## Burl Davis Gets Eagle Award

Burl Davis, 16, son of Mr. and Mrs. Add Davis, received the Eagle Award, highest rank in Boy Scout work, at a Court of Honor last Friday night in the Robert Lee School auditorium.

Louis White and J. D. Reneau of Ballinger, district scout officials, were in charge of the Eagle Court of Honor. Eagle Scouts Pat Lewis and Mark Matlock were escorts for the ceremony and Eagle Scout Kenneth Prine was candlelighter. Reneau gave the Eagle charge to Davis.

A troop Court of Honor was held prior to the Eagle ceremony. Carl Bagwell served as bugler and Jesse Eads and Lyn Sockwell were flag bearers.

Special guests were Assistant Scoutmaster Dwight Smith, Mr. and Mrs. Clarence Lohn and family and two Boy Scouts, all of Ballinger.

Advancement awards were presented as follows:

To Second Class: Randy Bes-

## VACATION CHURCH SCHOOL PLANNED BY METHODISTS

The Rev. Arthur Kendall announced that the First United Methodist Church School will be held Aug. 3-7.

## MEN'S MEETING SET

Robert Lee city officials were more than somewhat surprised Tuesday when they received a telegram from Congressman Omar Eurluson stating that a \$46,500 grant to the city had been approved by the farmers home administration.

Mayor Wilson Bryan said Wednesday that the city app-

## Local 4-H Girls In Dress Revue

Linda Blair and Cheri Baker of Robert Lee were in San Angelo Wednesday as Coke County entries in the District VII 4-H Dress Revue.

All of the activities took place in the Cactus Hotel. The event was sponsored by West Texas Utilities Co. and Hemphill-Wells presented gifts to the entries.

Rolling Plains Cotton Cooperative Compress presented prizes to entries wearing cotton garments.

Mrs. Fay C. Rbe, local county home demonstration agent, was general chairman of the District Dress Revue.

District Dress Revue Recorders were judged in the Home Economics Department of Robert Lee School last Wednesday. County home demonstration agents on hand to assist with the judging were Mrs. Noeva Kuykendall and Mrs. Jean Holland of San Angelo; Miss Vera Adams, district agent of San Angelo; Mrs. Juanita O'Connor, of Rannels County; Miss Suzanne McBurnett Johnson, Concho County; Miss D'Lyn McGinty, agent at large; Miss Roberta Watters of Taylor County; and Miss Rbe.

C. J. Brooks returned home last week from a stay in Hogan-Malone Hospital in Big Spring. He had major surgery three weeks ago. Mr. and Mrs. Brooks' daughter, Mrs. J. W. Dart of Dallas, is here this week helping care for her father.

for the grant about two years ago for the purpose of erecting a new water tower and doing some improving on the distribution lines of the city's water system.

However, letters from Congressman Eurluson and Senator John Tower some time ago indicated that the grant would not be forthcoming, as there was no money available for this purpose.

Mayor Bryan said, "We had just about quit thinking about these improvements when this telegram came yesterday. He said the grant was made on a 50 per cent of cost basis and the other half of the cost of the needed improvements would have to come from local sources. The city has a commitment from the Upper Colorado River Authority to supply the other half of the money, provided the grant was approved.

City officials will have to do some "replanning," Mayor Bryan said, for "this thing hasn't even been discussed in a long time." The mayor indicated, however, that he felt the city should go ahead with the improvements, since the money is now available.

Engineering work on the project was done some three years ago.

## San Angelo to Get Water from R-Lee

San Angelo expects to be able to start getting water from Lake E. V. Spence by this weekend. A pipeline from Robert Lee to San Angelo and pumping equipment have been installed and are thought to be ready for use.

San Angelo's water situation has become critical this summer and voluntary water rationing was called for in late June in an effort to hold daily water consumption to 13 million gallons. That mark has not been reached, however, and city officials are looking forward to receiving the Coke County water.

**BIG RATTLER**—A big four-foot rattlesnake was killed at the Russell McBroom residence in east Robert Lee recently by these three lads. They are Eloy Torres, 10, and Tladoso

Torres, 11, sons of Mr. and Mrs. Sebastian Torres, and Johnny Torres, 13, son of Julian Torres. The boys weighed the big rattler and he tipped the scales at 4½ pounds.

## 130 Persons Attend Silver Homecoming

Austin—As fast as the state's major finance agencies moved out of the capitol into the new Finance Building, contractors' bids were opened for remodeling of the old quarters to the tune of more than \$1 million.

