

THERE THEY GO!—Fourth and eighth grade science students at Dimmitt Middle School release a thousand helium-filled balloons Monday afternoon to gather data on wind speed, direction, distance and weather effects. To each balloon was attached a string and a return postcard in a plastic bag. Instructor Byron Roberts explained that the balloons were supposed to go up singly, but

that with the wind blowing northeasterly at 15 to 25 mph and youngsters carrying five or six balloons each, "We couldn't keep their strings from getting twisted together after we brought them out." As a result, many of the balloons went up in clusters.

School traffic snarl eyed

The Dimmitt School Board, Dimmitt Board of Aldermen and Police Chief Ron Mitchell met Monday to discuss possible solutions to congested traffic on Stinson Street, south of Richardson Elementary School.

Suggestions included moving the fence located west of the school and parallel to Stinson inward to allow for angle parking all the way from the school to 10th Street, having two loading and unloading zones located at the east and west ends of the school, and allowing no pedestrians to cross Stinson except at crosswalks and at the street corners where Stinson intersects with Seventh and 10th Streets.

The traffic problem exists from 8:15 to 8:30 a.m. and from 2:15 to 2:45 p.m. on school days, when parents bring their children to school or pick them up. Approximately 375 kindergarten, first and second grade students are released at 2:30 p.m. from Richardson Elementary, according to Supt. Robert Ryan.

"If we get somebody hurt up there, we won't be able to get an ambulance or anything up there," Chief Mitchell said, adding, "We can't eliminate all the problems, but we should be able to help them and create some order."

Some parents, city aldermen said, want Stinson made into a one-way street, but residents living south of the school apparently reject the idea.

A one-way street would not resolve the problem, Mitchell said, but he felt that one-way loading zones would help.

Mitchell presented photos of congested traffic and a poster of possible solutions for the board members' consideration. He suggested that the faculty parking lot east of the school near the playground be reserved for visitor parking and a new parking area be opened immediately west of the school, between the building and the old football field.

Board members did not favor this idea since the faculty is already pressed for parking space and the suggested new parking area would eliminate needed play-

DISD hikes lunch prices, okays senior plans, trips

The Dimmitt School Board Monday raised the lunch ticket prices in all Dimmitt schools by five cents each and approved the activities planned by the DHS senior class for Senior Day in May, including a shortened and controlled senior assembly.

In the past, senior assemblies had become "obscene and vulgar," according to Supt. Robert Ryan. However, this year's seniors have worked with their sponsors and with the high school principal, Ryan added, to plan "a brief (30-minute) assembly for the purpose of reliving the class history and for presenting special gifts, awards and commendations."

The rules presented in the seniors' proposal state that the assembly will be a recap of the class history and it will not contain "lewd or obscene language, signs or apparel."

"This assembly should be done in an atmosphere of fun and not intentionally hurt any person," the proposal read. "Students must consult any person who is to be the subject of a skit or a comment and must obtain their permission."

The principal and the senior and junior class coordinators will appoint a "board of censors" to preview the assembly plan each year.

Another request for Senior Day was a trip by the seniors and their sponsors to another area town for a meal and "fun time."

The school board approved Fred Bruegel's motion to raise lunch prices from 70 to 75 cents in high school, from 65 to 70 cents in Dimmitt Middle School and junior high, and from 60 to 65 cents in Richardson Elementary.

The board's decision was prompted by a reduction of milk reimbursement from the state due to legislative action. The milk reimbursement was formerly 8 1/2 cents per milk carton sold, but now it is only five cents.

The reduction created a lost of \$45 or \$50 per day, or almost \$1,000 per month, Business Manager Gene King said. The new lunch prices will not completely offset the losses, but board members felt that the five-cent increase would help.

In other action, the board: —Approved a high school choir trip to the Six Flags Music Festival in Arlington the weekend of May 2.

—Approved a high school band trip to the music festival in Durango, Colo., the weekend of April 25.

—Heard a report from

Night classes to begin here

Night classes will start Monday in English as a second language, reading, writing, math, receiving citizenship and receiving a GED (high school equivalency).

Classes will be held at Dimmitt High School from 7 to 10 p.m.

Instruction, supplies and books for the classes are free of charge.

Those interested in taking a class may call 647-3105.

The program is sponsored by the Region XVI Education Service Center and the Dimmitt Independent School District.

Deanne Clark that she came within 27 votes of being elected as a director at the Texas Association of School Boards' House of Delegates Convention recently. The three resolutions submitted by the local board were passed, Mrs. Clark said, and the resolutions will soon be considered by various committees.

—Approved Don Gregory's motion to support the high school's participation in a structured Gifted and Talented Program available through the Regional Education Service Center.

—Discussed possible solutions to the congested traffic problem on Stinson Street, south of Richardson Elementary School.

New program started for gifted students

As many as 12 or 13 Dimmitt High School students may be selected as "gifted and talented" youth eligible to attend special monthly seminars at the Regional Education Service Center in Amarillo.

Gifted and talented students "require educational experiences beyond those normally provided by the regular school program," says the Texas State Definition of Gifted/Talented Students.

The one-day-a-month seminars will be designed for those students who excel intellectually, in specific subjects, in visual or perform-

ing arts, in leadership, and in psychomotor abilities.

Students nominated by the high school faculty are presently undergoing the screening and selection process. Only three percent of the student body is eligible for the program.

Participation in the program is voluntary on the part of the students and requires written permission of their parent or legal guardian.

The Dimmitt School Board is lending its total support to the Gifted and Talented Program, and DISD will provide transportation and meals for the students during the outings.

Wandering auto strikes church and patrol car

A young Dimmitt woman's 1969 Mercury Cougar developed a mind of its own Saturday afternoon. It took off twice after it had been parked, hitting first a church building and later a police car.

The woman reportedly had pulled alongside the curb in front of the Post Office on Southeast Second to check her tires.

She opened her car door and started to step out when the car shifted into forward gear. The car bolted forward and she fell out onto the asphalt.

The car — with her two daughters, ages 1 and 2, inside — traveled down the street, up the parking lot of the First Assembly of God Church, over two steps, then struck the church on the east side.

Police were called to the scene, and while the accident report was being filled out, the car slipped into gear again. This time it rolled backwards, striking the police car.

The woman received minor scrapes, but there were no serious injuries or damage.

Police said the car obviously had a faulty transmission or gearshift.

DHS graduate himself, was accompanying State Senate Candidate Bill Sarpalus on a campaign tour through the 31st Senatorial District.

