DEBBIE SMITH DIES

BCD Has 33 Members; Some More Are Needed

A report given at Tuesday's BCD meeting indicated that the civic organization is slightly behind last year in its membership drive. The report said that a total of 33 members have been signed up, while last year there were 37 members. Bill Beaty and W. D. McAdams, membership drive committeemen, made the report and stated they have a few more prospects to contact. They invited the participation of anybody who wants to work toward the development of a better community.

Mrs. Bryan Yarbrough reviewed briefly three books which have been bought and donated to Robert Lee High School library. BCD members contributed money for "Along the Early Trails of the Southwest," "Ranger of Texas" was given by Vaughan Davis, owner and operator of

Westway Grocery, and "The Indians of Texas in 1830" was donated by Robert Lee State Bank.

Scoutmaster Gene Hinnard was a guest at the Tuesday meeting and gave a report on advancements and accomplishments of the local Boy Scout Troop for 1969. Hinnard also reported it is time to recharter the troop for 1970. The BCD has sponsored the Robert Lee Troop for many years and has until March 31 to renew the charter.

Garland Davis and Jimmy Bickley are past troop committee members and are registered again this year, Hinnard said. Five names are on the list yet to be registered. He said they will be contacted soon.

Hinnard said that 23 boys were registered in scouting at the beginning of 1969 and 41 at the close of the year. Thirty-four

are now registered. The number has dropped because four have quit, two have moved up to the Explorer Post and one boy has moved from the county. Mark

Matlock made Eagle Scout last year, and Hinnard said he has six more boys whom he thinks will make Eagle by next fall. In the nine years he has been the scoutmaster, he has had nine boys to make Eagle, the highest rank in scouting. Hinnard said there are six or seven boys who will probably come into the Boy Scout troop this year from the Cub troop.

The BCD voted to sponsor the troop for another year and to pay registration fees for adult committeemen.

Vice President McAdams presided at the Tuesday meeting with 11 members present.

Austin—With a total of 901 new plants, Texas has earned No. 1 rating among the states in industrial development for 1969—first time in its history.

Gov. Preston Smith announced that Dun and Bradstreet Corporation, in a report published by Fortune Magazine marketing research staff, bestowed the recognition.

Number of new plants in Texas last year exceeded California's by 42 per cent. California was in second place.

Texas is the only southwestern state to rank in the top ten of new industrial locations.

Only six other states now exceed Texas' overall total of 15,576 manufacturing plants. Number increased by six per cent during last year.

Smith credited the increase to efforts of the Texas Industrial Commission and "the close-knit alliance between local, regional and state development groups

and the partnership of industry and government that we have in Texas to promote a better life for all citizens."

Top ten states invested \$7.9 million in programs to attract industry last year. Texas spent only \$385,570—or less than five per cent of the total. State's share of the 3,813 new plants nationwide was 24 per cent.

"For an investment of one half the average, Texas has been able to accomplish nearly three times the results," Smith boasted.

Other states among the top ten were Georgia with 609, Illinois with 290, Alabama with 289, Indiana with 240, Florida with 224, Minnesota with 224, Ohio with 212 and North Carolina with 189.

SAFE DRIVING PROGRAM PUSHED — Governor Smith pledged all the influence and prestige of the governor's office to curb highway traffic acci-

dents.

His "Drive Friendly" program calls for:

- * Operating vehicles responsibly.
- * Obeying all traffic laws.
- * Respecting state and local police officers.
- * Being generous with the right of way.
- * Keeping vehicles in good operating condition.

* Avoiding driving while unfit (particularly when drinking).

WELFARE — Social Security checks will increase April 1, but many will receive smaller state assistance payments and some will become ineligible for state aid.

Welfare Commissioner Burt G. Hackney said Social Security Act amendments will have this effect on Old Age Assistance:

* About 138,500 OAA recipients will receive smaller state checks, although with Social Security increase, income will go up about \$4 a month.

* Another 95,500 will get \$4 more in state Old Age Assistance.

* About 4,100 will no longer be eligible for state aid. These now receive relatively high Social Security benefits and token state aid.