Work soon will be underway on all floors of the capitol, including the basement.

Senators will get private offices of at least 550 square feet each. Bulk of the new Senate space will come from quarters long occupied by the State Comptroller.

House members will have smaller offices—but at least a private office—in the old first floor State Treasury quarters and the basement.

Senators plan new committee rooms, including one specially wired for sound and tv lights.

Capitol station post office will make an early move into the new Finance Building, clearing the east entrance of the statehouse for restoral to its original splendor.

**ENROLLMENT LIMIT ASKED**—Soaring public college enrollments prompted a request from the Coordinating Board of the Texas College and University System that each school give "immediate consideration" to the problem.

If voluntary curtailment does not result, Board officials indicated they will ask the Legislature for power to order mandatory ceilings. Atty. Gen. Crawford Martin recently held that the agency does not now have such authority. University of Texas system regents, meanwhile, approved a UT enrollment control plan and a lottery system for use when units reach capacity.

Coordinating Board at its last meeting also placed the student loan program under federal loan insurance to guarantee repayments, advised expulsion of students who are involved in campus disruptions, and directed studies of free credit exchange among all public institutions and possible elimination of unnecessary college courses.

**INTEGRATION PRESSED** — Federal negotiators conferring with representatives of Texas school districts found 48 not in compliance with desegregation provisions of the 1964 civil rights act.

Sessions are seen as a last-ditch effort to get voluntary integration without a massive lawsuit by the U. S. Justice Department demanding immediate compliance.

Negotiators included three

teams representing the civil rights division of the Department of Health, Education and Welfare, plus Justice Department Washington headquarters and Dallas regional office.

Texas Education Agency has contacted all 48 districts following receipt of a letter from the Justice Department asking TEA's help in ending school segregation.

School districts were limited to a maximum of three on their negotiating teams — preferably the board president, superintendent and school attorney or board vice president or another board member.

Federal teams limited each district to one-hour hearings. Any agreement, if not worked out in that time, will be communicated to HEW as soon as possible after local board discussions.

Each district was requested to bring copies of its own desegregation plans to the Austin meetings.

Independent or consolidated school districts named by the Justice Department as not in compliance were:

Amarillo, Atlanta, Austin, Bellville, Calvert, Carthage, Churchill (annexed to Jacksonville), Concord Rural High, Crockett, Cypress-Fairbanks, Ector County, Elysian Fields, Ferris, Friendship (annexed to Caldwell), Galena Park, Garland, Herne, Hempstead, Hendersen, Jackson, Jasper, Jefferson, Karnack, Katy, Kilgore, Klein, La Vega, Lubbock, Lufkin, Madisonville, Marshall, Midland, Mount Haven (annexed to Jacksonville), Nacogdoches, Palestine, Port Arthur, Refugio, Richardson, Sabine Pass, San Angelo, San Augustine, Shelbyville, Silsbee, South Park, Sulphur Springs, Temple, Waskom and Wichita Falls.

**COURTS SPEAK** — Third Court of Civil Appeals voided incorporation of West Lake Hills (an Austin suburb), holding that a city cannot incorporate solely to escape annexation and taxes of a neighboring city.

Supreme Court held that the State Board of Medical Examiners could not revoke the license of a Galveston pathologist for failing to keep records of medication administered to himself and his family.

Reversing an Abilene domestic relations court ruling, the High Court directed that custody of four children be taken from the mother and given to the father.

Court of Criminal Appeals said the co-defendant in a case can-

not be called as a witness against another unless he previously agreed to testify.

**WAR ON TAXES** — Texas Manufacturers Association has declared war on additional state taxes and set up a special department to keep an eye on state spending.

Alarmed by reports that the 1971 tax bill may go as high as \$700 million TMA President Ed C. Burris said its organization is going to do everything in its power to prevent any kind of increase.

TMA, said Burris, also will be on guard against long range spending programs, with increases automatically built into state law.

Carl H. Braubach, a budget analyst under former Gov. John Connally, and one time Legislative Budget Board staffer John A. Haddad will head a research project on keeping government spending within revenues. Offices will be located in Austin near the capitol.

**TEXAS SHEEP SENT TO MEXICO** — Texas sheep are going south of the border — to help Mexico upgrade its livestock breeding.

Aided by the State Department of Agriculture, Dr. M. V. Alberto Encinas, director general of the Livestock Division of Mexico's Department of Agriculture, recently began selecting

more than 1,000 head in the West Texas area for the experiment.

