Steers Baseball Team Wins District Title

Robert Lee's high school baseball team won the district championship Tuesday afternoon when the local lads defeated Talpa-Centennial, 4-3, in a 10-inning thriller played here. Gary Sam Williams was the winning pitcher.

The game was all tied up, 3-3, at the end of the 7th inning. Two scoreless innings followed, then things began to pick up. Terry Thetford and Williams hit long flies into the field for two outs. Rusty Dodson then singled, Char-

lie Askins was hit by a pitched ball and walked, and Donnie Devoll drew a walk, to load the bases. Dennis Gartman came up to the plate with an opportunity to make himself a hero, and that's what he did. He hit safely into right field to drive Dodson on into the home plate with the winning run.

Score by innings:
RL 0 0 0 0 0 3 0 0 1 — 4
Talpa 0 0 1 0 0 1 1 0 0 — 3
Starters for the Steers were: Williams, p; Dodson, c; Ricky Hatch, 1b; Pistol Hood, 2b; Askins, 3b; Robert Wink, ss; Gartman, lf; Thetford, cf; C. L. Sparks, rf.

Dodson and Gary Parker both got two safe hits, while Thetford, Williams, Devoll and Gartman hit safely once. Devoll took over at 1st and Parker at center field in the 6th.

The win puts Robert Lee up against Graford in bi-district competition. The game will be played at Camp Bowie Park in Brownwood this Friday, May 14, at 1 p.m.

Women's Softball Being Organized

The women softball players of Coke County have united and players from both the west and east sides plan to come up with a combined team that will be able to take all comers. A spokesman for the girls said some of their new recruits will be of as good caliber as any of the old timers in the field and better than anything their opponents can produce.

The newly organized club will be known as the Coke County Dusters, since their plans call for giving all opponents a thorough dusting, or at least letting them know they have played a ball game.

Present plans call for using both Robert Lee and Bronte for the team's home base, providing facilities are available at Bronte. Arrangements have already been made to use the Robert Lee Park.

A tournament is planned for the first week in June, and the girls hope to have enough money raised to buy new uniforms before that time. "Needless to say," a spokesman for the group reported, "any donations of any size will be greatly appreciated." The donations may be left with any player at Bronte or Robert Lee.

Players already contracted to participate include Dorothy Collins, Johnnie Eubanks, Paralee Ash and Nita Baker, all of Bronte and Inez Gartman, Sue Wojtek, Jeffie Roberts, Pat Gray, Sue Wood, Barbara Gray and Maxine Day, all of Robert Lee.

First Game

The first game of the season will be played Thursday night, May 13, with McQueen's Ballinger Chicks, rated by their manager as the No. 1 team in West Texas. The Dusters also hope to have a game arranged for May 17 in Robert Lee. They will put up posters to relay their plans to fans.

SENIOR EDITION OUT NEXT WEEK

An edition of The Robert Lee Observer specially dedicated to this year's Senior Class will be published next week. Pictures of all class members will be run, and special features will be printed in the paper.

A special section of greeting, congratulations and good wishes to members of this year's class will also be included in the paper. Anyone who wishes to be included in this special edition is invited to call the Observer office as soon as possible. An effort will be made to contact all business and professional people of the community.

MRS. FRED MCCABE

Mrs. Fred McCabe Wins SCS Award As Homemaker

Mrs. Fred McCabe Jr. of Robert Lee was presented the Coke County SCS Homemaker of the Year Award at the Tuesday meeting of the Robert Lee BCD. Mrs. McCabe's entry of her record was judged best in the county, as it listed the accomplishments of her family in the operation of their ranch on the Water Valley highway southwest of Robert Lee. Mrs. Fay C. Roe, home demonstration agent, presented a plaque to Mrs. McCabe.

Mrs. McCabe is the mother of three children. She sews for her entire family and has made 772 garments in the last nine years. She leads a busy life in other jobs, also, as she does all her general housekeeping, cooking, baking and cleaning.

Mr. and Mrs. McCabe are members of the Robert Lee Baptist Church and the Farm Bureau. They are also cooperators in the program of the Coke County Soil Conservation District.

Mrs. Bob White of Blackwell was winner of the 1963 plaque.

W. E. Jacoby presented persons connected with the Soil Conservation District: M. C. Hendry, J. W. Service, L. L. Wilkins and Rodney Peoples.

J. L. Richmon, district conservationist of San Angelo, presented a plaque to Robert Walker of Silver for his outstanding work in the district. Walker is a supervisor for the Coke County organization. His ranch is a good example of what rotation, root plowing and other conservation practices can do to land in this area.

Richmon turned the program over to George Skeets of Water

Rain Measures Up To 3 Inches

Farmers and ranchmen, as well as townspeople were all smiles this week as a result of the earth soaking rains which fell Sunday and Monday. From one to three inches fell in various sections of the west side of Coke County. A report on Robert Lee showed 2.12 inches.

