Steers Show Enough To Clear District 8B, Play at Trent Friday

The locals meet a tougher team at Trent tomorrow night. Since Loraine trounced Trent 22-8, this game will give the first real basis for comparison of the two top contenders for District 8-B title.

Lorraine won over Bronte last week, 30-6, which places them either at the top or next to the top in the district, depending on what happens from now on.

The Steers have stacked up 322 points to their opponents 21, winning all seven of their games, while Loraine has won six out of eight, but the teams have been different, and two of their wins already are conference conquests.

The Bulldogs have power in the backfield, speed, too.

If you want to get a look at how we are going to compare with them go over to Trent Friday (tomorrow night) and watch the Steers with Trent.

Due to leaving out the football page this week, our space is cut down, therefore our football report condensed, with the follow-

Begins Work Here As Administrator For Coke Hospital

R. B. Vandiver, recently named Hospital Administrator by the Board of Directors of West Coke County Hospital District began his duties at the hospital Monday morning of this week.

Mr. Vandiver has taken up residence here, and his family, consisting of Mrs. Vandiver and their four children, will move here later, except for the oldest son, George, who is in Germany with the military forces.

The new Hospital Administrator is 43 years of age. He earned his degree in Hospital Administration in Columbia University, New York, under the Navy's V-12 training program and served 8 years in the Pacific, where he was anesthetist for the 5th fleet.

He is a member of the Texas Hospital Association and of the American Hospital Association. He has served in the U.S. Marine Hospital, and at one time helped the Elks to set up their Hospital for Crippled Children at Gonzales.

The three other children of the family are two sons, Charles, 14, and Robert, 8, and a daughter, Ceres, who is attending Texas Women's University at Denton.

Born at Rome, a town a little larger than Robert Lee about 15 miles from Fort Worth, Mr. Vandiver learned to appreciate the smaller towns, and says he likes it better than in the cities.

LAST WEEK'S GAME

Robert Lee received the kick-off and White returned to the 45. With a muddy, slick ball, after one running play, there was a Steer fumble. Hermleigh recovered on the 48. They carried three plays and had to punt, Kubala kicking 27 yards to the Steer 20. With a short return the Steers started a downfield march, Coalson, Dodson and White eating out yards with quick opening holes.

Then Coalson skirted left end for the touchdown from 8 yards out, Dodson went through left guard for points, 8-0.

Robert Lee kicked off, Hermleigh ran one play, Bill Roach shook the ball loose and Sparks recovered. The Steers were driving downfield as the quarter ended.

Second Quarter

The Steers drove to the 3 yard line, Coalson went over for touchdown, Dodson for the points, 16-0.

The next drive started with White streaking through a hole over right tackle, going 29 yards to the 2 yard line, the last 10 yards with a man hanging on. White then scooted through right guard to score. Dodson skirted right end for extras 24-0.

After the Cardinals punted for the second time in the quarter, Wink dropped back and heaved a perfect strike to Nephew Gartman on the 10-yard line, and Gartman raced in for the touchdown pass

Vandiver Invites Suggestions, Ryan Luncheon Speaker

Introduced by Victor Wojtek at the Board of Community Development Tuesday, R. B. Vandiver, entering upon his work as Hospital Administrator here, said "I would like to invite each of you to come by the hospital and visit with me. Don't wait until you are sick, as I would like to get better acquainted and to know what you want in the community in regard to the hospital."

Dr. Lowell Ryan, pastor of a San Antonio church and former pastor at Sterling City, addressed the BCD on three principles of success in American life and business: Be willing to face the facts; Be willing to stand upon great and enduring basic principles; Be willing to experiment with new ideas.

Development and improvement have come, he said, by men like Edison being willing to keep on at development, invention, and discovery upon which the industrial revolution that has come along with American history has grown.

Dr. Ryan concludes a series of services at the Methodist Church Thursday night of this week.

Another guest, introduced by Gerald C. Allen was Jack May of the Mercantile National Bank of Dallas, in Robert Lee on routine banking business.

Lone Star Begins Job In Robert Lee

Jones Construction Company of Abilene moved in a complete string of equipment this week and started work in full force digging ditches and laying pipe down the alleys of Robert Lee under a contract with Lone Star Gas Company.

It is understood the contractor expects to complete the job by Thanksgiving, or at least within six weeks. Pipe was unloaded here last week.

MORE WATER IN CITY LAKE

The rain Friday afternoon raised the Robert Lee City lake 13 inches, which Mayor Robert Vaughan said would be about a winter supply in addition to what was already in the lake.

