Election Tickets Complete

MOST ATHLETIC — Linda Blair and Joe David Key have been named the most athletic girl and boy in Robert Lee High. Linda, the daughter of Mr. and Mrs. Bill Blair, has been an active member of the track, volleyball and basketball teams for three years. Besides her athletic activities, she is vice president of the 4-H

Club and a member of the FHA and pep squad. Joe David is the son of Mr. and Mrs. David Key. He has been active in football, basketball and track during his high school days. He has won honors of all-district, all-area and all-West Texas. He was named 1969-70 football hero and won the Steer Award.

The deadline has past for filing and tickets are complete for the three elections which will be held here Saturday, April 4. Holding elections on that date will be the City of Robert Lee, the Robert Lee Independent School District and West Coke County Hospital District.

Contests have developed in the school trustee and hospital director elections, while candidates for city offices are unopposed.

Three on City Ballot

Three incumbents are seeking their present positions on the city council of Robert Lee. They are Mayor Wilson Bryan and Councilmen Jack Denman and James Craig.

Ten for Trustee

Ten candidates have filed for the three vacancies on the school board. Two incumbents, Douglas Gartman and Billy J. Blair, have filed for reelection. Eight new

candidates include A. R. Bagwell, Wayne Mashburn, John D. Mumford, Delbert Shoemaker, Joe B. Flowers, Maurice Duncan, Bobby Baker and J. D. Harmon. The other school board member whose term expires and is not seeking reelection is Truman Hines.

Five on Hospital Ballot

Five candidates have filed for director of West Coke County Hospital District. Three places are to be filled. Candidates are James E. Herford, Robert Large, Billy C. Green, O. H. Campbell, and J. E. Quisenberry Jr.

Quisenberry and Herford are presently members of the board. Fred McCabe Sr., the other director whose term expires this year is not seeking reelection.

County school trustee candidates are George Newby for precinct 1 and D. O. King for precinct 3.

Absentee voting in all three elections will start Monday.

16 Band Members to Enter Solo and Ensemble Contest Saturday in Abilene

A total of 16 members of the Robert Lee Steer Band will participate in the Region South Zone Interscholastic League Solo and Ensemble Contest Saturday. The contest will be held in Abilene and hosted by Hardin-Simmons University.

Robert Lee students who will enter the contest are:

Kay Cole, Emily Shoemaker and Karen Blair, clarinet solo.

Marilyn McBroom, Sherrill Davis, LaDonna Scott and Vicki Lannier, flute solos and flute quartet.

Mary Donley, alto saxophone; Terri Kinsey, tenor saxophone; and Pamela Heck, tenor saxophone.

Jan Havins and Donna Wallace, cornet solos.

Kay McGinley, baritone solo. Carl Bagwell, Gary McDaniel and Lyn Sockwell, cornet trio.

Practice Day

The band had a big practice day Tuesday when Doug Fry, former band director at ACC, conducted a clinic at the school. The band practiced two hours Tuesday morning under his direction. Following this practice,

he heard and instructed individuals and groups throughout the remainder of the day.

Practice of contest music was held Tuesday from 7 to 9 p.m. under Fry's direction. The Band Booster Club had a coke party for the band members following Tuesday night's practice.

Fry's comments included, "They're a great band and have a good chance to make first division." He added that the cornets and bass are outstanding sections with "real good percussion."

The band plans to participate in the parade and attend the San Angelo Fat Stock Show and rodeo Friday.

Mr. and Mrs. Clell Varnadore of Fort Smith, Ark., visited several days last week here with his parents, Mr. and Mrs. Henry Varnadore. They also visited in the homes of Mr. and Mrs. Royce Smith and Mr. and Mrs. Raymond Bloodworth. They enroute to Eunice, N. M., to spend some time with her parents, Mr. and Mrs. W. R. Lord.

Week's Weather Menu Is Varied

The area has been blessed with a large variety of weather this week ranging from balmy, summer-like weather over the weekend and through Monday to heavily falling snow Wednesday afternoon.

At press time snow was falling rapidly and was beginning to stick to the ground, even though the mercury was hovering right at the freezing mark.

