Six Qualify For Region

Entrants from Robert Lee High School compiled a good bunch of scores in the District 9-A University Interscholastic League literary meet held Saturday at Wall High School. The local students took second place in the district.

Robert Lee won first place in five events to capture the second place spot. Events won included debate, girls prose reading, girls persuasive reading, shorthand and typing.

4-H MOTHERS, LEADERS TO MEET AT BRONTE

There will be a meeting for mothers of 4-H girls and leaders on Thursday, April 5, at 9:30 a.m. in the Bronte City Hall.

Miss Cathy Slimp, Assistant County Extension Agent of Coleman, will present the program. She will discuss Method Demonstrations and Contests for 4-H'ers. This will be a very informative meeting said County Extension Agent Mrs. Fay C. Roe, and is open to anyone who wants to attend. Mothers of 4-H Club members and Adult Leaders are urged to attend.

Mr. and Mrs. J. D. Gardner of Midland were guests over the weekend in the home of Mr. and Mrs. J. O. Rudd.

Sonora won the meet.

Mandy Harmon and Becky Large took first place honors in debate, with another team from Robert Lee, LaNeil Flowers and Walter Flowers coming in second.

In the Number Sense contest Harvey Wink took third place honors and Steve Meadows was in fourth place.

Konny Service took second place in Girls Poetry Interpretation.

Taking first place in Girls Prose Reading was Terri Kinsey, while Debbie Smith took fourth place.

In the Girls Persuasive Reading contest Ginger Salmon took first place honors.

Mandy Harmon took another first place spot in the Shorthand contest and Rosanna Boykin was second in that event.

In the Typing competition, Phyllis Wojtek took the top spot.

In the junior high competition Robert Lee placed third.

Virgilla Strong was second in spelling and she placed third in Ready Writing.

Janice Bloodworth took third place honors in Girls Oral Reading.

District golf competition was set for Wednesday and Thursday in San Angelo, while tennis was scheduled for Tuesday and Wed-

nesday at Mason. Both high school and junior track is scheduled for Friday at Eldorado. Eldorado will also host the high school and junior high girls track meet next Tuesday.

Six RLHS students qualified for the regional literary meet, including Mandy Harmon, Becky Large, Terri Kinsey, Ginger Salmon, Rosanna Boykin and Phyllis Wojtek

Hospital Board Names Beard

Homer Beard of Goldthwaite has taken over the position of administrator of West Coke County Hospital and Nursing Home. He succeeds Mrs. Truman Hines who resigned.

Beard is a licensed administrator and has been employed at Hickman Nursing Home in Goldthwaite the past three years.

The new administrator has come here on a temporary basis until the end of the present school term. He told the Observer that he had never served in the administrator

Three elections will be held here Saturday. Officials to be elected include three city aldermen, three school trustees and two directors for West Coke County Hospital District.

Polls in all three elections will be open from 8 a.m. until 7 p.m. The city election will be held at

Junior High Band Wins Sweepstakes

Robert Lee Junior High School Band, made up of sixth and seventh graders, received a sweepstakes award in the Tri-City Band Festival Saturday in Coleman.

In order to win the coveted sweepstakes trophy, the Dogie Band had to make a superior rating in both sight reading and concert playing. This is the first year the Junior Band has entered festival competition.

The 58 member group enjoyed a picnic at Hord's Creek Lake on their return trip. Band Boosters J. C. Wallace and Kenneth Greene went early to the picnic grounds and prepared the meal. Other chaperones for the trip were Mrs. Kenneth Greene, Mrs. Jim Skinner, Mrs. A. L. Shook and Mrs. Joe Ross.

Wink Top Miler At S. A. Relays

Harvey Wink placed first in the mile run at the San Angelo Relays held last Friday and Saturday. His time for the grueling trip was 4:43.8.

The mile relay team placed third with a time of 3:34.2. Members are Daryl Copeland, Randy Flanagan, Rudy Abalos and Lyn Sockwell. Sockwell also was third in the 440 yard dash with a 52.1.