Coke County's rainfall thus far this year has been considerably above average, and farm and ranch conditions have appeared brighter than usual since the first of the year. However, the ground was getting dry and pastures were needing rain badly when the moisture came the first of this week.

Some other parts of West Texas were not so fortunate as was this area, as damaging winds and hail accompanied the rain. A small amount of hail was reported in the Blackwell area.

Measurements reported through Tuesday to the Observer follow:

Silver, 1 inch.

Wayne McCabe Ranch at McKenzie, 1.3 inches.

J. W. Arledge Ranch, 1.9 inches.

Edith community, 3 inches.

J. O. Rudd Ranch, south of town, 2.2 inches.

T. B. Childress Ranch, 2.3 inches

Joe McCutchen Ranch, east of town, 2 inches.

Mountain Creek Lake was completely filled by the runoff of the rains, but did not run over the spillway. However, it was reported that even a light rain now would send water on down the creek.

Pledges Needed For Hospital Fund

Cash gifts and pledges needed to match the additional \$15,000 approved under a Hill-Burton grant are still short, Hospital Administrator R. B. Vandiver said Tuesday.

The additional money is needed to provide funds for an extensive expansion and remodeling program being undertaken by West Coke County Hospital District. The new addition will include more patient rooms, as well as other needed facilities.

A number of persons have donated or pledged to help with raising the \$15,000, but the total is still short several thousand dollars. Vandiver urged everyone who will contribute to the fund to see him as soon as possible so the hospital board will know what to count on.

The following persons and organizations have contributed or pledged to help out with raising the money:

Robert Lee BCD, Robert Lee OES, Sen. Dorsey B. Hardeman, Lone Star Gas Co., West Texas Utilities Co., General Telephone Co., Mr. and Mrs. Tom Farris, Sun Oil Co., Mr. and Ms. J. S. Walker, Standard Oil Co. of Texas, Allied Chemical Co., Humble Oil & Refining Co., Mr. and Mrs. Cumbie Ivey Sr., Mrs. R. J. Warren, Perkins-Prothro Oil Co. and Mr. and Mrs. Curtis Walker.

All the money has to be in before construction can be started on the hospital addition. Cause for the need for additional funds is the fact that the base bid ran several thousand dollars higher than was anticipated by the architect and hospital directors. BDK Construction Co. of San Angelo was the apparent low bidder with a base bid of \$214,370.

State Meet Entrants Fail to Place at Austin

Robert Lee's two entrants in the state Interscholastic League meet held in Austin last weekend failed to place in the stiff competition.

Charles Vandiver represented this region in the poetry interpretation contest, and Terry Thetford entered the state meet in discus.

The only medal winner at state from Coke County was Jim Morrow of Bronte who won first place in the high jump event with a 6 foot-2 inch jump. Bronte's mile relay team won sixth and Royce Lee was seventh in the 440 yard dash.

Senior Activities Begin Sunday

Graduation activities for the senior class of 1965 will begin with baccalaureate services next Sunday, May 16, at 8 p.m. The Rev. Taylor Henley of San Angelo will be the speaker.

Commencement exercises will follow on Friday, May 21, with Paul Faulkner, dean of men at Abilene Christian College, as speaker.

Baccalaureate service will begin with processional music by Mrs. Dempsey Salter. Doug Wilkes, minister of the Robert Lee Northside Church of Christ, will give the invocation. Special music will be furnished by Mrs. Frank Coalson, Mrs. Otto Wojtek, Garland Davis and W. D. Mc-

Adams. Frank Coalson, one of the class sponsors, will introduce the speaker. Following the address by Rev. Henley, the benediction will be given by the Rev. Dempsey Salter, pastor of Robert Lee Methodist Church.

Henley is director of Religious activities and public relations at Baptist Memorial Geriatric Hospital in San Angelo. He travels extensively over the West Texas area in the interest of the hospital and in speaking engagements to various groups. He received his education in Texas public schools and is a graduate of Howard Payne College, Brownwood, and of Southwestern Baptist Theological Seminary, Fort Worth.

Henley was a chaplain during World War II. He served 2½ years in the European theater of war, including 511 days of combat. He has been awarded the Purple Heart and Bronze and Silver stars.

Henley's former pastorates include the First Baptist Churches in Gorman, Robert Lee and Hebronville. His last pastorate was at Immanuel Baptist Church in San Angelo where he served 12 years.

Sponsors of the senior class are Garland Davis and Mr. and Mrs. Frank Coalson.

Homecoming at Silver Moved Up To 4th Sunday

Annual homecoming at Silver will be held earlier than usual this year, it was announced this week by the committee in charge of planning the event. The new date is the fourth Sunday in May (the 23rd). The change was approved by the planning committee at its last meeting. The homecoming in previous years was held the last Sunday in June.

Mrs. Charles Kinney will be in charge of the program for the all day session.

Committee members said the change in date was approved because of hot weather and no air conditioning available in June. By having the get-together in May, the school air conditioning will still be on and available for use of those attending.