San Angelo Weather Bureau issued hazardous driving warnings for Wednesday night and Thursday.

The mild weather of the past

week or so has brought out blooms on fruit trees and local residents are hopeful the cold will not be severe enough to kill them.

About an inch of rain covered the area last Friday.

4-Hers, FFAers Do Well At Houston Stock Show

Robert Lee was well represented at the Houston Livestock Show which was held during the week of March 2-8. The local group, representing Coke County 4-H Clubs and the Robert Lee FFA, showed lambs, barrows and steers, participated in the livestock judging contest and had two members participating in the big calf scramble at the rodeo.

Local exhibitors placed animals as indicated:

Lambs

Riley Waldrop, 20th heavyweight finewool cross. Doug Burns, 32nd lightweight finewool cross.

Steers

Doug Burns, 11th lightweight Charolais cross.

Barrows

Berkshire: Lightweight, Jean McDaniel, 12th.

Durocs: Lightweight, Eddie McDaniel, 8th; Edwin Lindsey, 18th. Mediumweight, Gary McDaniel, 5th. Heavyweight, Richard Bryan, 5th; Eddie McDaniel, 6th.

Hampshire Mediumweight, Waldon Millican, 5th. Heavyweight, Waldon Millican, 6th;

Wibby Millican, 25th.

Poland China: Mediumweight, Marshall Millican, 14th.

Crossbred: mediumweight, Joe David Key, 5th; Troy Millican, 12th; Marshall Millican, 18th. Heavyweight, Wibby Millican, 19th.

Judging Contest

In the livestock judging contest, Robert Lee was represented by two teams, one 4-H and one FFA. Between 300 and 400 teams participated in the contest, with an estimated more than 1000 contestants.

Gary McDaniel was 22nd high individual of the contest and will receive a certificate worth \$200 to purchase a beef heifer. Twenty certificates are given to the high individuals. Some of the high individuals had already received heifers in the calf scramble, making them ineligible to receive another animal in the judging contest. This enabled Gary to receive a certificate for a heifer.

No information is available at this time on the ratings of the teams. Only the top five teams

were announced. This information should be received by the team coaches within two weeks.

Two Robert Lee boys entered the calf scramble Saturday night, but neither Sid Burns nor Bubba Duncan was successful in catching a calf.

Other members of the 4-H or FFA who made the trip but are not listed above were: Lane Beatty, Neil Calder, James Wright, Pat Lewis and James Hood. Sterling Lindsey, Coke County extension agent, and Lee Roy McDaniel, vocational agriculture teacher of Robert Lee High School, supervised the exhibitors and contestants.

Adults making the trip to help out with the many duties were Paul Burns and Mr. and Mrs. Fred Beatty.

Lindsey and McDaniel said they were quite pleased with the showing made by their charges in the junior show, inasmuch as the entries consisted of 958 steers, 1909 barrows and 1000 lambs.

Track Team in Ozona Meet

Seventeen members of the Steer track team went to Ozona Saturday for an invitational track meet. The boys didn't bring back any first places, but the 440 sprint relay team took seventh place and Harvey Wink took fifth and Luther Large sixth in the mile run.

Coach Kenneth Rasco said he was proud of his charges in this first meet of the season for them. He said they worked hard and did well, considering the unusually bad weather which prevailed.

Other boys who made the trip were Joe David Key, Mike Brasuel, Marshall Millican, Lane Beatty, Steve Shoemaker, Mike Mumford, Bobby Mumford, Delbert Mathers, Edwin Wright, Alex Costillo, Kenneth Prine, Doug Burns, Jimmy Walker, James Fields and Randy Smith.

Members of the team who did not make the trip were Danny Flanagan, Frank Box, Danny Sheppard and Maurice Duncan.

This Saturday the Steer trackmen will compete at Iraan. The junior high team will go to Coahoma.

Mumford, Key Make All-District

Mike Mumford and Joe David Key were honored when coaches of District 6-A met to name the all-district basketball squads. Mumford received a slot on the first team and Key was awarded an honorable mention. They are the sons of Mr. and Mrs. J. D. Mumford and Mr. and Mrs. David Key.

