Eagles Fly Over Steers, 28 - 0

By Ronnies Baker

A little wind, a whole lot of rain and a bunch of speed is about the whole story of the football game last Friday night when the Steers fell 28-0 in a 9-A conference game.

As the ball game started, it began to rain and rain it did, through the first half and most of the second. It was a miserable affair as it got nastier and nastier on the field. Eldorado's speed was their advantage and in just four plays, they broke for long runs and had the Steers by the horns.

First Quarter

Eldorado received the opening kickoff at their 12 yard line and had no return. The runner slipped after a gain of only four yards and they punted against the wind for a yardage of only 7. The Steers couldn't move either, so they punted into the end zone and Eldorado got the ball at the 20.

The Eagles made two 1st downs to the Eagle 49 and they broke one for the remaining 51 yards and the speed left the Steers behind and scored their first long one. The extra kick was good and the score was 7-0.

The Steers received at their 15 and Allen returned it to the Steer 26. The Steers got their first 1st down on an 18 yard pass from Baker to Tom Sawyer at the Steer 48, but there Eldorado held and Gartman punted to the Eldorado 20 with a return to the 35.

Eldorado then did it again as they turned the corner and 65 yards later they had another six points. The extras failed and it was 13-0. Eldorado kicked off to the Steer 20 where Percifull took it and returned to the Robert Lee 35. The Steers made two 1st downs to the Eldorado 37 but they then intercepted a deflected pass and return-

ed to their 33. One play later the first quarter ended.

Second Quarter

Eldorado made a 1st at their 45. They broke for another long run and a TD, but a clipping penalty brought them back to the 50 yard line. The Steers held and Eldorado punted to the Steer 20 with a short return to the 27. The Steers had their troubles and fumbled at their 38. But the wet ball was fumbled back and Dallas Johnson recovered at the Steer 33.

Eldorado held and the Steers punted to the Eldorado 20 with a return to the 30. Another penalty put them back to the 14. Eldorado made a long 1st to their 47 but the Steers halted them and Eldorado punted to the Steer 19. The Steers had trouble again and lost yardage back to the 1 yard line. Eldorado broke through and tackled

ping their third straight 9-A game, falling this time to Eldorado, 23-0. The locals are now 2-5 for the year. Reagan County will be a long favorite to hand the Steers their sixth straight loss.

9-A Results

In 9-A action last week it was Mason 12, Wall 0; Ozona 36, Junction 0; Eldorado 28, Robert Lee 0; Reagan County 43, Menard 8.

This week finds Reagan County at Robert Lee; Mason at Junction; Eldorado at Wall.

MRS. IVEY IS SPEAKER FOR LOCAL CLUB

Mrs. Cumbie Ivey Jr., newly elected Democratic Committeewoman from the 25th Senatorial District of Texas, will speak on "Poll Power - From the Courthouse to the Whitehouse" at the next meeting of the '64 Study Club Oct. 26.

The meeting will be at 7:30 p.m. in the home of Mrs. Wilson Bryan with Mrs. George Conner and Mrs. Roy Epperson as co-hostesses.

The club has extended an invitation to everyone interested in the working of political parties and the significance of power of voters at the polls. Mrs. Ivey will talk on politics as a personal thing and how it affects everyone, and about dropout voters who fail to cast their ballots due to apathy and cynicism.

Thought for the program is: "Leaders do not drop from the clouds; they come from the crowds."

Reddy's helpful tips for your

Home Laundry

- ☆ Avoid wasting hot water while laundering. Use the cold and warm water settings as much as possible to cut down on the energy needed to heat water.
- ☆ Use the water level control on your washer. You should use less hot water for small loads.
- ☆ Follow detergent instructions carefully. Oversudsing makes your washing machine motor work harder than it needs to.
- ☆ Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.

FARM BUREAU INSURANCE, 453-2812

What type of policy do I need if someone has an accident such as falling off the porch or tripping over the sprinkler while on my property?

You are covered for damages if you carry a Homeowner's Policy... the personal liability with a medical clause is built into it automatically. Also, a personal liability may be added to a standard Fire Policy for a minimal fee. If you live in an apartment there are several options. You may carry a separate liability policy or the fire policy with the personal liability would pertain to these circumstances. Also, there is a special policy written especially for renters. A Homeowner's Tenant Policy will cover your furniture in case of damage and has a liability clause built into it.