The construction crew are having to confer with home owners, as the alleys in Robert Lee have not been well defined or observed in many cases. Fences, playgrounds, chicken houses, and even one dwelling extend into the alleys, and at times the pipes go around, at times these accumulated properties are removed ahead of the ditch digging machine.

The two butane companies in Robert Lee, Coke County Butane and Butane Sales announced last week they would continue in business here with residents here making their own choice as to whether they connect up with natural gas or continue with butane.

A line from near Bronte is to be constructed to Robert Lee after the system in the town is made ready for service connections.

Spotted Rain Over Robert Lee Area Friday Afternoon

Shower clouds congregated to pour out 3½ inches of rain and some hail on Yellow Wolf Creek Friday afternoon, while over the west side of Coke County light rains and sprinkles were recorded.

The Fred McCabe Ranch in the south side of the county had 2, the Arledge Ranch in the north edge of the county a sprinkle Palmer Leeper had ¼ in, while he watched a cloud from the east join one from the west three miles south of the ranch house.

Homer Jameson got ½ inch, Robert Walker a light shower, Lowell Roane a shower, Hawley Allen Ranch 1½ inches, M. A. Cox, 1½ inches, Leslie Wink .1, Frank Tillman .7, Finnell Smith .2, Metapeake Ranch, a sprinkle.

The fall screwworm buildup has passed its peak, we hope, but this does not mean we will have no more cases this year. The latest report received stated that one case was found in Tom Green County. The week before, one case was reported from Coleman County.

The major portion of the fall buildup, however, has been south of a line from Eagle Pass to Uvalde to San Antonio, back south to the coast.

The latest report shows 377 cases confirmed in the state in the seven day reporting period. The previous week had 511 cases reported. New Mexico also had fewer cases than in the previous week.

We still need a few herds tested before we can requalify as a modified brucellosis free area or county. These we hope can be tested at the convenience of the operator during the remaining months of this year. Our certification period ends on Jan. 12.

The Coke County Stock Show directors will meet Thursday night in the conference room of the courthouse. The show date was set for Jan. 13 at an earlier meeting. Indications are that the show will be a big one as a large number of animals are being fed by 4-H and FFA members.

Rats and mice could be troublesome this winter. Cover is short, their food supplies also are short so we can expect them to move to places affording protection and food as cool weather sets in. There are several ways in which rats and mice can be combatted. Re-

moving trash piles, cleaning up around barns, then plugging, where possible, their places of entry will certainly help the situation. Also, a number of commercial products are on the market now that will control rats and mice when administered as directed.

These two rodents destroy millions of feed annually. With our feed situation as it is, we need to take precautions to prevent any further losses.

By 1975 farmers and farms will be fewer but they will be called on to produce more food for more

people. This will mean that the farmer, who is now producing enough food for 26 people, will have to increase production about 50 percent to produce food for 42 people by that year.

Here to attend the wedding of Richard (Butch) Service to Miss Glenda Dreyer, and visiting the Services were Mrs. Karen Cole from Abilene, Bill McCutchen and Mrs. Bessie Andrews from Midland; Mr. and Mrs. Wayne McCutchen and son, Richard, from Silvertown.

When a Texas town of about 4000 population gains a branch plant of one of the Nation's top manufacturers of livestock mineral and protein concentrates, it is a shining example of civic progress.

Because this is the heart of a vast market area, the Comanche Chamber of Commerce was able to secure a division of MoorMan Manufacturing Company. In its new plant, MoorMan makes a large number of products with other products warehoused

4. Plaintiff would show that he has a vested interest as life tenant in the above-mentioned mineral estate and that said mineral estate is in danger of drainage of oil, gas and other minerals, that the leasing thereof for oil, gas and mineral development and the safe and proper investment of the proceeds will inure to the benefit and advantage of the persons entitled thereto, and that it is necessary for the conservation, preservation and protection of the property of both the life tenants and the contingent remaindermen, that the mineral estate be leased for the production of oil, gas and other minerals.

5. Plaintiff therefore requests that this Court appoint a receiver pursuant to the provisions of Article 2320(c), Vernon's Civil Statutes of Texas, pending the happening of the contingency and the vesting of the future interests created by the will of CHARLES MCKINNEY, Deceased. Such receiver should be authorized by this Court to lease the above described mineral estate, at private sale, and upon the terms and conditions as the Court may direct, and the receiver should be authorized by this Court to receive, hold and invest the proceeds thereof under the direction of the Court for the benefit of the persons entitled or who may become entitled thereto according to their respective rights and interests, and conferring any other powers on said receiver deemed necessary by this Court.