Meat, bread, drinks, plates, cups and glasses will be furnished and ladies of the community are asked to bring covered dishes of vegetables, salads, and desserts.

County Agents News Column

By STERLING LINDSEY

The pecan nut casebearer will be making his appearance soon. We need to start checking now for evidence of his presence. I have heard no reports of how heavy the infestations of casebearers are in South Texas.

Regardless of their situation, we need to check our trees regularly to be able to determine the local infestation.

The pecan nut casebearer lays its eggs on the young nutlets, either on the dried blossom or in on the side of the nut. Many times the egg is hidden behind the bracts of the bloom. It is about the size of a dot made by a sharp pencil, is white, turning brownish as it nears hatching. You must check closely to find them.

The egg hatches in four to six

days and moves, usually, to a bud below the nut cluster to feed and mature for two or three days. The larvae then starts to work on the young nuts. For a spray program to be successful you must time your application to catch the casebearer in the portion of his life cycle mentioned above. Make your spray application when you find several eggs and one or more larvae. If you are late with your application you will do some good, but you will also lose some nuts.

In spraying, be sure to get the insecticide on the nut cluster. This means using enough pressure to part the leaves. Also, if a hard rain comes soon after you spray, retreat the trees.

Some people prefer to spray twice to control the casebearer. This is a good practice when the egg hatch is spread out. If you spray twice, I would make the first application when you first find some eggs and time the second application (four to five days usually) to coincide with the highest percentage hatching period.

Several insecticides are effective against the casebearer. DDT, malathion, toxophene, nicotine sulfate and sevin have all given success in controlling the casebearer. Do not use DDT if lice are infesting your trees. Malathion and sevin would be better where aphids or lice are a problem.

The number of screwworm cases identified last week was down from the week before. Three counties in the lower half of the state had cases last week. The week before Kerr county reported one case. We need to be watchful for a possible case now that we have some moisture. Be sure to submit samples of worm case for identification. If you

need a sample bottle, I have a supply of them.

Coke County 4-H club soils judging team will represent district 7 in the state contest June 1-2. Team members expected to make the trip are Gaylon and Darrel Pitcock, Doyle Robertson and C. L. Sparks.

Success hasn't gone to its price

After all, you don't get the No. 1 place (or stay there year after year after year) unless you give people a lot for their money. That, Chevrolet does. Look what's new for 1965. Everything.

Like the handsomest new styling you've ever turned around for another glance at. Like Chevrolet's Jet-smooth ride, even better now with Wide-Stance to steady

things as you go. Like however much economy or excitement you'd want, our miserly 140-hp Six to our ferocious Turbo-Jet V8, 325 hp on order.

Besides price, one other thing hasn't changed: Chevrolet's traditional resale value . . . still so good you won't believe it until you get it. So get it (along with all that's new) at your Chevrolet dealer's.

Former Editor Will Publish Editorials In 4-Page Issue

Ulmer Bird, Coke County ranchman and former publisher of the Observer, announced this week that he expects to publish a four-page editorial discussion paper in the near future under the title, "Southwest."

Bird said the paper will include discussion of problems and questions of the day such as:

"The Reds must now do one of three things: (1) Take over the United States, (2) whip the United States, or (3) abandon their plans to take over the rest of the world. Which will they try first, and right now where are we at?"

Only one issue is planned, Bird said, as he expects to go back into the newspaper business again in the near future.

Pre-Schoolers to Go To School During June

Pre-schoolers who will start to school next September will have an opportunity to attend a program of the Robert Lee High School homemaking department some time in June, probably 9-11.

The school is designed to give the high school girls an opportunity to observe children at play, so they may better understand the experiences of children. It will not be conducted as formal schooling for the youngsters, but they will benefit from contacts with others of their age group and from new situations they will encounter.

A limited enrollment is planned to insure the students' being able to observe the children more thoroughly. Any parents of a pre-schooler who is interested in having his child attend, should contact the homemaking teacher, Mrs. Doyle Pittman at 453-5201 or write box 194.

ANNOUNCEMENT

By Ulmer Bird

Twice during the time I was editor and publisher of the Robert Lee Observer I published a four page editorial supplement that had wide circulation.

When I sold the Observer as of Feb. 1, 1965, some readers were kind enough and interested enough to write, requesting that such editorial discussions be continued.

Now, while devoting several months to other business too long neglected, I am preparing to publish four pages of discussion of public affairs today, featuring the new developments in foreign policy as seen in Viet Nam and in The Dominican Republic, and how that may affect us and the future of our country.

Also will be included a sermon or address delivered at First Presbyterian Church in Brownwood recently, as well as other original features by this writer.

This fills a gap in my writing activity until arrangements can be completed to get into regular and full time publishing activity somewhere in the Southwest.

A copy of this four pages of editorial features, entitled "Southwest," will be mailed free on request. If you would like to see it, drop me a letter or card at Sanco.

Remember the Sanco Home Coming

Best Wishes,
