Denver, Aug. 9.—The Republican this morning says that the hour of being so severely injured had been recovered and identified and the closest estimate put the total death list at 106 on the wreck on Sunday night of the Denver & Rio Grande railroad, near...

SIEGE CONTINUES

Unconfirmed Report That Port Arthur is Captured—Russia Said to Be Falling Back Before Kureki. St. Petersburg, Aug. 9.—The city is full of wild rumors that Port Arthur has fallen, due to reports from Chee Foo of another assault in which the fortress was taken by the combined land and sea forces, though the Japanese lost three warships, including the protected cruisers Chiyoda and Itakushima. There is not the slightest confirmation of these rumors. It is believed that the Japanese are still unable to capture the outer works, much less to capture the fortress itself.

NEW MEXICO NEWS SUMMARY

Indians in New Mexico. Many of the eminent men of the country are of the opinion that efforts should be made to preserve the ancient relics of the Indians and the early settlers in this section of the country. Dr. Frederick F. Monson, a prominent ethnologist and lecturer of Washington, who has been making an exhaustive study of the Pueblo Indians in northern New Mexico, says: "It is a shame how any pot hunter can go and dig in a grand old ruin and leave it in such a condition that the sincere archaeologist is unable to obtain results. There is a bill now before the House of Representatives aimed to protect the old buildings and relics, which are the only source of possible light on the by-gone days. This bill would keep the ground sacred and have it owned by the government, but New Mexico herself should do something in the matter."

PARKER RESIGNS

Democratic Candidate for President Refuses From His Position as Chief Judge of New York Court of Appeals. Albany, N. Y., Aug. 8.—Alton B. Parker ceased to be chief judge of the Court of Appeals of New York at 3:50 p. m. yesterday, by handing in his resignation after a two minutes' session of court, in which he and five associate judges disposed of sixty-six cases remaining on the calendar. Without any intimation of his purpose he came to Albany, took part with five of the other judges in clearing up all but three of the cases which had been argued before the court, and then returned to New York for his formal resignation to the secretary of state as the constitution and law required.

INDIAN STATISTICS

Condition of the Pueblo Indians in New Mexico. Superintendent C. J. Drandall of the United States Indian Industrial School of Santa Fe, who has charge of the northern New Mexico Pueblo Indians, has in course of preparation his annual report. There is a great amount of work to be done and about five weeks' time will be required. The annual report of J. K. Allen of Albuquerque is charge of the southern and western New Mexico Pueblo tribes, is also being prepared for the Indian department. The report has been in course of preparation for several weeks, and has entailed a large amount of careful work in the field; the superintendent aiming to make his account of conditions among the tribes as complete and detailed as possible. The report is interesting in the extreme, not only to the student of the Pueblo people, but to every one in New Mexico, where the Pueblos have become a somewhat important part of the population.

Situation at Port Arthur

Che Foo, Aug. 9, 6 a. m.—The firing which was heard last night continued to 3:30 o'clock this morning. A junk which left Port Arthur August 6th reported that there had been no hostile movements since July 28th, except exchanges between the batteries. The Russian battleships Pobeda, Retvizan, Poltava and Peresviet fire occasionally, which was probably what was heard last night. An engineer who is familiar with Port Arthur states that it will take the Japanese four weeks to fortify the captured hills and plant siege guns, which will require strong foundations in the face of the Russian fire. It is stated positively that Vice Admiral Skrydlov was not on board the Russian torpedo boat destroyer Lieutenants Burukoff, which visited New Cheung about a month ago, and which was sunk on one of her return trips from that port.

Story of Naval Battle

Che Foo, Aug. 9.—A reliable authority says that eight Russian warships participated in the recent three-day battle at Port Arthur. Since then the Sevastopol, and the Amur have been repaired. It is presumed that the fighting referred to was the engagement reported by General Stoessel, commander of the Russian military forces at Port Arthur, to have occurred July 26, 27 and 28. During the last twenty-four hours 200 Chinese and fifty Russian refugees have arrived from Port Arthur. Almost all left there August 4th. It has been reported of the sinking of Port Arthur of a Japanese cruiser, but that this occurred is not certain, as the vessel is said to have been sunk in a place where mines have recently been laid.

Late Crop Report

The weather bureau at Santa Fe has issued the following crop bulletin for New Mexico: Beneficial showers have continued and the marked improvement in crop conditions has been maintained. Heavy rains have occurred in the mountain districts and the water supply of the territory has been greatly increased; streams are flowing and lakes and water holes are filled. Irrigated fields are doing well and the dry farming areas are much improved. Good fodder crops are generally assured from late seeding. The harvest of wheat, oats and second growth alfalfa continues in northern counties and early potatoes are being dug. Gardens have been revived and fair yields of late vegetables will be obtained. Grasshoppers are causing some damage in the northern half. Losses of livestock have practically ceased. The outlook for the winter feed is daily becoming more optimistic. On the Peofo forest reserve the forest fires are at an end and throughout the territory fruit and forest trees will be much benefited by the rains.