The first team is made up of Dodson of Wylie; Frazier of Aspermont, Watyl of Roscoe, Mumford of Robert Lee; and Kesling of Wall.

Second team: Ray of Aspermont; Hargrove of Rotan; Levarett of Wylie; Kelly of Wylie; and Day of Rotan.

Receiving honorable mention were Jones and Johnson of Aspermont; Rayburn and Loyd of Roscoe; White of Wylie; Holik of Wall; and Key of Robert Lee.

Two Young Men Baptist Speakers

Darrel Pitcock and Lonnie Bloodworth will be guest speakers Sunday at Robert Lee Baptist Church. Pitcock will speak at the 11 a.m. service and Bloodworth will speak at the 7 p.m. service.

Pitcock is a freshman at How-Payne College in Brownwood. He has spoken several times at the church. Bloodworth is a sophomore student at Angelo State University. He is active in Baptist Student Union work at the university.

Other young people of the church will also have a part in the worship services, said the Rev. Bill Beatty, pastor. The public is cordially invited to hear the young people speak, he said.

Mrs. Jim Maddux and Paul Tracy and Wanda Prine were weekend visitors in the home of Mr. and Mrs. Bob Maddux and Bernice Merrill at New Waverly, Texas.

Austin—Local school districts will contribute \$217.2 million toward financing Texas' basic foundation education program in 1970-71.

State Board of Education settled on this figure in approving local fund assignments of approximately 20 per cent of the total program cost. State pays the rest.

Sixty-first Legislature set local fund assignment at \$204.9 million, plus 20 per cent of the cost of new programs.

Board approved the economic index for each of 254 counties, determining the contribution to be made by districts as a fair share of costs. Each district is further assigned an amount based on the percentage of tax valuations. Tentative indexes have been mailed to district and county superintendents.

Economic index is re-computed each year, based on three-year averages of valuations, scholastic population and income.

In other action, the board:

* Reversed the Taylor County School Board order to transfer 73.9 acres of land and 10 pupils from Wylie to the Abilene School districts, on grounds that local trustees made the original decision in a secret meeting... which is not legal under Texas laws.

* Approved for readoption \$3,076,149 worth of textbooks in 36 subjects covering all grades.

* Awarded a \$150,000 contract to Texas A&M University to train driver education teachers and teaching assistants in two summer short courses.

* Heard a report that there is no significant disadvantage for

driver education students from use of non-degree teaching assistants in driving courses.

* Voted to continue the School for the Blind project to develop a percentual training program for visually handicapped children into 1971 under a new \$69,041 contract with the U. S. Office of Education.

COURTS SPEAK—In a precedent setting case, State Supreme Court held that mineral rights are dominant over surface rights in lands condemned by government agencies.

Owners have a right to reasonable use of the surface to get minerals under such lands, says the Court, and where public use interferes with recovery of minerals, a second condemnation is necessary. Case involved 7.6 acres of land condemned by Chambers-Liberty Counties Navigation district.

High court also agreed to hear arguments April 1 as to whether a house owned by the San Antonio Methodist Church should be exempt from property taxation. House is used as a residence for the church's district supervisor. Fourth Court of Civil Appeals earlier reversed a local district court which contended the house is exempt.

Abilene appeal from judgment of \$29,545 favoring a landowner whose 35 acres were condemned for a city airport was rejected by the Supreme Court.

GOALS IDENTIFIED—Phase II of Gov. Preston Smith's "Goals for Texas" program was kicked off when representatives of each of the 21 planning regions of the state came to Austin for a conference, and pre-

sented recommendations for improvements in the Texas way of life.

These recommendations will form the basis of his 1971 recommendations on state goals, says the governor. Smith sees the process as "bringing the government close to the people"... a procedure he favors.

"If we win, we will have made state government more responsive and more relevant to all Texans," he said. "We will have taken the leadership among our sister states in providing solutions to our own problems and, more important, we will have involved people in the decision-making process."

INSPECTION DEADLINE NEARS—There still are nearly 3.2 million Texas vehicles yet to be inspected before the mandatory April 15 deadline. Department of Public Safety warns.

