Saturday Trash Hauling Day In Robert Lee

Saturday is haul-off day in Robert Lee and all kinds of junk will be hauled away to the dump ground for these have placed it in an accessible place. City and county officials are cooperating in the cleanup and everyone is urged to have all junk in the alleys of the city where trucks will be able to pick it up.

Mayor Wilson Bryan and Commissioner Fern Havins are in charge of the project and both city and county will have trucks and men on the job Saturday to assist in the cleanup project. will be returned.

Anyone who has trash to haul off is invited to call the city hall and report the location. Calls will be taken any time dur-

Coke Heart Drive Exceeds Quota, Gets Recognition

The Coke County Division of the American Heart Association met Monday night at the recreation hall in Robert Lee for a regular board of directors meeting.

It was announced that Coke County citizens contributed \$810 in the recent Heart Fund Drive. This generous support of the drive placed the county on the Heart Fund Honor Roll, for exceeding its fair share and 1969 results. The funds will support cardiovascular research, public and professional education and community programs of the association.

Awards of Merit were given to J. D. Mumford and David Beatty for presentation to the Lions Club and Boy Scouts who helped with the fund drive in Robert Lee. Awards of Merit will be presented at a later date to members of the 69 Study Club who helped with the campaign in Bronte.

Dennis McDaniel, regional director, reported on some changes which were being made in organization as presented in an executive committee meeting in Austin. He also announced plans for the regional program workshop to be held in San Angelo June 4.

Reports of activities were given by public education, campaign, professional education and community service committee chairmen. A nominating committee to secure officers for next year was appointed. The next meeting of the Heart Association will be the annual meeting in May at Bronte.

Mr. and Mrs. O. D. Reed and Larry of Lubbock were Sunday afternoon visitors in the home of Mr. and Mrs. A. J. Roe Jr.

Everyone is urged to put trash in throw-away containers, as no boxes, baskets, sacks, etc.,

Beef Cattle Clinic Set for Thursday

A beef cattle selection and marketing clinic will be held Thursday afternoon at the Simpson Brothers Feed Lots five miles northwest of Robert Lee on the Colorado City highway. The program will be from 1:30 p.m. to 4:30 p.m.

In charge of the program will be L. A. Maddox Jr., animal husbandman of the Texas Agricultural Extension Service at College Station.

Coke County Agricultural Agent Sterling Lindsey said this week that the program will be devoted to selection, grading and marketing of cattle.

First part of the program will see the animals on hand being judged by the producers present. Following the selections, Maddox will discuss selection points. Conclusion of the first part of the program will see the selected animals weighed and weights compared.

A refreshment break will be held from 3 to 3:30 p.m.

The last part of the program will be from 3:30 to 4:30 p.m. when Maddox will discuss marketing alternatives. Various marketing possibilities from which an operator has to choose will be discussed.

Lindsey said every livestock producer in the area is invited to attend the program. "We think you will enjoy the program," he said, "and take home some ideas you will want to think about."

The program will be sponsored by the Coke County Program Building Livestock Subcommittee.

this week and the office will be open and receiving requests till noon Saturday.

Hugh Lewis Jr., member of the membership drive committee, reported that two additional sustaining memberships have been received during the past week, from General Telephone Co. and Martin Lee Construction Co. of Bronte.

Cumbe Ivey Jr. said the welcome sign committee is waiting on better weather and the advice of a man from Austin before making any plans to improve their appearance. Ivey said more work is definitely needed to make the signs show up better to passing motorists.

High School Prin. Garland Davis announced the track meet which will be held here Saturday and announced the girls track team will compete in a meet at Eldorado. Davis also called attention of members to elections which will be held Saturday. More information on them and the boys track meet will be found in other stories in this week's Observer.

Jack Shelley of General Telephone Co. and Hartsell Haws were guests of Supt. Jimmy Bickley and Principal Davis. Thirteen members were present.

COKE TO GET FEDERAL AID FOR EDUCATION

A wire received Wednesday from Congressman Omar Burluson that Coke County will receive \$17,519.34 for use by children from low income families in Coke County.