Fuel and Iron Company

A Santa Fe dispatch of July 31st says: To-day General Manager W. S. Hopewell of the New Mexico Fuel and Iron Company, a former vice president of the Santa Fe Railway, has taken the occasion to deny certain stories printed recently. "Not a share of stock has been actually issued," said Mr. Hopewell. "It has been subscribed and paid for, but not a share has been placed on the market to-day. The stockholders are capitalists who are perfectly able to carry the stock as long as they desire, or until they may sell out or make combinations with other railroads as is 'best natural' said Mr. Hopewell. "They may do this if a good chance offers. At this time, however, it is not the object of the specialists or the owners of the stock to sell to any railroad or to any person, it being their intention to build a New Mexico system of railroads for their own benefit and to develop the resources of New Mexico; believing that thereby good interest will be paid them on their investment."

Land Selected For Irrigation

The United States land commission has approved selections of public lands to the extent of 7,800 acres in Union county for the benefit of the irrigation commission of New Mexico. An order was made for the selection of 230 acres of public land, partly in Colfax and partly in Union counties for the purpose. The territorial land board to-day sold 5,800 acres of timber land in Rio Arriba county, situated mostly on the El Rito creek, to thirty-two applicants, at \$5 an acre. The sale was made for the benefit of the territorial irrigation commission. An order was made granting pasture permits for live stock on territorial lands in the San Augustine plains in Socorro county to Dr. J. M. Cunningham and associates of Las Vegas for 16,000 acres and to Frank J. Hubbell of Albuquerque for 15,000 acres at 10 cents per acre per annum, these pasture permits to run for five years.

Union Labor Decision

Bridgeport, Conn., Aug. 8.—Judge O. Wheeler of the Superior Court has granted an injunction restraining C. H. Merritt & Son of Danbury from using a label, which is alleged to be an infringement upon the label of the United Hatters of North America. The decision is sweeping in its effect, the labor organization being given a standing before the court and every contention upheld. The matter of a contract between the unions and employers is held to be legal. One of the salient features of the decision is the statement that strikes and their continuance are not as injurious as some of the court decisions; the latter being permanent in their effect while the strikes and disorder are ephemeral.

Ohio a Little Too Slow

San Francisco, Aug. 8.—The Union Iron Works may forfeit \$15,000 to the government as a penalty for failure to bring the battleship Ohio up to the stipulated speed requirements. This will be deducted from the original contract price of \$2,899,300. The official corrected time made by the Ohio on her trial trip was 17:41.1 knots, which is 133 knots below the mark named in the contract. The Ohio will be accepted by the government as she proved herself a perfect fighting machine and met all requirements with the exception of speed.

DEMOCRATIC CALL.

A convention of the Democratic voters of Roosevelt county New Mexico, is hereby called to meet at Portales, New Mexico, at 10 o'clock in the afternoon on Saturday August 13 1904, for the purpose of electing eight (8) delegates to represent Roosevelt county in a convention of the Democrats of the Territory of New Mexico to meet at Las Vegas New Mexico at 10 o'clock in the forenoon, on Tuesday August 25 1904, for the purpose of nominating a candidate for Delegate to represent New Mexico in the 59th Congress of the United States. It is hoped that a large attendance will be had. W. F. HENDRIX, Territorial Committeeman.

Call For Democratic Territorial Convention.

A convention of the Democratic voters of the Territory of New Mexico is hereby called to meet at Las Vegas, New Mexico, at 10 o'clock in the forenoon on Thursday, August 25, 1904, for the purpose of nominating a candidate for Delegate to represent New Mexico in the 59th Congress of the United States.

The Democratic electors of New Mexico, and all who believe in the principles and policies as announced in the platform adopted by the National Democratic Convention begin and hold on the 6th day of July 1904, at St. Louis, Missouri, and all who believe in reform in Territorial affairs as now administered, and all who believe that officials are only the servants of and not the masters of the people, are respectfully and cordially invited to unite under this call and take part in the selection of delegates to said convention to be held at Las Vegas, as aforesaid.

The several counties will be entitled to representation in said convention as follows: Bernillo 5 delegates; Chavez 8 delegates; Colfax 11 delegates; Dona Ana 5 delegates; Eddy 5 delegates; Grant 9 delegates; Leonard Wood 5 delegates; Lincoln 7 delegates; Luna 3 delegates; McKinley 2 delegates; Mora 10 delegates; Otero 5 delegates; Quay 2 delegates; Rio Arriba 9 delegates; Roosevelt 8 delegates; Sandoval 2 delegates; San Juan 4 delegates; San Miguel 20 delegates; Santa Fe 12 delegates; Sierra 4 delegates; Socorro 10 delegates; Taos 8 delegates; Torrance County 2 delegates; Union 4 delegates; Valencia 2 delegates.

