The National Council of the Boy Scouts of America granted the Eagle Rank to Gene Kincaid Wednesday night during a Court of Honor held at the Methodist Church in Silver. The Eagle rank is the highest award granted for boy achievement. He is the son of Mr. and Mrs. Hale Kincaid.

Gene is a member of Explorer Scout Post 446 sponsored by the Silver Lions Club. J. D. Reneau of Ballinger presided at the Court of Honor. Others taking part in the ceremony were John King, District Chairman; Archie Miller,

## City Secures Land Connecting Lake And County Park

Mayor Bob Vaughan reported at Tuesday's BCD meeting that a small strip of land below the Mountain Creek Dam and connecting with the Robert Lee County Park has been secured by the city.

Acquisition of the land is part of a long range program to make Robert Lee more attractive to tourists and passers-by. It is expected that some picnic tables will be placed around the lake area and that an attractive entrance into the area from Highway 158 will be built.

Mayor Vaughan told the Observer several days ago that the city fathers consider this project of primary importance, since tourist dollars can mean a great deal to a town.

**Teen Agers Take Tourney Played At Hermleigh**

Robert Lee's Teen Age baseball club stole the show last weekend at the regional tournament held at Hermleigh. Randy Hall was the big gun in the championship game Saturday night against Roscoe when he got four hits and was responsible for six of the seven runs coming across the home plate.

The first game was played Friday night against Loraine. The local lads took an easy 15-1 victory and the game was called after 5½ innings of play. Gary Sam Williams was the winning pitcher. Pistol Hood and Williams clouted the ball for home runs and all members of the squad got successful hits.

The Saturday night event against Roscoe was won by Robert Lee, 7-3. Robert Wink was the pitcher and did an outstanding job in holding the Roscoe hitters. Hall really showed his ball playing ability by getting four hits, one of them a triple, when the bases were loaded.

Manager Ronnie Baker said all his players did a fine job and he was proud of the entire squad. The Teen Agers finished the season with a 9 win and 1 loss record. Their only loss was to Loraine, with a 4-3 score.

## Little League Workers Should Have Our Praise

Everyone in this area should be grateful for the work that has been put out to make the Colorado River Little League have such a successful season.

The regular season has been completed and first playoffs will be held Thursday night in Bronte. This event calls to mind that the Little League program didn't just happen. It was carefully planned and executed by men of the communities involved, with the financial help of sponsoring organizations.

First of all the organization was set up and officers were elected. Men who have served include W. T. Roach, Robert Lee, president; Hershall Hall, Robert Lee, vice president; J. L. Tinkler, Robert Lee, secretary - treasurer; Willis Wayne Smith, Robert Lee and B. D. Snead, Bronte, player representatives.

Coaches and managers had to be secured in order to get the league to functioning. Men who have served in this capacity include:

J. B. Arrott and LeDrew Arrott for the Bronte Yankees; John P. McClure for Bronte Giants; Evert Finley for the Blackwell Braves; Bobby Baker for the Robert Lee Cardinals; Richard Day for the Robert Lee Indians; Harley Hilliard and Barry Hilliard for the Norton Dodgers.

The WOW Lodge has sponsored the two Robert Lee teams, while the Bronte Jaycess, with some financial backing from Bronte Lions Club, have sponsored the two teams from Bronte. Various civic minded persons from Blackwell and Norton have contributed to the teams from those towns.

Men who are scheduled to work during the playoffs include Raymond Patton of Blackwell, who will be home plate umpire; Dale Wojtek, Sam Williams and Hershall Hall, all of Robert Lee, base umpires; Cecil Toliver of Bronte, announcer.

All of the men and organizations listed above have been responsible for the Colorado River Little League and have given of their time, money and effort to help the boys of this area. No specific measurement can be made of the good they have accomplished, but it must be tremendous.

All of us owe these men our thanks and support for their unselfish labor.

#### Proper Laundering of Knits

There is an art to laundering knit clothing, and you can become expert in no time. Reading the labels carefully before laundering avoids wash day hazards.

When buying cotton knits, be sure they are made by a new process which compresses the fabric and makes it highly resistant to shrinkage. Wash in warm water to reduce shrinkage.

Select a low to moderate setting and do not allow cotton knits to get completely dry, as this causes shrinkage, also. Remove the garments from the dryer, then gently pat and pull into shape.

Acrylic or nylon knits may be dried completely in the dryer with relatively little shrinkage. But don't leave them in a turned-off dryer as they are apt to wrinkle badly.

Because agitation has a tendency to felt wool fibers, the woolen knits should be hand washed by gently squeezing rather than rubbing and wringing. Wash them in lukewarm water or in

cold water, using a special cold-water detergent. Block them for drying, and dry flat.

#### Low Fat Cheese for Dieters

Dieters take note: here's a low-fat cheese. Taste treats and low calories come in the same package sometimes.

A low-fat cheese that looks and tastes like a very mild Cheddar has been developed by the U.S. Department of Agriculture. Compared with Cheddar's 31 percent butterfat, the new low-fat cheese contains only 5 to 7 percent.

Made from skim-milk, this is the first time a skim-milk cheese has had acceptable body, texture and flavor for table use.

The cheese has a clean, mild flavor that results from the small amount of butterfat added to the skim milk. It's relatively soft and mellow. It contains more moisture and more nonfat milk solids — and thus more protein — than Cheddar.

An added advantage is that it is inexpensive to make. It takes only 2½ hours to make up a batch and needs only 1 to 3 months' ripening time.

Although still awaiting market testing, the new cheese has been sampled by several hundred consumers at demonstrations. What's their rating? "Good to excellent" by the majority of samplers.
