# Sewer System Ready For Use

## Talent Show Set For Sat. Night

A talent show, which has so many features it will appeal to the tastes of everyone, will be held Saturday night in the Robert Lee School auditorium. The program calls for the event to run from 7 to 9 p.m.

Sponsored by Robert Lee-Silver Lions Club and El Valle Garden Club, the event was planned to raise money to carry on various community projects sponsored by the organizations. Admission prices will be 50 cents for adults and 25 cents for students.

Among the features of the program are the Robert Lee High

## Public Is Invited To Band Concert

The public is invited to attend a band concert Thursday, Jan. 25, at 7:30 p.m. Band director L. W. Parker will be in charge of the program which will be presented in the school auditorium. No admission will be charged.

Parker said the entire program will last from 40 to 45 minutes. The program will include a variety of music ranging from band marches and overtures to latest Herb Alpert numbers such as "Spanish Flea."

The band has a total of 64 members, as of this week, the director said. "We hope the 'flu bug' will hit us easy, so that most of the band members will be able to participate," he added.

Parker concluded, "We hope as many Robert Lee folks as possible will be at the concert. We have a good program set up and we want a big crowd present to enjoy it and hear what these youngsters have accomplished."

The program will be strictly informal, and a reception-get-together will be held following the concert.

## Tinkler Show Top Lamb At Abilene

Walter Tinkler, 13-year-old son of Mr. and Mrs. Roy Tinkler, showed the champion finewool lamb at the Abilene Fat Stock Show this week. He is a 4-H Club member. Before his lamb was selected for the championship, it was placed first in the lightweight division.

Also winning honors at Abilene were Jeania Tinkler, who took second place in the lightweight finewool division. She is a member of Robert Lee 4-H Club.

Jan Magness won third place in both the crossbred and intermediate mutton breeds. Jan, the daughter of Mr. and Mrs. Bill Magness, is a member of Bronte 4-H.

School Stage Band, under the direction of L. W. Parker; several numbers by Lion Charles Taylor of Bronte, well known pantomimist.

Also solos by Sterling Allen, Kay Roberts and Vernay Vaughan, accompanied by Kathy Denman and Lions Club Sweetheart Elaine Fikes; humorous readings by Garland Davis; ballet dancing by Sherry Baker, accompanied by Mrs. Wilson Bryan;

Also, Western music by Richard Beck, Charles Atkins, C. E. Light, Coach Kenneth Mitchell, Sam Williams, Ray Shandley, Upton Mathers, Jack Denman and others.

Remarks by Garden Club president Mrs. J. D. Mumford and Lions president Furst Moore will complete the program.

Members of the stage band include: Roy Ivey, Mike Mumford, Jan Havins, Donna Wallace, Peggy Baker, Edwin Lindsey, Bobby Mumford, Jerry Sirus, Salvado Longoria, Ernest Herford, Gene McDaniel, Steve Smith, Richard Guerrant, Bobby White, Scott Jones, Mary Donley, Buzzy Wojtek, Quency Wright, Linda Parker, Larry Sockwell, Danny Perciful and Riley Waldrop.

Officials of both sponsoring organizations said a good program is promised and everyone has a cordial invitation to attend.

### DR. MEREDITH PTA SPEAKER

Dr. Hugh Meredith of Angelo State College was guest speaker for the Robert Lee PTA last Thursday night. He spoke on pressures and anxieties of today's children and youth.

James Herford, president, presided for the meeting. Mrs. Wilson Bryan's sixth grade music class furnished special music.

Room count was won by Mr. Armistead's sixth grade class.

Congressman Omar Burleson

## Burleson Running For Congressman

WASHINGTON, D. C. — Congressman Omar Burleson, who represents the 17th District of Texas in the U. S. House of Representatives, has announced for reelection.

He has filed for a place on the Coke County ballot in the Democratic Primary Election on May 4, 1968.

Burleson was elected to the 80th Congress from the 17th District and has been re-elected to each succeeding Congress.

He is Chairman of the Committee on House Administration in the House of Representatives, and ranks second from the Chairman on the Committee on Foreign Affairs.

### TREASURER'S REPORT IN THIS WEEK'S PAPER

The quarterly report of County Treasurer Mrs. Jerry Thomason is being printed in this week's Observer. Attention of readers is invited to the report, which shows amount of receipts and expenditures in various county funds for the last quarter of 1967.

Larry Casey from the Naval Amphibious base in Coronado, is home on a 30 day leave visiting his parents, Mr. and Mrs. Mike Casey, and other relatives.