County committeemen, or members of the territorial committee in which there is no county committee, are hereby directed to name the place, date and hour, when and where precinct primaries shall be held, and give due notice of at least ten days in some newspaper published in the county, and cause to be posted notices in at four public places in each precinct, stating the date of the precinct primary and the date of the county convention will be held, the name of the precinct chairman, place, date, and hour primaries will be held. Chairman and secretaries of county conventions are directed to forward a true list of the names of such delegates and alternates as may be elected to said territorial convention, to the secretary of the Democratic central committee of New Mexico, by the next mail after holding such convention, addressing same to him at Santa Fe, New Mexico. And notice is further given that there will be a meeting of the Democratic Central Committee of New Mexico, held at Las Vegas, New Mexico at 9 o'clock in the forenoon, Thursday, August 25, 1904, at which all members of said committee are earnestly requested to be present in person. W. S. HOPWELL, Chairman Democratic Central Committee of New Mexico. N. B. LAUGHLIN, Secretary Democratic Central Committee of New Mexico. Santa Fe, N. M., July 22, 1904.

As the time of the legislative convention in the district of which Roosevelt county is a part draws near, it becomes more and more apparent that Hon. C. E. Brice, of Carlsbad, will be the nominee of the convention. It seems that there has been a compact for many years, and which has been religiously carried out, that the nomination should alternate between the counties. The retiring member, Hon. W. A. McIvers, of Nogal, was nominated upon this platform, as was his two predecessors, and in the rotation it is again the turn of Eddy county, which division is unanimous in the support of Mr. Brice. The party is not loser by the arrangement as Mr. Brice is a lawyer of ability, and stands pledged to the interests of Roosevelt county as well. Inasmuch as this tacitly means that Roosevelt county will have the nomination two years hence, it is certain that his nomination will be unanimous so far as our delegates are concerned. Such an arrangement is fair, and does away with all heart-burnings and swapping, and insures each county its turn outside political sword play. Roosevelt being a new county, has but one vote in the convention and could not consistently ask for more than the pledge of next turn, and it is a pleasure to note that the choice is to fall to such a staunch Democrat and able man as Mr. Brice, who has risen high at the bar of the lower county, and is now mayor of Carlsbad the Beautiful. He will represent us with credit, and add strength and dignity to the record of the party in the territorial legislature.

Call for District Councilmanic Convention.

A call is hereby made for a convention of the Democratic delegates from the several counties comprising the 9th Councilmanic District of New Mexico, to be held at Las Vegas, New Mexico, August 25, 1904 for the purpose of nominating a Democratic councilman for said 9th Councilmanic District, to be voted for at the general election November 8th. The various counties of the district are entitled to and should send delegates to said convention as follows: Chavez 8 delegates, Eddy 5 delegates, Lincoln 7 delegates, Grant 9 delegates, Luna 3 delegates, Otero 5 delegates, Dona Ana 5 delegates, Roosevelt 8 delegates. W. M. ATKINSON, Chairman 9th Councilmanic Dist. Com. J. E. LAVERY, Secretary.

The nominee of the negro "Liberty Party" was given twenty days in jail recently for keeping a disorderly house.

Portales Herald:

To THE FRIENDS OF PUBLIC EDUCATION, OBSERVING: Roosevelt Teachers' Normal Institute will convene on next Monday morning, August 15th, at an early hour, in the city of Portales, N. Mex.

Every teacher of the county should be on deck, prepared for the regular work, at about 7:30 a. m., and should have the first lesson in the course of study for institutes carefully worked out and prepared for recitation on first day's session. To do this, it is necessary that all who contemplate attending should call upon the County Superintendent right away, secure this course of study, take our enrollment certificate, get together all text books and begin study at once. While this session is especially designed to meet the needs of our teachers, yet I must say to every young man or woman, who has pursued eight grade or high school work. This course is for you also. There is no reason why you cannot make advantageous arrangements whereby your county superintendent and your City superintendent may insure you full credit in your Public School Course, for work satisfactorily done in this Institute. I have found it an excellent opportunity for healthy, ambitious boys and girls to make up back work or to do advanced work in two or three branches. All of this class living in the city or in the immediate vicinity of the city will be the loser if they do not attend, especially since board and similar expenses will not figure against them. I will be in your city on next Saturday and shall be pleased to meet and assist any and all who contemplate attending. Call upon me at County Superintendent's office.