Women take enjoyable trips to New Orleans, Hawaii

By MYRTLE SHEFFY

Cleo Guerra and Olivia A. Ortiz are home from a delightful trip by jet to New Orleans. They visited Mandy and Sonny Guerra and all took bus trips to see everything. They went over the longest bridge, 23 miles over Lake Pontchartrain. You can see the shrimp boats but not land for a ways. They saw the Mississippi and the arched bridge called "Long's Folly" but it is a good one as luck would have it. They ate good food in a French restaurant, very good doughnuts and they liked the French coffee. I didn't like it, too strong. But they loved the antique shops. Went on Bourbon Street, and Jackson Square. You remember the statue of Jackson on the Horse that is balanced on one foot, has made it through many hurricanes. They went to St. Louis Cathedral on the square. They saw the Praline candy being made and ate some. They went to one elegant cafe, can't remember the French word. Both ladies work at the hospital. The flowers and trees were pretty.

Jim Nabor show. You must see, they say. They met people from Africa, Canada, Alaska, everywhere. Played bridge in the spare time with the Dallas going group.

Helen Richardson and guests, Cleo Forson, Faun Welker, Elizabeth Huckabay were in Ruidoso for more than a week at Helen's house there. Elizabeth and Helen took painting lessons at the workshop at Carrizo Lodge. That is south towards The Inn of the Mountain Gods, Helen says. The trees were showing good color and the big Aspen-cade Parade was there, also the annual motorcycle convention with 3500 registered riders there, many in the parade. It was quite a big thing for Ruidoso.

Eddie and Irene Cavazos and girls Elaine, Liza and Erika left here last week for Houston to visit Irene's sister Rosanna and husband Fernando Davila. Then on to Victoria to see Eddie's parents Joe and Jesusa Carvazos and family, former Dimmitt residents. And enroute home they plan stopping off in San Antonio to visit Irene's two sisters Isabel Silva and Janie and husband Adam Olfeda.

Terry Smothermon is home from Army base at Ft. McClellan where he received his basic training. He leaves soon for Frankfurt, Germany. Terry is the 19-year-old son of Delbert and Jackie Smothermon and his brothers are Michael, Mark and Jason. All the family went to Granbury to see Jackie's family, the grands Joe and Frances Comer and great grand Lula Marsh, a brother Jim and Linda Marsh and daughter Shawn. Terry is trying to see his Dimmitt school friends.

Allie Mae Willis, Anita Morris, Carolyn Copeland and Jeannie Miller went to Oklahoma for a few days fun and visiting. A stop in Hobart to see Jeannie's sister Jane and Boyd Davis, on to Altus to window shop all the stores and they visited a cousin Fred Greer, who celebrated his 101st birthday and also stopped off at Snyder to visit several relatives.

Sherri Bruegel Parker, a recent bride, was the honoree at a party in the home of Maxine Tidwell Saturday morning. Sherri received many lovely and useful gifts. Everyone always goes to the sun room or plant room to visit and have coffee and sweet rolls at the Tidwells. I talked with Mrs. Garrison and her daughter from Childress who came for the shower and a visit with daughter Gail and the girls. Teresa Kemp came from Fort Worth. And I met Florence Jones from Clovis. She is a niece of Juanita Bruegel and Donna, Mike's wife came down from Amarillo. Rebecca Stanford Wilson of Amarillo was at the guest book. She is the daughter of the Gordon Stanfords and granddaughter of Frankie who lives in Austin now. I met Mrs. John Parker of Amarillo, mother of Don and in-law of Sherri. She and

Don live in Beaumont now. Martha McBrayer of Amarillo was at the party, also having a visit with mom Laverne Bates who had a stay in the hospital. Someone will tell you about the shower on another page.

Kenneth and Ruth Jackson went to Conchas Lake last weekend to bring the boat in and winterize the place. Sal and Alice DeCuffa will go soon to get their place fixed for the cold weather.

Brenda McHaney of Odessa has been here for a few days visit with her aunt Ceal Carlile.

Cecil Ginn has been in the hospital here for a couple of weeks with pneumonia and a cough. Maybe okay by now.

Mrs. Derrel Musick has had major surgery last Wednesday. She is at Plains Memorial. And she and Derrel have had much company, Dorothy's parents Mr. and Mrs. Jessie Hughs from Bogata and a sister Mrs. Lillie Mae Phillips of Clarks-ville, her daughter and grandson, Jan, Dian and Chad, also Debi and Jason Meyers from Amarillo. Dorothy is craft and fun director at South Hills and she got so many pretty flowers from them and friends.

I looked in to say hello to W. B. Hammonds who has been quite ill. Earl Brock has been in for treatment.

I had a chat with Candace Stewart, a nurse. She is the daughter of Jerrye Lilley who works at Parsons Funeral

Home. Anyway her sister Sally Stewart went to Dallas to visit friends Tonya (Hampton) and husband Jackie Ethridge and baby Shane Eric. He is a former Hart fellow. All went to the Dallas Fair to take in the sights, go on the rides, see a show, whatever Dallas has to offer.

Clara Gladden has been visiting friends and relatives in Arkansas and in the Shawnee area, probably the Youts family.

Kent Hance flew in from Washington to introduce Bill Sarpalius, who is a candidate for the Texas Senate. The meeting was at the city assembly room, with a good attendance.

Kent told me that LaDawn Kemp Reichling and her husband Tom Reichling from San Francisco were in Washington. They were speaking of publicity and LaDawn says "Do you read 'The Chatter'?" I like that. The Reichlings made a tour of the Eastern states, and had a good visit with Kent and Carol. And Ginger Kemp Ward and husband Dr. Leland Ward of Atlanta, Ga. are home from a trip to England and Scotland. Both girls read Dimmitt's paper.

Dan Carter of Dallas came up to see friend Barbara Snell.

Mrs. Grady Norris of Roscoe was here to see daughter Kathryn and Bill Birdwell.

Mrs. Garland Lewis from

Sweetwater was visiting Ina and Jim Cleavinger and the family.

Peggy James was here Wednesday from Tulsa to visit her dad Mr. Wesson who is in the Plains Memorial Hospital with two broken ribs. Mr. Wesson lives at South Hills home. And Peggy visits her sister Helen McLean who fell and broke three teeth. I saw her having dinner with sister Jo Kirkpatrick at Senior Citizens.

Also saw Gertie Waggoner at the center. She and J. Paul have moved to town. Their house is at 730 Pine Street. They were longtime residents of Sunnyside.

Jonni Vannoy left by plane Friday for San Antonio for a visit with family and friends and to take care of business. Jonni lives with Allie Tisdale on Bedford. Opal Bearden also left Amarillo by plane Friday for Austin, then on to San Marcos to visit granddaughter Patrice, who has been ill. Opal plans a stop off in Dallas enroute home to visit her sister Margaret

Smith and the Mr. Smith.

The Republican women and guests had a business meeting and food at Senior Citizens last Wednesday and a good chicken dinner served to a bunch of the Wednesday bridge players, the hospital auxiliary workers.

The United Methodist women will be hostess to a Turkey Dinner and Bazaar at Fellowship Hall, Nov. 4. Do come. The dinner tickets are \$3.50. I have many to sell as do the other ladies. And later the hospital working ladies will have a dinner and bazaar

soon.