WHEREFORE, Plaintiff prays that citation be issued to Defendants to answer herein and further that those unborn contingent remaindermen be cited as authorized in Rule 112, Texas Rules of Civil Procedure, in the same fashion as in suits against unknown owners or claimants of an interest in land. Plaintiff prays that the Court enter judgment appointing a receiver pursuant to Article 2320(c), Vernon's Civil Statutes of Texas, giving said receiver the power to execute oil and gas leases which will bind both the interests of the life tenants and the contingent remaindermen; and Plaintiff asks for such other and further relief both in law and in equity to which he may be entitled, including costs of court.

EXHIBIT A THE STATE OF TEXAS COUNTY OF COKE

I, CHARLES MCKINNEY, usually known as Charley McKinney, of Coke County, Texas, do hereby make and publish my last will and testament, revoking all wills heretofore made by me.

(1) It is my will that all of my just debts be paid within a reasonable time after my death. It is my will that the debts be paid out of such money as I may have at my death and out of the personal property. If the money and personal property is insufficient to pay all of the debts, it is my will that the real estate be rented or leased out by my executor and the rents from such a lease be applied on the debts.

(2) All money and personal property, if any is left after the payment of the debts and the expenses of probating this will shall go to my son, Vernon McKinney.

(3) I hereby give to my son Vernon McKinney a life estate in all of the real estate which I may have at my death. It is my will that he have the use and benefit of said lands and premises, receiving therefrom all of the rents and revenues during the period of his life, subject however to the payment of my just debts as above provided, and subject, however, to the gift to my former wife, Beulah McKinney, as hereinafter provided.

(4) Out of the rents and revenues from my real estate I give to Beulah McKinney, my former wife, while she remains unmarried, the sum of Fifty Dollars (\$50.00) per month.

(5) The above gifts to my son Vernon McKinney and to my former wife Beulah McKinney shall not be sold, conveyed, assigned, mortgaged or disposed of by them and shall not be subject to their debts. This provision shall not prevent my son Vernon McKinney from leasing the real estate for any period up to Five years, provided the lease contract recognizes the rights of Beulah McKinney under the above provisions

of this will and makes the rentals payable to her insofar as her rights under this will are concerned.

(6) Subject to the life estate vested in my son Vernon McKinney I give all of the real estate owned by me at my death to the natural child or children who may be born to my son Vernon McKinney in lawful wedlock and their descendants who may survive the said Vernon McKinney. But if Vernon McKinney should die without leaving any such child or children or the descendants of their bodies, then it is my will that all of my real estate at the death of the said Vernon McKinney shall go and be vested in my brothers and sisters and the descendants of my brothers and sisters who may be living at the time of the death of the said Vernon McKinney, the descendants of my deceased brothers and sisters taking such share as such deceased brother or sister would have taken had he or she been alive. This is subject, however, to the Fifty Dollars (\$50.00) per month payable out of the rents and revenues to Beulah McKinney during her life time and while she remains unmarried as above provided.

(7) It is my will that Vernon McKinney be the executor of this will without the supervision of the County Probate Court except to probate this will and the filing of an inventory, and without

the execution and filing of a bond. I hereby declare and publish the above instrument as my last will and testament and sign the same in the presence of Susan Merle Dotson and Peggy Dibrell who I request to execute same as my witnesses this the 13th day of November, 1946.

/s/ Charles McKinney We, Susan Merle Dotson and Peggy Dibrell hereby (sic) sign the above instrument in the presence of Charles McKinney and in the presence of each other as witnesses to the execution of said instrument by Charles McKinney and at his request. /s/ Susan Merle Dotson /s/ Peggy Dibrell

Firm Future Is Outlined For Robert Lee Area-Activity, Numbers Increase In County Farm-Ranch Organization

(Continued from Last Week)

There is still a farm and a ranch in the future of the Robert Lee Area and of Coke County. This is reflected with certainty in the growth both in numbers and in activity if the Coke County

Farm Bureau.

As delegates from this county get ready to go to the State Convention at Fort Worth November 10-14, Mrs. C. E. Arrott, Secretary-Treasurer, counted 240 members of this growing farm-ranch organization.

Expected to make the trip is Ben A. Boykin, president, with Mrs. Boykin. The increase in membership gives the Coke Bureau an additional voting delegate this year. Wayne Arrott and Fred McCabe, Jr. are delegates,

with Mrs. Arrott and Mrs. McCabe alternates.