The 440 yard relay team came through with fourth place in a time of 45.3. Johnny Wolfe took two fourth place ribbons, in the 120 yard high hurdles with a 15.9, and in high jump with 5 feet, 10 inches. Bill Rowoldt sailed 10 feet, six inches for fourth place in pole vault. David Beaty ran the mile in 5:12.0 for fifth place.

the city hall. A written will be necessary, since Robert Large is the only candidate running for the three vacancies to be filled. Members of the council whose terms expire this year are Large, Dale Wojtek and Frank Hearn. Holdover council members are Mayor S. E. Adams and Aldermen Jimmy Bell and Royce Hood. Mrs. W. E. Jacoby will serve as presiding judge for the city election.

A contest has developed for the three vacancies on the school board, with four candidates seeking three positions. Running for reelection are Joe Flowers and Bobby Baker. Two new candidates are Sherman Williams and Glenn Womack. J. D. Mumford is the third present member whose term expires, but he did not choose to run for reelection. Holdover trustees who have either one or two more years to serve are J. C. Wallace Jr., Foy Askins, D. J. Walker Jr. and Wilbern Millican. Balloting will be at Robert Lee High School building, with Mrs. Bobby Roberts serving as presiding judge.

Two candidates are seeking two spots on the hospital district board of directors. Victor Wojtek, present board president, is seeking reelection and W. E. Jacoby is seeking the place now held by Curtis Walker who is not running for reelection. Hospital board members who have another year to serve are J. E. Quisenberry, J. D. Harmon and Finnell Smith.

Showers Welcome After March Wind

Robert Lee area residents enjoyed a brief respite from March winds last Thursday night when showers fell. A big part of March weather consisted of cold winds and blowing sand.

The county has been under several tornado alerts the past month, but little damage has been reported. Some violent winds and small hail two weeks ago did little damage.

Areas to the north and south have not been so lucky. A twister struck Grape Creek community northwest of San Angelo, and Sweetwater and Abilene to the north and northeast suffered thousands of dollars in hail damage two weeks ago.

Rainfall reported to the Observer included: Fred McCabe Jr. ranch on Divide route, .21 inch; Wilbern Millican, west of Edith, .9; Floyd Harmon, trace; Robert Lee, .23; M. A. Cox, northeast of town, trace; Bryan Gartman, 4; Sanco, .9.

Heaviest rainfall reported was 2 inches at Silver and 2 inches or more on the Arledge ranch near the Nolan County line. Only 1 inch fell at the Arledge and Leeper ranch house north of Sanco.

Mr. and Mrs. A. R. Palmer of Robert Lee and Mr. and Mrs. W. J. Palmer of San Angelo visited Sunday at Big Spring with their sister and brother-in-law, Mr. and Mrs. C. J. Brooks.

Austin — The complex job of rewriting the 97 year old State Constitution began officially last week with initial work sessions of the new Constitutional Revision Commission.

Commissioners outlined plans for a series of public hearings in 18 areas.

The hearings will be held between now and next fall in Houston, Dallas-Fort Worth, San Antonio, Corpus Christi, McAllen, San Angelo, Lubbock, Longview, Wichita Falls, El Paso, Amarillo, Abilene, Midland-Odessa, Laredo, Tyler, Lufkin, Beaumont-Port Arthur-Orange and Austin.

Chairman Robert W. Calvert, former Texas Supreme Court judge, said the hearings may "determine largely whether people accept the final product."

The 37 member Commission heard advice from a large group of experts, then divided into seven sub-committees to study specific areas of the Constitution which one of the advisors labeled an "appalling" document.

Revision Commissioners received these key bits of advice:

* Do the best job they can of streamlining the Constitution, but be prepared for the Legislature to "water down their recommen-

dations."
 * Don't try "to solve the problems but make clear who solves the problems."

*Sweep out detailed property tax provisions... get rid of the grants and loans prohibition and provide "home rule" for counties.

The Commission will be backed up by a statewide advisory committee.

Revision drafts must be completed by November. The Legislature will convene Jan. 1 as a constitutional convention.

OPEN MEETINGS BILL PASSES—An amended version of legislation to strengthen state laws requiring that the business of state government be conducted in public has been finally passed by the Senate.

A much revised version of the bill to shield newsmen's sources of information, meanwhile, advanced to the Senate calendar with Jurisprudence Committee blessing.