The wire reads:

Pleased to announce \$17,519.34 Office of Education grant to State of Texas for 118 Coke County children in low income families, age 5 to 17, under Elementary - Secondary Education Act.

Omar Burluson

Three elections will be held in Robert Lee Saturday, when city officials, school board members and hospital district directors will be elected.

Apparently there will be no competition in the school trustee balloting, as ten candidates are running for the three vacancies. Candidates on the trustee ballot are: A. R. Bagwell, Wayne Mashburn, John D. Mumford, Douglas Gartman, Delbert Shoemaker, Billy J. Blair, Maurice Duncan, Joe B. Flowers, Bobby Baker and J. D. Harmon.

Funeral Held Here Tuesday Morning For Mrs. J. O. Rudd

Funeral services were held at 10 a.m. Tuesday for Mrs. J. O. "Thelma" Rudd, 61. The last rites were held in First United Methodist Church, with the pastor, the Rev. Arthur Kendall, officiating.

Graveside service were held at 2:30 p.m. at Greenleaf Cemetery in Brownwood. Newby Funeral Home of Robert Lee was in charge of the local arrangements.

Mrs. Rudd died at 8 a.m. Sunday at her home here after a long illness.

Mrs. Rudd was born Thelma Gaffin in Brownwood Jan. 18, 1909. She was married to James O. Rudd Nov. 30, 1937, in Brady. They later lived in San Angelo and she and Mr. Rudd worked the Rudd Ranch near Juno in Sutton County for several years. They have lived here and ranched Coke County for the past 15 years.

Mrs. Rudd was a deputy county clerk in Brownwood for 12 years prior to her marriage. She was active in the Robert Lee El Valle Garden Club and in home demonstration club work. She also took part in civic affairs and served as den mother in a local Cub Scout den. She was a member of the Methodist Church and was active in the Woman's Society of Christian Service.

Survivors include her husband; two sisters, Mrs. Joe W. Banner of Brownwood and Mrs. Doris Clements of Mason City, Iowa; a brother, Bob Thomas Griffin of Houston; two nieces and three nephews.

Pallbearers were Lewis Hall, Cury Ducote, C. T. Ducote Jr. and Merton West, all of San Angelo; Robert Vaughan and Gerald C. Allen, both of Robert Lee.

Gartman and Blair are currently serving as trustees. The other retiring member of the board is Truman Hines who is not running for reelection. The trustee election will be held at the school with Horace Bloodworth serving as presiding judge.

There is also competition in the hospital director election with five candidates running for the three vacant spots. Candidates are James E. Herford, Robert Large, Billy C. Green, O. H. Campbell and J. E. Quisenberry Jr. Incumbents are Herford and Quisenberry. Retiring and not seeking reelection this year is Fred McCabe Sr., long time member and chairman of the hospital board.

The hospital election will be held at the courthouse with Mr. Cumbe Ivey Jr. serving as presiding judge.

The city election should be the quietest of the three to be held Saturday, as there is no opposition for any of the offices becoming vacant. The three present officers who are seeking reelection are Wilson Bryan for mayor and Jack Denman and James Craig for city aldermen.

Mrs. W. E. Jacoby will serve as presiding judge for the city election which will be held in the city hall.

Notes From The Oil Field

The Frank Pearson multipay field has gained its ninth Strawn reef producer and a location south and west extension to that pay with the completion of Pearson-Seibert Oil Co. of Texas No. 2 Edd B. Keyes. The well, located 12 miles northwest of Robert Lee, was completed for a daily potential of 372 barrels of oil with a gas-oil ratio of 1,403-1.

Production was through a 20-64 inch choke and perforations at 6,952-113 feet which had been acidized with 30,000 gallons.

Location is 1,667 feet from the north and 853 feet from the east lines of Section 151, Block 2, H&TC Survey.

CORRECTION

In last week's Observer in the story about renewal of teacher contracts, the name of Mrs. Helen Anderson was inadvertently omitted. Mrs. Anderson's contract was renewed for another year. We regret the omission and hope she will accept our apologies.