Rev. and Mrs. Hugh Blaylock brought Glenn Ratcliff home (here) from El Paso to attend his business. The Blaylocks went on to Friona for a short visit with their daughter Charlotte and Hal Ratcliff. Hal is superintendent of schools there. They and Glenn will go back to El Paso to be with Koma Ratcliff, who is very ill in the hospital.

Billie Wesson went to Fort Worth for a few days visit with family. Mrs. Dale Carmichael is at her desk at the Senior Citizens Center. Jessie Silva, our Senior Citizen's cook, and a group of other Dimmitt ladies went to Hereford one evening for dinner and a get together for the monthly meeting of a [See CHATTER, Page 5]

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

A NEW EXPERIENCE. A little hesitatingly, a little unsure of that first kiss. This is something new and all kinds of thoughts enter the mind. Now... it's over and... well, what was there to be afraid of? Perhaps this is your first invitation to church, and you would like to go. Then comes the hesitation... "I don't know what to do... what if I made a mistake?" These fears will vanish with the first hearty handshake and friendly welcome that all churches extend, and you, too, may receive the joy of worshiping in God's house.

During the 10 a.m. mass on Sunday morning, Beau Blane, the son of Terry and Belinda Hill of Hart, was baptized at

Holy Family Church. Greg and Tammye Couch of Anton are his godparents. Evelyn Hill of Lubbock was present and also Belinda's parents Bill and Betty Ritter of Hart.

The Catholic Daughters will have a reception of new members during the 6 p.m. mass Sunday, followed by a covered dish supper at the Community Hall for members, husbands and friends.

In recognition of the event, Mayor John Slavik has proclaimed Sunday as "Catholic Daughters of the Americas Day," urging local residents to take part in the nationwide observance.

Noting that 1980 has been declared the Year of the Family, Mayor Slavik commended the Catholic Daughters for their concern with strengthening family unity and for their endorsement of "a return to the recitation of the Family Rosary for the restoration of family unity."

Motorcycle, car collide

Former County Judge Weldon Bradley, 59, suffered bruises, abrasions and minor lacerations when his 1978 Honda Gold Wing motorcycle collided with a brown 1978 Malibu last Wednesday afternoon at the intersection of US 385 and FM 3215.

The driver of the Malibu, Felix Riojas Jr., 25, of Hereford, had been stopped at the stop sign at FM 3215 but pulled out in front of Bradley, who was eastbound on Highway 385, city police reported. The accident occurred at 3:52 p.m.

Bradley apparently slid on the asphalt for 50 yards, police said. He declined medical treatment.

Riojas was cited for failure to yield right-of-way and for driving without a license.
THE project of stringing telegraph lines across the continental US was begun in 1844 and completed 17 years later.

PAC elects Mrs. Hernandez

Juanita Hernandez was elected district chairperson of the Dimmitt Independent School District's Parent Advisory Committee last Wednesday.

Mildred Washington is the new vice-chairperson, and Elva Leal is the new secretary.

The PAC advises the school system on matters concerning Title I and Title I Migrant educational programs.

There are 800 students in kindergarten through eleventh grade who receive instruction through the programs in reading, math or English classes. For this reason, the school district has an elected advisory committee for each campus. Lupe Soto was elected chairperson for Dimmitt High School, Carolina Barron for Dimmitt Middle School, and Rena Flores for Richardson Elementary.

Stephanie Love of Dimmitt and formerly of Berlin, Germany, spoke to the group about the language and cultural problems she encountered when she came to the United States 25 years ago. She urged parents to do all they can to get their children ready to enter school.

The regular monthly meetings of the PAC will be held the second Wednesday of each month at 1:15 p.m. in Dimmitt Middle School, Room 313.

Farmers Union urges debate on ag issues

Doug Higgins, president of the Castro County Farmers Union, said this week that officials of the National Farmers Union are insisting on a televised national debate concerning the presidential candidates' positions on agricultural policy.

NFU President George Stone has said, "While this is not the ideal situation . . . farmers have a right to know what policies are being developed that would affect them after the election."

Texas Farmers Union President Jay Naman feels that, "If the candidates aren't more specific between now and the election as to what they would do in the area of farm policy, farmers will have to decide between them on other issues."

Cluck Ranch yields remains of mammoth

A six-foot curved tusk, huge bones and teeth believed to belong to prehistoric mammoths have been found on the R. J. Cluck Ranch in Oklahoma. Cluck, a native of Dimmitt and son of Mrs. Roy Cluck, found the tusk 16 years ago. The bones and teeth were found just last year by Bob Burlson, Tom Pugh and his son, Don. Over the years, literally hundreds of spear and arrow points and other artifacts of primitive and not-so-primitive man have been found along this segment of the Frisco Draw, which lies in Sherman County, Texas. Circumstances have led Cluck to believe the animals were native to the land and the remains not washed in by a flood. According to Cluck, the sand surrounding the bones and teeth was red, whereas the adjacent sands were white. The remains were uncovered at a depth of about four feet. Bones have been

County approves funds for 300 history books

The County Commissioners' Court Monday approved the purchase of 300 Castro County history books for the County Historical Society Commission for resale to the public. Historical Society Chairman Teeny Bowden reported that the society has orders for well over 1,000 books at the initial price of \$35 each. However, the price of the books is now \$45 each, she added. "We want to have books on hand for people who will want to buy them after seeing the books," Mrs. Bowden said. The society has been encouraging individuals and businesses to order blocks of books for resale and "we'll have a little more than 200 books," Mrs. Bowden reported. Taylor Publications in Dallas recommended that the society be prepared for at least 500 book orders after the public has seen them, she added. The commissioners approved the motion by Anna Margaret Moss to allow a \$7,500 advance to the society for the purchase of an additional 300 books, bringing the total available history books to over 500. "We've made some money at this point," Mrs. Bowden reported. With some of the book money, she said, the society was applying to the state for a Texas historical marker on the J. W. Carter homestead and 7-Up Ranch, approximately 15 miles southwest of Dimmitt at the old Flagg Ranch headquarters. The Carters were the first settlers in Castro County in 1884. "We're considering a marker on the street west of the courthouse where the shoot-out took place between Sheriff Ira Aten and the McClelland brothers," Mrs. Bowden said, adding that the society would like to add a Summerfield "Hub" historical marker later. In other action, the commissioners: —Approved the addition of Clara Vick and Jack Cowsert to the Castro County Historical Society Commission. —Awarded contracts to Reeve-Fleming Chevrolet for a 1981 Chevrolet half-ton pickup at \$3,936.65 with a 1979 Chevrolet Crew Cab trade-in, and to Stan Byrnes Ford for a 1980 Ford half-ton pickup at \$6,585 with a 1969 Ford trade-in.

Cancer Crusade chairman thanks county's donors

Dear Editor:
The residents of Castro County came through again in the recently completed fund raising campaign for the American Cancer Society. For the second consecutive year we have received the Golden Achievement Award. This means that for each of these years the previous all-time high amount donated has been surpassed.