COURTS SPEAK—State Supreme Court set April 8 to hear arguments on a test case involving the constitutionality of the state law providing tax exemptions for historic buildings and sites.

High Court refused to enjoin the State Democratic Executive Committee from placing Rep. C. L. Ray of Marshall on the ballot as a candidate for associate justice of Texas' Court of Civil Appeals.

Supreme Court defined rules for paying natural gas production taxes where gas of several producers is collected by a central plant for processing, thus permitting Mobil Oil Corporation to recover nearly \$350,000 in taxes paid under protest.

Third Court of Civil Appeals reversing trial court, concluded that former State Securities Commissioner William King exceeded his authority in banning sales of cosmetics distributorships by Koscot Interplanetary Inc., a Florida based concern.

Court of Criminal Appeals affirmed the death penalty assessed a 21-year-old Corpus Christi man in the strangulation of an 83-year-old woman in 1965.

AG OPINIONS—A Williamson County judge was the proper official to receive the election petition and order an election to consolidate Round Rock County Line and Pond Springs Common County Line School districts, Atty. Gen. Crawford Martin has held.

DEMOCRATS, GOPS CERTIFY BALLOT — Democrat and Republican executive committees certified candidates for their May 2 ballots and mapped plans for party conventions on Sept. 15.

Republicans will take their 4,300-vote convention to Fort Worth. Democrats with 5,541 delegates, will go to Dallas.

Democrats passed up suggestions to place referendums on busing of school children, daylight saving time and lowering the voting age on their ballot.

DISCRIMINATION — Title insurance companies operating in

Texas have been ordered by the State Board of Insurance to revise their "chain of title" reports to make sure they are not violating the federal civil rights act.

Order requires title insurance policies, when referring to deed restrictions, to omit references to color, religion or national origin. Those restrictions have been held invalid by the courts.

Short Snorts

New Texas Water Resources Study Committee held its first hearing in Mount Pleasant, will hold others in all parts of the state.

Dairymen warned a legislative committee of laxity of milk inspection in some cities.

Parks and Wildlife Commission will hold its quarterly meeting in Austin March 25.

New report of Texas Advisory Committee to U. S. Commission on Civil Rights recommends (among many other things) abolishing the Texas Rangers.

GRADUATES FROM SCHOOL

San Diego—Navy Petty Officer Third Class Doyle G. Haley, son of Mr. and Mrs. Ted Haley of Robert Lee, graduated from the Interior Communications Electrician "A" School, at Service School Command, Naval Training Center, San Diego. He completed the course March 5.

Baby's Teeth

Good tooth care starts even before a baby's birth, then it continues with a good diet, cleanliness, regular visits to the dentist and use of fluorides.

This is a four point program for baby's own dental care.

Research shows that the strength of baby's first teeth, which are formed in his mouth during his mother's pregnancy, depends on the amount of calcium, phosphorous and vitamins in his mother's body.

Pregnant women should eat plenty of citrus fruits, cheese and milk, and should take calcium and vitamin supplements their doctors recommend.

After birth baby's diet counts, too. A child needs plenty of milk, eggs, fruit, vegetables, meat and as little extra sugar as possible.

Cleanliness is the second part of the child's program. Research has discovered that a baby who falls asleep with a bottle in his mouth is likely to develop more cavities than other children.

Even before the baby's first teeth have been cut, a mother should wipe the inside of his mouth gently with a piece of gauze after he has eaten. This removes any milk or other food from his gums and tongue.

When the baby's first teeth appear, his mother can begin to clean them regularly with a washcloth. When he's about 18 months old she can start using a soft tooth brush. Toothpaste or powder is not necessary at this time.

Regular visits to the dentist should begin when the child is between 2½ to 3 years old, be-

fore any repair or remedial treatment is likely to be necessary.

The use of fluorides is the fourth part of a dental care program. Presently, fluoridation of community water is considered to be the least expensive and most effective way to prevent tooth decay.