Mr. and Mrs. Fred L. Beatty were Easter weekend guests of their children, Mr. and Mrs. Jim Crowder and Lee Anne of Midland.

Twenty Teams Expected For R-Lee Track Meet

A large number of trackmen, coaches, school officials and fans will get a chance Saturday to see Robert Lee's new all weather track when the local school hosts a track meet for some 20 schools in West Texas.

Events will get underway at 9 a.m. and the meet will be concluded with the finals in the late afternoon.

Schools expecting to send track teams here Saturday in-

clude Roscoe, Blackwell, Mertzon, Aspermont, Lorraine, Paint Rock, Sands, Miles, Bronte, Borden County (Gail), Garden City, Coahoma, Bangs, Menard, Wylie, Westbrook, Water Valley, New Home, Sterling City and Iraan.

Those in charge of the meet urged fans who want to see some good track activity to be on hand Saturday for the action.

Team at Bangs

The Robert Lee team went to Bangs Saturday when James Fields took first place in the shot put event with the toss of the heavy ball for 47.6 feet. Fields also won sixth in discus and fourth in high jump.

Marshall Millican took second place honors in the pole vault event with a 11.6 feet. Mike Mumford took third in high jump.

Austin — New programs are in the works for job training and computerizing data on the industrial advantages offered by Texas communities.

Texas Industrial Commission announced its computer project will go into operation this summer with completion of data storage on cities across the state. Texas Municipal League, Chambers of Commerce and industrial developers are cooperating.

Commission plans to provide prospective industries with instant information on every town in Texas, listing natural and human resources available, economic potential and strong points in each place.

Program also is designed to show communities which industries most likely would be interested in their attractions.

Meanwhile, a three-year project to develop industry's ability to determine what training is needed and where was announced at the Governor's Conference on Technical-Vocational Education here.

Construction Industry for Education, Manpower and Research will receive \$90,000 from Texas

Education Agency to help other industries plan training based on families, occupations or employment. Council will use the system to develop an environmental technology program expected to enroll between 9,000 and 10,000 students in 1972.

Students will get an introduction to the industries in the ninth grade, study plumbing basics in the tenth grade, heating and cooling in the eleventh. In their senior year, they will select jobs for part-time supervised training. After high school, they can go directly to work in a trade or take advanced training in technology or engineering. Industry and education agencies cooperate in offering the program.

Air Board-AG Clash — Texas Air Control Board has accused the attorney general's office of demanding too much evidence before it will take pollution cases to court.

"You shouldn't have to kill anybody to get prosecution," emphasized Dr. Wendell H. Hamrick, Houston member of the board. "I don't see how we can ever get any prosecution under conditions set out by the attorney general."

Protest broke open a longstanding conflict between the board and state lawyers over how much evidence is necessary to support filing of air pollution violations against industries. It was provoked by an Austin furniture plant case, where the Attorney General declined to take action for lack of sufficient evidence.

Attorney General's representative said the board's stringent regulations present the problem of proving danger to public health and welfare.

Courts Speak—Supreme Court held that witnesses cannot be forced to present certain types of records when they are sought only to challenge their own testimony.

High Court overruled the effect of the City of Orange to direct the Beaumont Court of Civil Appeals to make specific find-

ings in an annexation dispute between Orange and Port Neches.

After appeal to the State Supreme Court a Houston shipyard welder won his case for workmen's compensation disability insurance on the basis of his claim that he was poisoned by fumes in a job accident.

Fred Williams of Houston, candidate for land commissioner, has asked the Supreme Court to force Land Commissioner Jerry Sadler to make public a list of 43,000 voters who have state veteran land loans.

Atty. Gen. Crawford C. Martin, through the AG's anti-trust and consumer division, got a district court injunction against Empire Sewing Machine Distributors of Fort Worth ordering it to stop deceptive trade practices.

AG Rules—Out-of-state liquor may be used to stock airlines in Texas without paying any state tax unless the alcoholic beverages are sold while the plane is over Texas, says Attorney General Martin.