**Short Snorts**

Howard B. Boswell will retire as executive director of the Texas Water Development Board on Oct. 1.

Ollingsworth, Donley, Hall, Hemphill, Lipscomb and Wheeler Counties in the Panhandle received approval for grazing and harvesting of hay on land retired from production under the cropland adjustment program.

Texas Public Employees Association is backing a 17 per cent pay raise for state employees at an estimated cost of \$54.6 million for two years.

Unemployment claims increased 15,417 (to 185,478) last month, due largely to layoffs in aircraft and other manufacturing as a result of Vietnam de-escalation and general economic slowdown, reports Texas Employment Commission.

Office of Emergency Preparedness approved more than \$1.6 million in added aid allocations to Cameron and Willacy Counties due to Hurricane Beulah damages.

A major national highway safety experiment in the San Antonio area uses Army helicopters to pick up highway accident victims.

Texas Water Quality Board found unacceptable high mercury levels in the oysters from Lavaca Bay, near Point Comfort; additional areas of the bay will be placed off limits.

Connie Smith of San Angelo is spending a week here in the Lowell Roane home visiting her cousin, Myna Kay.

Mr. and Mrs. Bill Tom Roach visited the first of the week in El Paso in the home of the A. W. Jewell family.

**WASHINGTON**

"As it looks from here"

**OMAR BURLESON**

Congressman  
17th District

Washington—Only a very few times in the years of writing this column has the first person "I" ever been used. This is one exception. It is necessary to explain a trip Ruth and I plan to take the week of Aug. 3.

American Airlines is inaugurating a new flight to New Zealand and Australia and we are invited, along with my colleague from Ft. Worth, Jim Wright. The ambassadors of New Zealand and Australia are to be guests on the trip. Mayors of several cities and other officials will be along.

The flight will leave from New York City on Aug. 1, stop in San Francisco and then to Hawaii. From Hawaii the next stop scheduled is Pago Pago and from there to Auckland, New Zealand. After two days in New Zealand the flight to Sydney, Australia, will be the end of the line.

On the return to Hawaii, another stop will be made in American Samoa. After a layover of a day or so in Hawaii, the trip will end back in New York.

It is entirely possible that important matters in the Congress may prevent our making the trip but as of now we plan to go. On crucial votes an attempt will be made to have what is known as a "live pair." This simply means that a member who is going to vote opposite of the way I vote, would announce his vote, withdraw his vote and vote "present." This cancels each against the other. A "general pair" is a record only and does not count in a tally of the total of "for" or "against."

Neither Ruth nor I are enthu-

siastic travelers. We have been invited a number of times to make foreign "junkets" of one kind or another but have been too busy to take advantage of the invitation. Just recently friends invited us on a fishing trip to Norway where salmon fishing in lakes below Berger is supposed to be the best in the world. No strings attached, but we felt we could not be away at the time and besides, it was a pretty fast pace. So is the schedule to New Zealand and Australia but there are opportunities on this trip as well a pleasure.

Our country has a great deal in common with these English speaking nations. We have some competition in trade matters, mainly in meats. Imports of beef from both these countries are a issue of importance to our cattle raisers. Voluntary agreements are now in effect but imports are a question involved in the Reciprocal Trade Bill now pending in the Ways and Means Committee of which I am a member. It would be highly preferable to have agreement on the amount of beef and lamb imports without legislation but it may not be possible and protect our own producers. Something might be accomplished by some direct contact with the people who produce, rather than through the formal negotiations of diplomacy.

New Zealand and Australia have been on our side since World War I. They fought with the Allies in World War II and have contributed more than any other nation to our side in Vietnam.

There are many American investments in these two countries. As a matter of fact, we have a considerable American interest in ranching in both countries which complicates the meat import proposition. Of course, this is true in hundreds of cases in manufacturing and producers in many foreign countries and makes foreign trade exceedingly complicated.

We are essentially a "free-trade" country but there must be reciprocity and equal treatment on tariffs and quotas. Our balance of payments has got to be improved. We continue to run deficits in trade exchange which has reached a point of serious concern. We cannot continue forever in this unfavorable position.

If the planned trip materializes, an effort will be made to send back comments for next week's column.

Here for a two weeks' visit with her parents, Mr. and Mrs. Fred L. Beaty, is Mrs. Eugene Kegans, Leonard. Also here for a week's visit was the Beaty's other daughter, Mrs. Jim Crowder and Lee Anne of Midland.

**Now all your U.S. Savings Bonds pay higher interest.**

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.