While the total is not yet available, it is in excess of \$8,710.
As I said last year, thanks to all the businesses and citizens of Castro County for their generous and caring nature. A special thanks to our news media, the Castro County News and KDHN Radio. A special thanks also to all the many volunteers throughout our fine county who took the time and effort for this just cause.

A significant portion of the money this year came through memorial donations. I firmly believe God has a special blessing for those who gave in their time of bereavement that the lives of others may be spared.
Thank you.

Police have rights, too

Dear Editor:
In response to the harassment charges made against the city police department in the high school dance incident, we wish to go on record in support of the police department.
The law was clearly violated and the officers were trying to do the job they were hired to do.

As for allegations of abusive language and actions of the police, both sides of the story will probably show it was not a one-way dialogue. The officers are also citizens who have a "right" to be treated as courteously as they are expected to be in the course of duty. The "rights" of a few should not outweigh the wishes of the majority who realize that freedom and responsibility go hand in hand.

Don't Blame Your Age For Poor Hearing

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike . . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 62115, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

CF drive chairman thanks community

Dear Editor:
The 1980 CF Breath of Life Campaign slogan was "Time is running out..."
For thousands of American youth who have cystic fibrosis, time is indeed running out. They know that every eight hours an individual with CF dies. As they struggle for breath every day, they must hope that research and improved medical care will continue to

extend their lives.
On behalf of cystic fibrosis patients throughout the United States, the Cystic Fibrosis Foundation extends a sincere thank you to the members of this community who helped but some time for CF children.
The dedicated volunteers in this community generously donated their time to raise a final tally of \$1,126.50. Their contribution is beyond measure. Their efforts will help support CF centers throughout the United States specializing in the diagnosis, treatment and referral of children with cystic fibrosis.
To the contributors in this community, we send heartfelt thanks. Each dollar so generously given will help buy time by funding research programs to find a cure or control for cystic fibrosis.
With its widespread influence, the media in this community have alerted the public to the serious nature of this tragic disease. They have alerted parents to the signs of CF in their children, and to the importance of early diagnosis and treatment.
The Lone Star Chapter of CF knows that every day, every 5 hours, a child is born with cystic fibrosis. We know that every day, every eight hours, someone dies from CF. Yet there is hope.
We have hope because the people of Dimmitt cared enough to buy some precious time for cystic fibrosis children everywhere!
MRS. JEFF ROBERTSON
Breath of Life Chairman

Pupils need empty jars

Don't throw away that empty jar. The Dimmitt Satellite School can use it.
Satellite School students have a work contract to supply de-labeled jars to an Oklahoma beekeeper for use in marketing his honey.
Any size jar is acceptable, as long as it has a screw-on lid. Satellite School teachers said.
"They don't even have to be clean," Jean Hamilton explained. "If you'll just bring your empty jars to the Satellite School, our students will clean them and take the labels off."
The Satellite School is located in the new steel building across the street east from the old junior high building.

A HUMAN nose cleans and humidifies approximately 600 cu. ft. of air each day.

Rotary Foundation Week is announced

The Dimmitt Rotary Club announced at its Friday meeting that Rotary Foundation Week will be observed Nov. 9-15.

The week is set aside to spotlight the work of the Rotary Foundation, and Rotarians in each district who have participated, in areas such as group study exchange, Foundation scholars, special grants, or 3-H Program volunteers.

The Rotary Foundation was established in 1947 and, since that time, has awarded 10,000 scholarships to students around the world. The Rotary Foundation sponsors four programs. They are scholarships, group study exchange, grants for the Health, Hunger and Humanity (3-H) Program, and special grants.

The Rotary Foundation has committed US Rotary Clubs to raise \$100 million for its programs in the next five years.

There are 18,829 Rotary Clubs in 154 countries and

geographical regions, with a total membership of approximately 871,000.

Dr. Charles Vandiver gave the program at the meeting Friday.

NEED A LIVELY PET?—City Animal Control Warden Charles Whitman shows a dog that needs a home. It's a full-grown, charcoal-gray male, apparently half Schnauzer, and is quite playful. It has been in the city pound 11 days, and will have to be destroyed Tuesday if not picked up. Charges on the dog are \$1 a day boarding fee, a \$7.50 pick-up fee and a \$7 rabies shot, but the price is negotiable. The Pet Parade feature has been 90% successful in finding homes for impounded animals, Whitman reports.

Holcomb, partner win feedlot roping crown

Butch Holcomb of Earth, along with his partner, Johnny Scribner of Hereford, became the world champion in team roping in the International Feedlot Cowboys Association Rodeo recently in Elko, Nev.

To qualify for the IFCA event, Holcomb had to compete and win in the regional roping, held periodically throughout the summer in Hereford. He was among the top 20 cowboys from regional who went on to the IFCA competition.

Holcomb, who was raised in Dimmitt, had already competed twice in the IFCA competition — once with his father-in-law, Cowboy Johnson of Dimmitt, and once with Milton Frazier of Earth. Scribner asked Holcomb to enter a third time because Scribner's partner had broken his leg.

The pair roped five calves in 55.9 seconds.

Holcomb won prize money, a saddle, a gold and silver belt buckle with mounted ruby, a vest, and a silver Garcia bit.

The national title has never been won by the same person two years in a row, but Holcomb hopes to break that record next year.

Holcomb and his wife, Jaci, and their two children, Brandi and Sky live in Earth. He is employed by Springlake Cattle Co., owned by Edwin Cox Jr. and managed by Harold Greenhouse.

Ordinarily a wheat producer would pay very little attention to the opening of a new bakery ... but there can always be an exception. One of those exceptions may well be the recent announcement by the U S Wheat Associates of the opening of a new bakery in Beijing (your map may still say Peking) China. Executives of the U S organization declare the opening of the bakery and baker's training center to be a major step forward in the future development of the wheat market in the People's Republic of China. Currently there are very few bakeries in the PRC, but the Chinese government is wanting to expand quickly as the popularity of bread products becomes established with the Chinese people. It looks like U S wheat may be the mainstay for Chinese bread.

Olton tops Hart, 27-12

COSTLY PLAY—This is the play in which Nazareth fullback Bryan Huseman received a twisted ankle in the first half of the Swifts' game against Lazbuddie Friday night. A Lazbuddie player has tackled Huseman from behind and falls on his ankle as another tackler flies in from the side. Until this injury sidelined him, Huseman had gained 58 yards on 11 carries and the Swifts were driving toward Lazbuddie's goal line. But the drive fizzled at the 9-yard line, and the Longhorns gained a 7-0 victory. (Photo by Liz Albracht)

Lazbuddie tops Nazareth in district opener, 7-0

By CHRIS ALBRACHT
The District 2A opener Friday night between the Lazbuddie Longhorns and the Nazareth Swifts was a showcase of errors.