A dream of many Robert Lee people has been fulfilled this week. The word has been given that local residents may tie on to the new sewer system now.

Completion of the sewer system is the culmination of many hun-

dreds of hours of work and much personal effort and money spent on the part of many persons, particularly Mayor Robert Vaughan and members of the city council, both present and recently past.

Along with the sewer plant gathering plant, considerable improvements were made in the city's water system.

After many months of planning and meeting specifications required by the federal government for a grant, the city was ready to receive bids on the projects. Bids were opened Feb. 28, 1967, with W. B. Abbott of Lubbock as low bidder on the sewage disposal plant and on the water works improvements. San Antonio Construction Co. was the successful bidder on the sewer gathering system.

Bids were \$184,482.95 on the gathering system; \$87,723 on the treatment plant; \$92,081 on the waterworks improvements.

Several local contractors are seeking the jobs of tying on Robert Lee homes and business firms.

Rules and regulations concerning tying on, etc, were published in The Observer Nov. 16, 1967. They stated that all structures located on property which lies within 100 feet of a sewer line must be tied on. City officials stated at that time that they hoped local residents would start preparing to tie on, but the notice also stated that everyone who does not tie on voluntarily will be given 90 days notice that he must tie on to the sewer system.

Anyone who needs financial assistance in tying on to the sewer should contact the city hall where arrangements for monthly payments can be arranged to take care of the cost.

## Steers Break Even In Basketball Tilts

Robert Lee Steers have won a game and lost one during the past week. The girls team has chalked up two victories.

Last Friday night the boys sneaked past the Roscoe Plowboys, 51-49 in a game played in the local gym. Quinn Conley was high pointer with 17; D. Devoll had 11 and Blair sank 11.

The Steers went to Rotan Tuesday night, when the Yellowhammers stung them with a 67-59 win. Again Conley was high pointer for the locals with 19. Parker chalked up 12; Williams and Blair each had 11.

### Girls Win Two

In last Friday night's game with Roscoe the girls defeated the Roscoe lassies, 66-29. Scoring in double figures were Lois Heuvel with a big 24; Judy Gartman with 18, and Sharon Walker with 10.

Tuesday night saw the girls take a 66-42 win from Rotan. Jackie Conley was high pointer for the winners with 24.

Aspermont will be here Friday night to try the local hardwood artists.

## Rains Total 2 Inches In Area

More soaking rains have fallen in this area during the past week to give the country its wettest winter in several years. The average reported for the western part of Coke County appears to be about two inches.

Sanco reported 1.7 inches; Silver had 2.1 inches; the area south of Robert Lee had an even 2 inches; Robert Lee's official gauge showed 1.55 inches.

The rain was heavier to the east, as some measurements around Bronte reached 4 inches.

Most farmers and ranchmen wouldn't admit they were tired of rainy weather, but few complaints have been heard about the sunshine the past couple of days.

## Girl Scout Cookie Sale Announced

It is Girl Scout cookie time again and Junior Scouts of Robert Lee are preparing to canvass the area. They will be calling on area residents Jan. 26 through Feb. 3.

This year they will be selling four varieties: assorted sandwich creams, chocolate mint, butter shorties. They are fifty cents per box.

Profit goes toward building and maintenance of Camp Boothe Oaks and other council-owned property. It will also assist Senior Scouts in attending national and international events. The remaining profit stays within the troop to help further their program.

Local leaders said, "Show your faith in the Girl Scout movement and contribute your part to Girl Scouting by buying their cookies. When your doorbell rings, answer the call."

# 1,212 Register To Vote

Deadline is drawing near for voters to register so they can participate in 1968 elections. Jan. 31 is the last day to sign up, according to O. B. Jacobs, county tax assessor-collector.

As of Wednesday morning, Jacobs reported that 1,212 persons had registered at his office. He said he was well pleased with the number, but found it difficult to make a comparison with other major election years, since this year is the first time persons over 60 years of age have been required to register.

### Everyone Has To Register

Jacobs emphasized that every-

one, regardless of age, must register in order to be eligible to vote. Young persons who will become 21 during 1968, must register before the Jan. 31 deadline in order to vote in elections which occur after their birthdays.

Persons who find it inconvenient to come by the tax assessor's office may mail in an application. A blank is printed on an inside page of this newspaper. It can be clipped, filled out and mailed to Jacobs, and he will send the registration back to the applicant.

### Deputy at Bronte

A deputy from Jacobs' office

was scheduled to be at First National Bank in Bronte Wednesday, Thursday and Friday of this week for the convenience of voters who live on the east side of the county.

