## MRS. BRYAN SPEAKS TO GS STUDENTS

"Plant a Tree for Liberty" was the subject of a talk given by Mrs. Wilson Bryan, chairman of Robert Lee Bicentennial Committee, before Robert Lee elementary school students, Wednesday, Jan. 21.

The original Liberty Tree was planted in Boston by the citizens of the Massachusetts Bay Colony in 1664, and was cut down by the British to punish The Sons of Liberty for their efforts toward achieving freedom from England.

"As that tree was planted because of a need for trees in the city of Boston, it is in the same spirit that we urge a tree planting crusade in Coke County, the pupils were told.

One tree can photosynthesize carbon dioxide for one man's daily supply of breathable oxygen, but 20 are required to convert the pollution produced by a car using five gallons of gasoline. Man is using oxygen faster than it is being purified.

A "Liberty Tree," a Tejas pecan, has been given to Coke County by the Texas Forest Service and Texas Forestry Association. It will be planted on the grounds of Coke County Recreation and Show Center in Robert Lee on Friday, Jan. 23, at 4 p.m. The public is invited to attend the brief ceremony.

It is hoped this is only one of many Liberty Trees planted in Robert Lee and Bronte this winter.

Games on Friday will be played at 9:45 and 11:00 a.m., 12:15 and 1:30 p.m., 2:45 and 4 p.m.

Saturday's action will start at 9:30 a.m. followed by games at 10:45 a.m., 1:45 p.m., 3 p.m., 4:15 p.m., 5:30 p.m., 6:45 p.m. and 8 p.m.

# Even with a full pig, I got an empty feeling inside.

- United States Savings Bonds vs. the Piggy Bank.
1. If the Piggy Bank is stolen, you lose what's in it. That's the way it is with cash. If a Bond is stolen, you get a new one.
  2. A Piggy Bank is easy for even its owner to rob. But Bonds can be bought through your Payroll Savings Plan at work, and a little is taken out of each check before you can get your hands on it.
  3. The Piggy Bank may look kind and generous, but it won't give you any interest. A U.S. Savings Bond yields 6% when held to a 5-year maturity.
  4. The Piggy Bank money just sits there. A Bond helps your country.

In summary, you might wonder why grown folks would even use Piggy Banks. It's so much smarter to buy Bonds.

Avoid that empty feeling. Buy U.S. Savings Bonds.  
Now E Bonds pay 6% interest when held to maturity of 5 years (4½% the first year).  
Lost, stolen or destroyed Bonds can be replaced if records are provided. When  
needed, Bonds can be cashed at your bank. Interest is not subject to state or local  
income taxes, and federal tax may be deferred until redemption.

**Denture problems?**

OraFix holds dentures better because it spreads better.

Tests prove OraFix® spreads better than the other leading denture adhesives — cream or plastic. Other adhesives can leave gaps between dentures and gums. So food particles and air can get in causing dentures to slip. But OraFix spreads better so it can fill even tiny gaps. Result? OraFix seals and holds dentures tight.

ORAFIX, EVERYDAY, FOR THE SEAL OF CONFIDENCE.™

**REDDY'S REFRIGERATOR SAVINGS TIPS**

- ★ Don't open refrigerator door unnecessarily. Plan your trips to the refrigerator while cooking. Make sure the children maintain a closed-door policy.
- ★ Buy the size that fits your needs. An over-large refrigerator or freezer wastes space as well as electricity.
- ★ Clean external coils, fins and motor often and keep them free from dust.
- ★ Defrost your refrigerator and freezer before ice deposit exceeds 1/4 inch. Excess ice causes your refrigerator to work harder.