When the dust finally settled at Swift Field, the Longhorns had barely escaped with a narrow 7-0 victory over the Swifts in a game that saw nine turnovers and 13 punts. The first half was uneventful, as neither team could punch through to the end zone. Although the Swifts got down to the Longhorn 9, they saw their main ground gainer, Bryan Huseman, sidelined with an ankle injury after he had gained 58 yards on 11 carries.

He would not return to the game, and that meant trouble.

At halftime, the Swifts held a slight statistical advantage with 72 total yards to Lazbuddie's 44. The Swifts also had six first downs to the Longhorns' three. And the Swifts had a 14:02 to 9:58

time of possession edge over the Longhorns.

Then the Longhorns started the second half doing something no team had accomplished against Nazareth — they marched downfield against the Swift defense, without using the long pass or the long run. The Longhorns drove downfield in eight plays that received a little help from the Swifts.

On fourth and four on the Lazbuddie 41, Bart Buchenau punted for the Longhorns to the Swift 25, where it took a high bounce. Hugh Wilhelm tried to control the loose ball and, in the process, found the fumble recovered by the Longhorns at the Swift 17. Three plays later, Terry Steinbock scored the only touchdown of the game on a five-yard run through the right side.

Steinbock added the extra point to make the score 7-0 with only 3:39 gone in the third stanza.

Both teams had chances to score afterwards, but

defensive play and many miscues killed potential scoring drives.

For the Swifts, Virgil Huseman led all rushers with 59 yards on 14 carries. The Swifts' yardage suffered when Calvin Schulte was sacked three times for losses of 24 yards. Schulte went three for 15 in the passing department for 19 yards and three interceptions.

On defense, the Swifts made two interceptions, one by Bryan Huseman and the other by Wayne Backus. It was the second interception of the season for each.

The Swifts go on the road Friday for their longest trip of the year, to Motley County, to help celebrate the Matadors' Homecoming at Stephens Field. Game time is 7:30 p.m.

Hart JV loses to Olton, 15-2

The Hart Junior Varsity traveled to Olton last Thursday for their fifth game of the season. Although the 'Horns were much smaller, they gave the larger Mustangs a good fight before falling by a 15-2 count.

On defense R. Martinez, A. Gonzales, T. Peterson, C. Myrick, A. Carrasco and D. Scott all played well. R. Rodgers, C. Myrick and R. Martinez tackled the Olton QB in the end zone for the only Longhorn score.

Olton scored on the first play from scrimmage on a 70-yard run. Late in the fourth quarter, the Mustangs intercepted a Longhorn pass and returned it 80 yards for the second TD. With only 20 seconds left in the game, the Mustangs booted a 40-yard field goal to finish out the scoring.

On offense there were several bright spots for the 'Horns. QB C. Myrick turned in another good game, completing nine of 18 passes for 87 yards. T. Peterson again led all Longhorn rushers. Halfback A. Carrasco had six receptions for 53 yards.

The Mustangs also had the statistical edge: 13 first downs and 175 total yards to Hart's eight first downs and 107 yards.

The Junior Varsity now stands at 0-3-1, while Olton upped its season record to 5-0-1. The 'Horns will travel to Springlake-Earth today (Thursday) for their first district game. Kickoff time will be right after the eighth grade game, approximately 7:15.

Hart's Longhorns played hard Friday night in Olton's Homecoming game, but could not stop the big-play Mustangs. The final score read 27-12 in Olton's favor.

The first period was marred by mistakes from both teams, and a Longhorn miscue led to the first Mustang score. Olton recovered a fumble at the Horns' 28-yard line, then used eight plays to go the distance with FB Kenny Smith diving over on fourth-and-one to put the Mustangs on top. The PAT was good, and with 5:50 remaining in the first quarter, Olton led, 7-0.

The Longhorns were stopped by their own mistakes in the first half, and couldn't muster any kind of threat.

Olton scored its second TD of the evening on a 30-yard scoring toss from QB Gregg Smith to Junior Casares with 2:40 remaining in the half. After the successful PAT kick, the Mustangs stretched their lead to 14-0.

The Longhorns received the ensuing kickoff and went to the airways trying to put a score on the boards before halftime. But on second and short, Junior Casares intercepted a D. Rich pass and returned it to the Horns' 46-yard line. On the very next play, QB G. Smith sprinted around right end, cut back across the field, and went untouched for the score. The PAT kick was good, and with less than a minute remaining in the half, the Mustangs upped their lead to 21-0. That's how the half ended.

Both teams came out in the second half playing good defense. There were no real threats during the third period, but the scoring was far from over.

The Longhorns began their first good drive of the evening late in the third quarter. Rich hit Manuel Castenada for a 10-yard scoring play with 8:41 left in the game to cap a 14-play, 62-yard drive. The drive was kept alive by a 15-yard roughing the passer penalty. The PAT was no good so the score now read Olton 21, Hart 6.

After a series of possession changes, Rich got off a beautiful 54-yard punt, putting the Mustangs back on their own 4-yard line. The Mustangs made one first down, and on the next play Olton QB G. Smith found a crease over the right side and sprinted 86 yards for the Mustangs' final score of the night. The PAT failed, and the score read Olton 27, Hart, 6, with 6:26 remaining in the game.

The Longhorns came back again, this time driving 51 yards in nine plays. The big plays were a pass to C. Clifford and a pass interference call on the 1-yard line. Rich finished off the drive by going around right end for the TD. The try for two points failed, leaving the score at 27-12 with only 26 seconds left in the game. Not giving up, the 'Horns tried and recovered an onside kick. However, time ran out after only two plays, giving the Mustangs a hard-fought 27-12 Homecoming victory.

The entire Longhorn team fought hard until the last seconds ticked off the clock, and several players earned commendation for their performances.

On offense, Isaias Ponce carried 24 times for 105 to lead in rushing. In pass receptions, M. Castenada made three catches for 29 yards and a TD. Derek Rich carried 57 yards on eight carries and scored one touchdown, and completed five of 17 passes, including the TD toss to Castenada.

Hart's defensive standouts were Santos Valenzuela, Jesse Gonzales, Chad Black and Benny McLain.

The Longhorns' record now stands at 2-2-1, while Olton upped its season mark to 5-1.

The Longhorns will host Springlake-Earth's Wolverines Friday night in the district opener for both schools. Kickoff time will be 7:30.

Chili-stew meal slated at Hart

The Hart Band Parents will sponsor a chili-and-stew supper Friday, prior to the Hart-Springlake football game. Serving hours will be from 5 to 7 p.m. in the school cafeteria. Prices are \$3 for adults and \$1.50 for children under 12.

STRETCHING—Dimmitt back Tim Lay stretches for extra ground as he completes a 20-yard run for a first down at the Dimmitt 40 in the second quarter of the Bobcats' game at Boys Ranch Friday night. The Bobcats were trailing by 14-0 and driving at this stage, but the rally came up short. Boys Ranch won the game, 35-8.

Ranchers take 35-8 win

By JOHN BROOKS
Boys Ranch used a big-gun offense to take a 35-8 win over Dimmitt Friday night along the northern banks of the Canadian River.