Lots of action is in store for Texas voters this year. A President of the United States will be elected in November, as will other officials on down through state, district, county and precinct level. Democratic Primaries will be held in May; school board and city elections will be held in April. Jacobs pointed out that registration is a requirement to vote in any of these elections.

## ALLEN BLOODWORTH TEACHES FARMING IN REMOTE GHANA

W. Allen Bloodworth and his family were featured in a recent article in the Texas Magazine, a supplement of the Houston Chronicle. Bloodworth, an agricultural technician in Ghana, West Africa, is the son of Mr. and Mrs. H. L. Bloodworth of Silver.

The story was written by Abe and Edith Halperin.

Bloodworth is an employee of the Agency for International Development.

The story starts by quoting Bloodworth: "Just taking it out of a book and giving it back on a test doesn't belong here. A person who can't do it doesn't know it."

Bloodworth is instilling this philosophy into the 55 students he is teaching at the Farm Mechanization School at Navrongo, a village of red mud round houses, a few miles from Ghana's northern border with Upper Volta.

The story continues that the influence of Bloodworth is being felt not only at the school, but with the area's farmers, who bring him their problems and go back to their farms with practical advice.

This year, under Bloodworth's instruction, Navrongo farmers produced so many tomatoes they had a surplus to ship to Accra, Ghana's capital city 400 miles away on the Atlantic coast.

Bloodworth teaches welding, agricultural mechanics, and farming methods. He also goes into the fields to show the natives how to do the things he teaches in the classroom.

Bloodworth is now in his second hitch in Navrongo, the article said. He has also served in similar positions for two years in Burma, five in Thailand and two in Liberia. He began working for AID in 1952 and hopes to stay

with it for 20 years. The story quoted Bloodworth: "AID is accomplishing something here." His work presents a real challenge to improve agricultural opportunities in the savannah lands of the north, which are plagued with months of hot, dry weather followed by torrential rains. "He told the authors of the story: 'The people here work and appreciate the help, refuting the popular notion that Africans are not too eager to put in a good day's labor.'"

Bloodworth said that most persons usually fight transfer or assignment to the northern part of the country, away from the more hospitable area of the coast and capital, but he said his family likes the climate, finds the north interesting and the people friendly.

A graduate of Texas A&M, Bloodworth worked as a representative of Roger Grain Co. in the Houston area after getting out of college. He also taught for 12 years in Texas schools, in Gonzales County, Lott, Falls, Mason and Lee counties, and Lexington. He was also farm manager at the Corsicana State Orphan Home, and was on the Oklahoma State University faculty for two years after joining AID, and accumulated 35 hours toward his doctor's degree.

The Texas Magazine continues its story by telling how the home of the Bloodworths is the center of social life in the area. It states that there are few American families in the area and they do a lot of entertaining. Bloodworth's wife, Frances, tries to keep her family and home as typically American as possible. Her kitchen is well equipped and well used. She bakes her own bread and cakes and never runs out of such Texas favorites as pinto

beans and hamburgers. The family has some big parties. Last Christmas there were 65 for dinner, including members of the Peace Corps, their British and Canadian counterparts, members of the big Catholic mission in Navrongo and Ghanaian friends.

They throw a Texas-style barbecue each Fourth of July, and fly both the Lone Star flag and the Stars and Stripes.

The Bloodworths have three children; the older two live in Oklahoma and California, but 13-year-old Mary is with her parents. She was born in Rangoon, Burma, and has lived in Thailand and Liberia. She went to school in the United States her first two years, but has studied at home since then. Her mother, who has a master's degree in elementary education from the University of Texas, serves as her tutor.

Mrs. Bloodworth told authors Abe and Edith Halperin that one of the nice things about being overseas is being able to pick up things you like. She has ideas about decorating a future home in the United States, and has accumulated quite a collection of furnishings and decorations for it.

Bloodworth is a firm believer in the work he is doing. He feels that such organizations as AID are making a tremendous contribution in developing emerging nations, bettering the lot of the people and the world.

Bloodworth reported that the people of Ghana are always impressed with motor driven machinery. He said sometimes they are rough with it and sometimes gentle. His students know that if they break a piece of machinery they will have to repair it, so they soon learn to treat it with respect.

The Observer, Robert Lee, Texas

Jan. 25, 1968

Bloodworth finds one thing in Navrongo hard to swallow. He is a man who is used to doing things for himself, and the natives are always rushing to help him with any chore he undertakes. Anytime he plans a project he knows he will be able to do little of the work himself. His Ghanaian friends will be there to spare him.

