City Government Change Considered

Members of the BCD, at their meeting Tuesday noon, were told by President Vaughan Davis, who is also a member of the Robert Lee city commission, that a petition is being prepared to call an election to change the local city government from a commission to alderman type. Ten percent of the city's qualified voters must sign the petition before the election can be called.

A great deal of sentiment has been evident the past several months in favor of the change. Mayor Robert Vaughan, as well as Commissioners Davis and Freeman Clark, have expressed themselves as being in favor of the change.

With the alderman type government the city's governing body would have a mayor and five aldermen, whereas with the commission type, it has a mayor and two commissioners.

With the proposed change, city voters would elect the mayor and two aldermen one year and three aldermen the next. This staggering of terms of members of the city council gives some continuity to the city government which it might not have when all three members are elected every two years, and more and better dispersed representation, proponents of the change

point out. President Davis asked BCD members about their views on cleaning up some of the vacant buildings in town, if owners will give their permission. He pointed out that a clean up of these structures would add greatly to the appearance of the town, as well as remove possible fire hazards.

The president read a letter from R. J. Kirkpatrick, manager of industrial relations for Sun Oil Co. in Dallas. The letter was concerned with the donation of Gladney Field at Silver to the Robert Lee community. Considerable discussion was had on this matter, and it was pointed out that some preparation must be made soon for the moving of the facilities from Silver. It was also noted that the school does not have a ball field, and has to use Hickman Field at the county park. In the absence of Supt. Jim Bickley, High School Principal Garland Davis was asked if the school would want the Silver Park. Davis stated that he, personally, would like to see it made available for school use, but said he would have to talk with Bickley and the school board before he could make a definite statement regarding the matter.

Fire Department Important Factor In Insurance Rates; Survey Needed

Robert Lee's Volunteer Department is one of the most important factors in keeping insurance rates low in the city. The men who make up its membership give their time and effort free of charge to protect property of local citizens, and by doing this in an outstanding manner have succeeded in keeping down fire losses and insurance costs.

The firemen meet twice each month, on the first and third Mondays. At present, the department has 25 members. These meetings are serious business with firemen, since their attendance and participation in study and drills has a lot to do with the insurance key rates of the city.

In addition to regular meetings, the department sends a member to the annual Fire Fighters School at

Tired Seniors Return From Exciting Journey

A tired bunch of seniors and sponsors arrived in Robert Lee Monday afternoon, after being gone almost five days. The annual senior trip took 13 of the 15 class members, class sponsors, Dale Hamby and Principal and Mrs. Garland Davis to Colorado for tours in the Denver and Colorado Springs area.

Leaving here Thursday morning by school bus, the group arrived in Lubbock about noon. They had a picnic in MacKenzie State Park and visited the famous prairie dog town in the park. They drove north to Canyon and toured the Panhandle Plains Museum, and went on from there to Amarillo, arriving late in the afternoon.

In Amarillo, they were guests of Mr. and Mrs. Bob L. Davis and former Robert Lee Superintendent and Mrs. Dorman Thomas for a swimming party and buffet supper, at the Penthouse Restaurant, which is located 11 stories up in the air.

Train time was 9:20 p.m. Thursday, so the Robert Lee group headed toward Colorado, and arrived in Denver at 8 a.m. Friday. They breakfasted at the depot, and then caught a bus tour which took them to such interesting places as the U. S. Mint, Red Rock Park and

Buffalo Bill Cody's grave. They had lunch in a cafeteria at Boulder.

In the afternoon they visited the Bureau of Standards building and the Denver Wildlife Museum.

Returning to the depot they boarded their train and left at 8:15 for Colorado Springs. The train arrived at 10:30 p.m. and the tired Coke Countians checked in at the Alamo Hotel for their first night of sleep since leaving home.

After a good night's sleep and breakfast at the hotel, the group caught a tour bus Saturday morning which took them to the Cheyenne Zoo, Seven Falls, a ghost town and the Van Briggle Pottery factory. They ate lunch in a cafeteria at Colorado Springs and then headed on another bus tour. The afternoon tour took them to the Cave of the Winds and the Wax Museum. Returning to the hotel, they had supper at Walgreen's and then took in a movie at a new theater.