Nutritious Peanut Butter

Peanut butter is a very concentrated food that combines with other foods to make them more appealing and digestible. In addition to sandwiches and baked items, peanut butter is delicious in salads and soups, according to the U. S. Department of Agriculture.

The 1969 peanut crop is estimated at nearly 1.3 million tons—or slightly above the previous year's record. So, stocks of peanuts and peanut products are heavy. USDA's Consumer and Marketing Service has featured them on its March list of plentiful foods.

Filled Peanut Butter Cookies offer a tasty snack.

½ cup shortening
½ cup peanut butter
¾ cup brown sugar
1 egg
½ cup milk
½ teaspoon vanilla
2 teaspoons baking powder
½ teaspoon salt
2¼ cups sifted flour
Raisin or peach filling (see following recipe)

Cream shortening, peanut butter and sugar. Add egg, milk, and vanilla and mix well. Sift dry ingredients together and stir into the first mixture. Chill.

Roll dough thin. Cut rounds with a biscuit or cookie cutter, drop a spoonful of filling in center of one round and cover with another. Press edges together. Bake on ungreased baking sheet at 425° F. for 10 minutes. Makes 50 two-inch cookies.

Raisin Filling for Cookies
¾ cup ground raisins
¼ cup sugar
¼ cup water
1 tablespoon lemon juice
1 teaspoon grated lemon rind
¼ cup finely chopped salted peanuts

Combine ingredients except peanuts and cook until thickened, stirring frequently. Remove from heat and add peanuts.

Peach filling for Cookies
¾ cup ground dried peaches
¼ cup sugar
¼ cup water
½ teaspoon lemon juice
1 teaspoon grated lemon rind
¼ cup finely chopped salted peanuts

Combine ingredients except peanuts and cook until thickened, stirring frequently. Remove from heat and add peanuts.

WASHINGTON
 "As it looks
 from here"
OMAR BURLESON
 Congressman
 17th District

Washington — Mr. Daniel P. Moynihan, counselor to the President and holdover from the previous administration, is under fire for suggesting to President Nixon that some "benign neglect" should be applied to matters involving "Civil Rights."

Perhaps the word "neglect" was not the best choice but seemingly, what he was trying to say is that there has been too much rhetoric on the subject and too many promises.

The way things stand today there is an abundance of evidence that too many promises of everything has contributed to unrest, frustrations and disappointments among many people. Politicians and administrators, as a whole, have gone beyond the possible in promising Utopia for about everything. Regardless of Mr. Moynihan's admonitions there is not likely to be a let-up in "tub pounding" for about everything which has an appeal to groups and individuals who

have a special interest. Dr. Anthony Downs Sr., vice president of Real Estate Research Corporation, a consultant to the Rand Corporation, Urban Institute, Brookings Institution and the Ford Foundation, has just released a paper through the U. S. Commission on Civil Rights, in which he says "almost every white American is a racist." Dr. Downs was a consultant to the Keener Commission, composed of prominent citizens across the country, which says that the cause of civil unrest is failure to do away with poverty and lack of opportunity for minority groups.

How Dr. Downs concludes that all whites are racists is not explained. How could he possibly know the hearts and minds of people who absolutely have no feeling toward another individual because of his race, creed or color? The fact that he makes such accusation suggests to those who feel some discrimina-

tion, that they react with force. This, in turn, encourages discrimination of one sort or another and polarizes a situation often leading to violent confrontations.

In part, Dr. Downs says that "all whites have contributed to a system that constantly produces racist effects..." He outlines objectives to combat racism: (1) to change the behavior of whites so that they will no longer consciously or unconsciously support racism and (2) to increase the capabilities of nonwhite groups so that they can overcome the handicaps racism imposes. He advocates a build-up of political power for the support of "black power" and "black nationalism." He wants legislation passed to give more power to minority groups, making it the self-interest of whites to support minority aims.