The Texas Joint Media Committee representatives and "Common Cause," the people's lobby, termed the open meetings bill as passed by the Senate an improvement over both present law and the Jurisprudence Committee bill. One controversial section of the

latter was amended to allow closed sessions on "negotiated contracts" only for gifts or donations to the government. The bill would allow private sessions of governing bodies to discuss purchase, exchange, lease or value of real estate—but not the sale of property. Also stricken from the Committee bill was a provision for closed sessions with attorneys on "possible avoidance of litigation."

Remaining as exemptions from open meetings guarantees are a wide range of discussions of personnel matters including "employment evaluation."

The revised shield bill would allow forced disclosure of information and sources on mandamus by the State Supreme Court which could be sought by any individual to prevent "substantial harm or injury... or substantial injustice."

VEE REVACCINATION URGED — Texas Veterinary Medical Association called for immediate revaccination of all horses for Venezuelan Equine Encephalomyelitis (VEE).

The Association said 100 per cent immunity can be established and reservoirs of the disease eliminated. It urged revaccination of all horses vaccinated in 1971, vaccination of all newborns, those sixth months of age and older and those coming into the state.

COURTS SPEAK — The Court of Criminal Appeals overturned convictions for sale of heroin (an 1,800 year sentence from Ector County) and possession of marijuana (25 year sentence from Tarrant County) due to judicial error.

A Lipscomb County youth ordered fined and jailed for aggravated assault on a deputy sheriff he called a "pig" won a new trial on appeal to the Court of Criminal Appeals, which held the boy's contention that he was resisting what he considered unlawful arrest should have been presented to the trial jury.

AG OPINION — A bill (HB 168) proposing to give the governor budgetary authority over state agencies and require submission of quarterly expenditure plans is unconstitutional, Atty. Gen. John Hill held.

Hill said, however, the legislature might confer on the governor's discretion to approve or disapprove expenditures of funds appropriated to restructured agencies discharging only duties which

could be constitutionally discharged by the governor.

Short Snorts

Gov. Dolph Briscoe went to Washington to protest that new federal regulations would destroy the social services program in Texas for non-welfare recipients and increase welfare rolls.

A bill to set up a "little Hoover commission" on reorganization of the executive branch of state government finally won Senate approval and now goes to the House for consideration.

Of 7,572 roadside park facilities in the nation, 1,059 are located in Texas, according to a U. S. Department of Transportation survey.

The Sabinal Canyon area (1,280 acres) in Bandera and Real Counties has been purchased by the Parks and Wildlife Department for \$512,000.

August and September primary election dates received Senate approval.

City officials are urging Governor Briscoe to recall a bill granting collective bargaining rights to policemen and firemen for amendment.

Spring Planting Behind Schedule
... Texas on Quarterly Report ...
Summer Potato Plantings Increase
... Early Lamb Crop Outlook ...
Egg Production Cracks ...

Planting schedules throughout Texas are behind schedule from as much as two to four weeks in many areas. All of the state—with perhaps exceptions in some sections—have adequate moisture for 1973 spring growing.

Cotton planting in the Lower Rio Grande Valley has been hampered by a long siege of wet, cold weather. Seedbed preparation is considerably behind schedule from the Blacklands to the Valley.

Wheat continues to make excellent growth on the High and Low Plains, Edwards Plateau, East Texas and Central Texas. Oats are also providing good grazing in most areas.

Grain sorghum planting is underway in the southern half of the state but has been slowed due to wet weather.

HOG numbers are down nine per cent in Texas as of March 1. On that date there were 1,150,000 head of hogs and pigs in the state. Texas recently has been added to the quarterly hog report, which shows the increased importance of the swine industry in Texas in relation to the rest of the nation.

Texas hog producers intend to farrow 62,000 sows during March to May, which is nine per cent more than a year ago.

June-August intended farrowings are estimated at 68,000 head, the same as a year ago.

Of the March 1 inventory of hogs and pigs in Texas, 16 per cent were reported as being kept for breeding purposes.

Nationwide, hogs and pigs in the 10 corn belt states are up two per cent from a year ago. The December 1972-February 1973 pig crop is six per cent above last year. A nine per cent increase in sows farrowing was partially offset by a three per cent decrease in average litter rate.