In another recent opinion, Martin held that the Sunnyvale Town Council, Dallas County, cannot act in the capacity of a school board for Sunnyvale Independent School District.

TB Test Reinstated — Tuberculosis tests have been reinstated at all border ports of entry for cattle imported from Mexico, reports the Texas Animal Health Commission.

Action was taken under terms of a Travis County district court order enjoining the commission from permitting entry into Texas of cattle from Mexico in violation of health regulations. Associated Milk Producers of Texas filed the suit.

Early this year the Health Commission put TB testing requirements into effect on the border but suspended them two weeks later at the request of Governor Smith pending a hearing in El Paso on objections to the order. Commission decided to exempt steers and spayed heifers after the hearing. Issue will be aired at an April 6 agency meeting here.

Registration Leaders Named — Loving and Roberts Counties registered the highest percentages of voters in the small-county category. Loving County scored 258.3 per cent and Roberts County 232.4 per cent. Quotas were fixed by the State Democratic Executive Committee. Throckmorton County came in third in the same class.

Next group, population wise,

was led by Rains County, followed closely by Stonewall, Shackelford, Bandera, Zapata, Menard, Dickens, Mills, COKE, and Jim Hogg.

Short Snorts

National Aeronautics and Space Administration will provide the state data from its aircraft and satellites to deal with pollution problems and natural resource preservation.

An Office of Child Development grant of \$96,014 has been approved for Robertson County, Hearne, economic opportunities advancement unit.

No cases of psoroptic scabies were reported in Texas in February, according to the latest report of the State Animal Health Commission, but animal health officials started a complete inspection of feedlots in Castro County, where the state's last outbreak of the disease occurred in December.

Governor Smith urged the new-

ly organized Mass Transportation Commission to pay special attention to the needs of the old, poor and handicapped who are not able to drive.

Interscholastic League Press Conference named Mrs. Elaine H. Pritchett of Houston's Memorial High School as the outstanding journalism teacher in Texas.

A tri-county study of potable water made by the State Health Department and the U. S. Public Health Service shows six per cent of the 1,955,000 persons living in Chambers, Galveston and Harris counties are being served "poor quality" water.

Mr. and Mrs. C. J. Walker Jr. and children spent the week-end visiting her parents, Mr. and Mrs. John Clark at Alice.

Mrs. C. J. Walker Sr. visited her daughter and family, Mr. and Mrs. Wilton Robertson, at Midland over the Easter holidays.

Cong. Omar Burleson

**Cong. Burleson
Issues Statement
On Candidacy**

Congressman Omar Burleson has formally announced his candidacy for re-election to Congress subject to the Democratic Primary on May 2 and the General Election in November. The 17th Congressional District, which he represents, is composed of 31 Counties, covering approximately 30,000 square miles. Within this area live about 440,000 people.

Burleson says, "During my tenure of office I have followed two guiding principles: First, to know the views of my constituents and reflect their sentiments to the greatest degree possible in my actions in the Halls of Congress. Second, to inform and advise as closely as I can on those issues which affect our District, our State and our Nation."

Burleson termed his approach to Government as one of "common sense," gained through the years of public service. "I have tried to see that the people's tax money is spent wisely and as judiciously as you would have spent it had you been in my place," he said.

"The record will show that a greater part of the time I have found myself in the minority in opposing vast spending programs of doubtful value which have been put into effect in recent years. In every Session of the

Congress the record will show my votes for expenditures below that recommended by the Executive Department and far less than actually appropriated by the Congress, except in the field of National Defense," Burleson said. He continued, "Without meaning to appear boastful, if the Congress had followed those of us who have voted consistently over the years for fiscal responsibility our financial affairs would not be in the shape they are today."

"In areas providing for the defense of our Country, I have always supported those things to make and keep our Nation stronger than any other in the world," he said.

"I have been discerning in separating those activities which the Federal Government was not designed to do, from those which are truly its responsibility," he said.