About 2.4 million cars and trucks have complied with inspection requirements since the new period began on Sept. 1. This is the last deadline under the old law. State now is on a 12-month inspection period, with stickers expiring on the last day of the month, 12 months from date of the sticker.

New stickers are placed on left side of the windshield. They show the month of inspection and expiration. So, if you still have a sticker on the right side of your windshield, your car must be inspected by April 15.

OIL SPILL REPORTED — A "major oil spill" resulting from a pipeline leak into water supplies of Mineral Wells and Santo Water Supply Corporation has been reported to Governor Smith.

Site of the 500-barrel spillage is one the south fork of Palo Pinto Creek near the Gordon community. It occurred when a bulldozer operated by a farmer apparently broke an eight-inch, high pressure pipeline. State Health Department was called in to protect the health of area residents, and the Water Quality Board said the attorney general may be asked to file suit against negligent parties.

EIGHT SPURN FOOD PROGRAMS — Eight counties still refuse to participate in free food distribution programs for the poor, reports the Texas Welfare Department.

Counties are Gillespie, Kerr, Uvalde, Bowie, Edwards, Randall, Roberts and Colorado. Department said. Another 29 are undecided or have not indicated a preference to welfare officials.

In any county which refuses to cooperate in a food assistance program, Welfare Department will, under court order, operate a commodity distribution program at federal expense, Commissioner Burton Hackney said.

SCREWORMS — There were no new cases of screwworm developed in Texas in January, but the total for 1969 came to 160 laboratory confirmed cases, according to a year-end report of the State Animal Health Commission.

Seven million sterile flies were released in Texas in January in the screwworm eradication program even though there were no cases that month.

REHABILITATION — Governor Smith gave Texas Jaycees a certificate of commendation for their efforts to re-open a rehabilitation hospital at Gonzales. The group is conducting a statewide drive to raise \$50,000 for the hospital, to help match a \$140,000 Federal grant. When completed it will be able to treat 300 patients a year, doubling the state's facilities for rehabilitation work.

Short Snorts

Cigarette tax increase upped the February revenue \$3.4 million (from \$9.4 million in February 1969, to \$12.8 million this year).

Atty. Gen. Crawford Martin

held in a new opinion that the State Board of Medical Examiners has no authority to delegate to any other than a board member duty of holding and proctoring examinations for a medical license.

U. S. Office of Child Development grants have been approved for Operation Head Start programs for Lamesa-Dawson County Community council (\$21,526), Starr County council (\$252,516) and Alabama-Coushatta reservation tribal council (\$17,050).

Robert Estrada of Brownsville is new director of Mexican-American Affairs for the Republican Party of Texas.

Business activity across Texas declined seven per cent in January, reports the Bureau of Business Research of the University of Texas at Austin.

U. S. Department of Labor invited Texas to develop a proposal for state sponsorship of a public service careers program designed to increase employment

opportunities in state government for disadvantaged persons, with federal funding hoped for over a 21 month period.

Although the deadline for ordering 1970 automobile tags by mail has passed, the Highway Department reminds that the new computerized form still will save time in issuing plates at court houses and substations.

Frozen Foods

The average American eats 70 pounds of frozen foods a year. Eighty-two per cent of the 2,850 frozen food items available today did not exist ten years ago. The number of new frozen food items are increasing twice as fast as other grocery items.

Why? Because frozen foods are meeting the challenges produced by changes in family eating patterns.

How are family eating patterns changing? Family members eat at different times. Children prepare food. All family members have more activities outside the home.

We are a leisure-oriented society and small unit households are on the increase. These all increase the need for prepared or ready foods.

Prepared foods—those brought to some state of readiness by the processor prior to quick freezing—account for nearly 70 per cent of today's total frozen food sales. In 1952, they accounted for only two per cent.

Within the past ten years, the number of TV dinners sold annually has increased from 50 million to over 600 million, and the market is still gaining at a rate of 15 per cent per year.

Last year, there were enough frozen prepared dinners sold to feed every man, woman and child in the United States three times.

The TV dinner line has grown from three, in 1952, to nearly 30. And today's frozen TV dinner is much improved and better prepared and they sell at almost half the original price. Frozen dinners dominate the prepared foods category.