Insisting that all who are planning to attend at all, be with us on the first day and insuring you my best services. I am pleased to address myself. Your friend in education, J. P. Evans, Conductor.

Those Republican Jokes about Jerry Simpson are about as stale and insipid as one of Boucherie's recent guns of wit. The New Mexican says that Jerry Simpson is a full fledged candidate before the Democratic convention for delegate to congress, and the said New Mexican immediately thereat proceeds to throw several kinds of fits. Now if there is a Democrat on earth who can make a Republican throw forty seven fits a minutes, that man is the said Jeremiah.

ECONOMY NATURAL WITH HIM.

Uncle informs Reggie that the Trait is "Whifed." "I would never think," said Reggie P. Inham, "of go'g in to dinner without wearing evening clothes." "That's good," said his uncle on his mother's side. "Don't ever wear out your morain' clo's when you can save 'em as well as not. I remember how you pa used to lay his chaw of tobacco on the window sill when he went to eat, so as not to waste it. There was a man that was always gettin' everything out of a thing there was in it. It was that disposition that kept him from ever bein' satisfied till he'd got the business down so the only thing about a steer that went to waste in his establishment was the grunt the critter gave when they hit him with an ax. I guess you must git your habit of wantin' to do things right from him."

The Strange New Language.

"The Greek say, Japanese, to me; But Cynthia, whenever, I meet her, Can never well contented be, Till I declare her very true. And than all made I know far true-er. That lovely teagie, she will sigh, Is far too exple-grief, too 'or me, And while I weep to see her cry, I'd dare all deaths to aid her, I, If you'd translate her language for me."

Largest Human Brain. The largest human brain of nine hundred measured was that of a woman, 115 cubic inches; the smallest adult male's, sixty-two cubic inches. There is mentioned the skull of one of the Inca Peruvian race which is but sixty cubic inches. The Caucasian skull is larger than that of any other race.

Overcome X-Ray Burns. The X-ray treatment for cancer can now be applied to some internal organs by means of Crookes bulbs fitted with ebontite handles, which the surgeon can hold and so apply the rays locally without running the risk of bringing about X-ray burns of the overlying tissues.

Increase in Oil Cake. As a result of the large increase in the supplies of oleaginous seeds the production of cake in France has augmented in a similar proportion. During the year 1902, 148,922 tons of the native product were exported, against 211,439 tons in 1901, and 98,521 tons in 1900.

Errors of Daily Life. To live in the best possible manner, we must strenuously shun the following almost universal errors of daily life, says Helen Cook, M. D., in Good Housekeeping. First, unnecessary fatigue and strain caused by not resting entirely when we should rest, and working with more than the amount of force needed to do what we have in hand to do. Second, insufficient and improper nourishment. Third, lack of fresh air and exercise. Fourth, late hours. Fifth, lack of proper recreation.

"The Earth" is a new illustrated monthly journal, published by the Santa Fe.

Tells the truth about the Great Southwest and California, the truth is good enough. Frequent articles describing your part of the country. Contains letters written by farmers, stockmen and fruit raisers; men who have succeeded and who give the reasons why. Strong editorials and interesting miscellany. A very persuasive immigration helper. Why not have it sent to friends "back east," to do missionary work for the Southwest? Regular subscription price is 25 cents a year; worth double. Send 50 cents (coin or stamps) with names and addresses of five eastern friends, we will mail "The Earth" to them and to you for six months. Write today to "The Earth," 1120 Railway Exchange Building, Chicago, Illinois.

When visiting Roswell it will be made pleasant for you by stopping at the Shelby Hotel, under the management of Mrs. Bucy, who is a most genial landlady. In the Southwest it is the Drummer's Retreat and Home of the Stockmen. Once a guest always a guest when visiting this enterprising city of Roswell.

J. J. Williams brought to this office samples of the first and second cutting of alfalfa which is equal to that raised in the artemisia water districts. Mr. Williams has a good stand and the yield is unusually large. The seed crop is good and bear's well, the seed equal to that imported. Mr. Williams also brought a sheaf of German millet which is extraordinary fine and a bunch of Colorado grass. None of this stuff was irrigated. Mr. Williams not having any apparatus for raising water.

Notice to Teachers.

The Roosevelt County Institute will commence on Monday morning at 9:30 a. m. August 15, 1904, in the High school building of Portales. It will continue six days the first week and four days the second week followed on Friday and Saturday August 20th and 27th by the county examination. The institute fee will be \$3 payable upon enrolling. All teachers of Roosevelt county are required by law to attend this institute or show a certificate of attendance at some institute or summer school either in or outside of New Mexico. Bring text books with you bearing on the subjects you desire to take. Let every teacher be on hand the first morning and attend every day. Let us endeavor to make this institute the best ever held at Portales.