By the time the Dimmitt defense found itself, Boys Ranch had amassed 118 first-quarter yards. And, Dimmitt's offense had but 28 yards and two turnovers during the same 12 minutes.

Boys Ranch wasted little time in going for the Bobcats' jugular.

Doing most of the work himself, quarterback Mark Landers led the Roughriders from their own 44 to the Dimmitt 38. There, the Roughriders called time and discussed the course they should take on fourth down with four yards to go.

From the I formation, Landers ran the outside option. Finding the Dimmitt defense blocked to the inside, Landers veered to the outside, then cut back across the field and went all the way to put the Roughriders on top 7-0, after Kyle Humphrey's first of five extra-point kicks, with 8:24 left in the first stanza.

Dimmitt's offense glimmered with hope as quarterback Richard Guzman put on his own running show, moving Dimmitt upfield from its own 28 to the Boys Ranch 44. Guzman carried three times for eight yards, Tim Lay picked up five yards, and Guzman completed a pass to split end Jay Nelson for 18 yards. But, the old fumbleitis plague struck again, and Dimmitt dropped the football to the Roughriders at the Boys Ranch 45 to set up the second score.

Coach Ben Adams, taking a point from ex-Texas coach Darrell Royal, decided to "dance with who brings us." Landers carried twice for eight yards and tailback Chris Rattan carried for 18 more. Then Wingback Darwin Hudson scooted down to the Dimmitt 14 with a quick pitch, and Bobcat followers were wondering where those guys were who had been stopping things like this in the previous five Dimmitt games.

On first down, Landers found tight end Jesse Rangel on a perfect crossing pattern through the Dimmitt secondary in the end zone. After the Humphrey kick, Boys Ranch led, 14-0, with 2:19 to play in the opening quarter.

With nine minutes to play in the first half, another old Dimmitt nemesis showed up — the bad snap on a punt.

Ricky Gonzales, who had plenty of experience with bad snaps in the first two Dimmitt games, fell on the loose football at his own 25-yard line. Boys Ranch took over there and moved in for its last score of the half.

Rattan got the TD from three yards out. Humphrey again kicked the PAT, and the Roughriders had extended their domination to 21-0 with 8:22 left in the first half.

The teams relied on their defenses the rest of the half. Humphrey and Gonzales traded punts, Gonzales getting off two kicks for 70 yards, while Humphrey kicked two for 60, including one for only 25 yards that set up the Bobcats at the Roughriders' 40 for their second determined effort of the night.

Tim Lay started the festivities with an eight-yard gain

and Guzman chipped in with a three-yard carry. Guzman was dropped for a pair of losses before the biggest break for the Bobcats came up.

Jay Nelson was interfered with by cornerback Ambrose Gordon while both watched a Guzman pass sail over their heads at the Roughriders 18. Dimmitt had a real chance at the end zone, but were turned away by Hudson, doubling on defense at end, who dropped Adrian Stanton for an eight-yard loss, while Guzman was sacked for another loss. Then the half was over, Dimmitt had been moved back to the Roughriders' 40.

After the half, the Dimmitt offense charged onto the field only to find, first, bitter disappointment, then a glimmer of hope.

Taking the second-half kickoff at the Bobcat 28, Stanton, Lay & Co. became untracked as they picked up 29 quick yards. But then a holding call moved the Bobcats back, and Ricky Gonzales was again called on to punt the football away.

Landers got to call the signals for exactly one play. On first down he faded back to pass and was brought down by a tenacious Dimmitt rush. He was stripped from the ball, and Tony Enriquez fell on the only Boys Ranch bobble of the night.

Guzman hit David Ogas for a five-yard pass completion, and kept for nine more on the ground, then Stanton carried for 10 yards down to the 1. But the Roughriders defense stopped the Bobcats cold on the next two plays, giving the ball to Boys Ranch on downs at the 1.

Landers was able to move the Roughriders out to the 23 before punting away. After two more exchanges, Dimmitt moved 65 yards for its only score of the evening.

Dimmitt used a diversified offense to score, with a six-yard end-around carry by Jay Nelson, one 14-yard carry by Lay, and two carries by Adrian Stanton for 26 to move the pigskin from the Bobcat 35 to the Roughriders 20.

Dimmitt had its best luck of the season through the air during the Boys Ranch game, and opted for the pass on first down. Flanker Ricky Gonzales was on the receiving end of the Guzman pass, and, after gathering it in at the 7, outran two Roughriders for the score. Guzman ran the ball in for a two-point conversion, and Dimmitt seemed to be back in the game at 21-8 as the third quarter ended.

Trouble was, Dimmitt threatened but once more in the game. And Boys Ranch resurrected its offense, namely fullback Ty Lightfoot. Lightfoot, the biggest ground-gainer of the year for the Roughnecks, had been held to only 11 yards on four carries, partly because he was suffering from a deep thigh bruise. But, after the teams had again exchanged punts, Lightfoot indicated why area coaches have cowered while watching him on film.

Starting from its 35, Boys Ranch sluggishly picked up the first 24 yards, using almost three minutes and taking nine plays to do it. On first down at the Dimmitt 41, Landers gave to Lightfoot on a trap play. Lightfoot darted and dodged by would-be tacklers and raced unmolested

the last 30 yards for the score. With 8:57 to play in the game, Boys Ranch led, 28-8.

Dimmitt turned over the ball one last time on its next possession, and if Dimmitt was not already doomed, the fumble was the writing on the tombstone.

Boys Ranch again gobbled up the clock as well as yardage, and used second-team quarterback Craig Ivy to lead them, after Landers suffered a leg injury. Lightfoot carried five times for 15 yards, Hudson carried four for 12, and Rattan toted the ball twice for 22 yards — including the last 15 yards for the final touchdown with 3:01 to play. Humphrey again added the PAT to make the final 35-8.

It looked as if the Bobcat second-teamers were going to try to get Dimmitt on the board again. With Lonnie Robb at quarterback and Johnny Gonzales and Sid Sageser at halfbacks, Dimmitt moved from its 28 down to the Roughriders' 15. Only an ineligible-receiver call kept the Bobcats from scoring on

one passing attempt.

Sageser carried the ball into Boys Ranch territory on a slashing 33-yard run. Robb moved for a five-yard gain before a tough, tackle-breaking run by Gonzales for 20 yards. Gonzales broke four tackles before being brought down at the Roughriders' 15 as time ran out.

Statistically, the game was much closer than the score. Boys Ranch held only a 15-yard lead in total offense, 278 to 263, and the Roughriders had only three more first downs than Dimmitt, 16 to 13. Each team punted the ball five times, but Boys Ranch capitalized on all three Dimmitt turnovers, while the Roughriders gave up the pigskin but once during the game.

Winless Friona to be Cats' Homecoming foe

Two teams with similar problems — inexperience and inconsistent offenses — will meet for Homecoming '80 at

Bobcat Stadium Friday as Dimmitt hosts the Friona Chieftains.