Why are TV dinners so popular?

According to an economy study conducted by Drexel Institute of Technology, to prepare the same meal, the homemaker must value her time at only 16 cents an hour.

Frozen prepared foods have eliminated much of the time-consuming food preparation chores. Homemakers working away from home are not faced with kitchen chores when they get home. Even washing dishes after dinner virtually is eliminated.

Frozen foods have come a long way since Clarence Birdseye conceived the idea 55 years ago. The few commercial products introduced then have evolved into thousands of forms, all clamoring for space in the retailer's case.

No doubt the development of

the frozen food industry has contributed measurably to the changes now so evident in family living patterns today.

Home Economics Briefs

How does the U. S. consumer spend his money? His expenditures are broken down like this: food and tobacco—23.2 per cent; housing—14.4 per cent; household operation—14.1 per cent; transportation—13.5 per cent; clothing and accessories—10.3 per cent; medical care expenses—7.2 per cent; recreation—6.3 per cent; personal business—5.5 per cent; personal care—1.7 per cent; private education—1.6 per cent; religion and charity—1.1 per cent; other—0.7 per cent.

Credit cards will take over the world. The San Diego County, Calif., jail now accepts credit cards for bail. And Davis-Memorial Goodwill Industries in Washington, D. C., will let its low income buyers charge purchases on their Bank Americard.

What is the difference between a man's haircut and hair-styling? Proper hair-styling can do as much for a man's looks as for a woman's. The male head, with proper hair cutting and shaping, can be made to look shorter, longer or wider. A slanting forehead can be made to look straight, or a thick neck made to look slim with a properly-cut neckline.

Pants Workshop Scheduled in April

Where in the world do you wear pants? Almost anywhere for this is the age of pants dressing. It's a clothing revolution that has won both fashion recognition and social acceptance. Casual—yes. Comfortable—indeed. Sloppy—never. The new pants outfits put as much emphasis on becomingness, beauty, poise, and fashion as a finishing school.

To help you learn to choose the style most becoming to your figure and for each occasion you will wear pants, how to alter ready-to-wear pants and how to make pants will be taught in a series of lessons in April by Mrs. Fay C. Roe, county home demonstration agent.

Pre-registration is necessary. Anyone desiring to attend any phase of the workshop is asked to call the extension office in Robert Lee or drop a card to Box 14, Robert Lee, Texas 76945 by March 18. The first class will be held on Thursday, March 26. Other meetings will be planned at that time.

Mrs. Opal Crab of San Angelo is a guest in the home of her friend, Mrs. Pearl Schooley, this week.

MRS. SMITH HONORED

Mrs. Hugh Smith was honored Saturday when her son-in-law and daughter, Mr. and Mrs. Lowell Roane had a birthday dinner for her. The occasion was in celebration of her 80th birthday.

Guests for the dinner were Mr. and Mrs. John Jacobs and Mr. and Mrs. Homer Carwile, all of Robert Lee, and Mr. and Mrs. Billy Glen Carwile and children of San Angelo.

PERSONALS

Mr. and Mrs. Donnie Lee Engle and girls of Brownwood were weekend guests in the home of Mr. and Mrs. Royce Hood.

Mr. and Mrs. Aubrey Dean Williams of San Angelo visited Sunday in the home of her parents, Mr. and Mrs. Hugh Smith.

Mrs. Lillian Blair of Sterling City visited Monday with her parents, Mr. and Mrs. C. C. Millican.

Mr. and Mrs. Zeddie Beal attended funeral services for her grandfather, J. R. Preas, held Feb. 21 at Seabrook. He was 88 years old and had visited with the Beal family several times in the summer months when they lived at Silver. The Beals visited last weekend in Abilene with his mother, Mrs. Birdie Beal.

Girls Track Meet Reset for Saturday

The girls track meet which was scheduled for last Saturday will be held here this Saturday. The meet was postponed because of inclement weather.

Twenty teams have indicated they will be here for the meet which will be held on Robert Lee's new all-weather track.

Events will start at 1 p.m., with finals scheduled for 4 p.m. A trophy presentation will be held at 5:30 p.m.