After breakfast Sunday morning, the Robert Lee folks attended Sunday school services at the African Methodist Episcopal Church. Following the services, they boarded a bus at 11 a.m. This tour took them to Canon City where they toured Colorado State Prison before

lunch. After lunch they drove to the famous Royal Gorge, where they were permitted to walk over the narrow bridge which spans the 1,074 feet deep cut in the rock. They also went down in the gorge, which is actually the bed of the Arkansas River.

Mr. and Mrs. Howard Varnadore of Del Norte, Colo., and former Coke County residents, met them at Royal Gorge for a visit.

The tour bus then made its way along the Skyline Drive where the seniors saw some beautiful Colorado scenery. Next stop was the hotel, where they picked up their luggage and headed for the depot. With some time to kill before the train left, they walked to the Swiss Chalet Restaurant for supper.

Going back to the depot, they were ready to get on the train, which left at 9:45 p.m. and arrived at Dalhart at 8 a.m. They had breakfast in Dalhart, then left for Amarillo, arriving at 9:45 a.m. Bob Davis and Dorman Thomas met them at the depot, bringing Sandy Thomas, who returned to Robert Lee with the seniors.

It was an exciting trip and all the seniors and sponsors stood the drive home with no casualties.

This large aluminum marker measuring 27 inches by 42 inches is one of a series of informative history-in review sponsored by the Moody Foundation of Galveston, to delineate the history of "early travel, communication and transportation" in Texas, Timberlake said.

The Butterfield Stage, which passed near the site where the marker will be erected, provided the first combined passenger and mail service between the Pacific and Atlantic coasts.

"The inscription on this marker points out that the trip one-way took 25 days, seven of these spent in crossing Texas from Preston (now Lake Texoma) to Jacksboro, Ft. Belknap, Ft. Chadbourne and El Paso," Timberlake recounted.

The \$10,000 Moody Foundation grant helps the Texas State Historical Survey Committee and the Texas Historical Foundation in their RAMPs program to record, appreciate, preserve and survey Texas history.

"History and tourism cannot be separated in Texas. By erecting historical markers, encouraging the publication of marker and museum guides, historical maps and other tourist literature, the results are two-fold: Texas history is preserved and made available for Texans traveling their state as well as the thousands of tourists who come to Texas," Timberlake said.

Mrs. Bryan Yarbrough of Robert Lee is chairman of the Coke County Historical Survey Committee. A dedication of this marker will be held later in the spring.

Inscription on the marker reads: SOUTHERN OVERLAND MAIL, 1858-1861 (BUTTERFIELD STAGE)

Passed near this site, providing for the first time combined passenger and mail service between Pacific and Atlantic coasts. Operating west from St. Louis and Memphis, John Butterfield's company used 1350 horses and mules and 90 Concord coaches and wagons.

Stage traveled at a run, despite lack of good roads. A signal given approaching a station would have fresh horses ready and food on the table for crew and passengers.

Route had stations 12 to 113 miles apart, and was sometimes changed to get water. Crew and passengers wore guns; to reduce danger of Indian attacks, mules (less coveted than horses) were used west of Ft. Belknap.

The trip one way took 25 days — seven spent crossing Texas, from Preston (now under Lake Texoma) to Jacksboro, Ft. Belknap, Ft. Chadbourne and El Paso.

One way fare for the 2700 miles was \$200. Passengers rarely stopped off, because they might not find seats on a later stage. Merchants in Jacksboro and other towns used Butterfield's light freight service to make mail-order sales.

Greatset contribution of the overland stage was its carrying news; coaches also brought mail from the west one to 10 days faster than it came by ship. Service was ended in 1861 by the Civil War."

Medicare Signup Deadline Extended

Older persons in Coke County who did not sign up for the voluntary doctor bill insurance under medicare before the close of the first enrollment period on March 31 have been given a little more time, Floyd B. Ellington, social security district manager in San Angelo, said.

In legislation signed by President Johnson last week, Congress extended until May 31 the deadline for enrollment by persons 65 or over.

Nearly 90 percent of the Nation's elderly were enrolled for the doctor bill insurance when social security offices closed at midnight on March 31, Ellington said. Only 5 percent had turned down the protection which supplements the basic hospital insurance provided persons 65 or over.

Another five percent had not made up their minds either way, or else were not aware of the deadline and the need to sign up for the supplementary protection.

Older persons who have not yet applied for their medicare benefits should get in touch with the nearest social security office now, Ellington said.