Extraordinary Arrangements for Travelers to California.

By reason of special arrangements which have been perfected it is practically conceded in many quarters that to and from California either one or both ways via "The Denver Road" will be the choice of those attending both the Triennial Conclave of the Knights-Templar and the Sovereign Grand Lodge I. O. O. F. to be held in San Francisco during September and on account of which round-trip tickets will be on sale August 15th to September 10th, inclusive, at rate of \$45.00 from nearly all points in Texas and the Southwest.

The choice of the route mentioned for these trips is largely attributable to the fact that it is the only line reaching that territory from Texas directly through Panoramic New Mexico and "Cool Colorado" pausing enroute and allowing stop-overs at any of the numerous magnificent and popular priced resorts of the northwest, including those of California as well as Ogden and Salt Lake City, Utah, in addition to such points as Denver (for Boulders), Colorado Springs, Pueblo and Trinidad, Colorado. It is understood that tickets for this occasion may be secured to go via one route and return another, and in view of the superior attractiveness of the routes via the several Colorado tourist gateways, it may be fair to presume approximately ninety per cent of those living in the southwest will traverse the rails of "The Denver Road" through the great and fast developing "Panhandle of Texas" in at least one direction.

Stop That Cough.

When a cough, a tickling or an irritation in the throat makes you uncomfortable, take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief. It is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00 Sold by Pearce & Dobbs.

Notice to Farmers.

The Forestry and Farmers' Club at its meeting July 2nd, unanimously voted to extend the time until the next meeting Saturday August 6th, to those wishing to complete for the cotton prizes; also voted unanimously to give additional prizes for the best five acres on old land and best five acres on new land. Those wishing to complete for prizes should send their names to join the club to the Secretary, R. Y. Gregg. All members of club competing now or hereafter, are requested to send their names and address, with the acreage, whether five or ten, and old or new land, to the Secretary of the Club.

C. L. CARTER, President.

Ours Relation.

Rev. W. L. Riley, L.L.D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, 1.00 Sold by Pearce & Dobbs.

"Not How Cheap, but How Good," is the motto of the Herald Printery. No good business man will tolerate poor printing.

At the suggestion of a number of the residents and practical farmers who have during recent years tested and thoroughly proven the highly profitable possibilities of diversified agriculture throughout the greater portion of the vast and beautiful expanse commonly known as the "Panhandle" of our state, and also upon the invitation of the citizenship of the principle communities of which that section is composed and who confess the desirability or need only of added home-makers and soil developers to insure continued, constant and permanent prosperity with its accompaniments of ease and multiplied pleasures. "The Denver Road Immigration Bureau" of which Mr. Oswald Wilson of Ft. Worth is Local Manager, is perfecting arrangements in the interest of Home-Seekers and Investors which are just a little in advance of anything heretofore attempted or made effective in these parts. Briefly stated, the arrangement is that a Specially Chartered Home-Seekers Train is to be operated from Fort Worth to Clearendon, Texas, and return, a distance of 566 miles; same to start on or about the evening of August 15th and to make practically full day stops in the inviting and principal agricultural and business zones wherein the excursionists may quickly reach conclusions as to the well based and healthy developments now going on and as to the profit-ability of investments, etc. Although much of the territory is to be traversed by trains during day-light, (-mornings and evenings), several changes of base will occur by night so as to allow all possible day-time for inquiries and investigations. The excursionists will be entertained at the hotels and in the homes of the citizens at points of stoppage, wherein many will come to fully appreciate that which constitutes "Genuine Hospitality". In view of the importance of the occasions and its bearing upon the future, The Immigration Company will make a round-trip rate of not exceeding \$5.00, the train to be at command of the excursionists for about five days, or, in other words at from about Monday to Saturday, inclusive. Interested parties should address Mr. Oswald Wilson, at Ft. Worth, for complete programme.

Obituary.

Mrs. Hulda A. Hargis, born at Camp Colorado, Coleman county, Texas, February 12, 1863; married to Willis F. Tarter July 31, 1879; from this union three children were born, of which two are now living. Willis F. Tarter died August 2, 1900. Mrs. Tarter was married to J. D. Hargis at Carlsbad, New Mexico, April 2, 1898; from which union there is one child, born January 1, 1900, still living. Deceased possessed religion and was baptised at Utopia, Uvalde county, Texas, into the Baptist church twelve or thirteen years ago and has been a faithful christian until her death, the last words that could be understood as she was dying was "Oh God take me." She has suffered untold agony more or less for some time and has asked the question often why she should have to remain on this earth to suffer so, but knew her time was short and had everything prepared for her burial.

One Cent Per Mile to "Cool Colorado" and Return August 15th.