Coach Clifford Wilson issued an invitation to everyone in the area to attend the meet, saying some of West Texas' most outstanding girl athletes will be here.

Visitors over the weekend in the home of Mr. and Mrs. Turney Casey were their daughter, Mrs. Barbara Chesney, Cindy and Pam of Fort Worth, and their other grandchildren, Turney and Nelson Coulter of San Angelo. Mrs. Casey was admitted to the Bronte Hospital Friday with the flu.

Sunday visitors in the home of Mrs. Mabel Mundell were Mrs. Katie Stroud, Mrs. Mary Roe, Mrs. Pearl Harris and Mrs. Gertrude Gray, all of San Angelo.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

PARKER NOT GUILTY

A County Court jury found C. C. Parker of Bronte not guilty of the aggravated assault with which he was charged, in a trial held Tuesday in Robert Lee. Judge W. W. Thetford presided.

The charge grew out of an incident which occurred in February.

Several DWI cases which were on the docket were passed by the court.

BITTER CRITTER — The Litter Critter, the Texas Highway Department's faithful sidekick in the battle against highway litter, now is making his appearance on colorful 17x22-inch posters. Litter pickup costs the Department \$2 million a year. Schools, garden clubs and other organizations concerned about litter may obtain the posters from Highway Department District Offices, Tourist Information Bureaus or the Travel and Information Division, Texas Highway Department, Austin (78703). — TEXAS HIGHWAY DEPARTMENT PHOTO 12/69.

BCD Members Discuss Matters Of Local Interest

Tuesday's meeting of the BCD touched on a number of topics of local interest. Pres. George Newby presided at the meeting at which 16 members were present.

The president told members he had been contacted by Mrs. Victor Conner on behalf of the Cub Scouts for help in collecting scrap metal for the scouts to sell. Anyone who has scrap metal to donate to the scouts is asked to call Victor Conner at 453-2493 and the scrap will be picked up.

Bill Beaty and W. D. McAdams reported that the membership drive is "coming along fine." They said they have several more persons to contact. Checks from sustaining members now total 21, according to Secretary-Treasurer Mrs. Mary L. Prine. She said they have come from Midland, Snyder, Ballinger and San Angelo, as well as from local sustaining members.

Cumbe Ivey Jr. announced a man from Waco will be here in about two weeks to inspect the new welcome signs. He said the man will be able to give some pointers as to why the signs do not show up as well as was expected.

Supt. Jimmy Bickley said Public Schools Week and the open house and school dedication program were a big success and he was well pleased.

Some discussion was held regarding a BCD sponsored ladies night banquet. It was decided more study is needed, so action was postponed until next week. However, Jack Denman was appointed to check on a speaker for the event.

Garland Davis announced that the girls track meet, scheduled for last Saturday but postponed because of weather, will be held this Saturday. He also announced that a boys invitational track meet will be held here April 4 and the boys and girls district track meet will be held here on April 11.

Mayor Wilson Bryan told the BCD the city has been contacted by the Texas Industrial Development Corp. for information to be used in setting up a computer system to handle information and data on businesses and individuals throughout the state.

WASHINGTON

"As it looks
from here"

OMAR BURLESON

Congressman
17th District

Washington — "The President, Vice President and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors." This is Section 4, Article II of The Constitution.

There has been much discussion over the years as to what constitutes impeachable offenses. For many years the theory was maintained that indictable offenses only were impeachable. This theory has been stoutly defended and stoutly denied. Only one case appears to exist for impeachment on an offense not subject to indictment.

Mostly we think of treason, bribery or, for that matter, any crime, as being clearly a matter of black and white. In any criminal trial in our courts, intent often determines convictions, acquittal or mitigation. Intent and motive is at the heart of solving crime as well as prosecution. The courts have held that to convict one charged with advocating the

overthrow of our Government, an overt act must be proved. In other words, action must be connected with the statement of the accused.

Justice of the Supreme Court, William O. Douglas, has recently written a 97-page booklet entitled "Points of Rebellion." It is a tirade against the "American establishment"—the Pentagon, the FBI, the CIA, police, employers and educators. One of the strongest sentences is that "violence may be the only effective response of outraged youth."