The Texas Magazine article is concluded with the following paragraph:

"Navrongo is a tiny dot on the

world map, but it is a full-scale example of what can be accomplished. Navrongo men are proving that when Africans are shown what their work will bring forth, when there is a W. Allen Bloodworth of Mason, Texas, USA, to set a good example, they will take up the fight for the future."

Mr. and Mrs. John L. Bruton and children of Midland spent the weekend here visiting her mother, Mrs. E. O. Higgins.

## ELECTRIC COOP CONCHO VALLEY

SAN ANGELO

Box 2140

Phone 655-6957

is proud to have a part in helping the  
Robert Lee Area of the new lake grow.  
Serving in the lake vicinity, the cooperative will be glad to help in any way to secure their needs in the electrical service to cabins or commercial establishments.

## NOTICE!

This is to remind you that everyone who wishes to vote this year must have a voter registration regardless of age. There is no charge for these and they may be obtained by either coming into the office or writing for an application by Jan. 31st.

Also wish to remind you that Jan. 31st is the last day to pay 1967 taxes without penalty.

## HEMISFAIR MAKING BIG GAINS; OPENING SCHEDULED FOR APRIL

HemisFair '68 is off the ground in a big way. The five story top of the Tower of the Americas is being lifted to the dome of the 622-foot structure, and the Swiss Skyride is in operation.

Both events point to the thing that everyone has begun to believe. The World's Fair is not far away.

With the turn of the New Year, the realization that the April 6 opening was just around the corner became evident. That was when people stopped referring to the \$156 million spectacular as the World's Fair that "will be held next year."

The Swiss Skyride became operational Dec. 23, and met immediate success. A total of 5,700 persons took the 10-minute aerial tour across the grounds during the Christmas weekend alone.

There's less than 100 days to go for the big extravaganza, and everyone connected with it is acting like a proud father. Just a short time ago, the area in downtown San Antonio was ticketed for Urban Renewal.

HemisFair came along and turned it into a \$156 million jewel box which really defies description.

It has gone up like clockwork. And, when it is ready for the curtain call April 6, it truly will be something to see.

The focal point will be the Tower of the Americas, tallest in the western hemisphere. It will have a revolving restaurant at the top, a view of 100 miles around, and has been set up to handle 1,750 people per hour on the two observation decks.

But, no matter how awesome it is, the Tower is only one small part of HemisFair. There will be more than a score of foreign countries showing off their products and culture, a host of private exhibitors, the United States exhibit and at least two state pavilions.

What really makes these pavilions good to the budget-minded traveler is they are all free after admission to the grounds.

Of course, there is plenty more, and it won't be all culture and business. Fiesta Island, HemisFair's answer to Coney Island, will have a multitude of rides for all ages, including many that have never before been available in this country.

The fun theme will be emphasized at Bell Telephone's exhibit at the 92.6-acre fair. Included in the pavilion will be a picture-phone and numerous other electronic marvels including tic tac toe on an electric board. (Word is you can't beat the machine, only tie it.)

The 10,000 square foot exhibit, which is ready for use, is being staged by Southwestern Bell Telephone Co. in conjunction with American Telephone and Telegraph Co. and Western Electric Co.

Other gadgets in the pavilion will be an age guesser, in which the machine narrows down your age with just a few guesses; a voice mirror, which records a persons' telephone voice and plays it back, and a pitch machine, which sounds a tone and the visitor presses a button to try and match the machine's tone.

There will be plenty of room

for visitors to the big event. There are already 6,000 hotel-motel rooms in Bexar County and another 5,500 units within 90 minutes driving time from San Antonio.

On top of that, 2,000 more are being built in San Antonio, and the building boom extends along all routes leading to the World's Fair city.

To make early reservations, contact Visitor Services Inc., a non-profit organization which has set up a referral service to handle the flood of requests. VSI, (P. O. Drawer H, San Antonio, Tex. 78206) already has handled more than 13,000 requests for more than 43,000 bed nights during the fair with 100 per cent success.

Governor John Connally differs with HemisFair estimates of the expected attendance during the April 6-Oct. 6 spectacular. HemisFair estimates "at least 7.2 million", using figures from a private survey.

Connally, who is Commissioner General of the big event, feels that this is too conservative.

"They can say 7.2 million if they want, but personally I believe it will reach at least 10 million," the governor says.

## Notes From The Oil Field

G. W. Strake, Midland, will drill the No. 1-B Sadie Harris as a southwest offset to its No. 1 Harris, opener and lone producer in the Bloodworth, South (5600 S) field, six miles northwest of Robert Lee.