It's the opening game in District 2-AAA for both clubs. Dimmitt enters the fray with a 1-5 slate, while Friona is winless in six games.

Friona and Dimmitt have met two common opponents in Boys Ranch and River Road. Friona was blasted in both games, while Dimmitt upended River Road, 6-0.

Friona features running backs Nelson and Tony Jackson. They lead the way on defense, as well.

First-year Head Coach Pete Hubbard will start at least five sophomores both ways for the Chieftains, and cites inexperience and immaturity as two of Friona's big weaknesses.

Also, the Chieftains have been hit hard by injuries. Hubbard's son, Mike, was being counted on heavily, but went down with a knee injury before the first game and was lost for the season.

Friona's defense at times has been stalwart, but at other times, sieve-like. Friona kept Boys Ranch at bay for three quarters, but the Roughriders ran wild against them in the third period. Seagraves, the Class AA toughie on the South Plains, blasted Friona for 55 points.

The Bobcats generated more offense Friday night than in any other game this year, but were able to cross the double stripe only once. Quarterbacks Richard Guzman and Lonnie Robb completed five passes — the first completions in three weeks — while running backs Tim Lay, Adrian Stanton, Johnny Gonzales and Sid Sageser proved the Bobcats aren't lacking in backfield speed. The foursome picked up 197 yards on 24 carries, a clip of better than eight yards per carry.

The Bobcats are expected to go into Friday night's 7:30 contest at full strength.

Named outstanding player for the week was Kerry Newsom.

DHS Freshmen whip Canyon White, 36-18

Quarterback Tim Kenworthy ran for three touchdowns and passed for another as Dimmitt's freshmen defeated Canyon White, 36-18, here last Thursday.

The victory hiked the Dimmitt freshmen's season record to 3-2.

Dimmitt marched 60 yards on its first possession for the initial touchdown, with Mark Bruegel getting the score on a 10-yard run. Kennen Howell kicked the extra point to give Dimmitt a 7-0 lead.

In the second period, Kenworthy connected with Robert Nelson on a 44-yard pass play to set up Dimmitt's third score. Nelson was hauled down on Canyon's 1-yard line, and Kenworthy punched it across from there. Howell's third extra-point kick was true, giving Dimmitt a 21-6 lead at halftime.

On the first play after the ensuing kickoff, Canyon broke a 58-yard scoring run to close Dimmitt's lead to 14-6. A two-point conversion attempt failed.

As the third quarter got underway, David Barton pounced on a Canyon fumble at the Eagle 24, and Dimmitt drove quickly for a TD, with Kenworthy scoring from a yard out on a quarterback option play. Howell kicked his fourth straight PAT of the night, making it 28-6 in Dimmitt's favor.

Canyon came back with a 45-yard scoring drive to narrow Dimmitt's margin to 28-12.

Dimmitt staged a 60-yard scoring drive that climaxed in the fourth quarter with Kenworthy going into the end zone from two yards out on an option play. Howell's kick was wide, leaving Dimmitt with a 34-12 advantage.

Dimmitt appeared headed for another TD midway in the fourth when it staged a 70-yard march, but the drive was stopped by a fumble at the Canyon 1-yard line. However, on Canyon's first play after the fumble, Dimmitt linebacker Leland Creek sacked the Eagle quarterback in the end zone for a two-point safety, hiking Dimmitt's lead to 36-12.

Canyon scored the game's final touchdown on a 25-yard pass in the final minute. The DHS Freshmen will play at Friona today (Thursday) at 5 p.m.