The hitherto impossible has happened. For many years, because of its wonderful and awe inspiring scenic grandeur, its tonic atmosphere its numerous attractive resorts, its hundreds of hot and cold medicinal springs many of which are carbonated in nature's own laboratory, and for other equally good reasons, "Cool Colorado" has been accepted as the most wholesome and altogether satisfactory summer vacation section of the country, in consequence of which the railway lines leading thereto, and particularly those centering and operating in that territory, have enjoyed such large volumes of tourist business at rates tending to produce dividends without the expenses usually attendant upon and necessary to what are commonly known in other parts as "Popular Priced Excursions," that they have heretofore rather studiously avoided inviting or participating in the latter class of business.

As time runs along, however, things change, and now at the instance of "The Denver Road" those previously deprived of opportunity may visit that "Land of Glories," the grandeur of which it is impossible to exaggerate or even to adequately describe, at such small expense as to be hardly worthy of consideration. Mr. A. A. Glesson, General Passenger Agent of "The Denver" announces for August 15th (one day only) a rate of One Cent per Mile traveled for round-trip tickets from Texas points to Colorado Springs, (Hastout) Denver and Boulder, with return limit of fifteen days and the privilege of stop-overs at pleasure in both directions at all points north of and including Trinidad, Colorado. As this is perhaps the most inviting proposition offered either the traveling public or the "Stay-at-Homes" during the present season and as it is well known that Colorado affords in ten days rejuvenation, inspiration and physical-upbuilding more than equalling what is possible in twice that period of time spent in any other portion of the country, it goes without saying that the trains of "The Denver Road" will be usually popular on the 15th inst.

UNITED STATES SENATOR

Used For and For Dyspepsia With Great Benefit.

HON. M. C. BUTLER,
United States Senator From South Carolina.

EX-UNITED STATES SENATOR M. C. Butler from South Carolina, was Senator from that state for two terms. In a recent letter from Washington, D. C., he says: "I can recommend *Peruna* for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine besides a good tonic." — M. C. Butler.

Peruna is not simply a remedy for dyspepsia. Peruna is a cathartic remedy. Peruna cures dyspepsia because it is generally dependent upon catarrh of the stomach.

If you do not derive prompt and satisfactory results from the use of *Peruna*, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Care of the Hair.

It is now generally agreed that many of the troubles in the hair are due to the hair. The best treatment is frequent brushing and absolute cleanliness. Wash the hair in a lather of Ivory Soap and rinse thoroughly. Let the last water be cool as it closes the pores of the skin and prevents dandruff.

Stick to Colorado.

Don't be deluded. Don't go a thousand miles far from railroads and highways to find a location where you can take your tools and stock to start with. Colorado is and always will be better than any other State. We have good land, absolutely no alkali, splendid markets, a good potato country, water rights dating back to 1855, which is a fact of history. Write for a good farm. DEATH OF ONE OF THE GREAT
LUCAS COUNTY.

FRANK J. JENNEY, who was the senior partner of the firm of J. J. Jenney & Co., doing business in Lucas County, Ohio, died at his home at 1025 Broadway, New York City, on August 15, 1923, at the age of 78 years. He was born in Lucas County, Ohio, and was a resident of New York City for many years. He was a member of the New York Stock Exchange and was one of the founders of the American Cigarette Company. He was also a member of the American Cigarette Association and the American Cigarette Manufacturers Association. He was a man of great energy and ability, and was one of the leading figures in the cigarette industry. He is survived by his wife and several children.

FRANK J. JENNEY.
Before he died he was suffering from a severe case of kidney trouble, and he was advised to use *Peruna*. He used it for a short time and he felt much better. He continued to use it until he was cured. He is now well and happy.

AN OLD MAN'S TRIBUTE.

An Ohio Fruit Palace, 78 Years Old, Cured of a Terrible Case After Ten Years of Suffering.

Sidney Junius, fruit dealer of Mentor, Ohio, writes: "I was cured by Dodd's Kidney Pills of a severe case of kidney trouble, of eight or ten years standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything and often I could hardly straighten my back. The aching was bad in the day time, but just before at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

TRIAL FREE—Address, Foster-McMurray Co., Buffalo, N. Y. For sale by all dealers. Price 50c.

It is easy for some people to tell the day before the race what horse is going to win, and just as easy the day after to tell why he didn't.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 4-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 OZ." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

Snakes Wear Glasses.

Snakes may almost be said to have glass eyes, inasmuch as their eyes never close. They are without lids, and each is covered with a transparent scale, much resembling glass. When the reptile casts its outer skin, the scales come off with the rest of the transparent envelope out of which the snake slips. This glassy eye scale is so tough that it effectually protects the true eye from the twigs, sharp grass and other obstructions which the snake encounters in its travels, yet it is transparent enough to allow the most perfect vision. Thus, if the snake has not a glass eye, it may, at any rate, be said to wear eyeglasses.