Location is 4,170 feet from the southwest and 660 feet from the northwest lines of C. Waas No. 515, Abst. 734, or 569 feet southwest of the north corner (Colorado River) thence 660 southeast to location in the above survey. Contract depth is 6,500 feet; elevation, 1,890 feet.

The discovery was finalized Jan. 2 for 217.26 barrels of oil through a 9-64-inch choke and perforations at 5,589-5,627 feet.

### Dry Hole

Tucker Drilling Co. Inc. and Peter Henderson No. 1 Ora Adams Neill, et al, has been abandoned. It was located 660 feet from the north and 1,550 feet from the east lines of N. M. March Survey 2, eight miles southwest of Robert Lee. The wildcat was drilled to a total depth of 6,920 feet.

Mrs. Dwayne Conger of Zephyr visited here Sunday with her father, D. J. Walker, Sr.

## Money Allocated For Coke Children

A telegram received Tuesday from Congressman Omar Burleson indicated that \$19,062.04 in federal funds has been allocated for Coke County children.

The telegram read:

"Pleased to announce \$19,062.04 Office of Education grant to the state for 118 Coke County children in low income families, age 5 to 17, under Elementary and Secondary Education Act. Omar Burleson."

No details of the method of distribution were received, but it is presumed the money will be made available to local children under the Economic Opportunity program. Some local children now receive similar aid through jobs at school.

Mr. and Mrs. Wayne Blair and family of Pueblo, Colorado, spent a week here with his mother, Mrs. Jim Blair. Other visitors in her home for the weekend were Mr. and Mrs. Jim Thomas of Arlington, Mr. and Mrs. Joe Keel and family, Mr. and Mrs. Carl Groat, Mr. and Mrs. Sam Keel and family, Mr. and Mrs. Dwayne Blair and children, all of San Angelo, Mr. and Mrs. Carl Blair and family, Mr. and Mrs. Ray White and children, all of Robert Lee.

### Jury Cuts Award For Land Needed For RL Reservoir

The condemnation suit appeal which was heard by a six-man jury resulted in lowering an earlier award some \$347,859.84. The appeal, which was made by the Colorado River Municipal Water District, in its suit against Mrs. Helen Harris Wilcockson, et al, for 4,014.43 acres of land needed for the Robert Lee Reservoir, came after a three-man board awarded the defendants \$916,685.95 last September.

The jury's award amounted to \$568,826.11.

The award was made to Mrs. Wilcockson, Mrs. Patricia Steph, Mrs. Gwin L. Tucker and Mrs. Sadie Gwin Blackburn.

#### Appeal Planned

According to stories earlier this week in the San Angelo Standard-Times, San Angelo attorney Bill I. Marschall announced that he plans to appeal the county court decision for Mrs. Wilcockson and the other owners of the property.

Marschall did not express objection to the jury's decision but said he did object to the legal tactics of the CRMWD. He said the district amended its original condemnation petition after the September award and before the appeal trial.

CRMWD attorney James Ross-er of Snyder filed an enhancement amendment claiming value of the remaining land of the ranch would be enhanced by the presence of the lake. The jury awarded no damages to the remaining acreage because of the lake.

Marschall said the injection of the enhancement amendment by CRMWD created a new issue in the case and constituted an error in the trial.

The jury decided on value of the property as follows:

Surface value to 4,014.43 acres of land, \$441,587.30; one-half of the underground water and water rights, \$75,000.00; damage to 442 acres of land above the reservoir on which CRMWD requested an easement, \$5,747.56; damage to minerals and mineral rights, \$46,491.25; total \$568,826.11.

Testimony began Monday of last week after a jury was selected, and continued into Friday afternoon. The jury was dismissed early Friday to give attorneys time to prepare their charges. When court reconvened Saturday morning, attorneys for both sides made their final pleas, and the jury began its deliberation about 1 p.m. and brought in a decision at 4:15 p.m.

Some of the history of the ranch was brought out in the final arguments. It was purchased in 1936 by Ralph Harris from John Sauls for \$7.60 per acre. John Mark McLaughlin of San Angelo, appearing for Mrs. Wilcockson, said that the family "never intended to sell it."

CRMWD attorney James Ross-er brought out the need for eminent domain to construct a lake such as the Robert Lee Reservoir. He also stated that Humble Oil and Refining Co. has the property under lease and will continue the lease, saying that any inconvenience caused by the lake in developing oil will be Humble's and not the owners of the mineral rights. He also brought out that Humble is the main customer for the water whose value was under consideration in the suit.