Spencer cited by newspaper

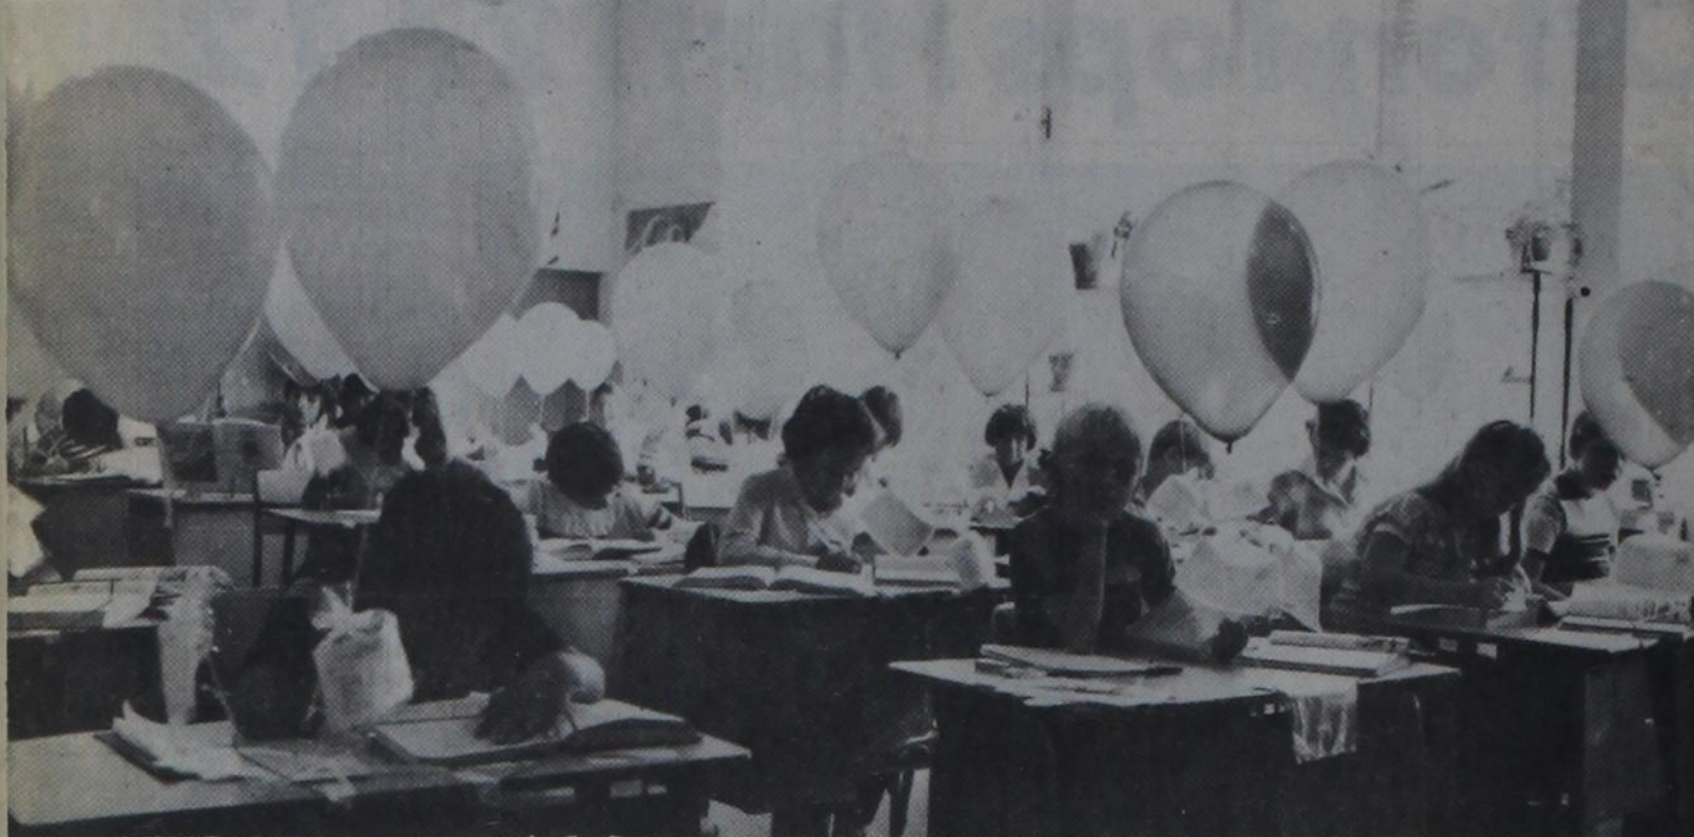

Roy Lee Spencer, a former Dimmitt resident, was spotlighted in the Plainview Reporter-News last week for overcoming physical handicaps he incurred in the Vietnam War.

Spencer was wounded once in the shoulder and, later, in the ankle. The ankle injury left him hospitalized for many months.

For service to his country, Spencer received the National Defense Service Medal, three Purple Hearts, the Vietnamese Service Medal with one bronze service star, the Combat Infantryman Badge, another Purple Heart with oak leaf cluster, and the rank of E-4.

Spencer is now able to walk with a limp after extensive therapy, but doctors have told him his leg will always give him trouble. In spite of this handicap, he has gone to work for MBPXL in Plainview and has mastered all the particular jobs in his department.

Spencer was cited in the Reporter-News as an example of the slogan, "It's good business to hire the handicapped."

Area farmers file suit against TRLA

Three Lamb County farmers, including State Representative Bill Clayton, have filed suit in District Court in Littlefield against Texas Rural Legal Aid, Inc., alleging violations of the Texas Deceptive Trade Practices Act.

The suit, filed by Clayton, Ardis Barton and Ronald Cleavinger, names Edward

Tuddenham, a TRLA attorney from Hereford, and J. E. Sausedo, a TRLA law clerk, as defendants.

The suit states an ad run by TRLA in the Earth News-Sun on or about June 8, stating that minimum wage for agriculture workers is "\$3.10 per hour for 1980," is misleading, deceptive, and a half-truth.

The suit claims that the minimum wage for agriculture workers is not \$3.10 per hour in any case where the employer, as defined by the Fair Labor Standards Act, has not employed more than 500 "man days" of labor during a calendar year.

The suit also charges that the advertisement was placed in the name of the US Department of Labor by J. E. Sausedo, when in fact he is not an agent of the Labor Dept.

The suit also charges a violation of the Texas Business and Commerce Act in soliciting "cotton hoeing agreements" from the plaintiffs and other farmers, and abuse by the defendants of the civil rights process by attempting to force area farmers into paying higher wages than they are required to pay.

Plaintiffs are asking \$20,000 in damages.

The three farmers who have filed suit were all named in a lawsuit filed by TRLA in August against 21 cotton farmers, alleging failure to pay minimum wage.

Kiwanians re-establish \$50 hunt fee

The Dimmitt Kiwanis Club announced Friday that it was re-establishing the \$50 fee for permits for its 1980 Pheasant Hunt, at the request of landowners.

The club charged \$50 per hunter last year, but the expanded 30-day season, but directors voted earlier this month to reduce the fee to \$35 for this year's 16-day season.

However, some of those who reserve hunting rights on their land for the exclusive use of Kiwanis Club permit holders requested that the fee be kept at \$50 this year, club officers said, although landowners receive none of the fee money.

A permit entitles the holder to hunt pheasant on the club's many sections of reserved land during the season, and also includes a ticket to the Pheasant Hunter's Breakfast at the County Expo Building on opening day, Dec. 13. The season runs through Dec. 28.

For hunters not buying Kiwanis Club permits, the price of the breakfast will be \$3.50 each.

More about Traffic ...

[Continued from Page 1]

In 1967, the Texas Education Association suggested that Richardson Elementary and Dimmitt Middle School need 44 acres of combined playground sites for the 729 enrolled students, but the present sites contain only about 20 acres, Ryan told board members.

Mitchell then suggested creating a one-way loading zone behind the faculty parking spaces east of the school and either remove the island or at least take away the island's corner that protrudes into traffic.

"That island is creating a bottleneck situation," he said. Another loading zone was suggested for the west end of the building between the present teacher parking area and the proposed angle-parking area along the fence.

"Is there any way we can have a school safety patrol program in our curriculum?" Alderman Fred Annen asked. He told of his observations of a similar situation at a larger Lubbock school where about six junior high students acted as patrolmen to regulate traffic and students. Annen said that it appeared to be an orderly system.

Board members did not know if student patrolmen were feasible, but they agreed that enforcement will be absolutely necessary to keep traffic moving and keep children from running into the street.

"The police department will work with your people in any way that we can," Mitchell said, adding that he is short-staffed until two of his officers complete their schooling in about six weeks. After that time, "I will have a uniformed patrolman there, if you want, each morning and afternoon," he said.

Mitchell assured board members that his officers will issue citations to parents who park in the street or pick up their children when not parked in the loading zones.

The school trustees and city aldermen said they hope Dimmitt residents will cooperate in their efforts to make Stinson a safer street.

Suit filed in kennel dispute

Larry and Cheryl Colwell, 117 NW 12th St., have filed a damage suit against the City of Dimmitt as the result of a dispute over an animal-boarding permit.

The Colwells claim they were issued a city license "for the business of boarding and training dogs" last May 13, but that the city later reneged and ordered them to stop operating their kennel.

Mr. and Mrs. Colwell are seeking to recover an alleged \$2,638.33 in kennel construction expenses, "plus such other and further relief as they should show themselves justly entitled."

City officials claim that when the permit was issued they didn't know the Colwells intended to operate a commercial kennel inside the city, and that neighbors' complaints led to the city's order to the Colwells to discontinue their kennel operation.

CofC making holiday plans

Breakfast and a "shopping spree" are among the tentative plans of the Dimmitt Chamber of Commerce during December.

The chamber board is considering a "Fun Breakfast" in early December, at which merchants could display their Christmas merchandise. The breakfast would be free to the public, and those attending would be given the chance to shop at the Christmas displays.

Other Chamber Christmas plans include the rejuvenating of present Christmas decorations, a visit by Santa Claus, lighting of the community Christmas tree, a children's coloring contest, and the home lighting contest.

"Please feel free to give us your ideas," Manager Delores Heller told members. "We need input from everyone."