EARLY lamb crop in Texas as well as the nation shows a four per cent decline from a year ago. For the three state total—Texas, Kansas and California—the early lamb crop totaled 1,831,000 head. For Texas, the lamb crop totaled 970,000 head. The Jan. 1 inventory of ewes one year old and older was down nine per cent. Lambing is reported to be ahead of last year.

Texas sheep and lambs on feed as of March 1 totaled 237,000 head, which is down nine per cent from a year ago and 30 per cent below Jan. 1. Sheep and lambs on feed are those intended for slaughter being fed a ration of grain or other concentrates or on succulent pastures and expected within the next three months to produce a carcass which will grade good or better.

INTENDED plantings for summer potatoes in Texas this year is estimated to be six per cent more than a year ago. Growers intend to plant 15,500 acres this year compared to 14,600 acres last season. Early plantings are underway on the High Plains and will continue through April.

Potatoes in the Lower Rio Grande Valley have emerged and most fields reportedly have a good stand. Growth has been slowed by seasonable cold weather and excessive rains.

EGG production in Texas showed a big decline during February. The production was 20 per cent below a year ago and seven per cent under a month ago. Nationwide, egg production was down nine per cent a year ago and a month ago.

Visiting here Friday in the Curtis Walker home were Mr. and Mrs. John Palmer of Colorado City. Weekend visitors of the Walkers were Mr. and Mrs. Donald Walker and children of San Angelo.

Seven sensible reasons why you should join the Payroll Savings Plan.

1. You'll save money.
2. It's easy, all you do is sign up once and money is automatically set aside from each paycheck.
3. The money is used to buy U.S. Savings Bonds. There isn't a safer way to save.
4. Bonds now pay the highest interest rate ever. There's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.
5. The government replaces it if a Bond is lost, destroyed, or stolen.
6. You never see the money. It's deducted and saved before you can get your ever-spending hands on it.
7. Our seventh reason is really hundreds of reasons. Bad reasons, like you may lose your job someday or a medical emergency might come up. Good reasons, like that trip you always wanted to take, retirement, a home, a college education, a boat, a car or whatever else you may see in your future.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Scouting today's a lot more than you think.

Did you know that for every boy in Scouting today, there's another boy who'd like to be but can't?

And did you know that the reason most of them can't is because no adult in the neighborhood thinks Scouting's worth the time?

If you don't think Scouting's worth your time, you don't know enough about Scouting.

Find out more. Write: Scouting, North Brunswick, N.J. 08902.

Take stock in America. Now Bonds pay a bonus at maturity.

TYPICAL LAKE SPENCE STRIPER — West Texans have been in hot pursuit of striped bass such as this one at Lake

Spence. The lake record stands at 12 pounds, but game experts are predicting weights of up to 35 pounds in the near future.

David Casey of Midland shows off this 7 1/4 pounder, which he caught in the river section of Lake Spence.

DEBATERS TOPS AT SONORA

Robert Lee High School took both first and second place honors in debate competition held last Thursday.

Mandy Harmon and Becky Large made up the team that won first, while second place went to LaNell Flowers and Walter Flowers.

Jack Richards of Yuma, Ariz., is here visiting for several days in the home of his brother and family, Mr. and Mrs. Hadley Richards, and other relatives. Other guests Sunday in the Richards home were Johnny Richards of Bronfe, Mrs. Ed Hickman and Mrs. Willie Hagel of Robert Lee.

FRY TO JUDGE AT CISCO

Band Director Douglas Fry will be one of 15 judges who will evaluate performances at the Cisco Junior Music Festival this weekend. The annual festival will be held on the campus of Cisco Junior College.

The festival is a contest for elementary and junior high bands, orchestras and choral groups. It includes events in concert, sight reading, solos, ensembles and twirling. Trophies and medals will be awarded first division winners.

Who killed George Stilwell? George, a 47-year-old dairy-firm executive who worked to win, played for keeps, and never had a moment to waste, dropped dead last July while running on the cinder track near his San Francisco home. George died of ventricular fibrillation — a form of heart attack — but there is mounting evidence to indicate that the real killer might have been his personality.