County Judge W. W. Thetford presided at the hearing.

### Newly-Designated Fort Trail To Run Through County

Added tourist interest in Coke County was made possible this week when it was announced that much of the county will be a part of the newly-designated Texas Forts Trail. The announcement of the route was made Wednesday by Gov. John Connally at the third annual Governor's Tourist Development Conference in Austin.

Both Robert Lee and Bronte are on the trail, and Fort Chadbourne is one of the eight early day forts on the trail. Others are Fort Concho, Fort McKavett, Fort Mason, Fort Richardson, Fort Belknap, Fort Griffin and Fort Phantom Hill.

The 608 mile route will go through the following West Texas counties: Brown, Coke, Comanche, Eastland, Erath, Jack, Jones, Mason, McCulloch, Menard, Palo Pinto, Runnels, Schleicher, Shackelford, Taylor, Throckmorton, Tom Green and Young.

Picking San Angelo as a starting place, the route will run northward to Robert Lee, then east to Bronte, north to Fort Chadbourne, over to Winters, and then northward to Abilene. Leaving Abilene, it will go north to Fort Phantom Hill and Fort Griffin, then it will pass through Throckmorton, Graham, Jacksboro and down to Mineral Wells. Starting back south, it will go to Ranger, DeLeon, Comanche, Brownwood, Brady and Mason. Then it will go west to Menard, Fort McKavett, turning north again to Christoval and back to San Angelo.

A total of ten travel trails have been designated in Texas. Others in West Texas are Texas Plains Trail, Texas Pecos Trail and Texas Hill Country Trail.

## Joe Scott Explains New Driver License Laws To BCD Members At Meeting

A guest at Tuesday's BCD meeting, Joe Scott of the Department of Public Safety, gave members a brief summary of new Texas drivers license laws which went into effect Jan. 1. Scott and Texas Ranger Ralph Rohatch were guests of Sheriff Melvin Childress.

Scott told the group that no longer can a driver renew his license by sending a fee into Austin, and receiving it some time later. Now the driver whose license is about to expire has to come to the courthouse and take an eye examination and have his picture made.

The eye examination, set up by the American Medical Association, prescribes that everyone who has less than 20-40 vision will have to have glasses before a license will be issued. Anyone who has less than 20-50 vision with glasses will be unable to obtain a license. Scott said that such cases are rare, since glasses will usually correct visual defects to fulfill this requirement.

Scott also brought out that youngsters must be 15 years old before they will be allowed to take drivers education. Successful completion of a course will make them eligible to receive a permit to drive when accompanied by a licensed driver. How-

ever, they, as well as teenagers who have not taken drivers education, must take a drivers test after they are 16 before they will be issued a license.

Scott explained that drivers whose present licenses end with odd numbers will be issued a license for two years, whereas those whose licenses end with even numbers will be issued a license for four years. Commercial licenses will be issued for one year. All licenses issued under this new system will expire on the birthday of the holder.

President Hugh Lewis told members that he and a committee met recently and worked up a letter to mail to all present and prospective sustaining members. He said the letters and a membership card soon will be ready for mailing. Sustaining membership fee is \$10.

Lewis also passed out a map which shows the route of the Travel Trails recently designated in Texas. One of the trails, the Fort Trail, goes through Coke County. The Highway Department will erect signs marking the trails, and expense of the signs has to be paid from local funds.

Lewis pointed out that the trail designation is part of a plan to develop tourism in Texas.

Garland Davis announced that the Explorers have set Saturday to paint the Scout Hut.

## School Census Complete Jan. 1

Robert Lee School is now in the process of taking its annual census. Object of the effort is to count every school age child living in the school district.

All children who were born after Sept. 1, 1950, and before Sept. 1, 1962, should be enumerated in the census, according to Supt. Jimmy Bickley. This includes children who will be six years old, but under 18, on Sept. 1, 1968.

School officials said it is very important that every school age child be counted, since this number is one of the factors used in determining the amount of state aid the school receives.

The cooperation of everyone in the area is asked in making the census complete.

Deadline for getting a child signed up on the census is Jan. 31. Further information may be obtained by going by the school office or calling 453-3911.

(Editor's Note: Last week's story concerning the census had a typographical error in it in the birth dates of children to be included in the census and should be disregarded.)

**New Car Tags Are Here, Go On Sale February 1**

New 1968 vehicle license plates have been received by the Tax-Assessor-Collector O. B. Jacobs and will go on sale Feb. 1. The new tags are black with white lettering, and will have an added feature this year. Besides bearing the name "Texas" and the year "1968" they will also bear the word "HemisFair" to advertise the gigantic exposition set for this year at San Antonio.