This gives the county three votes all together toward determining State policies and program. Governor John Connally is to be one of the speakers.

Considered conservative in re-

spect to national and world affairs as well as farm programs, the Farm Bureau is undertaking a constantly enlarging program of its own in the effort to get the farm-livestock business back on its own feet, both as to production and marketing.

The men got to the feed later, and at the front, as viewed, Guy Denman, formerly of Sando, now of Robert Lee is ready

for his plate. Just back of him is Bennie Boykin, on of the speakers on the program, then O. T. Colvin, Farm Bureau in-

surance man, then I. A. Bird and H. L. Reid, one of the directors, along with Lake and Finnell Smith.

STATE DIRECTOR BETA HERE, PLANS MADE TO FORM LOCAL CHAPTER

Wednesday morning, October 23, the Texas State Director of the National Beta Club spoke to the Robert Lee honor roll students about forming a Beta club. The Director, Mr. C. W. Crosslin, who lives in Weatherford, impressed upon the students that the purpose of the National Beta Club is to stimulate effort, reward achievement, and to encourage and assist its members to continue their education after high school.

An installation service is to be held soon when more information concerning our local Beta Chapter will be given. A Beta chapter provides an opportunity for individual and cooperative effort by a school's most outstanding students, develops initiative and leadership, and is a definite asset to the school and community.

Monday afternoon in the gymnasium, Aletris Ackerman, sophomore at RLHS, cracked her ankle bone. It seems she was trying to beat Robert Wink to a basketball rebound. She was back in school Thursday and is able to maneuver with the aid of crutches.

GIRLS TO PLAY HERMLEIGH

Tuesday night, October 22, in the Robert Lee gym, the Hi-Lighters had their first basketball game of the season with Hermleigh. Both the A and B teams participated in the practice scrimmage and won.

HIGH SCHOOL PEP RALLY, FRESHMAN NAME CAPTAINS

The "Beat Hermleigh" Pep Rally got off to a great start Friday in the school gym, with both Mr. and Mrs. Coalson giving prophetic speeches. It was emphasized that heretofore we have been playing for the fun of it but now that district play is here it's for "keeps."

The two Freshman twirlers, Nancy Jacoby and Rhea Jean McCutchen, did a fine routine to the record "Washington Square."

Because Coach Malone planned to let his Freshman boys see a lot of action Friday night, the Captains for the game were Buddy Vosburg, Glenn Roach and Gaylon Pitecock.

REVIVAL ENDS TONIGHT

The revival meeting at the Methodist Church will be concluded today (Thursday) as Dr. Lowell Ryan speaks at 10 a.m. and at 7 p.m. A warm welcome is extended to all.

Ida Lee and Gaylon, by virtue of their office, represented Coke County in the District 7 Council meeting in San Angelo Saturday. Others attending the District gathering were Jimmy Varnadore, Mrs. Truman Parker, Howard Varnadore, Sterling Lindsey and myself.

I do hope you will attend the Foods and Nutrition meeting on Wednesday, November 6. This meeting will conclude the short course. This last meeting will include meal planning, buying and skills in food preparation.

STEERS SHOW ENOUGH — Continued from Page 1

and run covering 33 yards. Wink then hit Gartman again for the points 32-0.

SECOND HALF — 3rd Quarter

The second half saw the reserves in a lot of action, showing up well on defense with Gartman Jacobs and Parker playing the set-back, with a few of the regulars, including Terry Thetford back in his old quarterback position. The Steers drove to the 11, Thetford tossed a TD pass to Hatch in the end zone, no extras. Score 38-0.

FOURTH QUARTER

At the change of the quarter the Steers had the ball on the 50, Wink hit Gartman with a neat pass, Gartman was stopped on the 25. Next, White shot through the right side and went all the way untouched. He was gone so quick the Hermleigh linebackers were still going the other way, no extra points, Score 44-0.

Dodson kicked off, and with Brown and Smith carrying the ball, Hermleigh made its first and only first down. A play later, Roach, Askins and Sparks shook the ball loose, Hatch recovered. Then Mr. Colason showed his speed. Taking a hand-off over right tackle, he then cut back to the left and headed for the sideline. With Cardinals hot on his trail, he then turned it on and outran the trailers for a 65 yard touchdown. No extra points. The game ended with the score 50-0.

Throughout the game, the line, as usual, was opening holes — Roach, Askins, Ledbetter, Malone and Sparks used the right timing there, Gartman and Hatch snagging passes. With the return of Terry Thetford, another percentage point has been added to the already stout defense.