THE WEEKLY PANORAMA

SCULPTOR OF THE CIVIL WAR.

John Rogers' Works at One Time Had Great Popularity.

The death of John Rogers, sculptor, who came into sudden notice during the civil war through the modeling of groups illustrative of army and typical American life. Small plaster replicas of these were seen in thousands of homes the length of the land, representing to their possessors the very height of artistic achievement and evoking a sentiment that was most strongly felt at the time. Rogers was in early life a machinist, and it was while working in the railroad shops in Hannibal, Mo., whether he had gone from New England, that his mind was directed to the channel that a little later on gave expression to these popular ideas. He went to Rome and observed works of art, returned, and went to Chicago as a surveyor, having determined that he had no special taste for classic art. But the opening of the rebellion gave an impetus to his apparent natural bent, and leaving there, he began the series of groups which at one time were the most popular works of art in the United States. Of these may be recalled the "Slave Mart," the "Wounded Soldier," the "Sharpshooter," the "Council of War," "Mail Day," "Camp Fire," "Charity Patient," and others of the same general style. The last group in recent years was "Football." Still few knew of this. It was his wartime subjects that most impressed their sculptor's name on the public mind.

ADMIRAL TAYLOR IN ARLINGTON

Naval Hero Buried With the Honors of His Rank.

The remains of Rear Admiral Henry C. Taylor, late chief of the bureau of navigation and the hero of two wars, were interred at the national cemetery at Arlington, where full military honors were provided. The flags over the navy and army departments were half-masted as a mark of respect. At the military funeral, to which the family finally consented,

Municipal Street-Care.

The report of the tramways committee of the Nottingham (Eng.) Council shows that during the year ending March 31st last the roads earned a net profit of ten per cent. (amounting to \$65,000.) This will be applied to a reduction of city taxes. The electric street car service having now been operated by the city for over three years with a handsome profit each year, and such satisfaction to the people using it, Consul Mahlin pronounces the undertaking a success.

A rare feature of this city operation of surface cars is the diminished accident list. During the year the total number of miles traveled by the cars was 2,512,000. Yet in all this great distance traveled, largely through busy thoroughfares, of which some are very narrow, not one person was killed by injury. Twenty collisions occurred between cars and cyclists, while three cyclists fell from their machines immediately in front of moving cars and were picked up on the life-guards unharmed.

One death and injuries—some very trifling—to 367 persons resulting from attempts to board or leave moving cars.

Still More Evidence.

Bay City, Ill., August 8 (Special).—Mr. K. F. Henley of this city adds his evidence to that published almost daily that a sure cure for Rheumatism is now before the American people and that that cure is Dodd's Kidney Pills. Mr. Henley had Acute Rheumatism. He has used Dodd's Kidney Pills. He says of the result: "After suffering for sixteen years with Rheumatism and using numerous medicines prescribed by doctors, I at last tried Dodd's Kidney Pills with the result that I got more benefit from them than all the others put together."

Dodd's Kidney Pills were the only thing to give me relief, and I recommend them to all suffering from Acute Rheumatism.

Rheumatism is caused by Uric Acid in the blood. Healthy kidneys take all the Uric Acid out of the blood. Dodd's Kidney Pills make healthy kidneys.

Insist on Getting It.

Some grocers say they don't keep Defiance Starch. But if you insist they have a stock on hand of other brands containing only 12 oz. in a package, which they won't be able to sell first, because Defiance contains 16 oz. for the same money.

Do you want 16 oz. instead of 12 oz. for the same money? Buy Defiance Starch. Requires no cooking.

I am sure also a cure for Consumption saved my life three years ago. Mapleson, Roxbury, Maple Street, Norwich, N. Y., Feb. 17, 1903.

A pretty girl is willing to admit that a homely girl is sensible.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was fitful, and I would lie awake for hours, and could not sleep until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be.—Mrs. M. E. HUGHSON, 847 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements.

Apparently trifling incidents in woman's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the ordinary tasks may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound.

If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Leah Stowell, 177 Wellington St., Kingston, Ont., writes:

"DEAR MRS. PINKHAM:—You are indeed a goddess to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony. I suffered for years with bearing-down pains, womb trouble, nervousness, and excruciating headache, but a few bottles of Lydia E. Pinkham's Vegetable Compound made life look new and promising to me. I am light and happy, and I do not know what sickness is, and I now enjoy the best of health."

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints,—that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development, and checks any tendency to undue humors. It subdues excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and should be relied upon with confidence.

In Use For Over Thirty Years

Great Age of Birds.