Vehicle owners will be required to take four items with them to the tax collector's office when they go to purchase plates: certificate of title, 1967 license receipt, current residence address and zip code.

State law requires each owner to register his vehicle in the county in which he resides and to present his title as evidence of ownership.

The 1967 session of the Texas Legislature changed passenger license fees and established a minimum fee of \$5.30 for all vehicles, including boat trailers.

The new rates for passenger cars are: up to 3,500 pounds, \$12.30; 3,501-4,500 pounds, \$22.30; 4,501-6,000 pounds, \$30.30; more than 6,000 pounds, 55c per 100.

Jacobs said he has received new plates in the following quantities: passenger cars, 1830; truck, 650; farm truck, 475; truck tractor, 30; farm truck tractor, 6; trailers up to 10,000 pounds, 200; trailers 10,000 to

18,000, 25; trailers, 18,000 to 32,000, 25; house trailers, 15; motorcycles, 15; farm trailers, 75; federally owned vehicles, 7; machinery vehicles, 10.

# Robert Lee School News

## FHA Studies Finance

Future Homemakers met Monday afternoon in the auditorium. The meeting was conducted by Kaye Roberts, chapter president. Lois Heuvel, program chairman, introduced Bill Allen, the guest speaker, who conducted a discussion on family finances.

In the business session, the 25 members present voted Jackie Counts as Girl of the Month for December, based on her work for the chapter during the month. Refreshments were served in the home ec cottage by Melinda Morris, Sharon Hughes, Linda Blair, Jerry McDonald and Jackie Conley.

## FTA Meeting

Robert Lee Chapter of the Future Teachers of America held their regular monthly meeting on Monday. Various items of business were discussed by President Kaye Roberts, and Alfred Blair presented a program on parliamentary procedure. Seventeen mem-

bers were present. The club is sponsored by Mrs. Mary Barnhill.

## Band Concert Thursday Night

Robert Lee High School Stage Band will hold a concert in the auditorium Thursday night at 7:30 p.m. This is the first public appearance of this group this year, but they will also play Saturday night in the Talent Show sponsored by the Lions and Garden clubs. Willis Parker, R.L.H.S. band teacher, conducts the group.

## Career Day Next Monday

On Monday, January 29, junior and seniors will go to the ASC campus in San Angelo for a career day sponsored by the Altrusa club. A variety of speakers in many fields of business will address small group sessions and students will get a closer look at fields which interest them specifically. About 70 R.L.H.S. students will attend the seminar.

## Basketball Schedule

Several basketball events are on the agenda for the following

week. The high school B team goes for the opening of a tournament at Winaters at 3:30 Thursday. Then on Friday, Aspermont comes here for boys and girls games to begin at 7 p.m. On the following Tuesday, Jan. 30, we go to Jim Ned for a pair of matches, also to begin at 7 o'clock. Also teams, coached by Carl Williams, on Tuesday, the Junior High go to Winters to play at 6 p.m. Keep your eye on your local teams, and attend every game!

## Lunchroom Menus

### Monday, Jan. 29

Hamburgers, buttered corn, lettuce, tomatoes, onions, pickles, potato chips, milk, chocolate pudding.

### Tuesday, Jan. 30

Liver and onions, creamed potatoes, garden salad, hot rolls and butter, milk, peach half.

### Wednesday, Jan. 31

Beans with salt pork, turnip green, potato salad, pickled beets, cornbread, butter, milk, peach cobbler.

### Thursday Feb. 1

Beef stew with potatoes and onions, English peas, lettuce wedge, hot rolls, butter, milk, raisin cookies.

### Friday, Feb. 2

Baked ham, candied sweet potatoes, green beans, celery sticks, hot rolls, butter, milk, pink apple sauce.

Mr. and Mrs. Bill Tom Roach are in Dallas this week at market. They are buying summer merchandise for their dry goods store.

Marilyn Scott, who is attending Texas Tech at Lubbock is here visiting her grandmother, Mrs. H. L. Scott, during the mid-semester holidays.

## Planning Commission Meets, Discusses Development Of Area Around Lake

Future development in Coke County, particularly as it is to affect the lake area, was the main topic of discussion Tuesday in a meeting sponsored by the Coke County Area Planning Commission.

Meeting with the commissioners, the county judge, and others connected with government programs in the county, as well as a group of interested citizens, the group heard discussion of possible needs and talked about committees to be appointed.