Not all nonwhites by any means agree with this position. Mr. Roy Innis, National Director of CORE (Congress on Racial Equality), for instance says that forced integration of public schools is not workable and is not a guarantee of an equal or quality education for all pupils, black or white. He says that segregation when properly defined, should be equated with inequality of education. He makes the point that segregation and separation are two different things and that nonwhite people should run their own schools and vice versa, letting white people make their decisions and black people theirs, and not having the whites making the decisions for both. He would, of course, require that Federal, State and local funds go to each school district under his plan on an equal per pupil basis.

The race question is not the only source of types of discrimination in this country. There has always been, there always will be a selection on the part of any individual to choose his associates for whatever reason. Most of us want and expect everybody to love us—especially we politicians—but they don't. Rightly or wrongly, we simply may not like the way a person wears his hat or steps up on the curb. But, if this be discrimination, what government has a right to regiment us to the position which denies this right?

With the possible exception of

Mr. Lincoln's Emancipation Proclamation, no President promised more or tried harder in behalf of the minorities than former President Johnson. For it, he was abused and condemned by many of these same. A good guess is that this was a greater influence in his not standing for another presidential term than the war in Vietnam. Probably it serves the example of the insatiable appetite for promises of immediate Utopia.

A recent occurrence in San Antonio shows the courage of a man who refuses to indulge in racial prejudices or illusory promises for political advantages. The San Antonio Express in a recent editorial says that Congressman Henry Gonzalez will not dance to racist tunes.

Recently at St. Mary's University a dissident group attempted to disrupt a speech by the Congressman. The San Antonio Express describes the militants who attempted to abuse Mr. Gonzalez by accusing him of refusing to make his ethnic background a profession in itself. Congressman Gonzalez, the editorial says, was fighting racism before those who attempted to disrupt his speech were born—and has shown himself just as quick to oppose Mexican-American racism as he has been to oppose Anglo racism.

Over-promising and suggesting to any individual or group that to settle differences by violent and even revolutionary means, raises doubts and distrust where reasonableness should be applied.

Under prevailing circumstances perhaps some "benign calmness" would serve best.

Miss Casey Retires After 40 Years of Extension Work

After more than 40 years of work with the Texas Agricultural Extension Service, District Home Demonstration Agent Thelma Casey filed her last report Jan. 31. She has retired.

Dr. John E. Hutchison, director of the Extension Service, praised Miss Casey's qualities as a teacher and her ability to motivate and inspire others to do outstanding work.

"Miss Casey has been dedicated and highly effective in each position she has held with the Extension Service," he said.

"She is a competent home economist and also is sensitive to the needs of people. She has made significant contributions in improving Extension methods and has helped thousands of Texas families to achieve a higher level of living."

As district 7 home demonstration agent since 1944, Miss Casey supervised county home demonstration agents in Sterling, Coke, Runnels, Coleman, Irion, Tom Green, Concho, McCulloch, San Saba, Schleicher, Menard, Mason, Llano, Kimble, Gillespie, Blanco, Kerr, Kendall, Real, and Bandera counties.

Miss Casey's contagious motivation has stirred many central West Texas 4-H'ers to win state and national awards under her leadership. Many from her district have achieved clothing, National 4-H Club Congress and other honors.

The daughter of Mrs. S. M. Casey, San Angelo, has logged close to 17,000 miles a year during her work. She doesn't mind because traveling is her favorite pastime.

The retired agent has traveled in Mexico, Hawaii, Europe and the U. S., and just because she has retired she doesn't plan to stop. "If I'm lucky I may get back to Europe this summer," she said.

A native of Guyman, Okla., Miss Casey attended high school at Mullen and Ball in Galveston. She was graduated from Southwest Texas State College, San Marcos, in home economics and did graduate work at the University of Denver and the University of North Carolina.

She taught school in Concho County before joining the Extension Service as home demonstration agent in Caldwell County. She later served as home agent in Travis County.

Then Miss Casey became district agent with her office first at Texas A&M, then the Tom Green County Courthouse to Angelo State College and back to the courthouse.

She plans to stay in San Angelo.

Miss Casey is known to hundreds of present and past home demonstration club women and 4-H girls of Coke County.

Mrs. Lillie Gaines returned home March 7 following a month long visit in the home of her son, Jasper Gaines, and family in Midland.
