keep Texas' right to work law.

On Two Party System

Jack Cox believes that continued one-party rule leads inevitably to corruption and abuse of power, increasing the cost of government and decreasing the freedom of choice. As Governor of Texas, Cox will bring a new era of political responsibility to Texas and he will lead the national Republican Party in writing a conservative platform and nominating a conservative platform and nominating a conservative candidate to lead the ticket in 1964.