Nathan R. Kiser, consultant engineer planner whose services have been secured through a grant by the Farm Home Administration for Coke County, outlined possibilities and needs as he saw them, and told the group that it is, after all, up to the citizens to decide what is needed to build up the area economically, as well as to determine what should be done to further the right kind of development around the lake.

O. H. Ivie, manager of Colorado River Municipal Water District, pointed out public access areas planned around the lake, one of which is to be near the air strip on the south side of the lake, and the other around the north end of the dam.

Mr. Ivie discussed the type of development that might be to the best interest of the property owners along the water front as well as to the best interest of the town. CRMWD will have certain sanitary regulations, and other regulations as to the type of piers and docks that may be constructed.

Mr. Ivie pointed out that unsightly, poorly constructed developments on any land would depreciate the value of the land on which they would be located. In

discussing this it was pointed out that landowners would be actually the ones to say what might be built on their land, under the terms of leases or sales agreements which they might make.

Some landowners have already indicated they would place certain restrictions to insure that the property be developed in a slightly, attractive way and not degenerate into eye sores that would create problems for the landowner first, and secondly for the neighbors and the lake authority.

Some meeting of landowners in the future is contemplated so that each will have an opportunity to express himself on what should be done and what can be done in this regard.

With Mr. Ivie was "Skete" Schooling, Superintendent of Lake J. B. Thomas, and who assisted Mr. Ivie in this area in the purchase of land, and related matters.

Bob Evans of San Angelo represented the district office of the State Highway Department. He said that the state, in accordance with the fact that people who travel, through the gasoline tax, pay for the highways, that roads are built where the people want to go, and he was sure this would be taken into account in the matter of roads in the lake area.

Ivie said that CRMWD hoped to close the dam in time to catch fall run-off in 1968, and that if the run off is normal, the lake would have some 50,000 acre feet of water around the end of the year. He explained that would be about the size of Colorado City lake.

He emphasized that the value of the lake to the landowner and others, recreationally, would depend in considerable measure on the kind of building permitted on

the land along the water front.

In regard to a statement made by Ulmer Bird regarding water that might become excess for water flooding purposes, Ivie said that in all probability there would be such excess and that CRMWD would work with the communities involved in any development that might make use of this water, within the uses permitted by the State of Texas.

Alton Pyburn of the FHA was present and joined in a discussion of possible demand of individuals for houses in rural areas extending north from Robert Lee in the area where water might in time be available for domestic and/or industrial use.

The possibilities in "wild game" ranching, including exotic game were discussed by Mr. Kiser, and R. L. Flanagan, game warden, and tentative plans made for a delegation to visit a ranch where it has been done with outstanding success.

County Judge W. W. Thetford presided. The planning commission is composed of Thetford, Mayor Bob Vaughan of Robert Lee, and Mayor Royce Lee of Bronte, working with such committees as are to be appointed by them.

Tentatively these are to include committees on: lake area development, industry, tourism, game ranching, water and sewers, transportation, roads and highways and housing.

Mr. and Mrs. H. L. Bloodworth of Silver and their daughter, Mrs. J. C. Wallace Jr. spent four days last week visiting in the home of Mrs. Bill Bloodworth and family in Stillwater, Okla. They also visited Mrs. Allen Bloodworth and daughter, Mary, who have just returned from Ghana, Africa. They plan to spend the spring months here while Mary goes to school and return to Africa next summer.

The Observer, Robert Lee, Texas

## Junior Compete in Grape Creek Contest

Robert Lee's junior high basketball teams participated in a tournament last weekend at Grape Creek. The girls won second place honors and the boys won their first game but lost out in the second round.

### Boys Contests

The boys started their play off with a 36-24 win over Water Valley. Edwin Lindsey was responsible for 14 points, while Steve Jameson sank 11 points.

Going up against a tough Sterling City team in the second round, the locals lost 32-22. Again Lindsey was high pointer with 9. The junior high boys thus far have a 2-2 season record.

### Girls Games

The girls also played Water Valley in their opening game and

came out on the long end of a 31-18 score. Kay McGinley was leading scorer with 15.

In their second game, they swamped Sterling City by a 40-17 score. Nita Copeland was high pointer with 16.

The final game was with Fairview, and it was a defensive contest, as Fairview came out on top of a low 18-15 score. Copeland was high with 8.

Both Nita Copeland and Kay McGinley were selected members of the all-tournament team.

Next home game for the juniors will be Thursday, Feb. 1, when Sterling City comes here for both boys and girls games.

Observer want ads are very effective and cost very little.