After seventy-five years of captivity, a female eagle owl has just died in an aviary in England. Brought from Norway in 1829, this bird within the last thirty years has reared no less than ninety young. Although the eagle owl is reputed to live to a great age, there appear to be but few recorded instances where the age could be definitely ascertained. A golden eagle which died in Vienna in 1719 was known to have been captured 104 years previously, and a falcon, of what species is not recorded, is said to have attained an age of 109 years. A white-headed vulture taken in 1706 died in the zoological gardens at Vienna in 1824, thus living 118 years in captivity.

Cotton Seed Breakfast Food.

The statement comes from Meridian, Mississippi, that a revolution in the breakfast food business will be caused by the discovery by Chemist J. C. Miniga of a method of transforming cotton seed meal through a simple process into a palatable and delicious human food. An application for patent has been made and Southern patent will manufacture it. The most prominent vegetarian societies of the United States have indicated it as a substitute for meat, containing all the necessary elements to sustain the human body. As cotton seed meal is cheap in manufacture as a breakfast food, it will be a big success. The new food forms a peculiar brown substance and is served with milk and sugar.

OLD FASHIONED.

But Still in the Fashion.

It is an ever new and interesting story to hear how one can be entirely made over by change of food.

"For two years I was troubled with what my physician said was the old fashioned dyspepsia.

"There was nothing I could eat but 20 or 30 minutes later I would be spitting my food up in quantities until I would be very faint and weak. This went on from day to day until I was terribly wasted away and without any prospect of being helped.

"One day I was advised by an old lady to try Grape-Nuts and cream, leaving off all fatty food. I had no confidence that Grape-Nuts would do all she said for me as I had tried so many things without any help. But it was so simple I thought I would give it a trial she insisted so.

"Well I ate some for breakfast and pretty soon the lady called to see her 'patient' as she called me and asked if I had tried her advice.

"'Glad you did child, do you feel some better?'"

"No," I said, "I do not know as I do, the only difference I can see is I have no sour stomach and come to think of it I haven't spit up your four teaspoons of Grape-Nuts yet."

"Nor did I ever have any trouble with Grape-Nuts then or at any other time for this food always stays down and my stomach digests it perfectly; I soon got strong and well again and bless that old lady every time I see her."

"Once an invalid of 98 pounds I now weigh 125 pounds and feel strong and well and it is due entirely and only to having found the proper food in Grape-Nuts." Name given my Postum Co., Battle Creek, Mich.

REAR ADMIRAL HENRY C. TAYLOR.

The guard consisted of one battalion of engineers, one battalion of marines, one battery of artillery and the marine band, all under command of Gen. Elliott, commandant of the marine corps. Chaplain Clark of the navy officiated. The chiefs of the department bureau, seven in number, and Rear Admiral Rodgers, commandant of the New York navy yard, were the honorary pallbearers.

Insists on Gregorian Chants.

There seems to be no way for the Catholic churches in this country to escape using the Gregorian chants in services, no matter how strongly they may plead to retain the present choir system. The vatican is already preparing new liturgical choir books, which may be reprinted by other publishers. This seems to mean that the plain chant, and no other, is to be the exclusive music of the church the world over. The new books will make simpler and more uniform the church music than was that contained in the old liturgical choir books compiled under the direction of Pope Pius IX. some thirty years ago. In some eastern cities preparations are being made to establish Gregorian choirs, youthful voices being trained in that direction.

France Would Honor Gen. Porter.

President Loubet has conferred upon the American ambassador, Gen. Horace Porter, the grand cross of the Legion of Honor, which is the highest grade of that historic order. It is an honor rarely bestowed, even on chiefs of state and ambassadors, and this is the first time it has ever been offered to a representative of America. As under the provision of the constitution the acceptance of a foreign mark of distinction from a foreign country, even from a republic, requires the approval of congress, final action in the matter will await the authorization of that body.

Used to Sleeping in the Open.

Rev. W. Bompas, Church of England bishop of Alaska, went to Winnipeg recently to attend a meeting of the synod. This was the first time he had been out of Alaska in thirty years. On his way he stopped a night in Vancouver, but refused to sleep in a hotel or private residence. Instead he wrapped himself in a blanket and, with his grip for a pillow, slept soundly on the wharf. During his long absence from civilization it has been his custom to sleep wherever night happened to overtake him.

Most Northerly Woman's Club.

Mrs. Mary E. Hart of Nome is the woman commissioner to the St. Louis fair from Alaska and the president of the most northerly woman's club in the world. This club is called Koyah Koyah, which means "Aurora club," and has a membership of 100. It was organized for the study of Alaska folklore and the habits and customs of the natives. Mrs. Hart is the adopted sister of Simrock Mary, the reindeer queen, the richest woman in Alaska.