Burleson stated that activities of State and local governments, in accordance with the Constitution, should not be infringed and encroached upon by the Federal Government.

"The Federal Government does have specific missions," he said. He gave as examples the conservation of our natural resources, the defense of the Country and its general welfare.

"At the same time," he said, "the Federal Government can not and should not try to take care of everything from Washington, either foreign or domestic. The Federal Government has grown to colossal proportions and centralized power in Washington has increased," Burleson pointed out. "To this, I am opposed and my record is clear in this respect."

Burleson is among the senior members of the U. S. House of Representatives in point of service. He was elected to the 80th Congress from the 17th District and has been elected to each succeeding Congress. He is a member of the Ways and Means Committee, considered to be the most powerful and prestigious in the House.

Burleson is a former County Attorney and County Judge of Jones County. He was appointed an FBI Agent, and served in a number of assignments over the U. S. He resigned from the FBI to join the Navy in World War II, and saw duty in both the Atlantic and the Pacific.

Burleson ended his formal announcement by saying, "Although not having opposition in this year's election, it is my hope to visit my constituency as opportunity affords. The Congress being in session at this time and expected to be long after the Primary Election, there will be little time to leave duties in Washington. I expect, however, to get back home at short intervals to do the best I can in seeing my friends and to make new ones. I believe it is incumbent upon a Congressman to know people and that they know him, to have the best representation. This is fundamental to our system."

Easter weekend visitors in the home of Mrs. Judy Reilly were her daughter and family, Mr. and Mrs. Frosty McKey of San Angelo, and her brother and sister-in-law, Mr. and Mrs. Larry West of San Antonio. Her mother, Mrs. Marie West, returned home with her son for a month's visit.

Why not give the carrot an opportunity to make your meals more colorful and tasty?

The carrot's rich endowment of deep orange-gold contains a wealth of nourishment for buoyant health. You can be sure that its "carats" outweigh its modest cost.

All the important carrot varieties in this country have the deep orange color, although yellow and even white kinds are known. Around 400 carrot strains exist, according to the U. S. Department of Agriculture, although few of us ever come in contact with all of them.

Cutting carrots cross-wise into halves is a popular way of preparing them for pot-roasted entrees. Cut into thirds or quarters, they go into soups and stews. Cut into "rounds," the cross-cut pieces add appeal to tossed salads and are excellent steamed and buttered.

Carrot curls are always popular. Using a vegetable parer, carefully fashion the carrots into tissue-thin, broad lengthwise strips. Swirl each strip into a "curl," fasten with a toothpick, place in ice water and chill for about an hour. Remove the pick before serving, or top with a stuffed green olive.

When cutting carrots for cooking, remember that the smaller the pieces, the less cooking time will be required. Whole carrots need from 20 to 40 minutes cooking time, while tiny carrot bits are steamed to tenderness in about five minutes.

Graters come in handy when preparing carrots. Use a coarse grater for carrot shreds, medium to fine ones for the grated-style carrots. Shredded and/or grated carrots are wonderful in cole slaws, tossed salads and gelatin creations.

You can prepare Tangy Glazed Carrots for the family by using the following recipe:

To Serve 8

5 cups or 1 1/4 pounds sliced fresh carrots

1/2 cup orange juice
2 tablespoons sugar
1/4 teaspoon salt
1/2 (5 oz.) Jar pineapple cheese spread

Cook carrots until tender in small amount of salted boiling water. Drain. Combine remaining ingredients and pour over carrots. Continue cooking over low heat until cheese melts and mixture thickens. Do not boil.

Carrot Ambrosia—To Serve 8

1 quart grated carrots
1/4 cup lemon juice
1 3/4 oz. can grated coconut
3 tablespoons honey
1/2 cup dairy sour cream
1 cup or 8 ounces oranges, diced
1/4 cup mayonnaise
2 ounces marshmallows

Combine carrots and lemon juice. Add oranges, coconut and marshmallows. Combine honey, sour cream and mayonnaise. Toss with carrot mixture. Serve on lettuce.