According to Meyer Friedman, M.D., of Mount Zion Hospital, San Francisco, California, a nationally-known authority on heart disease who has spent 15 years tracing the medical histories of 3,000 San Francisco men, the majority of heart victims show the same common traits of excessive ambition, overwhelming aggression, impatience, and slavishness to the clock — and George was no exception. These "Type A" personalities, as Dr. Friedman labels them, suffer two-and-a-half times as many heart attacks as their more relaxed and easygoing companions. Among men under 50, the figure is three to one.

While cardiologists agree that the full explanation of America's epidemic of heart disease has yet to be disclosed, certain causative factors have been isolated and identified. Just being male greatly increases the risk of heart attack; a family history of heart attacks is another factor; overweight is a

third; and heavy cigarette smoking definitely adds to the risk. (George qualified on all four counts.) High blood pressure is also implicated, along with heart-beat irregularities, which may be a cause, and blood cholesterol, although no one has established its role with absolute certainty. But, as research continues, many investigators are coming to accept Dr. Friedman's view that the high-pressure, twentieth-century, post-industrial way of life is partially or fully to blame — and that the coronary-prone individual is the harassed, driven male who, like George, is swept up in it.

Discouragingly, Type A personalities who have survived one heart attack are nearly five times more likely than other survivors to have a second fatal attack. But they can change their life style and reduce their vulnerability to death, says Dr. Friedman, who is his own living proof. Before suffering a coronary seven years ago, the doctor, who admits to being a Type A, was a chain-smoker and a compulsive worker who never learned to delegate responsibility. Now, he says, he takes time for living and refuses to be enslaved by the clock. If he didn't, he might be dead.

County Easter Seal Drive Doing Well

Coke County Easter Seal Appeal is going well, according to Judge W. W. Thetford who serves as Easter Seal Appeal Treasurer for the county.

The 1973 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children and adults in Texas. Last year the Society helped 16,572 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 18 treatment facilities in Texas where children and adults not eligible for other assistance are treated. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

As Easter Seal Representative, Judge Thetford is the person to contact for services from the Easter Seal Society. He can be contacted at the courthouse in Robert Lee. When contacted for services, the judge will provide the request to the Easter Seal Society to investigate the needs of the disabled person. The Society will advise the handicapped person of the best resources available to him.

Judge Thetford said that contributions to the Easter Seal Appeal should be sent to him as soon as possible.

'Thoughts' New Column in This Paper

Beginning with this issue of The Observer will be appearing a new syndicated column. It will appear each week. "Thoughts" is a new nationally syndicated column being published for the first time this month by over 1,000 newspapers throughout the nation.

Each column is comprised of a brief passage of scripture from the Bible, especially selected for balance between the Old and New Testaments, and also selected to be timely and coincide with seasons, national holidays and both Jewish and Christian religious observances.

The distributors of "Thoughts" is the Religious Heritage of America organization based in Washington, D. C. According to Executive Director Kenneth L. Hansen, "The officers of Religious Heritage of America are a group of successful businessmen with deep religious convictions."

"Thoughts" is designed to be read in 30 seconds or less, and the Biblical passages were selected from the recently published "Living Bible." Religious Heritage of America directors approved the use of The Living Bible in the "Thoughts" column because of its wide acceptance since it was first published in November 1971.

Since that time over 10 million copies have been sold. Publishers Weekly magazine certified The Living Bible as the best selling book of 1972. The Living Bible not only led in the non-fiction category, but outsold the number two book in the fiction list (Johnathan Livingston Seagull) by several million copies.

Hansen said that The Living Bible was chosen not only because of its popularity, but because of the text being easily understood and comprehended. "In fact," Hansen stated, "since the

Thoughts

From The Living Bible
One day as the crowds were gathering, he went up the hillside with his disciples and sat down and taught them there. "Humble men are very fortunate!" he told them, "for the Kingdom of Heaven is given to them. Those who mourn are fortunate! for they shall be comforted. The meek and lowly are fortunate! for the whole wide world belongs to them. "Happy are those who long to be just and good, for they shall be completely satisfied. Happy are the kind and merciful, for they shall be shown mercy."
Matthew 5:1-6

Religious Heritage of America

Thoughts column is designed for newspapers, and since The Living Bible reads like a newspaper, our choice of which translation to use was practically made for us."

"Thoughts" will be a continuing feature in this newspaper and subscribers are invited to read it each week.