Justice Douglas compares our today's establishment with King George III of England. "George III was the symbol against which our founders made a revolution, now considered bright and glorious," Justice Douglas wrote. The Justice says in his book, "We must realize that today's establishment is the new George III. Whether it will continue to adhere to its tactics we do not know. If it does, the redress honored in tradition is also revolution."

Throughout his treatise, Mr. Douglas offers justification for violence. In an appraisal of his writings, he acknowledges that riot has no constitutional sanctions but says that "injustices may pile so high that violence is the only answer."

In other passages, the Supreme Court Justice advises American protesters to risk arrest because the police have no right to interfere with their freedom. (Can

you imagine this?)

Mr. Justice Douglas excoriates the military, FBI snooping and other law enforcement agencies trying to get at lawlessness and writes an indictment of our society in general. To this criticism alone, he is entitled to his personal opinion.

It is quite a horse of another color when he attempts justification of violence and revolution directed at influencing the overthrow of the Government of the United States of which he is a part. Reading his words there seems to be no distinguishable difference between "the system," "the establishment" and established order under law.

Justice Douglas writes that he hopes the revolution he is talking about will not be like the one in 1776. The revolution that is coming he says, will arise from "the search of youth for ways and means of making the machine... the servant of man." Just exactly what this means is a little difficult to interpret.

The interpretation is less vague when he encourages violence and says that it bothers him that the establishment may not be wise enough not to use "its stockpile of arms" to suppress the dissenters, for he

The Observer, Robert Lee, Texas

thinks that will bring on an awful ordeal.

Data is being collected in certain efforts to determine if impeachment proceedings will stand up against Justice Douglas. Included in the collection of evidence is Mr. Douglas' past association with a private foundation alleged to be tied to racketeers.

"Points of Rebellion" is being added to a Bill of Particulars against Justice Douglas. At least he should resign from the Supreme Court, which he must also hate even in its recent years of applying the extreme liberal philosophy. Apparently the Justice has prejudged cases which could possibly come before him of a nature involving revolutionary activities.

SCARBROUGH PREACHES

Archie Scarbrough of Abilene was guest speaker in the Northside Church of Christ for both the Sunday morning and evening services. His son, Mike, and a friend, Clyde Dukes, accompanied him to Robert Lee. The group had Sunday dinner in the home of Mr. and Mrs. Javan Vosburg.

Mr. and Mrs. Robert Slough and family of Midland visited in the home of Mrs. A. E. Latham and Mrs. Mittie Kuykendall, Friday. The family came to tell Mrs. Kuykendall that her grandson, Ted McDonald of Bloomington, N. M., had been killed.

10 resounding reasons why you should buy a new Chevrolet instead of a new something else:

- 1 Higher resale value.** Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.
- 2 Deep down value.** Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.
- 3 Smooth, smooth ride.** Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system.
- 4 Impressive styling.** The impression is that it's an expensive car, if you want to make an impression.
- 5 Massive interiors.** Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.
- 6 Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.
- 7 A finish that lasts.** It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.
- 8 Exceptional engines.** Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.
- 9 Tremendous selection.** Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
- 10 America's favorite.** Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?

Judging Teams Compete at SW

Two livestock judging teams from the Robert Lee FFA Chapter attended a Hampshire Swine Conference in Sweetwater Feb. 25. A large number of Hampshire swine were on display.

Team No. 1 was made up of Neal Calder, James Hood, Walden Millican and James Wright. Team No. 2 was made up of Bubba Duncan, Pat Lewis, Marshall Millican and Doug Burns.

Walden Millican tied for first place high individual in swine judging and won a trophy on the flip of a coin. James Hood was fourth high individual in the judging to take the next high position among the local boys. Lee Roy McDaniel, coach of the teams, won third high in the adult judging division and received a trophy.

Other boys from Robert Lee who attended the session were Riley Waldrop, Keith Wright and Jan Heflin. Maurice Duncan also accompanied the Robert Lee group, and purchased a registered Hampshire boar. James Hood purchased a registered gilt.

States represented at the Sweetwater meeting were Texas, New Mexico, Oklahoma, Missouri, Arkansas, Nebraska, Iowa and Illinois.
